WELCOME Today we of the Egyptian are heartily enjoying our privilege of welcoming you to the Southern Teachers College campus.

To you newcomers, let us extend the offer of our services in aiding you to get settled during these first few hectic days.

Then as we go through the year, we hope our paper gives you pleasure and service.

MEMBERS

Today is the first S. I. T. C. registration day in many, many years which has not called such to service Professors F. H. Colyer, J. M. Ierac, C. W. Smith, and Dr. Delia Caldwell, veteran faculty members recently retired.

The lives and careers of these four have figured prominently in the rise of Southern Illinois teachers College as an institution of higher learning.

HEAVYWEIGHTS BARRED Recently in New York City, school teachers were asked to cut down on their tonnage, as excessive arduousness was considered counterproductive to instruction efficiency.

A GOOD JOB In all the discussions of S. I. T. C. administrative affairs since the change in presidency, it seems to us that too little has been said of the laudable manner in which Dean Wham headed his temporary emergency executive job.

KEEP MOVING FORWARD

Besides the usual spirit of a new start incidental to the opening of a college year, we have here an additional new beginning to make this fall.

We of the student body and faculty can play an active part in the continued progress of the college. This part requires our full co-operation with the executive forces, keeping in mind always the ultimate improvement and advancement of S. I. T. C.

Social Function Rules Drawn Up By Committee

Since 1915 the supervision of student entertainments has been entrusted to a group of faculty members comprising the Social Committee.

The date and duration of the function, list of chaperons, admission fee if any, as well as the general type of the function must be approved by the Social Committee a reasonable time before the event.

5. No function, social or otherwise, lasting later than 9:30 may be held on an evening preceding a school day, unless by special permission of the Social Committee.

6. Any organization violating any of the above rules will be prohibited from holding any social function during such time as the Social Committee may prescribe.

7. All dances must be held on the campus.

The personnel of the 1933-34 Social Committee, including Miss Mary Entsminger as chairman, working with Dean George D. Wham, Dean Lucy K. Wood, Dr. Theima Kellogg, Dr. R. A. Scott, Mr. William McAndrew, Miss Frances D. Etheridge, Miss Mary Crawford, Miss Esther Power, Miss Sara Baker, Miss Fay Hart and Dr. T. W. Abbott.

S. I. T. C. Cut System Will Be Enforced With Change

No changes have been made this year in the S. I. T. C. cut system which the School Council adopted in November, 1931.

I. Each student is entitled to four cuts from each class (all absences to be regarded as such regardless of circumstances) provided that the four cuts do not exceed one-tenth of the total number of recitations scheduled for the course.

II. Any absences in excess of four will result in dismissal from the class and the loss of credit in the course with grade "Drip," unless such absence was caused by serious illness or similar unavoidable circumstances for which sufficient evidence may be required.

III. Each student of Junior or Senior rank is eligible to unlimited absences from each class within a given term, provided that the grades of his previous term, as reported by the Registrar to the teacher involved, have reached a four-point average.

IV. This system of regulations is automatically suspended in each class on the day of an examination announced one week in advance, and so on the day immediately preceding and immediately following a regular vacation.

V. To aid in an uniform application of the above system of regulations, the School Council is empowered to act in an advisory capacity upon a formal written appeal from a student or a teacher regarding any action tending toward the nullification of these rules if the appeal is made within two days following such action.

ABOUT 200 FERA JOBS TO BE FILLED BY COMMITTEE

McAndrew, Gum, Miles and Woody In Charge Of Job Selecting

800 APPLY HERE FOR FEDERAL AID

Aptitude, Character, Need, To Be Factors In Place Filling

Approximately 200 positions will be distributed to needy college students here this fall under the present administration of the Federal Student Aid Program.

More than 800 applications for student aid have been received, with less than one-fourth that number of positions available.

Special aptitude and practical experience are involved in the placing of accepted applicants, with work open in various fields of college activity.

REFLECTIONS

The following describes three predicaments a Freshman goes into! (REGISTRATION) What a shy face!

With scared heart pounding! And voice hoarsely sounding! It's the cry and The sigh of a Freshman!

(MEETING PEOPLE-) He meets an Upper classman. And tries his Voice to sound. But he knows He's stalling. Slowly, surely. To the ground!

(Written by a Freshman after Attending a tea for new "Fraternity Pledges") A TEA I think That I shall Never see. A thing So boring as A tea, where All propose To sit.

And to each Remark Take a whiff. Go, where? The guests All wear. Their Very best For "friends" To stare! But—

ROSCOE PULLIAM S. I. T. C. ALUMNUS NEW PRESIDENT

Noted Young Educator Unanimously Chosen From 75 Applicants

Roscoe Pulliam, an S. I. T. C. alumnus, and for fourteen years a prominent educator in Southern Illinois high schools, was elected to the presidency of this college last June 27, succeeding the late President H. W. Shryock.

The Board voted after two postponements of the election. Mr. Pulliam was chosen from about seventy-five applicants, some of them nationally known instructors and school executives.

Mr. Pulliam, only thirty-nine years old, immediately assumed the executive duties, taking his place as the sixth S. I. T. C. president in an informal inauguration ceremony held in Chapel Monday morning, July 1.

To Continue Shryock Policies In an address before the student body at that time, the young president pledged a continuation of the policies of the late president.

He likened his position to that of a freshman—each beginning a new phase of life, eager to learn and to serve.

Mr. Pulliam comes to S. I. T. C. from the Harrisburg school system, of which he was superintendent. Previous to that post, which he occupied for eight years, he held similar positions at Stanton and Bunker Hill.

League of Women Voters To Start Reorganization Mary Olive Norris, chairman of the League of Women Voters, has announced that the League is going forward this year with better prospects than it has ever had before.

HEWITT'S

**Modern Problems Club To Discuss Italy, Ethiopia**

Opening its files, meeting this year with a discussion of the Italian-Ethiopian question, the Modern Problems club will meet Thursday night at 7:30 on the third floor of the Chemistry building. Evelyn Miller, vice-president of the organization, will lead the discussion, with others speaking on various phases of the problem.

In addition, plans and policies of the organization for the coming year will be discussed. Edward Skinner, president, requests that all members be present in order to arrive at a correct consensus of opinion. Owing to graduation of old members, there are a number of vacancies in the club. Students interested in discussions of present, political and economic problems, are asked to attend this meeting. Leave their names with the secretary, Virginia Spiller. The Modern Problems Club underwent a complete reorganization last year. It was originally called the Latin-American Club, but with the broadening of the discussion program to include study of world problems, the name was changed. The club expects to reach a larger number of students this year, thus realizing one of its primary goals, that of keeping students informed as to the opinion of youth on current affairs.

**UNIVERSITY HIGH SCHOOL LARGER; MORE ACTIVITIES**

**Only Fee Charged That of One Dollar For Athletics**

**MERWIN NEW HEAD OF HIGH SCHOOL**

**New Courses In Five Departments Being Offered This Year**

Several innovations and revisions have been introduced into the curriculum of the campus training school for the coming year. In an effort to revive the waning spirit and enrollment that has permeated their existence the last three or four years, "Especially noticeable are the changes which the University High school has undergone. It is to be housed on the first floor of the New Science building and has no restrictions regarding the number registered. Furthermore, the only fees charged will be the customary \$1.00 per term assessment which provides entrance to all college athletic events.

Dr. Bruce W. Merwin, head of the Practice Teaching Department, will assume the duties of superintendent; while Mr. F. G. Warren and Mr. W. C. Cline will have supervision of junior and senior high school, and the Altyn building, respectively. The enrollment of the Altyn school will be increased as formerly, and the \$2.00 tuition fee retained.

Changes in Athletics Likely

Athletic activities will take on new life under the tutelage of Coach Di Giovanni of the College Physical Education department. At present University High boys' athletic endeavors are limited to baseball and basketball. However, if there is sufficient increase in enrollment to warrant its resumption, football will be annexed to the schedule. Heretofore college athletes have been supervising the University High teams.

New courses in art, music, book-keeping, home economics, and trigonometry will be available under the direction of Miss Williams, Mrs. Scott, Miss Cavella, Miss Woody and Miss Gibbons, respectively. Mr. Markov of the College Music Department will organize a high school band and orchestra for both beginners and advanced students.

Those in charge feel that the campus training schools are not receiving adequate stress to maintain the students' interest. By altering the schedule to compare with that of the surrounding high schools, this should be accomplished.

**SPHONX**

My esteemed colleague said when he took over this column last spring that the character of news changes with the writer even as the sultry winds of Egypt bring varying tones on the face of the stone sphinx. When you get untrapping facts, just another you might be listening to subtle tone changes in this embattled column.

I fondly hope that the big sisters and brothers (Y. M. C. A. version) will take care to point out the traditional personalities of the campus in their usual occupations. Such as: Doc Meyer in his staid bearing from the north gate up the broad walk and the steps of the old Main. Fred Bezanet waiting in front of the Auditorium for Draper, Whitley Lawson wearing a big smile just as if he didn't mind Bob Reeves stealing his girl, Ernie Breshner directing the college administration and students along the right path.

Remember when Russ Reynolds and Deborah "Trisig" Bowman split up last spring after some static activities on the part of Russ? They made up this summer, but that's all the good it's going to do him. She won't be back this year.

Loyal Compton won't be back either. I tell me he got a job as a feature writer on an Evansville paper.

Gene Hall, on the other hand, will be back. That savor of a mystery or a misfortune or something, because he had a school when he left this summer. It's a pity Yada won't be back. I tell me he's with Barton and Calfee gone. Gene ought to go right to town. I always did think he had the inside track there, anyway, though.

Aladine Sebonaker was sacking the gong around in Danceland a week ago. Seemed to be more or less on her way and having a big time. Vernon Richman, the Orange Blossom Kid, sure lacked a lot of making the grade with her, didn't he, gentle readers?

Mary Renner and Aladine should be affected to some slight degree by the news that Barney Trimble is planning to leave the University of Illinois with his presence this winter.

And did you all know that Buck Franks got his appointment to Annapolis and is even now at that venerable institution learning the difference between a bowprit and a half-hitch. And speaking of half-hitches, I grieve for Helen Hayes and her cap. Buck's absence must make in her life. Chance for Al Neurons again, anyhow. Wonder if Helen's back this year. If you are, Helen, howdy.

It must be true that the balmy breezes of summer breed inconsistency. At least, it was rather unbecomingly humorous to see how quickly Jim Gray found other feminine company to while away the shining hour when Maxine Stotter went home for week-ends. And if George Charles comes back to school the news should rate that people in Murphy's boro think Carl is going steady with Jeannette Smith over there. Hummm.

A new romance has blossomed in Carbondale. I always want to compare such happenings to the proverbial lily blossoming on the dirt heap, but that may be unfair to Carbondale. If you'll pardon my digression I'll continue. . . . A new romance has blossomed: John Rogers and Kay Starnard. John comes to us fresh from Community High. He was one of the most popular boys in high school this year with the news he seeks new folds to conquer. He is not the only promising lad from Community. . . . There is Art

**TEN NEW COURSES ARE PROVIDED IN '35 BULLETIN**

**10 Courses are Dropped 2 Are Renumbered; No Library Science**

Ten new courses are listed in the 1935 college bulletin and will be taught during this year. Two courses have been renumbered, while ten courses have been dropped.

Of the ten new courses, three each are in the art, commerce, and English departments. The tenth is a new survey course, number 235, which is being offered in the business arts department.

The new English courses are numbered 384, 385 and 386 and deal with the history of the English language, the methods of teaching English, and the fourteenth century literature, respectively. None of these courses are being offered this term.

Commerce Department Offers Three Courses

The commerce department is introducing methods courses in typewriting and shorthand numbered 213 and 214, respectively, and a course, number 317, in the principles of salesmanship. The latter course will be taught by F. L. Bryant, head of the department, but is not being offered this term. The two methods courses will be instructed by Miss Katherine Cavella and are being offered this fall.

New art courses in elements of composition (Art 355), survey of twentieth century sculpture and architecture (Art 360), and methods of teaching art in high schools (Art 256) are being offered. Only the last of these is being offered, to be taught by Miss Gladys Williams.

The survey courses on animals and soils, formerly Agriculture 194, has been renumbered Agriculture 210. Economics, formerly Zoology 115, has been changed to Zoology 338.

Four of the courses which have been dropped are in the English department, while the two-course Department of Library Science has been abandoned. The other courses dropped were in the mathematics, music, physiology and health education, and zoology departments.

**Annual Get-Acquainted Party for Freshmen Will Be Tonight**

The annual get-acquainted party for the freshman will be held tonight on the football field. The program is as follows:

7:30-7:45 Music by Band.  
 7:45-8:15 Talk by Pres. Pulliam (Not Definite)  
 8:15-8:30 Illustrative Barn Dance.  
 8:30-8:40 Welcome to Y. M. and Y. W. C. A. by Mr. Pardee.  
 8:40-9:10 Games.  
 9:10 Refreshments.

The entertainment will center around a platform on the old football field.

The Freshman get-together is sponsored annually by the Y. M. and Y. W. C. A. in an effort to get the new students campus minded. It is not a membership drive.

THREE LETTERMEN LEAD GYM TEAM; McCALL CAPTAIN

Gym team members will be led in their activities this year by three lettermen of last year and a number of veterans of the squad.

College Service Station Greasing 50c Washing 50c Diamond DX Gas and Oils West of Campus

Malvin Walden. Of these only Evans and Jacobs have graduated. Robert McCall has again been elected captain and will lead the gymnasts in their exhibitions.

George Young First Class Hand Laundry 209 W. Monroe Street Carbondale, Ill.

SPORTS SLANTS

Representing the Illinois College Conference in the recent gridiron football season was the Chicago Bear, National Professional League winner in 1934, and the 1934 College senior All-Stars in Chicago last month was Tony Blazina, powerful Illinois Wesleyan tackle.

It isn't always the rookies who are most famous. The first football outfit of the 1935 season were checked out to Co-captain Bill Morawski, Polly Moorman, and Everett Fox, all veteran grid performers.

Dr. C. D. Tenney, Maroon varsity tennis coach, teamed with Bobby Schwartz, S. I. T. C. student, to win the Carbondale city tennis tournament last month.

The success that several of the Illinois Wesleyan athletes have met with since graduating is substantiated by evidence that the championship-declaring, 6-2 defeat they administered to the '34 Macemas was not one of those on-day spurges.

The Illinois College football aggregation will defend their colors this year without the services of Co-captain and ace tackle Abe Feduris, who is not returning to school.

VanMeter, coach at Jacksonville, gained recognition a few years' back for turning out teams of championship calibre at Johnston City High School.

RAMBLERS DEFEAT KAPPA PHIS; WIN SUMMER LEAGUE

The Ramblers, led by Emil Lindsey, nosed out the Kappa Phi Kappas in a final week game for the championship of the College Summer Baseball League.

The Ramblers featured good hitting by Gene Hall and Johnny Buckner and a tight defense. Hitting in the pinches and last-inning rallies won several games by narrow margins.

"Red" Hamilton, Kappa Phi Kappa slugger, captured individual hitting honors with a mark of 57, hitting this points above Fred Knecht of the I Tappa Kegs.

Digiovanna, Buckner, Tie for Homer Digiiovanna of the Faculty and Buckner of the Ramblers tied for the home run lead with two circuit clouts each.

Four players hit four doubles each to lead that field. They were Deason of the I Tappa Kegs, Knecht of the Ramblers, and McElston and Hamit.

Head Coach Howard Hahncock of Old Normal University stated, that this year's lettermen will be expected back on the gridiron this year.

Bating averages for the summer league here show that the champion Ramblers ranked third in team hitting with a .299 mark.

Nice keynote combinations were shown by the Ramblers, Moore and Shaver; the Kappa Phi, McMahon and Emery; at the Faculty, Cramer and Digiiovanna.

The I Tappa Kegs produced the most colorful and possibly the best catcher in the league—"Bus" Fathner.

Twenty players of the ninety-eight participating in league competition failed to hit at least once.

The summer league brought out a strong rival to Digiiovanna as the leading base thief of the college.

Gene Trial, West Frankfort grid, track, and basketball star of several years ago, will probably be one of the candidates for a backfield post on the S. I. T. C. eleven this fall.

W. A. A. To Hold Fall Tennis Tourney

Many Frances Moore, president of the Women's Athletic Association, is making plans for the organization which will make it one of the most attractive on the campus.

Members of the W. A. A. will again participate in the Illinois College Sports Day at Old Normal.

The organizers of the campus provides an opportunity for all women to participate in college athletics.

Buckner and Gene Hall, both of the Ramblers, led the pitchers with three wins and no losses each.

Digiiovanna stole five bases to lead McMahon who had four thefts.

The list of hitters with averages of .400 or over, who have been at bat at least ten official times follows:

THE B. & B. CAFE 123 North Washington East Side of Tracks Extends a welcome to Old and New Students and invites you to try our Special Plate Lunch 25c Including Drink and Dessert

PROSPECTS GOOD FOR S. I. T. C. GRID SEASON AGAIN

Nineteen Men Eligible For Varsity Squad; Competition Keen

EMERY, MORAWSKI TO BE CO-CAPTAINS

Freshman Stars Will Give Veterans Fight For Backfield Posts

With nineteen undergraduate lettermen eligible, prospects for another successful S. I. T. C. football season look bright.

Most Linemen Back Although the backfield is short on returning regulars, linemen will be plentiful since virtually the entire line will return.

Co-captain Russell Emery, veteran center for the last three years, will again take care of the pivot position.

Earl Dubbey and Lester Denison, last year's pair of starting guards, and George Holliday and John Cook, capable lettered replacements, will all be returning along with George Scherrer, freshman punter.

Mourman and Patterson, veteran ends, will find plenty of competition in Bob Rice, Earl Staley, and Ronald Peckford, as well as such high school stars as Heller and South of Carbondale.

Southern Illinois high school football last year reached a high level of excellence and it is probable that some of these prep school stars may furnish new material for a championship squad.

**1935-36 STUDENT DIRECTORY WILL BE ISSUED SOON**  
**Rasche Directing Compilation Of New Type Book**  
**Y. M. C. A. AGAIN SPONSORS ISSUE**

**To Include Student Classification; Also Other New Features**

The student-faculty directory, issued annually by the Y. M. C. A. of the college, will probably be ready for distribution in about two weeks.

This year's book is being compiled by Carlton Rasche and will incorporate several new features. Among these are a new type of binding, making for more sturdy cover; a narrower, longer shape, making the directory handier for pocket use; and the addition of the scholastic classification of all students. Another feature will be the printing of student data from President Roscoe P. Hillman.

The usual information will be contained, including the students' names, Carbondale addresses and telephone numbers and home towns. A directory of Carbondale business and Carbondale rooming houses will, as usual, be included.

The printing is being done by the Raines Printing Service in Carbondale, with the expense being borne by the paid advertising contained in the directory.

Directory officials are particularly anxious that students give their correct telephone number on the directory cards. Last year considerable difficulty was encountered through incorrect telephone number reports.

**Zetets Will Elect New Officers Wednesday At Regular Meeting**

The Zetetic Literary Society will hold its meeting Wednesday evening at 7:30 in the Zetetic Hall on the third floor of the Chemistry building.

Important business matters will be discussed and officers for the fall term elected. The nominees are president, Anna Lee Moore, vice-president, John H. Moore, secretary, Kay Rush, Kate Burkhardt, business manager and treasurer, Ted Finley.

Organized in 1874 as one of the first societies on the campus, the Zetets have maintained a beneficial program throughout the years, offering to all students opportunities in literature, music, and dramatics. The year's activities culminate in the annual spring play presented during Commencement week.

All new students who desire to become members should attend this first meeting.

**S. I. T. C. STUDENT HOUSING RULES**

**Student Housing Regulations**

The Housing Committee announces the following rules for students occupying rooms in Carbondale. There are additional rules for householders.

1. STUDENTS—Non-resident students, renting rooms in rooming houses must comply with the following:

1. To take care of furniture and fixtures and to report any damage to property beyond that of ordinary wear. Students are responsible for such damage wrought by their guests.

2. To avoid unnecessary use of lights, water, etc., in the willing to pay for the privilege of smoking, installing a radio or electric fan or cooking devices, using the refrigerator or sewing machine or for other special privileges. To be willing to pay a reasonable price for the privilege of entertaining guests over night.

3. To preserve quiet after 7.30 on study nights and after 10.00 on Friday, Saturday and Sunday nights. To refrain from using the telephone after closing hours except for "mer" emergencies.

4. To cooperate with the householder in keeping the house clean and the rooms clean and neat, including light housekeeping quarters and bath room.

5. To notify the householder if expecting to be out later than 10.00 or if leaving town. In the latter case the window shades must be left with the householder (See additional regulations for women).

6. To report immediately to the housing committee anything which interferes with the success of school work or anything which may bring discredit to the student, the house or the school.

7. To make no change of rooms within the term without the consent of the housing committee.

8. Students who contemplate commuting, entering Sorority or Fraternity houses or at Anthony Hall or taking a place to eat board and room before the end of the term must notify the householder of this intention at the time of vacating rooms and have made three written copies of statements to this effect, signed by both parties, one copy to be held by each of the parties and one to be deposited with the chairman of the housing committee. A list of places where students may make this arrangement may be secured from the housing committee, also a form for such agreement. STUDENTS ARE URGED TO CONSULT THE HOUSING COMMITTEE BEFORE ENGAGING ROOMS. Rooms should not be engaged without being seen.

9. In no case may a student or a group of students make arrangements for rooming, independent of responsible supervision, except by special permission of the housing committee.

**TENNIS TOURNAMENT TO RANK S. I. T. C. VARSITY LIKELY**

Shortly after registration the would-be letters of S. I. T. C. will resume their racket-wielding tactics under the combined tutelage of Charles D. Tenney and Vincent DiGiovanna, who are working on a regular schedule to be followed in fall practice. If effected this schedule will require sufficient practice to make the varsity team members eligible for minor letters this coming spring. The ultimate objective is the recognition of tennis as an established minor sport at Carbondale.

There was a controversy last season regarding the wisdom of giving a designated number of awards to Marston netmen, but Captain William McAndrew did not see fit to make these awards until a more organized and orthodox practice competitive schedule was forthcoming. With this end in view, coaches DiGiovanna and Tenney are planning to forward the sport intramurally, similar in personnel to the intramural baseball and basketball programs. This will necessitate a fall tournament which will serve the twofold purpose of incurring a greater degree of interest and enthusiasm in tennis and likewise enable any new freshman recruits to make their debut on the courts.

**Ladder—Elimination Tournament**

The tournament, of the one-round elimination and ladder type, will enlist the services of all twelve varsity men none of whom were graduated. Several varsity men have been competing in summer tournaments in their respective districts and will be in first class court condition at the beginning of school. As inclement weather, this spring, prevented the team's practicing sufficiently for the men to thoroughly settle competitive shape this tournament will display the respective team members after profiting from the summer's practice and experience. This will give Coach Tenney an opportunity to either re-adjust the former ranking, made under restricted playing conditions, or to verify the ranking, as it stands. It is doubtful that Morris England, Negro ace right St. Louis, will lose his first ranking, but there is a possibility of a shake-up in the remaining eleven varsity men who are named as follows: FARRINGTON, Fulkerson, Sykes, B. Phillips, Hall, Lucas, Houtman, T. Phillips, Bateman, and Wyatt.

This organization came through with a perfect season's record this spring as it stands above. Reinforced by a re-adjusted ranking, and a probable replacement in one or two instances, a similar record is entirely probable this coming spring.

The legend of the swooping of the leaves of the willow tree according to tradition is that the handle of the spear used to pierce the side of Christ was composed of the wood of the willow tree.

**FIVE NEW FACULTY MEMBERS HERE TODAY**  
(Continued from page one)

Dr. Hirsch is a member of Sigma Delta Epsilon, Sigma Xi and Nu Sigma Pi fraternities and is a member of the Society for Experimentation in Biology and Medicine, the Illinois Academy of Science, the Illinois Microscopical Society, and the American Physiological Society. She has published twenty-four papers on the effects of radiation.

Dr. Hirsch taught in the Chicago Public Schools for three years; was instructor in zoology at Vassar College for one year; and was laboratory assistant at Lake Forest College and the University of Chicago for two years. Beyond this she has had extensive research experience in various laboratories in the Middle West. Dr. Hirsch is a licensed doctor in the state of Illinois and since 1934 has been engaged in private practice and as Clinical Assistant in the Women's and Children's Hospital in Chicago.

Dr. Sherman F. Barnes has been selected to fill the position left vacant in the History Department by the retirement of Mr. G. W. Smith. Dr. Barnes received his A. B. degree from Columbia University in 1929. From 1929 to 1931 he was employed as instructor of Modern European History at the University of North Carolina. From 1931 to 1934 he did graduate work and was employed as a teaching assistant at Cornell University where he was granted the Ph. D. degree in Modern European History in 1934. During the past year Dr. Barnes has been connected with the Economics Department of the Chase National Bank, New York City.

**Murphy Replaces Pierce**

Dr. Agnes Genevieve Murphy will replace J. M. Pierce in the Foreign Language department. Dr. Murphy received her Bachelor of Arts and Master of Arts degrees from the University of Southern California after having studied eighteen months at Bonn University in Germany.

During the past year she has been a member of the German department of the University of Iowa, and has received her Ph. D. from the University of Chicago this summer. Dr. Murphy rejected a traveling fellowship in order to accept the assistant professorship here.

The training schools will also be augmented by the addition of two new staff members. Mr. Douglas E. Lawson has been selected as Assistant Principal and Seventh Grade Critic Teacher in the Brush Practice School. Mr. Lawson, a native of Orchard, Colorado, received his A. B. degree in 1932 and his A. M. degree in 1933 from Greeley State Teachers College. His major was educational administration. Since 1933 Mr. Lawson has been studying at the University of Chicago where he expects to receive the Ph. D. degree as soon as his thesis is completed.

Mr. Lawson was principal of the Orchard, Colorado, Grade School for four years, from 1928 to 1930. He is a member of Phi Delta Kappa and Kappa Delta Phi fraternities.

Harley R. Teel of Da Quoin will

Join the supervisory teaching staff in the rural practice department. Mr. Teel received his B. Education degree from Southern Illinois Teachers College and his A. M. from the University of Illinois. He has taught fourteen years in the public schools of Perry County, Illinois.

**SORORITIES HERE SIGN 23 PLEDGES; FRATERNITY RUSH WILL END TONIGHT**

**14 Sign With Delta Sigs While 9 Choose Sigma Sigma**

Following two days of rush activity, twenty-three of the rushees who were given bids from the Sigma Sigma and Delta Sigs Epsilon fraternities walked into Dean Lucy K. Kibby's office Saturday morning and signed their preferences. Of the group, fourteen preferred Delta Sigma Epsilon, while nine chose Sigma Sigma.

Those who will serve their leadership at Delta Sigma Epsilon are: Maurice Jack, Genevieve Lindes and Thekla Lee. Those of Kappa Delta Alpha are: Mary Courtney, Mary Ann Sherertz, and Lillian Anderson. Of Sigma Sigma are: Sara Louise, Margaret McClellan and Betty Rhodes of Carbondale. Those of Alpha Chi Omega are: Elizabeth Latimer and Ethel Lou Cook of Eldorado. Nancy Jane Gunn and Mary Belle Allen of the Quota.

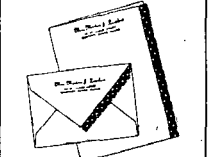

Sigma Sigma Sigs will pledge: Dewish Bosley, Martha Jean Langefeld, Helen Ries, Virginia Ruth Corley, and Helen Rushing of Carbondale; Vivian Hart and Jane Anderson of Harrisburg; Marsus Hivok of Johnson City; and Maude Stangor of Murphysboro.

Ribbon pledging took place Saturday afternoon. The girls will be formally pledged the first week of school.

**Frat Rush Lasts 5 Days**  
Fraternity rush activities will end tonight with a smoke at the Kappa Delta Alpha house at 7:30. The rushing programs of Kappa Delta Alpha and Chi Delta Chi have extended over five days since the opening of the rush by the Chi Delta Thursday afternoon.

The Chi Delta had a luncheon-bath at Thursday afternoon and continued their activities with a formal dress dinner at the chapter house Thursday evening. This was followed by a bedtime smoker. The crest dinner was the feature of the rush program. The Chi Delta closed their rush program with a banker's breakfast at 9 o'clock Friday morning.

Kappa Delta Alpha opened its program with an informal gathering and buffet supper at the fraternity house Friday night. The annual Kappa Delta Alpha fall outing was held Saturday at Millard Hills Country club, where luncheon was served at noon. A dinner was served at the home.

**U. S. SENATOR NYE TO SPEAK HERE THIS MONTH**

**Noted For Interest In Investigations of Profit-Making**

Gerald P. Nye, Republican senator from North Dakota, will speak in the Shryock Auditorium on September 23. His visit here is sponsored by A. A. U. W. Mr. Nye, a cousin of the late Bill Nye, the humorist, is known for his ardent work in various investigations of government affairs. He was chairman of the Typpan Home investigation eight years ago; four years later he forced an investigation of Senate primary election expenditures, and Senator Borah raised the noise over "monopoly under the codes" that caused Roosevelt to appoint the Darrow Board. On March 12, 1934, he offered the resolution to investigate the activities of munition-makers, and this winter he will lead the campaign for laws to take the profits out of munitions.

Mr. Nye is an enemy of militarism and imperialism; he has a deep-seated distrust of Wall Street finance and of large scale industry, and a sincere interest in the "little fellow." He believes in adequate national defense but has always opposed provision of American foreign investment by armed forces. Well liked by his colleagues and his constituents, he is rapidly becoming one of the Senate's foremost young liberal leaders. He is reportedly an excellent speaker, and Southern Illinois is indebted to the A. A. U. W. for bringing him to Carbondale.

Monday, followed by a gathering in the afternoon. The feature of the Kappa Delta program is the President's Luncheon this month in honor of President Pulliam. A smoker tonight will conclude the rushing program.

**Roscoe Pulliam Combination Of Business Efficiency and Educational Leadership**

(Continued from page 1)

ing educational leader is now at work on another volume, concerning the basic theory of educational philosophy. He has been working on this book for four or five years. We liked the unconscious display of modesty and conscientiousness when Mr. Pulliam commented on the manuscript of his book, "It's pretty bad in places; I've not done enough reading for this sort of thing."

This type of subject is less concrete and more theoretical than he has ever attempted before. Yet as he later scanned an article written by the then Harrisburg superintendent, he felt that his efforts would surely result in success. His literary style is completely efficient and factual. He has a knack of making his points logically and easily, and his knowledge of his subject gives him confidence and literary taste.

Through his college career here, Mr. Pulliam was quite active in campus organizations. He belonged to the Y. M. C. A. chapter and was a member of the Sororitic society and Forum club. He participated in the Sororitic spring play in his senior year.

Since accepting the exalted ship here, Mr. Pulliam has resigned his connection with the Southern District.

State Teachers Association. He still remains active in the Illinois State Teachers Association. Furthermore, the president professes to be a "bookish" man. In talking to students here are going to like Mr. Pulliam, this man whose outside interests are so like theirs. He likes to fish, and we wonder if any of those late summer ones found him waiting for that bass to strike.
