23 Students Fined For Illegal Cars

Twenty-three students who had their minds set on keeping and driving their cars at college were each issued \$50 mind-changers during the fall quarter.

A Vehicle Violation Report for the fall quarter has just been released by Edward F. McDevitt, supervisor of the University Parking Section. Largest single item in the column of fines was the \$1,150 assessed for the 23 illegal possession of car charges.

A total of 1,005 student vehicle violations, with fines amounting to \$2,137, were recorded. Some 865 of the fines were for parking violations of various types and others were for speeding and assorted traffic infractions.

However, students failed to monopolize on vehicle violations as the faculty came in for its share of tickets. A total of 572 faculty and staff violations were recorded.

Of the 572 faculty infractions, 470 were for various types of parking violations.

The report also listed 178 faculty and staff members who failed to report to the parking office after receiving traffic tickets. Officials did not say whether disciplinary action would be taken.

Tunnel To Be Dug Under IC Tracks

SIU architects are drafting plans for an underpass to carry pedestrian traffic beneath railroad tracks and route 51 south of the main campus near the SIU tennis courts.

John Lonergan, landscape architect, said the underpass will be designed to service eventual foot traffic from the University Park Residence area to be built on the Dowdell Halls site, to the Physical Education-Military Training Building and Technology Building Group areas near the Lake-on-the-Campus.

Lonergan said the tunnel will be wide enough for one emergency service vehicle. He said preliminary talks with Illinois Central railroad officials have indicated approval.

Final review of University Park specifications is scheduled next month.

AAU-NCAA Settlement Reinstates SIU Seven Trackmen

The seven SIU athletes suspended by the Amateur Athletic Union were automatically reinstated following settlement of the NCAA-AAU dispute Saturday.

Jim Dupree, Alan Gelson, George Woods, Joe Beachell, Jerry Fendrich, Jack Lindsey and Jack Leydig competed in the Knoxville, Tenn. track federation meet and were sus-

BURNED UP - Stanley Bania (left), senior from Chicago, and Bob Mravca, junior also from Chicago, hold the charred remains of some of their personal effects which were destroyed in a fire that gutted their rooms at 204 W. Mill Street.

Religion-In-Life Week:

Rev. Jones To Speak At Morris Library Tonight

The Rev. Jameson Jones, assistant professor of religion in higher education and director of campus relations at Garrett Theological Seminary, Evanston, Ill., will speak tonight at 9 p.m. in Morris Library auditorium.

The Rev. Mr. Jones' topic will be "You and the Twentieth Century." His lecture is a part of the Religion-in-Life Week observance which will continue through Saturday.

The Rev. Jones joined the Garrett faculty in June, 1961, after serving seven years on the staff of the Division of Higher Education of the Board of Education of the Methodist Church.

Preceding the Rev. Mr. Jones, at 7:30 p.m., a symposium on nuclear peace and survival, "Christ in the Concrete Vault," will be presented. The speakers will include H. C. Croslyn, state stewardship chairman, Southern Baptist Church; Rev. Malcolm Gillespie, director of the Student Christian Foundation; Frank Klingberg, SIU

Two Students Injured, Seven Homeless In Fire

Given Temporary Space In Dowdell

Seven students were routed from their off-campus rooming house at 204 West Mill early yesterday when fire gutted the building.

The seven narrowly escaped

serious injury as fire quickly consumed the interior of the two-story frame house. Two were treated at Doctors Hospital for minor injuries received while rushing from the house.

Five students who occupied the second floor of the house lost all their personal belongings, including clothing, wallets and books. The two who lived downstairs did not lose everything but most of their possessions were damaged by smoke and fire.

Students who were left homeless by the fire were Albert Michael Altomare of Commack, N.Y.; Robert Joseph Mravca of Chicago; Jerry R. Albertson of LaGrange Park; Stanley Bania of Chicago; Richard F. Auth of Downers Grove; Francis G. Loyd of Hyattsville, Md.; and Geoffrey Ryan of LaGrange

Park. Loyd and Mravca lived downstairs.

When the fire was discovered, the seven sought safety in the near-zero weather, several of them clad only in pajamas.

The Carbondale Fire Department received the call at 3 a.m. yesterday. Two pumps were sent to the scene and firemen fought the blaze for two hours before the fire was brought under control about 5 a.m., according to the fire chief.

Authorities said the fire in the two-story building may have been caused by faulty wiring.

Loyd reported that Auth and Bania ran through smoke and flame from their second-story rooms to reach safety after being awakened by Albertson.

Altomare, trapped in his second-floor room, managed to climb from the window with the aid of Ryan who was on the ground.

Costume Expert Sets 2 Lectures

Lucy Barton, professor emeritus of drama at the University of Texas, will lecture on campus today and Wednesday.

Professor Barton, who has her BA in Drama from Carnegie Institute of Technology and an MA in the History and Criticism of the Fine Arts from New York University, will speak on "Stage Costume as Sign and Symbol" in the Agricultural Seminar Room at 4 p.m. today.

She will speak again at 8 p.m. in the Family Living Laboratory on "Theatrical Truth in Costume." On Wednesday at 4 p.m., Miss Barton will lecture in the Agricultural Seminar Room on "Theatre Costume as Abstract Design."

For the past 14 years, Miss Barton has been professor of Drama at the University of Texas, where she has designed costumes for over 60 productions. She designed the entire wardrobe for the Old Globe Shakespeare at the Chicago World's Fair in 1934.

Latin American Specialist Lectures Twice Tomorrow

John P. Augelli, University of Kansas specialist on Latin America, will discuss the changing geographical and political forces in the Caribbean area at a public meeting in the Agriculture Building Seminar Room Wednesday at 8 p.m. His talk is sponsored by the Latin American Institute and the Geography Department.

Augelli also will speak at

a 4 p.m. geography seminar in Room 172, Agriculture Building, discussing "Culture Area Differentiation: The Case of Latin America."

This meeting will open to all interested persons, according to David Christensen, SIU geographer arranging the series of meetings.

Augelli is chairman of the University of Kansas Center for Latin American Studies.

JOHN P. ANGELLI

pended by the AAU.

General Douglas MacArthur announced settlement of the dispute Saturday night following two days of meetings.

The settlement was based on a four-point plan offered by MacArthur at the start of negotiations Friday.

The points are:

1. An immediate amnesty

for all athletes who have been disqualified by either group in the dispute.

2. A lifting of the ban on use of athletic facilities by either group.

3. A board be formed of three AAU and three NCAA representatives of the NCAA backed U.S. Track and Field Federation to pass on eligi-

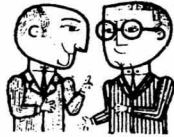

bility for the 1964 Olympic team, with any disagreement passed to MacArthur for final arbitration.

4. A recommendation to the President that he call an athletic congress after the 1964 Olympics of leading men in all sports organizations to work out a plan under which all groups would pool their

resources for a united effort in sports.

The AAU had to recognize the federation as the agent responsible for high school and undergraduate athletes. The NCAA had to recognize the AAU as the international agent. It had sought to wrest this position from the AAU, through its U.S. Track and Field Federation.

On-Campus Job Interviews

Make interview appointments now at Placement Service, Anthony Hall, or by calling 3-2391.

TUESDAY, JANUARY 22:

SWIFT & COMPANY: Seeking liberal arts, business, and agriculture seniors for sales training program with ultimate assignment within the eleven mid-western state territory.

KIMBERLY-CLARK CORPORATION, Neenah, Wisconsin; Seeking accountants, engineers, chemists, and marketing seniors for various manufacturing sales, personnel, and purchasing training programs.

LINCOLN NATIONAL LIFE INSURANCE COMPANY, Fort Wayne, Indiana; Seeking business and liberal arts seniors for home office salaried position in actuarial science, office administration, pension and group, personnel, accounting, and regional group manager training programs.

WEDNESDAY, JANUARY 23:

CTS OF PADUCAH, INC., Paducah, Ky; Seeking engineers, physicists, chemists, and accountants for position at Elkhart, Indiana; Berne, Indiana, Paducah, Ky; Asheville, N.C., South Pasadena, California, and Streetsville, Ontario, Canada. Assignments in research and development, production engineering and testing, sales engineering, and accounting.

ST. LOUIS, MO., COUNTY SPECIAL EDUCATION DISTRICT; Seeking speech therapists, educable mentally handicapped majors and theaters of the hard-of-hearing.

VIGO COUNTY SCHOOL CORPORATION, TERRE HAUTE, INDIANA; Kindergarten thru eighth grade vacancies; High School: math, science, English, foreign languages, industrial arts, girls physical education, and speech therapy.

RIVERVIEW GARDENS, ST. LOUIS COUNTY, MISSOURI; Seeking kindergarten thru sixth grade teachers, plus academic areas for junior high and senior high school.

HIGHLAND, ILLINOIS, PUBLIC SCHOOLS: Seeking elementary candidates kindergarten thru sixth grade; High school needs: guidance and counseling, science, home economics, industrial arts, librarian, English, French, German, math, girls phy. ed.

THURSDAY, JANUARY 24:

MARATHON OIL COMPANY, Findlay, Ohio; Seeking math, marketing, accounting, and secretarial science majors for various management programs. Special interest in math majors for procedures research and analysis.

World Friendship Theme Picked For BSU Banquet

The Baptist Student Union's annual International Friendship banquet will be held at 6:30 p.m. Feb. 2 in the University Baptist Church.

Theme for this year's affair is "Hands Around the world." The program will include skits by members of the BSU and music from various countries.

Jim Cox of station WSIL will be the master of ceremonies.

"All of the international students on campus have received an invitation to the banquet. As the international students accept their invitations, they will be personally invited to be the guest of a Baptist friend," according to Lucille Steele, BSU student director.

Ann Clifton, junior from Louisville, Ill., is chairman of the event.

Other committee chairmen are Decorations, Rita Barket,

Model UN Still Has Delegation Openings

Formal delegation assignments to the Fifth Annual Model United Nations Assembly will be made Jan. 23, according to the secretary-general, Dave Lauerman.

There are a few more openings, Lauerman said. Students wishing to participate should sign up immediately.

Ping-Chia Kuo, who has been in the History Department since 1959, will speak at the plenary session of the Assembly Feb. 8.

Dr. Kuo is a former top ranking official of the United Nations and an internationally known authority on China.

Applications for delegation assignment may be picked up at the Information Desk or Student Government Office.

Pekin; and Kathy Kagle, Marion; Programs, Susan Walter, Golconda; Information, Yvonne Stevens, Vienna; Invitations, Carolyn Stripling, Herrin; Reporter, Alice Cartwright, Flora; Publicity, Margie Vines, Anna; Assignments, Jerry Moyer, Omaha; Transportation, Noble Harrison, Cape Girardeau, Mo.; Tickets, Leslie Pappas, Fairfield; Clean-Up, Nolan Carlisle, Marion; and Music, Monty Knight, Zeigler.

Off-Beat Photos Given Place In Photo Fair

Off-beat photography will have its place this year in the annual SIU Photo Fair which will open March 31 in the ballroom of the University Center.

For the first time there will be an entry classification called "Category X" for experimental, off-beat or abstract photography. Winning entries and other selected pictures will be on display for two weeks in the University Center following the Photo Fair opening.

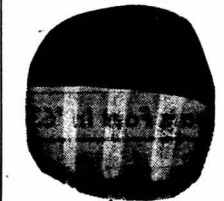

Rules and entry blanks may be secured by writing to the Department of Printing and Photography, Southern Illinois University. The Photo Fair is open to all photographers—amateur and professional. Entries are due March 13.

Distinguished speaker for the event, sponsored by the SIU Department of Printing and Photography and Kappa Alpha Mu, national honorary photojournalism fraternity, will be Angus McDougall, associate editor and photographer for two outstanding Chicago industrial magazines, International Harvester World and Today. McDougall is known for his development of picture stories.

Over 900 Area High Schoolers To Attend Diocesan Convention

More than 900 reservations have been received from members of the area CYO groups to attend a diocesan convention here Jan. 26 and 27.

The CYO is a Catholic Youth Organization for high school students with members in every Catholic parish.

The Newman Foundation, host for the convention, has formulated the plans for the plenary session, workshops and activities which will begin at 11:30 a.m. Jan. 26. Activities will be held in the University Center and will be conducted by the high school delegates themselves.

Highlighting the meeting will be the election of diocesan officers. The convention will be concluded with a Pontifical Evening Mass at the installation of officers at 5 p.m. the 27th by the Most Reverend Albert R. Zuroweste, Bishop of Belleville.

Father Cletus Hentschel, Newman director, stated, "We have reserved every motel and hotel in the Carbondale-Murphysboro area Saturday night, in order to accommodate the convention delegates. It promises to be a most successful convention."

Haggis - A Pudding In A Bag - Gives Bobbie Burns Night Authentic Touch

You don't have to be Scottish to enjoy Bobbie Burns' poetry, it helps, however.

But to enjoy haggis, you'd better be Scottish.

At least, that's the way Jan Harper, SIU home economist, feels about it.

Mrs. Harper, associate professor of foods and nutrition, is of Scottish descent by way of Canada. She spent several weeks last summer visiting with relatives in Scotland and collected recipes along with other souvenirs.

The haggis is often served at Scottish functions and is definitely a favorite for Burns Night, to be celebrated January 25.

Burns (1759-1796) himself saluted the haggis thus: Fair fa' your honest, sonsy face, Great chieftain o' the puddin' race.

When the haggis is served, according to Mrs. Harper, full highland honors are accorded the dish.

Mrs. Harper passes on the following ancient recipe for the Haggis:

"If you wish to be initiated into the mysteries of a haggis, take the stomach bag of a sheep. Wash it till perfectly clean with cold water. Turn it outside in. Scald and scrape

it with a knife, then steep it salted water until required. "Now parboil heart, lights and liver of sheep. Grate liver. Put other parts through a meat grinder with 1/2 lb. of mutton suet. Toast 1 lb. of pinhead oatmeal before the fire, or in the oven. Mix the ingredients together with three chopped onions, parboiled before chopping. Season to taste with salt and pepper, then fill the bag and, before sewing, add a little of the water in which the onions were parboiled. Some cooks add only the onion water for flavouring and throw away the onions.

"Sew up bag, taking care it is not too full, so as to allow oatmeal to swell. Prick the bag all over with a long needle to prevent bursting. Put on an enamel plate in a saucepan with enough boiling water to cover. Boil for 4 or 5 hours, keeping the haggis constantly covered with water. Place on a hot flat dish. Remove the threads. Serve with a spoor accompanied by hot mashed potatoes."

Cold Weather Can't Curtail Campus Meeting

Students will be snapping on their ear muffs and making fast treks through the cold to a full calendar of campus meetings, lectures, and rehearsals today.

Here are some of them:

Women's Recreation Association class basketball will be held at 4 p.m. at the Women's Gym. House basketball, at the same place, 6 p.m.

Women's Fencing Club will meet at 7:30 in Room 110 of Old Main.

The Thompson Point Social Programming Board will meet in the Thompson Point student government office at 7 p.m. The Thompson Point Executive Council will meet in Lentz Hall at 8 p.m.

The University Center Programming Board Displays committee will meet in Room B at 9 p.m., and the Recreation Committee of the Board will meet in Room E at the same time.

Other meetings to be held in the University Center include:

The Judicial Board of the International House, in Room B at 9 a.m. and the full committee of the International House in Room D at 10 a.m.

There will be a meeting of the Intersivarsity Christian Fellowship this morning at 9:30 at Room C and the Future Business Leaders of America of VTI in Room D at 7 p.m.

Meetings to be held elsewhere on the campus include:

A Freshman English orientation will be held at Browne Auditorium at 7:30 p.m.

The Accounting Club will hear a lecture at 7:30 in the Studio Theatre.

Two Theatre lectures are scheduled for today. One will be held in the Agriculture Seminar Room at 4 p.m. and the other in the Family Living Lab at 8 p.m.

The speaker will be Lucy Barton, a member of the faculty of the University of Texas, who will discuss theatre costuming.

Coeds Still Can Sign For Sorority Rush

Coeds who failed to sign up for sorority rush last week will have an opportunity to do so on Feb. 2 at noon in the Agriculture Building Seminar Room.

Any freshman, sophomore, or junior with a 3 point overall average is eligible to go through rush, according to Barbara Weber, rush chairman for the Panhellenic Council.

Miss Weber said the first meeting for rushees will be at 12:30 p.m. Feb. 2 in the Ag Seminar Room.

Each rushee will be required to visit all five sororities--Alpha Kappa Alpha, Alpha Gamma Delta, Delta Zeta, Sigma Kappa and Sigma Sigma Sigma.

They will be asked to state a preference of three houses and will be automatically asked to return to those houses for parties on Sunday.

The Friends of Anthropology will present a film, "Highway Salvage Archaeology," Friday at 7:30 p.m., at the Studio Theater in the University School.

"Problems to Confronting Citizens of the Nuclear Age" will be discussed tonight at 7:30 p.m. in Morris Library Auditorium.

A panel made up of the Rev. H.C. Croslin, State Secretary of Stewardship of the Illinois Southern Baptist Convention; the Rev. Malcolm Gillespie of the SIU Student Christian Foundation; Dr. Henry Wieman of the Philosophy Department; Dr. Frank Klingberg of the Government Department; and the members of the Citizen for Peace Committee will lead the discussion.

An SIU senior, who wishes he had thought of it before, and other divers, are forming a Scuba club at Southern. The first meeting will be held tonight at 7:30 in Room H. Dale Greene, the organizer, said all divers, especially those with equipment, are urged to attend. Details on how to organize a Scuba club are needed. Greene thinks there must be members of other Scuba clubs on campus.

The General Baptist Student Organization will hold its bimonthly meeting at 7:45 p.m. today in Room C of the University Center.

The Rev. Ned Sutton will be the speaker.

The meeting is open to the public.

Lake Ice Skating Permitted 1-5 Daily

Supervised ice skating on the Lake-on-the-Campus is now permitted in the restricted area adjacent to the boat house, from 1 to 5 p.m. daily.

Student, faculty and staff members are permitted to use the area. Children under 16 must be accompanied by at least one adult member of their family.

Students may call Ext. 3-2307 or 3-2076 for information about the condition of the ice.

Claude Coleman, director of Plan "A" Curriculum, said that students who make the Dean's List (4.25 or better) are invited to consider the Plan "A" curriculum.

A few places are open for the Spring quarter for sophomores and juniors. Students should call 2883 for an appointment, he said.

HAIR-RAISING STORY - Andy Green (left) from Cleveland, Ohio, and Bill Rose from La-Grange won't have to worry about the price of a haircut for a while. But they may have a head

cold or two before Spring. The two VTI students did the Yul Brynner bit last weekend when cold weather kept them inside the dorm.

John Steinbeck will be the star of the English Club's meeting at 7:30 p.m. Thursday in the Home Economics Lounge.

He won't be there in person, of course, but trained readers will present passages from his works which lead to his receiving the Nobel Prize for literature last year.

Following the readers there will be a short forum discussing Steinbeck's work.

The meeting is open to all interested students.

Robert Kibler, coordinator of the freshman experimental program, will speak at a meeting of Pi Lambda Theta at 7 p.m. Wednesday in Room D of the University Center.

Spelunking Meeting Wednesday At 7:30

A meeting to organize an SIU Speleological Society--that's cave exploring--will be held at 7:30 p.m. Wednesday in Room C of the University Center.

It is open to any one interested in cave exploration, according to Steve Anderson.

The past few years the Student Activities Center has sponsored several spelunking trips to caves in this area. One trip drew some 80 students.

SIU Hiring For Life Guard Jobs

Want a job as life guard at Lake-On-The-Campus next season?

The Office of Student Activities is beginning to hire for these jobs through applications made at the Student Employment Office.

Qualifications are based on certification by the Red Cross. Only holders of senior life-saving certificates need apply.

Boating will open about March 28 and swimming about May 10, depending on the weather.

Agriculture seniors who recently completed their student teaching assignments will describe their experiences at a meeting of the University chapter of the Future Farmers of America today.

The meeting will begin at 7:30 p.m. in Room 224 in the Agriculture Building.

Paterson To Speak

J. J. Paterson, associate professor of agricultural engineering, will discuss some of the applications of farm materials handling equipment at a 7:30 p.m. meeting of farmers in the Pinckneyville High School agriculture department Jan. 29.

The Search is in search of students interested in writing verse.

According to Mrs. Georgia Winn, English Club sponsor, the literary publication is interested in assembling a new collection of student-written verse to be included in The Search: Third Series to be published later this year.

Mrs. Winn asks that any student interested in contributing to the publication to contact her at 812 S. University as soon as possible or call her at 453-2441 or 457-8662.

Associated Press News Roundup:

UN Takes Last Tshombe Stronghold

KOLWEZI, Katanga, The Congo---

U.N. forces moved peacefully into Kolwezi Monday, gaining entry to President Moise Tshombe's last stronghold, as he had pledged, without a shot.

Tshombe's regime has been netting about \$40 million a year through taxes, dividends and royalties on copper, cobalt and uranium, but war and inflation have disrupted the economy.

WASHINGTON--

Secretary of State Dean Rusk yesterday said the world moved closer to securing peace in 1962, but cautioned that the Communist bloc unity has not yet been fractured.

In a television interview, Rusk cited as signs of peace, the 14-nation agreement on Laos, blunting of Communist aggression in South Viet Nam, the end of fighting in Algeria and the Dutch-Indonesian agreement on West New Guinea.

WASHINGTON--

The United States is considering replacing Jupiter missiles in Turkey with the

Polaris, authoritative sources report.

Since the Polaris is used from submarines, this would mean the closing down of land bases in Turkey, Turkey is reported to have 58 Jupiters.

WASHINGTON--

Communist China "may be able to explode an atomic device toward the end of this year or next year," according to Lincoln White, State Department press officer.

Senator Wants Change:

Council Rejects Graham's Bill To Overhaul Student Government

George Graham, married student senator, almost bowled over the Student Council and its advisors with a bill which would drastically change Student Government.

The bill, disarmingly entitled "Responsible Student Government" was eventually and overwhelmingly defeated at last Thursday's Council meeting with Graham voicing the sole vote in its favor.

Before it was defeated however, Senator Graham had:

1. Introduced the bill, asked for immediate consideration, and pushed it almost to the point of acceptance by the Council.
2. Almost avoided Council Advisor Irving Kovarsky's pointed questions by informing Kovarsky of parliamentary procedure.
3. Asked the Council to edit the bill on the floor if it ob-

White added there "would be a long gap between the explosion of such a device and the development of a meaningful nuclear capability." His statement came in advance of renewed U.S.-British-Soviet talks on the possibility of an agreement to halt nuclear testing.

KANSAS CITY---

Harry S. Truman is reported making excellent recovery from a hernia opera-

tion and "getting anxious to go home." The 78-year-old former president was operated on last Thursday.

WEATHER REPORT

The cold wave that numbed the Midwest has moved into the Eastern states causing winds up to 60 miles an hour.

Midwest temperatures plunged to -38 at International Falls, Minn. and -15 at Chicago. The reading tied an 1883 record.

This set the stage for the return of mineral rich-Katanga to control by Premier Cyrille Adoula's debt-burdened central Congo government. The occupation should be the last military operation needed.

Tshombe personally welcomed Indian commander, Brig. Reginald Noronha, at his Kolwezi residence. They shook hands like old friends and posed for pictures.

U.N. headquarters disclosed that Secretary-General U Thant last Saturday rejected a demand from President Kwame Nkrumah of Ghana, that Tshombe be arrested on accusations connected with the murder of Patrice Lumba two years ago.

jected to specific aspects of the bill.

The latter was the bill's undoing. Council members quickly turned thumbs down even though Graham mildly chastized the body for not wanting to "work."

The defeated bill, parts of which Fraternity Senator Dennis Gerz says he will reintroduce, specifically asked that Council meet only one quarter per year; that members be paid a salary, and that they be required to take a course in student government before they be seated.

The bill also asked members not be allowed to hold additional jobs. Gerz proposed that Council members drop other activities. His amendment did not pass.

Early in discussion, Kovarsky, associate professor of management, indicated he felt responsible for the bill but warned the Council it may not get a salary, even though one was deserved, and asked Graham if he knew the burden he would be imposing on the university if he were asked for a special class for senators.

Kovarsky also asked: "Please tell me how the devil you can do all of your work in one quarter?"

Junior Class President Gary Howe criticized the bill for its vagueness. Graham asked the Council to decide for itself what it should do with the basic idea. No ideas were suggested, and the bill was defeated.

In other Council action, Vice President Ted Hutton said the SIU Joint Retreat, involving both Carbondale and Edwardsville Campuses, would be held January 24-25.

The agenda will include discussion on the Communications Council, academic exchanges, inter-campus intramurals, the creation of a "super council" for both campuses, and communication between both campuses.

Hutton also received Council approval on having Dear I. Clark Davis, University Architect William Pulley and University Center Director Clarence Dougherty discuss the present and future of the University Center with the Council.

Hutton asked Council members to get in touch with students who have objections to the present operation of the center. He said numerous students had complaints regarding the purpose of the center.

Petition was accepted for the creation of a Campus Folk Arts Society, a student organization devoted to traditional area art forms except dance. It is open to students and faculty members.

Council approved of establishing an official Student Government newsletter.

Final discussion of the evening registered a pro and con argument when Ron Hunt, Thompson Point senator, asked for suggestions in changing the present system of representation.

Gerry Howe objected to any system which would now allow Greeks to vote for a Greek Senator. Student President Bill Fenwick said he thought living area representation, not group representation, was a better basis for Student Government.

DATA PROCESSING DIVISION

Interviews on Campus

January 29

Marketing and Sales Systems Engineering Customer Engineering

Careers with a future at IBM:

Marketing/Sales: The Data Processing Representative is a consultant to customer executives, giving timely information, presentations, and demonstrations for better business management through data processing.

Systems Engineering: Data Processing Systems Engineers are men and women who study customer requirements in depth, define a preferred machine and operational solution, assist in implementing the solution.

Customer Engineering: The Customer Engineer is a specialist in precision data processing machines and systems, responsible for installation, maintenance, and functioning of IBM electronic and electromechanical equipment.

World of opportunity at IBM:

If your major is accounting, business administration, economics, engineering, mathematics, science, or liberal arts, apply now for an interview with one of America's leading growth companies. Your college placement office can give you additional information about the opportunities available to you in the dynamic field of data processing. Openings will exist in our marketing division, at more than 190 sales and service offices located in major cities throughout the United States. Extensive training programs prepare you for an unlimited future in data processing. IBM is an Equal Opportunity Employer.

Room for advancement at IBM:

Some of the most challenging and rewarding work at IBM is found in developing data processing methods for management in business, science, industry, and government. You can advance within your academic specialty, along a planned career path leading to professional or managerial positions. IBM practices promotion from within the company.

Advanced education programs — tuition-refund courses at nearby colleges, company training for industry specialization, graduate-level study at the IBM Systems Research Institute — provide opportunities to branch out into new areas of interest.

If you cannot attend the interview, write or call: D. C. Tobin, Jr. Mgr., IBM Corp., 3800 Lindell Blvd., St. Louis 8, Mo. OL 2-3400.

6 Months Late:

Bad Check Made Good- Now Everyone's Happy

Joseph F. Zaleski, assistant dean of student affairs, firmly believes that students do pay their bills—even if some take a little longer than others.

A letter from a former student from Mississippi last week gave added weight to that argument. And the letter explaining extenuating circumstances for delayed payment arrived by coincidence on the same day campus authorities had directed the state's attorney to file charges against this youth.

The student had issued a \$25 check to the Bursar's Office in July, authorities said, and the check was returned because of insufficient funds. He redeemed the check

after he was sent a letter informing him of the matter.

Then in August another \$25 check was issued to the University by the student. It also was returned for lack of sufficient funds.

The student, who withdrew from the University after summer quarter, was informed by letter that he would be given adequate time to redeem the second check, but if he didn't, the case would be turned over to the state's attorney.

Last week, after a few months had passed and no word had been received from the former student, authorities felt it was time to start legal action in motion.

On the same day, a letter arrived at the Office of Student Affairs explaining that the youth had been seriously ill for the past several weeks, that he had only recently been able to work, and that he would redeem the check as soon as he had his first payday.

The state's attorney was informed not to press charges.

Another incident of a stu-

dent being willing to pay a bill, despite handicaps created by a clerical error, also occurred last week.

A student who had issued a \$15 check not covered by sufficient funds in October had a Kentucky address on part of his student records and a Marion address on other records. In an attempt to inform the student of the unpaid check, a letter was mistakenly sent to a student with the same last name in Clay City.

Despite all this confusion, the student, whose check bounced, sent a payment to cover the check, officials said.

Navy Recruiters

On Campus Today

Two Navy officers will be on campus today and Wednesday to interview persons interested in the Navy's officer candidate program.

They are Lt. J. C. Mitchell, and Lt. (jg) D. W. Dickson.

Their campus headquarters will be in the student activities area of the University Center.

DRUMMER BOY - Roy Burnes, New York jazz drummer, demonstrated his technique for students at the SIU Band Department percussion clinic for high school bands Saturday. He formerly played with the Woody Herman and Benny Goodman dance bands.

'Uncalled Four' Win First Place

At Harmony Show

The "Uncalled-Four," a harmony group, was judged best at the fifth annual "It's a Grand Night For Singing" show held on the campus Friday night.

Second were "The Delta's Four." Mrs. Delyte W. Morris, James Scott of WSIU-TV and Charles Taylor of the Department of music, acted as judges.

Master of ceremonies was Will Tranquille. The winners were awarded trophies.

The winning "Uncalled-Four" quartet was composed of Dorothy Miller, Dan Pennington, Rich Bennett and Jay Allen. They sang folk songs.

Second place winners, "The Delta's Four," giving out with barbershop harmony were Rich Kean, Roger Schneider, Ralph Schneider and Jack Fuller.

Herndon Resigns Judicial Board

Lynda Herndon, chairman of the Campus Judicial Board, has resigned her position.

John Reznick, a Judicial Board member, has been appointed to the chairmanship by Bill Fenwick, student body president.

Miss Herndon gave as the reason for her resignation that she intended to devote more time to her duties as resident counselor.

The widening world of MARATHON

The world of Marathon is growing wider almost day by day. Marathon geologists, plotting new areas for exploration, are helping to push back the frontiers. So are the company's far-flung production crews, its globe-trotting marketing men and refinery experts.

Marathon (formerly The Ohio Oil Company) was once largely a domestic producer. Today it's an expanding, fully-integrated, international oil company.

Exploration, once limited to North America, now spreads all over the map—from Alaska to Argentina, from Ireland to Australia. In just three years, crude oil reserves have been boosted by more than half, refining capacity has been tripled. And the need to develop markets for the company's major oil reserves in Libya has sparked construction of new refineries in Spain and West Germany.

The widening world of Marathon today embraces five continents.

At home, the company's marketing area has expanded from 6 states to 17, from the Great Lakes area east to Virginia, south to Florida, west to Texas. Plus a new and growing emphasis in the field of petrochemicals.

Scientists at Marathon's modern Denver Research Center are sharpening the company's skills in every phase of these widespread operations—and exploring new avenues ahead.

The world of Marathon is built on faith in an unbounded future, yet soundly planned to meet the needs that future will bring.

Openings leading to accounting management, sales careers and procedures research positions. Excellent growth opportunities. Interviews on campus January 24.

FINDLAY, OHIO

'Yes, I realize my check bounces—but do you realize what economic wonders would occur to individual consumption ratios as well as the Gross National Product if everyone did likewise!

Elections Might Improve

The joke of Student Government elections may be a thing of the past. The pending reorganization of the election system is designed to keep them a serious matter.

Past elections were an endless source of frustration to candidates for office. It is said that it is difficult to find suitable people for office in Student Government, both because of the demand on student's time and because of disinterest. But the threat hanging over the head of every candidate, that some overzealous pole attendant might stuff the ballot box or that the entire election might be called off under an avalanche of protests, might well have deterred many a qualified student from announcing his entrance in the race.

At any rate, Student Government decided to change its ways. Charles Novak, elections commissioner, drew up a detailed and all-inclusive amendment to the Constitu-

tion. His amendment would restructure the entire commission and establish the University Center Olympic Room as the only polling-place.

Novak said that the old system of scattering polls all over the campus made supervision impossible.

More fundamental changes are included in the amendment designed to alter the structure of the Student Council and its attitude. They involve a change in senatorial representation and a staggering of elections.

The amendment would set the first election during spring quarter. Students would vote for one senator from their school, in addition to Student Body President and Vice President.

The second election would be held in the fall. Students would then vote by living area, one senator to be elected from each area. The offices of foreign student senator and married student would be dis-

continued.

Bill Fenwick, student body president, said the big advantage that would be gained by alternating elections is in the continuity it would afford. He cited the inexperience and indecision prevalent at the beginning of past council terms.

An object of concern to many Student Government officials is that the senators elected and taking office in the fall might assert too much power and control over incoming senators in the spring. Yet the purpose of creating continuity lies in the experience the senior members can impart to incoming council members and in the amount of influence they can assert in shaping good legislation.

Although the amendment would be a vast improvement, its adoption is not certain. Strong opposition could develop toward the bill's abolition of class presidencies, long a prestige post.

Eric Stottrup

Southern's Future In Athletics

No. 4: The Grandeur of Independence

The advantages of athletic independence will, on balance, far outweigh the disadvantages.

Just leaving the Interstate Intercollegiate Athletic Conference brought about changes already noted during the past football season. SIU has, and will continue to have, teams competing over a wider geographical area. Some of the old traditional foes will no longer be played. As more and more so-called "name" universities appear on schedules, SIU itself will become more and more a "name" university.

These changes will bring problems. More money will be required for traveling expenses, an area that too often was neglected when SIU played in the IAC. If basketball and football are going to advance, serious consideration must be given to far better scholarships than are now offered.

Should SIU enter, say, the Missouri Valley Conference, even more problems than those briefly outlined would be encountered. Disappointments in Missouri Valley competition would be many, when one recalls that such basketball schools as Cincinnati and Bradley are members of that circuit. Football certainly would be anything but a soft touch. In addition, Southern would add all the burdens of conference membership. A fairly rigid schedule would have to be played. Any problems existing or encountered in a conference would immediately belong to SIU.

Membership in the Missouri Valley, or another conference, would pit SIU against some of the biggest "name" schools in the country, and whether or not SIU won, the university's prestige would be advanced—at least for a time. Big names, however, may be played with-

out being in a conference, and with far more latitude. Forced playing of teams which are too good could lead to "ends justifying means" methods to produce better teams.

One important advantage in independence is that the already fine swimming, gymnastics, wrestling and track squads, developed at much less cost than football and basketball machines, would be able to continue to compete with the best in the nation, instead of being limited to a strict conference schedule.

As Athletic Director Donald Boydston has said, athletic independence "puts us in august company as there are many fine major institutions in this country, not members of a conference, that have excellent athletic programs and have had for many years."

NEXT: some needs.

Off-Campus Senator Objects to Editor's Heavy Treatment of Student Council

Editor:

Lately, there has been a rash of editorials which seem to have as their avowed objective, the purge of Student Government on this campus. In a number of articles, the editor has seen fit to make a complete mockery of the Student Council in particular. As a member of this Council, I would like to take this opportunity to question the manner in which these editorials were written. Far be it from me to accuse the editor of misconstruing the facts. Although I believe that they have been dramatized far out of proportion, the fact remains that as a body, the Council is not without fault. However, the very basis of criticism, once given the dramatic flair, ceases to be constructive.

Personally, I perceive the function of criticism to be an endeavor to find cases of fact and with fact comes the desirability and responsibility of recommendation. The editor obviously finds that criticism is no more than a shallow attempt to tattoo soap

bubbles, and is about as effective. The position which he holds was given to him for the purpose of presenting to the student body the news of the campus. I am quite sure that he would agree that this duty extends to the point of personal criticism on his part. If he is to continue this comical, half-hearted approach, I believe that some action should be taken.

Steve Carr
Off-Campus Senator

Students Need More News

Editor:

Now that the Egyptian is coming out four days a week, it seems like an appropriate time to consider adding more features.

The Egyptian is available and easily accessible to all students. Because of this fact, it is probably read more by our students than any one of the professional news publications. Taking this into consideration, I would suggest that the staff look over the newspaper carefully and see if it gives students as much news as it could. I realize this is a school newspaper that should tell about campus and local events, but I believe

that some of the important national and international news should not be overlooked.

In viewing other university newspapers, I have noticed this is done. In this age, more than ever before, it is important for us to realize the world conditions. Since many students either do not have the time or ambition to buy a paper or go to the library and read one, their extent of newspaper reading is the Egyptian. Why not help to keep these students abreast of the more important news developments by writing a brief review of them in this paper.

Carole Kuhrt

Ideal Of World Peace

Editor:

The purpose of the Student Peace Union, simply enough, seems to focus upon the ideal of world peace. If this is its sole consideration, all means to achieve peace forfeited, nearly everyone in the United States and on the Carbondale campus is a member in sentiment if not in fact.

But the ideal of world peace is lost by the means used to achieve it. The predominate means used seems to be reflected in irresponsible slogans like "Peace At Any Price," "Ban The Bomb" and "Better Red Than Dead." Here is where arguments begin, and rightly so.

Slogans of that kind reflect defeatism as in unilateral disarmament and un-Americanism in placing the abstraction "peace" with disregard to realistic solutions above the value of our established government. The same government, ironically, permits that type of slogan to be used.

This writer and I'm certain many students believe that this defeatist and pacifist attitude dominates Southern's Student Peace Union.

T. Haines

Editor:

In reply to the letter written by Richard Cox last week, I would offer a brief reply. Mr. Cox, there will be no need for you to run for class president in order to abolish the office; we already have.

Respectfully,

Chuck Novak
Election Commissioner,
acting

Salukis Seek To Upset Butler Tonight

Williams, Henry Lead Southern To 82-74 Win Over Tennessee

SIU returns to action tonight against Butler in Indianapolis following Saturday's 82-74 upset basketball victory over third-ranked Tennessee State.

Butler is the sixth major-college foe the Salukis will face this season. The Salukis have a 5-0 record against major-college opponents.

Butler is located at Indianapolis and tonight's game will give SIU's Lou Williams and Paul Henry a chance to play before the home town fans. Both are from Indianapolis where they prepped at Shortridge High School.

The Butler Bulldogs this season have played in much the same fashion that Southern has. Butler wins one, loses one, and comes back to win. Butler is fresh from a 70-59 win over DePauw University.

Butler has beaten Notre Dame, Ball State among others. The Bulldogs have lost to Ohio State, Illinois, Notre Dame and several more.

The Bulldogs are paced by its 6-6 center Jeff Blue. Blue is their top scorer and rebounder this season.

Tonight's game promises to be a battle of giant centers. SIU probably will match 6-4 Williams against Blue and at times will use 6-8 Frank Lentfer to control the backboards. Williams and Henry both

turned in brilliant performances in Saturday's SIU win. Williams scored 19 points and rebounded well against the taller Tennessee State Tigers.

Henry scored 17 points and the points were the most scored by the Indianapolis junior since the Fordham game in the Evansville tournament.

The win gave the Salukis a 9-5 record as the Tigers took over their third loss in 16 starts.

"This is probably the first game we have played this year," Jack Hartman said of the Salukis who made 35 of 65 shots for a .538 mark. They also hit 12 of 24 free throws.

The Tigers got many more shots but hit only 31 of 81 attempts for .383 percentage and made 12 of 18 free throws.

The score was tied six times in each half. The Tigers had their best lead of 19-12 midway in the first half before Southern spurred to a 38-32 halftime lead.

Tennessee State came back in the last half to take a 63-62 lead with seven minutes left.

The Salukis went on a 14-point scoring spree for a 76-63 lead. Eldon Bigham paced the spurt with three baskets for six points.

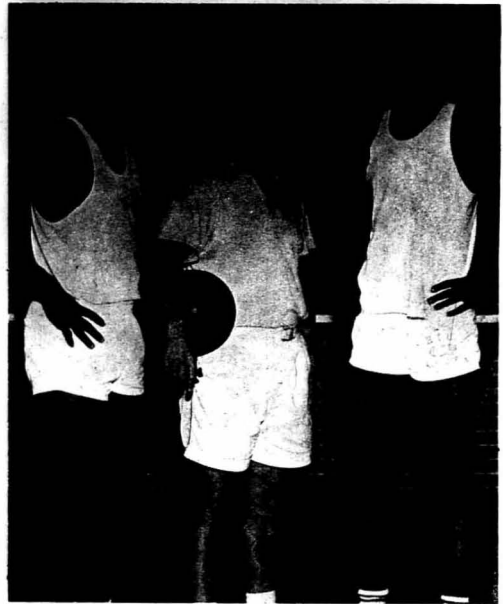

The Tigers got back as close as 79-74 but never could get back into contention.

SIU scoring--Williams 19, Henry 17, Eldon Bigham 15, Joe Ramsey 10, Frank Lentfer 8, Harold Hood 7, Dave Henson 4, Rod Linder 2.

Gallatin, Vaughn Honored By Hawks

Harry Gallatin, former SIU basketball coach and now coach of the St. Louis Hawks, received a shotgun, and Charlie Vaughn, former SIU basketball player, was presented with a watch Sunday before the St. Louis Hawks-San Francisco Warrior basketball game.

It was "Harry Gallatin and Charlie Vaughn" Day at St. Louis Sunday and the Hawks responded with a 116-115 win for their coach. Vaughn scored 10 points in the win.

HARTMAN WITH PAUL HENRY (LEFT) AND LOU WILLIAMS

WSIU-TV Needs Willing Students

Richard Uray, operations manager of WSIU-TV has announced that he could use more help in the operation of the station. He said there is a continuous need for volunteer help in all phases of the operation.

Anyone interested may contact Mr. Uray at the station in the basement of the Home Economics Building. The only requirements are free time and willingness to work. No experience is necessary.

SIU Lost, 48-47:

Cincinnati Sinks Saluki Swimmers

SIU failed to swim up to expectations Saturday and dropped a 48-47 swimming decision to Cincinnati.

Ralph Casey, who has been coaching swimming at Southern since 1957, was jolted by the narrow loss.

"We just didn't swim like we are capable," Casey said dejectedly. "One more point and we win. We could have and should have won the meet with another point in any of the last three events."

"It is not often when a swimming team wins both relays for 14 points and still loses the meet," Casey continued. "We were just not supposed to win it."

Southern won five of 11 events with Ray Padovan winning the 100 and 200-yard freestyle events and swimming on the Salukis winning 400-yard freestyle relay quartet.

Jack Schiltz, junior SIU captain, won the 200-yard breaststroke event and was a member of SIU's winning 400-yard medley relay team.

Two referee's decisions cost SIU the meet.

In the 50-yard freestyle John Fischbeck of SIU tied with Cincinnati's Phil Meng with identical 23.9 seconds. The referee awarded third place to Meng.

Ernie Gonzales finished third in diving for SIU but lost the place on a referee's decision. He started his fifth drive, then lost his balance and relanded on the board without finishing his routine.

The referee ruled a diver loses one-third of his total for a false start.

Andy Stody, Ted Petras, Schiltz and Cunningham were members of the victorious medley relay team.

Fischbeck, Darrell Green, Cunningham and Padovan swam on the winning freestyle relay quartet.

Gary Heinrich won two events for the Cincinnati Bearcats. He won the 200-yard individual medley and 200-yard butterfly.

SIU needed a first and second place in the breaststroke event and a first in the freestyle relay to win the meet.

They got the first in the relay and breaststroke but failed to get the necessary second place as Ted Petras finished third four-tenths of a second behind Bill Edwards of Cincinnati.

Eight IM Games On Tap Tonight

Eight games are scheduled for tonight in the SIU men's intramural basketball league.

U. School--8:30 Cavaliers vs. Crepitators (East) and Newman Club vs. Them (West); 9:30 MRV Bunch vs. Untouchables (East) and House of Troy vs. Suburban Dorm (West).

Men's Gym--8:30 T's vs. Spastics (North) and Blueballs vs. Pierce 3rd (South); 9:30 Rampagers vs. Clippers (North) and Tuffy's Tiggers vs. Dewey Ducks (South).

Phi Sigs Brave Cold For March Of Dimes

In a record breaking day members of Phi Sigma Kappa collected \$319.00 for the March of Dimes last Saturday.

Donating their time from 8 a.m. to 4 p.m., the fraternity men braved the cold as they accepted donations from passing motorists and shoppers in downtown Carbondale.

Using bucket brigade style, the Phi Sigs collected enough donations to top the old record of \$203 for a day's work.

Walk a little farther FOR THE BEST

UPSIDE DOWN — Dennis Wolf, SIU sophomore gymnast, does a handstand on the parallel bars. He placed second in the event during the SIU-Iowa gymnastic meet.

SIU Gymnastics Team Seeking Wins On Road

On the strength of its easy victory over Iowa two weeks ago, Southern's gymnastics team is favored to add two more wins to its record, when they travel to Mankato State, Minn., Friday night and the University of Minnesota the following night.

Coach Bill Meade wasn't sure of his lineup this early in the week, but it is expected that he'll use his three all-around stars, Rusty Mitchell, Fred Orlofsky and Bruno Klaus. Hugh Blaney and sophomore John Rush, who did a fine job against Iowa's Hawkeyes, will probably be sure bets to compete in the trampoline event.

Although the Salukis have had a two week lay-off between meets, they got a good workout last weekend at Memphis, Tenn., by putting on an exhibition at Southwestern College. According to Meade, Southern is trying to promote gymnastics in Tennessee.

Mankato, which is located 78 miles south of Minneapolis, defeated the Wisconsin Badgers last year on its way to a fine 7-3 season. Mankato meets Minnesota later in the year.

On Saturday night, Southern faces another Big Ten foe, the Minnesota Gophers, at Minneapolis. The Salukis defeated the Gophers last year 61-33, but according to Meade, "they are a much improved squad."

Minnesota, who placed sixth in the strong Big Ten last year has shown signs of good balance by downing Navy Pier, a branch of University of Illinois, quite easily last week, 81-30. SIU meets Navy Pier at Chicago on Feb. 9.

According to Gopher coach Pat Byrd, who was a former gymnast for Illinois, the Gophers could finish well up in

BB Game Broadcast

Tonight's SIU-Butler basketball game will be broadcast live over WJPF Herrin at 7:05. WSIU-FM will also carry the game live. Al Jacobs and Jerry Baker will be at the microphone calling the play-by-play.

the Big Ten standings this winter. Although Minnesota finished sixth last year, with one of the school's smallest squads in its history, there appears to be more quantity as well as quality this season.

Byrd, who is taking over for Ralph Piper, Minnesota coach of last year, feels the Gophers should be able to battle the Illinois and Michigan State for a top first division berth. Only one letterman is gone from last year's 4-7 squad, top point getter, Dick Stone. Five letter winners are back, however, including co-captains Gerry Moen and Dan Fritze, both seniors, and juniors Butch Rhodes and John Harvath.

Larry Gleason, a promising sophomore in 1961, looms as the top man on the squad. He is an all-around performer, and tied for third in the high bars in the 1961 Big Ten meet.

A promising crop of sophomores is headed by Bill Eibrink who is considered an outstanding still rings performer.

SIU shouldn't have too much trouble with either Mankato State or Minnesota, as the Salukis seek their second and third dual-meet victories of the season.

Southern next returns home against Ball State on Feb. 9.

Athletics Retain Bowling Lead

Athletics still is in first place in the faculty bowling league with 31 points. Industrial Education and Chemistry II are tied for second place one point behind the league leaders.

Rehabilitation Institute who was tied for second place last week dropped into a tie for third place with the University Center. Each has 28 points.

Henry Villani rolled the individual high series with 556 pins. Chemistry I's 2945 pins took honors for team high series.

John Butchar rolled the high game for individuals with 226 pins. Athletics rolled the high game for a team with 1052 pins.

Will By Pass Football:

Slobodnik To Stick To Baseball

Rich Slobodnik, who played one of SIU's inside linebackers last fall for Carmen Piccone's football team, will bypass spring football practice in favor of baseball.

Slobodnik, 20-year old sophomore from Proviso East, is considered a top-notch catcher with long-ball hitting ability.

He has worked out the past two summers with major league baseball teams. Two summers ago he worked out

with the Houston Colts.

Slobodnik's addition to Glenn Martin's baseball squad would strengthen the catching corps. Martin already has an outstanding catcher in junior Mike Pratte. Pratte has handled the catching assignments the past two seasons for SIU.

Slobodnik is built along the lines of a good catcher. He stands 6-2 and weighs 225 pounds. Most major league catchers are big, strong men

which qualified Slobodnik for the ranks.
