## JUNIORS EN- TERTAIN THE CLASS OF 1924

### Finest Thing of the Kind Ever Attempted By Junior Class

For the past few weeks it has been noticed that nearly every day an announcement was read in Chapel requesting a meeting of the Juniors, or of the "Junior Committee." Outsiders were somewhat mystified as to the why and wherefore, but the mystery was cleared up when an invitation was given to the Seniors to come to the East Campus Thursday evening, June 5, at 8 o'clock.

Thursday afternoon various preparations were seen to be at full tilt. As to the form of entertainment and the meaning of the preparations, there was no clue, however.

At about 7:45, when the campus lights were turned on, the scene took on color and assumed an air of gaiety, for brightly colored Japanese lanterns were strewn about over the place of frolic. When the gay crowd of Juniors and Seniors began to assemble, the Zetetic orchestra began to play, and furnished music throughout the evening.

The Juniors proved themselves apt entertainers, and had provided unique features. A group of six girls from the fifth and sixth grades of the training school presented a Japanese exercise. They represented Japanese dolls who had just come to America, giving their impression of American life. This was an interesting little exercise and was enjoyed by everyone.

The Junior Quartette or, as they styled themselves, the mocking birds quartette, of Cary Davis, Rex McIntyre, Paul Cox and Raymond Ethington rendered several selections, classic and otherwise (mostly otherwise). Possibly they will sing in chapel some day?

Perhaps the most interesting feature of all came next. Everyone was asked to repair to the "theater" where an interesting film entitled "Class of 1924 in 1954" was shown. According to the film, the theater was in the hands of the Smith and Markus firm. It had a magnificent orchestra with many talented members. John and Bill Keith, etc. Various stars were pictured and then came the "News of

## JOEL LAY TO AP- PEAR IN CONCERT

Former S. I. N. U. Student, Who Has Been Studying in Europe for the Past Months, Will Give Carbondale the Benefit of His First American Appearance

Joel Lay, former S. I. N. U. student, and resident of the city of Carbondale, has returned from Europe, where he has been studying for over a year. Mr. Lay is well known here having been here in 1922-23 in connection with the Swain Studios and often aided in the S. I. N. U. musical circles.

Since returning from Europe a short time ago, Mr. Lay has been in New York making records, and it is with a great deal of delight that friends here received word that he

## MACKMEN WIN TWO IN A ROW

### Maroon Sluggers Triumph Over Carterville, Then I. C. in Consecutive Victories

The Maroons added two more victories to their string last week, when they played a superior brand of ball to defeat the Carterville and Illinois Central Railroad teams.

The first game with Carterville Wednesday afternoon was a set up and the Mackmen pounded their foes around the lot for 17 runs, while airtight defense and brilliant pitching by "Mac" held the visitors to a single tally. The Maroons gained their tallies intermitently, though in several instances the Normal sluggers pounded the pellet around the field with such regularity that three and four runs were made in single innings.

Coach McAndrews relieved Hinkley at the mound in this swat fest and pitched a brilliant game, allowing but three hits in the six innings of play.

## I. C. SUFFERS ANOTHER

The I. C. railroad team suffered another victory at the hands of the Maroons on Bayliss field Thursday afternoon in a game, that though less replete with frequent scoring, was a far better exhibition of baseball. In winning over the I. C. 6-2, the Maroons annexed their fifth consecutive victory.

McAndrews pitched and allowed the opposing batters but four hits. Elzardi (wirling for the I. C. also allowed but four hits but failed to get the support "Mac's" boys gave him.

But teams went scoreless the first two innings and then Elzardi scored when the Maroons errored. The Maroons took their full measure of revenge, however, in the last half of the same inning, chasing six runs across the plate. The I. C. again scored in the eighth.

Katherine Laswell spent the weekend at her home at Alma.

will give Carbondale and the students of the University the benefit of his first public concert in America after his recent study abroad.

The concert will be held in the Methodist church this evening. Mr. Lay's New York accompanist will aid him in the productions.

## EDITORIAL

### WHAT IS SUCCESS?

Webster in giving his answer to this question says, it is the favorable termination of anything attempted; attainment of a proposed object. The chances are that at the beginning of this school year the most of us hitched our wagon to a star. There were many things that each of us had expected to accomplish that so far as visible results are concerned we have failed. Doubtless there were many who had expected to make such grades that when they go to their homes at the end of this term they could take with them the coveted "N" for scholastic standing. Of all who had this as a proposed object there are no more than fifteen who are to accomplish the thing attempted with such a favorable termination. It may be that those of us whose 80, 85 or 89 bars us from this select group, have not worked as doggedly as we should have or at some time for a short interval we took our eyes off our star and the results are not hard to see, even though they may be hard to take. It could not be argued that this vast number of students who have aimed so well and failed to reach their aim have not been successful. "He has achieved success who has lived well, laughed often, and loved much; who has gained the respect of intelligent men and the love of little children; who has filled his niche and accomplished his task, whether by an improved poppy, a perfect poem, or a soul; who has never lacked appreciation of earth's beauty, or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration and whose memory is a benediction." We must not fail to seek success but we must ever remember this:

There are no lifts to the house of success.  
And the stairs are long and steep;

And the man who would climb, to the top in his time  
Before he dare walk must creep.

Of carpets there are none in the house of success  
And the floors are hard and bare,  
And you're likely to trip and slide and slip  
In the pitfalls here and there.

There are no lounges or easy chairs  
No places to rest your spine,  
But after you've won, to the roof  
There's the sun  
And ah! but the view is fine.

## MINOR MUSING

A free horse that you are riding so hard will never carry you across the tape of success.

There is work and work. The harder some tongues work the more damage they do.

"Temperament" used to be considered a sign of genius, but it's only a sign of ill-breeding.

A scandal monger's wares are dispensed without profits.

A good-looking girl doesn't mind you saying she is intelligent, but you'd better never call her "intellectual."

So live that you can sleep o' nights.

A good "appearance" sometimes covers a multitude of sins.

Men in the smoking compartment of a train tell more of their private affairs than women at a tea party.

Clothes don't make the man, but sometimes they break him.

A stingy man is always generous to own weakness.

A really cheer-up magazine some day will have a bathing girl cover pic-

ture for its Christmas number and a snow scene for its Fourth of July number.

Men are as much slaves to custom as women. No man ever wanted to take the time to shave.

Probably no baby in all the world ever wished to be kissed.

Prohibition at least has decreased the number of liars about fifty per cent.

They all feel rotten, the Three Wise Fools.

Apples, hot water, daisies, buttercups, ruts, grooves, tracks, paths, trails, danger, excitement, revolution, pain, riotous sin and ????. You can see them all in the Three Wise Fools.

Professor Bryant and Professor Miles attended the races at Indianapolis.

### C. C. H. S. ISSUE SPLENDID ANNUAL

The S. I. N. U. is always interested in the important affairs of the leading near-by high schools for it is from them that the future College students come. We are especially pleased when a high school in our territory can put out an annual that is as fine as THE DIAL of the Carbondale Community High School. This annual is the best high school annual that the writer has ever seen barring none of the larger schools of the cities. It far surpasses many of the college annuals that we see from year to year.

The S. I. N. U. is glad to know that the Editor of this book, Robert Marberry, will be a student here next year as will also many of his assistants that aided in compiling the book.

### FORUM-AGORA-ILLINAE MEET

Monday evening, June 2, the Illinae were discussing the highly important question Resolved, That friendship is more binding than love.

Before the hour of the meeting the Agora had expressed a desire to visit the Illinae and shortly after the invitation had been extended to them a committee from the Forum asked also for an invitation. The three clubs adjourned to the Socratic Hall to obtain more room and the girls provided with their program.

The affirmative proofs were presented by Augusta Sumner and Sada Dunn, while Alice Gray and Lulu Owen spoke for the binding qualities of love. Some strange revelations were made about our friends—and our loved ones and especially the significance of "Puppy Love" on our own college campus.

The decision of the judges was given in favor of the negative.

Then Lorraine Huck gave a very interesting discussion of birthday and their significance following which several members of the Forum-Agora gave interesting and instructive extemporaneous talks. This was our last joint meeting of the year. We have had several such meetings during the year with great enjoyment and those of us who will return next year look forward to friendly affiliation between the three societies.

In Sociology Class—Elbert Middagh—How much will our examination cover next Monday?

Mr. Pierce—The end of the chapter.

Mr. Scott—(In chemistry):—"and for tomorrow, you will take arsenic and finish the chapter."

## SPRING PAGEANT AT NORMAL IS PRETTY FETE

Given by Children of Training School  
—Miss Dickerman Di-  
rector

One of the things of beauty each year at the teachers' college here is the May or spring pageant. This was given yesterday afternoon on the school campus and was witnessed by nearly 2,000 students and townspeople.

Children of the training school to the ninth grade participated in the pageant, which was directed by Miss Julia Dickerman, music teacher at the school, assisted by the following practice teachers: Miss Berna Miller, Lois Pavey, McLean, Motchan, Naive, Hebbard, Barnes, Horsfield, Neadstine, and Myron Mitchell.

Colorful, springing with its flowers and pastoral charm, the beautifully dressed children, small ones and large, in costumes representing flowers formed much of the background of the entertainment. Music and dancing lent delight despite the rain.

Frances Allen was the queen of the carnival. Other important participants in the pageant were Elizabeth Harris, Frances Hill and Alice Patterson. These three girls gave a pretty asthetic dance. Alice O'Rourke and Pauline Plater made a hit as clowns.

John Nunnally was crown bearer and little Frances Krysher train bearer. Eddie and Ebbie Mitchell were pages. Maids were Carmen Lee Neber and Gladys Marion Atkins.

Several others took important parts. The drill by the boys showed training.

## Juniors Entertain

(Continued from Page One.)

the Day." Wee wunder—if any of it will come true. For instance, we see the awe inspiring judge, Mrs. Frank Watson, dispensing justice to the citizens of Boskydell, and, again, "wee wunder" if Mr. Frank gets much of the "justice." We see Rev. Ellis Crandle preponing his weighty doctrines, and we see Skeezil Allen as manager of Stumble Inn. Many other interesting news items followed similar to those mentioned. Many changes could also be noticed in the S. I. N. U. faculty, possibly the most noteworthy that of Asa MacIlrath as professor of Latin.

The illustrations were extremely interesting and some of the Seniors wonder if they really "saw themselves as others see them."

A balloon contest followed, after which the eats were dispersed. Each Senior received as a favor a miniature diploma, upon which was written the following:

To the class of 1924.—  
"On this memorable, happy evening,  
Out on our campus green,  
Jolly Juniors and solemn Seniors  
Playing together, may be seen.  
Tho' all year we've been rivals,  
Tonight we are the best of friends;  
We sincerely hope this will be the  
case  
For you, until Time ends.

Wishing you the best of luck and bright prospects for a sunny future.

The Seniors heartily thank the Juniors for their good wishes and wish them another happy year at S. I. N. U.

## THE MOST BRAINY MAN IS FOUND

The following is a letter that was received by Dr. C. E. Allen, president of the State Teachers College at Valley City, N. Dak., (Dr. Allen was formerly vice-president of the S. I. N. U.)

President State Teachers College,  
Valley City, N. Dak.

Dear Sir:

Will you have a vacancy for a teacher next year? I have been teaching in colleges for the past several years.

I am a graduate of the State Normal and Training School; Mechanic Institute and of a University; and have A. B., A. M., and Ph. D. from the following Universities:—

I am the author of Industrial Arithmetic, Commercial Arithmetic, Algebra, University Algebra, Geometry, Calculus, Trigonometry, Analytic Geometry, Latin, English, Physics, Chemistry and General Science.

I teach Hebrew, Latin, Greek, French, German, Spanish, English, History, Mathematics, Sciences, or any College Subjects.

Yours truly,

YOUNG-SOMERS

On Thursday evening, May 29, at the La Grange Episcopal church a quiet but impressive marriage ceremony united Miss Laura E. Young, of Metropolis, Illinois, and Mr. John J. Somers of LaGrange, Illinois.

The bride was a former student at S. I. N. U. and a graduate with the class of '21. She had a wide range of friends at the school. Her mother is a member of this year's Senior class. Mrs. Somers has taught in the La Grange Schools for the past three years and is re-employed for the following year.

Mr. Somers is a native of Suderland, England, and was a soldier of the World War serving in the English army for four years.

The Egyptian expresses the best wishes of the school of Mr. and Mrs. Somers.

## EGYPTIAN SOCIAL

In order that the student body and townspeople might have a chance to hear a real open air band concert and attend a regular old time ice cream social, the Egyptian staff has decided to offer you the opportunity to be present at just such an affair tonight. Mr. Jacquish will be out on the east campus with his boys at 8:30 p. m. and if you are one minute later than that you'll miss something. It might be said that at the same time the air is being filled with music, receptacles of various sorts will be filled with strawberries and ice cream and you'll be privileged to be a participant of the same.

Of course all that has been said above is true, but the reason for this social is that the Egyptian needs money and it hit upon this plan to raise it.
