On Broadway he danced in "American" and "As Thousands Cheer." He did choreography for "Roberta," "Keep off the Grass," "I'd Rather be Right," and "Flying Colors." Before induction into the Army in 1943, he was dancing in "Roselinda."

LIMON'S TEACHING career includes Bennington and Sarah Lawrence Colleges, New York University, Columbia University, the University of Pittsburgh, the University of California, and Connecticut college, where he participates in the American Dance Festival each year.

The Last Word

According to tradition, the retiring editor writes the "—30—" mark on his college journalistic efforts with the last Egyptian of his year in office. The regret we feel in leaving the Egyptian is tempered by the knowledge that we are leaving it in very capable hands.

At this time we would like to say that we have enjoyed meeting and working with so many of you during the past year. Best wishes to you all.—V. M.

Semesters for Southern—Yes or No?

On spring term registration day, Southern students will once again spend a few hours filling out the many forms necessary for enrolling in a new series of courses. On that day, an additional form will be handed to all students by Student Council members—this form will be a student opinion poll questionnaire on the subject of the adoption of the semester plan for SIU.

The Student Council is conducting the poll in an effort to aid the administration in finding out if the semester plan would be suitable in this school.

Perhaps the results of this single questionnaire will change the entire future of the university. If such a plan were to be adopted by Southern, each and every student (with the exception of those who graduate this year) would be affected.

Thus, the filling out of this questionnaire on registration day is worthy of more than a few hurried chicken tracks—such a problem of all university importance deserves the careful consideration of every person even remotely connected with SIU.

The Egyptian is not interested in taking a stand on the issue as yet, but it is interested in seeing that the problem is given proper attention by the student body.

For the benefit of those who did not read the arguments for and against the semester plan as they appeared in the last issue, the Egyptian is reprinting the arguments as follows:

ARGUMENTS FOR THE SEMESTER PLAN:

1. Time spent in registration and on final examinations is less, since both occasions would be held only twice in a regular school year in place of three times in a year.
2. There would be less confusion in subject matter since courses would not be started and stopped as often.
3. In those cases in which the present four or five hour courses are changed to three semester hours, the student will have more time to get a better grasp of the same subject material.
4. It provides a student teaching plan which is more in co-ordination with elementary and secondary schools, which are on the semester basis.
5. It allows more time for students to meet requirements within the course, such as term papers, observations, reports, etc.
6. Most colleges and universities are on the semester basis, thus transfer to another college or university would be less difficult.
7. It would give a student a full year to prove his ability before or after he is placed on probation.
8. There would probably be very few five semester hour courses, thus few classes would meet every day in the week.
9. It would avoid the awkward situation of having the fall term final exams immediately after Thanksgiving vacation and

you wish to change a course, however, you must have your adviser's approval. Be sure that you have been given the correct class card for each course. Check to be sure that the course title, course number, and section are MACHINELY PRINTED (not hand written) on the class cards.

6. If you did not participate in pre-advisement, or if you have lost your approved work sheet, it will be necessary for you to consult your adviser and secure his signature on your work sheet before you secure class cards. (Graduate students obtain work sheets from the Dean of the Graduate School, and obtain signatures of all advisers.)

7. PRINT YOUR schedule on the Ditto Master Form. USE PEN-CIL AND PRESS HARD. LIST YOUR CLASSES ON THE DITTO FORM IN THE SAME ORDER THAT THEY APPEAR ON YOUR CLASS SCHEDULE CARD AND ARRANGE YOUR CLASS CARDS IN THAT ORDER.

8. MAKE SURE that all blanks on the forms have been filled out.

9. Enter the women's gymnasium through the southeast door of the men's gymnasium. Present your name card, class schedule card, class cards, and ditto master form to the checker for your college. These forms will be returned.

10. Have your ditto master duplicated. Please insert all material in your envelope with the exception of one white ditto copy and one yellow ditto copy.

11. Present the yellow ditto copy at the fee assessment tables, where your fee statements will be prepared.

Wanted: College Students

Most students are probably planning to "take it easy" during spring vacation. A week at least is usually needed to recuperate from the ordeal of finals.

Sometimes during vacation week, if we don't have anything special to do, we like to go back to high school and take a look around . . . You know, talk to former teachers, and some of the kids, and just see how the place has changed since we went to school there.

There are probably a lot of high school students who would be interested in going to college, if they just stopped to think about it. But most of them are too busy having a good time or just getting by to plan very far ahead.

Students from Southern might make it a point to visit their high school alma mater sometime during vacation and talk to some of the kids about the need for college-trained workers and the advantages of attending college. We are not suggesting that a sales talk on the merits of attending Southern Illinois University or any other particular school be given, but just that the importance of continuing their education be stressed. And the students would probably value the personal observations of someone they know more than they would a bulletin or pamphlet describing in glowing terms the advantages of a certain college or university.

V.M.
 the first two weeks of winter term just before the long Christmas vacation.

ARGUMENTS FOR THE QUARTER PLAN:

1. It would be difficult to change credits, loads, class schedules, etc., to fit the semester plan.
2. The quarter system increases opportunity for rapid progress of students since they may graduate at three times during the regular school year in place of only twice.
3. The quarter system provides greater variety in subject matter and instructors during the year.
4. The quarter system provides a better opportunity for students to change their majors.
5. Under the semester plan, there will be many more three than four and five hour courses, thus the average student will carry more courses at one time.
6. In the event that most courses will be three semester hour classes, scheduling difficulties may arise if some Saturday classes are not scheduled.
7. It is easier for students to finance school for three months at a time rather than for four and a half months at once.

Ohio Company Requests Candidates for Jobs

The Proctor and Gamble Company of Cincinnati, Ohio, is interested in recruiting outstanding college graduates for its manufacturing department. The company is looking for unusual individuals since they will be in charge of factory departments or staff activities after six months of intensive training.

Young men with majors in chemistry, physics, biology, mathematics, psychology, business, and economics are wanted. Candidates must show above average judgment, maturity, ability to express themselves, appearance, and enthusiasm.

Interested candidates may call at the Placements office for application blanks. The application forms are to be returned to the Placements office by March 5. The University testing service will give a three-hour screening test on March 27.

SIU Enters State Speech Contest

Southern's speech department entered a student delegation in the State Oratory and Extemporaneous Speaking contest held at Lake Forest college this last week end. Of the four speech contests open at the state meet, Southern entered three.

In the men's oratory contest, Southern's Lloyd Bitzer won second and third place. Bill Bogy, Bradley University, won first place and third place was won by a representative from Augustana college.

"Southern did not reach the finals in the women's oratory section."

However, Southern's Jim Gibbons placed third in the men's extemporaneous speaking contest. Placing first was Roger Kvam of Wheaton college while Northern took second place.

The contest not entered by SIU representatives was the women's extemporaneous section.

Debaters Leave for St. Thomas Tourney

Two debate teams from Southern left campus Wednesday to enter the St. Thomas Academy Invitational Debate Tournament at St. Paul, Minn.

Entering in the tourney are Lloyd Bitzer and Carroll Boyles, men's team; and Carolyn Reed and Jo Ann Eblen, women's team.

The St. Thomas tourney, which has been held annually for approximately 20 years, consists of eight rounds for each entry followed by the finals.

According to Dr. C. Horton Talley, the St. Thomas tourney is "commonly repeated as the roughest competition in the country with the possible exception of the National West Point Invitational Tournament."

Southern's track distance star, Phil Coleman, will enter the two-mile race in the North Central-4th Invitational Indoor meet at Naperville Saturday. Coach Leland (Doc) Lingle has announced.

Defending meet champion is Bob Kelly of Loyola University of Chicago. Kelly set a new meet record for the two mile last year in 9:42. Coleman holds the SIU record of 9:44.2, but that, of course, was on an outdoor track.

Coleman and Kelly met once before. That was in the Chicago Loyola cross country invitational last November when Coleman finished ahead of Kelly in the three and a half mile run.

Oldfield Coaches Illini's Bredar On Cage Techniques

A Southern Illinois University student with coaching ambitions is gaining first hand experience as a personal coach for a University of Illinois basketball star.

Jim (Barney) Oldfield, an English major and physical education minor at SIU, first got acquainted with Jim Bredar when Bredar was a promising high school star three years ago. Oldfield is from Centralia and Bredar from nearby Salem.

OLDFIELD KNEW that Bredar, a center in high school, would have to learn a guard's game because of his small stature to play college ball. "My idea was to build Jim a game, modeled after the style of play used at Illinois. I gave him tips on how he might improve and then left it up to him which ones to choose."

Oldfield started out in college studying geology but decided on a coaching career partly through his friendship with Stan Chagnon, Jr., son of the Mt. Vernon high school coach. Never an athlete himself, Oldfield made up for it by seeing every game and reading every book on basketball techniques he could find and by studying movies of games for hours at a stretch.

HE CONSIDERS ONE of his greatest aids to Bredar was in helping him standardize his playing form. "I studied Jim's game, saw what he did easily and what some of his shortcomings were. Then we would work together, going through, step-by-step, the kind of ball he wanted to play. We worked particularly on shooting and on the necessary footwork and faking he would have to learn to get easier shots." Oldfield worked out in detail 15 distinct steps of body movement in taking a set shot and nearly 20 steps in getting off a running jump shot.

"He would go through his shooting form slowly over and over until he could do it without thinking." Oldfield laid stress on perfecting Bredar's long, hard-to-block jump shot that has helped make him one of the Illini's most valuable players, despite his comparatively small size for college ball.

MOST OF THEIR practicing was done in the summer time. "I would drive over to Salem two or three times a week and Jim would come to Centralia once or twice a week," Oldfield explained. Often they worked together with Harvey Welch, former Centralia high school star now playing at Southern. In addition to summer workouts, Oldfield makes frequent trips to Champaign and Bredar often sends postcards telling Oldfield

Holder, 9 Players Depart For Siena

Coach Lynn Holder and nine Salukis left today for Albany, N.Y., where they will end the basketball season against tough Siena College, rated No. 20 this week in the Associated Press poll.

Siena has a record of 20 wins and six losses. In their most recent games the Indians whipped St. Francis of Brooklyn 52-43 and lost to Villanova 57-49. An upset victory would stretch Southern's record to 14 wins and 10 losses.

Holder announced his traveling squad would include: Captain Stanley Horst, Hovleton; Bob Nickolaus and Harvey Welch, Centralia; Gib Kurtz, East St. Louis; Charles Thate, Chicago; Ray Rippelmeyer, Valmeyer; Jacque Theriot, Flora; Jerry Holloper, New Madrid, Mo., and either Bill (Barney) Ross, East St. Louis, or Charles Valier, Pinckneyville.

Oldfield hopes to put his experience to, full-time use when he graduates from SIU next June.

Wrestlers Bid For IIAC Championship Saturday

Southern will take a record of two wins and six losses into the IIAC wrestling meet at Normal Saturday, but Coach Jim Wilkinson thinks his team has at least an "outside chance" of winning.

Leading the Salukis into the meet will be Co-Captains Jack Stoudt and Phil Bruno. Stoudt has the best record on the squad. He has won five matches, lost one and tied one. Bruno has a record of four wins, two losses and no ties.

Coach Wilkinson was heartened by the showing his men made last Saturday when they whipped favored Arkansas State 15-9. Arkansas has beaten the Salukis earlier in the season 18-10 in a match held at Jonesboro.

SOUTHERN has faced only two conference foes during the season. Those were Normal and Western. The Salukis beat Western in the opener, 16-13, but had to forfeit after one of their wrestlers was de-

clared ineligible. Normal beat Southern 16-11.
