WILFRID LAURIER HUSBAND speaks here on Sweden just as the local co-operative student HOUSING MOVEMENT gains momentum. SIXTEEN BANDS will play here tomorrow. CHILD GUIDANCE CLINIC ends. MOSELEY elected president of sophomore class. DEBATERS CLASH on question of government aid to business. SOUTHERN MARCHES ON! FEATURES--Homecomers receive greetings from HAWAII. Barber says S. I. N. U. needs a new girls' dormitory. Carver reviews last TWO YEARS OF SOUTHERN'S RAPID GROWTH. many more features.

Many Celebrities at Dedication Here Tomorrow

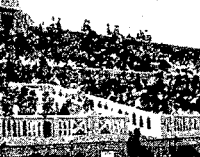

Appearing as one of the principal speakers at the Stadium Dedication Ceremony Saturday afternoon is Mr. Howard O. Hunter, assistant administrator in the thirteen middle-western states of the Works Progress Administration. After three years of planning, managing and hard work, the stadium stands as a monument to the three men who led the Works Progress President Roscoe Pulliam, Coach William McAndrew, and Business Manager Edward V. Miles. Other important guests of the college for the ceremony include President R. W. Fairchild of Normal; Mr. Claude P. Vick, Assistant State Superintendent at Public Instruction; Mr. and Mrs. Otto G. Belch, members of the Normal School Board; State Representative Joseph H. Davis; Mr. John Barr Foster; Mr. Raymond H. Leydie, and Mr. Tim Kirk of the Works Progress Administration; Mr. H. W. Bear, president of the Southern Division of the Illinois Education Association; and Judge Fred L. Wham of Centella.

Pulliam Gives Official O. K. to Plans For a Swimming Pool; Says Administration Will Take Action If \$4300 Is Cleared on Homecoming

If Homecoming Is Successful, Attempt Will Be Made to Secure Approval of Works Progress Administration and Normal Board

Roscoe Pulliam, coach of the football team.

The first steps toward the construction of a stadium were made by Carbonale, business manager of the organizations, alumni, and faculty. Their contributions amounted to approximately one-tenth of the total expense was met by college tuition funds, and the remainder \$87,435.10 was supplied by the Works Progress Administration in the form of outright grants and N. Y. A. student help.

He considered the most pressing large-scale building need of the college. Mr. Pulliam replied that "for the last few years the most conspicuous need of this college has been an adequate training school building on a larger campus. He also stated that the proposed museum-library building rates a close second in importance. The need for these buildings has been further aggravated by the sharp increase (25 percent) in enrollment this term. S. I. N. U. is now one of the two largest teachers' colleges in Illinois, and one of the eight largest teachers' colleges in the United States.

SIXTEEN BANDS TO PLAY AT FOOTBALL GAME

700 Ill. Musicians Guests of S. I. N. U. For Dedication

More than 700 southern Illinois musicians, members of sixteen bands, will play and maneuver at the S. I. N. U. Homecoming football game tomorrow afternoon. The marching will be the most spectacular feature to be seen on the college campus, involving the formation of words and symbols which will be so immense as to cover the entire Southern football field. The custom of inviting bands to play at the Homecoming football game was inaugurated two years ago at S. I. N. U. According to authorities, no other school has staged such a pageantry of rhythm and color. Last year seven bands from southern Illinois high schools, led by S. I. N. U. bandmen, paraded and maneuvered at the game. This year the number has been increased to fourteen. In addition to the high school bands invited, the S. I. N. U. band will play, and Old Normal '15 also bring its band down to the game. Before the game, the massed bands will march from the corner of Illinois and Main at noon, reaching the Stadium in time for the dedication ceremonies.

Wendell Margrave, S. I. N. U. band director, is in charge of all arrangements. He has extended invitations to the following bands and their directors, who will arrive Saturday morning on campus, and will be met by hosts and hostesses of Southern's band: School Director, Carbonale Community High, Marion, Don Crum, Pinckneyville, L. W. Glover, Du Quoin, Alford Alwood, Christopher, Carl Kiefer, Anna, Gerald Daniel, Merphyboro, Howard Thriftkill, Donora, Woodrow Matloey, Uni. High, Carbonale, C. Patterson, Eldorado, L. B. Faust, Benton, Robert H. Simpson, West Frankfort, Ted W. Pascheg, Zeigler, George B. Casper, Harrisburg.

SPORTS--S. I. N. U. MEETS NORMAL tomorrow. Women's variety will oppose ALBANY in Homecoming HOCKEY game. outstanding players discovered in TENNIS tourney here. VOLLEYBALL, GOLF and GYM TEAM news.

Expenses which must be met by Homecoming receipts include the last payment which is to be made on the new stadium, \$1000 dance expenses, and about \$800 for advertising, materials, etc., making an estimate total of \$2500. In order to make a net profit of \$4300 it is necessary that Homecoming receipts total at least \$9300. Many student and faculty Homecoming officials, including Mr. Hal Hall, who predicts that more than 1000 couples will attend the dance tomorrow night, are of the opinion that total receipts from the football game, play, dance, concessions and other Homecoming activities will exceed \$5000. After the necessary money has been secured, the college administration must get the State Normal Board to approve the plans for a swimming pool, make arrangements with the national Works Progress Administration to help finance the project--and then the way will be relatively clear to begin actual construction.

JIMMY DORSEY'S ORCHESTRA TO PLAY FOR DANCE

Famous MBS and CBS Band Will Play For Greatest Homecoming

Jimmy Dorsey and his famous Mutual Network broadcasting orchestra will play for the Homecoming dance tomorrow night in the New Gymnasium at 9 o'clock. Following an engagement at the Congress Hotel in Chicago, Jimmy Dorsey and his orchestra invaded the "night-life" team of New York. The welcome accorded him at his opening in the Terrace Room of the New Yorker Hotel was one of his highlights of the entertainment season. Sweet, swifly arrangements, drummer Ray McKinley's lovely singing, the exciting baritone of Bob Eberle and Jimmy's own "kivving out" on his favorite instrument, the clarinet, are the highlights of his beautiful hotel-club. Jimmy with years of musical experience behind him and always a keen judge of the dance trends, followed by the addicts, was one of the first maestros to realize that swing was on the march and to get it promptly.

Not that it was dying; a general letup was needed so that dance-conscious public could catch a breath after the steady pounding of pure swing. He toned down his unique rhythms accordingly and the new sound, that of the post-war dancers who wished to escape the constant blare of "cat" music. The Dorsey return to New York caused such widespread comment, Jimmy found it impossible to confine his musical activities to the New Yorker. Hardly a month after his opening, he found himself deluged with requests for his appearance as guest artist at the Star Spangled Banner" were attended by appreciative audiences.

United States Navy Band plays here at Shryock Auditorium

Wednesday afternoon and evening the United States Navy Band played two concerts on the S. I. N. U. campus, playing one number, composed by the director, Lieutenant Charles Benter, especially in honor of Navy Day. Southern Band Director Pat Margrave led the navy band in one selection, "The Stars and Stripes Forever," at the special invitation of Lieutenant Benter. The two concerts, both of which were concluded with the playing of "The Star Spangled Banner" were attended by appreciative audiences.

MOSELEY HEADS SOPHOMORES FOR YEAR 1938-39

J. L. Whitlock is Vice-President; Gene Rogers, Secretary

Morris P. Moseley, Metropolis, was chosen by the members of the sophomore class in their general election Thursday morning, October 20, to head the class for the ensuing year. James L. Whitlock, Harrisburg, was elected vice-president and Gene Rogers, Geneseo, was chosen secretary-treasurer. The election was held during chapel hour in the Shryock Auditorium under the direction of Mr. T. R. Ragedale, of the education department, who is sponsor of the class. He was aided by Robert H. Simpson, Club Pan American Forum, and the history department, and Mr. F. C. Warren, of the education department.

Moseley is a news editor of the Egyptian, sophomore editor of the Obelisk, and a member of the Sorority Literary Society, French Club, Commerce Club, Y. M. C. A., Club Pan American Forum, and the Southern Knights.

Dr. Louis W. Gellermann of the S. I. N. U. education department addressed the combined Parent-Teacher Association of Cairo on Tuesday night. His topic was "Education for Wholesome Living."

MOSELEY HEADS SOPHOMORES FOR YEAR 1938-39

On Saturday afternoon at 1:45 o'clock the stadium dedication program will begin. Governor Henry Harner and Mr. Howard O. Hunter, assistant administrator of W. P. A., will speak, and President Roscoe Pulliam will introduce distinguished guests. The dedication of the new football game will begin at 2:00 p. m., and will mark the climax of the S. I. N. U. football season. At the same time there will be a massed band demonstration of more than seven hundred musicians, directed by Mr. Wendell Margrave, conductor of the college band, as well as presentation of Homecoming queens of former years, the unveiling of the new Southern emblem, the nature of which is still a mystery, and the awarding of traveling cups for house decorations.

After the game will be the faculty and Sorority Tea Dances and the Chi Delta Chi, Sigma Sigma, Gamma Theta Upsilon, Delta Sigma Epsilon, and Newman Club banquets, the Trangelical Club tea, and other events.

Next Thursday morning during the chapel period, the first of a series of freshman dances will be held in the Little Theatre Auditorium. Many new jazz records have been purchased for these dances which will be held every Thursday chapel period unless otherwise announced. All freshmen are welcome.

Milestone in Southern History

The year 1938 marks another step in the steady and consistent growth of Southern Illinois State Normal University. Although the phenomenal increase in enrollment to approximately 1880 this year necessitates a corresponding increase in buildings and facilities, we have every reason to be proud of our school which has made such notable advances in rating, faculty, and student body. The most recent addition, of course, is the new, modern stadium to be dedicated by Governor Horner. We have hopes that the erection of a swimming pool will soon follow.

Southern Illinois State Normal University was founded in 1869 following an act of the General Assembly providing for its organization. The one original building was destroyed by fire in 1883, and was replaced in 1885 by our present Main Building through an appropriation of \$152,065. The Science Building was erected in 1896 following an appropriation of \$40,000, and the Wheeler Library was added in 1903. In 1913 when the enrollment of the Normal plus that of the third and fourth years of high school was 482, \$75,000 was voted to provide for the building of Anthony Hall.

It is interesting to note the phenomenal growth in enrollment that has been made since the World War. In 1918, 482 was the figure, while 1937 shows an enrollment of 1519, and 1938, 1880.

Southern started as a two-year normal school with a third class rating. When the first regular session opened in 1874, the only entrance requirement was graduation from the eighth grade. Through the years the requirements were gradually raised until high school graduation was required. In 1913 Southern obtained recognition by the North Central Association as a teacher training institution, and in 1931 it was transferred to the fully accredited list of Colleges and Universities.

We may view the progress our school has made in the past 64 years with pride. We are enjoying the advances and improvements made possible for us by past generations, but the story does not end here. Our history is one of steady progress, and it must continue as such. Future decades will see Southern expanding to meet the ever increasing number of youths who turn to it for an education. New, modern buildings will be erected, laboratory facilities, faculty, athletic equipment, library and museum space; all augmented and improved.

UNITED STATES NAVY BAND PLAYS HERE AT SHRYOCK AUDITORIUM

Wednesday afternoon and evening the United States Navy Band played two concerts on the S. I. N. U. campus, playing one number, composed by the director, Lieutenant Charles Benter, especially in honor of Navy Day. Southern Band Director Pat Margrave led the navy band in one selection, "The Stars and Stripes Forever," at the special invitation of Lieutenant Benter. The two concerts, both of which were concluded with the playing of "The Star Spangled Banner" were attended by appreciative audiences.

The Wealth Which We Produced

As Southern's urgent need of adequate state appropriations becomes more desperate, one reflects with grim irony upon the way in which Southern Illinois has given freely of its natural resources to raise the standard of living of great industrial centers such as Chicago. Unfortunately Southern Illinois has been unable to retain much of the wealth which it has produced, and as a result Little Egypt is comparatively poverty-stricken as compared with the wealthy cities which it has helped enrich.

Our people have toiled in the bowels of the earth for coal which they have sent to Chicago and other industrial centers to provide fuel for homes and to feed the wheels of industry. Now we are sending away millions of barrels of oil. Our farmers have produced cattle, eggs, dairy products, and many other farm products to help feed the great urban masses. Our forests have been ravished to furnish lumber to build homes for the dwellers of the larger cities. Finally, "to top it all off," we have sent millions of dollars of cash profit to Chicago in the form of orders to Sears, Roebuck & Company, Montgomery Ward & Company, and other great business and financial houses. We have helped lift Chicago fortunes by purchasing the products of Chicago industries. Our motorists have purchased oil and gasoline only to see the profits so same disappear from Southern Illinois and reappear in the form of huge fortunes in Chicago or New York. Whenever such fortunes have been given back to the public, Southern Illinois has not benefited.

If we are to have democracy in Illinois, if we are to have justice of opportunity, in short, if WE ARE TO HAVE JUSTICE—some of the wealth which we have helped produce must be returned to Southern Illinois.

In Chicago we can see where many of the fortunes which we have helped to make have been used to endow educational institutions, conservatories of music, and scores of other institutions such as the Field Museum, etc.

Do we in Southern Illinois demand anything unreasonable? We think not. We merely demand adequate appropriations to support the educating of the future leaders and teachers of Southern Illinois. We demand enough of our wealth returned to us to enable us to cope with the educational needs of Southern Illinois. Specifically, we must have state appropriations in the very near future which will enable us to build (1) a new training school building on the new campus addition, (2) a museum-library building, (3) a wing on the Aldyn Building to house an adequate agriculture department, (4) a larger women's dormitory, (5) an expanded household art department, and (6) a men's dormitory.

Southern Illinois demands action. Southern Illinois demands that its needs be recognized. Will we get action?

Betty Good and the Duchess of Windsor have something common—the Duchess's wedding dress. Adaptations of the gown, the former Wallis Warfield wore when she married the abdicated King of England have gone to college with a bang.

The passes this week are awarded to "The Greek Element" and "U. N. I. Scopman" for performances par excellence. The contributions this week were of a very high caliber which was gratifying to the old Sphinx. Last week I felt sort of let down with so much criticism and bull slugging going on. But now I am convinced that the majority of the present body is behind the Sphinx for what it is, even if it does have its faults. I hope the readers body realizes that we can not print everything for lack of space or for lack of appeal to enough people, but we try to print humor with a little discretion, and just as many names of students as is fairly feasible.

The two winners may see any of the attractions at the ROGERS during the coming week as advertised elsewhere in this paper.

I offer the readers of this column the two following OPEN LETTERS to the Sphinx: Ye Ed.

Dear IMA USA: (and others)

Since perhaps 50 percent of the students read your student column last week and approximately 30 per cent more at least looked at it, I feel that I must answer your accusation.

If you don't like the present contents, why don't you make some better ones? I am forced to make the most of the material. Will you be constructive, rather than destructive?

You say eliminate the Sphinx. All right, that is a possibility, because we could call it unnecessary. However, the school could manage without the Egyptian, but it is certainly not necessary to try to do so.

It is my theory that if one could interest 300 students it is worth the space necessary to print it. By putting in 10 such bits, you have interested 3000 people. Allow for overlapping, these should still be at least 1000 students who have been definitely interested. Now I ask you, is that a majority, or is it? If your name appeared in the column, don't you think there are at least 300 people who would know you and be interested in you?

I am anxious to obtain any ideas, contributions, or constructive criticism—most of all some pretty decent contrivis. Come on!

—Right Hand Man.

Dear Sphinx:

Since dear dumb d. b. was so naive as to ask for it, let's give it to him, both barrels, one at a time in the first place our old friend d. b. (by the way, I don't think that he is important enough to rate caps, hence the lower case initials) while indubitably lacking in other forms of ingenuity, certainly has a nice knack of presenting d. and his rather incoherent column known as "Calfish Tapers," or something equally lovable. (No understatement at M. Bovinet's), a gal who really has got something there. In the second place, more of us (than five cents) are going to expect strongly stated that he hasn't had no small part in the peening of last week's student opine where he handed himself a couple of golden-rod Bert. d. b. wonder if that stands for dumb bunny? anyway, as I am going to give it to him, I am presenting a straight, jaw, at O. K. then call anyone a student here who enrolls, and so he is eligible to land himself in a letter addressed to student opine. Well, as I said some people would do a thing like that. Of course, dear d. b. is probably to give the character of a writer from the jewels or sandstone chips, or for that matter, the clinkers that d. b. mentions so frequently, drip from his pen.

The Greek Element.

(Who are always with us.)

A. Winham.

EGYPTIAN HEADLINES a million years from today:

'DEAN OF MEN URGES ALL STUDENTS TO SMOKE ON CAMPUS'

Famous last words: "I was listen, Prof. I didn't know they required a 45 average for unhipped out."

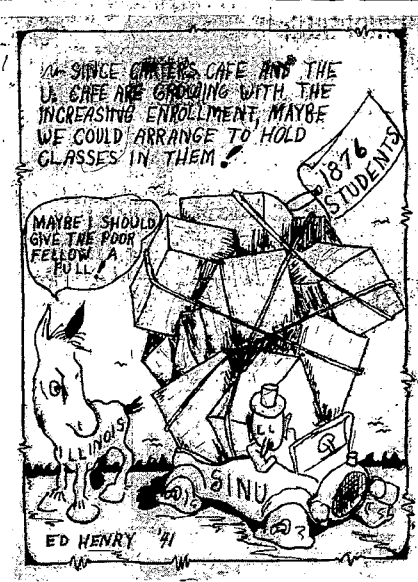

And of course you heard about the incident on the SOUTHERN-DEKALB FOOTBALL TRIP? One of the football players entered the bus after all the seats had been occupied and he had to stand. All at once the bus started and he fell into another man's lap.

The second man shouted, "Get off me, you big Swedish!"

Whereupon the other retorted, "I'm no Swedish, I'm a Laplander."

INFORMATION PLEASE: Do the ones which the writer of Spauldt Athletics use back from the Paleolithic the next morning?

Southern politicians are noted for

If S.I.N.U. Is To Give Adequate Service to Southern Illinois, We Must Have Several New Buildings, Says Cripps

By JAMES CRIPPS

A Training School including a new campus, a library museum building, a swimming pool, and a low-cost housing project for men are no longer things that S. I. N. U. hopes to have in the future, but they are things which it must have if the college intends to accommodate all the people of Southern Illinois that wish to attend this college.

Up to the present date the college and politics have not been associated together, but politics and school affairs will go hand in hand as soon as some tax payer of Southern Illinois is notified that his son (or daughter) will not be allowed to attend S. I. N. U. because it is overcrowded. In future years the politician will not be asked to give their platform on "such and such" lake project, but they will be asked to give their opinion on the expansion of the system of education. The Federal and State governments could arrange to construct several new buildings on the campus of S. I. N. U. which the college must have to keep the standard high. Such projects would also help solve unemployment problems.

With the addition of a new training school a swimming pool, a library-museum building, housing quarters for men and stadium parking space, S. I. N. U. would be on a level with the other Normal schools of the state. The five projects mentioned above will cost approximately \$1,800,000. One million, eight hundred thousand dollars is a lot of money, but the million people of Southern Illinois that this college serves pay taxes the same as the people in the Northern part of the state.

the high code of ethics which they maintain. They don't pass out cigars until AFTER the election. It is further reported that Winston McCade, who declined to buy cigars, limited his campaign expenditures to five cents. He passed around a sack of popcorn two weeks after the senior election.

—U. N. I. Scopman.

A cute little girl from A. Hall, wore a newspaper dress to a ball. Her dress caught on fire.

It burned her entire front page, section and all.

(W)hat (R)ubbish.

Let Me Call You Sweetheart: I'm in Love With Your Automobile. Let me call you sweetheart. I'm in love with your machine! Let me hear you whisper, "That you'll buy the gasolite; Keep your headlights burning, jokes which the writer of Spanish-Southern Illinois chicken house: "Anyone found near my chicken house at night will be found A. and both hands upon the wheel; Let me call you sweetheart. I'm in love with your automobile. John C.'s Believes.

Red Purdon: Girl's name in "the dope" by "Jail-out" last week was meant to be Maxine Robertson, "Jestons" says he is sorry.

Overheard: "That Spanish bull is certainly dead because he has started to stink."

The Altar and the Aisle

By Sydney Applebaum

VARIAION OF A CONTINENTAL THEME.

"Is there anybody there?" said Herr Hitler.

Knocking on the Benes door: And his army stood equipped with guns and gases, And his army understood what they were for. And France flew up out of the turret.

Above Herr Hitler's head: And he stood upon the door—again a second time.

"Is there anybody here?" he said. "But no one descended to 'Der Fuehrer'.

No one from the window all Leaned over and looked into his eyes. Where he stood with a Nazi will. But only a host of deserted listeners That dwelt in the lone house then Stood listening while the Minister of England Arranged a Munich party for the men; Stood trembling in their weakened Waiting, trembling. Waiting at last the fall, Marking in the air stirred and shaken.

By the resolute Fuehrer's call. And he felt in his heart their weakness—"Betrayed—and 'Betrayed,' their cry— And his men moved over the country, Under a Slavic sky— For he suddenly smote on the door.

Louder, and lifted his head: "Fall them I come, and no one meets me. I, with my sword," he said. Never a stir made great France and great England. Though every word he spoke Fell echoing over Europe and the world. About to break. Ay, they heard his foot upon a foreign country. And the sound of iron on stone, And how the Czechs surged softly backward. When England and France were gone.

This is a parody of Walter de la Mare's poem, "The Listeners." This is a parody which refuses to be funny.

HOBBYISTS

By GLEN MALLORY.

The life of Monroe should be of special significance to the younger generation of today. The success of that of James Monroe.

July 31, 1938, the 100th anniversary of the birth of James Monroe was celebrated by the young people of the city in a most interesting and profitable way. The life of Monroe should be of special significance to the younger generation of today. The success of that of James Monroe.

Someone has suggested that we need to invent vibrators for the seats in the lecture classrooms so that the overclassmen, who may have lecture classes in a row may get up and walk under their own power.

They laughed when Coxer cut down the trees in their yard. They didn't know the bark kept them awake.

I'm afraid that the polish on gentlemen at the Homecoming will be confused with an absolute glow. Just reminds me of a new cocktail I heard of—cocktail lounge—scotch and sofa.

Everybody laughed when I took five milk bottles out with me the other night. They didn't know that milk bottles are objects which two or more are rattled together to convince the laudatory that is isn't you coming in at that time of the morning.

A three letter man may be a financial help to the athletic department of a college, but he is of even greater value to a blonde if I keep his letters.

This one is a little sheepish, but I think he's got it. "You'll be my little lamp won't you, darling?"

"Yes, if you'll be my shepherd." "What do you mean?"

"You herd me."

I know that other plumpers have big dreams, but there was the shoe-maker who told his girl he would give her his very ear, so the took his very last—what a hafe. This is my last shot, too.

(Double) B'veamed.

At last I worked up nerve enough to ask my employer if a stamp collector lived in the house. His face glowed and he blurted out that every person should have a hobby. Besides being recreational and educational value they help produce firm friendships and many times aid in the securing of more financial compensation.

Since that day I have had the pleasure of looking through his collection. It excels any stamp collection I have ever seen.

One day on I worked moving this from one corner and that to another corner. Alas! What had I uncovered? Couldn't be true! A dusty basket of old stamped letters set before me. I concluded there was a stamp collector in the house.

At first glance my employer seemed to be a (er) dunced individual with an imaginary long black beard. I entered his dark, odorous basement and became laboriously engaged. I feared that every movement was being watched. I dared not look up or speak.

On and on I worked moving this from one corner and that to another corner. Alas! What had I uncovered? Couldn't be true! A dusty basket of old stamped letters set before me. I concluded there was a stamp collector in the house.

SOUTHERN PROGRESSES RAPIDLY IN SHORT TIME SAYS FEATURE WRITER; ENROLLMENT, FACULTY INCREASE; NEW SERVICES ADDED TO CAMPUS, PROGRAMS

By DOT CARVER.

Southern Illinois Normal University, widely recognized as one of the most outstanding teachers' colleges in the United States, since the inauguration of President R. Pulliam in 1935, has also become one of the most rapidly growing and progressing ones. Serving as it does not only 170 million southern Illinoisans, S. I. N. U. has students from states as far distant as New York, North Carolina, Mississippi, and Wisconsin. Located in the heart of the United States, it abounds in opportunity.

Most outstanding of the many Southern advancements during the past year is probably the increase in enrollment and faculty. The student body has increased from 1523 in 1937 to 1858 in 1938. Eleven new positions have been added to the faculty, greatly increasing the number of doctor's degrees held by faculty members.

Perhaps the most noticeable of S. I. N. U.'s progress during the past year is the brand-new, proudly heralded Stadium, secured through the cooperation of Southern's alumni and W. P. A. funds. Reputedly the finest of any stadium in Southern Illinois, it is completely equipped for sports activities, and seats 5,000. Its dedication will be one of the highlights of an all-nighted Homecoming weekend at S. I. N. U.

The spirit of Homecoming itself is indicative of the progress Southern is making. Never in the history of the school has there been so much keen rivalry, as in the preparation for Homecoming 1938. A fine orchestra has been secured for the game, the football team is working its hardest for a victory in tomorrow's game. Pennants have been sold, souvenir booklets have been prepared. Houses will hold openhouses for returning alumni and friends, and students are holding activities to the utmost; a bonfire celebration has been planned for Friday night; a much-fought-over Homecoming Queen election has finally been decided; houses are planning elaborate decorations; every effort has been done to make Homecoming 1938, the best Southern has ever known. It is a real return of school spirit.

Not only is S. I. N. U. growing in school spirit of the type that makes possible such a homecoming celebration, but it is also growing in the type of school spirit that does things for permanency. Noticeable to alumni returning is the landscaping that has been done on the campus by student workers. Of particular credit to Southern is the achievement of securing improved sidewalks, not only for the campus, but for the city of Carbondale as well. And if S. I. N. U. is having an effect on Carbondale, so is Carbondale having an effect on S. I. N. U. The Women's Club Forums are using speakers chosen from the faculty; they are also importing speakers, holding their meetings, inviting students to be present. The Rotary Club has also scheduled its expressing array of speakers for the year. Of the faculty, Dr. H. D. Bowen has introduced an Adult Education Forum which is receiving widespread attention from education leaders, and an unusually fine program of entertainment has been formulated for students, including such men as General Smedley Butler, and such musical organizations as the United States Navy Band.

Not only socially, but physically, politically and economically, Southern is doing much for her students. S. I. N. U. has now extended her health service to include emergency medical care; her examinations of students is complete. A new cooperative house, in which thirty rooms have already been introduced on the campus, and is being watched with interest, pending the introduction of other similar establishments. Another house, Harwood Hall, is also on the cooperative plan, and houses sixteen boys. The Harwood has recently been expanded to its utmost. The library budget was doubled for purchasing of books.

Academically, S. I. N. U. offers much; in addition, her teachers work with students in holding classes, furthering ability and opportunity. A three-day Orientation program has been inaugurated for freshmen, student advisory schedules have been arranged. Under the direction of Dr. Bruce Moran, the development of student citizenship service has been planned to include assistance and direction where it is desired to graduates during their first year of teaching, the assistance to successful graduates already in the field in securing better positions, and the development of student citizenship more active alumni associations to keep in touch with the college and promote its interests.

S. I. N. U. was the first teachers' college to introduce rural practice work, and now arrangements have been made for extra rural services. The agriculture and social science departments have been enlarged, arrangement has been made for extension work here with the University of Illinois, Champaign. The department of student citizenship, under the direction of Dr. W. A. Thalman, which are of service to students, alumni, all people of Illinois. Leading psychologists come to Carbondale from important cities to confer; the state attracts wide attention to S. I. N. U.

A book store operated by students is to be found on the campus; every campus organization is doing its utmost to make Southern forward, and in return, the school is cooperating fully, noticeably by the maintenance of the finest student governing body in the state, and by the enthusiastic return of school spirit.

However, the fact that school spirit is so abundant at S. I. N. U. does not mean that Southern is so complete that she does not need additions. It is obvious that with the greatly increased enrollment, the buildings at Southern are more over-crowded than they have ever been. The campus is overcrowded. The result of the immense gain in students is also overcrowded faculty members. The need for new buildings and new teachers is easily recognizable.

Most outstanding need for S. I. N. U. is the establishment of a new training school, which would include all grades, including high school. At the present time, high school students are using rooms which might well be utilized for S. I. N. U. students. The playground, The Allen Training School is not only inadequate, it is dangerously situated. There are rooms in use on the campus which would not pass the state requirements, were they put to the test of capacity, hygiene, etc. All buildings might be taken over and put to use by S. I. N. U. students. Perhaps a part of it might be given over to the music department, which now is inadequately housed in scattered rooms in varied buildings. Rooms might be provided for preparations of such organizations as the U. S. Navy Band, which appeared here last Wednesday, or for the 700 musicians who will arrive tomorrow night, to maneuver at the afternoon football game. The available space could be quickly utilized by any number of S. I. N. U. departments.

The next most outstanding need is a new building, a combination music-theater. The present library is far too high, overtaxed and overcrowded. The museum is shoved off into an inadequate corner. A combination building would be the solution to both problems.

A housing problem does exist at Southern. This year eighty-five girls were sent away from Anthony Hall alone because of lack of space. More cooperative houses, such as Harwood Hall and the N. Y. A. house might be introduced on the campus. Anthony Hall is badly in need of an expansion, and a general cleanup and redecorating. A boys' dormitory is certainly needed; another girls' dormitory could be easily filled.

In order to build, of course, more ground would be necessary, eventually; plans have been discussed for a new campus north of the present one.

Another need of S. I. N. U. is for a swimming pool, which, with the addition of a golf course, would make possible a major in the physical education field, for which so many S. I. N. U. students transfer to the U. of I.

Another building long-needed at Southern is a socio-religious building, to house student social and religious activities, recreation activities for spare time, a cafeteria, the student store, and perhaps other services.

S. I. N. U. needs more provision for graduate work, more N. Y. A. appropriations, more opportunity. It has long been the fact that Southern collects more money in appropriations per capita than any of the other Illinois State Teachers' Colleges, despite the fact that Southern is the largest of them, the most rapidly growing.

The appearance of the new school building, the return of the old to S. I. N. U. is indicative—Southern students are proud of their school—they will work in its behalf. Southern is growing; we want a chance to make it more and more outstanding, bigger and better.

DUNBAR QUEEN CANDIDATES ARE ALL CONFIDENT

Calendar of Homecoming Events Sets New Record

By "THE DUNBAR." Dunbar Calendar.

It is with no small degree of pleasure that the Dunbar Literary Society of Southern Illinois State Normal University announced its contribution to Southern's Homecoming festivities.

Thursday, October 27, 8 p. m.—The Merry Makers (S. I. N. U. Dunbar Co-ed group) informal dance at the College Inn.

Friday afternoon, October 28, 4 p. m.—The Sigma Gamma Rho Sorority Tea, Mrs. Thomas Edwards' residence, East Oak street.

Saturday evening, October 29, 4 p. m.—The Alpha Phi Alpha Pledge club reception, Mrs. Daisy Sykes' residence—South Illinois.

Saturday evening, at 9 o'clock, the tunes of Eddie Johnson's radio and recording artists will herald the beginning of, if advance indications prove true, the greatest of all Dunbar's Homecoming dances.

10 p. m.—Presentation of the Society's officers.

11 p. m.—Crowning of Dunbar's queen.

DUNBAR QUEEN?

Who will reign over S. I. N. U.'s Dunbar group as queen for the 1938-1939 school year? Your guess is as good as mine. The three candidates who survived the bitterly fought battle for nomination are amazingly self-confident in predicting their own victory on the night of the Homecoming dance.

Interviewed the contestants, here are the answers he received to his inquiry of: What are your chances for winning the crown?

Rita Owens, Du Quoin—"For me to come to brag but do you think the crown will fit?"

Elizabeth Arnett, Carbondale—"Do you think that it is possible for me to win again next year?"

P. C. S. (the name she meant), Evelyn Davis, East St. Louis—"If I only knew the color of the crown I could pick my dress."

Well, I guess from the above, you think that Dunbar will have three queens. Oh yeah! One will be crown, and only one.

FRESHMEN DEMAND GREATER MANIFESTATION OF SCHOOL SPIRIT

By MARJORIE JONES.

In talking to various freshmen on the campus (and incidentally these freshmen compose half the student body here this year) we find that they are completely dissatisfied with the school spirit.

Over half the freshmen this year came from average size high schools where athletics and school spirit played a major part in school life. They are accustomed to going to football games, and really rooting for the team.

"To give you an idea of how some of our freshmen feel here are some of the statements we got from them: 'Why don't we have more pep meetings to acquaint the new students with the school songs and yells and work up more enthusiasm in the whole student body?' 'You can't yell if you don't know the yells!' 'Why isn't there a cheering section at home games?' That, unfortunately, is just how the freshmen feel so this week-end being Homecoming why not all come out and show the freshmen your school spirit?"

Ruth Williams, '39, teacher in Maywood, a Chicago suburb, in the Garfield Grammar School, which has an enrollment of 1000 students.

Wendell Whitlock, '41, and Glenn Seythors are putting themselves through school on the returns from the butter and egg business.

RURAL LIFE CLUB

TO SEND DELEGATES TO KENTUCKY CONFERENCE

The Rural Life Club on this campus is to be represented by Earl Dawes, Ruby Price, and Carroll Turner at the American Country Life National Conference to be held November 24 at the University of Kentucky at Lexington. The students will be accompanied by the faculty sponsor, Mr. Troy L. Stearns.

The theme of the National Conference is the improvement of our rural civilization. On Saturday after the conference is over, the party plans to visit the T. V. A. project before returning to S. I. N. U.

DUNBAR QUEEN CANDIDATES ARE ALL CONFIDENT

George Kaufman's 'First Lady' Will Be Presented Here Tonight With a Feature Cast; Huge Crowd Expected

Opening S. I. N. U.'s greatest celebration of its kind, the 1938 Homecoming play, "First Lady," is a fitting climax to the long list of successful performances with which the Little Theatre has entertained old graduates on their return each fall. This year's streamlined satire on politics and Washington society is as timely as today, as modern as tomorrow.

"Set against a novel background created by Head Technician, Robert Chalmers, and Assistant Scene Artist, John Garrison, the George Kaufman hit gives ample opportunity to veteran actors Fred Meyer, Eva Jane Milligan, Roy Stallings, Eddie Mitchell, Harry Helzlsouer, James Cash, and others. Alumni will be pleased, too, with the number of talented newcomers making their initial appearance in a variety production.

"First Lady" is a comedy of manners with political overtones. The plot centers around the feud between two of Washington society's most powerful mafiosos who use "all holds and show no quarter" in their feine struggle for the position of "First Lady of the land."

Irene Hibbard (Roy Stallings), wife of a Supreme Court Justice (Eddie Mitchell) incurred the undying hatred of Lucy Chase Wayne (Eva Jane Milligan), wife of the Secretary of State (Fred Meyer) when she "stole" the latter's cook some years before. This episode leads to complications on a national scale when Lucy, to discourage Irene's interest in a promiscuous young senator (Robert Link), lets a party rumor be circulated that the fame is considering Hibbard for the presidency. Irene, of course, immediately returns to the family hearth to "stick with her husband in his hour of need." The rumor gets beyond Lucy's control and threatens to become an actuality, being in effect a bombarding for the Secretary of State has been thinking seriously of putting himself in the running for the candidacy. Realizing that she would be responsible for thwarting her own husband and losing for herself the position of "first lady," Lucy frantically tries to repair the damage she has done. How both women contrive to control the nomination of the presidential candidate and how the leading politicians in the nation's capital become involved is told in a riotously funny story played against a background rich with political history.

Both cast and technical staff have made the most careful preparations to give this year's Homecoming audience their finest show to date.

U. HIGH SCHOOL TO HOLD SKATING PARTY TONIGHT

A skating party will be sponsored by the University High School students tonight from 9 to 12 o'clock. Tickets may be bought at the rink. A novelty skating contest will be held and small prizes awarded to the best couple skating and to the best individual skater. Everyone is invited. The admission price is 20 cents.

Skating parties are sponsored by the U. High School each Wednesday from 3:00 to 6:00. Twenty-five cents admission is charged. This includes a bottle of pop, grand marches and tag are always featured.

SOCRATIC SOCIETY TO GIVE PROGRAM AND TEA DANCE

Society is Aiding in Sale of Homecoming Pennants

The Socratic Literary Society is selling banners and tickets to the Homecoming dance, with the idea of retaining all profits made on the banners to the stadium fund.

Five hundred tickets for Socratic pennants have been sent out containing invitations to the Homecoming activities. Among the activities to be sponsored by the Socratic Society is a program on Saturday morning at 9:00 in the Little Theatre Auditorium and a tea dance at Anthony Hall after the football game that afternoon. Some of the girls of the society are to act as hostesses.

Gaylord Whitlock, Socratic president, has had charge of the ticket sales of the organization.

EPHEBIC OATH MAIN FEATURE OF BONFIRE

Whitlock to Conduct Pep Session; Board To Lead Color

During the past year, a large number of students have taken the ephobic oath. This year's main feature of the Homecoming celebration will be the ephobic oath ceremony, which will be held at the stadium on Friday night. The ceremony will be conducted by Gaylord Whitlock, Socratic president, and the board of directors. The oath is a pledge of loyalty to the college and to the state of Illinois. It is a tradition of the college and is taken by all students who enter the college.

HOUSE DECORATIONS TO BE JUDGED FRIDAY NIGHT

Traveling Cup To Be Awarded for Best House

Awards for the annual house decorations contest will be presented to the winning houses Saturday afternoon between the third and fourth quarters of the Homecoming football game. The prizes this year will be traveling cups. One cup will be presented to the winning Independent House and one to the organized house which has the best decoration in the opinion of the judges.

The judging committee is to be headed by Miss Ruby Van Trump, and the houses are to be judged on Friday evening. The maximum amount an independent house may spend for decorating is \$50.00 and for an organized house \$100.00. The idea of a traveling cup is new and unique this year. Any house, in order to gain permanent possession of the cup must win three legs of it. Until one house wins the cup three years the trophy will continue to be awarded each year. If the same house deserves permanent possession by winning three legs of the cup, it will be replaced with a new one.

Illinois Federation Women's Clubs in National Forum

The Illinois Federation of Women's Clubs will present an Educational Forum Tuesday, Nov. 1, at the Little Theatre. The meeting will begin at 9:30. The following program will be presented:

9:30—Music. Assembly singing directed by David McIntosh.

9:45—Address of welcome. President Florence Pulliam.

10:05—Lecture, "Crisis in Central Europe," Dr. R. L. Beyer.

10:55—Announcements, Mrs. E. F. Parks, president of 25th district.

11:05—Lecture, "New Legislative Council of the State of Illinois," Dr. Orville Alexander.

11:50—Lecture, "Discussion of Proposed Banking Law," Dr. M. J. Szepel.

12:30—Lecture, "Buildings of Southern Illinois," David McIntosh.

1:50—Lecture, "Teaching Grade-School Pupils to Read Yesterday and Today," H. E. Beoley.

2:30—Lecture, "Book Reviewing," Robert D. Finner.

A similar program will be presented at Harrisburg on November 3 for the 4th district of the Illinois Federation of Women's Clubs.

U. CLUB TO SELECT NEW BASKETBALL SUITS

The newly organized "U" club of the University High School will meet soon to decide upon new basketball suits which they wish to be ready for the first game of the season. The club is also planning to had a suitable symbol for the team.

GEORGE YOUNG
FIRST CLASS HAND LAUNDRY
209 West Monroe Street
Phone 306 Carbondale, Ill.

Immediately following the Homecoming play, which students, alumni and friends of the college are gathering in the north end of the old football field, all freshmen are to meet as a group outside of the entrance to the college bookstore. They will then go to the old football field, where they will light a small fire near the entrance gate.

As they pass this fire, each member of the class will burn his green "legends" which he has worn during the past week. They will then join in taking the ephobic oath of loyalty to the college which will be administered by President Rescoe Pulliam.

Russell Borne, Jack Wilson, Frank Green To Go To Florida

THE H and M STORE
Where QUALITY Is NOT Expensive

Yell King Whitlock has made plans which include speeches by Coaches McAndrew, Martin, and Little, football Co-Captains Cade and McGuire, representatives of the student, and the "U" club.

Three members of the senior class, Russell Borne of Carterville, Jack Wilson of Harat-Bush, and Frank Green of St. Louis, have been selected by the Navy department to take Naval Aviation training at the Naval Aviation School at Pensacola, Florida. They expect to begin training next June, upon completion of their college courses.

The college band will play for the singing of the school songs and school yell will be led by the Yell King and such experts of the past as "Stats" Valentine and others.

These three boys hope to succeed in making the same training in which three former S. I. T. C. students are now engaged. They are Cadet Graydon Weber of Marion, and Cadet Francis Orison of Christopher, who entered last July and September, respectively. Cadet Alex Moden of Christopher, who entered two years ago and is now on active sea duty with the Pacific Air Fleet, stationed at Pearl Harbor, Honolulu.

Mr. Fred Cagle and Philip Smith, director and custodian of the College Museum, are now at work on a research problem on the box turtle of Southern Illinois, trying to show the extent and type of variation within the box turtle, *Terrapene carolina*. It is thought, because of the already noted differences between various specimens examined that a different subspecies will be found. They hope to bring out differences by collecting several hundred specimens and making a study of the morphological details of them.

HEWITT'S DRUG STORE
FINE FRESH CANDIES
HOMECOMING SPECIAL

Horton's Chocolate Covered Cherries 25c pound 50c quality

Gules' Assorted Chocolate Creams and Assorted Fruits and Nuts \$1.00 and \$1.50 pound

Liggett's Little Bits from the East \$1.50 pound
Ivan Manning French Chocolates
1/2 pound 25c — 1 pound 50c — 2 pounds \$1.00

The popular package box candy — Fountain service
Try our surpassing Chocolate Soda — The \$50.00 Chocolate

Up to the present time, the systematics of the box turtle have been incomplete and the life history comparatively unknown. The problem which Mr. Cagle and Mr. Smith are attempting is basic and must be completed before additional systematic work can be done on the box turtle. This bit of research they have to complete by the end of the next school year and it occupies much of their spare time as they work toward that goal.

The publication of such a paper, when it is finished, will constitute the second in a series of contributions to science on the systematics of reptiles and amphibians of Southern Illinois.

Specimens and other materials will be kept at the S. I. N. U. Museum as a source of reference for those individuals who are interested in pursuing further the study of the box turtle.

Friday, October 28, 1938

S.I.N.U. DEFEATED AT MACOMB SATURDAY

Maroons Vanquished 19-0 in Macomb Homecoming Tilt

Co. Southern was forced to give up the idea of spoiling Western's homecoming at Macomb Saturday and were sent away with a 19-0 defeat.

Trailing at the end of the half, Coach McAndrew's eleven returned to the field determined to pull the game out of the fire.

Varsity and Alumnae Will Meet at 10:15 A. M.; No Adm. Charge

Homecoming activities will be the annual varsity-alumnae hockey game tomorrow morning at 10:15.

Miss Marjorie Van Bibber, hockey manager, has announced the lineup for the varsity team.

Several outstanding alumnae hockey players are returning for the game.

Football enthusiasts find little in a defeat to be optimistic about, several of the Maroons turned in performances worthy of more than the usual praise.

Two freshmen, Max Lewis of Carbondale and William Townes of Macomb, round out the lineup.

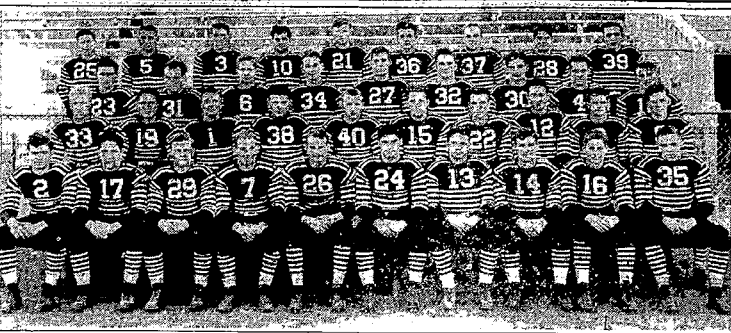

Max Lewis made his debut as center in the opening combination and showed that he is not a candidate at present for the "glass hat" by playing a fully sixty minutes in the line.

William Townes of Macomb, round out the lineup at center and end.

English L. E. Hara Smythe L. T. G. Frey L. G. E. York L. C. G. E. Hara R. T. Stevenson Cade (co-capt.) R. E. Hartley Townes Q. B. Stewart Cox L. H. Sontz Frazier R. H. Sampson Wolfenbarger F. B. Mincey Substitutions Southern: Cade, McGuire, Reed, Keller, Ellis, Gray, Smith, Clifford, Proeburg, Rowatt, and Deppor.

Officials: Dr. Earl Matthes, Carbondale; Dr. Garth Poole and Richard Baxter, Peoria.

1938 S. I. N. U. Football Squad That Will Dedicate the New Stadium on October 29

The highlight of the fall is the homecoming game tomorrow afternoon to see two of the standard local athletes of the present college generation perform.

Co-Captains, Harland Cade and Kenneth McGuire, Lead Maroons

Never a star—his presence is at fundamentals—a garrulous leader but a quiet, unassuming man of the quiet unassuming type of the field—Co-Captain Kenneth McGuire.

McGuire, like Cade, saw a lot of action as a freshman halfback, but was not awarded a monogram.

Until this season, McGuire has been one of the most rugged of Southern linemen, never having missed a game because of injury.

Statistics show that the Maroons have generally played their best football of the season before a Homecoming through Naturally, we hope that this year's team will not prove to be an exception.

These have been sixteen previous Homecoming tilts played at S. I. N. U. and the Maroons have lost only four of these contests.

After Saturday's encounter it is hoped that the Homecoming results show ten victories, four defeats and three ties.

Results of Homecoming encounters for the last ten years are as follows:

1928	Carbondale 18, Carbondale 0
1929	Carbondale 7 won
1930	Old Normal 0, Carbondale 39 won
1931	DeKalb 0, Carbondale 7 won
1932	Carbondale 0, Carbondale 25 won
1933	Shurtlett 0, Carbondale 2 won
1934	Carbondale 6, Carbondale 13 won
1935	DeKalb 28, Carbondale 0 lost
1936	McKendree 0, Carbondale 13 won
1937	Macomb 16, Carbondale 0 lost

This weekend will be one that will be long remembered in the history of Southern. Of primary importance in that regard will be the dedication of the new stadium which has long been the dream of Captain McAndrew.

In addition, through the efforts of the Southern Knights, a symbol for the college will be unveiled and presented at the football game. The symbol is of permanent structure, we hear, and will be set up somewhere on the campus after the celebrations.

The press box on top of the stadium will be a certain one, be alive at actively tomorrow. Besides the regular staff of reporters, there will

OUTSTANDING PLAYERS DISCOVERED IN TENNIS TOURNAMENT

The fall tennis tourney has come to an end. In final play there were several surprise victories, thrilling games, and well-earned matches.

On Monday afternoon the Wildcats secured a foothold on the title by defeating the Bartonians, 3-0.

An interesting feature of the pitching was that nine players represented the nine hits.

The following rankings will hold over to spring. All men on this list are eligible to try for the varsity and to work for P. E. credit in the spring.

Ranking of the first ten men are as follows: Haeg, Petersen, Cox, Church, Kline, Dodd, Morgan, Fardoe, Schaefer and Gilpin.

The second ten: Rogers, W. Thompson, Ashley, Major, Holliday, Erch, Mescher, Kitzpatrick, Bristow and Price.

Third ten: Paul, C. Smith, Pinson, Marberry, McNeill, Johnson, Beck, R. Thompson, D. Smith and Pepple.

Statistics show that the Maroons have generally played their best football of the season before a Homecoming through Naturally, we hope that this year's team will not prove to be an exception.

These have been sixteen previous Homecoming tilts played at S. I. N. U. and the Maroons have lost only four of these contests.

After Saturday's encounter it is hoped that the Homecoming results show ten victories, four defeats and three ties.

Results of Homecoming encounters for the last ten years are as follows:

1928	Carbondale 18, Carbondale 0
1929	Carbondale 7 won
1930	Old Normal 0, Carbondale 39 won
1931	DeKalb 0, Carbondale 7 won
1932	Carbondale 0, Carbondale 25 won
1933	Shurtlett 0, Carbondale 2 won
1934	Carbondale 6, Carbondale 13 won
1935	DeKalb 28, Carbondale 0 lost
1936	McKendree 0, Carbondale 13 won
1937	Macomb 16, Carbondale 0 lost

When the Maroon warriors take the field tomorrow afternoon at two o'clock, not only will they be dedicating their new stadium, before a homecoming crowd of approximately ten thousand persons, but they will be meeting their old rivals from Bloomington, Illinois Normal State University, for the tenth consecutive year.

Normal has been rather weak on their passing offense, but this year they have in their backfield a certain Mr. Gleason, who last year attended St. Vian's College, a non-defunct institution. Mr. Gleason, furthermore, is death on playing passes where they do the most good, namely, in the hands of the ends.

INTRAMURAL BASEBALL

By IKE SCHAFFER.

By IKE SCHAFFER. John Coffman's Wildcats, Barro Baltz's Bartonians and Dr. C. H. Craner's Spiritus were declared eligible to participate in the play-off for the championship of the Fall Intramural Baseball League.

On Monday afternoon the Wildcats secured a foothold on the title by defeating the Bartonians, 3-0.

SPORTS EDITORITES

By GENE ROGERS.

Homecoming is definitely upon us again! And in the sporting classic of the week-end Southern, led by their determined Co-Captains Harland Cade and Kenny McGuire, will defend the honor of S. I. N. U. against the invasion of the upstart "Red" Peoria team.

Since the first of the football season coaches have been lamenting the loss of players through expiration in each game almost without exception, at least one player has humped or he has been carried off the field and placed on the "China list."

Macomb's Olden's volleyball team defeated that of McKendree last week. The team is composed of: Bob, Dick, Pol, Hugh, Roy, Roy, Adams and Johnson. Blackley's players were: Con, Kovalski, Marple, Tate, Berry, Hummer and Charon.

Blackley was high scorer, with 14-11 in unreturned balls; he received Olden and Blackley tied as equal men servers with eleven points each.

Gym Team To Have Banquet; Illinois, Minnesota, and Nebraska Request To Meet Southern Gymnasts Again

By LLOYD MITCHELL.

The gym team will join the Homecoming festivities with its banquet Saturday at the Baptist Annex at approximately 11:30 A. M.

Many of the alumni will attend this dinner, the first of its kind to be sponsored by the gym team. In addition to the meal, the pictures of the last year's gym team will be shown. These pictures will be of very great importance to the freshmen as it will give them an idea of the task that is ahead of them.

The gym team should be in full trim by the winter term. The addition of several football men, such as Groves, Randle, Stumph and McGuire, will strengthen the team considerably. All of these men are letter winners.

Several lettermen have already reported for practice and are working vigorously. Included are: Falk and Davis, tumbling and parallel bars; Scantlin, high bar, tumbling and parallel bars; Covington, horse and rings; Black, horse, rings and high bar; and Roberts, high bar and horse.

Captain Harold Black is Southern's number one man of the mat. Last year he ranked next to Vernon Hicks, who is by far the best tumbler ever to graduate here. Captain Falk has been in there pitching. At present, he is helping Harold Black, last year's captain, in coaching the team in the absence of our excellent coach, Mr. Vincent DiGiovanna. Bernie has lost no time in perfecting himself and will bring home many points this year.

The prospects of the team look brighter with experienced non-lettermen, such as Washington, Ziegler, Fred, Hlense and Hiedinger, showing their abilities. However, the scene darkens with lettermen Green and Becher leaving school at the close of the winter term. Bishop, who hurt his knee last year when he did a double-diveaway from the rings is still under the jinx of old man injury.

There is a possibility of six freshmen winning berths on the varsity this year. They are: Pyle, Pinckneyville, tumbling, parallel and high bar; Zack and Zink, both of Centralia, parallels and tumbling; Vonshaker, East St. Louis, parallels and tumbling; Robinson, Anna, high bar and tumbling; and Dixon, Mt. Vernon, rings.

Acting Coach Black has been corresponding with many high schools in Egypt. The gym team exhibitions are proving to be outstanding. The final schedule of these exhibitions have not as yet been completed.

Also Black has received letters from the University of Minnesota, the University of Illinois, the University of Nebraska, and Turner Normal of Indianapolis asking for information concerning meets for the coming season. He has written to Washington University of St. Louis, St. Louis University, Concordia Turner of St. Louis, and Principals of Elmhurst, Ill.

The U. of I. would like to return to Southern for another triangular meet as we held here last year with Southern, Illinois and Minnesota. Price and Piper, coaches of Illinois and Minnesota, respectively, are very much in favor of another such contest. They stated that the crowd here was the largest for which they had performed. If the University of Illinois returns to Southern they will have, again this year, Joe Diabombardo, the champion Olympic tumbler. Turner Normal would like to have a triangular meet here and at Indianapolis. Turner is a regular gymnastics teacher. Another possibility is that a triangular or quadrangular meet will be held in St. Louis between Southern and the colleges of that city.

No correspondence has as yet been completed. However, Southern will have the best team and largest schedule in the history of the team.

'Abe' Martin Returns To S. I. N. U. To Help Coach The Maroons

By WILBUR RICE.

1930, and also chosen as half back on the All-Conference team.

Although Assistant Football Coach Glenn Martin is no stranger to many returning Alumni, and no stranger to the S. I. N. U. campus, he came here this fall to serve his first year as football mentor at Southern, and in that capacity has made himself popular as well as valuable to the school once more.

The vacancy which "Abe" fills was created by the leave of absence given Vincent DiGiovanna. The school feels fortunate in securing a man, not only familiar with the school, but also an experienced and widely known football man.

Martin started his football career at Fairfield High School, where he starred for two years. McKendree college at Lebanon saw him, and he persuaded him to come there after graduation from high school in 1936. He won his letter at McKendree and then came to Southern to play three more years of college football. He was co-captain of the Maroons in 1937.

Mr. Martin is a triangular or quadrangular meet will be held in St. Louis between Southern and the colleges of that city.

No correspondence has as yet been completed. However, Southern will have the best team and largest schedule in the history of the team.

Critic Writes a Review of Little Theatre Production 'First Lady'

THE REVUE
This is the first preview of the first performance of the first Little Theatre production of the year. The play is a comedy in one act. It is written by the author of the play. The play is a comedy in one act. It is written by the author of the play. The play is a comedy in one act. It is written by the author of the play.

As the scene opens, we see a man and a woman. The man is the author of the play. The woman is the author of the play. The man is the author of the play. The woman is the author of the play. The man is the author of the play. The woman is the author of the play.

Then follows a very enlightening and witty elaboration on Washington gossip. The play is a comedy in one act. It is written by the author of the play. The play is a comedy in one act. It is written by the author of the play. The play is a comedy in one act. It is written by the author of the play.

MERWIN GIVES COOPERATIVES ENCOURAGEMENT

Says That Southern Co-operative Life Would Be Successful

Dr. Bruce Merwin, who has given his attention to the study of co-operatives in the U. S. A., has been invited to give a talk at the Little Theatre on Thursday night. He will discuss the possibilities of co-operative life in the South.

Dr. Merwin expressed his ideas very clearly when he said in an interview with an Egyptian reporter: "Just as the book-store, Harwood Hall and the N. Y. A. resident house have been successful, so co-operative life in the South would be successful. Although there is now a shortage of suitable houses available, these projects could be carried through by next year if the students would create enough initiative and willingness to work to secure these ends. Good food, good service, and good times at low costs are features of a co-operative institution and these features are usually needed at all levels of schools. To accomplish these needs which are prevalent at S. I. N. U. at the present time, the students should take enough interest in them to establish them here. The N. Y. A. school, the student union, the agricultural department, the Y. M. C. A., and the Y. W. C. A. are all examples of what can be done if enough interest is shown."

Resident Training Project Has Democratic Form of Government

Some one has said that government recognizes as one of its duties cooperation with all the people to look out for the best interests of all. The Resident Training House of self-government very stable, sponsored by the N. Y. A. is now being organized. Last week the House Committee voted to purchase of fifty baby chicks for the agricultural department. The chicks for the agricultural department were purchased for the agricultural department. The chicks for the agricultural department were purchased for the agricultural department.

HAYWARD WHITLOCK ELECTED TO HEAD AGRICULTURE CLUB

Willard Moore Addresses Club At Last Meeting

Hayward Whitlock, 30, was elected president of the Agriculture Club at a recent meeting of the club. Other officers elected were: Vice-president, Leslie Manke; Secretary-treasurer, Lerol Albert; Sergeant-at-Arms, Deetta Phillip.

The new president appointed a program committee consisting of Leslie Manke, Wilbur Welton and Eugene Johnson. At the last meeting of the club, Willard Moore of the Farm Security Administration at Murphysboro, spoke on the work of the administration and plans were made to sell tickets for Homecoming.

The Agriculture Club has about one hundred and eighty members enrolled which is the largest in the history of the club. A week and the S. I. N. U. book-store where the students can rent their books at a very low price are illustrations of what can be done if enough interest is shown."

GREEK HOUSES SPONSOR FETES FOR HOMECOMERS

Activities include Open Houses, Banquets, and Other Functions

The four organized Greek houses on the local campus have cooperated with the Homecoming committee in its effort to make this year's celebration the greatest ever held. Each house has arranged its activities with the rules set up by the student Homecoming committee. Chairman of the various decorations committees were: Lucy Phillips, Delta Sigma Epsilon; Frances Sherman, Sigma Sigma Sigma; Val Watson, Kappa Delta Alpha; and Bill Waters, Chi Delta Chi.

Delta Sigma Epsilon sorority plans to hold an open house immediately following the Homecoming play. The annual alumni banquet will be held Saturday evening at 6:30 at the Presbyterian church. A formal banquet in honor of Tri-Sigma alumnae is to be held tomorrow evening at 6:00. Tonight shortly before the Homecoming play Kappa Delta Alpha is holding a stag party for their alumni at the chapter house. The fraternity's Homecoming banquet is to be given at the Roberts Hotel tomorrow at 5:30 p. m.

At noon tomorrow there will be a luncheon at Renton's Lunchette for all alumni members of Chi Delta Chi fraternity. At that time there will be an election of officers for the forthcoming year. Saturday evening at 6:30 o'clock there is to be the Chi Delta Chi banquet for active pledges and alumni at the Baptist church. According to reports from the four organizations, a greater number of alumni are expected at this year's Homecoming festivities than in any previous years.

MRS. F. N. POND TO SPEAK AT A. A. U. W. MEETING TUESDAY

Mrs. Fern Nance Pond of Petersburg, Illinois, will speak on the Reconstruction of New Salem in the Little Theatre Auditorium at 7:30 p. m. Tuesday, November 1. The program is sponsored by the American Association of University Women. Miss Esther Power of the English department is chairman of the house.

SHAKESPEARE TOPIC OF NEELY TALK AT WOMEN'S CLUB

Mrs. Julia Neely of the English department spoke to the Literature and Arts Division of the Carbonate Women's Club on Thursday of this week. Her subject was "The Appreciation of Shakespeare and His Works." This was the first of a series of meetings in which the club plans to study four of Shakespeare's plays.

MISS BARBER SAYS SIZE OF GIRL'S DORMITORY SHOULD BE DOUBLED

By MARTHA STALLINGS.
For this term, Miss J. M. Barber turned away from Anthony Hall between seventy-five and one hundred girls' dormitory rooms and board. Already she has been asked to reduce admittance to several for next term, because every available room is occupied.

Miss Barber feels that there is a great demand for dormitory rooms because girls feel that life is more congenial in a larger group at college. Many parents feel that in a dormitory their girls will be under the direct supervision of the University and so the University will be directly responsible for the welfare of their daughters.

There is more social life in a dormitory. Living conditions are adequate in town, but girls feel there are more people in a dormitory. At Anthony Hall, they can partake in open houses and dances. They get the advantages of social life at less expense.

Convenience is another element involved. There are many modern conveniences in the dormitory. It is, of course, closer to the center of activities. There is not the danger of getting sketchily, as many night housekeepers do. There are well-balanced meals at the dormitory.

Many more consider dormitory life the proper environment for students.

I'M PROUD OF THEM AGAIN...

SOCRATS DONATE PENNANT PROFITS TO STADIUM FUND

In an attempt to set a precedent for other campus organizations, the Socratic Literary Society has voted unanimously to contribute all its Homecoming pennant profits to the S. I. N. U. stadium fund.

AMERICA CAN LEARN FROM SWEDEN ACCORDING TO WILFRID HUSBAND

Let's Stay Out of War for 124 Years, Says Noted Lecturer

By HALBERT GULLEY.

In a highly interesting lecture and

motion picture representation of "Sweden: Where Human Values Count", Wilfrid Laurier Husband discussed the success of the cooperation and democratic movement in this Scandinavian country before an audience of 2000 last Monday morning at Shryock Auditorium. Mr. Husband's subject was made more vivid by the cooperation of his wife, who appeared in a native costume of a Swedish village, and by excellent color motion pictures of its people.

Mr. Husband pointed out many of the achievements of Sweden which are perhaps to be envied in this country. The fundamental philosophy of government there is that good national government cannot be achieved without good state government; that the right kind of state government is impossible without clean local government; and that local government depends upon the integrity of the individual citizen. Besides this, the famous traveler and lecturer stressed that adult education is as important through study circles in Sweden as is secondary and college education in our country. These study circles are composed of adults who desire to learn. The four principal subjects preferred are popular government, political science, economics, and parliamentary procedure.

Mr. Husband also contrasted Sweden with the United States upon the amount of unemployment. In that country there are 25,000 out of work, or less than 1% per cent of the total population; we have 12,000,000 unemployed, making 8 per cent of our population. Norway, Sweden's industrial production is 12 per cent above their 1939 level. Monopolies have been curbed by consumer's co-operatives and a managed-currency. The standard of living, when measured in terms of real wages with reduced living costs, is very high. Sweden has practically eliminated slums and has reduced medical costs. Venereal diseases have almost entirely been eradicated. Mr. Husband closed by stating that Sweden has remained out of war for 124 years, and it would be desirable if the United States could do as well.

SIDNEY FRIEDMAN AND ED HENRY DO CARTOON WORK FOR EGYPTIAN

An added feature of this year's EGYPTIAN is the regular cartoon work on the editorial page. Their work is being done by two of Southern's foremost artists and cartoonists, Sidney Friedman, Christopher and Ed Henry, Memphisboro. Both cartoonists are cooperating with the EGYPTIAN'S "Dawn of Southern Illinois" editorial policy.

Miss Winona Winters, '40, holds the Kentucky state record in 250 low hurdles for women, and was also the winner of second place in the 440 yard dash, first place in relay, and second in broad jump. Miss Winters won these honors when she entered the state meet at Pineville, Ky., as a student of Lynch High school, Kentucky, in 1935.

The picture of Miss Marian Bynum, S. I. N. U. student of Harrisburg, Illinois, appeared in the St. Louis Globe-Democrat of October 11. Miss Bynum is president of the Women's Athletic Association here.

FIRST S. I. N. U. HOMECOMING HELD NOV. 11, 1922

Cape-Southern Game Ended In 0-0 Tie

While looking over the 1922 copies of the Egyptian, we found that the first Homecoming of S. I. N. U. was held on November 11, Armistice day, in 1922. All students who were ex-servicemen were asked to wear their uniforms. A large meeting celebrating both Homecoming and Armistice day was held with the Hon. Walter W. Williams as speaker. Williams was a student here in the early 1890's. After graduating he rose to high political standing in the state, being a representative to the state legislature at the time.

The football game was with Cape Girardeau. The score at the end of four hard fought quarters was 0 to 0. On the team at that time were such noted alumni as Captain Gilbert "Doc" Carson, Tom Entenmacher, Marvin Hamilton, Leo Gardner, Louie Clark, and others.

The '38 Homecoming is the 17th in the long line of annual celebrations and is going to be 17 times as good as number one. Everybody is looking forward to the most outstanding Homecoming known in the history of our school.

COMMERCE CLUB TO SPONSOR ALUMNI BREAKFAST

The Commerce club held a Halloween's top in place of its regular meeting on Thursday night, October 20. Music was furnished by a Virtuoso, and there was a large attendance of students. No business meeting was held, but announcement was made over the public address system to impress upon the members of the Chamber of Commerce that they should attend the Commerce Club breakfast to be held Saturday morning of Homecoming. The breakfast is scheduled for 8:00 at Hank's place downtown. It is being sponsored by the club under the direction of Mr. T. L. Bryant.

'BARTERED BRIDE' TO BE GIVEN DECEMBER 8

The date for "The Bartered Bride", an operatic production to be given by the music department, has been changed and the opera will be given on Thursday, December 8, instead of November 17, as previously announced.

A few changes have also been made in the cast as follows: Eddie Melvin will replace John Pratt in the role of Jenk; the part of Lulu will be played by Elsie McCoy instead of Helen Russell; Russell Harrison will take the part of Vasek in the place of Carl McIntyre, and the role of Krashnik will be taken by Dave Allen. The names of the chorus members will be released at a later date.

DRAKE-CONGRESS HOTELS DEMAND

JIMMY DORSEY

Famous Maestro Will Lead His Band Here, Tomorrow Night

Jimmy Dorsey, who will play for the Homecoming dance tomorrow night, and whose band was heard

with Bing Crosby on the Kraft Music Hall radio program every Thursday for two years, followed by an engagement at the Bon-Air Country Club, now has his choice of the Drake or the Congress in Chicago. In either case Jimmy's band will probably make the most popular spot in the Loop this season, more especially if reports from the Bon-Air Country Club are half true. The younger Dorsey has never spent the summer there in such a consistently fine program that his stock has risen high among the North Shore swing addicts. Jimmy is regarded by musicians as one of the outstanding clarinet and saxophone players in America, and his orchestra will play for the largest Homecoming dance in the history of Southern Illinois Teachers' College on Oct. 22, in the gymnasium.

SEASTROM LECTURES TO U-HIGH CLASS ON CONSERVATION

The geography department of the college is host today to Mr. Paul Seastrom, head of the Forestry Division of the Department of Conservation at Springfield, with headquarters at Repton. Mr. Seastrom takes care of all the forestry work which is carried on south of Springfield. Mr. Seastrom, a graduate of the University of Minnesota, will lecture and show slides this afternoon to the high school conservation class, 2nd hour, and the college conservation class, 6th hour. His lecture will be about how the forestry division of the Department of Conservation is influencing reforestation in Illinois.

Homecomers Receive Greetings From Honolulu, Hawaii; Writer Recalls First S. I. N. U. Homecoming

By IKE SCHAFFER.

You Homecomers have probably been greeted by members of the current study body, by faculty members, and by fellow alumni. However, below is a greeting that is just a bit out of the ordinary. It comes from distant Honolulu, Hawaii, and that fact alone would make it interesting, but when you consider that it was written by one of the founders of the S. I. N. U. Homecoming tradition it becomes doubly significant. The message is as follows:

TO THE HOMECOMERS: The Homecoming celebration at Southern has grown a great deal since our first attempt some sixteen years ago. It has not been my pleasure to attend since 1922 but each year at this time the HOMECOMING brings back memories to me here in Hawaii as I am sure it does to Alumni who are now in all parts of the world. "May the 1938 HOMECOMING top the first!"

Signed, Aloha Nui Loa, D. Ransom Sherrett. Although Mr. Sherrett is far removed from the S. I. N. U. campus at the present time, he is closely associated with S. I. N. U. HOMECOMINGS. It was while he was editor of the Egyptian in the Fall of 1922 that he suggested the HOME

he supervision of Mr. Tracy L. Bryant, of the Commerce department, and lectured at the picnic Friday afternoon, October 21. The outing was well attended and the group enjoyed dancing at the lodge, as well as the picnic.
