BEHYMER WILL ADDRESS 300 AT MU TAU PI PRESS MEETING IN SHRYOCK AUDITORIUM TODAY

James M. Smith, President of Group, Announces Twenty High Schools Are Represented

Ma Tau Pi Fifth Annual High School Press Conference meets on the college campus this afternoon with F. A. Behymer of the St. Louis Post-Dispatch...

Registration Period The conference will open with a registration period in the Auditorium from between 1:30 and 2:30 p. m. to be followed by welcome by R. Yoncos Pulliam, president of Southern, and James Smith, president of Mu Tau Pi...

Students Lead Groups Southern members of Mu Tau Pi will have important roles in the conference include Ellen Todd Whitely, Gene Rogers, Bob Link, Mary Lou Hays, Bernice Winters, Harriet Kant, Margaret Lou Wiley, Melvin Applebaum, Bill Horrell, Jack Bass, Harry Marberry, Paul Green, Harry Patrick, Bill Gaetz, Norma Morton, and James Harris...

New Features This year's meeting will be a news photography exhibit arranged by Bill Horrell and papers submitted for judging. The James Harris and a collection of newspaper gallery has been added to meet the growing interest in that field in Southern Illinois publications while the paper exhibit will give the journalists a chance to compare their issues with the field as well as give an overall view of the scope of the conference.

WATHEN'S ORCHESTRA WILL PLAY FOR AGGIES' DANCE

Next Friday, May 2, the S. I. N. U. Aggies present their "Deacon" Wathen and his student orchestra, who will furnish swing and swing arrangements of the latest in dance rhythm. The men, all well known student musicians include: Wathen, the leader, Johnny Baker, Dutch Goodale, Frankie Talo, and Charles Wakefield. The event is the second annual Deacon-Flagline Hon, which will be held in the Old Science Gym.

COOP CONCERT CLOSES DRIVE FOR MEMBERS

Henry De Verner Discusses Coming Attractions

The 1941-42 campaign work of the Carbondale Cooperative Concert Association will close tomorrow evening at 5 o'clock after a week's membership drive.

Artists to appear on next season program will not be chosen until Saturday evening after the drive is closed. Monday there was favorable discussion of Helen Jepson, Gladys Swarthout, Marion Talley, Joid Carter, Laings Hatfield, and other leading artists of the day.

SANDBURG IS SPEAKER FOR CLASS OF '41

Carl Sandburg is to be the speaker at the commencement of the class of '41, according to an announcement by President Melvin Applebaum. Mr. Sandburg's fame as a poet makes him the ideal speaker for the class.

Plans for Senior Week include all the traditional features and at least one new event. Beginning with the bi-centennial service on Sunday, June 1, the program for the week will include Move-up Day in the assembly on Tuesday, a picnic for the class on Tuesday afternoon, the annual Faculty-Senior baseball game in the A. A. U. W. on Wednesday, the annual banquet on Thursday, and the climaxing event of commencement on Friday, June 6, followed by a reception for the Seniors, their parents, and the faculty of the college.

Thelda McDill Speaks To Gamma Theta Upsilon

The Gamma Theta Upsilon, national honorary geography fraternity, met Tuesday evening with four members of the fraternity taking part in the program. Thelda McDill spoke on a unit of China and demonstrated ways in which geography is taught to interest children.

NEW EDITOR

Harry Patrick, newly elected editor of The Egyptian, will be the new editor of the college newspaper.

HARRY PATRICK NAMED EDITOR OF EGYPTIAN

Harry Patrick, junior from Steeleville, was chosen to be the Egyptian editor for 1941-42 by the Student Council in their meeting Monday afternoon.

The Council re-elected Russell Harrison, junior from Granite City, to the post of business manager. Harrison had not applied for the position, but the Council decided that, since he was probably the best qualified man in school, it would name him president-shattering for his position a second term.

Patrick, who assumed full responsibility immediately, succeeded Wilbur Rice, who has been editor for the past year. In addition to his three years on the Egyptian staff, Patrick has done considerable work on the Obesisk, the college yearbook. He has also managed publicity for the athletic department.

Inter-Coop Council Dance

An Inter-Cooperative Council dance will be held tonight in the Little Theatre Auditorium at 8 o'clock. The music will be recorded.

SPHINX CLUB WILL HONOR 15 JUNIORS

Old Members Choose New on Basis of Service

In the college assembly next Tuesday morning, April 23, the Sphinx Club will hold its annual public ceremony in which invitations to the organization are delivered to fifteen members of the class of 1942.

The present senior members of Sphinx will be seated on the platform at the beginning of the ceremony. Members in school this year who participated in the voting are Melvin Applebaum, Thomas Barton, Kate Bunting, J. T. Shuglit, Louis Gellarman, Betty Gull, Bill Horrell, Francis Kaul, Steve Kristian, and the members of the Sphinx and Obesisk Clubs.

The first twelve names will be read by Mennie in alphabetical order. Invitations will be extended to the three juniors ranked highest in the class. The three highest will be first and the second highest will be first in group in receiving bids. In this same read will be that of the junior chosen by Sphinx as this year's outstanding example of service to Southern.

Mannie received this great honor last year, while Charles Neyfield and Anna Margaret Wham were first choices in the spring of 1938 and 1939, respectively.

The Sphinx Club in selecting new members strives to maintain the ideal of unselfish reference to factional or political implications. To this end the nomination and voting procedures are carried on in complete secrecy and without consultation between members.

Faculty Representatives Visit Milwaukee College

Dr. John R. Mayor, Dr. Thomas F. Barton, Mr. Howard E. Bosley, and Mrs. Ruth Hudson Fultz have just returned from a visit to the Milwaukee State Teachers' College.

GOVERNOR'S BUDGET COMMISSION BOOSTS COLLEGE APPROPRIATION; NOW READY FOR LEGISLATURE

Southern Gets \$351,000 Increase—Not Yet Parity—Will Have First Chance in Building Allotment

The Governor's Budget Commission has approved the final budget for the State of Illinois. The budget is now ready for submission to the State Legislature.

W. A. A. President Ellen Clements, president of the Women's Athletic Association, now in convention at Giant City park.

Lack Of Funds Prevents Keeping Wheeler Library Open Till Ten

The proposal favored by three out of four Southern students extending the closing hour of Wheeler Library until 10 o'clock, will not be carried into effect.

The decision was reached after hearing the report made by Ann Marie Krause, chairman of the Faculty Library, to discuss the problem of the Student Council, who were appointed last week by the Council of Administration to study the problem.

ART STUDENTS SEE ST. LOUIS MUSEUM

Approximately 50 students of the history of the museum art of the Renaissance, and an appreciation classes visited the St. Louis Art Museum last Saturday to study the pictures and different type rooms showing the influence of the Renaissance on painting, architecture, sculpture, etc.

MAROON TRACKMEN AT CAPE TUESDAY NIGHT

Southern Track Men To Face Strongest Dual Competition Of Year At Cape Tuesday Night

Cape Coach Abe Stuber's M. I. A. A. Champs Rated as One of Best Teams in Midwest

Southern's trackmen will engage in their fourth dual meet of the season when they journey to the "show-bus" state of Missouri to tangle with the Cape Indians.

After splitting their victories with Arkansas and Macon and then trouncing Eastern on Wednesday, the Lincolnian show-bus has enough persistence and work-out to be rounding out into near mid-season form.

Coach Abe Stuber of Cape boasts of one of the strongest teams he has coached in recent years. On a team studded with veterans the Indians possess such stars as...

MAROONS LOSE CINDER DUEL TO WESTERN FRIDAY

Southerners Succumb to Rush of Western Points in Field Events

With a scorching snipe in the field events here Friday afternoon, the Western and Leathernecks of Macon edged by hand Southern...

Trailing 51 1/3 to 55 2/3 before the javelin event and with only the broad jump and the mile relay remaining, the visitors turned loose a trio of veteran hurriers to capture first, second and third.

Go far this season we have witnessed some fine exhibitions of baseball by members of the various teams. Among the most outstanding of these players are Fred Campbell, Gerald Vener, Wayne Dempster, Dr. Chestnut Granger and Rockwell McCraith.

The games this week were fairly close with the exception of two or three, which despite their top-heavy scores, were thrillers.

Monday afternoon the Red Wings from Union County had been completely away from Alpha Gamma Mu. The Union county boys made 24 hits, 26 runs and only two errors, while Alpha Gamma Mu collected only three runs on four scattered hits and made nine errors.

A much closer game was played on the lower field between the Spirits and the Deuces. The Spirits collected 11 runs on 12 hits and three errors while the Deuces came up at the short end with only 6 runs, 10 hits and 4 errors.

Tuesday, the upper field was the scene of another "sculptin party," as the Intercoops trounced K. D. A. 11-1. The Intercoops gathered a total of 9 hits off the combined offerings of Malone and Charters.

While the Intercoops were cooperating to give the K. D. A. a draught of water, the boys were straining their backs, brains and brains trying to solve the offerings of Wayne Dempster.

Coach Lingle again found his greatest power in the two mile run. Rick Mitchell, sophomore from West Frankfort, came from behind in the last lap to sprint past Delaney of Western for a first place.

Coach Lingle again found his greatest power in the two mile run. Rick Mitchell, sophomore from West Frankfort, came from behind in the last lap to sprint past Delaney of Western for a first place.

OOPS!—THERE IT GOES

Bill Guiney, second year man on the Southern track team, displays the ball which has made him the number one shot putter on the Maroon track this season.

Southern Gymnasts To Compete In Central Association A. A. U. Meet In Chicago Tomorrow Night

Loyal Covington, Hubert Dunn and Arthur Washington to Head List of Southern Candidates for AAU Laurels

On Saturday of this week six of the Maroon gymnasts will journey to the windy city of Chicago to compete in the Central Association of A. A. U. gymnastic championship.

This is the second time in the history of the Southern numbers that they have competed in such a meet of national-wide importance.

Another veteran and third place winner in the Cincinnati meet, Hubert Dunn, will also attempt to capture additional laurels in the tumbling division.

The annual interfraternity dance, sponsored each spring by the Interfraternity Council, will be held tonight in the women's gymnasium.

The annual interfraternity dance, sponsored each spring by the Interfraternity Council, will be held tonight in the women's gymnasium.

Southern Trackmen Overwhelm Eastern Team At Charleston Wednesday By 93-38 Score

Maroons Win Eleven of Fifteen Firsts, Besides Winning All Three Places in Four Events

Coach Leland Lingle's Southern trackmen pulled victim number two in their year's second Wednesday afternoon when they defeated their host team, Eastern Teachers, by the overwhelming score of 93 to 38.

SPORTS SHORTS

By HARRY PATRICK

Louis Pechenino's flashy number two ability which earned him a tag 437 mile mark Wednesday at Charleston when he took first place in the mile event, marked the first time for a Southern trackman to ever place first in a meet when he ran the distance.

A reversal of broad jumping form occurred in the last two Maroon meets... whereas in the Macon meet here last Friday, the Southerners were unable to place even one man in the winning three places.

Apologies which should have been forthcoming last week but which were omitted due to lack of space are still due for two blunders of our own.

Following are the complete results of the meet: Mile—Pechenino, S. first; Mitchell, S. second; Seaman, E. third. Time—4:37.

120 high hurdles—Townes, S. first; Ward, E. second; Compasand, S. third. Time—18:6.

Shot—Bressler, E. first; Guiney, S. second; Albers, E. third. Time—10:44.

High jump—Carroll E. and Williams, E. first; Price, S. third. Height—11'.

Final score—Southern 93, Eastern 38.

SOUTHERN GYM TEAM HAS BEGUN ANNUAL SERIES AT HIGH SCHOOL EXHIBITIONS

With the exception of one or two remaining national meets, the Southern tumbler have left the ranks of competition to display their talents before the students of various Southern Illinois high schools.

For his last several years Coach Joe DiGiovanni and his proteges have toured surrounding secondary schools in order to develop the interests of gymnastics in Southern Illinois.

The program is arranged specifically to appeal to high school students. The gym team performs its usual routine in tumbling, and on the parallel bars, etc.

Last week an interesting visit of experimenting took place when Southern's freshmen tumblers met the Pickensville high school team and

Table with 2 columns: Name and Score. Lists results for various events like 440 yard dash, 100 yard dash, 120 high hurdles, etc.

INTER-FRAT COUNCIL DANCE TO BE TONIGHT

The annual interfraternity dance, sponsored each spring by the Interfraternity Council, will be held tonight in the women's gymnasium.

500 HIGH SCHOOL STUDENTS HERE FOR ALL-SCIENCE DAY

The annual Chemistry Field Day, which was held on the Southern Illinois Normal University campus last Saturday, became an All Science Day...

The outstanding features of the day were the address of welcome extended by the president of his college, Roscoe Pullman...

Dr. B. S. Hopkins holds the distinction of being the first American to discover an element, Ithium. This element, named after the University of Illinois...

College exhibits were set up and supervised by local science students in the following departments: physics, chemistry, health, physiology, botany, and zoology.

- The five outstanding exhibits in general science were: 1. Telegraph set—Leo Ehlers—Chester High School.

- The five outstanding exhibits in biology were: 1. Plant Kingdom—Chester High School.

- Winners of awards in the elementary essay contest were as follows: Bob Botsch of Murphysboro, first.

The high school science teachers who attended the meet were unanimous in their praise of the cooperation of the college departments and local committees in making the arrangements for and in participating in this All Science Field Day.

Schools participating in this event were: Anna Jencsofer, Cairo, Bonds City, Grand Tower, Golconda, Marion...

PLAN FULL THREE-DAY PROGRAM FOR AFCW CONVENTION HERE

The program for the A. F. C. W. convention on Thursday morning began with officers' registration at 8 o'clock. From 10 until 11 o'clock movies were shown for the girls who were interested.

After lunch a convention picture was taken, then there was a general assembly in the lounge of the lodge. Mr. Robert Fayer of S. I. N. U. presented the keynote address and student speakers discussed phases of the program.

A formal banquet based on the Colonial theme will begin at 7 this evening. The speaker, Miss Alice Schriver of Washington University in St. Louis, at 9 o'clock there will be a Monte Carlo party in the lounge of the lodge.

FIRST PROGRAM OF KINDERGARTEN GROUP MEETS AT GIANT CITY

The first program of the newly organized Southern Kindergarten-Primary Association, which is a student branch of the State Children's Education Association, was held Thursday, April 17, at Giant City Park.

The guest speaker at the banquet was Miss Olga Adams, who suggested numerous ways that the association might operate on the SINU campus.

In explaining the purpose of the Children's Education Association as one of research for better development of kindergarten-primary education, Dr. Botsch stressed the importance of the kindergarten-primary education as an integral part of the state education program.

Local Representatives Go to Delta Kappa Gamma Meet

The state convocation of Delta Kappa Gamma, national honorary education society for women, will be held tomorrow, April 25, in Rock Island, Illinois.

SOUTHERN MAY BE APPROVED BY AAUP

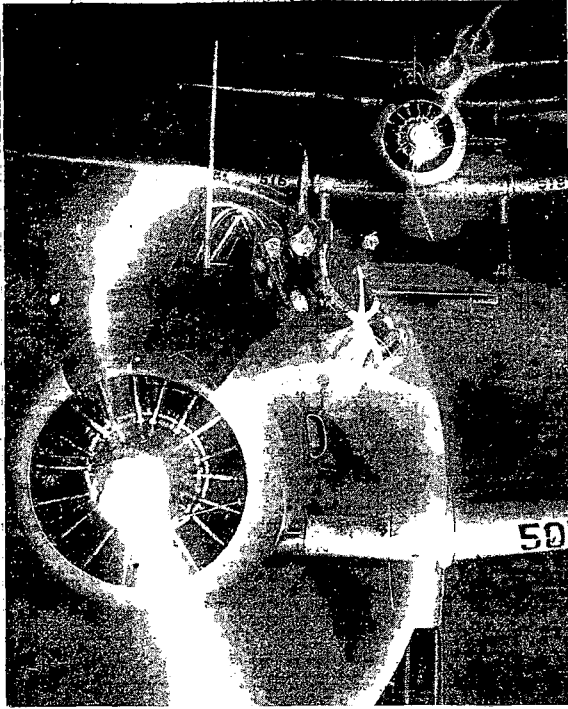

The biennial convention of the American Association of University Women will be held at the Netherland Plaza hotel in Cincinnati, Ohio, Friday, May 4, with Mrs. M. L. Barnes of the home economics department and Miss Gevtrude Stein of the zoology department, as delegates representing Southern.

The session of the convention has a particular significance for Southern, since it is here that the national committee of the association will cast the vote that will establish SINTU on the approved list of colleges and universities in the United States. Recognition by the American Association of College Women will then mean that membership in this national organization will be extended to all women graduates of Southern, DeKalb, or Northern State College, was approved by the convention two years ago and is incidentally, the first teachers college in the state of Illinois to be placed on the approved list.

Early in March, Dr. Gertrude Smith of the University of Chicago had a member of the national membership committee of the AAUW, investigated conditions at Southern with the purpose of recommending us to the national convention. The general purposes of the American Association of University Women is to raise educational standards among college women, to maintain better housing conditions on college campuses and to create an equality of placement between the men and women on college faculties.

PI KAPPAS HEAR TALK ON LIFE IN GERMANY

The Alpha Xi chapter of Pi Kappa Sigma entertained Miss Karle Epstein of Herrin at dinner, Monday evening, at the chapter house. After dinner Miss Epstein gave a talk about her life in Germany and London before her entrance into the United States eight months ago. Miss Epstein told of her father's business in Germany, of her many friends, and of her life there before the regime of Hitler and the loss of her friends and business after Hitler's Aetl-Semetic program. The three years prior to her entrance into the United States were spent in an English school. Miss Epstein is now eighteen years old and a junior at the Herrin High school.

Whirling propellers become silver disks under the floodlights at Randolph Field as flying cadets taxi to the line to soar aloft into the star-filled Texas sky. Cadets deftly circle for round the clock air vigil, so fledgling pilots, during their two weeks of basic schooling, receive training in night flying, aided by radio and the 500-horse-horse power landing lights on the flying line. As proficiency is gained, the flying cadet becomes able to circle down in the darkness to a landing with only his wing tip lights to guide him. Ten more weeks of advanced training on even more powerful planes, and the cadet pilot receives his wings and commission, ready to take his place in the aerial defense of his country.

College Film Loan Service Provides Motion Pictures For Three Thousand In This Area

Three thousand students in Southern Illinois benefit from the circulation of approximately 1500 motion pictures. The establishment of this service, which is a part of the library at S. I. N. U., makes it possible for schools in this area to have motion pictures in their classrooms. This service is a result of a grant from the National Normal University film loan service.

Early in the school year, each member of the film loan service is furnished with a list of the films they will be using each week. This list is then sent to the library, which will then order the films and have them shipped to the schools. The college pays for the films, and also pays transportation for them going out. Schools covering an area from 50 miles to 150 miles have benefited with it a corresponding increase in membership in the film loan library.

Covering 11 fields of subject matter for all grade levels, the eighty films now owned by the college are circulated among the schools each week. The films deal with general life, art, astronomy, antibodies, chemistry, geology, human biology, human geography, music, physics, plant life, nature for the primary grades, and vocational guidance. Typical film titles are: "How Nature Promotes Animals", "Living and Learning in a Rural School", "Molecular Theory of Matter", "Pottery Making", "Mechanisms of Breathing", "Navajo Children", and "Choosing Your Vocation".

According to Mr. C. C. Logan, director of the film loan library, this is a critical year in the school use of films. In recent years schools have used large numbers of films drawn from any and all sources, many of which are completely untrustworthy. The distribution of teaching films by well-trained men

of the film library committee demonstrated the proper way to use motion pictures in the classroom. Copies of the series of preview shows, a Film Forum and Workshop was held on the college campus. At this meeting more detailed instruction was given on the use of films and on operation of machines. As an auxiliary service of the film library the college Visual Aids committee makes films available for exhibition courses at the campus. This year projects have been shown to classes of the National Youth Administration rural schools participating in the college model school program and to extension classes throughout the southern region of the state.

NEW ADVISORS FOR S. I. N. U. ARE NAMED BY NORMAL BOARD

Two new members of the Southern Illinois Normal University advisory committee were appointed at a recent meeting of the Illinois Normal school board. The new members are Dr. Preston Bradley of Chicago and Mr. Lindell W. Sturgis of Metropolis. Mr. John D. Hill of Carbondale will continue to act as chairman of the committee.

The advisory committee acts as counselor for the college in administrative and general problems of policy. Members of the committee frequently visit the campus and report on the conditions of the college to the board. In addition, committee members act for the board, when that body is not in session, on matters that require immediate attention. Mr. Hill, a resident of Carbondale is beginning his third term on the Normal school board. He is manager of the district office of the Metropolitan Insurance company.

Mr. Sturgis, who has just recently been appointed to the board, is another Southern Illinois resident. He is well known to many students on the campus as a banker in Metropolis.

Dr. Preston Bradley, outstanding speaker and author, is minister of the People's church in Chicago. The Illinois Normal school board will hold its next regular meeting in Carbondale, May 12.

RURAL LIFE CLUB HAS PANEL DISCUSSION

The Rural Life Club held its regular meeting in the Y. M. C. A. room Monday evening with a major part of the program being devoted to a panel discussion, "Role of the Rural Community in Strengthening Democracy." The panel consisted of the following members: Dr. E. E. Hall, chairman of the Rural Education department; Mr. Earl Casel, University High school; Mr. Dean Elger, Rural Practice School; Mr. J. W. Dillow, supervisor of Rural Practice Schools; Lena Mae Flynn, Rural Life Club; and Orval McBride, Rural Life Club.

Uncensored Nonsense

By JOHN V. WHITESIDE
I heard something the other day about the national defense program. It sounds like a pretty good idea to me—so long as it stays on this side of defense.

THIS draft situation is really getting serious. If it keeps going like it's going now, the men won't have even a slim chance of wearing the pants in the family.

IF this part of Illinois is going to keep up with this front page defense program, something needs to be done on this campus.

IT would be a great sacrifice for the students to take up Lake Ridge way. The swim meets that are regularly held there would have to be canceled; the wide hockey games would have to be held some place else; the sailing and canoeing would be stopped.

I thought the school was getting into the spirit of things a few weeks ago by digging a bomb shelter in front of the library, but it wasn't enough; they were insulating a water line.

THE stadium could easily be converted into a miniature magnet line. Naturally all the men in the army it wouldn't be needed for anything else.

THE other buildings could easily be transformed into military stables. In the cavalry we in town the Main building could be used as a stable; the domes of the auditorium and library are perfect for anti-aircraft guns; the archery (beg pardon, I meant rifleman) could use the old Science building; the Parkinson Lab. and the men's gym could quarter the grantees; Carter's and the Student Center could be "canteens."

HISTORY GROUP MEETS IN MARION TODAY TO ELECT-NEW OFFICERS

Among the 1941 activities of the Southern Illinois Historical Society is the first dinner meeting of the year, to be held today at the First M. E. church in Marion.

The program will include a short business meeting at which the officers of the society for 1941-42 will be elected.

Present officers of the society are: President, R. L. Beyer, Carbondale; vice-president, Thomas J. Layman, Benton; second vice-president, J. O. Kurraker, Jonesboro; secretary, E. C. Lent, Carbondale; and treasurer, N. W. Quispe, Carbondale.

The dinner meeting will begin at 6:00 p. m. and will include talks by Fred W. Richard of Carrieville and John W. Allen of Carbondale, and special music. Mr. Richard, who has made an intensive study of his subject, will speak on the "History of Coal Strippling in Egypt."

Mr. John W. Allen, director of the history museum project on the campus, will illustrate his talk on "Log Cabins of Egypt" with models of cabins and historical dioramas, which were prepared by the project. Mr. Allen spoke at the recent meeting of the Southern Division of the I. E. A.

The Southern Illinois Historical Society recently issued a bulletin, containing news of the society and its activities. Dr. R. L. Beyer and Deau E. G. Lent of the S. I. N. U. edited the bulletin.

John Wright, also of the S. I. N. U. history department, will represent Jackson county on the nominating committee at the coming meeting.

Schneider Is Chairman At N. C. A. Conference
Dr. W. B. Schneider was a member of the staff of the North Central Association Conference on Liberal Arts and Colleges held at Knox College, Galesburg, Ill., April 15-19.

For the past year the association has been investigating the methods used by liberal arts colleges in the training of teachers, with a view to helping small liberal arts colleges improve their teacher training practice.

NYA EMPLOYEES TO BE GIVEN COMPLETE HEALTH CHECK-UPS

Complete health examinations will be given to all young employees of the National Youth Administration in southern Illinois, as a part of a national NYA health program, it was announced today by Edward A. Collier, NYA area director.

The examinations will be given through the cooperation of public and private health authorities, and the results will facilitate beneficial work assignments within the NYA program as well as lead to general improvements in the health of the youth.

Under the direction of Miss Deau Kingery, NYA area health supervisor, the program is being worked out which will provide complete health examinations for the 2700 young men and women now employed by the NYA in the 14 counties of Area 5, and also for all those subsequently assigned to the area.

Results of the examinations will be given by recommended physicians employed for that purpose by the NYA.

Three SINU Students Complete Air Course

Three former Southern Illinois State Teachers' College youths became a part of a class of 350 flying cadets completing the basic flight training course at Randolph Field, Texas, the "West Point of the Air."

Just four and a half months ago three young Americans were civilians, but now they're only ten weeks away from commissions as second lieutenants and flying officers in Uncle Sam's rapidly expanding air force.

They are: Charles J. Anderson, Carbondale, Ill., '35-'40; James L. Hudelson, Benton, Ill., '38-'38, Chi Delta Chi; Edwin M. Tharalick, Carbondale, Ill., '35-'40.

These student aviators entered the South Texas basic training school early in February after having completed ten weeks of elementary flight training and having learned the fundamentals of piloting in one of the army's 200- horsepower bi-planes. About 65 hours were logged, half of it solo and all aerobically from takeoffs to snap rolls were mastered.
