Carbondale, Illinois, Dec. 7, 1921

No. 7

First Game Of Season

The latest possibilities in the basket ball quintet of the S. I. N. U. for the coming season was clearly demonstrated last Thursday night, when the home boys sent the Herrin Elks' five home carrying the small end of the score. The Normal boys, playing in spurts with regards to shooting, although they played steadily throughout on the defensive side, overcame a lead of 6-1 made in the first half by the Herrin aggregation, by brilliant shooting in the second half for a final score of 15-9.

Both teams showed up splendidly on covering quickly the man with the ball, during the entire game; this, on the side of the visitors, due to the fact that the team has been playing together for a good while, and for the home boys probably being attributed to the fact that the same guarding system is being used this year as was used the whole of last season. The floor work was just about on a par, during the first half, except for a short period in the second quarter, when the Herrin men seemed to have rather the better of it. In the second half the home team showed up to better advantage than the visitors and amassed the greater part of the final tally. In fact, of 15 points made during the game, 14 of them were made in the second half.

Both Coach McAndrews and Captain Brooks of the Normal squad expressed themselves as well pleased with the game. It clearly indicated that with a little more practice the Normal team will be in a fit condition to meet any conference team in the district. There is great reason to believe that the year will be a very successful one for the boys on the floor.

The following men started the game:

S. I. N. U.	Position	HERRIN
Brooks	Forward	Barnhill
Valentine	Forward	Hutton
N. Huffman	Center	Craine
Carter	Back Guard	Chapman
Allen	Floor Guard	Dawson

Cox, of Marion, referred the game. Chance went in for Brooks, and O. Huffman for N. Huffman in the second quarter. The same line-up, however started the second half as started the game.

Of the individual scores made on both sides, Carter and Valentine for

DR. JOHN HULL

Death of Dr. John Hull

Prof. John Hull, the second president of the Southern Illinois Normal University, was buried in Oakland Cemetery, Carbondale, Illinois, Saturday, November 26, 1921. For several years he had made his home with his daughter, Miss Gertrude Hull, a member of the faculty of one of the big High schools of Milwaukee, Wisconsin.

Prof. Hull was reared on a farm very near Salem, Ill. He obtained a good common school education, and in 1857, he entered the State Normal School at Normal, Ill., and graduated in 1860. He taught in Salem and in 1865 became a member of the faculty of the Normal School. He later held the superintendency of the Bloomington City Schools. He also served as County Superintendent of McLean County. He edited the "Schoolmaster", an educational journal which is still published under another name.

In 1875 he became superintendent of the Training School of the Southern Illinois Normal University at Carbondale. At that time he was the only member of the faculty that had Normal training. He had given special attention to Pedagogy and Psychology and taught those subjects in addition to his work in the Training School. He also for many years acted as registrar.

Dr. Hull was exacting of those who came into his classes. At the time, many thought him too severe, but those who came to have great respect for his knowledge and skill grew to be the strongest students, and the

best teachers who went forth into the public school work.

In the summer of 1892, Dr. Robert Allyn, who had for 18 years been the president of the Normal University, resigned, and Prof. Hull was selected as his successor. The institution had been asked to prepare an exhibit to be placed in the Illinois building at the World's Fair to be held in Chicago in the summer of 1893. President Hull in conference with the Illinois Commissioners of the World's Fair determined upon the form of the exhibit and all through the school year of '92 and '93 the teachers and students were all busy preparing material for the exhibit to be shown by the Southern Illinois Normal University. It was a creditable showing of the work of the school.

In the fall of 1893, President Hull accepted the presidency of the Normal School at River Falls, Wisconsin. After one year in this capacity he resigned on account of ill health. He later edited a daily paper in the state of Washington for several years. His impaired eyesight necessitated his abandoning the newspaper work and he returned to Milwaukee to reside with his daughter.

He was above 82 years of age at the time of his death. He was a hard worker and a serious-minded man, and was showing his age considerably before he left Carbondale in 1893. He formed strong friendships, and had few enemies. He was a consistent Christian, and a gentleman of rare

'Possum Banquet

One of the most delightful social events of the term took place last Wednesday evening when the Zoology Club gave an opossum banquet. This is an annual affair "that dates back through the countless ages, some say from the time of Methuselah."

Each member invited one guest and with the honored guests of the evening there were forty-eight present.

The Hall was beautifully decorated in material suitable for the occasion, including a large stuffed animal of the opossum family, on each table.

Toastmaster Miles used his ready wit and humor during the entire evening. The following toasts were given:

To the Girls Max Hanson
To the Boys Halene Walter
To the Hunt Charles Renfro
To the Opossums Fred Lingle

Short talks were given by Mr. Bailey, Dr. Caldwell and Miss Steagall. John Davis told us "Why a colored man do like 'possum"

The menu consisted of:

Opossum	Sweet Potatoes
	Bread and Butter
Cream Peas	Mashed Potatoes
	Pickles
Waldorf Salad	Grape Juice
	Pumpkin Pie
	Coffee

After the banquet the Hall was cleared and the remainder of the evening was spent in dancing.

Much praise is due to the following committee, who made the arrangements: Max Hanson, Fred Lingle, Ransom Sherretz, Halene Walter, Velma Casper, and Mildred Scott.

worth in the community. His two daughters, Gertrude and Bertha, were his constant companions and were a source of great comfort to him in the later years of his life. They accompanied the remains to Carbondale for interment, and were guests in the home of Mr. and Mrs. Frank Clements while in the city.

Funeral services were held in the Presbyterian Church, Rev. Landis in charge. Dr. D. B. Parkinson made a very appropriate address in which he spoke in praise of his friend and co-worker.

Most of us expect to compete in the business world in the future, so why do we hesitate so long in signing the boarding house contracts? Do we not realize that there must be a written contract for every business transaction? Let's sign, fellow students. It's for our own good.

"Produce, produce! Be it but the pitifullest portion of a product, produce it."—Carlyle.

The columns of the "Egyptian" are open to all students of the Normal. It's your paper—yours not only to read but also to contribute to. Each has his own opinion about certain traditions, enterprizes, functions, activities and business in the school. Let us hear about your opinion. The reporters cannot get around to interview every individual, and as a result many interesting events go by unnoticed and unrecorded.

Did you do anything especially thrilling during the Thanksgiving vacation? Can't you open up and tell us, honestly, just how you felt Thanksgiving morning, (if you remained in Carbondale), when you awoke to the tune of raindrops on the tin roof of your room? And the feeling you had along about noon when, in spite of everything, that picture of mother's table at home groaning under its load of turkey, pumpkin pie, 'n' everything just couldn't be banished from your mind? In short, were you homesick? Write it up and tell us about it.

Do you know of an alumnus or alumna who has done or is doing something unusual or interesting? We should all be glad to hear about it.

Did you have any hair-breadth escapes at any time during the summer? Did you save anybody's life? We may have in our midst a brave, daring hero, or a real heroine. Who knows? Tell us if you do.

Where were you last year? Any difference between this school year and last? What it is and how do you account for it?

Do you ex-soldiers ever indulge in reminiscences? We think you do. We've been with you when some little incident has reminded you of something that happened on the Argonne field, and we have sat spellbound as you began "I shall never forget that stormy night just before that terrible air-raid," etc., etc.

Have you heard a good story lately? We all like stories, yes, snappy ones. Tell us the latest and best anecdote that you heard at the banquet you attended.

How loyal are you to your school and to southern Illinois? Can you remember the last amusing (they usually ARE amusing) scene you witnessed when somebody said something against our part of the state? We are constantly called upon to defend our patient and long-suffering, Egypt. Some people immigrating from a high-brow (?) section of the country just will knock our dear old Southern Illinois. Have you ever been present in a group and experienced that thrill when the native of Egypt comes out on top? He always does, because he has the better argument. Send in an account of it and we'll publish it.

What do you like best about this school? Why do you consider it the best in the country? Etc., etc.

We repeat—all contributions gladly accepted.

PROF. BOOMER MADE OFFICE IN SCIENCE BODY

Prof. S. E. Boomer was in St. Louis Friday and Saturday attending a meeting of the Central Association of Science and Mathematics Teachers. Mr. Boomer made an address before Physics section of the Association using as his subject "The use of local application the teaching of Physics."

Mr. Boomer's address was filled with energy and ambition as he always is, and made his address so effective and so real, that his audience was prompted to elect him secretary of the organization.

The students and faculty were highly entertained at chapel exercises last Wednesday morning when the Alma Glucks and Tetrazinis of Anthony-Hall furnished a musical program consisting of four short, snappy, original songs. The girls had assembled the evening before in the drawing-room of the Hall, and armed with pencils and pads wrote the clever songs which made the hit of the season in chapel. They have promised a return engagement.

 Reading Mrs. Fall
 Special Music
 Talk E. Y. Smith
 Piano Solo Louise Pratt
 Stunt Fred Miller

SENIORS

Avail yourself of the opportunity to hear Mrs. Ball give a reading particularly of interest to all Seniors.

FRIDAY CHAPEL

The Chapel exercises Friday were conducted by the students as usual. Nyle Huffman gave a very interesting talk showing by a blackboard diagram the unusual position of the present time. It is always a pleasure to have one of our athletes star in other lines.

Joe Fullerton gave two impersonations that were highly applauded. The excellent work done by these two young people proves that we have talent in our school.

These programs aside from the fact that they are entertaining, are giving the students the practice in appearing before audiences that they will need in all walks of life.

Wilson Halter will have charge of next Friday's program.

McANDREWS TO PICK SOUTHERN ILLINOIS HIGH SCHOOL ALL-STARS

Coach McAndrews of the Normal has enjoyed the unique honor of again being chosen by the Spaulding Sporting Goods people to name an all-star high school for Southern Illinois. The eleven whom Mac names for first string all-stars will appear in the Spaulding Rule-Book as official for this territory.

Mr. McAndrew's has been the man selected for picking this team for a good many years. As soon as replies can be had from the questionnaires which have been sent out to the different high school coaches, the names of the all-stars will be announced. As the S. I. N. U. draws to some extent on Egyptian high schools for football material the announcement will probably be of interest to football enthusiasts of this institution.

COMING

On Dec. 13th, 14th and 15th Miss Dorothy Holliday will talk to the Y. W. and Y. M. C. A. on Student Volunteer work. She will be very glad to have personal talks with anyone interested.

Miss Holliday is a student Volunteer and comes from the Greenville Conference. She will tell many interesting things about missions.

A MODEL HUSBAND

Mrs. Roy White (at ladies' club): "I tell you, Roy sure is a model husband."

Roy of course was very anxious to know what he was like, so he consulted Webster.

Here's what he found: "A model is an imitation of the real thing."

**FOOT BALL LETTERS
TO BE AWARDED 15 MEN**

Announcement has been made by Coach McAndrews that the following men will receive official letters for the football season just finished:

- Carson, Captain.
- Gardner.
- Fishel.
- Entsminger.
- Herdy.
- Cox.
- Myers.
- Clark.
- Neber.
- Hamilton.
- Huffman, N.
- Huffman, O.
- McIlrath.
- Goforth.
- Willoughby.

Carl Mason, Football Manager, will also receive an official letter. Plans are on foot now to present an entertainment, near the beginning of the Winter Term to raise money to purchase good sweaters for all letter men, as a token of the appreciation of the school and of the Athletic Management for the splendid work of this season.

HANCOCK HEADS THE AGORA

Lyndon Hancock '22 was installed as the president of the Agora at the last meeting. Herbert Jay '22 turned over to him the gavel of power. The list of newly elected officers follow: Vice-president, Dawey Brush; Secretary, Dorwen Wright; Treasurer, Albert Becker; Usher, Herbert Jay; Sergeant-at-arms, Deneen Watson.

The following have been elected to membership this term:

SENIORS

- Dawey Brush.
- John Hunsacker.
- Othel Eaton.
- Dorwen Wright.
- Lyndon Hancock.
- Edward Wilson.

JUNIORS

- Corem Waller.
- Edgar Booker.
- Clarence Fegley.
- Chas. Goforth.
- Orlie Ragsdale.

**CARL MASON
BASKETBALL MANAGER**

**Popular Manager of Football, Made
New Manager**

Carl Mason, who managed the finances through the football season in such a capable manner, has consented to serve also in the capacity of Basketball Manager. From the work which Mr. Mason performed during the football season with the finances, there is no doubt but that the Athletic Management has made a wise move to retain his services in the same capacity during basketball season.

The athletic management with regard to football is in the best shape financially, that it has been for a number of years, and probably is in better condition than it ever has been before. Mr. Mason may be assured that he may count on the student body for just as generous support in basketball as he received in football. Season tickets will probably not be issued for some time yet, owing to the fact that no confer-

ence games will be played until after Christmas.

EIGHTH GRADE PROJECT

The Eighth grade has just completed a project in which they took a trip by boat from Duluth to Buffalo, stopping at many points of interest on the way. They are now taking a trip down the Mississippi and then through the Southern States. Various members of the class have written to citizens of cities visited and found them glad to contribute material to use in this study.

This Friday Junior High will be out strong to Murphy. This is the second game with Murphy, Murphy winning the first with an eighteen to nineteen score. The team is going fine now, and a victory is expected. Everybody come out and watch us knock Murphy for a row of asbestos toothpicks.

The Gossip is conducted by Hal Hall. Help! Help! Help!

Harry Moses of Toledo, Ohio, who is attending school here, spent the Thanksgiving vacation with his sister in Sesser.

Fred A. Kuhn, Mgr.

Y. M. C. A.

A very interesting, also instructive, program was rendered Tuesday evening by the Y. M. C. A. in the form of a stereopticon lecture.

Corem Waller, head of the Bible Study Class, gave the lecture, and Ransom Sherretz, head of the Religious Meeting Committee, operated the machine.

Scenes from Mexico were used, special emphasis being given to work of American missionaries in that country.

A similar program is to be given later by Y. M. using scenes from Japan and China.

The Y. W. was the guest of the Y. M. at this meeting.

FACULTY NOTES

President Shryock lectured before the Williamson County Teachers' Institute Friday and Saturday.

Prof. R. E. Muckelroy went to Chicago Monday to attend the International Stock Show, also a meeting of the State Farmers' Institute Board, of which Mr. Muckelroy is a member. It is the duty of this board to formulate plans for the local meetings of the Farmers' Institute for Illinois.

We are justly proud of the fact that our faculty members are in such demand.

DEATH OF DR. JOHN HULL

(Continued from First Page)

the Normal got two field goals each; Huffman, Brooks, and Allen each got one, and Brooks threw one fowl goal for a single point, making a total of 15. Huffman's goal came just before the final whistle blew. For the visitors, Barnhill, Hutton, Dawson, and Craine got one field goal each, and Craine made an additional fowl throw. During the earlier part of the game, the Normal boys lost on the scoring proposition by trying to advance the ball under the basket before shooting. Herrin's excellent defense made this almost impossible, and so in the latter half the tactics were changed, with much better results, the home boys shooting mostly from the middle of the floor.

Herrin boasts about one of the best town teams in this end of state. It is possible that a return game may be obtained some time before Christmas.

CHANGE IN ENGLISH COURSES

Beginning with the winter term the English courses will be somewhat changed. They will meet the entrance requirements of the universities. The courses will not be called by the old names, "Comp. III", "B Reading", etc., but the first year's work will be "English I", the second year "English II", etc. Each of the four years' work will include grammar, composition, and literature. Three years of English will be required for a high school diploma.

The fourth and fifth years will remain the same. Work in these years will entitle pupils to college credit.

Since grammar is to be studied throughout the four years, C and B grammar will no longer be given. Review grammar will be offered the Fall and Spring terms for those who wish to prepare for the teachers' examinations. Advanced grammar will be offered each term for those wanting a drill in the principles of grammar.

ROLAND E. BRIDGES

Mr. Bridges, one of the Egyptian's very best friends, is a graduate of S. I. N. U., class of 1891. He has for a number of years been a prominent business man of Carbondale and is at present serving as a member of the Normal School Board.
