SO. ILL., INC. PLANS PUBLIC MEETING HERE Will Discuss Chances of Getting Defense Industry Here. Prominent Figures Scheduled to Appear

A significant public meeting featuring a report on the prospects of establishing a defense industry in southern Illinois is being arranged by Southern Illinois, Incorporated, to be held in Shryock Auditorium next Tuesday.

Such prominent figures as Colonel Henry A. Kellogg, state planning engineer, Kent E. Keller, former congressman, and Charles E. Miner, state W. P. A. administrator, will participate in the program.

The program will open at 2:00 p. m. with a business session. Immediately following, William McAdams, athletic director at S. I. N. U., and chairman of the Recreation Committee of Southern Illinois, Inc., will make a report on the work of his committee.

At 3:00 p. m. Dr. H. G. Bradford, director of the Southern Illinois office of S. I. N. U.'s economic department, will discuss the report of the industrial committee of which Dr. Bradford is chairman.

There will also be a discussion of the Federal Food Stamp plan, which is of particular interest to this area because it gives relief clients in increased buying power and also stimulates retail business.

Dr. W. Lyeza, president of Southern Illinois, Inc., in announcing plans for the conference, said: "This meeting is the best way we could think of to report our progress to the people of southern Illinois and to show everybody that there is much in store for this region if we all work together."

"All the activities of the various groups and individuals seeking economic recovery for this region in the industrial expansion of the national defense program," Lyeza continued, "will be accorded, eventually culminate in success, and the quickest ways of assuring that success will be discussed at the meeting."

SOUTHERN ILLINOIS WELFARE ASSOCIATION PUBLISHES NEWSPAPER

The Southern Illinois Welfare Association will hold a one-day spring conference on the campus Saturday, April 6. The conference will emphasize two problems: relationship of the township supervisor to social work, and the need of more effective nursing service in Southern Illinois.

ANTONITA SANCHEZ, SPANISH DANCER, HERE NEXT THURSDAY

Antonita Sanchez, Spanish dancer, will present a series of dances next Thursday at 7:30 in the Allyn Auditorium. Miss Sanchez came to this country from Malaga, Spain, about a month ago.

DRAMA NEXT FRIDAY DRAWS PARALLEL TO WORLD CRISIS

The Little Theatre production of Orion Welles' version of Julius Caesar will be presented one week from tonight at 8 o'clock in Shryock Auditorium. Students and faculty members who hold active entertainment tickets will be admitted without additional charge.

According to Miss Dorothy Magnus, director of Little Theatre, that group is making a definite effort to produce Julius Caesar in a fashion which will be a memorable experience for students, faculty, and off-campus patrons who make up the S. I. N. U. theatre audience.

Discussing the play, Miss Magnus pointed out that "there is an unusual necessary comparison between the social and political situation in Rome at the time of Caesar's assassination and the present world crisis, especially in countries dominated by dictators. If there is anything to be learned from the history we present, this play is a startling example of that nature."

- A complete list of members of the cast is given below: 1. Flavius; 2. Marullus; 3. Brutus; 4. Cassius; 5. Cato; 6. Cinna; 7. Ligarius; 8. Decius; 9. Trebonius; 10. Metellus; 11. Cinna; 12. Lucius; 13. Brutus; 14. Cassius; 15. Cinna; 16. Ligarius; 17. Trebonius; 18. Metellus; 19. Cinna; 20. Lucius; 21. Brutus; 22. Cassius; 23. Cinna; 24. Ligarius; 25. Trebonius; 26. Metellus; 27. Cinna; 28. Lucius; 29. Brutus; 30. Cassius; 31. Cinna; 32. Ligarius; 33. Trebonius; 34. Metellus; 35. Cinna; 36. Lucius; 37. Brutus; 38. Cassius; 39. Cinna; 40. Ligarius; 41. Trebonius; 42. Metellus; 43. Cinna; 44. Lucius; 45. Brutus; 46. Cassius; 47. Cinna; 48. Ligarius; 49. Trebonius; 50. Metellus; 51. Cinna; 52. Lucius; 53. Brutus; 54. Cassius; 55. Cinna; 56. Ligarius; 57. Trebonius; 58. Metellus; 59. Cinna; 60. Lucius; 61. Brutus; 62. Cassius; 63. Cinna; 64. Ligarius; 65. Trebonius; 66. Metellus; 67. Cinna; 68. Lucius; 69. Brutus; 70. Cassius; 71. Cinna; 72. Ligarius; 73. Trebonius; 74. Metellus; 75. Cinna; 76. Lucius; 77. Brutus; 78. Cassius; 79. Cinna; 80. Ligarius; 81. Trebonius; 82. Metellus; 83. Cinna; 84. Lucius; 85. Brutus; 86. Cassius; 87. Cinna; 88. Ligarius; 89. Trebonius; 90. Metellus; 91. Cinna; 92. Lucius; 93. Brutus; 94. Cassius; 95. Cinna; 96. Ligarius; 97. Trebonius; 98. Metellus; 99. Cinna; 100. Lucius; 101. Brutus; 102. Cassius; 103. Cinna; 104. Ligarius; 105. Trebonius; 106. Metellus; 107. Cinna; 108. Lucius; 109. Brutus; 110. Cassius; 111. Cinna; 112. Ligarius; 113. Trebonius; 114. Metellus; 115. Cinna; 116. Lucius; 117. Brutus; 118. Cassius; 119. Cinna; 120. Ligarius; 121. Trebonius; 122. Metellus; 123. Cinna; 124. Lucius; 125. Brutus; 126. Cassius; 127. Cinna; 128. Ligarius; 129. Trebonius; 130. Metellus; 131. Cinna; 132. Lucius; 133. Brutus; 134. Cassius; 135. Cinna; 136. Ligarius; 137. Trebonius; 138. Metellus; 139. Cinna; 140. Lucius; 141. Brutus; 142. Cassius; 143. Cinna; 144. Ligarius; 145. Trebonius; 146. Metellus; 147. Cinna; 148. Lucius; 149. Brutus; 150. Cassius; 151. Cinna; 152. Ligarius; 153. Trebonius; 154. Metellus; 155. Cinna; 156. Lucius; 157. Brutus; 158. Cassius; 159. Cinna; 160. Ligarius; 161. Trebonius; 162. Metellus; 163. Cinna; 164. Lucius; 165. Brutus; 166. Cassius; 167. Cinna; 168. Ligarius; 169. Trebonius; 170. Metellus; 171. Cinna; 172. THE AMERICAN WAY

By STEVE KRISFALUSY

Gallup tells us that about 54% of the people of this nation favor the President's "lend-lease" plans. A question which comes to our minds at this time is whether the people who are giving their moral support to these plans actually know what comprises these plans. If they do know what the score is, we wonder what all the fuss is about—especially since the President's wife has stated that the powers enumerated in Bill H.R. 11776 are within the constitutional scope of the President already.

It seems to this column that democracy is greatly misunderstood in America—especially by those who continuously howl about the injustices and inequalities which that form of government is supposed to eliminate. From observation, the popular impression is that democracy entails one primary obligation on the citizen—the right to reap the good that democracy sows, and the right to imprecate those evidently responsible for wrongs which occur as a result of democracy.

GOD AND GUNS: Running across some of the declarations which eventuated the present European embroglio, one is enlightened to the fact that the cause of France, of Germany, and of Britain, is the cause of justice, righteousness, and that God has bestowed His beneficence on each of the contestants.

Parade Of Collegiate Opinion

By Associated Collegiate Press FRANCE

Effectiveness of General Charles de Gaulle's Free French forces in aiding the British in their African successes, continued rumblings from Vichy and Paris, and the growing belief in well-informed circles that Marshal Petain and Reichsführer Hitler are heading for a showdown, have served to focus attention once more on the situation in which conquered France finds herself.

At Iowa State college, the Daily Student waxes skeptical in calling attention to Petain's recent assertion that France is a sovereign nation, vested with the duty of defending her soil, extirgishing divergences of opinion and reducing dissidence of the colonies.

The University Daily Kansan joins in the view that "the French government, totalitarian since its armistice with Germany, has little choice but to accede to whatever terms may be offered by the Axis in peace negotiations, regardless of the consequences—chief of which would probably be a declaration of war on Great Britain.

It is pointed out by the Cornell Daily Sun that "with France unwillingly, or otherwise, lining up with the Axis powers, the question of her colonies has come back into the news. President Roosevelt is reported to have warned the Vichy government that further signs of military co-operation between Germany and France may result in this country seizing Martinique and French Guiana.

Student Council Minutes

The meeting was called to order by the vice president, Hank Manne. The minutes were read and approved. Charles Wagner, chairman of the social committee, made a report concerning the dance on February 7.

They Purchased New Uniforms. Allen Watson came before the Student Council as a representative of the cheer squad, requesting the allotment of enough money to buy six cheer leaders' uniforms. Duke Elitz made the motion that \$12.50 be allocated for the purpose of buying six uniforms. The motion was seconded and passed unanimously.

SHUTTLE'S MUDDLE

By DOROTHY SARCHETTE. A young man out of funds was in Miami. He received a wire from his home in New Jersey, saying his dear old mother was on her deathbed and about to pass away. Having no money for bus or train fare, he was in a quandary.

Some men smile in the evening. Some men smile at dawn. But the man who smiles Sunday is the man that can smile. When his teeth in front are all gone. The reason poor Adam never got very far in society was because he had no ancestors.

THIS IS QUITE SOBBIE. Three once was a young chap named 'Bobbie. Who acted a trifle bit snobby. His girl said please wait. But he gave her the gate. So she fell overboard for a gobble.

Carpenter, Formerly of S. I. N. U. Staff, Has Manual Published. F. S. Crofts, New York City, announces the publication in April of a laboratory manual for Tests and Measurements in Health and Physical Education by McCloy and Carpenter.

Scott Is Host to Chem. Teachers

Dr. R. A. Scott was host at the February meeting of Southern Illinois Chemistry Teachers' Association held last Thursday night in the chemistry building. The program consisted of an informal discussion to evaluate the good and bad features of several current High School Chemistry texts.

Here and There in Education

Green Describes Purpose of Education

The following is a copy of the section devoted to education in Governor Green's inaugural address: "The purpose of education is to prepare us to take our places as useful members of society. If we are to continue as a democracy we must obtain the greatest possible benefits from our schools and improve our methods of instruction.

"An energetic attempt should be made to solve the problem created by the existence of one room schools. The cost of maintaining a school room with few pupils is often as great as that of a room fully attended. Consolidation will, in many instances, diminish the tax burdens and raise the prevailing level of educational standards.

"The University of Illinois is one of the great educational institutions of the world. It has been of inestimable service. Its work in the future will undoubtedly be even more valuable. Its administration should be accorded our fullest cooperation and financial support consistent with our program of economy.

"The five state normal schools, in which our teachers are prepared for the training of our children, are important elements in our educational system. They and all other educational institutions shall be kept free from political interference and manipulation during my administration."

DWIGHT H. GREEN, Governor of Illinois.

Universities Suffer Negative Complex

"During the past two decades our universities have suffered from a negative complex, our faculties have analyzed issues and balanced factors; they have exposed the follies and the vices of historical figures and movements; they have not emerged with a positive philosophy to which students and public might attach themselves. There is justice in the complaint of the undergraduates that his academic experience had not provided him with a faith."

Yale University.

"It Is Not Treason"

"When we read carelessly made charges of 'treason' in connection with the schools, let us remember that: 'It is not 'treason' to teach that American ideals require a fair chance for everyone in terms of economic, social, and educational opportunity. 'It is not 'treason' to teach that these ideals are not fully achieved and to stir the enthusiasm of youth to attain these ideals more fully. 'It is not 'treason' to teach that the current developments in our economic life put great strain on the institutions of democracy and to summon up youthful vigilance and courage to meet the challenge. 'It is not 'treason' to teach that many different races and peoples have made a worthwhile contribution to our American culture. 'It is not 'treason' to teach the importance of the civil liberties, not to give practice in the responsible use of liberties in dealing with debatable public questions. 'It is not 'treason' to teach that the United States can learn some useful lessons from the experience of other countries. 'It is not 'treason' to teach important truths, even though those truths be distasteful, to powerful interests in the community; not treason yet, not in the United States of America."

WILLIAM G. CARR, Associate Secretary National Education Association.

Time for Debate, Time for Action

"We live in a critical time in world history. We are making national decisions of utmost importance. We differ with each other as to what we ought to do and just when. An overwhelming majority of Americans who differ, even widely, do so with the utmost honesty and sincerity. We of the universities who are committed to the search for truth have special responsibilities in such days. We must maintain our balance and defend the freedom to differ intellectually. A democracy needs its differences of opinion so long as these differences do not prevent the possibility of needed action. There is a time for debate and a time for action.

"Let us as citizens everywhere be a bit wary of charge and counter charge so characteristic in times of tension and stress. Our right to hold our opinions is a precious right." Meanwhile we have the concurrent obligation to serve the nation positively and constructively. These things university people understand. We know that no human being has a monopoly of truth. We keep in mind, therefore, the fundamental tenet of university obligation—the sifting and winnowing to which we are dedicated.

"And so, as we struggle for national unity in a time that requires faith, let us think and act in character with our great American heritage." CLARENCE DYKSTRA, National Administrator of Conscript Program.

SURVEY UNCOVERS DEFECTS IN EXTRA-CURRICULAR SET-UP

A committee of five students has begun a survey of campus organizations as a project in education principles. The aim of the survey, which is to determine if some students are engaging in too many extra-curricular activities and others not in enough, will not be realized for some time. But meanwhile the survey is uncovering what looks to be defects in the extra-curricular set-up at S. I. N. U.

In the first place, the committee was unable to find a complete list of campus organizations anywhere. By combining information from several sources, it has been able to count a total of 57 clubs, professional fraternities, social organizations, and nondescript formations ranging from stamp collectors to advocates of world peace.

The point is that these organizations have been allowed to spring up almost any time and for almost any purpose. Perhaps that is as it should be. There are those who argue that unless there is a felt need for an organization, the organization will not appear. And the students of S. I. N. U. indubitably ought to feel grateful for the amount of freedom accorded them in organizing campus activities. There has been very little restraint from the administration, but rather encouragement.

However, it seems reasonable that there should be a central office which has in its files a record of the name, purpose and membership of every organization.

It also seems right to expect that some central body will give official recognition to each organization. In the past, the Student Council has required every newly organized group to submit a copy of its constitution for approval by Council members. We understand this approval is no longer given.

If the committee is able to complete its survey, it should have some very important statistics for the personnel division of the college, and may be able to point out some additional defects in the extra-curricular set-up.

"JUST CAMPAIGN ORATORY"

One has to admire Wendell L. Willkie for being honest enough to admit he is two-faced.

We refer of course to Willkie's retort to Senator Bennett Champ Clark of Missouri. Clark, a member of the Senate Foreign Affairs committee, was questioning Willkie in a committee hearing concerned with the "lend-lease" bill. Clark read excerpts from Willkie's campaign speeches which called Roosevelt a "meddler" and accused the President of leading America to war. Whereupon the former Republican candidate for president, now strongly in favor of aid-to-Britain, grew quite warm.

"I can't see any use in raking over those old coals," Willkie said, "That was just a little campaign oratory."

We take this statement to mean that Willkie was never very sincere, but that he was just saying things that he thought might get him elected Chief Executive.

Does he expect us to trust him now? We wonder what he's trying to get this time. Maybe the British have promised him a nice title.

They Won't Leave Harry Alone

Poor Harry Bridges; they just won't leave him alone. Attorney General Jackson has him on the pan this time, waving the Red flag again.

It all began in 1938 when Secretary of Labor Perkins initiated deportation proceedings against the West Coast labor leader, accusing him of Communist membership. However, no evidence could be found to establish the accusation, so proceedings were dropped.

In the meantime Congress has passed the Alien Registration Act of 1940 which gives the U. S. government the power to deport any alien who has ever been a member of a subversive organization. (Bridges is an Australian.)

Now they are after Harry again. If they can prove he has been a Communist at any time in the past, he'll have to bid the United States good-bye, and the C. I. O. Longshoremen's union of the Pacific Coast will lose a good friend.

We notice Fred Cagle, director of the S. I. N. U. museum, is advertising for bats. We wonder if he intends them for the belly of the new training school.

GYMNASTS MEET TURNER NORMAL HERE TOMORROW

Southern Basketball Team Accepts Invitation For Mexico City Trip, Will Leave March 11 For Tour

The SINU case squad's trip to Mexico City became a reality this week as Coach McAndrew announced that he had accepted the invitation of the Mexico City YMCA team to bring the Southern Illinois lads to the Mexican capital for games on March 17, 19, 21.

SINU GYMNASTS MEET TURNER'S HERE TOMORROW

The Southern gymnasts engage in their first big meet of the year at the local gymnasium Saturday night when they meet the highly touted gymnasts from Turner Normal of Indianapolis, Ind. This school, one of the oldest physical education schools in the middle-west, is widely known for its gym teams and although a fairly small school they recently became affiliated with Indiana University and are now a part of that school's Physical Education department.

Little is known of the comparative power of the two teams but in the local gym at least all is not rosy. Prospects of being compelled to enter Saturday's meet with an injury riddled squad faced Coach Di Giovanni this week as three of his mainstays went on the temporarily injured list. Captain Ralph Hahn, who was unable to play in the Friday trip, but so far no game has been booked for the interval.

Although this is the second trip south for the Maroons, this will be Coach McAndrew's initial match with the Maroons. He was unable to accompany them on their previous tour to Mexico, the team on that trip being handled by Doc Lingle. Only two members of the present squad were also members of the 1938 travelers. They are Bob Gray and Harry Wolfenbarger and Carl George. To help the Maroons on their way, the Evansville College game here on February 25 has been designated as a benefit game. This Maroon-Purple case game has been well picked for this purpose as this contest will be one of the year's best. At its first meeting in Evansville earlier this year, the Aces picked out a last minute one-point win over the Southerners.

SPORTS SHORTS

Students will be admitted to the race for a 25 cent admission fee outside, the usual fee of 44 cents. Advance tickets are now on sale at Entsminger's, Cline-Vicks, Variety Drugs, Carner's, Student Center, and the Carbone-Harrisburg Bus Co. station across from the Variety Theatre. Ticket centers in nearby districts will be announced later. Besides the above places mentioned, quite a number of students, representing campus organizations, will sell the tickets on the campus.

KDA BASKETEERS WIN OVER BENTON FACULTY

The cage squad of the Kappa Delta Alpha fraternity was victorious over the Benton faculty team, 35 to 29, in a game played at Benton Tuesday night. The winning quintet led throughout the entire game although the score was close enough to push the winners all the way. Carver was the leading scorer for the frat boys with 12, being closely followed by teammates Green and Brugner, with 11 each. Lockwood was high man for the losers with nine.

In last week's game at Cape, Fred Campbell really did himself proud by making good on all of his nine tries from the three-point line. This was the first time this season that a Maroon cager has received three free-throw points in one game and it goes without saying that almost-out-of-line isn't had in anybody's basketball game.

These nine charity tosses counted for his seven baskets for a 23-point total mark in the game. The cager to reach that total in a single contest this season, John Sebastian having surpassed him game earlier this year. Campbell is now the team's top scorer with 122, Sebastian having been in at all games than has Campbell, is next with 97.

Strictly as a matter of note, Turner Normal, whose gym team comes to Carbondale tomorrow night to meet the Maroon strong men, isn't called Turner Normal in all games. The real name of this school is the Normal College of the American Gymnastic University.

Should present weather continue, the Maroon track and tennis teams are going to the jump on some of our up-state colleges. Only a bare week behind the tracksters, the local netmen this week removed their rackets from the presses and were out on the courts behind the gymnasium banging away.

After having played at home during most of the season so far, the Maroon cagers this week begin a three game road stand with games at Macomb this Saturday night and at Charleston and DeKalb next Friday and Saturday nights. Their semi-final home game of the season will be on Wednesday night, February 28, when they meet the flashy Evansville College team in the Mexico City trip-length game. This is the only game of the six remaining scheduled this which is not a conference game, so from now on every game which the locals play is going to mean a lot since Charleston's DeKalb and Charleston in a tie for the loop lead and the locals clash next week with the two league leaders should decide somebody's chances.

Our own inter-collegiate leagues are at present furnishing plenty of excitement around the local scenes. Teams which early in the year looked not so impressive have suddenly skyrocketed to the top of the leaders. One team in particular is the Southern Deuces.

THEY KEEP THE BALL ROLLING

Carbondale Teachers' Basketball Squad. Standing: L. to R. Kellender, Church, Fisher, Dechman, Carroll, Schaefer, Harpe, Gray, Boren. Front: Moody, DePree, Sebastian, Cox, Millspaugh, Crawford, Campbell, Robertson, Sandberg.

HAC RACE STILL WIDE OPEN AFFAIR

This week-end's schedule promises to fan the flames of the "hot" race in many a year to new heights when seven of the eight member teams engage in loop games. Eye-work plenty are on tap tomorrow when Norman's Redbirds, defending champions, meet DeKalb's Huskies, dark horse contenders all season long.

The changing scene best described the conference race to date. Not a week has gone by without a shake-up in the top ranks of the loop. Two weeks ago the Cartilage Redbirds held undisputed first place honors. Then Norman moved into the top, for-juggie Alcohols at Cartilage. DeKalb at Charleston. Saturday night will find DeKalb pitted against State Normal while Carbondale meets Macomb. Non-league contests include McKendree at Evansville on Friday and Shurtieff at Carbondale tomorrow.

Carthage has dropped in 255 points in their six games for an average of 42 1/2 points per game but Charleston has maintained a 44 point average with a total of 132 tallies in three games to lead team scoring averages. Friday's schedule: Macomb at Cartilage, DeKalb at Charleston, McKendree at Eureka.

Saturday: DeKalb at Normal, Carbondale at Macomb, Shurtieff at Eureka.

Standings table with columns: Team, W, L, PCT. Rows include Normal, DeKalb, Charleston, Cartilage, Macomb, Eureka, Carbondale, and Elmhurst.

Our own inter-collegiate leagues are at present furnishing plenty of excitement around the local scenes. Teams which early in the year looked not so impressive have suddenly skyrocketed to the top of the leaders. One team in particular is the Southern Deuces.

CARTER'S AND FACULTY STILL TOP I-M LEAGUES; DEUCES UPSET DUNBARS

With the intramural season well into its final stages, a glance at the standings shows that in each of the three leagues it's still anybody's race, with several teams fighting for the lead. In last week's four nights of play the only startling upset was the defeat of the then unbeaten Dunbars by the Southern Deuces who are now making a strong bid for championship honors. Though the Dunbars made up a 15 point first period disadvantage, they failed to completely close the gap and were defeated 38 to 32. Previously in the week, Bob Jones whipped the Indians, Deuces 24 to 13 and after the down fall of the Dunbars, went into the role league lead. Other games in this loop saw the Chi Dells win from the Indians 30 to 9, and from the Phantoms of 31, 27 to 9, the triple D five whipped the Indians, Deuces 24 to 21 and Park View Lodge 33 to 20.

In the Blue leagues, the favored Carter's, are at present leading their circuit, ran true to form, in winning from the Rangers 47 to 15. The Moguls, in second place, knocked out the House of Horrors team to the tune of 51 to 18. Harwood, the other serious contender, defeated the Pulaski county squad 20 to 14. In the other game in this circuit the boys from Leutz Hall topped the K. D. A. five 32-30 in a closely played contest.

In the White leagues, the high flying Faculty defeated the Tired Boys who had lived down their name by winning every game until they met the professors. This decision gave the Faculty undisputed possession of first place and left the Tired Boys in second. The other, strong team in this league, the Strangers, held on to third place in winning 44 to 10 from the Elite Barbans. In the loop's other games, Turner's Wildcats produced the Lute Star quintet, 26 to 15, and the N. Y. A. boys forfeited to the Christopher Committee.

All of the remaining games scheduled about the inter-collegiate level will be fighting to hold its standing or to move up a notch. The final winner in each league will not be definitely decided until the final game has been played. High scorers so far in the league are as follows:

Scoring leaders table with columns: Name, Points. Rows include Cramer, Faculty, Algee, Dunbars, Brice, Dunbars, Houlday, Chi Delta, McQuibbin, Faculty, Wilson, Southern Deuces, Sanders, Jayhawk, Wright, Moguls, I. Hixon, Moguls, Mossburg, Turner's Wildcats, Mechl, Harwood Hall, Messamore, Tired Boys, Hixson, Indiana, Greg, Carter's, Brains, House of Morgan, Hefington, Signa Beta Mt., Jones, Jitterbug, Cowper, Southern Deuces, Choate, Triple B.

CAPE INDIANS DEFEAT MAROONS IN REVENGE

THU. FRIDAY 51 TO 46

Maroons Drop Third in Row; Campbell Stars For Locals

Apparently fighting a losing battle against bad luck, the Maroon cagers extended their losing streak to three straight as they went down before the Cape Indians last Friday night, 51-46. This loss marked the sixth setback of regular season play for the Southerners, which incidentally gives them an even-up record in wins and losses to date.

Playing a loose game, offensively as well as defensively, the locals were left far behind at the sixteenth minute of the game as they secured just stand around in a daze as their hosts used simple block plays to put the Cape players in position for easy setup shots. Also, contrary to previous games, the Maroons came up to half-time on the short end of a 20-27 score; this being the second time this year when the Southerners have not held a half-time margin.

Cape jumped out to a sizeable lead early in the game, hoisting an 18-9 lead at one time. However, near the end of the period the Maroons began a long awaited offensive surge and on a barrage of five free throws and two baskets by Fred Campbell and goals by Gray and Durham, the Southerners pulled up close to the Indians.

Southerners Invade Macomb Tomorrow Seeking Initial Conference Win of Season

Macomb to Be at Full Strength in Trying to Avenge Past Trio of Consecutive Losses

I. I. A. C. NOTES

By BILL GAERTZ

State Normal seems to be destined to have a capable successor to sports champion John Scott. Royce Dorsey, freshman from Stamford, kept the loop hot by tallying 23 points in their contest with Macomb's Leathernecks who they subdued to the tune of 47-39. The Red Birds appear to be an amiable group when it comes to dividing scoring honors.

One hope will see John Scott emerging as high scorer, while the next game Klairdt will come out with honors and now a new scoring threat in the form of Royce Dorsey has been added to their ranks.

Macomb's Leathernecks will be greatly helped by the services of "Flip" Anderson, former Moline and "Phil" Underly, former Moline and University of Illinois player. His eligibility became valid last week, thus entitling him to play the remainder of the season with the Westerners.

Pepper, Kraschenko and Hall of the Eastern Normal want to make this year earn his salary while officiating at their games. The highest number of personal fouls these three lads could collect was 24 and they came up with a nearly perfect average—23. Better luck next time, boys.

Coach Ray Hanson of Macomb just about broke even with his players last week. After being heartened by the addition of a new player, he lost one of his regulars, Atwood, by an injury. When chasing the ball out of bounds, Atwood sprained his ankle when he slipped on some concrete that was on the floor of the women's gymnasium in preparation for an after game dance.

BOXING AND WRESTLING ENTRIES COMING IN SLOW

With the preliminary rounds of the annual Boxing and Wrestling tournament less than a week away, the entries have shown some increase during the past week, but are still relatively slow in coming in. Since the more rugged sports such as boxing and wrestling have been much revived and stressed under our national defense program, interest in these sports has increased all over the country. This increase is noted particularly in the well known Golden Glove tournaments which are now in full swing all over the country. Entrance into the SINU tournament is open to all men of the college. Entry blanks are posted just outside the athletic office for those who wish to enter the tournament.

This year's boxing division of the tournament is really going to be a hot open affair, since one of the Morgan, last year's lightweight champ, will be in the running to defend last year's crown. Most entries, so far are in the lighter weight classes, the big boys, as usual, being somewhat scarce. Entrants are who should give a good account of themselves are Moran of Marion, 135; Harry Ochoa of Galatia, 165; "Mosie" Byars of Carbondale, 175; and Norton Traband of Wood River at 155.

Southern's quietest will be seeking their first conference victory Saturday night when they journey westward to tangle with Coach Ray Hanson's Leathernecks, of Macomb, in the third I.I.A.C. tilt for the Maroons. Coach McAndrew's men have been knocking more than their share of tough breaks in conference play this season. They were defeated by Charleston and Carthage by only one point, thus hoisting a total of 16 points to their opponents' 78 tallies in the two contests.

The Leathernecks will again be helped by Forward Eddie Willard and Guard Pete Falls. These two men have been carrying their share of points in the Westerners' contests. The Hansonmen have two good defensive players in the form of "Phil" Anders and "Doc" Warren. These two boys held the high Spring Brite court. John Scott, to seven points during the Western Teabars' recent fracas with Doc Normal.

Clarence "Doc" Warren is playing his second year in college, after three years after having starred on the Hanson five during his freshman year '38-'39. The former Moline High school ace has been displaying some of the most superb ball handling and rebounding seen in the conference and is being named as a top contender and tower in the state six-foot mark. Warren set an all time state high school scoring record while playing with the Moline high school quintet in 1938.

The Leathernecks have not enjoyed much success in either this year since they have lost three and won two league games thus far this season. The Hansonmen have been especially weak in the charity loss department as was evidenced in the Doc Normal game when they conceded their only eight of twenty-two attempts.

Southern Upgraded

The Southerners, speaking in terms of comparative scores, should be stronger than their opponents despite the two HAC setbacks which they have had against them. The Maroons will certainly be led by Sebastian star, Fred Campbell, a guard who is at present the leading scorer on the Maroon squad; John Sebastian, forward, who has been in somewhat of a slump of late, but should come out of it very soon now; and Harry Durham, lanky center, who has rounded back into shape. The Maroon squad will leave by automobiles for Macomb on Saturday morning.

powders, however, the presence of Bruce Bradford of Herrin, and Milton Blackwell gives promise of heated action in that class also.

Noticeable in the list of entrants in both the boxing and the wrestling is the fact that the freshmen are more than holding their own in the matter of the number of entrants. In the wrestling they boast seven entrants of the sixteen who have to date signed for competition, while they have five of eleven entrants in the boxing.

Two University of Alabama co-eds who have roommates and sorority sisters traveled into the state on the same boat last summer without knowing each other.

# CHEMISTRY MANUAL BY S. I. N. U. INSTRUCTORS NOW ADOPTED IN THIRTY-ONE U. S. COLLEGES

The chemistry laboratory manual, "Experimental General Chemistry," written by J. W. Neekers, T. W. Abbott and K. A. Van Lente, published in July, 1940, has already been widely adopted in thirty-one colleges and universities over the United States. There are thirty-one schools using the manual at the present time and the number promises to increase with the coming year. Such educational institutions as Albion College, Arizona State, Teachers College, Peabody Institute, Florida N. & T. Institute, James Millikin University, Nazareth College in Kentucky, St. Mary's College, Kansas, West Virginia State College and the Tennessee Polytechnic Institute have adopted this manual.

This manual is designed especially for two-hour laboratory periods. Some of the distinctive features of the manual are the preliminary exercises to be filled out and handed in before the laboratory period. Also at each strategic point in an experiment an "O. C." or "Observe Carefully" is required as indicated. This manual contains 51 experiments and the first edition is based on six years of use in preliminary editions. Comments on the manual were as follows: A very fine manual. Good illustrations. A number of the instructors' time usually devoted to setups—B. F. Clark, Birmingham-Southern College. This book contains a good selection of experiments and well adapted for a laboratory course in general chemistry. I like the form of the

## FINAL FLIGHT TESTS IN CPT COMPLETED

### Fifteen Finish First Course; Eight in Second

Final flight tests were completed last Monday on the Fall Session of the Civil Pilot Training program, being conducted by the Southern Illinois Normal University in conjunction with Valentin Air Service flight instructor.

This fall session class was composed of twenty primary students and ten secondary. Graduation from the primary course makes a trainee eligible for the secondary course, and upon successful completion of the secondary a trainee is eligible for a Student Instructor course. All of these courses are given at practically no cost to the student.

Fifteen students of the primary course, Jim Blava, Denver Carter, Frank Winter, Edwin Becht, Raymond Ellis, Calvin Johnson, Clark Largent, Francis Odom, Dick Cagle, Harry Spear, Robert Mitchell, Ralph Shaffer, Ned Ward, and Carl Rhodes, have successfully completed final flight tests, both written and practical.

Eight of the secondary students, Herbert Barker, Richard McCullough, William McDonald, A. Russell Mitchell, William Spiller, J. Harley Wilkins, Hubert Richard, and Carl Peltus have completed their course.

The completion of the fall session makes a total of eighty students who have entered the CPTP courses since their inauguration at the S. I. N. U. approximately one year ago. Seventy students have successfully completed all tests and received their respective ratings issued by the Civil-Aeronautics Administration. Among the courses of fallups of the other ten to complete were: Institute of Army and Navy Air Corps, and physical deficiencies.

Approximately three thousand hours of flying has been accomplished in training these eighty students who are currently in flight. The national program has been conducted with an extraordinary record which has been a revelation to the entire industry. This has been accomplished by the most careful supervision of the entire personnel involved.

The standard is constantly being raised on this program, causing the officials in charge of ground and flight school no small amount of concern in meeting them. So far, they have been able to meet them by their own efforts, but no doubt in the near future many more will be met from the outside if all their requirements are to be met.

At present applications are being received at the college to fill a Spring session quota of thirty primary (trainee) and ten secondary. It is not necessary to know that these courses are available to persons not regularly enrolled at the college. Anyone having

# Should The United States Give "All-Out" Aid To Britain? YES! NO!

It will keep us out of the war. England is fighting our battle. England is fighting for Democracy and Christianity. Arms for Britain will mean jobs for workers. Broad executive discretion is necessary to save Democracy.

It will get us into the war. This is a conflict of rival imperialisms. Every war is the negation of Democracy and Christianity. Arms for Britain will mean profits for the Merchants of Death. Broad executive discretion is a step toward dictatorship.

## What Do You Think? Express Your Opinion at the Conference on Christianity and War, Sponsored by the S. I. N. U. Student Christian Council, February 26, 27, 28.

### STUDENT CHRISTIAN COUNCIL WILL BRING SMUCKER HERE

An outstanding speaker in the conference on Peace and War to be held Wednesday, Thursday and Friday, February 26, 27, 28, will be Don Smucker, Midwest secretary of the Fellowship of Reconciliation. Mr. Smucker, a member of the Minnesota church, has been an active, youth leader in recent years. He has traveled widely both in Europe and America; he has studied in Shifton College and Yale University.

He has worked for the American Friends Service committee and since 1938 has been a member of the staff of the Fellowship of Reconciliation, first as youth secretary and for the last year as executive secretary of the Midwest branch. "The F. O. R.

### SENIORS ELECT DWIGHT GREEN FOR SPEAKER

There will be a senior class meeting on Thursday, February 20, during chapel hour in the Little Theater. In the event that Governor Paul Hare will be here February 27. Other leaders in the Young Men's Association will be present. An attempt will be made to have all points of view represented in these discussions. Following is a list of the round table discussion topics: "Psychology of War and Peace," "Can a Christian Fight?" "Reconstruction After the War," "A Christian Foreign Policy," "The Individual in a Violent Society."

### "B" NATURAL

Musical Life in France. One of the first French musicians to be allowed to leave his country since its surrender to Germany is Zino Francescatti, violinist, who has appeared with several leading symphony orchestras of the United States recently. His task of getting here was anything but easy. His first problem was to obtain French, American and Spanish visas. The next difficulty arose at the Spanish border, where he was refused admission because he was told that no men under 49, except American citizens, were permitted to cross Spain to reach Lisbon. He remained at the French frontier station for five days, pulling every string he could by means of telegrams and telephone calls.

"As added trouble," he wrote his manager, "a terrible catastrophe descended on the country, floods, tidal waves, etc. All of French Roussillon and Spanish Catalonia were devastated. All the railway bridges were destroyed in France as well as in Spain. We were completely isolated for four days."

When communications were finally reestablished, he and his wife decided to turn back. And just at that point permission to cross Spain was granted.

The violinist who left Paris a few days before the German occupation had never returned, said that the dispersal of artists, the separation of families, and the acute deficiencies of food and housing made conditions in France rare, but that those which were given were packed because the harassed populace is eager for the consolation of music.

Grace Notes: Akron, Ohio's Doctors' Symphony, now in its fifteenth season, has lost several of its members due to the draft.

The Roth String Quartet has been engaged to provide music for Alexander Korda's new film "New Wife," which is based on the life of Franz Schubert.

### School Law to be Offered Next Term

A course entitled "School Law" will be offered next term for the first time on the S. I. N. U. campus. It is listed on the spring term schedule as both Education 323 and Government 323. Joint instructors, both of whom will be present at each class session, are Dr. Douglas E. Lawson and Dr. Orville Alexander.

The course will deal with the organization and control of public schools, financial, legal and contractual authority of boards of education, employment of teachers, pensions and minimum wages, as well as other legal aspects of the school situation. Special emphasis will be given to Illinois school laws.

The textbook to be used is "The Courts and the Public Schools" by Newton Edwards, Department of Education, University of Chicago. As supplementary work, special books and bulletins on Illinois school law will be used.

# NEARLY TWO-THIRDS COLLEGE STUDENTS EXPECT TO MARRY IN 3 YEARS AFTER GRADUATION

By Student Opinion Surveys  
"What does the future hold for me?" That is one question that many a college youth, faced with an upset world, is asking himself today. Is the cotton-picking going to be the time when he leaves the campus, how soon would he like to be married, what is his life work to be? Because of the uncertainty brought by the war, these are questions of importance especially to those young in the threshold of adult life. To discover what students of the nation are thinking about their future, Student Opinion Surveys of America has held interviews over a cross section of colleges and universities. The results:

- 1. Nearly two-thirds of the men and women now in college hope to be married within three years after they leave school.
- 2. Many college women—about four out of every ten want to teach, at least for a short while.
- 3. Almost half of the men are planning to do engineering work, to teach, or to go into private business.

Other of the most popular professions among men are Journalism, law, medicine, chemistry, accountancy and salesmanship. Among women, selected as the ten top choices were: marriage, Journalism, secretarial work, nursing, social service, drama, fashion designing, business, and dietetics.

When college students expect to be married:

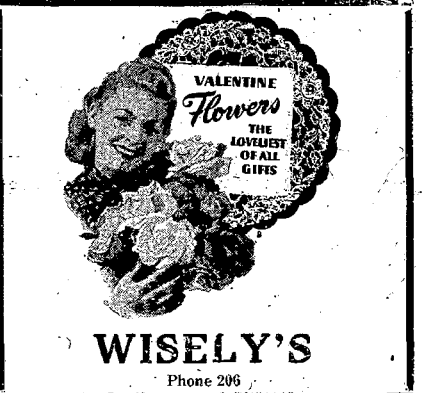

|                             |    |
|-----------------------------|----|
| Within one year.....        | 22 |
| Between 1 and 2 years.....  | 31 |
| Between 2 and 3 years.....  | 19 |
| Between 3 and 4 years.....  | 19 |
| Between 4 and 5 years.....  | 43 |
| More than 5 years.....      | 7  |
| Never expect to marry.....  | 3  |
| Already married.....        | 1  |
| Before leaving college..... | 1  |

**CAMPUS BULLETINS**

There will be an important meeting of Nu Tau on Sunday afternoon. The meeting will start promptly at 4:30 at the Chi Delta Chi house. All members are urged to be present.

**CAA ANNOUNCEMENT**  
Spring term classes in aeronautics will begin the second period, Monday, February 17, 1941. All persons interested report at that time or see Dr. O. B. Young. Classes will be held in room 304 in Parkinson Lab. DR. O. B. YOUNG.

**NOTICE TO ALL ORGANIZATIONS**

A committee under the auspices of the Student Council is making a survey of campus organizations. The information accumulated by this committee will be placed in a permanent file in the Dean of Women's office.

Following is a list of organizations to be contacted by the committee. It has been requested that any active organization, other than an organized house, or social fraternity or sorority, whose name may have been omitted from this list, report this omission to Esther Mary Ayers, chairman of the committee:

- Aldergate Devotional League.
- Agriculture Club.
- Anthony Hall.
- Band.
- Baptist Student Union.
- Chemeketa.
- Chemistry Seminar.
- Commerce Club.
- Debate Club.
- Delta Rho.

- Inter-fraternity Council.
- McDowell.
- Mu Tau Pi.

**ENGLISH MAJORS**

Registration and check-up for English majors will be carried on in the English office by Miss Bowyer and Mrs. Krappé beginning Monday, February 10, and closing Friday, February 28. All registrations should be made as early as possible within these weeks.

**VACANCIES**

Due to the recent increase in the circulation of the Egyptian, there are a few new vacancies on the circulation staff. Any interested persons should see Aime, Huhn or Russell Harrison immediately.

**RURAL LIFE**

The regular meeting of the Rural Life Club will be held Monday evening, February 17, at the Pleasant Hill school. Members are asked to meet on the campus at 5:15 p.m. Transportation will be provided for all who wish to attend.

**What Do You Know About Little Egypt?**

**BURKSVILLE CAVE**  
by BILL REYNOLDS

"Whose Alps, the sacred river ran, through caverns measureless to man." Here in Southern Illinois, three miles southwest of the village of Burksville, there is a cave, to which these words could well apply.

On the farm of John Morrison, locally known as "Colonel" John Morrison, is the entrance to this cave. Its exterior is not pretentious; being only a four by six hole, which leads sixteen feet down for about thirty feet. At the bottom of this hole, the cave begins. There are two main branches, one to the southwest, and one to the northeast. There are numerous offshoots to these two main branches, most of which, however, soon terminate.

The cave was formed by an underground stream whose source and destination are both unknown. The source of the stream is probably far beneath an overhanging ledge which is so low as to make access to it impossible. The stream runs the entire length of the cave until it vanishes into a whirlpool at the extreme southwest end.

A barrel of red dye was poured into the stream in order to determine whether it ever emerged from the ground, and if so, where? Reddish colored water is reported to have

come out of a spring near Prairie du Rocher. However, this report has not been authenticated.

The entrance to the cave is on private property, and is not now open to the public, although at one time it was a popular resort. There was even once a fence door in the cave, and a driveway leading from it to St. Louis.

The cave is an example of karst topography, which means, I am told, that the cave is an interesting limestone formation. Its height varies from fifteen to twenty feet, and it has nearly twelve miles in length. It has never been fully explored.

The cave has several rooms which equal anything that Mammoth has to offer. The place has many stalactites and stalagmites, and many curious formations of them. Some stone steps carved in one section of the cave have their knob-like projections on them, which are the beginnings of stalagmites, and the "upside" ones found elsewhere in the cave. In some of the rooms, glistening white columns formed from the union of a stalagmite and stalactite, rise to the ceiling.

This cave is one of the most interesting natural phenomena in our Southern Illinois area and has never received the attention that is due to it.

- Faculty Publications**
- In the last issue of the Peabody Journal of Education there is an article entitled, "The Rural in Service Extension Program at Southern Illinois Normal University at Carbondale," by Mr. Emerson Hall and Mr. George Bracewell of the rural education department.
- Mr. Douglas Lawson has an article in the February issue of Hygeia entitled, "A Code for Teachers—a Code for Parents." This is Mr. Lawson's second appearance in Hygeia.
- Dr. Thomas Barton has an article, "An Urban-Rural Ecotone: as Exemplified by Hastings, Nebraska," published in the Illinois State Academy of Science. All papers read at the thirty-third annual meeting of the Illinois State Academy of Science held in May last year were published in the Illinois State Academy of Science, which is published in December of each year. There is another article, "High School Geography in Southern Illinois," published, which was written by Dr. and Mrs. Barton.
