Auto Crash Kills Student's Parents

A devastating three-car crash killed the parents of an SIU student Monday night as they returned home from Carbondale. Mr. and Mrs. Walter Vaughn, 47, 48, and their two children, 12 and 14, were killed in the collision near the Carterville Crossroads after bringing their daughter, Joyce, a sophomore elementary education major, back to school after the Memorial Day holiday.

The driver of the third car, Ernest Stewart, 34, had been involved in minor injuries and was ejected from his car on a reckless homicide charge.

Both Thorpe and Stewart were westbound and Vaughn was driving east. Thorpe's car, hit from behind by Stewart, veered to the left and smashed head-on into Vaughn's.

Get That Barber!

If a makeshift barber shop springs up on or around campus in the near future, better report the man with the shears to William Abernathy, former school maintenance supervisor at Little Grassy Lake campus.

Especially if the shop is furnished with the following items: four folding yacht chairs, a fire extinguisher, a coffee urn (drip), sextant, 20-inch window fan and eight single iron beds.

The shop is mythical but the above items, including a barber kit, are missing from the past Little Grassy Lake campus inventory. The whereabouts of the items should be reported to Abernathy at GL 7-8167.

Howard R. Long, ASJSA president, said the conference is resulting from the widespread feeling that the time has come for journalism teachers to get together with the working press—including radio and TV newscasters—to work out long-range goals and procedures designed to improve journalism teaching abreast of changes in the profession.

Berry Head Of Committee To Push 195-Million Issue

The Student Council last week took further action on the proposed \$198 million Universities Bond Issue which will be voted on Nov. 8. If passed, the bond issue will be used for building purposes by the six state-supported universities.

The Council appointed Bill Berry, former student body president, to chair the support of students at the University of Illinois, Eastern Illinois, Western Illinois, Northern Illinois and Illinois Normal in establishing the inter-institutional committee to work for passage of the bond issue.

The student committees would work to get more publicity concerning the bond issue to Illinois residents.

The Council also appointed a Student Bond Issue Committee to serve as a coordinating agency for programs on the campus and surrounding communities. East appointed are Tom Taffel, J. D. Petty, Marie Turnipseed, J. D. J. Shackelford, Sue Belford and Bill Morris.

James Bell, last -gun expert from Franklin Park, was hospitalized early Monday with an injured kneecap after being kicked by a horse. He was riding with members of Alpha Phi Omega service fraternity, on their three-day trailblazing horseback ride led by President Morris.

The accident occurred when the group of about 28 riders was leaving their campground near Alta Pass. Bell was mounted when the horse ahead of him reared up, kicking him in the right knee.

Ken Phillips, rider of the other horse, said X-rays taken by Doctors Hospital personnel showed no broken bones. Seven stitches were taken and Bell, a freshman in the School of Business, was still confined in the hospital Wednesday.

THE EGYPTIAN, FRIDAY, JUNE 3, 1960

Carbondale, Illinois

I believe that suppression of the news, for any consideration other than the welfare of society, is indefensible.

I believe that no one should write as a journalist what he would not say as a gentleman; that bribery by one's own pocketbook is as much to be avoided as bribery by the pocketbook of another; that individual responsibility may not be escaped by pleading another's instructions or another's dividends.

Exams Bring Noise In Library

With final exams on the horizon, several students complain—and some faculty remarks—have come into the office concerning the amount of noise in the library.

During final exams last quarter, we heard many sarcastic remarks from students as they left the library for more quiet pastures. Students feel there is a large amount of unnecessary noise in the library, some of it caused by library employees.

It seems that for something as important as finals, a special program could be put into effect to stop noise. Whispering can be the most annoying noise in the world, and the monotone of persons conversing is enough to drive the most studious person to another place.

Naturally some noise will be heard regardless of the circumstances and the amount of work put into keeping the study area quiet. But some of the hubbub heard during past exam periods is ridiculous. When the employees themselves can be heard talking in unguarded tones, it is not unusual for students to complain.

Morris Library is a fine building and students are proud of it. The University has gone far in building the library to one of the finest in the nation. But the tremendous amount of completely unnecessary noise is a definite mark against the fine work which has gone into the building.

When students who are conscientiously trying to study are forced to leave, then steps should be taken by high-level personnel to assure that the problem is solved. A few words by librarians to people who are either unconsciously or unthinkingly disturbing others would probably keep the conversation to a minimum. Study rooms have been constructed for audible study sessions, and many empty rooms in other buildings are open most of the time.

We hope innocent students are not bothered again by unnecessary noise in one of the finest buildings in the state, which has received complaint because of unthinking individuals.

FORMOSAN PUBLISHER ON CAMPUS LAST WEEKEND

Formosan publisher Chun-hao Chao, deputy publisher and general manager of the "Shin Sheng Pao Daily News" in Taipei, visited at SIU over the Memorial Day weekend.

A participant in the Foreign Leader Program of the State Department's International Educational Exchange Service, Chao is a delegate to the Chinese National Assembly. He publishes a monthly magazine, "The Rambler."

A previous editor of the "Sun Pao Daily News" in Taipei and journalism professor at several universities, Chao is author of the book, "A Brief History of Chinese Newspapers."

Thought for the day: "A woman's idea of keeping a secret is refusing to tell who told it to her."

We found this little gem on our desk this week, and since it seems rather appropriate at this time, thought we'd pass it along.

"Could you give me some pointers," asked the journalism student, "on how to run a newspaper?"

"You came to the wrong person," came the reply from the editor. "Ask one of my readers."

This actually happened. The little boy was an avid TV fan, and spent most of his spare moments, lolling in front of the 21-inch.

The youngster went to his Sunday School class one morning and the class drifted into one of their songs. But our little hero just sat there, listening to the cracked voices ringing out the song. After the song ended, the teacher asked the boy why he hadn't sung. He didn't like the song, he said. But he did have one he wanted to sing—and by himself.

At that, he went into a loud version of TV song commercials for beer and a cigarette.

The guy was on a rampage about the names of women's perfumes. He went on and on about how suggestive the names of perfumes were, and how it almost scared a guy when he read the labels on the bottles of the potent stuff.

"Just imagine," he exclaimed, "when a guy hears names like 'Attack,' 'Ambush,' 'Midnight,' 'Escapade' and that real suggestive one—'My Sin.' Now what could be more suggestive than 'My Sin.'"

Wants Campus Magazine

Dear Editor:

If at all possible, I would like to mention something outside the realm of automobiles with all their socio-economic problems.

An important phase of the student's quest for academic development is not only discipline and responsibility, but also a chance to develop his talents. In order to offer the student greater opportunities along this line, I suggest that a campus literary magazine be initiated here at SIU, using material submitted by both students and professors.

Revolutionary? No! Publications such as this exist on many, if not most, of America's campuses and I personally think it should be instituted here as soon as possible.

CHEMISTRY STUDENTS GET GRADUATE ASSISTANTSHIPS

Four SIU chemistry students scheduled to graduate this summer have been awarded graduate assistantships by other universities for master's degree study.

Chi-Hang Lee, Saigon, Vietnam, will study at Purdue University. Carl Mitchell of Christopher will study at the University of Florida and Albert Morgan, Mt. Vernon, will pursue graduate work at the University of Minnesota. Charles Gordon Wade of Griggsville has accepted an assistantship from the Massachusetts Institute of Technology.

as possible. It would give aspiring writers and poets a chance to have their work appreciated or criticized while still in the stages of development (few writers feel comfortable writing for grades.)

Projects such as this require money, but I feel that the benefits that could be derived far outweigh any possible cost.

Sincerely,
Vincent J. Saugel

Grim Reaper Arrives

The time has come . . . and beautiful spring nights aren't helping . . . but final exams are all but here.

It is the time of year when studying becomes a job and when temptation not to study become more than a passing fancy. For many hundred, it will be the end of a college career; for others, it will be just another passing quarter; and for some, it will be the end of the line.

The question of final exams has been a topic of discussion by educators for many years. A general consensus seems to be that any form of testing is basically meant to review or less force the student to review, rather than the student idea that exams are only to check for the accumulation of material.

It is a question which could be tossed around for hours without solution. Many educators feel that oral exams are the

most beneficial to students, but lack of time is a disadvantage. Others feel that only passing and failing grades should be given, but it would take away the satisfaction of making a high grade.

So it looks as if finals are one of the necessary evils. Professors complain that too many students wait far too late to begin working on finals, and that much is lost by cramming. Most instructors agree that the ideal way of studying for finals is to study two or three days prior to the exam, then quit the subject the day before and start on something else.

At any rate, all systems will be in progress starting this weekend. Dates will slow down, but the lake will still have customers, but not quite as many, and the library will become a more popular place. The time has come, the hourglass is running out and so is time . . .

Tennis Trio Steals IIAC Crown

Sprengelmeyers, King Win; Three Netters Break Curfew

Southern won its third straight IIAC tennis title Saturday by edging Eastern Illinois, 7-16, at Northern Illinois in DeKalb. Coached by Dick LeFevre, the Salukis grabbed the crown with a "skeleton" crew. Jerry Buzdzek, George Domenech, and John Taylor stayed out after curfew Friday night and weren't allowed to play in Saturday's finals. Bob and Roy Sprengelmeyer and Dick King virtually won the title alone. Each match was worth one point unless an individual received a first round bye, then the second round match was worth two points. SIU had to defeat four matches. The Sprengelmeyers won the No. 2 doubles division and Bob Sprengelmeyer and Dick King captured the No. 3 and No. 5 singles crowns respectively.

Roy Sprengelmeyer lost to Eastern Illinois' Don Garver in the No. 1 singles competition, 6-3, 1-6, and 7-5. Roy had beaten Don twice before this year in dual meets. Buzdzek, the defending No. 1 singles champion, received a first round bye in the No. 2 singles division and then defeated Eastern Illinois' Benny Brose, 6-3 and 6-2, before defaulting to Northern Illinois' Keith Robinson. Domenech also gained a first round bye in the No. 4 singles play. George beat Northern's Bob Tracy, 6-3 and 6-3, in the second round, before having to default to Eastern Illinois' Dale Holt.

Taylor, playing in place of Arnie Cabrera who had been pulled for disciplinary reasons, won his and the SIU entry defaulted ISNU's Bob Walmsley and Oo Cushing who lost to Eastern's Garver and Chuck Morrison for the title.

The Sprengelmeyer brothers defeated Normal's Frank Marana and Lego for their No. 2 doubles crown, 6-1 and 6-2.

Roy Sprengelmeyer

Dick King

Bob Sprengelmeyer

Taylor and King had to default their first match to Central Michigan's Bill Cross and Ron Horvath. Illinois Normal finished third with 13 points, followed by Central Michigan and both Northern Illinois, six each; Eastern Michigan, three; and Western Illinois, two.

When Roy was upset by Garver, Southern had to win the remaining four matches. Bob lost his first set to Morrison, 6-3, and was trailing at game-point, 5-3 before he rallied to take the set and then the match, 7-5 and 6-4.

King blanked Normal's Charles Chapman 6-0, and then won the second and deciding set, 6-2, for the all-important title.

Next action for the Saluki netters will be the NAIA tournament in Kansas City, June 9-11. SIU didn't compete last year in the national tourney.

Couch LeFevre will take the Sprengelmeyer brothers, King and Domenech to Kansas City. All four will compete in both doubles and singles. Buzdzek, the only senior on the quad, won't be able to make the trip because of an exam schedule conflict.

The results:
No. 1 singles—Don Garver EI
No. 2—Keith Robinson N won by default from Buzdzek
No. 3—Bob Sprengelmeyer S beat Chuck Morrison EI 3-6, 7-5, 6-4
No. 4—Dale Holt EI won by default from Domenech
No. 5—Dick King S beat Charles Chapman IN 6-0, 6-2
No. 6—Dale Lego IN beat Ron Horvath CM 6-6, 6-3, 6-3

WATKINS RECEIVES MEDAL FOR RELIGIOUS ART

Benjamin Watkins, assistant professor of art at SIU, has been awarded one of five Joseph Lossos Medals given top entries in the Annual Old Testament Religious Art Competition in St. Louis. Accepted works in the competition are now on exhibit at Temple Israel, sponsor of the show.

Two paintings by Watkins were accepted for the exhibition, "Elijah" and "Fiery Chariot."

SIU Trackmen Finish Last; Distance Runner Grounded

The Saluki trackmen were only able to score 13 2-3 points in the star-studded IIAC track meet Saturday at Northern Illinois. Southern finished seventh without the services of distance runner John Flamer who broke Friday night's curfew and therefore wasn't allowed to compete.

Eight records were set as Central Michigan's Chippewas won the championship with 59 points. Western Illinois broke the Michigan-school monopoly by edging Eastern Michigan for the runner-up spot, 37-33 1-3. Both Northern Illinois was close behind in fourth place with 33 points. Illinois Normal was next with 32, followed by Eastern Illinois with 17 and SIU with 13 2-3.

Hayes Jones of Eastern Michigan, who already held five conference records, improved his times in the high and low hurdles. His other three marks are in the 100 and 220-yard dashes and the broad jump. Jones did not compete in the latter two events.

Other records fell in the mile, 880, mile relay and the two mile runs.

Southern's highest finish in any event was third as Ted Farmer and Harold Barbo did in the discus and high jump respectively. Jim Gualdoni took fourth in the broad jump with a jump of 21' 9 1/4". Ray Horcher also captured a fourth place finish, in the discus behind Farmer.

Southern's Baseball Team Wins IIAC Title; Receive Bid To NAIA Tourney In Sioux City

After winning its third straight IIAC baseball title by defeating Western Illinois Friday 7-3, Southern was invited to play in the eight-team NAIA tournament at Sioux City, Iowa, Monday thru Friday. It is the second straight year that the Salukis have received an invitation to play in the tournament.

Western took both games from Southern Saturday in the wind-up of the IIAC conference season, 5-4 and 2-1. While Southern won one of three from Western, Eastern Illinois dropped all three decisions to Northern Illinois. A Panther win would have thrown the IIAC title into a tie.

The Salukis jumped on starting pitcher Walt Reed for four runs in the first on three singles, two walks and a sacrifice fly. Southern added a single tally in the second and two in the third to close out their scoring. Richard Jones, Saluki second baseman, drove in both third inning runs with a double after Dennis Creech walked and Larry Harris singled. Jim Woods went all the way to gain the victory despite allowing a three-run homer to Mickey Madison in the ninth for the Leathernecks scoring.

Capt. Carroll "Rocky" Bridges walked off with the batting title with an average of .385. He also collected 39 hits in 109 trips to the plate, led the team in doubles with 14 and total bases with 69. He tied shortstop Gerald Marting for the home run lead, four, and runs batted in, 21.

Top pitcher for the Salukis was relief ace Roger McKnight, Flora senior. McKnight allowed 11 earned runs in 45 1-3 innings for an earned run average of 2.16. He finished fourth in strikeouts with 30.

A scheduled twin-bill with Bradley University has been cancelled because of the Illinois State High School baseball tournament June 4.
