Council Passes New Constitution

TUG OF WAR
The scheduled "tug of war" in the Thompson Point lake last weekend didn't exactly come off as planned—the rope broke on the first tug. The boys then decided to amuse themselves by throwing each other into two feet of mud. Jim Wagner above, is being "helped" into the ditch.

Work With USNSA

SIU To Help Promote Academic Freedom Week

During the week of April 21-25, the United States National Student Association is sponsoring Academic Freedom Week at all of its member schools throughout the nation.

As SIU recently joined the USNSA, this is the first joint effort being made with the national organization in sponsoring the activities for the week.

The purpose of Academic Freedom Week is to stimulate student thought and to define what academic freedom means to the faculty and the student body.

On Tuesday, April 22, at 8 p. m., the SIU Debate team will present a debate on academic freedom in the Library Auditorium. Coffee will be served in the Library lounge after the presentation of the debate.

The next evening (Wednesday, April 23) a panel discussion on academic freedom will be presented in the Seminar Room of the Agriculture Building at 8 p. m. Coffee again will be served following the discussion.

Proclamation

WHEREAS: The Student Council is sponsoring Academic Freedom Week, and;

WHEREAS: The Student Council wishes to encourage such a program that will stimulate student thought, and;

WHEREAS: The Student Body may have the opportunity to discuss the value of Academic Freedom;

We do hereby proclaim that April 21 to April 25 shall be Academic Freedom Week.

Signed,
Mary Ann Edwards
President
Student Council

Crusoe, Friday Fight Cannibals Tonight At SIU

The "Adventures of Robinson Crusoe" will be shown in the University School Auditorium at 6:30 and 8:30 p. m.

Produced in Mexico and directed by Luis Bunuel, the film is photographed in Pathcolor. Dan O'Hertly plays the adventurous Crusoe and James Fernandez is his man Friday.

The film covers the entire Daniel Defoe classic as it depicts the 28 years Crusoe spent in exile on the deserted island. Crusoe's meeting with cannibals, and his encounter with Friday, his rescuer, are highlights of the movie.

The moralizing and adventure of Defoe's original work are retained in the movie version. The dialogue is in Spanish with English subtitles.

Admission for the movie is 25 cents for students with activity cards and 40 cents for adults.

Chem Club Plans Trip To St. Louis

With their eye on future job opportunities in the chemical industry, 40 students will make a field trip to St. Louis, Mo., on May 1-2.

The students will make an inspection trip of various major chemical industries in the St. Louis area for the purpose of becoming familiar with the plants, explained Bill Bims, president of SIU's Chemistry Club.

Any chemist major is invited to come along on the trip said Bims. Interested persons wishing to make the trip should call him at 1929Y (Carbondale).

ELEVEN TO ATTEND PURDUE MEETING

Eleven SIU students are planning to attend the regional meeting of the student affiliates of the American Chemical Society on April 26.

Called the Annual Symposium of the Purdue Student Affiliates of the American Chemical Society, the group will meet on the University Farm of campus.

Dr. H. T. Moore Gives Fine Arts Lecture April 21

Dr. Harry T. Moore, English lecturer at SIU, will give a Fine Arts Festival lecture on D. H. Lawrence on Monday, April 21.

Dr. Moore, who came to SIU last fall from the University of Illinois, will speak on "The Achievement of D. H. Lawrence" in the Library Auditorium at 8:15 p. m. He will discuss the works of Lawrence and the author's background.

Moore has written several articles and books about the famed British novelist and has appeared on a popular TV program as an expert on him. He plans to continue his study of the controversial Britisher and will go to Europe this summer for additional research.

The works of Lawrence are on display this month in the Library along with literary selections written about him.

During his lifetime, Lawrence was an author, critic and poet. Among his works are "Sex and the Soul," "The Lost Girl," "The Plumed Serpent," "Reflections on the Death of Porcupine," and the controversial "Lady Chatterley's Lover."

SIU Plays Host To Prep Math Day Tomorrow

Approximately 840 future mathematicians will be at SIU for the first annual High School Mathematics Field Day tomorrow.

The program for the day is being arranged by Pi Mu Epsilon, a national honorary mathematics fraternity. Motton R. Kenner, SIU instructor in mathematics, is the faculty sponsor for the group.

The students, representing 43 schools, will experience a full day of college life. Tours of the campus, talks by four SIU math students, a special guest speaker and several mathematics examinations will be the program for the students.

One of the highlights of the day will be the presentation of awards to the students making the highest scores on the exams.

The exams, on geometry, trigonometry and general mathematics, will be based on different grade levels of the students, according to Kenner.

W. W. Sawyer, author and lecturer, will be the guest speaker at the meeting.

Professor Sawyer taught mathematics at various posts throughout the British Empire. He taught in Australia during the school year of 1955-56.

Sawyer, author of the world-wide best seller, "Mathematics' Delight," is now a member of the University of Illinois staff.

He helped develop methods of teaching mathematics to apprentices by means of working models instead of texts while head of the mathematics department at Leicester College of Technology.

In 1948, he was a lecturer in mathematics at Achmota College, Gold Coast, Africa.

Lawrence Larson, David Phillips, Janet Messeri and Dennis Bechtloff will discuss the college mathematics program from a SIU student's viewpoint.

At Social Senate

The Social Senate is revising their governing laws when they uncovered an unclear meaning of the word group. This meaning of group is important to all socializers who intermingle with the opposite sex. There is a law at SIU that states all meetings of one or more groups that involve the opposite sexes must be registered and approved in advance of meeting.

So Sherwin Adelman brought out that a chance meeting would be possible for a sorority and fraternity that were having separate parties at the same place. Adelman said that this type of gathering was highly possible in the Carbondale area.

Miss Mullins, faculty advisor to the Social Senate, stated that meetings under those circumstances could happen. If the meeting did

Set Intramural Debate Tourney

Five teams have signed to participate in the third annual intramural debate tourney at SIU which will begin Saturday, May 24.

The tourney is open to all undergraduates who have not participated in tourney debate before. Members of the varsity debate team will act as coaches for each team.

Members of the teams are Richard Small and Bill Jenkins, Pat Yates and Sharon Pover, Rod Swedberg and Jerry Fezell, Bill Williams and Paul Dann, Kenneth Martin and Geraldine Hise, and "Red" and "Blue."

Governments Should Subsidize the Higher Education of Superior Students," will be the topic according to Walter H. Murrish, coach of the varsity debate team.

The preliminary rounds will be held Saturday, May 24, from 1 p. m. to 5 p. m. Two outstanding teams will be elected for the finals which will be held on Tuesday, May 27.

And Neda Jo Binnion will be featured as soprano soloists during the performance.

The Chamber Choir will present the "Six Chansons" of Paul Hindemith. These are "The Doe," "A Swan," "Since All is Passing," "Springtime," "In Winter," and "Ochard."

Marie Holifield will accompany both groups.

University Voices Combine For This Sunday's Concert

The University Women's Choir and the University Chamber Choir, under the direction of Robert S. Hines, will combine talents for Sunday's Fine Arts Festival program, set for 3:30 p. m. in Shryock Auditorium.

The Women's Choir will present "The Blessed Damozel," a well-known but seldom-performed choral work of the French composer Claude Debussy. Ruth Batts

New Student Government Has 3 Separate Branches

The Student Council in a special meeting last week ratified the new student government of SIU, and the constitution will be submitted to the student body for ratification. The Council met last night on the setting up of the voting date on the constitution.

The new government will consist of the Student Senate, the executive, and the judicial board.

In its preamble the constitution states:

"A student government, representing the student body of SIU, excluding the students of the Residence Centers who have established constitutions, is hereby created in order to represent students in matters pertaining to student welfare, student activities, student participation in University affairs, student participation in University planning and administration, and student opinion."

The student government is expected to "initiate and integrate student activities, inform the student body of the law, policies, and ideals of the University which pertain to or affect the enrollees of the Nation, cultivate a spirit of loyalty to the ideals of the University among students and alumni, and shall be considered and referred to as an advisory body to the administration in all functions directly affecting the student body."

The new Student Senate, which in function will replace the present Student Council, will assume the duties of the Student Council and will be composed of the vice-president of the student body, the four class presidents, and various senators.

The senators will be elected by the student body from the residence halls, Thompson Point, Southern Acres, Commuters, off-campus organized women and men, and University faculty housing.

Each voting area is entitled to one additional senator for each 500 votes cast in any regular election.

The vice-president will serve as speaker of the senate, and will vote in the case of a tie. All acts of the Senate will be subject to the signature of the President of the student body.

However, acts vetoed by the president can be passed by the Senate over the veto by two-thirds vote of the Senate cast in full. All acts not signed by the president will be subject to an investigatory mandate, but all other mandates will be treated as bills.

Control of the Senate lies in the case of its full ratification. All acts signed by the president will be subject to an investigatory mandate, but all other mandates will be treated as bills.

Control of the Senate lies in the case of its full ratification. All acts signed by the president will be subject to an investigatory mandate, but all other mandates will be treated as bills.

"Play Night" Offers All--Games Galore

The boys will mix it up with the girls tonight in McAndrew Stadium. Hold the phone, though, Fellas, the festivities don't start until 6 o'clock this evening.

The occasion is "Play Night," another intramural "blast" that will be held every Friday night from the balance of the spring term. One exception is May 9, which is not available because McAndrew Stadium is being used for the state high school district track meet that day.

Loel Verble, one of the workers on the intramural office totem pole, will supervise the evening, which will end at 8 p. m. Verble has six pastimes—volleyball, badminton, horseshoes, washers, deck tennis and croquette—lined up for tonight, and he said that if any interest for other sports is shown, they, too, may be added to the program.

Boy Meets Girl Story

The SIU boy meets girl story gave the Social Senate a problem last week.

The Social Senate is revising their governing laws when they uncovered an unclear meaning of the word group. This meaning of group is important to all socializers who intermingle with the opposite sex. There is a law at SIU that states all meetings of one or more groups that involve the opposite sexes must be registered and approved in advance of meeting.

So Sherwin Adelman brought out that a chance meeting would be possible for a sorority and fraternity that were having separate parties at the same place. Adelman said that this type of gathering was highly possible in the Carbondale area.

Miss Mullins, faculty advisor to the Social Senate, stated that meetings under those circumstances could happen. If the meeting did

Two Scholarships To Teach Oral-Deaf

Two scholarships are being offered to prospective teachers of the deaf, according to a letter to Dr. Oliver Kolstov, professor in special education.

The letter from the Parents of Oral-Deaf of Jefferson School, East St. Louis, stated one scholarship of \$250, required the recipient two full years of college and working toward a bachelor of science degree. The second, a \$500 scholarship, required a B. S. for teaching in elementary schools.

The president of the student

"Around The World"

"Around the World," the big dance of the men's residence halls, will be held at Thompson Point cafeteria from 9 p. m. to midnight tomorrow.

The dance climaxes four days of activities put on by the combined men's residence halls and entrance will be limited to students living in the residence halls.

A series of Open Houses are being held by the halls and the first one took place yesterday at Chaumont and Thompson Point. Tonight, Dowdell Halls and the Illinois Avenue men's residence hall will stage their open house from 7:30 to 10 p. m.

Southern Acres will host all vis-

Men's Halls Stage Dance; Hold Open House To All

Students in its open house tomorrow afternoon from 3 to 5 p. m. Refreshments will be served at all houses and all students are urged to attend.

The London Brass Band will provide music for the closed dance. Other events of the Saturday evening include the awarding of trophies for intramural sports and for room judging.

Chairman of the Open House committee is Joe Simons. Nick Kitch is chairman of the dance, and Tod Miller is head of faculty relations.

Chaperons for the evening are Dr. and Mrs. Leo Kaplan and Mrs. David Palumbo.

Spring Carnival At Union

"Spring Carnival" tonight at 8 p. m., involves a night of great fun for students of SIU.

All sorts of entertaining are in store—booths offering prizes for the various games, cards, darts, pitching pennies, and, of course, dancing.

The Anglettes will head-line the entertainment for "Spring Carnival," to be held at the Student Union.

Angel Flight Dance At Eaves

SIU's pretty "girls in blue," the Angel Flight, will have their annual dance tonight from 8 p. m. to midnight in the Eaves.

Now in its fourth year, the Angel Flight has approximately 40 members who lend support to the male counterpart of the "boys in blue," the male AFROTC cadets.

Dress for the dance is semi-formal. Tickets are 75 cents a couple and 50 cents for a "stag." Tickets may be purchased at the door. The public is invited.

Dance music will be provided by Archie Griffin and his band. There will be singing, an acrobatic dance, and a "few surprises."

Carole Chambliss, a junior business major from Minton, commends the Angel Flight. Donna Kay Bissack, a Litchfield sophomore majoring in education, is the Angel Flight's operation officer, and Lynda Love, a Christopher sophomore education major, is the secretary.

Tetanus Shots Still Available

The SIU Health Service will give the next series of tetanus and typhoid immunizations during the next three weeks. The second series of the tetanus shots will be given on Wednesday and Thursday, April 30 and May 1.

The next inoculations for the typhoid series will be given on 23-24.

Students may get their smallpox vaccination on any of the days between Wednesday and Saturday. Giving the tetanus and typhoid booster shots will also be given on the days that the particular series is scheduled.

A tetanus booster is required every five years, unless the person is working on a farm around horses and barns. The typhoid booster should be taken every year.

Campus Calendar

FRIDAY
So. Ill. Editorial Assn. meets from 9 a. m. to 5 p. m. in the Library Auditorium.
Northwestern College meets SIU in a golf match at 1 p. m. at the Jackson Country Club.
"Adventures of Robinson Crusoe" will be shown at 6:30 and 8:30 p. m. in U. School.
SATURDAY
Evan Fiedl Day will begin at 8 a. m. and last until 5 p. m. at University School.
High School Guidance Day for prospective business students starts at 8:30 a. m. and lasts until 5 p. m.
The American Assn. of Teachers of Spanish will meet from 8 a. m. to 12 in the Library Auditorium.
The Hypocrite Show, sponsored by the Carbondale Lions Club, will be held at 8 p. m. in Shryock Auditorium.

The Editors' Opinions

Next Step-Student Vote

The proposed student government constitution has been ratified. In the near future it will be before the students.

A decision will be made by the student body. It is a critical decision. It should not be made in the DARK. It is vital that students understand the new government, how it is designed to function and how it differs from the present constitution.

The proposed constitution includes a number of changes. The name Student Senate is substituted for Student Council.

Candidacy requirements are that a student must have a minimum of 3.2 overall grade average to be eligible for the Student Senate. The President of the Student Senate and members of the Judicial Board must have a 3.5 overall average.

The proposed constitution includes an Executive Department,

and a Judicial Board. A Limited Service article is included. This provides a number of clauses which limit the number of positions a student may hold at the same time.

The method of election is also different. Under the proposed constitution a senator shall be elected BY and FROM such areas as Graduate Students, Foreign Lands, Fraternities, Sororities, Woody Hall, Temporary Men's Residence Halls, Thompson Point and others.

This system of election will give these groups and others a more personal voice in student government.

These are some of the basic changes. There are other changes.

It is YOUR duty as a student to KNOW the proposed student government before the time for voting arrives.

Not The Ivory Tower

Too often students think of the "higher officials" as people sitting in an "Ivory Tower", coldly gazing down on the populace.

The impression is formed of the administration as making the rules as they see fit without regard or concern for student welfare.

Unfortunately this is an all too common tendency of any college. Perhaps to some degree it is a natural one. Students in many cases are not acquainted with these officials personally. It might be that all they know about the reasons behind various rules is what they read.

But the Ivory Tower idea is entirely false at SIU. The officials are concerned with student problems. They are working for a better University for all.

Of course mistakes are made, errors in judgement occur. This is inevitable in any organization.

But the aim, the effort and the zeal is there. Mistakes made are not the result of any lack of concern for the students.

The rapid expansion of the University is bound to bring more problems than in other times. It is easy for students to get the impression that those in charge do not care about these problems.

Nothing could be further from the truth. The people in the administrative positions have one major goal—a better University.

Bill Eidson

Campus Hall Of Fame

Preparing to be a minister and maintaining a 4.74 average has not kept this week's entry to the Campus Hall of Fame from being active in SIU organizations. He was a co-winner of this year's Service to Southern Award.

"I don't drink or do anything very much," Eidson explains, "but religion is not something a person can do without."

Eidson is president of the state and local Baptist Student Union, Interfaith Council President, and president of Doyle Dormitory. He has been pastor of the Mission of the First Baptist Church in West Frankfort for two and one-half years, and he was chosen by the state Baptist Student Union to do mission work in Hawaii last summer.

"My whole life is wrapped around religious activities," says Eidson. "They help me spiritually and socially, where as other organizations don't help me very much spiritually."

Eidson says that he likes SIU very much. The things that he likes about Southern are "small."

"Of course there are things I don't particularly like—such as night classes, but not everything can be perfect in life."

The friendly and serious-minded scholar has a Roscoe Pullum Memorial Scholarship and is a member of Phi Kappa Phi and Phi Eta Sigma, honorary scholastic fraternities.

He is a member of the Sphinx

Don't Vote Blind!

Gus Bode Says "Dizzyland" New Theme Of Festival

Gus wonders when the Egyptians will get around to putting him in the Hall of Fame.

Gus notes that the proposed student government does not make mention of representation for Bodeville.

It must be spring, according to Gus. The Scotch plaid bermudas and knobby knees are on the scene once more.

Gus has always wanted to go to the city to take in cultural activities, but he has decided the Fine Arts Festival will save the tires on his bicycle.

Gus heard a rumor that he would be nominated for the Ugly Man contest. He is highly outraged.

Gus is wondering when the administration is going to install either no parking signs or parking meters at the lake.

Gus notes that the campus cops are covering the campus—not that warm weather has returned.

"Dizzyland" New Theme Of Festival

"Dizzyland" is the new name of the theme for this year's Spring Festival, that gala weekend when SIU students dance freely, eat ice cream, visit a mid-way of varied booths, and breakfast for a single price of \$2.50.

Many students will find this year's special economy price especially suited for their parent's pocketbook.

Dick Cisney, SIU graduate from Champaign, is bringing down his band to play for the big dance. Another five-piece combo from Cape Girardeau is planning to come also. The jazz combo is currently playing at the Purple Crackle in that city.

The free dance will be held in the Thompson Point Service Center.

Richard W. Poston, director of the department of Community Development, was the only Illinois man appointed to the Committee on Alcoholism, formed by the National Institution of Mental Health which held a meeting recently in Washington, D. C.

(Adv.) Attend the SFC Spring Retreat, April 26 and 27, Little Grassy.

Business School Plans Prep Day For Tomorrow

The SIU campus will again be invaded by high school students tomorrow as the School of Business is planning a day for prospective business majors.

An all-day program will include guidance sessions in accounting, management and other business fields.

Notices of the third annual high school day have been sent to about 140 high schools in southern Illinois.

Kenneth R. Miller, Willis E. Malone, and I. Clark Davis will address the students.

Published semi-weekly during the school year excepting holidays and exam weeks by students of Southern Illinois University, Carbondale, Ill. Entered as second class matter at the Carbondale post office under the Act of March 3, 1879.

Policies of the Egyptian are the responsibility of student editors appointed by the Student Executive Council. Statements published here do not necessarily reflect the opinion of the administration or any department of the University.

601 South Illinois Phone 1403K

Well sir, you can imagine what happened then! William Jennings Bryan snatched Nell Gwynne from the shadow of the guillotine at Olo; Chancellor Bismarck brought in four gamblers in a single afternoon; Enos Slagrove was signed by the Hanseatic League; Crete was declared off limits to Wellington's army; and William Faulkner won the Davis Cup for his immortal *Pendow and Sam*.

But after a while things calmed down and astronomers began the staggering task of naming all the heavenly bodies. First man to name a star was Sigfoof of Mt. Wilson, and the name he chose was Betegeuse, after his dear wife, Betegeuse Sigfoof, prom queen at Michigan State from 1919 to 1931.

Then the Major Brothers of Yerkes Observatory named stars after their wives, Urna and Canis, and Witnick of Harvard named one after his wife, Big Dipper, and soon all the stars were named.

Astronomers then turned to the question: is there life on other planets? The answer was a flat, unequivocal no. Spectroscopic studies proved without a doubt that the atmosphere on the other planets was far too harsh to permit the culture of the fine tobacco that is used for Marlboro Cigarettes... And who can live without Marlboro?

This celestial column—like the author's more earthly one—was brought to you by the makers of Marlboro, the litte cigarette with the long white ash, and in all the solar system you won't find a better smoke.

On Geography Trip Go Around The World

"Two new stops have been added to the SIU Geography Department's around the world trip this summer", according to Dr. Floyd F. Cunningham, geography department chairman.

Cunningham stated that stopovers in Borneo and the Philippines have been added to the trip which is to begin June 6 and run through September 9. The class is to leave from New York, June 16, aboard the SS Olympia. They will return to Seattle September 9.

"Final preparations are now being made and anyone wishing to make the trip should have applications in immediately," Cunningham said.

"The course listed in the University catalog as Geography 450, Field Course in Geography, is open to juniors, seniors, and graduate students who have had a minimum requirement of the introductory course in geography or the equivalent in foreign countries in planning and arranging programs or organized and supervised educational travel abroad.

Any graduate student majoring in a field other than geography must, before enrolling in the course, submit a written statement from his advisor to the effect that the above mentioned course will be accepted as graduate credit if the student wishes graduate credit," said Cunningham.

Cunningham also stated that the cost of the trip will be \$2,375. A deposit should be made immediately so passports and visas may be arranged, he said.

The trip, which is being arranged by a non-profit organization, Academic Travel Abroad, is incorporated in the state of New York. According to its charter, the purpose of the organization is to cooperate with educational, professional, social and civic institutions and organizations in the United States and in foreign countries in planning, advising and arranging programs or organized and supervised educational travel abroad.

SCIENCE MADE SIMPLE: No. 3

Once again the makers of Marlboro Cigarettes, bless their tattooed hearts, have consented to let me use this space, normally intended for levity, to bring you a brief lesson in science.

They are generous, openminded men, the makers of Marlboro, hearty, ruddy, and full of the joy of living, as anyone can tell who has sampled their wares. In Marlboro you will find no stinking, no stinkiness. Marlboro's pleasures are rich, manifold, and bountiful. You get a lot to like with a Marlboro—filter, flavor, flip-top box, and, in some models, power steering.

The science that we take up today is called astronomy, from the Greek words *astré* meaning "stare" and *nomý* meaning "back". Sore backs were the occupational disease of the early Greek astronomers, and no wonder! They used to spend every blessed night lying on the damp ground and looking up at the sky, and if there's a better way to get a sore back, I'd like to hear about it. Especially in the moist Mediterranean area, where Greece is generally considered to be.

Lumbago and related disorders kept astronomy from becoming very popular until Galileo, an unemployed muleteer of Pampalona, fashioned a homemade telescope in 1624 out of three Social Security cards and an ordinary ice cube. What schoolboy does not know that stirring stir—how Galileo stepped up to his telescope, how he looked heavenward, how his face filled with wonder, how he stepped back and whispered the words heard round the world: "Let them eat cake!"

NOTICE

Today is the final day for entries in the Miss Southern contest. Entry blanks may be turned in at the Student Union desk.

LET THEM EAT CAKE!

INITIATION ELEVEN INTO DELTA ZETA

An initiation was held Monday night for new members of Delta Zeta sorority. They are Carolyn Absher, Carolyn Bradley, Wilma Eddings, Rosalie Gillis, Mary Lou Locke, Kay McGowan, Connie Lescara, Carl Johnson, Pat Royer, Mildred Saylor, and Martha Williams.

Delta Zeta took a big part in the activities at the Panhellenic Workshop last Saturday. Yolanda Paesano, president of Panhellenic, introduced the speaker, Mrs. Arnetta Wallace. Lynn Alstut was co-chairman of the Workshop, Kathy Kimmel was on the luncheon committee, Shirley Diggs served on the program committee, and Mary Ann Edwards and Kathy Kimmel were discussion leaders.

ALPHA KAPPA ALPHA

Alpha Kappa Alpha sorority was hostess to the National President, Mrs. Arnetta G. Wallace, on April 12. Mrs. Wallace spoke at the Panhellenic Workshop.

PI KAPPA SIGMA

PI Kappa Sigma sorority held an exchange party with Tau Kappa Epsilon Friday night. Refreshments were served. On Monday evening the Pi Kappa pledges skipped out with the Teks to Murphysboro.

PI KAPPS, TEKES GET TOGETHER

PI Kappa Sigma sorority held an exchange party with Tau Kappa Epsilon Friday night. Refreshments were served. On Monday evening the Pi Kappa pledges skipped out with the Teks to Murphysboro.

SIGMA KAPPAS PLAN FORMAL DANCE

The Sigma Kappa formal will be held at Giant City Lodge, at a date to be set. Chairman of the event is standing freshman, sophomore, junior, and senior debaters.

Sanders Leads Undefeated Salukis Over Illini; Western Next Target This Weekend

Catcher J. W. Sanders pounded the seventh as he ended the Saluki scoring.

The victory pushed the Salukis this season's mark to 5-0 and also threw a "monkey wrench" in the Illini's five game winning streak.

Roger McKnight, sophomore southpaw from Flora who had not pitched in any of the SIU games this season, was the ninth inning hero as he came in with the bases loaded and nobody out and put out the fire.

Walks to Carroll Bridges and Rick Jones and singles by Ron Ayres, the starting pitcher, and Marting produced two more runs in the second.

Sanders' first home run, a long drive over the left field fence, came in the third inning to make the score 5-0.

The Illini got their first run in the fourth on a homer by Casey Barzecz, three in the fifth on a homer by John Kating and one in the sixth on a homer by Bill Gewron.

Buyan doubled and Loesckam singled him home in the sixth. Sanders' hit his second home run and the fifth in the game in the seventh.

Netters Slip By IAC Co-Champ Eastern 5-4

The Saluki tennis squad came from behind with the rest of a lion last Tuesday afternoon as they won the last two doubles matches to defeat Eastern Illinois University, 5-4.

Eastern's Panthers were last year's conference co-champs.

After the six singles matches the two teams were tied up at three games apiece.

In the singles matches, Jerry Budzlek, Southern number one man, won his first set 6-4 and was leading in the second set 4-2 when the roof caved in and Dennis Konicki, last year's conference champ, rallied for a 7-5 win.

Jim Jarrett, SIU captain, defeated Clark Nelson of Eastern in three sets, 6-4, 2-6, 7-5.

John Taylor then lost to Dick Woodfall of Eastern in straight sets. Doyle Glass, in brilliant form, knocked off Nolan Sims of Eastern 6-2, 6-0.

Jerry Gruen then lost in the see-saw battle, but Jim Shanklin won his singles match to even the team scores at three and three.

His things were back and forth for the Salukis as Budzlek and Taylor lost their doubles match and Eastern took a 4-3 lead.

SIU teams of Jim Jarrett and Doyle Glass and Jerry Gruen and Jim Shanklin then rallied to win their doubles matches and give the Salukis a thrilling and very important victory.

The netters travel to Illinois Normal next Tuesday to take on the Cardinals and begin a long road trip.

Results Against Eastern: Konicki E, beat Budzlek S, 4-6, 7-5, 7-5.

Jarrett S, beat Nelson E, 6-4, 2-6, 7-5.

Woodfall E, beat Taylor S, 9-7, 6-1.

Glass S, beat Sims E, 6-2, 6-0.

Whitehead E, beat Gruen, 6-3, 6-2.

Shanklin S, beat Velasco E, 6-2, 6-2.

Konicki Nelson E, beat Budzlek Taylor S, 6-3, 7-5.

Jarrett-Glass S, beat Woodfall-Velasco E, 6-2, 6-1.

Gruen-Shanklin S, beat Sims-Whitehead E, 6-3, 6-3.

Loans come in 17 funds with a combined principal of 115,000 at SIU. Students may apply for these loans if they need financial assistance of a temporary nature.

Hart Named Football Captain

Cecil Hart, Hillsboro, has been named by his teammates as captain of the 1958 Southern Illinois University football team.

A 23-year-old senior, Hart was a first-string halfback for the Salukis last year. He received three varsity grid letters while playing halfback at the Hillsboro Community High School and played freshman football at the University of Illinois before transferring to SIU.

A physical education major, Hart also lettered in basketball, track, and baseball at Hillsboro but has confined his college athletic activities to football.

He is currently leading SIU's spring grid drills, which have attracted more than 50 candidates.

Easy-going and soft-spoken off the field, Hart packs considerable power in his 180 pounds when he's carrying a football. SIU Coach Al Kaval called him one of the most aggressive and quick-thinking members of the team.

Hart, who does carpenter work during summer vacations, is married to the former Jane Killpatrick, also of Hillsboro. They have a son, Brian Keith, who was born on the opening day of practice last September.

Hart is the son of Mr. and Mrs. Laurence E. Hart, Hillsboro.

SIU Enters Pin Meet

Jack Morgan, 30-year-old geology graduate student, will lead SIU's bowling team into the fifth annual Interstate National Bowling Tournament. SIU is one of 45 universities in the tourney.

Morgan, who stands about 5-7 and after a hearty meal may weigh 150 pounds, has a distinction that only a very few bowlers can claim. The Navy veteran bowled two consecutive perfect 300 games March 1, 1957, at West Frankfort. He rolled a 246 game before hitting his two perfect games for a phenomenal three-game score of 846. He had 30 strikes in a row during his hot streak.

Morgan previously had bowled a 300 game Jan. 5, 1956. Last year Morgan finished third in the INBT. Approximately 225 bowlers competed.

SIU's five-man squad takes to the alleys tonight at 7:30 at West Frankfort. In addition to Morgan, the Southern quintet will include David Boudreau, a freshman business major from Momence; Wally Reese, a graduate student from Harvard; Ken Monschein, a Staunton junior majoring in education, and Joe Durey, a Hardin graduate student. Robert Katien, a junior business major from Chicago, is an alternate.

Reese and Morgan are the only returning bowlers.

Last year the University of Wisconsin captured the tournament as Rutgers finished second, SIU third and the University of Washington fourth.

Trophies will be awarded to the high team match score, high team game, high individual series and high individual game.

James J. Overlock, student union director at the University of Washington, is director of the meet.

GOOD GOSH! GOOD GAMES Get a party planned and no games to play?

Party mixers' booklets may solve your problem. Booklets are available in the Student Union, free of charge. The booklets contain games that do not require props.
