ORIENTATION WEEK TO BEGIN SEPTEMBER 4

Will Acquaint New Freshmen Here With Ideals of College

PROGRAM WILL LAST FOUR DAYS

Pulliam Will Speak (Evening of Opening Day At Stunt Party)

A four-day orientation period for freshmen which will open on September 4, marks the opening of school activities this fall. The purpose of the program is to acquaint incoming freshmen with the traditions, purposes, and ideals of the college as well as acquaint them in the mechanics of registration, choice of subjects, and entrance examinations. At the same time an extensive program of social entertainment will be offered.

At the stunt party on Friday evening, September 4, the Pulliam will speak to the incoming freshmen. Orientation begins, however, at ten o'clock Friday morning with the Freshman Welcome. Following this will be events some of which are optional and others required. Each freshman will be given a sheet of sixteen tickets containing coupons which will be used to check attendance.

Freshmen this fall may take a test on the fundamentals of grammar and composition, and those who successfully pass it may be excused from the term of rhetoric. The remainder of the students will take a course in reading and writing and one in the field.

Those freshmen who plan to continue with the study of a foreign language which they began in high school will take placement examinations. All the girls must take psychology examinations on Friday, and the boys must report at the New Gymnasium on Friday afternoon.

A complete program for the orientation period for next days follows:

10:00 P. M.—All Freshmen Welcome (Required attendance).

10:30 A. M.—Group Meetings with Sponsors (Req.)

1:00 P. M.—Five movie, Gen. Inv. (Optional).

2:30 P. M.—Group Meetings (Req.)

7:30 P. M.—Stunt Party (Req.) Saturday, September 5.

7:30 A. M.—Test (Req.)

9:00 A. M.—Registration (Req.)

2:00 P. M.—Panhellenic tea for girls (Op.); Interfraternity hours for boys (Op.)

7:00 P. M.—Freshman Party (Req.) Sunday, September 6.

7:30 A. M.—Sunday School (Op.)

10:45 A. M.—Church (Op.)

4:00 P. M.—Tea at Churches (Op.) Monday, September 7.

(Mo. Req.)

5:30 A. M.—Dessert of Women's meeting (Women Req.)

7:00 P. M.—Y. M. C. A. and Y. W. C. A. Mixer (Op.)

U. HIGH SCHOOL MAY HAVE TRIP AT END OF TERM

University High School may plan a whole day trip at the close of the summer term. The details are not completed yet but if the trip is made it will be based on the same plan as last year's trip.

Ornithology Class Visits Possible Field Laboratory

The Ornithology class took a trip Saturday morning to Hutchins' camp Wolf Lake. This is the camp which the colleges of Illinois are asking to be reserved for a field laboratory. The birds were intensely interesting—warblers, thick in the ravines, tanagers in the forests, and on Wolf Lake many kinds of herons and ducks.

U. OF ILLINOIS TO OFFER COURSE TOWARD MASTERS

Extension Course Will Be Given Here First Semester

An extension course in education will be given on this campus during the coming year by the University of Illinois Graduate School. The course will be counted toward work of the Master's degree at the University of Illinois.

O. F. Weber will be instructor in the course, entitled Social Finance—Business Management—Education. The course was appropriated several weeks ago and Dean Carmichael of the University of Illinois Graduate School gave his approval last week.

According to word received from Dr. Robert B. Browne, S. I. T. C. is offering the Illinois faculty. In the offering of this course at the first semester proves to be satisfactory, the University expects to follow it with another course in the field of education.

STADIUM WORK WILL BEGIN IN COMING MONTH

Miles Confers With Harrisburg Office On Bids On Material

Although work on the new stadium will not start until August, the Harrisburg office is now in the process of advertising for bids on materials as soon as the approved requisitions are returned from the Chicago office.

Edward V. Miles, Jr., business manager of the Harrisburg office confers with WPA authorities concerning the project. Since the college authorities will advertise bids for reinforcing steel, cast-in-place concrete, structural and miscellaneous steel and iron, mill work and hardware, it will be necessary to have a system where the duplication of orders on these is avoided by the WPA office.

73000 will be spent on materials and labor during the first month.

The work of staking out the land and excavating can begin two weeks prior to the receipt of any material.

ORIGIN OF SLANG REVEALED IN BOOK REVIEWED TODAY

The origin of slang expressions is always of interest, but one of the most unique is revealed in Samuel Hopkins Adams' book, "The Corrosive Tongue."

"There were many political cartoons in the time of Jackson," says Mr. Adams, "and among the best of these were those put out by Anne Royall's press. The cartoons were drawn by Rowdy Dow. One showed a political enemy in skintight attire pursued by another man in skintight and armed with a blunderbuss, while an oppressive feminine face looked out of the window. The verbal balm extruding from the fugitive's mouth read, 'You may not credit me, sir, but I'm waiting the Black Republican coach!'"

"This," comments the author, "started a fad which has rolled loudly down through the Railroad Era even to the trolley age."

Independent Will Print Egyptian Coming Year

Announcement was made yesterday by Lester Ridge, business manager of the Egyptian, that the printing contract for 1936-37 has been awarded to the Murphyboro Independent. Writing this year has been done by the Free-Press Publishing Company. Cheaper bid was the reason for the change.

BELIEVE METEOR FOUND ON FARM AT COLLEGE HERE

Evidence Appears Indicating Body 3 Feet In Diameter

TO DRILL FOR OBJECT SOON

Recall Janitor Saw Flaming Object Fall 21 Years Ago

Of the belief they have found the crater of a meteorite on the Southern Illinois State Teachers' College farm here last year, Dr. O. B. Young of the physics department and Irvin Peitman, manager of the state farm, today announced the plan to start drilling to confirm their opinion of exploration.

Becoming suspicious that a large hole sixteen feet in diameter bearing a two-foot rim on the northeast side was the crater of a meteorite which fell somewhere near Carbondale 21 years ago, Mr. Peitman consulted with Dr. Young.

The two scientists conducted an investigation and reached the conclusion that the spot is definitely the site of a meteorite buried somewhere above the rock strata.

Existing evidence would seem to indicate that the meteorite is two to three feet in diameter and of the variety known as the iron meteorite. Dr. Kenneth Van Lente of the chemistry department is conducting an analysis of meteoric material found on the rim and has determined the presence of a considerable amount of iron. Tests for cobalt and nickel have shown negatively.

One may dig anywhere in the two-acre and find meteoric materials, but it is the crater or under the rim nothing but clay is found.

"This, the meteorite did not go beneath the rock strata is evidenced by the fact that no rocky deposit is found in the rim.

According to Dr. Young, the work of drilling for the meteorite will be begun shortly.

It is interesting to believe that this spot is the site of a meteorite which fell somewhere near Carbondale 21 years ago. William Goldstein, co-ordinator of the college, says the flaming meteorite fall that night, he believed the point of entrance into the soil to be somewhere near (Captain) Ritter, a hill which a mile from the site of the newly discovered crater. As to the conclusion, he says the fact that the ridge was burned by the descending meteorite, he searched for it is that vicinity for years. Dr. Young is of the opinion, however, that the ridge could have been formed by falling fragment and that the meteorite itself will be revealed when drilling is begun.

GROVER MORGAN NOW ON COLUMBIA RADIO NETWORK

Grover Morgan, a former student at S. I. T. C. is making a number of appearances in St. Louis. Mr. Morgan appears on two programs on the Columbia network, a companion to Bob Brown and an arranger and accompanist for a girls trio called "Three Queens and a Jack."

Mr. Morgan is employed at a restaurant at Valley Park, Missouri, where he plays the Hammond electric organ.

Gamma Theta Upsilon Initiates Six New Members Wednesday

The Lambda chapter of Gamma Theta Upsilon met in Giant City Park, Wednesday afternoon, July 15, at four o'clock, and gave the ritual of initiation to six new members.

These initiated were: Mabel Louise White, Emma Hartman, Ruth Elizabeth Taggart, Rosa Joan Flieger, Zimmerman, E. Hall, and Carroll Turner.

After the ritual, refreshments were served, and then a social hour was enjoyed.

FIELD WORKER OF PTA IS HERE ALL THIS WEEK

Will Consult, Advise First Two Hours In Allyn Building

Mrs. Edward W. Jackson of Chicago, field representative of the Parent-Teachers Association, is spending this week here as a consultant and visitor on phases of parent-teacher relations. Mrs. Jackson began her lectures here Monday morning and will remain until Friday afternoon.

She will be in the basement classroom of the Allyn building during the second and third hours each day and will also be in the same room at 12:30 each afternoon. At these times she will be glad to advise and talk with any parents, teachers, or students who are interested in her work. Mrs. Jackson will also meet any class by appointment and will speak if desired. Dr. T. P. Barton's fifth hours class heard her Monday.

This is the second year that this roundtable discussion of parent-teacher relations has been held here. Arrangements are in charge of W. S. Clark, secretary of the S. I. T. C. elementary training schools.

WIRING CONTRACT IS LET TO CHICAGO COMPANY—\$23,900

Work Is Possible Because of Recent \$25,000 Grant

A contract amounting to \$23,900 has been let to the Kelo Herald Electric Company, Chicago, for the electrical work on the campus. The contract work is divided into the following items:

1. Installation of underground distribution system.....\$9,500
2. Electric wiring alterations for the old science building.....4,750
3. Electric wiring alterations for the library.....3,350
4. Electric wiring alterations and stage equipment for the auditorium.....6,150

Total.....\$23,900

This work which is made possible by a recent \$25,000 grant from the Educational Foundation for Professional Improvements in the five normal colleges is expected to be finished before school opens this fall.

DAVIS' DOCTORS THESIS AT U. OF CHI. ACCEPTED

Word was received by the foreign language department that Mr. Davis is on a leave of absence doing work in the University of Chicago. He has had his thesis accepted and only his oral examination on his thesis is left to be done.

The thesis deals with the use of the subjective mood in a medieval French manuscript.

Mr. Davis is an alumnus of this school and has been employed here in the French department for several years.

KATE STURM, NOW MACOMB TEACHER, VISITS S. I. T. C.

Miss Kate Sturm, who taught at Blue Island, Illinois, visited the Zoology department here last week. She has given up her place at Blue Island to teach at Macomb the last half of the summer term and next year, with a possibility of continuing Normal college work.

FRED CAGLE TO BE BACK IN MUSEUM THIS SUMMER

Fred Cagle was back on the campus over the weekend from Beaufort Lake and will work in the museum here the rest of the summer after his course at Beaufort Lake is completed near the last of July.

SMEDLEY BUTLER WILL SPEAK HERE TUESDAY AT 10:45

Originally To Have Spoken Here June 23; Was Postponed

'WAR IS RACKET' TO BE SUBJECT

Admission Free To Student Activity Ticket Holders

General Smedley Butler, retired marine, will lecture to the student body at 10:45 Tuesday morning. His subject will be "War is a Racket."

General Butler was originally scheduled to appear here on the evening of June 23, but was unable to fulfill the engagement because of his mother's death. His appearance is being sponsored by the entertainment services committee.

One of the most colorful figures in American public life today, General Butler joined the marine corps in 1899 and fought all over the world. He was rapidly and in 1921 became a brigadier general. In 1931 he retired with the rank of major general in favor of a peace program.

Contrary to the usual order of things, General Butler is a man of action as well as speech. During the camp last, France, and received both the Congressional Medal of Honor in 1917 and the Distinguished Service Medal of the U. S. in 1918.

His military activity has been confined to his irregular campaign in 1932 for the United States national nomination of the Republican Party in Pennsylvania.

JOHN KNASH, EX-S. I. T. C. ATHLETE, DEAD IN EUROPE

Captain William Monday received a telegram Monday morning from Mrs. Rose Vanhook of Chicago stating that her brother John Knash, had been drowned on either June 17 or 18 in the Niemen River at Kalinas, Europe. He was taking a last swim in the 1936 before returning to America.

John Knash, a better known at S. I. T. C. as "Big Knash," came to this campus from West Frankfort as a freshman in 1932. While here he was noted for his athletic prowess in tennis, track, and football. He played on the football team and won a high middle man and runner through the track team. Track Coach Leonard Lange has said that he would probably be the best prospect as a diver man that the college has ever had.

Knash was in school here until the summer of 1934 when he went to Lithuania with a group of other athletes in order to encourage them to compete in the Olympic games. Since 1934, he had been employed in a bank and was a basketball player at the University in Klaipeda, Lithuania.

Mr. Knash had received a letter from him a few months ago stating that he was going to stay in Europe to the end of the year. He planned to return to America and complete his education at this school.

S. I. T. C. FACULTY TO CONFERENCES PAST TWO WEEKS

Instructors Attend At Northwestern, Illinois, Chicago

Attendants at the Northwestern University conference on survey courses yesterday and Monday were: E. Boomer, F. G. Warren, Dr. Vera L. Peacock, Dr. Mary M. Steagall, Dr. Russell M. Nolan, and President Roscoe Pulliam.

The two-day conference on survey courses in college, universities, teachers colleges, and junior colleges was sponsored by the Northwestern University school of education.

Last week Dean E. G. Lentz, Dr. Bruce W. Nierwin, Edward V. Miles, Jr., and President Pulliam attended a conference on testing and measurements at the University of Chicago. Miss Frances Burrough and Burnett Sears of the Board of University of Illinois curriculum conference last week.

CHAPEL PROGRAM WILL BE SHIFTED UP TO TOMORROW

Three Divisions To Present Voluntary Programs Tomorrow

Chapel programs for tomorrow morning will be presented by the social science, the professional studies and the humanities divisions. Programs were shifted to tomorrow because of the presentation of the Illinois Synology Orchestra here yesterday.

The programs follow:

1. Social Science Division, Dr. Nolan, Chairman.
- The Historical Background of the major political parties, Robert Dickinson.
- Political Interpretation of the Platform, George Queen.
- Economic Interpretation of the Platform, Martin Richards.
- Outdoor morning, out of the Library.

2. Professional Studies group, Dean Whann, Chairman.

3. Shall the Public Schools Teach Ethics, Douglas E. Larson.

4. Shrivok Altruism.

5. Humanities Division, Dr. Peacock, Chairman.

A revival of contemporary poetry by Mr. Howard Widger, Introduction by Mr. Fisher.

Old Science Building

HEADS OF GREEKS, LIT. SOCIETIES TO MEET WRIGHT

Leads of Greek letter organizations and literary societies are requested to meet John J. Wright before the end of the term in order to plan for their part in the Orientation Week of the freshmen this fall. Each organization will be presented to the incoming freshmen and will present its own statement. The type and length of this statement will be determined by the Orientation Week committee.

Ralph Swain, Well Known For Research, Visits, Speaks Here

Ralph Swain, well known for his bird work in southern Illinois, visited the Zoology department here last week. He also attended the field trip to the state forest and made a talk to the Junior Girls on the birds of Colorado.

For next week Mr. Swain has a choice of acting as assistant in the department of Zoology at the University of Colorado, or accepting a fellowship at Iowa State University. "He is more fortunate than most of our students to have the choice between two fellowships," said Dr. Mary M. Steagall, head of the college Zoology department.

OUTLINE OF TWO YEAR COURSES ARE SUBMITTED

Curriculum Sub. Committee Makes Two Recommendations

WILL USE NEW REQUIREMENTS

Courses Submitted For Rural Teachers And For Non-Rural

Outlines of courses for the first two years of college work as outlined by the sub-committee on curriculum were released this week by F. G. Warren, head of the curriculum committee.

The first of these is the suggested course for these elementary school teachers who do not plan to teach in rural schools. They will take a four-year course with an education major.

The second is a suggested course for rural teachers.

Suggested Two-Year Course

FIRST YEAR

Rhetoric.....3 hours

Geography 100.....5 hours

History 110.....5 hours

Art or Mus. Appreciation.....4 hours

WINTER TERM

Psychology 208.....3 hours

Mathematics.....4 hours

LET'S HELP SEID-MORAWSKI TO ALL-STAR GAME!

MORAWSKI BEING CONSIDERED FOR ALL-STAR BERTH S. I. T. C. Football Star And Captain Tackle IS LEADING IN ST. LOUIS POLI National Rankings Of Chicago Trib. Place Bill Lower

Bill Morawski, captain and tackle of the 1935 S. I. T. C. football team, is being seriously considered for the all-star team of college football. Morawski will play the Detroit Lions, world champion professional eleven, in the Chicago Tribune's annual game September 1.

The Chicago Tribune conducts its selection for the football by means of a poll in which all football fans are invited to cast their vote for the player whom they favor. The Tribune is aided in this by nearly 200 daily newspapers in various sections of the United States.

In the Globe-Democrat division of the Tribune poll, Captain Morawski has a huge lead over his nearest rivals for the tackle position. However, in the national polling, the relative insignificance of this college in the football world has handicapped Morawski and pulled him down to a rather low ranking.

In the national poll, results of which as of Monday morning are printed elsewhere on this page, Morawski has now polled more than 11,000 votes. However, since the leaders are almost approaching the 200,000 mark, Morawski is hardly likely to come close to that figure.

However, in last year's poll, several figures from smaller colleges were given positions on the squad as a result of their showing made in local communities. Tony Blanton, captain of the Illinois Wesleyan squad last year, was given special recognition and proved one of the stars of last year's All-Star contest. It is possible that Blanton may also achieve special recognition.

Blanton has been selected in the first all Southern Illinois towns requesting the sisters to elect their husbands for Captain Morawski and Jack Gryboski of the University of Kentucky to the Illinois High School Football team. Most of the votes for Morawski and Gryboski in the St. Louis Globe-Democrat division of the poll have come from these petitions. A poll of the student body was conducted which resulted in nearly 3100 votes for Morawski and Gryboski.

Among the other Little Nineteen athletes who are running in the contest are Willis Manger of Illinois College, who is a candidate for a third position, and Kenneth "Spicy" Wilcox, who was runner-up from Keadre College, who is under a strong threat for a half-back berth.

ENOS Number, Notre Dame 178,327; Trapp, Stanford 171,668; Alex. Stanford 159,520; Ivory, Notre Dame 130,752; Johns, Purdue 131,273.

SPORTS EDITOR-RITES

By GLEN FULKERSON

The extended summer tourney has momentarily halted in favor of the city elimination tournament that is now in full swing. The same entries compose the personnel of both tourneys with a few new S. I. T. C. local tennis competing in the latter. After it has spent its weary hour upon the courts, the boys will resume their racket-wielding tactics on the asphalt to wrap up the season.

With the exception of a few high spots, the school matches so far have been rather drab affairs, but the final playoff between a half dozen comparatively equal players will be well worth watching.

I say that fan, have you cast your vote for Morawski?

ROUND ROBIN TO DECIDE SUMMER CHAMP IN TENNIS

Champ. Fulkerson, England, Schwartz To Final Round

A round robin set of matches will be played this week to determine the summer school tennis champion. The four men who will participate in this round robin are Glen Champ, Jack Emson, Bob Schwartz and Glen Fulkerson. They will enter the final round robin with their present standings and handicaps.

The following is a list of the men who completed the tournament with at least six games reported with a winning percentage:

Table with columns: Name, Games, Wins, Losses, Pct. Includes Champ, Emson, Fulkerson, Schwartz, Cox, Matthews.

Other men who participated in the tournament were Winterberger, Rogers, Evans, Rea, England, Peterson, Sinks, Allen, Fox, Stumm, Brennan, Whitley, McMahon, Hoover, Morawski, McGowan, and Hetherington.

Matches during the past week saw the following results: Sinks tied Cox 5-5, 3-5; Fulkerson defeated Matthews, 6-2, 6-4; Matthews tied Peterson 5-5, 3-5; Cox-Champ defeated Fulkerson, England, 6-1, 7-5.

Three teams have been selected to play a round robin this week to determine the doubles champions. They are Glen Champ, Jack Cox, Bob Schwartz, H. Tomney, Glen Fulkerson-Morrison England Pairs.

8,000 Ball Players In Southern Illinois Softball Tourney

More than 8,000 amateur ball players are participating in the southern Illinois softball tournament, with 500 teams entered from a 22 county area. The contest will be complete July 22, with winners to be in age classes, according to an announcement received today from tournament officials.

Bookings, scheduling and management of the tournament is in the charge of WPA employees, under the direction of Tim Kirk, district supervisor of recreation.

The 22 county area has been divided into five districts, with Quentin Lowell, Cairo; Rex J. Taylor, Carterville; John Jacobs, Harrisburg; Arthur DeFrey, McClambers; and Paul Krumman, Paris, responsible for district meets. Winners in all classes from the five districts must be announced by July 17.

Class divisions are: A. Open, men 19 years of age; B. Intermediate, boys 15 to 18 years; C. Junior boys, 12 to 16 years; D. Teenie women 13 years, up to 12 years. There are two classes for girls, under 16 and over 16 years.

Teams must win two out of three games with each team they are scheduled to oppose. Official softball rules apply.

The final meet is to be held in Harrisburg, beginning July 27. Play will be continuous for three days on the diamond. The first county games were held six weeks ago.

"The softball tournament is an example of supervised play which is coming to be seen as a necessity, due to machinery in industry recently there has been an increasing use of leisure time which people must be taught to use to an advantage," Mr. Kirk said in explaining the purpose of the meet.

"We hope the contest will be an asset. The WPA is bringing recreation to the masses. Communities may well be disappointed to retain them in their present capacities after the passing of federal emergency agencies."

Amateur towns in the following counties were eligible to enter the tournament: Alexander, Clay, Carterville, Franklin, Edwards, Jasper, Hamilton, Hardin, Jackson, Jaspertown, Johnson, Lawrence, Mansar, Pope, Pataksi, Richland, Saline, Union, Wash, Wayne, White and Williamson.

SCHEDULE FOR SEVENTH WEEK Monday: Pat's Hatters vs. Half Pint Tuesday: Kappa Phi Kappa vs. Hicks Wednesday: Cyclone vs. Ramblers Thursday: Star and Peppers vs. Star Rangers.

KAPPA PHI KAPPA RAMBLERS KEEP 1.000 PERCENTAGES

Leaders Win In Contests This Week Easily

Last week's baseball games saw several minor triumphs and tight moments.

The Ramblers defeated the hard fighting Lone Star Rangers eleven to two. Trevillion of the Rangers pitched a good game, but was hit consistently. Loy, first man up for the Ramblers, knocked a home run.

The Peppers were forced to forfeit a game to the Cyclones when it was discovered, in the fourth inning, that Spanglers, walking right fielder, was not in school this year.

Kappa Phi Kappa carried the Half Pints down to size last Wednesday with thirteen hits, two home runs, eight strikeouts and twenty runs.

The Cyclones, however, gave Kappa Phi Kappa an anxious quarter hour. The score had been four to three in favor of the Greeks. In the first half of the last inning the Cyclones staged a rally and true to their names blew the four runs before they could be thrown out. The wily Greeks stopped the plate and marched around the bases in one-two-three order and when the score had advanced from seven-four to eight-seven, they raced from the diamond.

Cyclones

Table with columns: Player, AB, R, H, Pct. Includes Phillips, Cravens, Johnson, Davis, Jasker, Cromber, F. Hall, Hodge, Totals.

ALL-STAR GAME PROBABLY TO BE TUESDAY AFT

League Winners Will Meet Picked Squad Of Intramural Players

WILL BE LED BY 2ND PLACE CAPT. Manager of Second Place Nine Will Pick All-Stars

Probably that an all-star game between the champions of the summer baseball league and a picked team from the other teams in the race would be played Tuesday, as expressed by Dr. R. L. Beyer, commissioner of intramural baseball. If the championship is decided by the game Monday between the Ramblers and Kappa Phi Kappa, the all-star game will be played Tuesday. If the championship is not decided Monday but is held Tuesday, there will be no all-star game.

The team which will play the game Monday will be selected by the manager of the second place team. Since only Kappa Phi Kappa and the Ramblers have a chance at the pennant, the manager of the all-stars will be either Otto McDonald of Kappa Phi Kappa or Eucl Litchson of the Ramblers.

Because of their league position, the second place team will be the most likely represented on the all-star line. However, it is hoped to include some of the outstanding players of each squad. Among these will be considered outstanding players: Naugle, Katus, and Dean of the Hicks; Wright, Trevillion, and Krueger of the Lone Star Rangers; St. Clair, Cox, and Harper of the Pat's Hatters; Hetherington, Dickerson, and House of the Salt and Peppers; Phillips, Cravens, Davis, and Emerson Hall of the Cyclones; and Roots and DeJarnet of the Half Pints. Other names may be brought out in the remaining games while others may have been omitted from the foregoing list.

ECONOMIC ZOO. CLASS VISITS FISH MARKETS

Mary M. Stoenhall, head of the Zoology Department, accompanied the Economic Zoology class to the Mound City last week where they studied the fish market under Crat Adams.

The class was most interested in the class guided the different kinds of fish in the fish market at Mound City and experimented on the quality of some of the different kinds in a fish fry at Dan's on the Ohio River.

HOW SUNBURN

Greatness liquid gives good relief

Use Rexall Gypsy Cream, a greaseless, quick-drying liquid. Does not mess up bed clothes or wearing apparel. Soothes pain, counteracts blistering in a hurry.
