CODE OF WARTIME PRACTICES For the American Press

- Editorial Board members list including Elizabeth Patterson, Josephine M. Hill, George Scitterman, etc.

Advert for National Advertising Service, Inc. Chicago, Ill.

Advert for Associated College Press, 1941 Member, 1942 Associated College Press

Editorial Note: We reprint here a letter which should have special significance to college students...

Homecoming: Since Homecoming is considered the major event of the fall term, any plans, etc., toward making it a success are still to be crystallized...

Politics as Usual: In the September 1 issue of the New Republic Review, Dillard wrote a significant article entitled 'Can the Democrats win?'

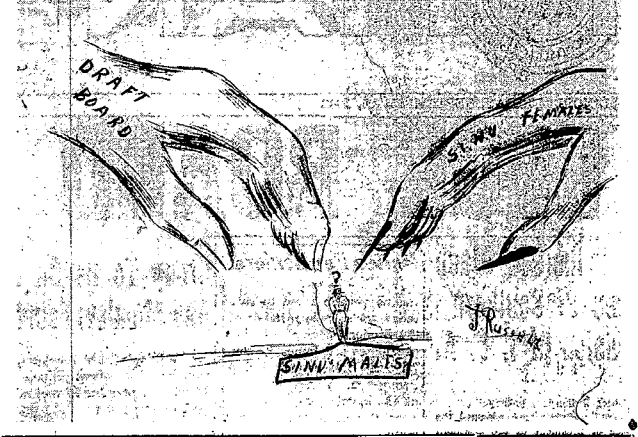

Student Council Minutes: The meeting of the Student Council of S.I.N.U. was called to order by the acting president, James Clinton...

Books in Review: We'd like to go all-out for a little number that is absolutely the most hilarious and uproariously funny book that has appeared in nearly a year...

Homecoming: This year, Homecoming is considered the major event of the fall term, any plans, etc., toward making it a success are still to be crystallized...

Politics as Usual: In the September 1 issue of the New Republic Review, Dillard wrote a significant article entitled 'Can the Democrats win?'

Homecoming: This year, Homecoming is considered the major event of the fall term, any plans, etc., toward making it a success are still to be crystallized...

HOMECOMING?

Since Homecoming is considered the major event of the fall term, any plans, etc., toward making it a success are still to be crystallized...

The latest announcement carrying any official information on the situation divulges that the date for the 1942-43 Homecoming is October 23 and 24...

It is a recognized fact that Homecoming is a student enterprise, run by students for their ultimate pleasure, and for school glorification...

POLITICS AS USUAL

In the September 1 issue of the New Republic Review, Dillard wrote a significant article entitled 'Can the Democrats win?'

Recent events tend to confirm Mr. Dillard's conclusions. On May 10, the Gallup Poll reported that the Democrats would gain thirty-eight seats in the House...

It is therefore pertinent that Mr. Dillard's article be examined. Most of his points dealt with the public's dissatisfaction with the war effort...

A fact that Mr. Dillard mentions and one that needs emphasizing is that in many cases the Republicans have a definite jump on the Democrats in leadership...

These are the attitudes and conditions which apparently condemn the administration. History for the election will tell whether the public is justified

or not. Surely the New Deal cannot shoulder ALL the blame for ALL the mistakes since December 7...

Anyway, one thing is certain. Politics are still here. As time politely informs a letter writer who would do away with political news...

So, for better or worse, there'll be an election in November. And the people will again decide, as they have always done.

BOOKS IN REVIEW

By DELBERT W. HAMILTON

SEE HERE, PRIVATE HARGROVE

We'd like to go all-out for a little number that is absolutely the most hilarious and uproariously funny book that has appeared in nearly a year...

In this little 200 page volume (Holt, \$2.00), the author relates the sad case of a seafarer who does just about everything the wrong way...

Hargrove's introduction has some good advice for the prospective drafter-in fact, his whole book should be read as a study of what not to do in the Army...

'Forward the Nation' by Donald Culross Peattie (Putnam, \$2.50) appeared several months ago but it's still worth a mention...

Mr. Peattie, who is a naturalist, a historian and above all a good writer, expatiates the part that Shegaden played in the great expedition which opened up the Pacific Northwest...

Mr. Peattie is one of the few historical writers (Howard Fast is another) who write their history to the form of a novel but keep strictly to fact.

Student Council Minutes

The meeting of the Student Council of S.I.N.U. was called to order by the acting president, James Clinton...

Student replacements were made to faculty committees to fill vacancies created by former student members failing to return to school...

Suggestions were made for a project for the year, to be definitely decided at some later date. The Steering committee of the Council was asked to make their report at the next meeting...

Ed. Note: Since censorship of the press is becoming a hotter issue by day, it was thought that the students of S.I.N.U. would like to know just what it reasonable material...

This revision of the Code of Wartime Practices for the American Press is based on the experience of the Office of Censorship and of the Press during the weeks since the original Code was issued...

If every member of every news staff and contributing writer will keep the 'no-rights' principle in mind and then will follow its dictates in common sense...

The result of such a process will hardly represent 'news as usual' on the news desks of the country. On the contrary, it will mesh some benefits of the journalistic enterprise of ordinary times...

This summary repeats, with some modifications, requests previously made by various agencies of the Federal Government, and it may be regarded as supplementing and consolidating all of these requests.

Obviously it is impossible to anticipate every conceivable contingency. The Office of Censorship will make special requests from time to time covering individual situations in order to guard out the outlines of newspaper and magazine practices...

Special attention is directed to the fact that all of the requests in the summary are modified by a proviso that the information listed may properly be published when authorized by appropriate authority...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

The general character and movements of United States Army, Navy, or Marine Corps units, within or without the continental limits of the United States...

Information about damage to military objectives, including docks, airfields, air fields, or public buildings of industrial plants engaged in war work...

The appropriate authority for information about damage from enemy attacks to military objectives on land within continental United States...

Before a raid is made, it is requested that news dispatches be transmitted or published at the responsibility of a raid, prior to official announcement...

There is no objection to publication of general descriptions of the action after the attack is given, provided such accounts do not (1) imply blame or commendation...

It is requested that no photographs showing damage or combat action be published or transmitted except upon clearance by military authorities.

Disposition, movements, positions, non characteristics, or strength of military air units of the United States or the United Nations...

Activities, operations and installations of the Air Force Ferrying Command, the RAF Ferrying Command, or any other military organization...

Information concerning new military aircraft and related items of equipment or detailed information on performance, construction and armament of current military aircraft or related items...

Specifications which would be used to gain access to or damage war production plants. Exact estimates of the amount, schedules or delivery date of future production...

Exact estimates of the amount, schedules or delivery date of future production, or exact reports of current production. Exact amounts involved in new contracts for war production...

Statistical information other than officially issued by a proper government department which would disclose the amounts of strategic or critical materials produced, imported, or in reserve...

Nature of production should be generalized as follows: tanks, planes, gliders, motorized vehicles, aircraft equipment, armaments, munitions, vessels, etc.

Any information about new or secret military developments, formulas, or experiments; secret manufacturing processes or secret factory methods for war production or capable of adaptation for war production...

Nation-wide or regional round-ups of current war production or war contract production data; local round-ups disclosing total numbers of war production plants and the nature of their production.

ETC.

(From Other Colleges)

Western to Make First Broadcast in October

Western, at Alton, Ill., will go on the air for the first time this year on October 3 from 8:30 to 9:30. The new show will be taken largely from the Radio Speech class. There will be thirty programs of forty-five minutes in length this year. Shows will be more diversified, including humor, drama, music, and news analysis.

New Events Are Added to Bradley Homecoming

Major revisions have been made in homecoming celebrations at Bradley this year. In addition to the traditional activities will be the Homecoming queen with two maidens of honor.

For to this year stunt shows of competitive nature were presented, but this year a play will be presented in place of the stunt show.

Prizes for the best society and fraternity show are to be given by judges immediately preceding the Homecoming game.

The main competitive efforts will be centered about house decorations which will continue this year as before.

New Cut System inaugurated at Millikin

A new cut system which will inflict severe penalties for tardiness has been inaugurated at Millikin this fall. The new regulations are a one-minute trial and will be retained after that time only if it proves successful.

Students may earn the privilege of voluntarily attendance by assisting for the honor roll. Students who have not been expected to register in their attendance but no check will be made by the instructors.

The purpose of this new system is to make a uniform penalty. In the old system all lack of attendance was just recorded as a "cut" and the student who might have been in an unexcused absence reported as being unsatisfactory in class attendance.

Joke of the Week from the McKendree Review

A tramp had been admitted to the causal ward of an English workhouse one evening, and the following morning he had departed before the inspector.

"Have you taken a bath this morning?" was the first question he was asked.

"No, sir," answered the man in an apologetic tone. "I was there one night."

Eight Students Eligible For Sigma Tau Delta

The Sigma Tau Delta, professional English fraternity on the campus, began its season's activities at a meeting Wednesday, September 23, by seeking and voting on a new chapter. The list of candidates included about five English majors and three others eligible for associate membership. The names will be announced soon.

Officers

The officers of the organization who have returned to school are: Dorothy Downey, Vice President, acting in the place of Norma Sparks, President, who is not in school this year; Caroline Polp, Secretary; Irene Urbank, Treasurer; Mary Anita Sowers, Historian.

Humanities Room

In its activities this year, the Sigma Tau Delta is planning to complete the Humanities room on the fourth floor of Old Main. The room is a large, rectangular chamber with a huge, semi-circular window facing the west. Although it still needs a great deal more to fit before it can be used, it presents attractive possibilities for the use of Humanities students.

Another activity in which the fraternity may participate this year is the selling of the Pocket series of books. As yet this project is indeterminate. The original plan was to encourage the college bookstores to handle the more inexpensive volumes of books. Then the idea of developed of the fraternity selling them, if satisfactory arrangements can be made, the plan may be put into operation; but it is still in the planning stage.

Contributions Wanted

The fraternity is particularly anxious to secure contributions from members or former members for the Reprint, the official publication of Sigma Tau Delta. Present or former members are eligible, and all contributions should be handed to Miss Tower before October 5 at the very latest.

There will be a meeting for all members as well as any alumni in the English office at 8 o'clock on Tuesday, September 29.

THIS WORLD OF MUSIC

By BEETHOVEN

A Yugoslav guerrilla marching song, with one set of words for the present fight and another for use after victory, has been smuggled into this country and will shortly be introduced in the United States. "Awake, New Slovenia" is its title, and the two Slovenian students who wrote it hope that frequent broadcasts of the song from the United States will help to spread it in Yugoslavia, where it will be heard secretly on the radio.

The march was brought to this country by an American citizen who escaped from Yugoslavia. He turned it over to Francis A. Sajo, the Minister of State of the Yugoslav government in exile. It has been recorded by Jascha Horenst and will be issued by a record company conducted by Keynote Records in an album along with seven other guerrilla songs.

The melody starts with the "M" motive from Beethoven's Fifth symphony. It begins: "Wake up, Yugoslav! now is the day when a new day does shall smile upon you!" The verse for after-the-war includes the exhortation to "fortify your frontiers with verdant care," and concludes: "One house shall be given freely, a share to no one, a shelter to all."

Since the American and English cities spoke in reviewing Shostakovich's Seventh Symphony of his debt to Mahler, the American Music Corporation has received a request from Shostakovich that it send him the Master score.

GRACE NOTES:

This season the lobby of the Metropolitan Opera may be decorated with huge photographic enlargements of singers in leading roles. . . . Clifford Hampton, baritone, who won the Metropolitan auditions of the air, will not be able to appear this season at the Metropolitan. He has enlisted in the Navy.

OFF THE RECORDS:

Teddy Wilson is one of the best of the jazz pianists. He does not act like the executive ornamentation of the distasteful disposition of rhythm and color that some of the boys employ. His work is clean and yet so plasticized. He has an album to himself (Columbia C-93, four 10-inch records) in which you can sample his talents as a pianist. He plays Smoke Gets on Your Eyes, From These Eyes These Foolish Things, Rosetta, I Can't Get Started, I Know That You Know, Body and Soul, and China Bay.

FAULTY NUTRITION RESPONSIBLE FOR MANY DRAFT DISQUALIFICATIONS

In an analysis last year of selective service registrants found to be unqualified for general military service because of physical and mental reasons, percentages of the total rejections can be indicated for the following defects: Teeth, 20.8; eyes, 15.7; cardiovascular system, 10.6; musculo-skeletal, 6.8; venereal, 6.7; mental and nervous, 6.2; hernia, 6.2; ears, 4.8; feet, 4.0; lungs, 2.9; miscellaneous, 17.7.

All Caused By Poor Food Habits

Faulty nutrition among American people supposedly the best fed in the world, was responsible for many defects noted under teeth, eyes, musculo-skeletal, mental and nervous, and lungs—a total of 44.6 percent. In addition, the miscellaneous grouping included diseases of the mouth and gums, throat, abdomen, outercure disorders, underweight and overweight—all of which may originate with poor food habits.

The figures released by the Selective Service System emphasize a condition which has been evident to thinking people for some time but which becomes alarmingly important to Americans at this particular moment. No longer can we attribute the state of things to lack of knowledge of proper food, for a great deal of timely material concerning the foods which are essential for optimal health is being distributed daily through advertising posters, magazines, newspapers, and health campaigns.

ALEXANDER IMPORTANT LEADER IN SO. ILL. CIVILIAN DEFENSE

In addition to his position as instructor in the S.I.N.C. government department, Dr. Cyril Alexander is engaged in an impressive list of civilian defense duties. He is coordinator of the Civilian Defense Council in the Crab Orchard area and head of the War Price and Rationing Board of Jackson county. His latest appointment, made by Governor Green, is as the Education Division of the Consumer Interest committee.

Works With Civic Leaders

As coordinator of the Crab Orchard defense area, which includes Jackson, Williamson, Franklin and Perry counties, Dr. Alexander works with the majors and city councils of this region in appointing and organizing committees for the various branches of home defense. Having worked in the Illinois Municipal League as consultant with the mayors and councils of Southern Illinois, Dr. Alexander had previously established himself as a leader in civic and domestic activities. These past contacts have qualified him as a regional defense coordinator. Among the problems of civilian defense are the erection of air-raid shelters, appointment of air-raid wardens and special police, organization of first-aid and home nursing classes, and the instruction of school children in air raid procedure.

Served on Committee

Last spring, Dr. Alexander served on a state committee for the proper education of consumers during the war emergency. Established under

Dr. Alexander

the price control program, this committee presented a series of instructive addresses before professional and civic clubs. Dr. Alexander's new appointment to the Consumer Interest Committee came largely through his work on the former committee.

Since January 1, Dr. Alexander has given more than fifty lectures on civilian defense training in the Southern Illinois region. His work is typical of the outstanding service being given to the nation's war effort by members of the S.I.N.C. faculty.

By CHARLES POERNER

The Faculty Gift Club, which has done so much for Southern men in the service, still finds itself the recipient of letters of Southern men from far and near.

Among the recent letters received by the club is one from Floyd D. Browning, Service Co. 11th Inf., Fort Monroe, Virginia: "Just a few lines, thanking you for the gift I received from you some time ago. I appreciate the warmth you show toward the men in the service by sending them gifts and the Egyptian. I am sorry I did not answer sooner. . . . Hoping to hear from you soon."

Likes Obitelk

Another letter for the Gift Club came from Scott Field, Ill. "I would like to thank you for the 1942 Obitelk. It is very nice and I am very happy to have a copy of my own. . . . I find that it contains items of interest about former classmates as to where they are and what they are doing. Also those that are in some branch of the service. . . . I am now attending the Communications School Officers Division at Scott Field. I find the Air Corps a wonderful branch of the service and enjoy my work here very much. The letter is signed by Aviation Cadet William O. Maricle, Aviation Cadet Detachment.

Another of Southern's aviation cadets is Harold J. Carr, who is stationed at Foster Field, Victoria, Tex. He writes: "I received my copy of the 1942 Obitelk the other day. I've spent hours looking through it. I can't tell you how I appreciate it and how much pleasure I get from it. The fact that you are so generous that I'm getting a leave before long I expect to be through Carbondale the morning of September 30 for a few hours. I hope I can get to see some of you at least. . . . A couple of important things have happened to me since I last wrote you. On June 10 I was married. My wife was formerly Miss Margaret Merrick of Bloomington, Ill. We were married in the Post Chapel of Fort Sam Houston in San Antonio. And on June 10 I was promoted to the rank of first lieutenant. That committee that you 'big events.' That's right, I'm with the Obitelk and I hope to see old S.I.N.C. about

On The Social Front
By MARIE WRIGHT.
Well, folks, I'm back again this week to give you first hand social news hot off the wires.

MUSIC NOTES
MacDowell Club
This year twenty-five of the club members of the MacDowell Club are set to give a concert.

Some outstanding accomplishments of the freshman members are as follows: Helen Mae Schweigman, first in district contest; Joe Wayne Spence, winner in district contest last year; Homer Lee Johnson, second in state last year; David S. McIntosh, first in state last year and second in national.

Reland Hayes Club
Carlson F. Brown, tenor soloist of the Roland Hayes Club last year, is back again this year. Another outstanding singer in the club is Russell Williams, who has won first in state and also was a winner in the national contest.

Sigma Sigma Sigma
At a pledge election of Sigma Sigma Sigma held Monday evening, the following girls were elected: President, Martha Grissom; vice president, Miltie DeWitt; secretary, Betty Raulo; social secretary, Betty Raulo. Newly elected representatives to the Panhellenic Council are Pat Parfield, Kay Isom, and Betty Alton.

Methodist Youth Fellowship
The College Methodist Youth Fellowship of the First Methodist church elected their officers and made plans for the fall and winter work on Sunday evening, September 20th.

Alpha Phi Alpha
Alpha Phi Alpha, Negro social fraternity, met on Saturday, Sept. 13, at the Delta House to hold an emergency election of officers.

Code of Wartime Practices
(Continued from Page 2)
Weather forecasts, other than officially issued by the Weather Bureau; the routine forecasts printed by any single newspaper to cover only the state in which it is published and not more than four adjoining states.

Notes on Rumors
The spread of rumors in such a way that they will be accepted as facts will render aid and comfort to the enemy. The same is true of enemy propaganda or material calculated by the enemy to bring about division among the United Nations.

Photograph and Maps
Photographs conveying the information specified in this summary including maps of embarkation, embarkation troops, harbor views of convoys, military air fields in continental United States completed after December 7, 1941, or emergency airfields no matter when completed; harbor defenses; inland waterway locks.

Maps disclosing the location of military depots of any kind, such as air, quartermaster or ordnance depots, or other military plants; ammunition or explosive plants of any kind.

NEW W.P.A. RECREATION CENTER HAS PENTHOUSE LOOK: REPORTER
Recreation is one of the most essential items of today, because people in every walk of life are being in every way to help you relax and affected by the demon war.

Pleasant Interior
As you step inside you are pleasantly surprised. Instead of the drab and unattractive surroundings you are usually find in such places you see beauty on every side.

All Comforts of Home
One may curl up in one of the big comfortable chairs that are plentiful, light a cigarette and enjoy a good book in quiet and restful surroundings.

General
Casualty Lists
Note—There is no objection to publication of information about casualties from a newspaper's local field, obtained from nearest of kin, but it is requested that in such cases, specific military units and exact locations be mentioned.

Information disclosing the new location of national archives, or of public or private art treasures. Names of persons arrested, questioned, or interned as enemy aliens; names of persons moved to resettlement centers; location and description of places of internment and resettlement.

Information about the movement of munitions or other war materiel. Information about the movement of the President of the United States or of official military or diplomatic missions of the United States or of any other nation opposing the Axis powers—routes, schedules, destinations, within or without continental United States; movements of ranking army or naval officers and staffs on official missions; movements of other individuals or units on military or diplomatic missions.

Information concerning any phase of the war seems to come from doubtful authority, or to be in conflict with the general aims of these requests; or if special restrictions requested locally or otherwise by various authorities seem unreasonable or out of harmony with this summary.

THE OFFICE OF CENSORSHIP,
Byron Price, Director.

LOUISE PAIN, CERAMICS EXPERT, JOINS SOUTHERN'S ART DEPT.
Miss Louise Paim, the supervisor of the Ceramics Division of the S.I.N.U. Art Department, is a person who is doing much to bring art closer to the people of Southern Illinois.

Miss Louise Paim, the supervisor of the Ceramics Division of the S.I.N.U. Art Department, is a person who is doing much to bring art closer to the people of Southern Illinois. Her presence on the college art faculty, together with the presence of Mr. Bohrod, makes the art department a very distinguished one.

Friend of Bohrods'
Miss Paim, a native of Chicago, who has been in Carbondale over a year, likes Southern Illinois. Also, she is a good friend of Mr. and Mrs. Bohrod, both of whom she met while in Chicago.

Long Technical Education
Miss Paim has been going to art school ever since she was eight years old. At that time she attended classes for children offered by the art institute in Chicago every Saturday.

Has Held Various Positions
From 1939 to 1941 Miss Paim was the head of the Home Arts Department. Here she taught immense classes of both adults and children.

As a member of the Chicago Society of Artists, she has a ceramic piece in the Syracuse Ceramic Show which is the really big show of the Western Hemisphere.

THE NAZIS GAIN A FEW YARDS MORE

Faculty Publications

Mr. Judson T. Landis of the Sociology Department has an article in the summer issue of Rural Sociology, the official journal of the Rural Sociological Society, published by the University of North Carolina Press. The title of Mr. Landis' article is "Factors Contributing to the Dependency of Rural People".

Mr. J. Henry Schroeder, of the Vocational Education Department, has an article in the September, 1942, Industrial Arts and Vocational Education magazine, which is by all odds the leading magazine in the field. The title of Mr. Schroeder's article is "Record Forums for War Production Training Classes".

Mr. Hohrod's new appointment has received widespread notice in newspapers and magazines, notably in the Art Digest for September 1, in which both an illustrated account and an editorial appeared. Last week a representative of Newsweek was on the campus getting the facts about the situation.

PULLIAM ON RADIO, TUESDAY

President Roscoe Pulliam of Southern Illinois Normal University, will appear on the "Dinnerbell Hour", over WLS, Chicago, on Tuesday, September 23. Mr. Pulliam's topic will be "The Hour, a Foundation of Freedom". The program is being sponsored by the Illinois Church Council.

Four Kings and a Guitar Player

Alvin Ray, his guitar, and the four lovely King Sisters will be musical basis Friday night to the fighting men of Camp Forest Tenn., when they appear on the revived "Victory Parade of Spotlight Bands" over the Blue Network. The entertainment, which will begin at 9:30 P.M., is part of the Spotlight plan to bring music to the men and women in the nation's fighting and working uniforms. Discontinued last May, the program has been renewed on a 52-week contract, 52 minutes a night, Mondays through Saturdays.

Ho-Hum! It's a Dog's Life

Tracer, who's anxious to put the bite on Adolf, yawns from sheer boredom in his ammunition-box seat aboard a plane at Army gunnery school, Harlingen, Tex. He wants action but student Raymond F. Nannen is just going up on a practice top.

CAMPUS BULLETINS

BOX NOTICE

W.A.A. Hockey practice will begin Monday at 4:00 p.m. Practice will be on Monday and Wednesday. Both beginners and advanced players are invited to come out.

All Freshmen boys are to report to the student Health office before next Friday, Oct. 2nd, to make appointments for their medical exams. This is compulsory.

Freshmen pictures for the 1943 Cliff Grindle Studio on South Normal will be taken at the C.C. Studio this week from September 28 to October 5. The studio is open every day from 7:00 a.m. to 8:00 p.m. The fee is \$1.00.

College students are allowed to attend any University High athletic event on the presentation of their activity tickets.

All students interested in rural life, 4-H, or rural education are invited to attend a free picnic at Buckles school, Monday evening, September 28. Meet at flagpole at 5 p. m. If interested, please leave your name at the rural education office or call 648-X by Friday evening.

All men who want to be included in the college's quota for the Army Air Forces Enlisted Reserve Corps or the Army Enlisted Reserve Corps, Unassigned, should fill out an application card in the mathematics office before October 1.

All men students interested in joining the Southern Knights are urged to attend the meeting of the Southern Knights next Monday evening at 9:00 o'clock.

All baseball players who have not signed up as yet for intramural play may yet become eligible for the Fall Baseball league by registering in the office of the men's gymnasium by 2:00 this afternoon.

All those desiring practice teaching for the winter term should make application now, Room 103, Parkinson Laboratory.
