

OPENSIUC'S ELECTRONIC THESES AND DISSERTATIONS SERVICE

WHAT IS OPENSIUC?

OpenSIUC is a service provided by Morris Library that stores, preserves, manages, and make publicly available the research produced at SIU-C, including theses and dissertations. OpenSIUC allows you, at no cost, to make your work available to the widest audience possible. Submission is a separate process from submission to ProQuest, but is easy and typically takes less than ten minutes.

WHY USE OPENSIUC'S ETD SERVICE?

- The content is easily discovered using common search engines, including Google.
- Posting in repositories has been shown to increase the visibility and use of theses and dissertations beyond ProQuest's database.
- Hiring boards and others can quickly find and view your document, from any location in the world and on any computer with an internet connection.
- You can restrict access for up to two years, to address concerns about prior publication.
- You can access and download your own electronic thesis or dissertation anytime and anywhere for free.
- You can choose to receive monthly emails which provide you with download statistics for your dissertation/thesis.
- Supplementary files, in any format, can be included.
- Word files are automatically converted to pdf.
- The URL assigned will never change.
- It's easy to submit!

WHAT ARE THE IMPLICATIONS FOR PUBLISHING?

Many journal publishers now allow posting of published content in institutional repositories. Rules vary by publisher, and the OpenSIUC staff can help identify publisher's policies. Many publishers' existing policies are available at <http://www.sherpa.ac.uk/romeo/index.html>

WHERE DO I SUBMIT AND HOW DO I FIND OUT MORE?

Visit <http://opensiuc.lib.siu.edu/etd/>
or email us at opensiuc@lib.siu.edu

DEPOSIT IN 7 EASY STEPS!
