HAMMACK WINS INTRA-MURAL SPEECH CONTEST

Louis Hammack of Sperian was first place in the intra-mural oratory contest held on Friday, November 1, in Lent Hall. The Southern's Mr. Hammack, representing the speech and drama department, has already qualified for the Southeastern Regional Speech Contest to be held in Atlanta January 21-23.

Beulah Jones, also of Sperian, was second place. Other contestants in the contest were Cleo Mallon, first place in the novice class; Beulah Jones, second place in the novice class; and Bessie Hamill, third place in the novice class.

The Delta Chi Chi fraternity now has 12 active members, the Kingdom Alpha Society has 12 active members, the Delta Kappa Society has 12 active members, and the Beta Theta Phi has 12 active members.

The next event in this series will be the debate between the two teams, Monday, November 1, at 8:00 p.m. in the main auditorium.

The Delta Chi Chi fraternity will sponsor a dance in the main auditorium on Saturday night, November 1, at 9:00 p.m. Tickets are $1.00 and can be purchased at the door.

HIGH SCHOOL STUDENT COUNCIL MEMBERS TO MEET

Student council members of approximately 20 high schools of the region will attend a meeting of the Student Council of the Alabama High School Convention, Thursday, November 1, at 9:00 a.m. in the main auditorium.

MRS. BEATENAC STAYS AT UNIVERSITY OF MICHIGAN

Mrs. Beatenaac, principal of the University of Alabama High School, was recently elected to a position on the faculty of the University of Michigan. She will remain at the University of Michigan for the 1947-48 school year.

THE YOUNG AND THE OLD

The Young and Old Club held its annual banquet on November 1 in the main auditorium. The banquet was attended by approximately 200 members and guests.

The Young and Old Club is a group of students and alumni who meet monthly to discuss various topics of interest.

The next meeting of the Young and Old Club will be held on November 15, at 7:00 p.m. in the main auditorium.

JENNIE TOYKO (first attention in this season's Conservation Campaign. A new policy for admitting students to concerts is being carried out this year, according to an announcement made by the University of Illinois. The announcement was made by Dr. John L. Reeder, chairman of the Department of Music, and it is designed to prevent the admission of students who have not attended the University of Illinois for at least two years."

FRENCH SOPRANO TO APPEAR FREE

Jennie Toyko, French soprano, will appear free at the University of Illinois on Thursday, November 5, at 7:30 p.m. in the School of Music. The concert will be held in the University Auditorium, and admission is free to all who attend.

TOMMY LAWSON AND HIS NINE-PIECE BAND IS RESULT OF EARLY MUSICIANSHIP

Tommy Lawson and his Nine-Piece Band are the result of early musicianship. When a man can make a better sound on his instrument than anyone else, he is exceptional. Such is the case with Tommy Lawson, who is the leader of the band. The band is composed of talented musicians, and their ties are all紧密.

J. L. REEDER (first attention in this season's Conservation Campaign. Outside and Inside

By Bill Parker

The Bonneau Council reports that their 8,200 students are as full of brains as their Southern campus is of towers, for although the campus has not been closed, each student has been honor-bound to carry on with his studies. This is a great relief, for last year, when Southern was closed, the students had to depend on their own resources to continue their education. This year, however, they have been provided with a laboratory school system which has enabled them to continue their education in a more efficient manner. As a result, the students have been able to earn their degrees in a shorter time than ever before.

A student of the Western Illinois University, John Smith, has been awarded a scholarship to the University of Illinois. This is the highest honor that can be bestowed upon a student at Western Illinois University, and it is a great tribute to John Smith's academic achievements. The scholarship will enable him to continue his studies at the University of Illinois, where he hopes to earn his degree in the field of education.

In other news, the Bonneau Council has decided to establish a new type of government in the school system. This new type of government is designed to provide a more effective and efficient system of administration. The council hopes that this new type of government will help to solve some of the problems that have been facing the school system in the past.

The Bonneau Council has also decided to establish a new type of lab in the school system. This new type of lab is designed to provide a more effective and efficient system of teaching. The council hopes that this new type of lab will help to improve the quality of education in the school system.

In conclusion, the Bonneau Council is committed to providing the best possible education for its students. The council is working hard to ensure that its students have the opportunity to receive the best possible education, and it is confident that its efforts will be successful in this regard.

FILM NOTES

Provisional figures released by the National Office of Vital Statistics show 2,828,859 marriages and 826,368 divorces in 1947. The number of marriages jumped 12.6 per cent over 1945 and the number of divorces climbed 11.1 per cent over 1946. Of the 2,807,276 marriages in 1947, there were 575,000 divorces and 9,927,000 divorces.

According to Department of Commerce figures, stocks of distilled spirits, largely for beverage purposes, increased from 478,000,000 gallons at the end of August, 1946, to $7,917,000,000 at the end of August, 1947.

Corporated profits in the United States climbed from $17 billion dollars in the fourth quarter of 1946 to $21 billion dollars in the first quarter of 1947 and $25.4 billion dollars in the first quarter of 1947. After payment of taxes, corporate profits were $11.1 billion dollars in the fourth quarter of 1946, compared with $17.4 billion dollars in the first quarter of 1947 and $16.6 billion dollars in the first quarter of 1947. In the United States, citizens paid $56,875,000,000 for the cost of all government in 1946. Of this amount, 92 per cent came from the federal government for defense, and the rest went for salaries of the employees. Each family paid an average of $1,940 in taxes, but actually very few paid this amount since taxes paid by wealthy individuals and corporations are higher.

The American average of three acres of cropland for each individual is expected to fall slightly after 1950. There are 490,000,000 acres of good cropland in the U.S.

Southern After Fifth Win In Game At Normal Saturday
Martinmen In Good Shape; Redbirds Appear Strong
Despite Poor Record

Next Saturday the rampaging Maroons of Southern Illinois roll into Normal, Illinois to meet the Redbirds of Illinois Wesleyan.

The Redbirds have a quartet of 7-footers this year, and the 7-footers have been an important factor in the team's winning season. However, the ever-present—present of the buffet is always in evidence in football.

Speedy Hotchkiss, with whom all players are familiar, is expected to make an immediate impact on the line. But his line is expected to be to the left, and his ability to outmaneuver the line during the game will be a credit to the Illinois Wesleyan. The 7-footers have a quartet of 7-footers this year, and the 7-footers have been an important factor in the team's winning season. However, the ever-present—present of the buffet is always in evidence in football.

Steady Hotchkiss, with whom all players are familiar, is expected to make an immediate impact on the line. But his line is expected to be to the left, and his ability to outmaneuver the line during the game will be a credit to the Illinois Wesleyan. The 7-footers have a quartet of 7-footers this year, and the 7-footers have been an important factor in the team's winning season. However, the ever-present—present of the buffet is always in evidence in football.
