BACCALAUREATE SERVICES SUNDAY MORNING TO BE AT 10:45

DR. HARMON WILL GIVE ADDRESS AT SERVICES

Former President of McKendree, Now Pastor Here

148 WILL GET B. ED DEGREE

Ushers And Marshals Already Selected; All Over 475

The Rev. Dr. Cameron Harmon, pastor of the First Methodist Church, will deliver the baccalaureate sermon at the exercises Sunday morning at 10:45 in the college auditorium.

Dr. Harmon, one of those listed in Who's Who in America, is president of McKendree College in Lebanon from 1923 until last year. Prior to that time he was president of Missouri Wesleyan College in Warren, Missouri. At one time he was pastor of the Methodist Church in Murphysboro.

He received his A. B. degree from McKendree College in 1903 and later his D.D. and L.L.D.

Students will participate in the baccalaureate services. Of these 148 will be graduated from the four year course.

The stage will be appropriately decorated with flowers and ferns. Half a dozen of the auditorium will be banked with ferns and a basket of bouquets will be placed at each end. There will also be flowers on the president's desk.

The ushers and marshals, who were chosen from among those students with a 4.5 average or more for the year, will be May Abel, Sarah B. Alwood, Mary S. Burnett, Alice Cleary, Roberta Eaton, Jane Kell, Margaret Mac Lewis, Mary Ann Miller, Anita Renick, Betty R. Ross, Kathryn L. Rush, Helen Schaefer, Elizabeth Zimmer, and Mary Cecile Zimmerman, as ushers, and Lois H. Hancock, Orietta B. Hart, Harold Catt, William Collins, Joseph H. Dillinger, J. C. Hancock, Philip H. Johnston, and Edward Welch as marshals.

SIGMA PHI MU IS ORGANIZED FOR COMING YEAR

Wittenborn Will Be President of Pre-Medical Group

Sigma Phi Mu, local pre-medical fraternity on this campus, was organized at a meeting held Wednesday night in the Chemistry Building. The meeting was well attended and enthusiasm was shown by those present.

A tentative program for next year was discussed and officers elected. Richard Wittenborn, junior from Boston, will serve as president; Robert Steckenrodt, Horris sophomore, will be vice-president; Dwight Boyles, junior from Boston, will be secretary; Charles Vaynorough, sophomore from Carni, will be treasurer; and Euel Johnson, freshman from Christopher, will be corresponding secretary.

R. A. Scott, Jr., T. W. Abbott, and Dr. O. E. Young of the S. I. T. C. faculty will be faculty members of the organization. It is hoped to include several Southern Illinois physicians in the membership of the fraternity and present officers elected to problems of current interest to those interested in medicine.

The standards of that fraternity have been raised to that of the level (Continued on page three)

WPA DIRECTORS OF MUSIC MEET HERE SATURDAY

Approximately fifty teachers and supervisors of WPA federal music projects in district four attended a conference in Shryock auditorium Saturday afternoon.

President Joseph Pulliam and David S. Nicholson, head of the music department, who are cooperating with the WPA to achieve a successful music program, addressed the teachers on "Rural Education" and "City Schools," outlining their conception of the music needs of the people in southern Illinois.

Joel T. Loy, state director of music, Chicago, and S. F. Pannon, assistant supervisor of women's and professional projects, Harrisburg, appeared on the program.

Prior to the meeting, the conference members were the guest of Mrs. Edythe Van den Ende, district supervisor of music, at a twelve o'clock luncheon at the Roberts Hotel. Music was furnished by the Shryock WPA string ensemble, directed by William Keschner, and by Mrs. Madeline Campbell, supervisor of women's and professional work, who sang.

SPRING CONCERT OF BAND WILL BE GIVEN TUESDAY

Seventy-Five Piece Band Will Give Annual Concert

The annual spring band concert will be given on Tuesday evening at 8 p. m. in the east side of the Main Building. The seventy-five members of the band under the baton of Prof. Wendell Margrave will play a varied group of pieces.

The program will be as follows:

1. "Prelude" by Max Baer and Fredrick and Fugue in G Minor by Bach and arranged for band by Mr. Margrave.

2. Concertino by Weber. Mr. George Pooner will play the clarinet solo.

3. "Prelude" by the band on this rendition.

4. "Symphonic Rhapsody No. II" by Friedmann.

The Duet from Norma will be played as a "Novelty" by Helen Weber and Sylvia, accompanied by the band.

5. "V. Minuet" Serenade by Altar.

6. "Gottendammerung" by Wagner.

Encores will be chosen from band marches played during the year.

The members of the band who will give this concert are: Clarence Cox, Bonner, Loyd Cox, Bob Howe, William Wiley, Russell Casper, Milton Davis, Gene Tom, Joe Hillinger, Vernon Lips, Wayne O'Neil, Vernon Hayes, and Ralph Newton; Harold Hutch B. In case of rain, the concert will be given in the Shryock Auditorium.

DR. CLAUDE VICK WILL SPEAK AT ALUM BANQUET

Graduate Here in 1917 Is Now Assistant State School Supt.

Trying to Get Class of '11 Here

Banquet Is Saturday Evening At 6:30; Anthony Hall

Featured at the alumni banquet which is being held at Anthony Hall Saturday evening in connection with Senior week will be an address by Dr. Claude Vick, graduate of the class of 1917. Dr. Vick is Assistant State Superintendent of Public Instruction.

The dinner will take place at 6:30 and all those wishing to attend should make reservations with Mrs. Grace Harbert, secretary of the Alumni Association. No invitations are being issued to Carbondale alumni, but they are, of course, expected to attend.

The program of the evening will include:

Address of Welcome—Judge Herbert Hayes, president of the Alumni Association.

Response—Class of 1911.

Response—William Morawski, president of the Senior class.

Talk on the New Stadium—Capt. William McClure.

Vocal solos—T. Erwin Kelly.

Address—Dr. Claude V. Vick.

Business session.

A special effort is being made to get as many members of the class of 1911 to attend as possible. Twenty-five reservations have already been made by Chicago Alumni of that class.

INTER-FRAT SING WON BY SIGMA SIGMA SIGMA

Plan to Make Affair An Annual Event On This Campus

CHI DELTA CHI IS SPONSOR OF SING

Delta Sigma Epsilon, Kappa Delta Alpha Also Participate

Sigma Sigma Sigma Sorority was awarded the cup at the First Annual Interfraternity Sing which was held at twilight on Wednesday night, Shryock Auditorium, last Thursday. Mr. Wendell Margrave presented the cup to Kathryn Rush, sorority president. The cup will belong to the sorority until the spring when another Greek sing will be held. It is planned to make the Interfraternity Sing an annual event on this campus as is the custom at many of the large colleges and universities.

The presentation of the honorific trophy and the manner in which the play has been written were the two aspects of the play which critics especially praised when it played in New York two seasons ago. The play is a "farce" which is well contrived play, an unusual and moving drama." According to "The New York American" it is "a naive and simple farce play... which has a few laughs for all of us out in front." "The New York Times" also mentioned the humor element, saying, "a first night audience received it with 'ahs, thrills, and 'bravos'."

STUDENTS SPEND ABOUT \$300,000

Average Number of Students At College Around 1400

President Pulliam, who had just returned from a meeting of the school board at Springfield yesterday, confirmed today the estimate that about \$300,000 would be spent at the college here this fiscal year, beginning July 1.

In the first place there will be \$403,000 in salaries and operating expenses.

It is then a conservative estimate that at least \$190,000 of Federal money will be spent on the stadium and other projects.

Mr. Pulliam said the meeting was congenial and he was enthusiastically reported as meeting for the first time with the entire new board, very courtesy was shown him and the school here and not an item in his report was rejected.

Since computation of figures are in order, it was estimated at the president's office today that in addition to the \$400,000 an average which was registered at the college this year was in excess of \$252,000 for the regular school year. The students spent \$15,000 the summer term, while \$1,000 is spent for tuition. Mr. Pulliam stated that it is stated Ruth Husband Fultz as being re-employed. He said the report was in error.

President Pulliam said there was no discussion yesterday about married female teachers but added there is a rule that no two members of the same family can teach or be employed. There is a policy now standing that is more married women (Continued on page four)

Modern Problems Club Holds Annual Spring Banquet Friday

The annual spring banquet of the Modern Problems Club was held Friday evening at Kater Inn. Du Quoin. Twenty members and guests of the club attended the dinner.

Tom Stausfeld, newly-elected president for the following year, presided at the banquet. He introduced the speaker, Dr. C. H. Cramer, who addressed the club on modern problems that confront the public this year. He discussed briefly issues that should be considered in the present campaign. Some of these questions, he said, deal with the Supreme Court, economic planning, consumer's legislation, control of electrical power, taxation, preparing preparations for citizens war, civil liberties and freedom of speech press, and assembly.

Dr. Cramer said that these should be the issues, but that they will probably not enter into the political arena of the present campaign. He urged the Modern Problems Club to continue its good work in study and discussion of current political, economic, and social questions.

Dr. Cramer anticipated by only a few minutes the issues brought out in the convention of the Sociological party on Saturday morning. At that time Mr. Hoan and Mr. Thomas urged that these same issues be carefully considered by the voting public.

BAUMGARDNER TO HAVE CHARGE OF 'KIND LADY' SETS

Members of Stage Staff Make Copies Of Old Masters

Setting Will Be In Drawing Room

Woody, Healy Design Costumes For Play; All To Be Modern

Regular rehearsals on the Sociological party, "Kind Lady," are rapidly whittling the production into shape for its presentation June 4. The cast begins its last week of rehearsal tomorrow night, while Elmore Baumgardner, assisted by the stage committee, Miss Lola Roach, art instructor, and the stage staff are preparing the sets for the three-act play.

All the action of the play will take place in the drawing room of an art collector's home. For this scene, members of the stage staff and Miss Baumgardner are making copies of famous old masters which will appear in the set. The group of paintings will include two modern paintings, a Whistler, and an El Greco.

The stage staff, who is assisting Miss Baumgardner consists of Clara Charles, Barbara Jane Scott, Joy Friedline, Karl Humanson, Robert Channess, and Marvin Bainsance. Properties will be assembled by a Helen Seelman, chairman, J. C. Johnson, and Helen Tietje.

"Kind Lady" is a modern play, the costumes are modern apparel. Miss Lucy K. Woody, head of the Household Arts department, and Gladys Healy are designing the clothes for the play.

Neckers And Abbott Submit Survey For Publication

Dr. J. W. Neckers and Dr. T. W. Abbott of the S. I. T. C. chemistry department recently submitted their survey, "Acids Detected Naturally in Fruits," for publication in School Science and Mathematics, a teacher periodical. This was done on request of Dr. H. S. Hopkins, professor of chemistry, at the University of Illinois, who learned of their work at the recent national meeting of the chemical society at Kansas City, Missouri.

Since there is no summer publication, the article probably will not appear until the first fall issue in October.

This paper classifies the chemical constituents of thirty varieties of fruits and is the literary survey for the year. Dr. Neckers and Dr. Abbott plan to start next year. Dr. Abbott's equipment has already been ordered for use in this work.

The last summary for research in this field was compiled in 1917.

RECOMMENDATIONS FOR SCHOOL YEAR, 1936-'37 ARE APPROVED BY THE NORMAL SCHOOL BOARD

CAGLE SPEAKS ON 'SNAKES OF SOUTHERN ILL.

At the meeting of the Science club last Wednesday, Fred Cagle talked about "The Water Snakes of Southern Illinois." Mr. Cagle told of their interesting habits of feeding, of adaptations, and liberation. The varieties of the water snakes were the most he had facts about the water snake group. Mr. Cagle said that in this area there are several species of water snakes which are typical southern species and several which are typically northern species. He described the three distinct groups within the six species of the natural found in southern Illinois. He also told facts about those groups which he had found in Michigan (University of Michigan). Mr. Cagle has completed in continuing Mr. Cagle explained that this group needed revision in order to provide for a more successful study to the reptiles of southern Illinois.

THREE FACULTY MEMBERS TO BE ADDED JUNE 8

Five Replacements Will Be Made For Next Fall Term

BOARD APPROVES SELECTION

Three Summer Term Appointees Replace Jonah, Power, Cramer

Three recommendations for summer term faculty members and five appointments for the college year of 1936-'37 at this college were approved by the Normal School Board at its meeting Monday.

The three appointments for the summer term only are to fill the vacancies left by Miss Julia Jonah, Dr. C. H. Cramer and Miss Esther M. Fowler. Miss Jonah is resigning to be married. Dr. Cramer has been invited by the University of Oklahoma to become a member of its summer session staff and Miss Power will not be in the faculty this summer.

Howard DeForest Widger, regularly of the Eastern Illinois Teachers College (Charleston) faculty, will come to the college to fill the vacancy left by Miss Jonah in the English department.

Alan R. Edwards, principal of Mason Township High school, will serve in the place of Dr. Cramer in the history department. Mr. Edwards has his master's degree from the University of Wisconsin.

Miss Alice Grant, recently employed in the West Franklin Community High School will fill the portion recently occupied by Miss Power, from the University of Illinois.

The position left vacant by Miss Murphy's resignation will not be filled until the fall term begins.

Five new teachers, were approved to fill the positions of S. I. T. C. faculty. The resignations were those of the resigned leave of absence for completed school year.

Leaves of absence are being granted to Miss Martha Scott of the botany and zoology departments, who is studying for the residence work toward her Doctor of Philosophy degree; Robert Dean Pinner of the English department, who is doing work with his Doctor of Philosophy degree; and Mrs. E. G. Lentz, Department of Education, who will complete his residence work toward his doctorate. Miss Gladys Smith of the rural practice department, who will complete her work of the Doctor of Philosophy degree, will write in the Brush Practice School, who will do practice work. Troy Stearns, critic of the rural practice department, who has been doing graduate work the last year at Teachers College, Columbia University, has his leave extended through the coming year to complete the requirements for his Doctor's degree.

New appointments are being made to fill the vacancies in the English department. One member will be employed as assistant Professor of Botany to fill the vacancy left during Miss Scott's leave of absence. Mr. Gersbacher was born and raised in Southern Illinois and took his Master's and Doctor's degrees at the University of Illinois. He has previously taught a summer term at Macomb and one year each at S. I. T. C. and E. I. T. C. as a substitute instructor of biology. He is now employed at Charleston.

Miss Dorothy B. Magnus will fill the vacancy in the English department. (Continued on page four)

JUNIOR-SENIOR PROM WILL BE FRIDAY NIGHT

Boots and Buddies To Furnish Music; Admission \$1

Boots Withawk and his dance band will be imported from St. Louis, Missouri, for the annual Junior-Senior Prom Friday evening at the main gymnasium from nine until one o'clock. Boots Withawk played at the Senior Ball at MacMurray College, Jacksonville, last November and has danced there frequently in and about St. Louis.

Each junior and senior may purchase a ticket for one dollar, but may dispense it as they feel, private or selling it to an underclassman if they choose.

The gymnasium will be decorated in the manner of a flower garden with various lawn chairs, and various types of flowers and greenery. Punch will be served during the dance.

The dance is in charge of several committees. Dan Clark, Vincent Monchito, and Kay Wilson will plan the decorations. Harold Budde and Blake Broadway are in charge of the tickets and programs, and Walter Wilkes, assisted by the orchestra.

Presidents are Mrs. Roscoe Pulliam, Dean and Mrs. E. G. Lentz, Dean, and Mrs. G. D. Wilson, and Dean Lucy K. Woody are to be guests of the classes.

STANSFIELD WILL GIVE ADDRESS TO BENLD GRADS.

John W. Stansfield, prominent S. I. T. C. senior, will give the commencement address at the Bond Road school graduation exercises tomorrow night there at 8:00 p. m.

Recently, Mr. Stansfield delivered the Tamara commencement address. He pointed out the situation facing the outgoing students, stressed the need for reform politically, economically, and socially, has urged the importance of conserving the natural resources of the nation. This address was so favorably received that Mr. Stansfield was invited to speak at Bond.

Geog. Society Will Visit Wyanotte Cave June 6

The Southern Illinois Geographical Society under the leadership of its sponsor, Fleming W. Cox of the S. I. T. C., will visit the Wyanotte Cave at Wyanotte, Indiana, on June 6. At that time Mr. Cox will lecture to the group on the rock formation of the cave. The society will spend several hours in studying the cave.

LET ALL UPPERCLASSMEN HAVE UNLIMITEDS A policy has been adopted at Vassar College of Doughkeepsie, New York, which it seems would be very possible to bring about at this college. The new plan at Vassar provides that all seniors and juniors may have unlimited leaves of absence from classes, effective in September.

Students at this college have advocated this policy for this year. Senior standing is given supporting the movement. To those who doubt the wisdom of allowing such freedom, we cite the opinion of the joint meeting of faculty, students, and parents. The majority of this group voted that seniors and juniors "should be treated as mature individuals capable of making decisions affecting their academic careers."

Previously Vassar had had a proposal pending that unlimited absences be granted only to "students of creditable standing." That resolution would have provided for a situation similar to that here. However, at the recent Vassar meeting, this restriction was removed.

We believe, like the Vassar authorities, that any college student of senior standing should be allowed to determine for himself how often and whether he needs to attend a class. We hold that it is entirely possible for a student to judge this for himself.

However, we do not believe in the extension of this privilege to sophomores and freshmen. The reason for this is in the fact that these students are forced to take certain required subjects which they must master absolutely as a background for later, more advanced work. Seniors and juniors, however, are mature men and women and are taking practically all of their subjects from choice and their interest will insure them to make their own work, regardless of their attendance at class.

Of course, as warning must be added to this privilege, which is quoted from the Vassar warning: "It is understood that students in receiving this freedom accept the accompanying responsibility, both for their own academic work and as members of an academic group, and that no special exceptions to academic requirement on account of absences are to be requested by students or to be granted by members of the faculty."

May we urge, then, that before next fall the students and faculty give serious consideration to the granting of this privilege. We feel that in asking this right we are voicing the opinion of a great majority of the student body. We also believe that the same student body is perfectly capable of utilizing that privilege without abusing it.

CONGRATULATIONS, CHI DELTA CHU Musical events on this campus have continued their success during the past week with the excellent reception accorded the Chi Delta, Chi Sing held on the auditorium-steps Thursday night.

Although not an extremely large crowd was at the Sing, those present were most well rewarded for their effort in being there. Four capable and enthusiastic groups presented an

excellent rendition of the numbers selected and were given a reception worthy of their efforts. That this custom of having a Sing every spring will become an annual affair is the hope of the sponsoring fraternity, Chi Delta, Chi. We hope that this will be done and believe that it will be.

WHY DON'T YOU TRY?

Not because it's partly our contest, but— We think several aspiring campus literary lights are missing an opportunity to test out their relative abilities in the Egyptian (and Mr. Tau Pi) contests for features and book reviews. The true, of course, the prize isn't much, but two dollars is still worth working for. The entry box will not close until Friday noon on both of these competitions and time is still available in which to enter.

We heartily urge, therefore, that any and all students enter these contests.

SUPPORT YOUR OWN DANCE. UPPERCLASSMEN

Crowning event of the college year for many students will be the Junior-Senior Prom. In the past, support of this dance by the classes sponsoring it has been notably poor. The dances have been opened to the underclassmen and the results have been those of an all-school dance.

Without any criticism of the underclassmen, they nevertheless defeat the purpose of the dance—to give the graduating seniors a valetorial dance and to give the incoming seniors an introduction to their new life.

We urge, then, that all seniors and juniors purchase tickets early and fulfill the true purpose of the dance. The committees in charge of the dance have worked hard and successfully and deserve the support of their classmates, both for their work and for their success.

SENTENCE EDITORIALS

"The right to search unimpeded and unhampered for truth, and to express what one finds to be right freely, courageously, and to the best of his ability." Harvard's President James Bryant Conant records his conception of academic freedom for the benefit of Massachusetts' legislature.

"And yet the paradox of the situation is that now, just when we most need freedom and fearlessness in the school's handling of the basic issues of the time, waves of popular hysteria against a free and fearless scholarship begin to beat over the schools." Wisconsin's President Glenn Frank views this alarm.

"The kind of men and women which the state colleges and most of the other great colleges are turning out of their great state-leader factories today is pretty poor stuff." Emporia's white-haired Editor William Allen White thinks we should have something new in education.

THE DEAD PAST

TEN YEARS AGO

Kampus Karivali Kwyte A Kick headed an item on the front page of the Egyptian telling about the glorious success of the event.

The Forum, the Agora, and the Illinae held the first Tri-club banquet Monday evening, May 17, at the First Baptist Church.

The Egyptian ran an editorial on the joy of living. It pointed out that all too often we go through life as merely pieces of machinery and fail to be like Charles Lamb "in love with this green earth."

The 1926 Obelisk was ready to be issued the first week in June.

The Y. W. C. A. was favored, Tuesday night, May 24, by a talk given by the Rev. and Mr. Sarkiss of the Carbondale First Presbyterian Church.

TWO YEARS AGO

Seventy-seven persons received recognition for their work in college at chapel, Tuesday, May 29, when honor and activity letters were presented.

The fifty-four piece college band, under the leadership of Mr. Wendell Margrave, gave its fifth annual concert, June 4, on the campus near the fountain.

The University High School graduated twenty-two students, June the sixth.

Miss Sara Baker of the history department was appointed to succeed Miss Mary Crawford as the head of Anthony Hall for the 1934-1935 school year.

The 1934 Obelisk, which arrived on the campus Tuesday, May 29, was striking in its classic Greek simplicity and solid substance.

Robert McKinney and Lewis Hoover were initiated into Kappa Phi Kappa, Thursday evening, May 23.

S. I. T. C. placed fourth in the Little Nineteen track and field meet at Mornouth, Illinois, May 24 and 25.

SEVENTY COLLEGE STUDENTS INVADE HUGE STEAMBOAT

Think of seventy college students turned loose on a 235 ton Mississippi steamboat, and then imagine to the best of your ability what may have happened had they been given the chance. The Zeleto almost missed the boat to the orchestra's playing of "Home, Sweet Home," the boat excursion up the Mississippi Thursday night provided excellent recreation for the college students and also being additional adventures and mishaps.

Scheduled to leave at 8:20 p. m. the "Saint Paul" at a quarter past nine was still docked, while Mr. Finner was performing a new duty for a chamberlain, namely that of convincing the captain that, if he would hold the boat a little longer, the Zeleto Literary Society and fifty-five dollars worth soon arrive from Carbondale. Finner at five before nine, the boat rolled into Grand Tower and the Zeleto president and business manager, hurried all the garbage of the river town's waterfront and rushed down to the boat, waving the money which had been sent by the students, followed by the shouting crowd of Zeleto.

A dance floor about half as wide as the boat and running its length was the most popular attraction aboard. On this floor no one seemed to notice that the music which would have elicited countless curses at any other dance. However, everyone was enjoying himself, and consequently the innumerable bumps and shoves and the occasional slips and subsequent sprains were taken as a matter of course.

All the passengers were constantly wandering all over the boat from the first deck where they marveled at

the huge boilers and the decorative cupolas to the top deck. In the third deck cafeteria one was privileged, to ally his hunger with a cheese sandwich and a glass of milk. The one-half glass of ice, one-fourth glass of foam, and one-fourth glass of coke.

As the evening passed rapidly away, members of the holiday crowd of guests occupying all various misfortunes and ventures. One of the group, a lady chamberlain, piloted the boat, although no one except the pilot knew it until the deck had been done.

Marvin Ballance spent part of the trip teaching several of the passengers how to play civilized poker, and Karl Baumann probably lost some of his artistic appreciation for the excursion when he tried to sit down in a chair already occupied by a large quantity of unbetted beer. There are also yarns concerning a juggler's breath-taking skill in his juggled glasses, and Sara Logue can tell a dervish tale about some antics that had occurred on the boat, which she was foiled in attempting some sort of dive over the top-deck rail.

Eventually, the excursion ended, and, when the passengers had disembarked, the "Saint Paul" found it difficult to start on its way in the darkness, prodded by the countless voyagers who had borrowed several of the pretty yellow or white lights for permanent souvenirs. In the darker hours before the passengers had disembarked, the boat, after ceremoniously saluting the two fraternities, all the tired little Zeleto ultimately reached their homes, to enjoy a very welcome slumber.

Wailing Wail

To the Editor of the Wailing Wail: The senior awards, presented in chapel two weeks ago, were but a small tribute to the ambitions and sacrifices of those students who received them. Further, I am sure that the majority of the students who were so honored, were not so much honored as they should be.

However, the remark that "the honor system for those students who have made a good use of their privileges, has been given in its full scope because it was too difficult to operate" gave cause for some discussion among interested groups.

In the first place the administration has consistently been in favor of student participation in activities. As a stimulus to this participation, it seems only reasonable that the school should give some recognition for outstanding work in the various departments, Little Theatre, Debate club, the journalistic groups and other active organizations on this campus.

Then, too, it is only to be expected that the college committee should be able to successfully handle by the individual societies. It would be just as reasonable for some major department in school to be the judge of its own work in the same manner as awards to the students acting as an individual group. The honor would not be fairly recognized, just as the society honor system is, just as the activity award system is a rather intangible affair when it comes to naming the people to receive awards. However, some of the larger universities have found their systems of academic work and their honor system, and have taken steps to improve it.

That is, the committee in charge takes into consideration the subjects taken and perhaps the instructors, and the students who are qualified for the honor. Why not let the society or organization (Make the club driver introduce himself.)

- 1. That shall not speak to his public. (What are you supposed to do with water at a banquet? Look it up!)
2. That shall not sit out dances in cars. (Where, then, Gaeber?)
3. That shall not be seen with young men who are not careful to observe the social conventions and not have a date for four years.
4. That shall not use a pet phrase in conversation. (Like "Darling," "Love," or "No Necking.")
5. That shall not include in careless affections. (Who's Careless?)
6. That shall not go to a man's apartment alone. (Be sure he's with you.)
7. That shall not powder his nose on the street. (Use a powder puff or you'll skin your nose.)

UNIVERSITY OF ILLINOIS Champaign, Illinois Chances are that a major war will break out in Europe between 1939 and 1945. Wallace R. Duesel, 28, Berlin correspondent of the Chicago Daily Tribune, said last week at the annual installation banquet of the University Y. M. C. A.

In discussing Germany itself, Duesel said that the position of the Jews was being improved and constantly being making good in their own country to do so during the predictable future.

EUREKA COLLEGE Eureka, Illinois According to the Boston University News, a college graduate is one who commands preference on the work list.

The average Columbia University senior, almost 21 years old and weighing 155 pounds, is slightly antipathetic to the idea of the student body with a Phi Beta Kappa key than an athlete award and would not fight in a war conducted outside the United States, a recent survey revealed.

Aaron E. Malone, Dancer and Gentleman of the Old School

A small and dapper gentleman called constant attention to himself at the Dunbar. From his measured and dignified dancing. Obviously he was of the "old school." He boasted the only "tux" on the floor, and his gray hair and clear-cut features added to the impression he gave of being a distinguished gentleman.

He left the floor during one dance in order to be introduced to certain guests present—Mr. Aaron E. Malone of St. Louis. He smiled as he was presented and the bits of gold in his teeth gleamed in the light; he commented on the incongruity of a negro having a name that combined Jewish with Irish.

"I'm an old timer here," he said, "and I declined an invitation to be sorority dancer in St. Louis, unless a meeting of my fraternity as well as an educational field meeting and even missed the prize fights in order to come here."

"When I used to be here there was only one building, and there was no Dunbar Society then. I belonged to

Karraker Completes Series of Lectures To French Class

Oliver Karraker, senior from Jonesboro, completed yesterday a series of lectures on the romantic movement in French poetry which he has been giving before "Dr. Vera" Peacock 302 1/2 hour French-lyric poetry class during the past week.

In his three talks Mr. Karraker defined this movement which occurred in the latter part of the nineteenth century, gave a brief history of it, and concluded by discussing five French poets who are identified with the movement. As far as is known, the first of these poets was Alfred Assolant, Dr. Peacock, head of the Foreign Languages department, said, "He is the first student who has been proficient enough in a language to lecture to a class."

Recognized on the campus for his excellent scholarship, Mr. Karraker will do graduate work in French at the University of Illinois where he this spring obtained a fellowship.

CROSS FIRE

An unusual situation arises in national party politics when Colonel Frank Knox, Chicago publisher and erstwhile candidate for the Republican presidential nomination, declares himself in favor of adopting the economic plans from the Democratic platform of 1932.

However, the Chicago Journalist does not believe that the Democratic party has kept these platform promises and that the Republican adoption of them would not make for a continuation of the present policies in economic fields.

Among the newspapers which Colonel Knox advocated were balancing the budget, cutting government operation costs, preserving a sound currency, taking the government out of business, giving relief administration back to the states, a better civil service, elimination of tariff barriers, and "permitting every farmer to be the lord of his own acres." Evidently the Colonel doesn't like the A.A.

FOUR LOAN FUNDS WILL BE OPENED TO STUDENTS

Egyptian, Freshman, Rotary and A.A.U.W. Funds Available

Students desiring to attend S. I. T. C. next year will find at least one of the four funds now existent open to their application. These loans are the A. A. U. W. Student Loan Fund, the Freshman Loan Fund, and the Egyptian Fund.

According to an outline recently made by Dean E. G. Lentz in which he summarized the specific requirements which each applicant must meet, the A. A. U. W. Student Loan Fund, which has a total fund of \$50 per term to say eligible Junior year, with interest charged the first year of the loan. Dean Lucy K. Woody handles this fund.

Senior boys may take advantage of the Rotary Student Investment Fund which is sponsored by the Carbondale Rotary Club. The most eligible applicant is granted a loan of \$25 per term with no interest charged.

Available to Freshmen only is the Freshman Loan fund which will loan \$25 per term with 3% interest.

The \$200 fund recently donated by the Egyptian will be utilized principally for short term emergency loans in small amounts.

Students applying for a loan must have the District Supreme Court in Washington, D. C. and a committee at a hearing of the suit of more than 400 railroads to enjoin operation of railroad retirement legislation enacted by Congress in 1935.

Possibility of a split in the Socialist party seemed imminent this week as Norman Thomas was trying, seemingly vainly, to placate both divisions of the party. A main point of difference between the Left and Right of Thomas, and the Right Wing, known as the "old guard," is the Declaration of Principles declared at Detroit in 1934. Maintaining that these principles are illegitimate and unconstitutional, the right wing are protesting their adoption vigorously.

In an attempt to join both factions, Thomas and other leaders have toned down the document in the section regarding the right to war and in the organization of the capitalist state in the event of capitalist collapse. The document is still considered a militant exposition of the doctrines of Socialism.

The poor Liberty League can't seem to find a home among the major parties. First the Republicans accepted the Democratic nominees of being influenced by it and now the Democrats come back to accept it as candidates of being dominated by its power.

The latest step in the "passing the buck" game came in reply to the implication of James A. Farley, Democratic National Committeeman, that Governor Alf Landin of Kansas was tied up with the League. The reply came from Representative W. R. Lamberton of the First Kansas District and indicated the cleavage between Borah and Landin that was between Landin and the League.

Lamberton accused the Democratic chairman of a desire "to hang the Democratic League on the neck of the party" and added, "That is the job of the Democratic Stous and A. S. Smith."

Including other prominent Republicans in his denouncing, Representative Lamberton said, "It is the Landins and the Borah, Vandenberg and Stewarts that are acting for the Republican party today. Not a finger of any of these fellows has been touched by the Liberty League."

Preparations for war in every continent and on the largest scale are being pushed with feverish energy under the eye of the public according to Harold B. Butler, Director of the International Labor Office.

According to Butler, "Economic recovery is an impossible dream and the fear of another and more catastrophic collapse of the international political system has been displaced."

Local District Of NYA To Get \$30,000 Soon

Youth projects in the fifth Illinois district of the National Youth Administration, in which Jackson county is included, will receive \$30,000 of the \$569,377 still remaining to be spent during the next five weeks by NYA for Illinois, according to figures just released by William J. Campbell, state NYA director.

The sum includes both the unexpended allotment of money for part-time labor and materials and the unexpended encumbrance held by county, city and town governments. The state as a whole, the \$509,237 may carry a total payroll during May and June of 10,000 boys and girls.

NYA boys and girls in the fifth district, which includes twenty-two counties, are conducting hobby groups, forming handicraft classes, vocational guidance classes, community centers, clearing space for recreation, beautifying schools and contributing made articles to orphanages, to camps for underprivileged children, and to relief facilities.

Total number of boys and girls employed on NYA projects in this district is 764, the figures indicate.

First Dunbar President Attends Meeting And Tells of Work of the Society's First Year

The Dunbar Society will hold its last meeting for this term Tuesday night. All business for the term will be finished.

The society was favored last Tuesday evening by having its first president make a short talk on the organization of the Dunbar society. Mr. Carl Lee, who was the first president of the society, told how he became president and why the society was organized.

Mr. Lee stated that the colored students used the free chapel hour on Wednesday to make a "lot of noise." He, Mr. Lee, suggested that the colored students organize themselves with a president to have something to do. No one wanted to be president, therefore this office fell to Mr. Lee.

After organization in October 1935 a threefold purpose was drawn up in the constitution that remains still today. They were as follows: To promote enjoyment socially, physically as in athletics, and as a literary organization.

The following Halloween of October 1935 the society entered a float in the annual downtown parade. It was to show the progress of the negro race. On the back of a truck was to be some one picking cotton and on the front a banker. Mr. Lee stated that he could get plenty of people to act as a banker, but no one would pick cotton and of course it fell to him. Then, Mr. Lee thought that his organization and float had no name. On the "spur of the moment" Mr. Lee called his club the Dunbar society and has been known as such ever since then.

The next incident of the year was a program that was given in Shroyok Auditorium at chapel time as a Lincoln celebration. It was the first time the negro appeared on the Shroyok Auditorium platform. Some of the participants were: Wilma Jackson, Leon Kirkpatrick and William Pryor.

Mr. Lee closed his talk with a smile and wish the present society much luck and success in the future.

The rest of the program consisted of a vocal solo entitled "Red Sails in the Sunset" by George Logan and a piano selection, "The World is Waiting for the Sunrise" by June Harjo.

STADIUM FUND SO FAR TOTALS NOT QUITE \$6,000 \$143.01 Collected Since May 5; No County Returns CHI DELTA CHI GIVES \$53.54 Is Largest Donation Made Except \$200 Of Egyptian

\$5,829.83 has been contributed to the stadium fund thus far by alumni, faculty members, students, and friends of the college. The total amount to be raised is \$16,000 but none of the county organizations have completed their collections.

Of this sum, \$143.01 has been collected since May 5. Subdivided still farther, this amount is divided into the \$53.54 donation of Chi Delta Chi fraternity as before reported, the Phi Kappa Phi \$200 donation, and \$68.97 from the Phi Kappa Phi.

Supply of receipt books has been supplied to C. C. Stueber, chairman of the Cook county canvassing committee, and the drive for funds in Chicago and Cook county is in full swing.

Kenneth Ekins, elected as chairman of the Hamilton county canvassing committee, has moved from Roseville out of Hamilton county. No new chairman has been selected as yet.

The business office is now compiling the names of the new members of the S. I. T. C. Alumni who are contributing to the Carbondale section of the stadium fund drive. The stadium office selects from the registration rolls the names of all students registering here from Carbondale. Those who are on the latter list will be asked to contribute to the Carbondale drive by solicited for funds.

Bill Robinson, maestro of the top office, has devoted himself into artistic honors. In recompense for an campus exhibition, he has been named an honorary freshman of the University of California at Berkeley.

MOVIEING AROUND WITH RADIO NOTES By Anthony Venegoni and Virginia Cummins

Every-so-often, Hollywood comes out with a movie whose setting is that of the California "Gold Rush" days. Each one is unmistakably similar to the other front always there is some angle which is just a little different.

One flaw, however, that the picture had, so far as I was concerned, was Lee Tracy. He seemed to be, and was reminded me too much of some people who are "yet reserved" of mine.

At this stage of the game, it seems that Hollywood is having a lot of trouble getting good stories. Too often, they are not good, but often, one hears someone say: "that the acting in a certain picture was good, but that the story was terrible."

SUMMER MEETING TO BE HELD HERE JUNE 17, 18, 19 Several Authorities Will Speak And Lead Panels SPONSORED BY PRACTICE DEPT. Will Attempt To Improve Southern Illinois Schools

In connection with the summer session there will be a number of activities carried on for the purpose of improving the schools of southern Illinois. Three of these will be organized by the practice department for June 17-19.

Three outstanding authorities have been secured to deliver lectures and conduct panel discussions on various phases of the curriculum. First Assistant State Superintendent, Mr. Charles C. Stullman will speak Wednesday morning on "The Proposed Curriculum Changes in the Schools of Illinois" and again on Thursday afternoon on "The Revision of the Elementary School Curriculum."

Professor Samuel Everett of the State University will speak on "The Study of Curriculum Study and Revision" and on "The Revision of the High School Curriculum." On Friday afternoon, President Robert C. Buzza of the Southern Illinois Teachers' College will speak on "The Educational Values of Extra-Curricular Activities." A large number of prominent school men of southern Illinois will take part in the panel discussion.

A second type of activity is an exhibition of books and school equipment which will be held throughout the three days in the old gymnasium. Already thirty companies have indicated their intention of displaying their products here.

The third activity is especially unique to southern Illinois and has met with a great deal of approval from the school men and board members. This activity will take the form of a school for juniors in which improved equipment will be demonstrated and discussed. An outstanding authority, Mr. J. H. Dink, Superintendent of Instruction and Educational Services, Minneapolis Public Schools, has been secured to conduct this.

NORTH CENTRAL WINS TITLE 19 MEET, SOUTHERN TIES FOR FIFTH PLACE WITH KNOX

PAYTON IS HIGH POINT SCORER OF MEET

Wins A First, Second, Third To Score Twelve Points

HILL AND RAINES ALSO SCORE

Former Takes Fifth In 220 Dash, Raines Third In Vault

After a terrific two-day assault on conference and field records by representatives of nineteen colleges competing in the "Old Nomin's" fields, the Illinois Intercollegiate Conference, held North Central at Normalville as winner of the seventeenth annual conference track and field meet.

Three J. I. A. C. records fell and two were tied. As Lloyd Selbert led the North Central team to 45 points and a six point margin over the defending champion Southern, the Illinois Intercollegiate Conference, who compiled 39 points to take second honors. Normal and Wesleyan finished in a deadlock for third with 23 points apiece, while the S. I. T. C. Maroon and the Chicago team each had 15 points to tie for fifth place.

Other point scorers were Bradley, 30; Eastern Foresters, 8; Carthage and Illinois, 5; Augustana, 4; Shurtleff, 3; and Illinois College, 2. Monthly and weekly records were broken by Stan Vinton, who captured the 100 yard dash, also won by Chittum.

Despite the Carver Miller's flash, which won a point score of the eleven to fifteen mile race, the "Hot" Hill and Boyd Hatfield, who were tied for the finals in both the dates with the fastest in the conference, took fifth place in a blanket finish in the 220 yard low hurdles in 23.9 seconds tied the old mark held by Dickson-Hubbard Reed, set in 1932.

John Peterson, brilliant Maroon star, counted twelve of the Southern points to gain high scoring honors for the meet, succeeding himself as individual scoring champion. Last year he captured the 100 yard dash and played a prominent part in the record attack, as his winning time in the 220 yard low hurdles of 23.9 seconds tied the old mark held by Dickson-Hubbard Reed, set in 1932.

CHI DELTS GIVE \$53.54 TO FUND, RODEO SUCCESS

Chi Delta Chi fraternity's contribution to the stadium fund has amounted to \$53.54, which amount was obtained from the sponsorship of Raun's Rodeo in Carbondale last weekend. This donation is the second largest of any campus organization, and led off by the Epsilon's contribution of \$200.

The rodeo, living up to its advanced publicity, proved to be one of the best traveling units of its kind that has ever been shown in Southern Illinois. Featuring the Chicago Illinois family composed of Chief Cleaver, Princess Clearwater, and sons, Little Bear and Running Deer, the entire contingent of more than thirty persons performed admirably at their show shows on the old athletic field.

The cowboys and cowgirls who work for the show thrilled the fair sized audiences at all shows with their excellent work on the steers, some of which were show horses and other leading animals. Especially brilliant was the work of the trained cowboy, Herbert Hoover, considered by all who saw the male to be one of the best trained cowboys ever to be seen in this section of the state. In fact, the rodeo performed in West Frankfort on the athletic field to that city.

remained near the leader. Soon, however, the ultimate winners pulled out ahead and led off on the track which the race was called. In this event, with only two and a half quarters run in a light and brief shower, the only blenthan on two days of the conference weather, the North Central team of Bolles, Keyes, Culver, and Clark won second place from Knox in a bitter duel, clinching the meet. Northern could do no better than fourth, as the favored, Old Normal, captured the title.

North Central won five firsts, and in one other event, took second and third. Besides Selbert's two victories, and Godfrey's record-making high hurdle triumph, the Ripperville athlete finished first in the high jump and the mile run, and took seven points from the \$50. Keith leaped 5 feet, 10 1/4 inches to win the high jump and Charles Culver successfully defended his \$50 title in the mile race, also placed second in the mile mile, while teammate Keyes took first.

ALLEN TRAINING SCHOOL FIELD DAY FRIDAY

The Allen Training School Field Day is to be held Friday afternoon, May 29 at 1:30 on the old athletic field. All the students from first through ninth grade will participate in this demonstration of the spring physical education program. The activities of the afternoon include games and stunts for the lower grades, track and baseball for the upper grades. The entire meet will be officiated by state coaches. All parents and friends are invited. No admission will be charged.

TWELVE GYM TEAM MEN WILL GET 'SWEATERS'

Team Has Banquet At Roberts Last Night; Captain Elected

DI GIOVANNA PRAISES SQUAD

Season Closed Last Wednesday With 2 Exhibitions Given

Twelve members of this year's gym team will be awarded sweaters and letters. The following men will receive the awards: Elmo Behymer, from "Princeton"; Harold Black, sophomore from "Wesleyan"; Glenn Deason, junior from Carleboro; Kenneth Finn, sophomore from Vienna; James Guiney, junior from Frankfort; Vernon Hicks, sophomore from Harrisburg; Joe R. Robinson, senior from Carleboro; Robert McGill, senior from Morrisburg; Wilbur McCandless, junior from Pinckneyville; J. Melvin Walden, junior from Harrisburg; James L. Houston, senior, from Carleboro; W. L. Moore, freshman from Hopewell; and Whiston Parker, the pianist, from Morrisburg.

This has been one of the most successful seasons for the gym team. The squad numbered about fifty men, the largest ever known for the gym team. The team gave a total of twenty-two exhibitions in cities and towns of southern Illinois, and exhibited before several thousand spectators.

The last two exhibitions were given last Wednesday, when they went to Harrisburg, S. S. and Marion. Captain McGowan in the same afternoon. The team has been a better one this year, and I expect a continued improvement in the future. The team was presented a banquet at the Roberts Hotel last night given by Coach DiGiovanna. Among the guests were Albert Pauer and Dr. Kenneth Van Lente, who are helping him during the past season and Capt. William McAndrew and "Doc" Linde of the physical education department.

Monkeys, Faculty, And Swatters In Playoff

This week will see the close of the regular season of the Intramural Baseball League. The games are being scheduled from day to day with probably semi-final game between two of the teams on Wednesday night and the final on Thursday or Friday.

The Monkeys stand as favorites for the Championship. Their only defeat was sustained at the hands of the Fly Swatters early in the season when the weather was too cold to permit the game to be played. Further, the Swatters remained for the semi-final. With entry lists totaling more than 400, nearly 200 men from the nineteen colleges actually competed during the two days of activity. Summaries for the meet: 129 yard high hurdles—Godfrey, (Continued on page 6).

FACULTY HOLDS LEADERSHIP BY WIN MONDAY

Teachers Lose Their First Game To Monkeys Thursday

The Faculty resigned their leadership position in Monday's game when they smothered the University High School nine in an 11-0 rout. The Faculty clearly outclassed the youngsters. Van Lente with a home run hit has been loaded and Craven with three hits in three times at bat were the Faculty heroes. Van Lente allowed only three hits during the four innings he pitched, while DiGiovanna allowed only one single and one walk in three times at bat. The Faculty collected ten hits, off the pitching of Ellerton.

Teachers Lose Their First Game To Monkeys Thursday

Harold Arbetter, pitching star of the Monkeys, held the Faculty helpless for the first five innings, and then in the sixth inning the Faculty managed to score three runs in two runs. Dr. Kenneth Van Lente and George Nelson were the only Faculty batters to reach first base by virtue of a hit. Harold Arbetter hit two runs in two innings and struck out four Faculty batters.

THREE TENNIS MEN TO PEORIA FOR STATE MEET FRI. AND SATURDAY

Schwartz, Jajinsky and Fulkerson Will Be Competitors

FORMER PAIR TO PLAY IN DOUBLES

Fulkerson, Schwartz Will Compete In Singles

Three S. I. T. C. tennisists, Bobby Schwartz, Wally Jajinsky, and Glen Fulkerson, will journey to Peoria, Friday and Saturday, to compete in the singles and doubles tennis events of the Illinois Intercollegiate Athletic Conference meet Saturday.

The qualifying singles and doubles teams from the Charleston, N. C. district tournaments and Peoria district tournaments will compete for the personal singles, eight doubles teams and eight singles participants.

Bready, defending champion in both the singles and doubles divisions for three consecutive years, qualified for the singles and doubles and will play in both. Fulkerson and Schwartz will play the singles; Bready and Jajinsky will play the doubles. Bready will play in the doubles play at the Peoria district. Jajinsky was runner-up for the league singles title in 1935 and paired with Bready's great star and tennisive to capture the doubles title in last year's tourney.

Knox qualified the fifth entries in the Peoria district. Eighth place was a singles assignment while Bill Hill and John Payne captured the fifth and fourth places, respectively.

An upset occurred in the Charleston district. On Adams, State Normal, was third in the 1935 singles and member of the second place doubles team, fell before Kohl of Illinois and John Payne of the championship tournament. However, the runner-up of Normal captured one of the singles spots and with Kohl, will participate in Peoria Saturday.

MILES TIES FOR THIRD IN LITTLE 19 FOLLY

Shoots 89 On First Round But Slips To 89 In Bad Weather

Edward V. Miles, S. I. T. C. business agent and Economics instructor finished in a tie for third place in the Little 19 golf play-off tournament for faculty members of the I. I. A. C. conference, held at the Maywood course in Normal, in conjunction with the seventeenth annual Little Nineteen track and field meet. Miles' score was 89 in the first round, Friday afternoon, and slipped to 90 in the second round Saturday morning to tie for 89. Miles' total of 178 left him deadlocked with Wayne Galt, Normal, and Milo T. O'Neil, I. I. A. C. competitor.

Walker, Wesleyan letter runner, who was scratched from the sprint, had never donned a track shoe in 1936 this month. He caught attention at the Peoria district in a recent intramural competition at Wesleyan.

Two of the three double winners and the high point man of the meet are eligible to return to track meet action. Miles, O'Neil and Wayne Galt and Chittum and Payton have two years of collegiate competition remaining.

Also going down in Bloomington for the meet was Gilbert "Tad" Carson, one-time Maroon athlete, who tied recently for high in the 100 yard dash. A. C. coaches who he good shot of best record of football and basketball at Eastern, Carson is the person who framed in the earliest dispatch in the St. Louis Globe-Democrat. Carson was a member of the team that he was to succeed Captain McAndrew here.

Carson was at the testimonial dinner for the conference veterans Thursday, and spoke briefly.

All kinds of excitement was the order of the day as two S. I. T. C. varsity athletic squads posed for pictures by Ed Chadwick. In a play-off match between the two teams, the varsity team won 15-10. The game was held at the Peoria district. The game was held at the Peoria district. The game was held at the Peoria district. (Continued on page 6).

end of the playing surface. For baseball fans watching the game in progress on the upper field, it was quite a demonstration—better because it was free.

A photographer Grindle worked to join the members of the track team the day following just east of the gym, an open window in the east wall of the building broke the harmony of the background, so "Paw" Hill volunteered to close it. Boosted up to the aperture by teammates, he shut the window, only to have it fly open again after he had dropped to the ground. This process was repeated a couple of times, and the party ended with a near disaster for Hill, as his teammates wanted to hit him into Lake Michigan...

Relative to the taking of the gym team picture, during the shooting of it, Edna Chittum DIGIOWAN put in a plenty busy evening, besides directing the team during the course of the photographic pose, he was laid down flat for the Faculty photo in the battle against the Snowkays, and the two duties were about all he could handle for the moment.

There is little doubt that both Peyton and Hill surpassed the existing all-time S. I. T. C. record at the 220 yard 22 seconds flat as they ran the finals of the Little Nineteen meet Saturday. Peyton certainly did, as he finished only about two yards back of Kenay Chittum, the winner in 21.2 seconds. Hill finished fifth, lamed by two others about two yards farther back. It is almost equally certain that he also exceeded 22 seconds.

In the century sprint, Peyton might have equalled the present record of 9.9 seconds, as he was a close third in a 9.8 race but the certainty is not there.

more freedom, and they dare to use it more, because "for the first time in our history, we are trying to deal with the problems that confront us. Down State Chevrolet Co. Inc. 300 E. Main Carbondale, Illinois May 13, 1936. Dear Students and Teachers: A glance at my calendar indicates that vacation months for you—if not for me—are only a few short weeks away. Vacations are pleasant times under almost any circumstances whether one's objective is a trip home—a summer course at University—a visit to some favorite locality or touring almost anywhere. And isn't it surprising, when one's plans take definite shape, how indispensable a car—the right kind of a car—proves to be? More and more people are buying the NEW 1936 CHEVROLET, because it's the Only Complete low-priced car. People today want a car that's absolutely Safe, and the Chevrolet is the Safest car that money can buy, for it's the only low-priced car with NEW PERFECTED HYDRAULIC BRAKES; SOLID STEEL ONE-PIECE TURRET TOP; KNEE-ACTION GLIDING RIDE; SHOCK-PROOF STEERING; GENUINE FISHER NO DRAFT VENTILATION, and last but not least think what real economy and performance you get out of Chevrolet's High Compression Valve-in-Head engine. Our owners are getting 20 to 21 miles per gallon of gasoline and no oil consumption between changes. You may prefer to enjoy the many advantages of this new car by buying on time. If so, we are in a position to offer you an especially attractive payment plan, designed for teachers and so arranged that payments may be eliminated during the vacation months. This special feature is a part of the GMAC Plan offered by us and supplied by General Motors Acceptance Corporation. The cost of the GMAC Plan is low and you doubt less will be interested in the fire insurance protection which all buyers on this plan receive as described in the attached folder. Why not drop in to let us show you our new cars and explain how conveniently you can own one. It will just be nicely "broken-in" by vacation time. Or, if you will telephone or write us, we shall be glad to call at your convenience. Yours truly, H. H. WALLACE, President. DOWN STATE CHEVROLET CO. INC. P. S.
