About 100 Parents Attend Activities at SIU Sept. 22

Approximately 100 parents of SIU students were guests of the university at a special Parents Day, Saturday, Sept. 22.

As a part of the day's events, the students at a special convocation in Shryock Auditorium at 4 p.m., where they were welcomed by President Delyte W. Morris, who spoke of the recently-completed Student Center and its facilities.

Following an introduction of the academic and personnel deans, Dr. C. Horton Talley, chairman of the speech department, gave the main address, in which he stressed the role of parents and teachers in education.

PRESIDENT AND MRS. MORRIS and the office of student affairs staff were hosts at an open house at the Student Center at 5 p.m.

Another feature of Parents Day, which was planned in conjunction with Parents' Weekend, was a program of activities for the faculty and students of the psychology department. The program, which included a series of meetings of the psychology department, was a part of the department of psychology's celebration of the 100th anniversary of the psychology department at the university.

The psychology department at SIU was authorized two years ago, and has been continuously activated this year.

While psychology, as a science and as a profession, is relatively young, its importance in education has come to be increasingly recognized.

PREVIOUS TO THE activation of the psychology department, the department of guidance and special education has been offering courses in psychology. This new department is to be a university-wide department, which will attempt, as soon as possible, to provide a program of instruction and of psychological services to meet the needs of the various schools of the university and the community of Southern Illinois.

At present, Dr. Kelley is the only member of this department, but addition of members is planned during the coming year. As the staff increased, new courses will be offered.

Dr. Kelley came to SIU from the University of Louisville, Louisville, Ky., where he had been chairman of the psychology department.

President Morris Talks to Freshmen

More than 900 freshmen attended the address by President Delyte W. Morris at the convocation which was given for their benefit last Thursday.

Using as his theme "the marks of an educated man," Dr. Morris advised students to "set their sense of values, accept the certainty of change, and develop a better understanding of themselves, other people, and the world."

"It is our hope that the university can help you to develop and make self-appraisal possible," Dr. Morris continued.

Dean of Men J. Clark Davis opened the convocation by introducing the deans of the undergraduate colleges and graduate schools, and the Student Council, to the freshmen assembly.

The psychology department at SIU was authorized two years ago, and has been continuously activated this year.

While psychology, as a science and as a profession, is relatively young, its importance in education has come to be increasingly recognized.

PREVIOUS TO THE activation of the psychology department, the department of guidance and special education has been offering courses in psychology. If Soon Will Happen...

Tuesday, Sept. 25—WAA trail hike, 4 p.m. beginning from the gymnasium.

Wednesday, Sept. 26—Delta Sigma Epsilon open house, 600 South University, 7 to 10 p.m., co-recreation, 7 to 9 p.m., in women's gym.

Women's P.E. professional club meeting, 7 p.m., gym 202.

Thursday, Sept. 27—International Relations club meeting, 7 to 9 p.m.

Friday, Sept. 28—Southern Illinois High School Press Association conference, registration at Student Center and social hour in students' gym, 4 to 5:30 p.m.

Saturday, Sept. 29—SHISPA convention and dance.

President Harris was principal speaker at the convention.

Chaplain at Nazi Trials To Speak at SHISPA Meet

The Rev. Henry F. Gereke, Lutheran chaplain at Menard penitentiary, and assistant to the pastor of St. John's Lutheran church, Chester, will be guest speaker at the Southern Illinois High School Press Association luncheon Saturday, Sept. 29.

The REV. GERKE was chaplain at Nuremberg prison in Germany during the trials of the Nazi leaders by the International Military Tribunal, and spiritual advisor to the 15 Protestant defendants. His story of his experiences was released for the first time in the Sept. 1, 1951 issue of the Saturday Evening Post.

Such well-known Nazi officials as Julius Streicher, Rudolf Hess, Joachim Von Ribbentrop, and Hermann Goering were numbered among the prisoners for whose spiritual guidance he was responsible.

CHAPLAIN GEREKE'S job was extremely difficult, considering the background of the defendants. Nevertheless, they were to such an extent dependent upon his presence that when they heard a rumor that he might be sent back to the States to his wife, who was in poor health, all 21 Nazis signed a letter which they sent to Miss Gereke, begging her to allow her husband to remain with them until they were sentenced.

Said the Rev. Gereke: "Hitler's strong boys, who had scourged Christianity and broken the 10 Commandments more than any scourdrels in history, were beseeching an American housewife for the spiritual counsel of a pastor of Lutheran church, Missouri Synod."
Radio and Public Opinion

For the next month now, SIU students and faculty will be asked for their contributions to the "Cradle for Freedom" drive, which begins today, and will total last Oct. 25.

Last spring so many drives were conducted, (all of them, however, for worthwhile causes), that we were literally "driven" to distraction.

But this is a new term—we all have a fresh outlook (supposing) as we eat there...on week-ends would last for several, just as easy I'll's is...to fill...Student Council Holds Nominations Today

Today, the Student Council is holding nominations for one senior male representative and one junior male representative to fill vacancies on the Student Council.

All juniors and seniors with activities cards may make nominations. Polls are located at the main gate in front of Old Main (in case of rain, at the crosshalls of Old Main) and will be open until 4 p.m.

For election the two representative meetings will be held next Tuesday.

An SIU Special

This year, for the first time that we can remember, the university's residence halls are going to be open on week-ends as a special service to students.

It sounds like a fine idea. If you buy a cafeteria meal ticket for $5, you can get $7.50 in food—quite a saving. And, the food isn't bad at all. This week-end plan will allow students who eat there every school day to use their meal tickets during the week-end, and, in addition, will give students who live at organized homes not serving week-end meals a chance to save a little on food expenses—a welcome thought to many. One meal ticket used only on week-ends would last for several weeks.

Then, too, different campus social or educational groups, whose members might not have time to meet during the week, might get together at the "caf" for a luncheon meeting on Saturday or Sunday.

Long Live the King

Well, with the new school year just beginning, Southern has officially "gone to the dogs." Rather, we should say, the dog has come to Southern, in the form of King Tut, the puguhin, who arrived recently, to the delight of his admirers, with the athletic department. (Perhaps if we had taken the name "Rebel" we might have gotten a real, live Rebel, imported straight from the South.)

WE WANT TO WELCOME "King" to the campus and assure him all possible measures will be taken to assure his safety. One of his straights at the area is, some of you students might make him feel more at home by bringing him a nice fat pork chop or a steak bone to gnaw on (for are Salukis too pedigreed for such common fare?). The choiceoney from Maroons seems to be catching on pretty fast. After all, it's just as easy to explain to an outsider what a Saluki is, as what a Maroon is. V. M.

Radio and Public Opinion

For the next month now, SIU students and faculty will be asked for their contributions to the "Cradle for Freedom" drive, which begins today, and will total last Oct. 25.

Last spring so many drives were conducted, (all of them, however, for worthwhile causes), that we were literally "driven" to distraction.

But this is a new term—we all have a fresh outlook (supposedly) and a fresh bankroll (unlikely).

THIS CAUSE TO WHICH we are being asked to contribute is unusual, in that the proceeds from it will be used, not for food or clothing, or medicine for the starving, but for the building of radio stations in Europe.

How many of us listen to the radio? Purely a rhetorical question for this era. The radio plays a very important part in shaping public opinion, and this applies to other countries besides the United States.

The $3,500,000 goal set for the crusade will be used to supplement the "Voice of America" with other radio stations all over Europe to undermine actions by communist elements.

As much as you can. V. M.

University Placements Service Lists

Positions Received by Former Students

Following is a list of SIU Jones—

And August graduates and former students, who have been placed in various professional positions by the university placement service.

Olivia Lovelace has accepted a position on the faculty at the Vi- neland Township high school. Mrs. Ann Ghoshal Basinger, Route 1, Eldorado, has accepted a position as teacher in the elementar—

Lee M. Lavender, Vienna, has accepted a position on the faculty of the New castle school in Stote Fort

John H. Hammack has accepted the position of principal of the Triad consolidated high school.

Kenneth "Jack" Smith, son of Mrs. Lowell Smith, 609 N. Eighth St., Herrin, has accepted a position as teacher at the South Side grade school, Herrin.

BETTY JEAN EDWARD HOUSE, Farmer City, has accepted the position of principal of the Franklin Elementary school. Farmer City.

Curtis D. Boone, has accepted the position of principal of the Douglas high school, Festus, Mo.

Mary Jeanne Spooner, Murphys-—

Having a position at Tompkinsville, has been accepted as assistant principal of the Waterford Community school unit district five. He will conduct the athletic team and teach.

Mrs. Luella Seyer Dickie, 218 Washington (Greenfield) has accepted a position of principal of the Witt high school, Witt. Witt, she will teach German and English.

Harry Wesley Carter, formerly of Southern Illinois, has accepted a position as principal of the Tippah Grade school (Tampico).

Betty Jean Peterson, Carter-—

She has accepted a position in the Carterville grade school as kindergarten teacher.

Robert Leonard Littlehale, Roy-—

She has accepted a position in the Ottawa public schools.

Iloyd Dean Butts, Carterdale, has accepted a position at the Pleasant Hill school near Carbondale.

P. O. W. Helgerson, Oakland, has accepted the position of band and instrumental music director in the Oakland Community Unit school.

George E. Casper, son of H. H. Casper, 205 Lincoln St., Anna, has accepted a position on the faculty of the Belleville junior high school, Memphis, Tenn. He is director of instrumental music.

Gordon McGinnis, 506 W. Wil-—

Low, Carbondale, has accepted a teaching position in the Staunton community high school.

Robert Eugene Collard, Jones—

He has accepted the position of principal of the New Castle school in

New Castle, has accepted the position of drafting in—

Richard L. Robinette, 816 Troy—

The Clarene has accepted the position of principal of the Joppa Elementary school.

Deniel East Bill, Olney, has accepted the position of principal of the East Richland Community unit junior high school.

Parking applications can still be submitted to the Parking Affairs for consideration according to Clark Davis, dean of men.

Faculty members, non-academic employees, and students who submitted their applications by Sept. 19 will be given first consideration. Then, if any room in the parking lots remains open after that date will be considered.

Parking application blanks are available at the Office of Student Affairs.

Dean Davis said that those in the first group whose applications are approved by the parking committee will receive their approved application if at all possible today by mail.

Instead of placing the authorized parking permit in their cars, the student may apply for a permit for his car. The student will then be issued a permit which is already registered in his name.

This will make it possible for them to secure their spaces in the near future, at the business office.

The parking committee has adopted a new set of rules and regulations governing parking on the campus for 1951-52.

1. REGISTRATION OF AUTOMOBILES

All automobiles operated by faculty members, non-academic employees, and students of Illinois University will be registered at the fall and spring registration meetings.

2. APPLICATIONS FOR PARKING PERMITS

Faculty members, non-academic employees, and students who operate automobiles may apply for a parking permit by completing the "Application for Parking Permit" located in the Office of Student Affairs.

The application for parking permits will be considered by the parking committee and assignments to parking areas made on the following priorities:

a. Disabled students, faculty members, and non-academic employees.

b. Commuting faculty members, students, and non-academic employees.

c. Other assignments will be based on the individual's necessity of driving an automobile to the campus.

3. SERVICE FEE FOR PARKING PERMITS

After the application for a parking permit has been approved, and an assignment to a parking area made by the parking committee, the operator will take his approval of the parking permit to the bursar's office and upon payment of $1.50 a parking permit will be issued for the academic year.

a. Brownwood—134 parking stickers will be available for the parking lot on the east and west side of Illinois and Grand.

b. Blue lot—44 parking stickers will be available for the parking lot east of the temporary barracks on Chautauqua Street.

c. Green lot—32 parking stickers are available for the parking lot to the east of Anthony Hall-Lake Ridgeway parking area.

d. Other lots—Parking stickers are available to parking lots north of the new University School. This service will not be available until a road leading from Mill street is completed.

4. CAMPUS CIRCLE DRIVE

Automobiles shall not be permitted to park on the campus drive except at the intersection of University and Grand avenues and ends at the intersection of Illinois and Grand avenues. A reserved parking area in front of Shroyer Auditorium has been established for visitors. Automobiles may pick up passengers on the circle, but the driver should be in the car. The speed limit on the campus drive shall be 10 miles per hour.

5. WEST SIDE OF THOMPSON AVENUE

No parking is to be permitted on the west side of Thompson Avenue from Grand Avenue past the business area. Drivers are asked to park their automobiles at all times during the year according to safety considerations, i.e., to park the automobiles according to the general pattern if lanes are not provided. Automobiles are not to be parked on sidewalks.

Methodist Girls Club Holds Picnic Tomorrow

Kappa Phi, national Methodist girls' club will have a picnic at Thompson Lake tomorrow evening to celebrate the organization of the girls interested in becoming members. Everyone attending should meet at the Student Christian Foundation at 5 p.m.

New officers for the year assumed their duties at the first meeting, held Sept. 19. President is Marjorie Paddison; vice-president, Alice Simons; treasurer, Kathryn Dungan; recording secretary, Pat Degan; corresponding secretary, Catherine Polanka; chaplain, Kathryn Man- kie; historian, Ann Hamaker; "Candlebeam" editor, Jeanette Smalley; program chairman, Mildred Lott; social chairman, Marjorie Fagel; membership chairman, Francine Foreman; and music and art chairman, JoAnn Cum- bham.

International Relations Club Plans Meeting

In its first official meeting of the year, to be held Thursday at 7 p.m. in the Little Theatre, the International Relations club will begin a new series of varied activities aimed at promoting interest in international affairs.

For the first meeting, activities planned are a movie short, a summary of the club's past doings, and election of officers for the present school year.

In the PAST the IRC has held roundtable debates, sponsored speakers from the faculty and from off-campus agencies which concerned with foreign affairs, held special dances, sent representatives to IRC meetings in other schools, and accomplished numerous odd jobs, such as sponsoring United Nations Day on campus.

Now, the club is looking for new members. Students interested in international affairs and who would like to belong to the IRC may apply for a parking permit at the first meeting Thursday night.

At present, the club is supporting the "AFROTC program, which begins in September. President of the IRC is Bernard Narusis and Dr. Frank L. Davis, dean of students, has been appointed chairman.

Dr. Boatman To Head National Committee

Dr. Ralph Boatman, chairman of the department of health education here at Southern, has been elected chairman of a national committee of health education, a section of the National Association of Health, Physical Education, and Recreation, which will meet in Los Angeles next spring.

Boatman has also been asked to serve as consultant at the first Illinois Conference of Physicians and Schools to be held in Urbana, Nov. 15 and 16.

MULLER REAPPOINTED AS COMMITTEE CHAIRMAN

Robert H. Muller, director of libraries here at Southern, has been reappointed chairman of the building committee of the Association of College and Reference libraries for the year 1951-52, it was announced yesterday.

THE CHEF SAYS:

"When we say Prime Beef, it MEANS Prime BEEF!"

U. S. Choice is good beef. Under the present grading system, it's called Prime in many restaurants. But we insist on serving our customers the very best—what we use in our Prime Rib—under the new grade, it's called Prime Rib in our book. You'll find no other kind of rib roast here.

THE HUB CAFE
Southern's first down came at Southern's 13. After the second touchdown, Central did all they could to kick the ball back to Southern and chose to kick a 50 yard field goal. MacDonald had a chance to make it a 7-yard field goal, but the ball was picked up on Southern's 24. A veteran Central Michigan line, a couple of hard projects of the ball on a punt on their right guard and tackle to deflect the ball into the end zone. Thus ended Southern's 77-yard touchdown drive.

Neither team could put together a touchdown drive again. They tried to continue to play good football but then, a couple of hard projects of the ball on a punt on their right guard and tackle to deflect the ball into the end zone. Thus ended Southern's 77-yard touchdown drive.

The second half brought about a change in the Salukis. They began to play good football. The defense held, forcing Central to punt. Joe Huske took over on Southern's 24. A series of twenty-three plays brought the ball to the within the Michigan 10-yard line. From their Joe Vander- plum, who showed flashes of some great running, crossed for the first Southern touchdowns. Neiry's try for the point carried low to the right.

By this time, Central's offense had scored 250 points against Michigan, which is for interns who are entering the graduate program are doing "Win" in ministrations in the lower 31 coun-
