S. I. N. U. Calendar--

SATURDAY, OCT. 16
 8:30 a. m.—Hiking Club, Room 101 Main Building
 9:30 p. m.—Football—SOUTHERN vs. ARKANSAS AGGIES.
 8:06:12:00—ANTHONY HALL OPEN HOUSE.

MONDAY, OCT. 18
 8:45 p. m.—Zeta Sigma Psi, Dr. Bowden's office.
 7:50 p. m.—German Club, Main Building.
 7:30 p. m.—Debate Club, room 101, Main Building.

TUESDAY, OCT. 19
 9:35 a. m.—Pan-American Student Forum.
 8:50 p. m.—Zoology Seminar, Old Science Building.
 7:15 p. m.—Art Guild, Miss Williams' Room.
 7:15 p. m.—Y. W. C. A., Y. W. Room.
 7:15 p. m.—Y. M. C. A., Y. M. Room.
 8:00 p. m.—Y. M. Y. W. Barn Dance, Old Science Gym.

WEDNESDAY, OCT. 20
 7:30 p. m.—Socratic Literary Society, Little Theatre Auditorium.
 7:30 p. m.—Radio Club, Parkinson Lab.

THURSDAY, OCT. 21
 8:30 a. m.—Chemistry Seminar, Parkinson Lab.
 9:25 a. m.—Camera Club, Old Science Building.
 7:50 p. m.—Newman Club Election, Glanville City Park on Newman Hall.
 7:30 p. m.—Agriculture Club, Allyn Auditorium.
 7:30 p. m.—Commopex Club, Little Theatre Auditorium.

News Hi-Lites In Brief--

NEWS—twelve beautiful Southern co-eds nominated for **HOMECOMING QUEEN**. . . . Charles MAYFIELD elected president of **STUDENT COUNCIL**. . . . Dean Woody urges need of a girls' cooperative rooming house on this campus. . . . **BRYANT** heads junior class for ensuing year, taking over the reins from sophomore president Hubert Davis. . . . Chicago Art Institute accepts two SHRYOCK paintings. . . . Hall estimates that at least 1000 couples will hear **JIMMY DORSEY**. . . . Gen. SMEDLEY BUTLER declares, in address here, that there is no excuse of U. S. going to war again on foreign soil. . . . **HORNER and HUNTER** to participate in **STADIUM DEDICATION**. . . . sets being designed for Homecoming play, "**FIRST LADY**". . . . campus clubs plan festivities. . . . **BOWDEN** chairmans committee planning action on Southern Illinois sanatorium. . . . Boy Scouts of area will be guests of college at the **MAROON-ARKANSAS** game tomorrow. . . .

SPORTS—Maroons meet **ARKANSAS AGGIES** here tomorrow. . . . S. I. N. U. loses to DeKalb. . . . Carpenter article appears in quarterly. . . . tennis, ping pong and horseshoe tournaments progress. . . . **BOY SCOUTS** of area to send game here tomorrow. . . .

Gracie Goes Colonial--

Gracie Garble has been making some determined efforts of late to discover the intricate workings and functions of the founding fathers. Indeed, she even made the unprecedented move of securing an interview with Dr. C. H. Cramer of the history department last week in an effort to bring out some of the more subtle points concerning the Declaration of Independence.

When Dr. Cramer propounded the following profound query to Gracie, "Who formulated the Declaration of Independence?" our highly esteemed heroine made this sagacious reply: "**JEFFERSON AND HIS COLLEGIATES!**"

Homecoming to Be Bigger and Better--

Homecoming at Southern has always meant a lot. It has always been the highlight of the year's activities, but this year's homecoming is going to be so much bigger and better than all former celebrations will be entirely eclipsed. Yes, sir, Oct. 28 and 29, 1938, are really going to be big days for all past, present and future students of S. I. N. U. Never before has Southern engaged a big name orchestra to compare with Jimmy Dorsey's for its homecoming. This year all our jitters will be swinging out to the strains of Dorsey's nationally famous band. This fact in itself is enough to send the enthusiasm mounting to new heights.

Another unique feature of the 1938 homecoming is the dedication of the new stadium. According to the latest reports, Governor Henry Horner will make the dedication address to a record-breaking crowd. Our stadium is alleged to be the best in Illinois, south of Champaign.

Judging from the campaign talks we've been hearing already, it looks as though we're due for a red hot race with the homecoming queen's Crown as the goal. And we mustn't forget the homecoming play, "First Lady," to be presented Oct. 28.

All in all we have the prospect of a very gala homecoming week-end Big-name orchestra, new stadium; we ought to really get behind this homecoming and put it over with a bang. And it has been whispered among those "in the know" that the erection of a new swimming pool for Southern depends on the net proceeds of the homecoming activities. That's something to work for!

For the benefit of young fathers, the University of California has completed a schedule of baby's crying habits which may enable parents to arrange their away-from-home program. After the first month there is a 4-month lull when father may safely stay at home. After that there is about a year when baby's vocal cords get plenty of exercise.

Cow-education is the word for it, it seems, at Eastern New Mexico Junior College. Bossie is helping put several youths through school. Bringing their cows to the campus, they are selling milk to pay expenses.

VOLUME XX CARBONDALE, ILLINOIS, THURSDAY, Friday, October 14, 1938 NUMBER 5

HORNER, HUNTER TO PARTICIPATE IN DEDICATION

Hunter is Assistant Administrator of WPA in Thirteen States

Sharing honors with Governor Henry Horner as one of the principal speakers at the Stadium Dedication ceremony Saturday afternoon, October 28, is Mr. Howard O. Hunter, Assistant Administrator in the thirteen middle western states of the Works Progress Administration.

Mr. Hunter, who is in charge of the 1,250,000 clients of the WPA in the Middle West, has received nationwide comment during the last two weeks as a result of his retort to the unfounded accusations of the WPA made by the Chicago Tribune.

The following remarks concerning Mr. Hunter were taken from the October 3 issue of Time: "Georgia-born, 43-year-old Howard Hunter, who has spent one-third of all Federal money allotted to WPA in the last three years, made a wide-crack worthy of Harry Hopkins by discharging he attributes his perfect completion of the Tribune 'hey stomach functions perfectly and I never take sick,' said he. 'I just read the Tribune every morning.'"

Mr. Hunter, who has well proven his administrative ability, is recognized as an outstanding public speaker.

BRYNARD, BOWDEN, AND GUM TO ATTEND SOCIAL WELFARE CONFERENCE

Dr. Harry G. Brynard, head of the Economics department, Dr. R. D. Bowden, head of the sociology department, and Mrs. Vaada N. Gum, director of N. Y. A. employment, will represent S. I. N. U. at the 43rd annual session of the Illinois Conference on Social Welfare, which is to be held in Peoria, beginning Tuesday, November 1.

BRYANT ELECTED PRESIDENT OF JUNIOR CLASS

Mallory, Mitchell, and Rude Are Other Officers

Donald L. Bryant, Harvey, was elected president of the Junior class at the election held Tuesday morning.

ing, Glen Mallory, Schier, was chosen vice-president; Dorothy Lee Mitchell, Carrier Mills, was elected secretary; and Roy Rude, Harrisburg, defeated his opponent, Geoffrey Trout, for the office of treasurer by the narrow margin of one vote.

The election, which was held during chapel and the third and fourth hours up until ten minutes past twelve, was conducted strictly according to the election code of the student council. The names of eligible Juniors were obtained from the president's office, and one ballot was issued to each qualified voter. The names were checked off as they called for their ballots. The election committee in charge of voting consisted of one man chosen by each candidate for president, and was composed of James Inakeep, Ted Rood, and Halbert Gulley. Faculty sponsors of the election were Dr. C. H. Cramer of the history department and the student body.

Bryant is vice-president of Debate club, and a member of the Commopex club, and the Socratic Literary society.

UNITED STATES NAVY BAND WILL PLAY OCT. 26

World-Famous Band Will Play Two Concerts Here

The United States Navy Band will present two concerts on the Southern Illinois State Normal University campus at the Shryock Auditorium Wednesday, October 26.

The band, which has been brought here by the Carbondale Business Men's Association and the college entertainment course, is making a centennial tour this fall, marking the 100th year of music in the United States Navy.

The Navy Band was organized in 1918 under the leadership of Lieutenant Charles Benter, who is the present director. In 1928 the band was made a permanent organization by a special act of Congress.

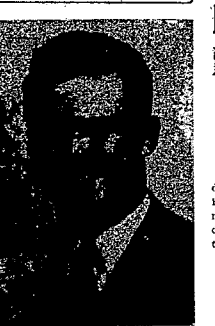

While the duties of the band members are strictly musical, it is, above all, a military organization, and the personnel are subject to the regulations and discipline of the Navy. During the summer months, the band gives a great number of concerts in Washington as well as presenting an average of four broadcasts a week over national hook-ups. Following a nation-wide concert tour each fall, the symphony orchestra phase of the band's activities predominates.

A number of the band musicians are faculty members of the United States Navy School of Music, a training institution for young musicians between the ages of eighteen and twenty-two. At the school a two-year preparatory course is condensed into two years' study, after which the students are assigned sea duty with the fleet in units of twenty men and a bandmaster.

The personnel of the United States Navy Band consists of four ranks. Musicians First Class, First Musicians, Bandmasters (temporary appointment), and Bandmasters (permanent appointment). The members of the band receive subsistence money in addition to the regular pay of their grade enabling them to live with their families in their own homes.

Many band members have service records approaching twenty and thirty years. Within the past few years a number of the younger musicians have been selected from the leading musical organizations of the country.

PRESIDENT

Charles Mayfield, 39, Harrisburg, recently elected president of the S. I. N. U. Student Council for the academic year 1938-39.

MAYFIELD IS NEW COUNCIL PRESIDENT

Meyer, Wham and Mayfield Are on Steering Committee

Charles Mayfield, '39, was elected president of the student council at the first meeting of the group, which was held Thursday, October 6. Fred Meyer, '40, was elected vice-president.

The steering committee, which is composed of the president and two council members, was also elected. The members will be Charles Mayfield, '39, Anna Margaret Wham, '40, and Fred Meyer, '40. This committee will appoint all other committees as the need arises throughout the year.

Mayfield, now president of the Student Council, is at present head of the student Homecoming committee, a member of Kappa Phi Kappa, Scavenger, Seminar, Science Club, Debate Club and an ex-president of the Socratic Literary Society. His home is in Harrisburg.

ART INSTITUTE ACCEPTS TWO SHRYOCK PAINTINGS

Two Works by Southern Artist Entered in Chicago Art Exhibit

Mr. Burnett H. Shryock of the Department of Art at S. I. N. U. was signally honored last week-end when he was informed that two of his paintings were accepted for the Exhibition of American Paintings and Sculpture held under the auspices of the Art Institute of Chicago. This exhibit, the forty-ninth annual one to be sponsored by the Institute, opens on October 20 and continues until December 4.

The painting of Mr. Shryock that will be shown in Chicago are "Composition" and "Four Nuns on Macadam." Both of these pictures are expressionistic in tendency. "Composition" is a picture in which one sees a definite abstract approach.

"Four Nuns on Macadam" was painted by Mr. Shryock this past summer when he was at Gloucester, Mass.

According to the rules of the exhibit, American painters may submit three entries, but under no circumstances are more than two of them selected for the showing. Thus Mr. Shryock has been accorded the greatest possible representation in the annual show.

Although this is the first time that Mr. Shryock's paintings have been accepted for this particular exhibit, he has had his works recognized in other Chicago shows. Thus, in September, 1937, his "Wash Day Exercise" a picture done near Chester, was accepted in the International Watercolor Show.

The jury for the present Chicago exhibit includes Clyde H. Burroughs,

TWELVE GIRLS NOMINATED FOR QUEEN

Popular Election by Student Body Next Wed; Aud. Foyer for Polls

On Wednesday, October 19, the students will have the privilege of voting for one of the twelve girls nominated by the student body last Monday for Homecoming Queen. The twelve girls nominated are:

- Lucille Ross Sanders
- Ruby Lee Tomlinson
- Mary Winemiller
- Anna Margaret Wham
- Betty Williams
- Martha Jean Langenfeld
- Margaret McCLOUD
- Claire Patterson
- Maxine Richards
- Edith Hudgens
- Guilma Colter
- Edith Hudgens

From these twelve girls, the seven receiving the highest number of votes in the election Wednesday will appear at the Homecoming play, "First Lady," Friday, October 28. The "first lady"—or queen of Homecoming—will be announced at the dance Saturday evening and in her court will be six attendants.

Method of Election

Differing from the last year's method of the election of the queen—by votes on the ticket stubs—this year the queen will be elected by the popular vote of the students.

Each class will have a ballot box in front of the Auditorium. To cast a vote, the student must present his activity ticket at the election clerk of his class. The clerk will have all names of students registered in that class. The activity ticket will be punched, the name scratched from the list and the vote placed in the ballot box. The polls will be open from 7:50 a. m. to 4:00 p. m. on Wednesday, October 19.

HALL SAYS 1000 COUPLES WILL HEAR DORSEY

Predicts Less Than 7 Points Difference in Homecoming Scores

"There won't be more than seven points difference between the scores of the Homecoming football game, stated Mr. Hal Hall, principal of the University High School, in an interview last Monday with an Egyptian reporter.

"All the campus organizations are taking a greater interest in making the homecoming a success this year," continued Mr. Hall. "There is also a widespread interest among the civic organizations of this city."

Mr. Hall predicted that at least one thousand couples will attend the Homecoming dance. Jimmy Dorsey is tremendously popular now, and has never played in this region.

The local Free Press is issuing a special sixteen-page Homecoming edition which will be to the interests of the Homecoming crowd as well as the merchants and business men in the way of advertising. It will be devoted to written and pictorial form to Homecoming news and features.

Federal Theatre Play Wins Wide Applause

"Leaning on Lotty" presented here by the Federal Theatre Players last Friday night drew a crowd which filled approximately three-fourths of Shryock Auditorium.

The drama provoked snickers, hearty laughter, and all degrees of applause from the audience of college, high school, and grade school students.

of the Detroit Institute of Arts, Henri Matisse of the Philadelphia Museum of Art, and Henry S. Francis of the Cleveland Museum of Art.

WOODY URGES NEED OF GIRLS' CO-OP HERE

Says Girls' Co-op House Would Reduce Attendance Costs

Dean of Women Lucy K. Woody, in an interview with an EGYPTIAN reporter early this week, declared: "There has long been a need for a cooperative house for girls attending S. I. N. U. It would give students experience in group living and in managing costs and would enable girls who now do light-housekeeping to have greater variety in their diet."

Dean Woody emphasized the value of the experience gained in living and budgeting with others in cooperative houses. A cooperative would somewhat lower costs due to the larger amount of supplies bought, and the experience in carefully planning diets and manipulating finances would be excellent training.

Girls in a cooperative house would learn to live with others, which is one of the chief lessons to be gained from college life.

PEITHMAN SPEAKS TO GAMMA THETA UPSILON ON PREHISTORIC MAN

Gamma Theta Upsilon, honorary geography fraternity, sponsored by Dr. Thomas P. Barton, met last Tuesday evening in the Parkinson Laboratory to hear Mr. Erwin Peithman discuss the history of his collection of Indian relics.

One year ago Mr. Peithman loaned his collection to the Southern Illinois Normal University Museum and it has been considered by museum critics to be one of the most complete collections of its kind in Southern Illinois.

It is hoped that within a few years the school will be able to buy this collection from Mr. Peithman since it would form a nucleus around which to build a more complete and scientific understanding of prehistoric man.

Pictures and artifacts of cave hollow, where many of these articles were secured, will be shown on the screen here in the near future. Cave hollow was excavated this summer.

No Excuse For U. S. Going to War Again on Foreign Soil, Says Gen. Butler

Asserts That Commercial Interests Have Been Cause of Our Foreign Wars

By WILLARD A. KERR.

In an address to approximately 2000 students at Shryock Auditorium Wednesday morning, Gen. Smedley Butler, commander of more than 100,000 American soldiers in the World War, declared that there is no possible excuse for the United States going to war again on foreign soil.

Following are the high-lights of Gen. Butler's address which was entitled "Don't Shoot Until You See the Whites of the American Fruit Companies' Eyes."

HIGHLIGHTS OF SPEECH.

"It was war to make the world safe for democracy—we went dancing out on life stage, holding the crease hand—the leading democrat of Europe. . . . Mussolini runs his government by sound . . . you must learn to differentiate between sense and noise. . . . Hitler's announcements sound something like the Republican platform. . . . government by sound in place of sound government. . . . Hitler says he is going to have peace in Czechoslovakia if he has to 'kill every damn person in it' . . .

"Let the Standard Oil Company try its own fate. . . . We need to keep our flag at home. . . . the people own the battleship Pennsylvania—but do they control it? . . . war won't start until at least 1942 because Britain isn't ready. . . . we've got to put on the brakes and hold back. A lot of people are busy over here looking under carpets and beds for communists. . . .

"I ran all over Central America for five years protecting my home in Pennsylvania. . . . but we were pro-

tecting the American fruit companies. . . . Now we are getting the fruits of the World War treaties. . . . some of our 'first minds' say we help the unemployment problem—shoot a few million people and you don't have to put them to work. . . . you are going to die to protect capital. . . . I know because I ran all over the world protecting the Standard Oil Company. . . .

"If you can lick a country abroad you can whale the hell out of any country over here—this is YOUR country. Remember that the plane that bombs New York has got to make the round trip without landing. . . . If you take a ship plan to destroy New York and so many planes couldn't maneuver—I know, I've been up there. . . . All you have to do to keep foreign battleships out of New York harbor is drop two days carbide in it. . . .

"I hope we will never fight for dollars but we can't get out of the world. . . . the churches must stand up for peace instead of turning into recruiting offices as they did in the last war. . . .

A Booster Club! Why Not?
 One thousand or more S. I. N. U. students cheering as a body would certainly impress the alumni and all others who will be present at the Homecoming game. In addition such a number would strengthen the morale of the football team. WHY NOT ORGANIZE A BOOSTER CLUB? For cheer leaders we could have students who have had experience in high school—there are surely several enrolled. A half-dozen GOOD yells could be worked up and practiced sometime during chapel hour—probably next Wednesday. Why not have a special assembly at that time with some member of the faculty presiding, and decide upon cheer leaders and the yells? The S. I. N. U. loyalty song, which is in the orientation book, would be most appropriate when played by the band and sung by the BOOSTER CLUB.

In conjunction with the band program during chapel hour next Friday, October 14, there should be a short pep session with the football squad as the guests of honor, seated in the chairs usually occupied by the faculty on Mondays! Then when they line up against Arkansas on the 15th, let's have a reserved space filled with BOOSTERS. It might be a good idea for each BOOSTER to be supplied with a maroon and white banner. Or maybe a Maroon and White skull cap would be appropriate.

Let's do our part from the stands and let our football team show what they can do on the field.—Ike Schaeffer.

Unlimited Cut Ruling Unfair?

The recent announcement of the faculty committee's decision to permit unlimited cut privileges to only those students possessing a 4.5 average comes as a distinct surprise to the majority of the students. It seems difficult to reconcile this new policy with the more liberal trends in higher education. At least one great mid-western university makes class attendance purely a voluntary matter. It is taken for granted that persons attending college are mature enough to regulate their own conduct in this respect. However, although we may disagree with the new ruling, there is another factor that makes the decision even more irrational. Instead of giving advance notice that beginning next term the new rule would go into effect, the ruling specifies that it applies to students during the fall term. Thus, those students who had earned a 4.5 average in their last term in school and were supposedly entitled to rights of unlimited cuts are now deprived of these privileges. This serves to make a rule of dubious value unfair at the outset to many students.—James C. Hollings.

"Red-tape In The Library"

Probably one of the greatest causes of disgust and resentment now linking the S. I. N. U. student body is the requirement that every student in this college present a student activity ticket before being permitted to check a book out of Wheeler Library. Frequently a student will go to the library to check a book out—but discovers that he has forgotten his activity ticket. However, he happens to have his tuition receipt

The passes which are awarded weekly to the local ROGERS cinema are being presented this week to "A Big Country Boy" and to "Holly Gorgeous." These two may see Father "MARIE ANTOINETTE," Saturday "THE MAIN EVENT," plus other star attractions next week.

The fellow who did the "braying" in chapel last Monday morning was not a big country boy!

—A Big Country Boy.

APPEAL Will some kind soul teach a course in wintering for the benefit of those females who are benefiting out to do but go to the library and discuss last night's dates in an extremely annoying drone?

—Rosalie.

MEXICAN FOOTBALL!!!!
 The Sphinx is predicting that D. B. and his excellent bull slingers are in the public eye. The rub is that they are just clods.

Things to remember at Homecoming dance: Bathroom skirts are so long nowadays that a young man must learn to remember faces.

Puppy love is the beginning of a dog's life.

According to a horticultural bulletin, the motorist has a right to expect a little beauty by the roadside. Maybe he has, but the chances are that she'll be in somebody else's parked car.

Quotable Quote: "When posterity inherits the national debt, it is going to be the end of ancestral worship."

WANTED
 One large, red scud to attract that Spanish bull. (Rielly) (G)orgeous.

DECEPTION.

The moon came up as we strolled along—
 He held my hand and hummed a song.
 We left the campus and headstuck east,
 There was no sign of man nor beast.
 We climbed a hill and amongst the stones,
 Found only graves and mouldy bones.
 We saw beneath a whispering pine,
 I thought for sure his heart was mine.
 As the night went on, the moon rose high,
 He dropped my hand and gave a sigh.
 And vowed that never again he'd roam
 Away from his darling girl back home.

Oh! That his Hides!

MUSEUM NOTES

By PHILLIP SMITH
 THE PASSERINE PIGEON
 What a glorious sight it must have been for our ancestors to see great numbers of slim, long-tailed, brightly colored passenger pigeons. When banding joy must have filled the hearts of bird lovers to see great streams of the creatures swiftly passing throughout the day as so almost completely obscure the sun by their multitude. Often from early morning until late in afternoon columns of the birds with a white frontal wedge skim whirring by at the rate of sixty miles per hour. Later, in the stillness of evening, great flocks could be heard in wooded areas as huge birds were torn from beneath the wings of the birds as they settled for the night.

Such wonders are of the past; such wonders are a memory only. It is sad to realize that one of nature's most beautiful birds disappeared because of the greed and ignorance of man. Today they are and other evidence that he is a fully enrolled student and he presents this evidence to the librarian.

"No," says the librarian, "the rule is that we cannot let a book out unless the student presents his activity ticket!"

The student backs away with futile indignation, muttering against such rigid "red-tape."

But the student finds some ironic humor in fabricating an application of the same red-tape principle to a requirement for college entrance. Imagine, for example, that a birth certificate is required for college entrance. A prospective student loses his birth certificate. By the same logic the college must refuse him entrance on the grounds that he has no birth certificate and therefore has not been born.

Training School Building on This Campus is Obsolete, Says Writer
 Building Constructed When Enrollment Was 297; Enrollment Now 1876; Other Reasons Cited For Need of New Building

By NADINE DAUDERMAN.
 The present training school building on the campus has been in use for exactly thirty years, and as a teachers' college training school is absolutely obsolete.

Its deficiencies can easily be seen by considering the following points: It has no gym library, shop for practical arts and manual training, home-making laboratories, and elementary science labs.

Has no classrooms large enough so that college classes in school methods may observe expert teaching.

Has no conference rooms for critics and student practice teachers.

When the Allen building was new in 1907 the fall term enrollment was 297 students. The fall term enrollment of 1938 is approximately 1876. It is very evident, then, that a training school built for the use of 297 students is much too small for such a record enrollment.

It is extremely important and necessary that the college continue to maintain adequate practice and demonstration work on the high school level, and the present school will not permit this.

EYES AND EARS

By MARY BOVINET
 LIKE FOOTBALL—NO
 Vally noise yelke
 Makee yeehee blaw
 Lunny down to chassee
 Makee enemy flawl
 Brutes in fe tummy
 Chutkee on te shin
 Pillee like whispie
 Tubcke shirt-tail in
 Cateche loud le windpipe
 Gongee in lo eye
 Jumpsue on to holdice
 Smashes like le fly.

 All he have to give
 Chinee stick to washee gob
 He still wish to live.

JUST BETWEEN YOU AND ME
 I heard Hitler speak the other day and it seemed to my feeble brain that all the main text of his speech was "hut wate; it spoils armies."

THIS IS INADEE in sympathy with the upperclassmen who manage to struggle through this green stampede!

A ticket, a tasket,
 A green and yella basket.
 I want a fresh to open the door
 But I'm afraid in asker!

AND SOME ONE HAS SAID—
 Good styles change, but their defects remain ever the same.

gone, today, a few museums point with pride to mounted specimens that someone, foreseeing the day, has prepared for posterity.

The Wonders Park at Carbondale in 1923 could not exhibit specimens of the now extinct passenger pigeon, but people in Southern Illinois may view a mounted specimen during the next two weeks by visiting S. I. N. U.'s museum, located on the ground floor of the Biology Laboratory, where it will be on special exhibit.

HOBBYISTS

By GLEN MALLORY
 The above United States citizen is an issue of 1870. The portrait is that of "Old Rough and Ready" General Zachary Taylor.

Taylor is one of the few war generals to become President of the United States. At the time of the acquisition of Texas by the government, Taylor moved down to the mouth of the Rio Grande with a force of 8000 men and established Fort Brown. When the Mexican troops across the river attempted to divide the Americans out of the area war was begun.

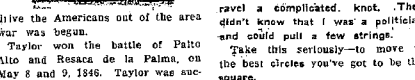

Taylor won the battle of Palo Alto and Resaca de la Palma, on May 8 and 9, 1846. Taylor was successful in battle on each time by a very narrow margin. He won the battle of Monterey in September and at Buena Vista Taylor barely squeaked a victory from Santa Anna and his 20,000 troops. Back home the name of Taylor became a topic of conversation, consequently in 1848 he was elected president of the United States.

Among the freshmen this year, I have thus far ferreted out one individual who should prove to be a very valuable asset to the hobby minded individuals of our campus in future years. He is no other than Julius Hubler from Granite City, Illinois.

Mr. Hubler is the former president of the Granite City High School Stamp Club. The club was organized in 1885 with twenty-five charter members under the leadership of Mr. Leonard E. Barker, Secretary of Shurtleff and present assistant coach at the High School.

According to Mr. Hubler, the club meets once a week and is conducted in the regular parliamentary manner. Guest speakers are invited 25 times a week. The club is active in stamp trading; is carried on and occasionally trips are made, chiefly to visit the Mound City Stamp Club located in the Coronado Hotel in St. Louis. At present the club has 40 members and is one of the fastest growing and most popular organizations of the High School and of Granite City.

Mr. Hubler is anxious to start a similar organization on our campus. He would be very glad to hear from other students who would be interested in aiding in the organization of such a club.

The while has blown, there goes one torn on the field, but ball... There seems to be no opposition. This is just my way of inviting some competition in this great old game of shooting the bull. Perhaps I should say that the game is not restricted merely to Spanish-Americans. Many Mexicans also have a reticent advantage. So-o-o Spanish challenge all you Mexicans, Greeks, and all other campuses to a game of Spanish Athletics.

With local and state politics buzzing around everyone's ear, I have decided to disk out a little bull especially for politicians. Here goes:

To begin with, every politician is a believer in the old saw about the early bird catching the worm. Well, boys, before you go out make sure you're a bird and not a worm.

Next, just remember that in politics when the worm gets ready to turn, it doesn't put out a hand to warn you.

They laughed when I tried to unravel a complicated, knot. They clutted their teeth as I politician and could pull a few strings.

Take this seriously—to move in the best circles you've got to be the square.

When the race gets close just remember that the worst time of all is to "pull up" when you're in a "tight place."

So much for you politicians—now go.

There's a class in swine husbandry offered here in the Ag. Dept. That's a new way of calling a man a hog.

Say you baseball fans—do you think it would help if the Cubs had worn milk stockings? The ladies are always getting runs that way!

It used to be that college graduates went from B. A. to M. A. Now they go over to B. A. to W. P. A.

Did you ever hear this one: I refused to pay my German tailor for pressing my suit. He didn't know there was such a thing as a free press. (I didn't think you had).

I laughed when I stood against the bar over at Carter's. They did not know Eileen—and I do mean you, Eileen.

I was reading that a Northwest University professor annually conducts a class in an alpine high school city. That's surely a step in the right direction. (This way there is no danger of any students failing to get a high mark.)

Our champion of last week is still with us, folks. Yes, I mean Willie. The little girl across the street asked him if he would bring her some matches on her lip like her daddy when she grew up. Willie appeared to be weighing the question very deliberately, then issued the following answer: "Pretty often, dear. I expect."

There's the whistle, so let's all go in and take a shower and wash off some of this dirt! (Don't! Blot.)

Did you know that at one time there was a daily paper printed for stamp collectors? The first issue was printed January 1896. The "Daily Stamp Item" made its debut with 28 subscribers and consecutive times before long had an existence with the issue of November 26, 1896, except for a subsequent Christmas number. The paper was issued by C. H. Niekol of the C. H. Mosken & Publishing Co., St. Louis, Missouri.

General Butler Satirizes War In Speech Here

By DOROTHY PEMBERTON
 Colonel Smidley Darlington Butler delivered an address here Wednesday, October 12, on the subject of the folly of war. This was the first number of the lecture program of the year.

Colonel Butler was twice decorated for his services during the Spanish-American War. First, for his capture of Vera Cruz, Mexico, in 1914, and later for the capture of Ft. Riviere, Haiti, in 1917. Col. Butler has fought in various countries all over and was wounded twice. For the world, his book has 121 battles, but few years he has been retired from active service in the army, and is now campaigning vigorously for peace.

He says concerning this peace sported on sweaters, jackets and tank tops, we'll have one hundred and thirty-three ladies and gentlemen, shouldn't we say, presented passports to free tuition last year.

Well, hobnobbed and debbles of 1938-39, we'll this space next year for a number. Hobbies in 450 averages and 75 life could plus

Moore Comments On Report Of Registrar

By IMOGENE MOORE.
 Recently, Miss Marjorie Sunk, registrar, completed her report on the 1937-38 year. According to this report, 595 guys and girls were enrolled at S. I. U. last year. Last fall term 1819 students attended, 943 men and 876 women. These numbers include both exclusion and residential students. The fall term during 1937-38 consisted of 132 members including training school critics.

Our little House of Industry has members representing fifty counties of Illinois, north, south, east and west. Not unlike the Houses in California, Michigan, Pennsylvania, Missouri, New York and Ohio last year.

As is to be expected, the Green Caps of last year were no exceptions to the fresh and mellow buds and leavings of previous years. They, too, majored in Cartology, and last year found them with a total grade point average of a scant 2.804. The silly, sappy Senis, the delightful, delectuous, de-Juimers, and the too-too-too sophisticated seniors have become used to being unfired from mommy's apron strings and managed to squeeze out better than 3 point averages between cokes.

Oh, dear, dear, dear! Do you know, we actually had 78 people who did not try to see the old crank to wind "it" up before the year began last year. Hobbies in 450 averages and 75 life could plus

SETS BEING DESIGNED FOR 'FIRST LADY'

Chamness, Garrison Now Working On Set For Homecoming

The sets for the Homecoming play, "George S. Kaufman's 'First Lady,'" are in charge of Robert Chamness, Little Theatre head technician, assisted by John Garrison of the technical staff.

Mr. Chamness designed and directed the execution of the setting for Act I, the second scene in Act II, and Act III. The scene represents the living room in the home of the Secretary of State at Washington, D. C. No particular period is used but a fusion of a number of periods showing the influence of generations of politicians who have occupied the house.

The color plot including draperies and furnishings is novel and distinctly in contrast with previous sets seen on the S. I. N. U. stage.

Mr. Chamness will be remembered for his work last year on the settings for "The Night of January 13" and "Sun-up."

The first scene in Act II has been designed and executed under the direction of John Garrison. The setting represents the library in the home of Carter Hildbard, a Chief Justice of the Supreme Court. The design is particularly fitting to the mood of the scene and the character of the man who uses the room as a study. It is drab, severe—a kind of miniature court-room, set with heavy furniture. This set is Mr. Garrison's first work as a directing technician in the Little Theatre, although he has assisted on the technical staff of numerous productions in the past.

DR. CRAMER MAKES COLUMBUS DAY TALK AT COMMUNITY HIGH

"Adventures—1492 and 1938" was the topic of an address given by Dr. C. H. Cramer of the history department in commemoration of Columbus day at Carbondale Community High school Wednesday morning. Dr. Cramer outlined various Columbus facts and modern historical parallels, including a brief discussion of Adolph Hitler and the Nazi adventure in modern Germany.

Jimmy Dorsey and His Orchestra Expected to Attract Record Crowd

Dance Will Climax Homecoming With Crowning of Queen

Jimmy Dorsey and his famous Mutual Network broadcasting orchestra will play for the Homecoming dance on this campus Saturday, October 29. Preparations are being made for

the largest crowd in the history of the school. Climax of the dance will be the crowning of the Homecoming Queen.

Radio has been responsible for the rapid rise to fame of many dance orchestras, and among them that of Jimmy Dorsey is outstanding both for its excellence and for the rapidity of its climb to national popularity. Many people have wondered

Campus Clubs Plan Festivities For Alumnae

With Homecoming only three weeks away, the organizations on this campus are swinging into the spirit of the occasion with numerous preparations to welcome back the "old grads" of the college.

The Commerce Club and Mu Tau Pi are planning breakfasts for Saturday morning to greet their old members, Chemoka, Kappa Delta Alpha, and Kappa Phi Kappa are giving luncheons.

Chi Delta Chi, Sigma Sigma Sigma, Gamma Theta Upsilon, Delta Sigma Epsilon and Newman Club will welcome their alumni back with a banquet before the Homecoming dance.

The Sorority Literary Society will hold its annual Homecoming meeting at 9 o'clock on Saturday morning. In addition the faculty is sponsoring a Tea Dance after the football game for all students and alumni.

There was a large attendance at Union county meeting Monday. After much confusion and debate, Eugene Robinson was elected president for the Fall Term. Mr. Robinson is a "Proctor" from Anna. Most of the offices were filled with students from Anna. Probably this was being discussed.

JACKSON COUNTY CREDIT UNION SHARES \$5 EACH

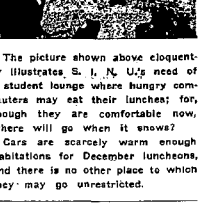

Local Organization Is Part of a National Movement

The Credit Union in the United States was promoted by Edward A. Flene, who adapted the plan from that used in Canada. The movement originated in Europe, where it has been successful for some years. Mr. Flene paid the salary of Mr. Roy F. Bergengren to promote the formation of the Credit Union and to organize the forces interested in the movement. In 1935 the national law was passed, making organization under a federal charter possible for all states and territories of U. S. Mr. Flene worked through federal instead of state laws because loan sharks were so opposed to the Credit Unions.

Illinois passed the Credit Union Law in 1936. There was now over 100 Credit Unions operating in this state. There are 23 Teachers' Credit Unions in Illinois.

The Jackson County Credit Union was organized in March. It has grown steadily and now has around 45 members. The capital in shares amounts to \$112,750, all in 420 of which are Federal Reserve notes. The object is to make it possible for teachers to borrow at the lowest possible interest rate and to encourage them to save through the union. The Credit Union is a cooperative organization. Officers work without pay.

LUNCHEON

The picture shown above eloquently illustrates S. I. N. U. U's need of a student lounge where hungry commuters may eat their lunches; for, though they are comfortable now, where will go when it snows?

FRANKLIN COUNTY ELECTS IVAN ANNEAR; BOOSTS HOMECOMING

Ivan J. Annear, Mulkeytown, has been elected president of the Franklin County group for the year 1938-39. Judie Brannon, West Frankfort, secretary; and Christopher Deane Stevens, Royaltown, secretary, at the first meeting the organization has held this year.

The group met under the guidance of the faculty sponsors, Mr. H. L. Beyer and Mr. Charles Purdie. Its purpose was to aid in making this year's Homecoming and stadium dedication the biggest events in the history of the college. In this connection, committees were appointed by the newly elected president to carry on this advertising in the respective towns of the county. These representatives are: Christopher, Dean Turner, Benton, Harold Largent, Elmer Hildner, Ray, Walter Hill, Bill Rea, and Zeigler, Malcolm Ham by. These committees will work with the officers of the group in promoting Homecoming in Franklin county.

The officers and the committee for the promotion of Homecoming will be assisted by the alumni organization, which is headed by Earl Bonart, West Frankfort, president; T. N. Nix, Christopher, vice-president; and Jeany Celsa, Zeigler, secretary-treasurer.

Mrs. John Trobaugh of 1215 S. Thompson street has announced her intention of serving lunches to the Allyn primary children. Noters interested should see Dr. Mott for arrangements. Twenty-five cents per month will be the initial fee.

JACKSON COUNTY CREDIT UNION SHARES \$5 EACH

Local Organization Is Part of a National Movement

The executive board of the Southern Illinois Council of Mathematics Teachers met in the S. I. N. U. mathematics office Saturday afternoon, October 8, with Lucy Glascock, editor, in charge. Representatives from the high schools of southern Illinois were present. Caroline Helm and Lavern Trip, both of West Frankfort, were elected secretary and treasurer, respectively. The board made plans for the mathematics field day which will be held at the college on February 4. At that time there will be mathematical exercises, exhibits of work done, discussions by high school students, and a competitive test. Prizes will be awarded in the best three types of exhibits. A luncheon is planned for the group of high school students and teachers. The next meeting of the board will be November 19. Suggestions for the exhibits and for participation in the program by students are to be sent out by the college mathematics department. Members of the board present are: Bertie Capelhart, Cobden. Lucy Glascock, Eldorado. Raymond Huck, Centuria. Charles Harbison, Equality. Albin King, Pittsburg. Carolyn Helmick, West Frankfort. Lavern Trip, West Frankfort. Lovell Pletcher, Carrier Mills. Hilford Hills, Chester. Clara Barlow, Anna-Jonesboro.

Any school employee may buy any amount of shares and loan it out to the members only. The rate of interest is only 1 percent a month on the unpaid balance. This is not even half the interest charged by most loan agencies. The Credit Union operates with a board of nine members. They are: Frank Dr. T. W. Abbott, vice-president, Mr. Fleming Coar, treasurer and manager, David S. McIntosh, secretary, Mr. Hal Hall, Mr. C. C. Logan, Mr. Wendell Margrave, Dr. Bruce W. Merwin, Dr. R. D. H. Kilder, Mr. Edward W. Miller. This board meets regularly every second Tuesday of each month. The Jackson County Credit Union is considered one of the outstanding new organizations here for the benefit of the teachers.

ANTHONY HALL TO HOLD OPEN HOUSE, SATURDAY

Anthony Hall will hold open house after the Arkansas-Southern game tomorrow from 8 to 12 o'clock. Lavern Trip has been chosen for the event as follows:

STEIN, DENNEY AND STALLINGS ATTEND YOUTH CONFERENCE

Miss Hilda Stein, Miss Florence Denney, and Miss Ray Stallings attended the youth conference at Giant City Park, Saturday, October 8. Miss Stein and Miss Denney, both of whom are faculty members of Southern, were representatives of the Jackson County League of Women Voters. Discussion centered around youth activities and what they can do in improving recreational facilities for the underprivileged and delinquent. Miss Alene Carpenter and Mr. Geo. Breacewell were in charge of local arrangements.

GELLMANN SPOKE TO PERRY COUNTY TEACHERS TODAY

Dr. Lois Gellermann of the Education department, S. I. N. U. addressed the Perry County Teachers' Institute in Pinckneyville today. He spoke to the general session this morning on "Improving Personality in the Classroom." At the special request of County Superintendent Harley Hammack, he entertained with magic and sleight-of-hand at the noon luncheon of the Institute. Tonight Dr. Gellermann will address the Inter-Club Banquet of the Anna and Jonesboro Business and Professional Women's Clubs held at the Anna Hotel.

Tomorrow he spoke at the Rock Island Teachers' Institute at Moline, addressing two sessions of the meeting on "Adolescent Personality Problems" and "Mental Hygiene in the Classroom."

Room activities are getting underway in Allyn school. Margery Toler, Tommy Swartz, Mary Trobaugh, and Jo Ann Hanson have been selected to serve on the window decorations committee. Mary Pulliam and Joyce Hiller will serve on the flower box committee.

Soloist

Oscar Short, cornet soloist with the United States Navy Band which will play here Wednesday, October 26.

Southern Illinois Mathematic's Board Confers Here

The executive board of the Southern Illinois Council of Mathematics Teachers met in the S. I. N. U. mathematics office Saturday afternoon, October 8, with Lucy Glascock, editor, in charge. Representatives from the high schools of southern Illinois were present. Caroline Helm and Lavern Trip, both of West Frankfort, were elected secretary and treasurer, respectively. The board made plans for the mathematics field day which will be held at the college on February 4. At that time there will be mathematical exercises, exhibits of work done, discussions by high school students, and a competitive test. Prizes will be awarded in the best three types of exhibits. A luncheon is planned for the group of high school students and teachers. The next meeting of the board will be November 19. Suggestions for the exhibits and for participation in the program by students are to be sent out by the college mathematics department. Members of the board present are: Bertie Capelhart, Cobden. Hilford Hills, Chester. Clara Barlow, Anna-Jonesboro.

Refreshment Committee: Chairman, Elizabeth McElvain, Betty Jo Howard, Mary Ellen Evans, Eunice Huey, and Clarence Williger. Music and Entertainment Committee: Chairman, Margaret Conway, Helen Dunn, Dorothy Carter, Dorothy Pemberton, Hattie Koona, and Alma Walters. Decoration Committee: Chairman, Thelma Lewis, Mary Kay Kinder, Ann Schmidt, Vera Beth Schmidt, Margaret Slankard, Esthe R. Struckmeyer, Delee Mitchell, and Joan Brown.

ARTISTS COOPERATIVE TO BE ORGANIZED ON S. I. N. U. CAMPUS

Local artists, students, and alumni of S. I. N. U. and townspeople interested in art, have begun a movement for organization of an artists' cooperative. The purpose of the organization will be to stimulate interest in visual arts in the community and eventually to create a demand for work done by members. A series of exhibits will be sponsored by the board later on according to present plans.

COMMITTEE PLANS ACTION, BOWDEN IS EXECUTIVE SECRETARY

Intend to Secure Sanatorium For Southern Illinois

The executive committee of the Southern Illinois sanatorium committee met this week in Carbondale and gave the "go-ahead" signal for immediate action in the interest of an adequate tuberculosis sanatorium for southern Illinois.

A revision or complete substitution of the present laws regarding the building and maintenance of such an institution will be necessary before anything can be accomplished in this connection. It is the purpose of the committee to work for general consent to act together as a unit instead of by single counties as usual, as is the case at present. Steps toward drafting such measures were discussed at length at the meeting last night.

The present movement had its inception in a resolution offered by Dr. E. D. Bowden in the Illinois conference on social welfare held in Carbondale last April, which reads in part as follows: "... that the president of the Illinois conference on social welfare be instructed to appoint a committee widely inclusive of southern Illinois for the purpose of exploring the immediate possibilities of building a tuberculosis sanatorium in southern Illinois; that this committee be instructed to work with any other forces in southern Illinois for the accomplishment of this resolution."

A. L. Bowen, president of the Illinois conference on social welfare, appointed John D. Hill, Carbondale, chairman of this committee. Dr. H. D. Bowden, Carbondale, was elected executive secretary of this committee. A meeting was called at West Frankfort June 23, eighteen counties being represented, at which formal organization was effected.

A chairman was appointed for each county and an executive committee grew out of this organization. The executive committee is composed of John D. Hill, Carbondale, chairman; Jackson county, Eugene Lewis, Benton; Franklin county, Dr. Andy Hall, Mt. Vernon; Jefferson county, Mrs. Pearl Parks, Marion; Williamson county, Dr. H. R. Cross, Dahlgren; Hamilton county, Chas. H. Huffman, Vienna; Johnson county, Chas. Wham, Centuria; Marion county, Mayor Roy Durbin, Harrisburg; Saline county, R. D. Bowden, Carbondale, executive secretary.

All except one member were able to attend the meeting last night, and in addition, Dr. Robinson Booth, East St. Louis, president of the Illinois Tuberculosis Association, was present. In addition to perfecting an organization, in each county for the purpose of information and action, area meetings will be held and active drive to gain solid support in about twenty counties in this end of the state will be launched.

The following counties have already launched their active organizations: Franklin county, M. H. Detweiler, chairman; Hardin, Clyde L. Flynn, chairman; Jefferson, Dr. Andy Hall, chairman; Mason, Miss Mary McMacKin, chairman; Perry, Florence Baker, chairman; Pope, L. S. Berger, chairman; Saline, Elizabeth Murphy, chairman; Union, Kate Coffman, chairman; Williamson, Mrs. Pearl Parks, chairman. A district-wide meeting is planned for the middle of November at Mt. Vernon, at which time complete data and plans for legislative action will be presented.

EDDIE JOHNSON TO PLAY FOR DUNBAR DANCE

Owen, Arnett, and Davis Candidates for Homecoming Queen

The Dunbar Literary Society has selected Eddie Johnson's N. B. C. broadcasting band of St. Louis play for their Homecoming dance. Johnson's orchestra is noted throughout the middle-west for the unique style in which it plays either sweet or jorrid swing numbers.

The Dunbar candidates for Homecoming are Rita Owen, Du Quoin; Elizabeth Arnett, Carbondale; and Evelyn Davis, East St. Louis.

Y. M. AND Y. W. PLAN PICNIC AT MIDLAND HILLS

The Y. M. C. A. and Y. W. C. A. voted last Tuesday evening to accept Miss Aileen Carpenter's invitation to hold their first joint picnic at Midland Hills, where Miss Carpenter resides.

"Tickets for this picnic, which will probably be a westerly event, will be on sale at the candy counter in the corridor on the first floor of the Main building. All other details as to time and transportation will be posted on the Y. M. and Y. W. bulletin board above the counter.

The party has been planned so the picnickers will get to the campus in time for the weekly bar dance at 8:00 p. m.

CRITIC DIES

Miss May S. Hawkins, social science critic at University High school, who died last week as the result of an injury which she received in an automobile accident seven years ago.

Resident House Begins Project in Agriculture

The new N. Y. A. agriculture demonstration project, under the student direction of Calvin Cole, has started to make rapid progress. The boys are being up the chicken house, clearing the surrounding ground, and have taken over the orchard and grape arbor.

Mr. Thomas Wheeler was highly pleased with this work, because he said it will supplement the boys in year to start an agricultural project under the abnormal conditions there will be more progress made, more learned, and more interest created than under ordinarily favorable conditions.

Under the leadership of Mr. Cole, the school has inaugurated fifty young chickens and in the near future, the house may take over a hog-raising project. Besides creating greater interest and responsibility in the boys, the agriculture demonstration will help supplement an income which will put the N. Y. A. on a self supporting basis.

KATE BUNTING AND ANNA M. WHAM TO GIVE RECITAL OCT. 19

Kate Bunting and Anna Margaret Wham, music students of Mrs. Elizabeth Hill Taylor, will present a joint piano recital Wednesday evening, October 19, at 8:15 o'clock in the First Presbyterian church.

Anthony Hall will hold open house after the Southern-Arkansas game, October 15, from 8 to 12 o'clock.

RULES GOVERNING SOCIAL AFFAIRS

Special affairs are such gatherings as are not directly educational in nature and purpose. They are classed in two groups: Parties and Social Functions.
A. Parties include:
1. Events given on afternoons or nights preceding school days and thus run by 8 p. m., such as tea dances or regular dinners to which guests are invited.

The following rules governing Social Functions must be observed:
A. The number of Social Functions given by any one organization may not exceed two in any one term.

The following rules governing Dances must be observed:
A. At least one week before the date of the dance, a list of not less than four chaperons to be invited by the organization must be filed in the office of the Dean of Women.

1. It must be cleaned under the direction of and to the satisfaction of the janitor responsible.
2. Organizations must return all borrowed property in time to facilitate cleaning the floor and to permit use of the room for classes by Monday morning.

When the school has inaugurated fifty young chickens and in the near future, the house may take over a hog-raising project. Besides creating greater interest and responsibility in the boys, the agriculture demonstration will help supplement an income which will put the N. Y. A. on a self supporting basis.

RURAL PRACTICE SCHOOL USING MOTION PICTURE FILMS

Rural practice schools that are supplied with electric current are making large use of motion picture films to enrich the school program. The pictures are popular with rural boys and girls.

Gersbacher, Burton And Barnickel Work At Reelfoot Lake

Dr. Willard Gersbacher, James C. Burton, and Paul Barnickel spent the weekend of October 3 and 4 at Reelfoot Lake, Tenn. where they are doing research work on the succession of plant and animal communities there.

CLUB LEADER

Bill Ure, newly elected president of the S. I. N. U. Chamber of Commerce.

Ure Elected President of Commerce Club

William Ure, '40, has been elected to head the S. I. N. U. Chamber of Commerce for the coming year. Mr. Ure is a commerce major and has an excellent record in the department.

The Commerce club meets every two weeks on Thursday night. The faculty sponsor, Mr. T. L. Bryant, promises the students many more interesting programs at future meetings.

UNIVERSITY HIGH ADMITS BOYS TO HOME ECONOMICS CLASS

In a class of 25 members, thirteen are boys. Units of work are being planned of equal importance and interest to both sexes.

How to select foods in restaurants and hotels has been discussed, using menus from local eating places and from large hotels in St. Louis and other cities.

SHEFFER, CURRY, FILDES, WEST, ARE Y. M. C. A. OFFICERS

Last Wednesday evening the Y. M. C. A. held its annual election of officers in the old science building. The following officers were elected for the coming year: Ruel Sheffer, president; William Curry, vice president; Woodrow Fildes, secretary; and Harold West, treasurer.

BOY SCOUTS WILL BE GUESTS HERE TOMORROW

Hundreds of Southern Illinois Scouts to See Arkansas Game

Tomorrow S. I. N. U. will have as its guests the Boy Scouts of Southern Illinois at the Arkansas Aggie-Southern Illinois football game.

The Scouts will meet in front of the Parkhurst Laboratory at 1:30 Saturday afternoon.

Dr. Kenneth Van Lente is in charge of the proceedings.

SPORTS EDITORITES

Southern's chances of coming through with a victory are two in the next few games brightened somewhat this week with the return of several varsity men from the injury list.

The Arkansas Aggiez from Jonesboro will have the pleasure of discussing with the 125 pounds of rugged driving bone and muscle in the person of George Henry "Ski-Go" Holliday.

The Maroon "Ski-Go" will waver in his ability, as he has led the reserves to several moral victories in practice scrimmages.

"FOOTBALL" FALL TENNIS TOURNAMENT DRAWS TO A CLOSE

The fall tennis tournament draws to a close. Play will continue for two more weeks, if weather permits.

McANDREW SAYS HOMEcoming WILL ATTRACT HUGE CROWDS

Mr. William McAndrew, head of Department of Physical Education for Men, predicts a banner homecoming at S. I. N. U. this year.

Table with 3 columns: Name, Won, Lost, Tied. Lists names like Haegge, Cox, Peterson, Church, Dodd, Kile, Morgan, Schaffer, Pardee, Gilpin.

INTRAMURAL BASEBALL

Records of the intramural baseball league for the past week show that the Spirits deviated from their losing ways and turned in two victories.

Congratulations are in order this week to Southern's line in general and to J. T. English, Bob Reed and Elbert Smith in particular for their performance against the powerful Kain eleven last Saturday.

Four grid men and yours truly (trio beyond expression) were the targets of the attacks.

Though "Stud" Sanders is able to dodge early halfback penalties, he had the misfortune of incurring a shoulder injury which definitely removed the possibility of his playing any more football this season.

W. A. A. INVITED TO U. OF I. HOCKEY PLAY DAY

THIS SPORT PING-PONG

At S. I. N. U. ping pong is the favorite sport of many of the boys, who play it between classes or even while their classmates are struggling through fifty minutes of mental exertion.

Most people think ping pong can be played in a room twice the size of a ping pong table, but someone I believe you would doubt that if you could see all the net to which players perform while they are indulging in a game of ping pong.

Forward students are cautioned by their parents to take care of their insurance.

W. A. A. Girls Have Outing At Giant City

A breath taking ride over the hills brought one hundred and forty girls to the picnic grounds of Giant City park for the W. A. A. barbecue.

FIVE MEN REACH QUARTERFINALS IN PING-PONG TOURNAMENT

During the past week the ping pong tournament has been progressing very successfully.

SEVENTH AND EIGHTH GRADE CLASSES VISIT LIBRARY

The seventh and eighth grade English classes of the Allyn building recently visited the Wheeler Library during their hour.

SHEPHERD, CURRY, FIELDS, WEST, ARE Y.M.C.A. OFFICERS

Last Wednesday evening the Y. M. C. A. held its annual election of officers in the old science building. The following officers were elected for the coming year: **Roei, Shepherd**, president; **William Curry**, vice president; **Woodrow Fields**, secretary; and **Harold West**, treasurer. **Shepherd** succeeded **Woodrow Fields** as president.

Work has started on the student directory which the association publishes each year. The time of publication has not been announced as yet, but will be sometime in the near future, according to Mr. McIntosh, sponsor of the organization.

At that time the practice teachers and critics had sufficient room and equipment to maintain adequate practices and demonstration work on an accepted high school level.

The location of the school at the present time is such that the playground is dangerous. It is bounded on the west by U. S. Highway No. 51, where the children are exposed

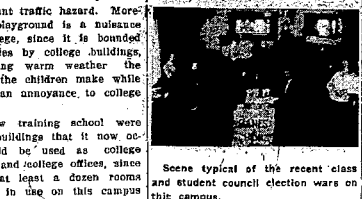

New Training School For Southern Is Badly Needed

Because of the present condition of the training school, the University High School has been unable to receive full recognition from the North Central Association of Colleges and Secondary Schools during the past three years.

The training school on this campus was built in 1927, when the fall enrollment of S. I. T. C. was 227. At that time the practice teachers and critics had sufficient room and equipment to maintain adequate practices and demonstration work on an accepted high school level.

The location of the school at the present time is such that the playground is dangerous. It is bounded on the west by U. S. Highway No. 51, where the children are exposed

POLITICS

HAL HALL AND DR. GELLMANN ON CHAPEL PROGRAM

Charles Mayfield To Present First Student Council Program, Mon.

The Homecoming chapel committee headed by **Charles Mayfield**, '39, president of the Student Council, will present a program Monday morning, Oct. 17. Attendance will be checked. Professor **Robert McIntosh** is the faculty chairman of this committee. **Hal Hall**, principal of the University High School, will speak at the chapel on Monday, and **Dr. Louis Gellmann** will talk on "Pep." **Martha**, Jean Lengenfeld, '39, will discuss the election of Homecoming queen, and **Chas. Mayfield** will also speak.

Y. M. AND Y. W. HAVE WIENER ROAST AT MIDLAND HILLS

The Y. M. and Y. W. C. A. met together for a wiener roast Tuesday, October 11, at Midland Hills. Approximately sixty members and friends of the two groups gathered around the flag pole at 6:30 p. m. and boarded the two trucks provided for transportation.

Miss Aileen Carpenter, who invited the group to the grounds, **David S. McIntosh**, faculty sponsor of the Y. M. C. A., **Mr. Fred Barnes**, rural critic, and his wife, chaperoned the outing.

Mr. McIntosh helped with the group singing.

After the wiener roast, the clubs returned to the old science building to take part in the weekly barn dance.

RURAL YOUTH CARAVAN VISITS CITY AND S. I. N. U.

The Agriculture Club of the college was host to the Rural Youth Caravan when they visited the S. I. N. U. campus Wednesday evening. The Caravan, which is sponsored by the Illinois Agriculture Association as a part of its young people's activities, has made a state-wide tour during the past week for the purpose of studying the Farm Bureau and visiting places of historical, commercial and educational interest.

While in Carbondale, the group visited the Illinois Fruit Growers' Exchange and the Producers' Creamery as well as the college.

PAUL PORETTI TO BE NEW CHEMEKA PRESIDENT

At their meeting last week, the Chemeka Club elected **Paul Poretti** president.

During the meeting, **Clifton Hart** gave a talk entitled, "Chemistry and Modern Improvements." **Fred Barnes** also addressed the group. The title of his speech was "Analytical Procedures Without the Use of Hydrogen Sulfide."

The club made final arrangements for Homecoming.

Dr. Ralph Thompson, '33, is studying cyclo-octotetraene research problems more than a century old with the president of Harvard University. Since this compound has never yet been broken down, no one knows what will be discovered concerning it.

HOLLOWAY, CHURCH, CRITCHTON AND EVANS ON STUDENT COUNCIL

Freshman delegates to the Student Council have been appointed by the deans. They will serve until time of freshmen elections.

These delegates are **Frank Holloway**, from Murphysboro High school, **Bruce Ben Church**, Marissa Township Township High school, **Mary Ellen Evans**, East St. Louis Senior High school, and **Jane Wallace Critchton**, Herrin High school.

APPROXIMATELY 30 ATTEND PICNIC OF EVANGELICAL CLUB

The Evangelical and Reform Club officers have announced that a record crowd attended the October meeting. The business meeting was dispensed with and approximately thirty attended a picnic held at the reservoir.

There is still opportunity for new members to join. Meetings are held the first Thursday of each month in the Y. W. C. A. room.

FIRST YEAR'S HOLD MEETING

Socialitas Romana, the Latin Club, met for the first time this term on Wednesday, September 21, in the Latin room. Twenty-two persons attended the meeting.

The business discussion was followed by a report on Roman festivals given by **Eugenia Peery**. The group then played Latin word games and sang several Latin songs.

Students interested in Latin will be encouraged to join the club.

FANER SPEAKS BEFORE LOCAL LIBRARY FORUM

At the meeting of the Library Forum of the Carbondale Women's Club Tuesday, October 11, **Mr. Robert Faner** of the English Department, spoke on the coming play season. **Mr. Faner** was in Philadelphia, Pa., last winter, and saw a number of the plays which he discussed.

The meetings of the Library Forum are held at the City Library at 7:30 p. m. and anyone who is interested is welcome to attend.

JAMES LINK CATCHES 40-POUND CATFISH IN SANGAMON RIVER

James Link, '41, student from Springfield, Illinois, according to the Springfield State Register, caught one of the largest fish ever to have been found in the Sangamon River, while fishing near Springfield last Saturday. The 40-pound fish-head catfish was hauled in with the assistance of a companion, **T. W. Jerspen**, also of Springfield. The fish was 43½ inches in length.

FOUR SPEAKERS ON STRAIGHT LINE CLUB

The Straight Line Club held its third meeting Wednesday, September 26, in the mechanical drawing room. They were entertained by the following program:

Fundamentals of Engineering—**Steve MacKib**, Diesel Engines—**Mr. Courtney**, Panama Canal—**James Maroerz**, Drawing Room—**Mr. George**.
