SIU Bans Campus Drive Parking; To Restrict Cars in Parking Lots

Southern Illinois University campus parking rules underwent radical changes this fall in an organized attempt to relieve the crowded parking conditions and to secure better safety for students.

Two basic policies were put into effect this year by the University parking committee, and these changes were outlined in a bulletin presented to the students of the University on registration day.

The committee ruled “no parking” on the campus drive which begins at the intersection of University and Grand avenues, circles about the main campus, and ends at the intersection of Illinois and Grand avenues.

The committee also adopted a plan whereby all campus parking lots will be reserved and would be available only to students and faculty members with parking permits, both full-time and part-time, who do not own tickets.

Student violators must present their permits to the police at the intersection of Illinois and Grand avenues, behind the music department building on University ave., or behind Lake Ridgeway next to Anthony Hall.

All other parking areas within the campus will be available only to students who do not own tickets, who do not own parking permits, who have a ticket on their car, and to the various committees of the Student Council.

Violators in the parking areas who do not own ticket will be fined $50.00 for the violation. This fine is in addition to the parking permit fee. Those students who do not own tickets will be told to contact the administration and must report to the Dean of Men.

Candidates include: Business, Publicity, costume, make-up, stage, lights, sound, props, and rehearsal assistants.

Candidates for Southen's cheerleading squad will vie for positions at tryouts next Tuesday night, 7 p.m., in the Men's gym.

STUDENTS BEGIN THEIR trip through the Registration line with a bang on the speed flash unit on the new identification cameras used for the first time this year. The pictures will be placed on each person's activity ticket. (Photo by Peterson.)

**Meal Ticket System**

To Begin at Southern Cafeteria Monday

Beginning Monday at 12 noon in the cafeteria, students may purchase meal tickets worth $7.50 at a price of $3. The Student Council has made arrangements with the Sodexo Corporation to cooperate with it so that they will not be able to purchase meal tickets at the Sodexo Corporation.

The meal ticket system is not to be sold, but it may be transferred among students. The ticket will not be good to buy Coke. It will be valid any time during the school year.

According to Dr. Charles D. Tenney, administrative assistant to the president, “There is absolutely no way to make money out of such a meal ticket system. Any deficit will be made up out of income from auxiliary enterprises. This plan is now in an experimental stage, and will be presented to the Student Council this fall for approval.

The meal ticket plan is a result of work done by the Student Council this summer. The Student Council has co-operated with the administration in working out such a system.

Tom Sloan, president of the Student Council, said, “With food prices so high all over Carbondale, there is no better time for cafeteria meal ticket plans to be inaugurated. It is the hope of the Student Council that this practice will not be abused.”

**Freshman Camp Opens**

At Giant City Today

Freshman activities will be the most important part of the September program of the Student Council. According to Mr. Wylie, the foundation's director, has announced that freshman camp will be opened at Giant City State park from this afternoon until tomorrow afternoon.

Rev. Wylie described the purpose of the camp as: To help freshmen get ready for their religious life on campus.

The program will be a combination of worship, recreation, and discussion around the theme of “Campus Success.” These discussions will be led by C. Horton Talley and Paul Haunstein of the Student department. Next week, on Monday and Tuesday evenings students of the Student Council will visit freshmen who have been chosen to help them get ready for the camp.

Rev. Wylie has indicated that the freshmen who have been chosen to help them get ready for the camp will meet the freshmen who have indicated that they are interested in the religious life on campus.
To Freshmen Only

Many of you freshmen have been receiving advice concerning college for the past several weeks. Perhaps these tips came from college friends, high school teachers, or from mother and dad.

But now most of you are burdened down with suggestions—both good and bad—but we cannot resist the temptation to pass on our humble advice.

First of all, don’t become too enthusiastic or too pessimistic about college. Both bring equally bad results.

Those too enthusiastic soon find college has its darker side and that Southern, along with its virtues, has many faults. Also don’t build up teachers too high. Many are outstanding professors—as good as you’ll find anywhere. A few, we are sorry to say, probably couldn’t hold a teaching position at Pudnuk Holker except for the tenure system.

The building situation at Southern is not what we would like it to be. In fact, you may find many of your classrooms and classroom equipment not as good as what you had in high school.

Southern is trying to remedy this bad situation—and believe us—it has made considerable headway in the past three or four years. However, it is a time-consuming process.

Each year many freshmen are startled to find that the "old college spirit" is not on an even par with the "high school spirit."

This is not to our liking. We understand plans are in the making for a much better cheering section. You freshmen can make or break that drive.

A few other tips:

If possible, don’t get tied down to one eating place for a couple of weeks. Don’t be content with just following other people’s advice on where to eat. Try them out yourself. Eat a couple of meals at University Drugs; go downtown to the Ritz or Green Mill; try the Baptist Foundation cafeteria and the University cafeteria. Try eating at some of the organized houses, to join campus organizations catering to students so you can be a better judge about where the best eating is.

In the past two years this school has made considerable headway in the past three or four years. However, it is a time-consuming process.

In the past two years this column has been filled with famous last words and puns respectively. This year the column will be closed with notable quotes, some original, some not. Below is a single football game, play or other similar event; walk across the campus lawns; go swimming in Lake Raven; participate in campus politics; make noise in or swipe books from the library; think evil of your roommate; and consider doing something here. Bob Coover (Editor's Note: They do??)

Southern students “DON’T”:

1. Go home every weekend; cut classes; hope for a chance to be voted into every campus election for best candidate regardless of political ties; and promenade the fall. Don’t who knows if he likes it.

Freshmen, in addition to following the above rules, should also seek information about the ban in the arcit of Old Main, the cannon, why Dr. Staff teaches nearly 100 freshman classes each term, and how to join campus organizations catering to their special interests.

Simpson Injures Knee In Practice

Don Simpson, hard-running fullback from Fairfield, was the first football man to be seriously injured in the first practice this fall. Don who had been looking very good in early sessions, sustained a wrenched knee in early practice.

Simpson, now on crutches, was told by a local doctor that he would be unable to play for the remainder of the season. However, Don has high hopes of returning to active play before 1951. A knee injury is not as serious as a head injury.

During his professional baseball career Babe Ruth was struck out 1330 times.

To Southern Exposure

SIU Has Several "Unwritten Laws"

By Harry Reinert

In past years there have been some gripes misdirected among the freshman students concerning the "unwritten laws" of the university. Below are some of the more important points of this code.

Upperclassmen may also learn something here.

All students "DO!" Study hard, participate in all school functions, attend all assemblies; read the Egyptian—and especially Southern Exposure—and don’t vote in every campus election for best candidate regardless of political ties; and promenade the fall. Don who knows if he likes it.

Freshmen, in addition to following the above rules, should also seek information about the ban in the arcit of Old Main, the cannon, why Dr. Staff teaches nearly 100 freshman classes each term, and how to join campus organizations catering to their special interests.

In the past two years this column has been filled with famous last words and puns respectively. This year the column will be closed with notable quotes, some original, some not. Letters Welcomed

The Egyptian welcomes letters from its readers. These should be mailed to The Egyptian or dropped in a letters to the editor box in the first floor crosshalls of Old Main. Letters should be brief and should be signed. Names will be withheld if requested.

Southern's students returned to the campus to find many advances—but about the biggest advance they found was the boost in price of coffee from 5 to 10 cents at the University Canteen.
Winter Term Student Teachers Should File Application Soon

Formal application for winter quarter student teaching must be made between Sept. 18 and Sept. 29, according to Dr. Charles D. Neal.

Failure to do this will mean the student cannot teach winter term. Application blanks must be obtained from the director of teacher training office, Administration barracks, Herron ave.

Students wishing to teach must also have fulfilled university prerequisites, Dr. Neal said.

The requirements include a physical examination which will be given by the health service from Nov. 1-30. Those who fail to take their health examination at this time will not be given a student teaching assignment for winter term.

OTHER STUDENT teaching prerequisites are:
1. Application should be made to the director of teacher training one year prior to graduation.
2. Detailed form must be filled in a full quarter prior to teaching.
3. The student must pass satisfactorily a physical examination.
4. The student must be working toward the bachelor of science in education degree. (Exceptions are made only by the dean of the college of education.)
5. The student must have 12 quarter hours' credit, with a grade of "C" or better.
6. The student majoring or minoring in other fields must have taken English 345, as well as Ed. 316.
7. The student in secondary education must have at least 16 quarter hours prior to teaching.
8. The student must have at least 12 quarter hours of professional education prior to student teaching.
9. Secondary majors must have had G and Sp. Ed. 305 and 305 or 345, as well as Ed. 315. Elementary majors must have had G and Sp. Ed. 205 and 305 or 306, as well as Ed. 316.
10. The student must have taken Speech 101 and Speech 307, securing a grade of "C" or better. Special exemptions may be made by the chairman of the Speech department.
11. The student majoring in English must have completed English 300, securing a grade of "C" or better. The student majoring in English must have taken English 391, securing a grade of "C" or better. Special exemption may be made by the chairman of the English department.

It is hoped that the lighting system will be completed in time to play the remaining game scheduled at night on Nov. 10.

NEWW SYSTEM OR NOT, the end of the Registration line has its dictations between labor unions.

Southern Orchestra
To Begin Practice

First rehearsal for the Southern Illinois Symphony's second season will be held on the stage of Shryock auditorium Tuesday, Sept. 19, at 7 p.m., Dr. Maurits Kesnar, conductor, announced this week.

The orchestra, founded around the nucleus of the university symphony, last year gave four performances in six different Southern Illinois towns. The orchestra is composed not only of Southern students, but also of residents in the surrounding area. Dr. Kesnar has repeatedly pointed out that the orchestra has two primary aims—to bring "live" symphonic music to the towns of Southern Illinois, and to feature talented Southern Illinois soloists.

In issuing the call for members, Dr. Kesnar was very optimistic about the coming season. He said that the first season was a "great success, but I am sure that this season will be even more successful." Several programs have already been planned, including Beethoven's Fifth Symphony, Bizet's "L'Arlésienne Suite," Mendelssohn's "Midsummer Night's Dream" music, and many other selections. Also, several leading soloists have been contacted and have agreed to appear.

PTA SCHOLARSHIPS
OPEN TO SOPHOMORES

Sophomore students who have been graduated from high schools in which there are Parent-Teacher associations affiliated with the national PTA should contact the Dean of Men's office and Dean of Women's offices before Sept. 23 if they wish to apply for the $200 PTA scholarship.

Students to be eligible must plan to teach in the schools of Illinois upon graduation.

For Glenn Peterman, Dr. Kesnar said that he will welcome new students who wish to play with the orchestra, and that there is an especial shortage of strings.

PUBLIC SERVICE ANNOUNCEMENT:

LABOR DISPUTES DELAY
INSTALLATION OF LIGHTS
FOR McANDREW STADIUM

Delays in the construction of the lighting system for McAndrew stadium at Southern have forced the Athletic department to revise its plans for the first two football games of the season. Athletic Director Glenn "Abe" Martin, has announced.

Games of Sept. 30 and Oct. 7 which were previously scheduled for 8 p.m. will now be played at 1:30 p.m.

The delays in the construction of the lights were caused by jurisdictional disputes between labor unions.

SIU Footballers Prepare For Game With Hanover

Under the direction of new head coach, William H. (Bill) Waller, Southern Illinois University’s football squad has completed their second week of practice and are rapidly rounding into shape for their first 1950 contest at Hanover college Sept. 23.

Coach Waller started from the very first day with two grueling sessions including long scrimmages on the afternoon of every day. For the majority of the boys they have been through the toughest conditioning program in their careers.

Coach Waller, who comes to Southern from Yakima Valley Junior College in Washington, reports that he is especially pleased with the spirit and enthusiasm of the squad as well as the unusually large turnout of close to 80. Waller expects over 100 candidates once school gets underway and he emphasized the fact that everyone will have an equal opportunity and all are potential first stringers.

The coach is unperturbed by previous individual records of any candidate and his status will be determined on the practice field.

Returning for the first week of practice are several lettermen of last year headed by Captain Don Donald (Rod) Cota, who is one of the most versatile athletes ever to don the Maroon and White. Cota started as a freshman fullback, switched to tackle his sophomore year and moved to both guard and end last year. He may play any position this year although he has been used mostly at tackle thus far.

Other returning lettermen are Phil Bruno, Homer Malone, Lou Bobka and Herb Cummins, Harold Call, Fred Benzel, John Organ, Charles Oyler, Bob Brown, and Frank Krasa.

Warren Littleford, 225 lb., a returning tackle, is expected to report for practice in the near future.

Other veterans who will return in the second week of practice are several lettermen of 1950 including long snappers on the majority of the boys they have been through the toughest conditioning program in their careers.

The spirit on the squad seems to be good, and the sometime jovial, sometimes driving, murmurers of one Bill Waller, alias football coach, seem to have something to do with this atmosphere. At any rate, if the men continue to progress as they very apparently have during the past several days, football’s outlook here is brightening.

From the limited observations we’ve made so far, it looks as if a lot of beef is going to be available for service in the forward wall, and the backfield looks plenty fast. Let’s just wait and hope.

INDIAN BALL

Along with football and cross-country, another sport, usually overlooked for spring here, will some action this fall. For Glenn (Alb) Martin, erstwhile baseball mentor is going to put his diamond crew through a few paces this season in order to prepare for the 1951 season. Several of the veterans will be working out, getting in some helpful practice kicks, and picking up possibly a few tricks to use next season. It all helps.

CORN IN SEPTEMBER

The name of John Corn is not a new name to SIU football fans. For John Corn established a covered football record here at Southern during his four-year reign in the line of several good teams. After a year’s absence, which he spent coaching at Benton, Big John has returned to coach the line this year, and it’s a big step for him. But a football player doesn’t make the All-Conference squad, with the frequency that Corn did without preparing a goodly amount of tricks. John should do all right here, and should be learning all the time.

OUT ON THE LINKS

Halfback names Call, VanderPluym, and Organ will be the ones most mentioned this year. Remember, we said so.

STUDENT COUNCIL’S REGISTRATION dance was in full swing when this picture was taken Tuesday night in the men’s gym. (Photo by Peterman).

FOOTBALL, 1950

Well, it’s here! School, that is. And athletically speaking, football. And it’s a new kind of football at SIU. Revamped, renovated, and revolving. In short, the Southern men seem to have accomplished a lot in the less than two weeks of practice that have passed by, with ample support from Southern Illinois rains. The field has been wet; in fact, it is still. But the hecklers and otherwise less critical spectators on the practice field sidelines have already denoted that the grid men look good for this early in the season.

The spirit on the squad seems to be good, and the sometime jovial, sometimes driving, murmurers of one Bill Waller, alias football coach, seem to have something to do with this atmosphere. At any rate, if the men continue to progress as they very apparently have during the past several days, football’s outlook here is brightening.
