Budget Gets Tentative Ok By Council

Activity fee allocations of \$491,000 were tentatively approved by the Student Council Thursday night.

Final action on the bill was postponed until next week so the members of the Fee Study Committee can investigate the allocations further.

In other action, the Off-Campus Judicial Board members handed in their resignations "in protest of the administrations' lack of sincere interest and support of the concepts and principles of a student judicial program."

The board members tendered their resignation because they said: (1) the administration failed to recognize the jurisdiction of the board by failing to render to it, cases which rightly fall within its jurisdictions; (2) because the administration failed to make adequate provisions for enforcement of the Board's decisions.

The meeting ended abruptly after Pat Micken, student body president, announced that a meeting of students interested in demonstrating to receive attention by the administration would be held near the design barracks.

According to Micken, the students, by demonstrating, would have an opportunity to show the administration that representation means something to them and that they dislike having their opinions neglected.

Workshop Begins For Journalism Educators Today

A nationwide Journalism Administration and Education Workshop will be held here today and Saturday. More than 50 journalism educators from throughout the United States will take part.

Verne E. Edwards Jr., chairman of the Department of Journalism at Ohio Wesleyan University, will direct the activities of the workshop.

Among the guests, visitors, and members of the workshop's panels will be Roy Clark, information director at Northwestern Louisiana State College, Edward E. Lindsay, publisher of the Southern Illinoisian, and Niel Plummer, director of the School of Journalism at the University of Kentucky.

Two-Day Conference on Africa To Study Economic Growth

A conference on "The Economic Development of Africa Below the Sahara" will begin at 7 p.m. today with a lecture on "Prospects for African Development" by William Hardenbergh, assistant professor of government, in Morris Library Auditorium.

The conference, sponsored by the International Relations Club and the International Programs Committee of the Student Council, will be in progress today and Saturday.

Two SIU graduate students, Moses E. Akpan of Nigeria and Aristone M. Chambati of Southern Rhodesia, will discuss "The Cultural Background of Nigeria and Southern Rhodesia" at 8:30 p.m. today in Morris Library Auditorium.

Activities on Saturday will

'Essentials' Must Go

\$115,000 Is Cut From Activity Budget Recommended by Finance Committee

A Student Council finance committee has managed to balance next year's activity fee budget, but had no assurance that the recommendations would be acted on last night. (See related story this page).

The committee, under the chairmanship of John C. Henry, discovered Tuesday that more than \$115,000 would have to be cut from "essential" requests made by various student activities and organizations.

include a panel discussion on "Problems of Economic Development in Our Countries" by African students at 9 a.m.

"Survey of Our Work in Economic Development in Eastern Africa" will be presented by Ronald I. Beazley, professor of forestry, and John Farquhar, graduate student who has spent more than 14 years in Tanganyika, at 11 a.m.

O. B. Essien, second secretary of the Nigerian Embassy, will speak on "Recent Trends in African Economic Development With Particular Reference to Nigeria," at 1:30 p.m.

All Saturday speeches and discussions will take place in the Family Living Lounge of the Home Economics Building.

This figure was arrived at by subtracting the money available, \$491,000, from the \$606,599.72 requested.

The major cuts and additions made by the committee are as follows:

CUTS: University Athletics, \$104,000; Daily Egyptian, \$18,000; Band, \$7,900; President Morris' contingency fund, \$2,500.

ADDITIONS: Lectures and Entertainment, \$8,000; Special Projects, \$6,000; Student Council, \$3,496; Chorus, \$465.

The lectures and entertainment fund, which provides money for use by departments to invite speakers to the campus, was not included in the original figures because the request was received late.

The fund labeled "Special Projects" will be used for a concert artists series, which will bring entertainment (e.g. a Broadway play) to the campus.

Following is a complete list of the committee's recommendations to the Student Council. The amount requested by each fund is listed as the first figure.

Student Medical Benefit: \$194,000; \$194,000.

University Athletics: \$200,000; \$96,000.

Daily Egyptian: \$53,000; \$35,000.

Band: \$19,000; \$12,000.

Chorus: \$8,035; \$8,500.

Orchestra: \$6,300; \$6,300.

Debate: \$7,500; \$7,500.

The Southern Players' production of "The Trojan Women," written by Euripides, will open at 8 tonight in the Playhouse.

The play, hailed as the best play representative of the Hellenic Wars, will run through May 2 and again on May 4-8. The 17-member cast is under the direction of Sherwin Abrams, associate professor of theater.

The running time for the play is 80 minutes, Abrams said, which enables the cast to present two separate performances on the Saturday night

Lake May Open Saturday, Sunday

The Lake-on-the-Campus beach will open for swimming Saturday and Sunday afternoon, weather permitting.

Officials said if the weather "continues to be warm" the beach will be open from 1 to 7 p.m. both days.

It will then be closed May 3 through 7 and will open permanently on May 8.

dates. The play will begin at 8 p.m. with special "late shows" at 10 p.m. on May 1 and May 8.

Filling the roles of the ten "Trojan Women" will be Barbara Briston as Hesione; Mary Burkett, Iris; Karen Flesvig, Iliona; Linda Green, Iphis; Laurian Greening, Asteria; Ninette Knudsen, Tecmessa; Marilyn Kock, Phaedra; Carole Lynch, Theano; Helen Seitz, Deineira; and Judy Sink as Thymelea.

Joanna Hogan will play the part of Hecuba; Richard Westlake, Talthybius; Kathy Holland, Cassandra; Maurie Holland, Andromache; Pat Nunley, Astyanax; Richard Barton, Memelaus; and Yvonne Westbrook will play Helen. The setting is in a cellar in Troy following the fall of the city.

According to Edith Hamilton, whose translation will be used in the production, "The Trojan Women" was set upon the stage with the deliberate intention of showing the war as the hideousness of cruelty and the pitifulness of human weakness and human pain. This play is the answer to what Euripides saw in war. In this play he sounded the deepest depths of the world's grief."

The production staff includes Nancy Demorest, stage manager; Rita Vereb, assistant stage manager; Mina Jane Thauburn, Jerry Powell and Richard Boss, technical assistants; Ken Marsick, John Knapp, Marian Honett, William Gathright and Naggi Faltas, light crew; Karen Flesvig, Ellen Bricker, Vicki King, Bonnie Freneau, Judy Kosarek and Charlene Rowe, costume crew; Elliot Pujol, house manager; and Roxanne Christensen and Ellen Gibbons, box office managers.

Abrams added that the box office will be open from 10-11 a.m. and 3-4 p.m. on weekdays and at 7 p.m. on show nights. All seats are reserved and priced at \$1.25.

Morris' Contingency: \$4,500; \$2,000.

Financial Services: \$4,750; \$4,750.

Student Handbook: \$4,300; \$4,300.

AFOTC: \$2,185; \$2,185. Classes \$400; \$400.

Freshman Orientation: \$7,000; \$7,000.

Obelisk: \$27,000; \$27,000.

Intramurals (Men's): \$7,240.92; \$7,240.

Campus Recreation: \$1,500; \$1,500.

Swimming Fund: \$1,325; \$1,325.

University Center Programming Board: \$14,000; \$14,000.

Women's Athletics: \$11,137.50; \$11,137.

Homecoming \$500; \$500. Spring Festival \$500; \$500.

Lectures & Entertainment: \$8,000; \$8,000.

Special Projects: \$6,000; \$6,000.

General Student Welfare: \$10,500; \$10,500.

Social Senate: \$100; \$100. Ag. Student Activities: \$3,865.80; \$3,865.

Oral Interpreters Theater: \$400; \$400.

Library Specials: \$200; \$200.

Student Government: \$18,796; \$18,798. (Includes "Ka" and University Student Council for 1964-1965 and 1965-1966 and a travel fund for 1965-1966 of \$2,000.)

Gus Bode

Gus says he hopes the next campus blackout will be advertised in the Egyptian so he can get a date for a walk to the library.

Discussion Is Set On Role of WSIU

A public discussion on the role of WSIU has been scheduled for 7 p.m. Monday in Room E of the University Center.

Martin S. Jacobs, a senior majoring in radio and television, and Ron Geskey, a junior majoring in journalism, will discuss the issue.

The discussion is an outgrowth of a series of editorials on WSIU written by Geskey for the Daily Egyptian.

ON THE MOVE-The freshman design class moves a structure, designed as a prototype moon dwelling, down campus drive. The dome will be used on Earth as a meeting and exhibition hall. (Photo by Ron Williams)

Hey, You Kids, Get That Big Moon Thing Out of My Way Or I'll Drive Through It!

"Look at that thing blocking the road! Why, some policeman should arrest those kids...I'm going to be late for

my three o'clock. I'll show them; I'll just drive right through that thing."

That isn't an excerpt of "Ode to a Motorcyclist" by L. Rate Motorist. It is more likely the reaction of several motorists who found Campus Drive blocked Tuesday by a dome being moved by the freshman design class.

The structure is a tensegrity, geodesic, pneumatic flying seed-pod, moon structure that was built in 1953 at Washington University.

R. Buckminster Fuller, research professor of design at SIU who helped develop the structure, describes the moon dome as a "prototype of the structural principles that we may use in setting a scientific dwelling on the moon."

The structure is made of magnesium alloy and aluminum and weighs around 250 pounds. It folds into a small package looking like a bundle of camera tripods.

On the moon, the structure is supposed to pop open automatically in 45 seconds using a tensegrity web system of cables drawn taut by air cylinders.

However, on the earth, it took two members of the freshman design class, who didn't have the use of an adequate air compressor to charge the air cylinders, two hours to erect the structure.

The moon dome, for the time being, will be used in Earthly exploration of the learning process.

Garden, Climatron On St. Louis Trip

Visits to the climatron and Shaw botanical gardens will highlight an excursion to St. Louis Saturday.

The trip, sponsored by the Service Committee of the University Center Programming Board, will begin by bus from the Center at 8 a.m. The bus will return at 5 p.m.

The cost of the trip is \$1.50 per student. Those interested should sign up in the student activities office

Moslems Set Meeting; Movies, Play Slated

Inter-Varsity Christian Fellowship will meet at 10 a.m. in Room C, and at 7 p.m. in Room B, of the University Center.

The University Center Programming Board service committee will meet at noon in Room E of the University Center.

The Moslem Student Organization will meet at 2 p.m. in Room E of the University Center.

The Aquettes will meet at 4 p.m. in the University pool. The Women's Recreation Association varsity volleyball will be held 4 p.m. in the old Men's Gymnasium.

The Interpreter's Theater will meet at 6:30 p.m. in Muckelroy Auditorium.

Movie Hour will feature "Who's Got the Action" at 6, 8 and 10 p.m. in Furr Auditorium.

There will be a band dance entitled "Star Light" from 8:30 to 12:30 p.m. in the Roman Room in the University Center.

Cinema Classics for today will be "Gate of Hell" at 8 p.m. in Davis Auditorium.

'Frank' Film at 8 p.m.

"The Diary of Anne Frank" will be shown at 8 p.m. today and Saturday in Lentz Hall. No admission will be charged. It was previously reported that the movies would begin at 3 p.m.

French, Folk, Concert Music Top Radio Programs Today

Featured at 2:15 a.m. on WSIU is "Germany Today," a weekly program that reports on the cultural and artistic life in West Germany. Other highlights:

Explorer Society

Takes New Name

The SIU Speleological Society has changed its name to the Little Egypt Student Grotto since being recognized by the National Speleological Society.

The club gained national recognition during the winter quarter when nine of its members also were members of the national group. Eight national members are required for national recognition.

The Little Egypt Student Grotto is dedicated to exploring and conserving area caves. The group also lists camping and rock climbing in its activities.

Adviser of the club is Kath Christensen, instructor at Vocational - Technical Institute.

Recently elected officers are Don F. Formanek, chairman; Bill N. Trousdale, vice chairman; Linda Olsen, secretary; Kathryn A. Kerr, treasurer; Gary L. Frazier, equipment; Bill McQuinney, publicity.

Probe will present a film, "Industrial Application of Radio-Isotopes" at 8 p.m. in Browne Auditorium.

The Department of Journalism will begin a two-day Journalism Education Workshop from 8 a.m. to 5 p.m. in the Seminar Room of the Agriculture Building.

The Department of Economics will hold a seminar at 11 a.m. in Room 214 of the Agriculture Building.

The SIU golf team will meet St. Louis University and Evansville College at 1:30 at the Crab Orchard Golf Course.

The International Relations Club will present the film "Africa South of the Sahara" at 7:30 in Morris Library Auditorium.

"Diary of Anne Frank" will be the Thompson Point movie at 8 p.m. in Lentz Hall.

The Southern Players will portray "Trojan Women" at 8 p.m. at the Southern Playhouse.

A bus will leave the University Center at 7:30 p.m. for Marion roller skating rink.

The Off-Campus Resident Fellows Council will meet at 6:30 p.m. in Studio Theatre in University School.

The SIU Women's Club will hold a square dance at 8 p.m. in the area of the boat docks.

MARILYN TRIPP

SIU Coed Chosen To Go to France

Marilyn Tripp, a senior at SIU, has been selected by Herve Alphonse, French ambassador to the United States, to participate in an exchange program with France.

Miss Tripp, who is majoring in French and German, is one of five American girls chosen for the program. She will work from June 10 to Sept. 10 in a youth camp in France.

From the Student Body President

As much as I prefer other techniques, I must begin this report with an apology — an apology to the student body of Southern Illinois University (Carbondale variety). I regret that I have not availed myself of the opportunity, until now, of expressing my feelings, in public, in writing, on the matter of the future of Student Government.

As some of you will remember, on January 21, I delivered a speech to the Carbondale Student Council in which I suggested the possibility that the Ad Hoc Committee on the Future of Student Government "might turn out to be a sham and a hoax." It was my misfortune to be convinced of the truth of the assurances from above that the Ad Hoc Committee would indeed be empowered to develop the structure for the new student government. I said at that time (to my current chagrin) that it "looked like the Committee had become a student-oriented action group." Again, I apologize for the error in perception.

For those of you who know nothing about the Ad Hoc Committee or who wonder about the necessity for it when a duly constituted government already exists, the following is by way of explanation: In September, at a joint "retreat" (a literal interpretation is justifiable) when student leaders from Carbondale and Edwardsville were told that Student Government had to be reorganized in line with the "one-university concept," it was felt that a committee with membership from both campuses should be empowered to make the necessary revisions.

There followed a good deal of agitation by the Carbondale Student Council to get adequate

representation on this committee. We were successful in this effort. This was to prove to be our last "victory." There were four members from Carbondale: Myself, Don Grant (Vice-President of the Student Body), Micki Goldfeather, and George Paluch. Next there came several meetings of this Committee during which the membership quibbled over just what the position of the group was — particularly in regard to student opinion.

An intricate and somewhat ridiculous procedure for acquiring the sentiments of the student body was decided upon. This procedure called for the submission of "working papers." I am helpless when it comes to defining for you the meaning of "working papers;" I have seen ten or fifteen of these and no two are alike. All I can say for sure is that they are something more than nothing and something less than a constitution.

At any rate, the call went out for these working papers, the Committee received four — five if you count the Vice-President for Student Affairs and Area Services. The Ad Hoc Committee then went into a retreat at the Little Grassy Campus for a two day session, the expressed purpose of which was to give birth to a new Student Government. On several issues the Committee split right down the middle and it became a test of endurance to see whether the Edwardsville people or the Carbondale people were better adapted to 12 hour sessions! As it turned out, neither of the groups was particularly adept at marathon meetings. There was a man there who was, however, and he prevailed. This is not to cast

aspersions upon him, for the incredible fact remains that the Committee voted its approval to the "Ad Hoc Committee's Working Paper."

Perhaps you remember the recent furor which occurred in the Carbondale Student Council over the workability of this "Working Paper." As a result of some proposed changes which were submitted to the Ad Hoc Committee, another meeting was called. Out of this meeting emerged what was entitled "The Revised Ad Hoc Committee Working Paper." The meeting took place in the Vice President of Student Affairs and Area Services office in Edwardsville. It is interesting to note that this paper was accepted as what everybody would call their "second choice" — in other words, it looked like Student Government would take a form next year which nobody really wanted. At this point, I can only give an honest statement of what my feelings were: I did not and never had believed in the practicability of an "All-University Student Government," and I was now being asked to support a second rate all-university structure.

It is a moot point as to whether or not we would have been able to bring the Revised Working Paper into reality as we never got the chance. On Wednesday, April 21, after six months of effort and "Ad Hoc-ery," we were called into session in Carbondale. President Morris attended this meeting for the purpose of informing us of his reactions to the Working Paper.

In a word, he considered the paper "illegal" (under his power as interpreter of the Statutes of the Board of

Trustees). He proceeded to explain why he felt that the paper was outside the bounds of the statutes. The most simple explanation is the paper contained provision for an "executive branch," and that the Statutes did not mention any "executive" in the section on "Student Council." In fact, according to President Morris, the old statutes had never allowed for a Student Body President. In answer to a question from Don Grant as to how it was that he and I came into existence as S.B.P. & S.B.V.P., Morris stated that he had never questioned it because the University had been in an "interim period" (during revision of the Statutes). He had merely "allowed the offices to exist." (It might be of interest to the general reader to know that the interim period lasted from 1960 to July 1964 — At Carbondale, we have had Student Body Presidents since 1958.)

There was another reason why the executive branch in Student Government is not to be desired; and that is that its existence means to Prexy that there are two voices of the students instead of just one (a student council). I did not choose to comment on this reasoning at the meeting; it deserves the same attention here.

As of today, the most likely product of the Ad Hoc Committee will not be a Student Government, but a "Student Council" made up of representatives from Carbondale and Edwardsville, with no executive. To satisfy some of the members of the Ad Hoc Committee for executive leadership on the local level, there will probably be "executive committees" of the Council set up on each campus. These committees

will be small enough to be ineffective, or rather, not large enough to bother anyone with their opinions.

A Final Word

In conclusion, I refer anyone who might be concerned to the numerous articles which have been written on the subject of student "unrest" on the campuses of our larger universities. I think it is a fair analysis to state that one of the prime sources of unrest is the inability of the student to identify with his university. I submit that Southern should not be unconcerned with this problem; and that asking students to identify with another campus 130 miles away and with a Student Council somewhere in between, is a step in the wrong direction.

Since most of this report dealt with the Ad Hoc Committee it would be fitting to close with a comment on it. As of this writing, I know of no single member of Carbondale's Student Government who is in favor of what is about to emerge from it. I am reminded of a friend of my younger days who used to like to play chess. It was very frustrating because I was too young to know the real rules and it was his set — As a result, when he stated a rule to his convenience I had the choice of quitting the game or accepting his ruling.

The difference now is that I am old enough, and by now, experienced enough to know what the rules of the "student representation game" should be.

At this point one usually sees something to this effect: Any similarity between what finally emerges from the Ad Hoc Committee and Student Opinion will be purely coincidental.

Patrick H. Micken
Student Body President

From an Ad Hoc Committeeman

Members of the Student Body:

In January, I was appointed to the Ad Hoc Committee for the Reorganization of Student Government by Pat Micken, our Student Body President. I asked Pat if I could serve on this committee because I was, and still am, very interested in seeing that the students at SIU get a fair deal in determining what form of student government they will choose.

In several meetings of the Committee, especially our recent week-end retreat, we tried to consolidate the various plans which were submitted and tried to come up with something which we thought would give the students the representation that they need. I must now say that any attempt which was proposed which would give the students a loud, clear, and listened-to voice when they had something to say has been ruled "illegal," because of the so-called "conflict" with

the intent of the revised University Statutes. President Morris has told the Committee that the Board of Trustees has given him the power to interpret the Statutes and apply his decisions to the working papers which were submitted. Previously, in January, we were told by Vice-President Ruffner that whatever the Committee came up with would be satisfactory. I stress the point that at no time prior to our last meeting were we told that President Morris would be the sole arbiter of the intent of the Statutes and the sole judge of the acceptability of proposed working papers. In January we were, in effect, told that whatever we came up with would be acceptable. But, so far, nothing that the students themselves proposed has been approved. The working paper under consideration right now is a brainchild of the Administration and not the product of the students on the Ad Hoc Committee.

I have been told, time and again, that the basic philosophy of our University is to let the student develop as fully as possible, including development in the processes of self-determination and self-government. President Morris' philosophy, as shown in interpreting the Statutes, is to let the students advise him — no allowance for self-government and self-determination.

It seems that Southern's philosophy has changed to one of letting the "arcs" (which to all appearances seems to be the rest of the world) develop, with SIU leading the way; quite naturally, much honor and status would reflect upon the University, particularly upon the "Administration." But this philosophy has left the students behind. We have a person in Washington, D.C., who, in effect, lobbies for Federal contracts for SIU, but we don't even have anyone "lobbying" for the students on our own campus.

Since the current working paper does not allow for an effective student voice, and, specifically, as the Statutes are interpreted by President Morris, must not allow for a Student Body President, I find it necessary to resign from the Ad Hoc Committee. But I do ask those students who will attend the Sunday meeting, and, in all probability, rubber-stamp the plan under which you, the students, will have your so-called "voice," to consider a few proposals of mine.

1.) Incorporate into the working paper the right for a student, as selected by the Council, to attend meetings of the Board of Trustees whenever the Council feels that the Administration is not giving them an effective voice and not allowing them the right of self-determination. This is to be done by submission of an appropriate agenda item to the Secretary of the Board, and specifically bypassing the President's office, when such

a request is made.

2.) Since President Morris has said that he intends that the Student Council shall be a co-equal body with the Graduate and Faculty Councils, that a petition requesting a change in the University Statutes be presented to the Board; such change being that, if Student Council is to be an equal to the Graduate and Faculty Councils, this equality should extend to equality of representation on the University Council, because no provision is included in the Statutes for student representation on the Council.

The basic purpose of this letter is to witness my resignation from the Ad Hoc Committee, and to remind the Administration to reconsider the function of any University — to service the needs of the students above all else — especially before the less important needs of community and university status are met.

Sincerely Yours,
George Paluch

KANKAKEE CHAMBER CHOIR

Kankakee Choir Will Sing At Annual Music Festival

The Kankakee High School Chamber Choir, the "official representative" of Kankakee High School and winner of "superior" ratings in the state for the last four years, will be the guest artist headliner for the 1965 Music Under the Stars festival May 8 at SIU.

Participation will hit record highs, when over 3,000 teenage musicians in the 69 ensembles from 49 communities participate in the all-day program.

The youngsters will rehearse during the day under guest conductors and will perform in a massed coral and instrumental concert at 7:30 p.m. in the SIU Arena.

Another feature of the evening concert will be the awarding of the "most Honored Musician" title to an area teacher-musician by President Delyte W. Morris.

HARRY T. MOORE

Moore in Europe For Yeats Study

Harry T. Moore, research professor of English, has begun a European trip devoted primarily to research for a critical biography of the famed Irish poet William Butler Yeats.

The trip will extend through the summer.

Moore is considered a foremost authority on the Anglo-Irish literary school. He is the author of a number of books on D. H. Lawrence, and has edited Lawrence collections.

Another Moore book, "E.M. Forster," one of a series on modern writers published by Columbia University, appeared earlier this year. It deals with the writer considered by many the greatest contemporary British novelist.

Moore is a member of an SIU committee in charge of the University's year-long celebration of the 100th anniversary of Yeats' birth.

Peace Corps Test Given to 52 Here

Fifty-two applicants from SIU took the Peace Corps placement test during Peace Corps week April 12-17. John Thomas, student Peace Corps coordinator, called it a "fairly successful turnout."

Thirty-three former Southern students are now serving in the Peace Corps in Africa, Central and South America, and the Middle East.

Students who are interested in the Peace Corps should fill out their questionnaire and mail it to Washington, D.C. It is not too late to be accepted for a training project for this summer.

Anyone who has a question about the Peace Corps should contact Thomas in the Student Government Office.

Car Wash Saturday

The Baptist Student Foundation will hold a car wash Saturday from 8:30 a.m. to 5 p.m. at the Walnut Street Baptist Church.

International Students to Meet With Area High School Pupils

International students at SIU and area high school students will have a goodwill meeting Sunday on the campus.

The program, sponsored by the YMCA Illinois Area Council Association in cooperation with Southern's International Student Center, is designed to promote mutual understanding and freindship between international students and local young people.

The international students will introduce their home countries to the high school students, and get acquainted with Southern Illinois through discussion with the local people, according to Frank Gumm, associate area secretary of the YMCA.

More than 50 Southern Il-

linois high school students and about 20 SIU international students will attend the meeting, Gumm said.

The meeting is scheduled for 2 p.m. in Furr Auditorium, University School. Alice Grant, teacher of the West Frankfort Community High School, will preside, and Peggy Meredith of West Frankfort will be the toastmistress.

Group discussion leaders include: Debbie Harmon, Mickey Pankey, Sara Chase, Robert Biley, Mike Shepard, Bill McMackin, Nannette Burke and Sally Lukens.

Rebels Fire on Embassy

Marines Kill Four Snipers In Dominican Republic Fight

SANTO DOMINGO, Dominican Republic (AP) — U.S. Marines went into action against snipers in this revolted capital Thursday and killed four of them the U.S. Embassy reported.

The Marines drew their first blood less than 24 hours after their landing to safeguard Americans caught in a Dominican civil war.

Snipers opened up on the U.S. Embassy from concealed positions and a detachment of Marines fired back from the cover of automobiles parked on the tree-shaded lawn. The firing continued intermittently for more than two hours.

There were no reported casualties among the Marines. In Washington, a State Department spokesman said the

El Salvador Embassy has also been attacked.

Marine units supervised the withdrawal of Americans to ships off shore.

On the fifth day of fighting in this Caribbean country there were these other developments:

France ordered two warships from Martinique to the Dominican Republic to evacuate any French citizens who feel their lives are in danger.

The Soviet Union, Red China and Communist Cuba assailed the landing of U.S. Marines in such terms as "irrestrous", "cynical," "hideous" and "a threadbare pretext."

At the United Nations, U.S. chief delegate Adlai Stevenson told the Security Council the Marine landing was "to protect American citizens still there and escort them to safety from the country."

In Washington, the Organization of American States appealed for an end to the fighting. Some congressmen blamed Communists for the strife.

There were about 2,000 Americans remaining in the country. None has been hurt so far in the fighting that has taken a toll of 400 Dominican lives.

A force of 560 Marines that landed by helicopter from a U.S. Navy ship Wednesday evening dug in around a hotel overlooking the sea. Some 1,100 other Marines remained offshore in six Navy ships—prepared to land if necessary.

TEARFUL REUNION — Cmdr. William N. Donnelly, who drifted 45 hours in a life raft after being shot down in action over North Viet Nam, had a tearful reunion with his family when he arrived at San Diego. His daughter got the first hug as his wife and son looked on. (AP Photo)

Girls Are Gone, Gone Over Youth; Powerful Rifle Was His Calling Card

CHAMBLEE, Ga. (AP) — Some 200 shorts-clad high school girls frantically sought cover Thursday when a 16-year-old youth, perched on top of a football stadium, fired at them with a high-powered rifle.

No one was injured. Some of the girls, in blue and gold shorts for their gym class on the Chamblee High School athletic field, fled to nearby woods. Many hid be-

hind and under the stadium.

The youth, barefoot and clad in dungarees and sweatshirt, crouched on top of the stadium and fired at random for about 15 minutes before he was talked into surrendering by Capt. Thurman Terrell of the Chamblee police. Chamblee is eight miles north of Atlanta.

A sophomore at the high school, he attended his first two classes Thursday.

Worst Earthquake Since 1949 Brings 5 Washington Deaths

SEATTLE (AP) — A rolling earthquake, heaviest ever recorded in the Pacific Northwest, jolted four states and British Columbia Thursday, bringing at least five deaths and many injuries.

Hundreds of buildings were damaged, including the Capitol in Olympia.

Falling debris killed two men in Seattle. The three other deaths were from heart attacks. All were in Washington.

Although Thursday's quake was of greater magnitude than any other in the area, it was not as disastrous. Eight died and damage amounted to \$25 million in an April 13, 1949 tremor. Their centers were less than 50 miles apart.

Norman Rasmussen, University of Washington seismologist, said the latest shock had a magnitude of 6.5 to 7 on the Richter scale, based on reports from other recording points. His own seismo-

graph was knocked out of commission.

Rasmussen was able to calculate the quake on the Mercalli scale of intensity, and said it was more severe than the one 16 years ago.

A warehouseman at the Fisher flouring mill in Seattle, Ray Haughton, 52, was crushed to death when a 50,000-gallon wooden water tank atop a 200-foot tower was shaken apart.

Three other persons in the mill were injured. One of them Eugene Goulet, 40, a state grain inspector, was reported in critical condition.

Adolphus Lewis of Seattle was injured fatally when debris from a downtown building fell on him.

The quake knocked the needles off of seismograph scales here, but stations elsewhere measured its magnitude at 6.5 to 7 on the Richter scale. It struck at 8:29 a.m.

'OH, I'VE BEEN A STUDENT FOR 17 OR 18 YEARS - EVER SINCE I DROPPED OUT OF MY FRESHMAN YEAR IN HIGH SCHOOL!'

McClanahan, Dallas News

U.S.-Supported Vietnamese Press Offensives On Three Sectors Before Deluge in May

SAIGON, South Viet Nam (AP) - U.S.-supported Vietnamese troops, trying to nail down territory before operations are impeded by the rainy season opening next month, pressed offensives Thursday against the Viet Cong on three sectors.

Spokesmen estimated U.S. aircraft and Vietnamese ground forces have killed 200 of the Red guerrillas in the midweek strikes, ranging from the Mekong River Delta in the south to the plains and mountains about the Da Nang air base in the north.

Two U.S. Army advisers were killed in one of the actions, a heavy fight in Vinh Long Province 80 miles southwest of Saigon. This brought to 353 the toll of American combat fatalities in Viet Nam since December 1961.

U.S. Marines patrolling outside the Da Nang base, 380 miles northeast of Saigon, figured in another skirmish and killed a guerrilla who chose to run.

The major actions were these:

-Government commanders

said at least 86 guerrillas were killed and 34 captured in the opening phase Wednesday of an attempt by more than 1,000 troops to drive the Viet Cong from Mekong River delta bases on the coast of Kien Hoa Province, 60 miles south of Saigon.

In addition, U.S. helicopter crewmen machine-gunned a Viet Cong platoon they caught trying to swim an estuary and estimated they killed 40. Casualties on the government side were one killed and seven wounded, including a U.S. helicopter pilot shot in the throat.

No Funds for Rioters

\$3.35 Billion in Aid Gets Committee Ok

WASHINGTON (AP) - Senate and House committees recommended Thursday that all foreign aid funds be cut off from countries that allow or incite mob action against U.S. embassies or other property.

The action was aimed especially at Indonesia and the United Arab Republic, whose

leaders have challenged the United States in effect to go to hell with its aid.

The Senate Foreign Relations Committee also expressed belief, in a report to the Senate, that a number of underdeveloped countries, not identified, "need to be informed that they have no inherent 'right' to assistance from the United States, and that such aid depends in part on the maintenance of a climate of mutual cooperation and civilized behavior."

The committee approved a two-year foreign aid bill, at the rate of \$3.35 billion a year, but proposed that the Johnson administration be required to come up with a completely new approach to the problem next year.

The House Foreign Affairs Committee voted to authorize \$3.67 billion, or only \$3.6 million less than President Johnson requested for the fiscal year starting July 1. Johnson's request was the lowest in the 17 years of the aid program.

The House committee version, which was put aside for final action next Tuesday, includes what amounts to a blank check authorization for whatever aid funds Johnson may need to prosecute the war in Southeast Asia.

It also would cut off aid to any country that ships goods to North Viet Nam.

Both Senate and House bills are authorization measures which set ceilings on expenditures, and must be followed later by appropriation bills.

Congress Okays Appalachia Bill

WASHINGTON (AP) - Congress passed and sent to the White House Thursday a compromise \$2,227,563,977 appropriation bill which carries \$349 million to start financing the Appalachian regional development program.

The omnibus measure provides funds for miscellaneous agencies to finance activities through next June 30.

Both the Senate and the House previously had passed the emergency measure but were in disagreement over financing of helicopter service in three major cities and funding the veterans' life insurance program.

By roll-call vote of 228-144 the House refused to approve Senate language appropriating \$942,000 to subsidize helicopter service in New York, Chicago and Los Angeles.

By voice vote it rejected a Senate provision for a transfer of \$5.5 million of Veterans Administration funds to finance a limited reopening of veterans' insurance.

Business, Education Leaders Plan Youthpower Conference

Leaders in business, education and community service will participate in a one-day Youthpower Conference sponsored by the Division of Technical and Adult Education and District 13 of the Illinois Federation of Business and Professional Women's Clubs on Saturday.

To be held at the Haven, on Route 13 between Carbondale and Marion, the conference is planned to develop leadership in the field of business among high school students.

The conference will open with a welcome by B&PW District chairman Decima Willoughby and a discussion on "Why a Youthpower Conference?" by Mrs. Mary Lou Koonce of Mounds, chairman

of "Youthpower, U.S.A." for the National Federation of B&PW clubs.

University participants in lectures and panel discussions include George Hand, chairman of higher education; Kenneth R. Miller, executive director, SIU Foundation; and Guy Renzaglia, director, Rehabilitation Institute.

Coed Volleyballers St. Louis-Bound

The women's varsity volleyball team will try to improve its 1-2 record when they travel to Washington University in St. Louis for a pair of weekend matches.

The first team will play at 7:30 p.m. today and at 10 a.m. Saturday.

PAUL ENGLE

POET—Paul Engle, novelist and poet from the state University of Iowa, will be the featured speaker at the annual SIU Creative Writers Conference Saturday in Morris Library Auditorium.

New Music Fraternity Chapter To Be Established at Southern

A new chapter of Pi Kappa Lambda, national honorary music fraternity, will be established at SIU on May 10.

George Howerton, national president of the fraternity, will present the charter to the Beta Mu chapter at SIU and will officiate at the initiation of the eight charter members. A program and banquet will be held in the University Center Ballroom following the ceremonies.

One junior, four seniors and three graduate students will be elected. Their names will be announced at a convocation of all music students at 10 a.m. Monday in Shryock Auditorium.

Pi Kappa Lambda was or-

ganized in 1917 as a music honor society parallel to Phi Beta Kappa, liberal arts-oriented honor society.

"Since that time, it has been the standard bearer for scholastic excellence in the area of music in academic circles," Lawrence Intra-vaia, associate professor of music, said. Among its members are internationally known figures such as Myra Hess, Serge Koussevitzky, Albert Schweitzer, Walter Piston, Vincent Persichetti and Eugene Ormandy.

Child Care Jobs Open for Summer

Representatives of the Murray Children's Center in Centerville will be on campus May 11 to interview students interested in summer employment as child-care aides.

The organization is interested in special education and elementary education majors.

There will be a number of job openings, and the Student Work Office has interview times still open. Interested students should contact the Student Work Office.

Reservations Ready For Dames Club's Awards Banquet

The SIU Dames Club will hold its final banquet of the year at 6:30 p.m., May 11, at the Gardens restaurant.

Reservations are \$2.20, and can be secured from Mrs. Fran Christian, 1822 Edith St., Murphysboro. Any wife of an SIU student is invited.

Highlight of the evening will be presentation of the "P.H.T. (putting hubby through) awards." These awards, signed by President Morris, will be presented to the wives of seniors who will be graduating in June or August.

Anyone eligible for this award should contact Mrs. Berneda Hilliard, 457-7423, as soon as possible.

The Dames Club will install new officers at the banquet's close.

Grad Students to Give Microbiology Seminar

Sharon L. Gingsurg and Harry Betterman, graduate students, will speak at a microbiology seminar 10 a.m. today in Room G-16 of the Life Science Building.

The seminar is sponsored by the Department of Microbiology.

Student Workers Urged to Return Financial Papers

The Student Work Office has asked that student workers return their financial questionnaires to the work office by May 15.

These questionnaires were given to all work supervisors for distribution about three weeks ago.

For students hoping to work under the Federal Work-Study Program, the May 15 deadline is especially important. The number of questionnaires returned and the information on them will determine the amount of federal funds applied for by the work office for the next fiscal year. This period extends from July 1 to June 30, 1966.

The work office has indicated that any student who is late in returning his questionnaire cannot be given full consideration in applying for full or part-time work under the program.

'Apostles' Await Summer Missions

Five students from SIU will be serving as summer missionaries under the sponsorship of the Baptist Student Union and the Home Mission Board of the Southern Baptist Convention.

The student missionaries and their fields of service are Frozella Croslin, Jamaica; Janice L. Eudy, Louisiana; Mary Lou Miller, Colorado; and Beverly and William T. Shahan, Oklahoma.

A dedication service for the five will be held during the daily chapel program at 12:30 p.m. on May 28 at the Baptist Student Foundation.

SMALL GROUP HOUSING 116

Dogs 'n' Cats in Peace

Independents of Shuman Hall Prove Value Of Coexistence With Neighboring Greeks

By Lonnie Inlow

At the Small Group Housing area of the SIU campus, the proverbial dog and cat live happily side by side.

The independent living unit for girls at Small Group Housing No. 116, Shuman Hall, is nestled right in the middle of the Greek-letter organizations, and seems to like it.

Forty-five of the 546 students living on "Greek Row" live in the independent Shuman Hall. Besides the students living in the independent house, Lee J. Chenoweth, director of Small Group Housing, said, 10 per cent of the residents in the Greek-letter houses are independents.

"Approximately 60 students who live in the fraternity and sorority houses are not active in the organization," he said. Some people may think that the Greek and independent students are natural enemies. Many times their opposing opinions have staged extensive conflicts. But Small Group Housing No. 116 proves the value of coexistence.

The president of Shuman Hall, Julie A. O'Neill, said that by living at Small Group Housing the girls get to know the Greeks better than most independents do. They have social exchanges and participate in activities with the fraternities. The fraternities also complement the girls with serenades. She also said that quite a few girls end up pledging the sororities.

Miss O'Neill said that she thought most of the girls had a good opinion of Greeks. She said there are even cases where girls have had bad opinions of SIU Greeks prior to living at Shuman Hall, and then changed their minds.

Shuman Hall has taken part in Spring Festival, Homecoming, decorations, and Theta Xi Variety Show. Miss O'Neill said that the cooperation and the enthusiasm of the girls for these events are great, perhaps greater than might be found in a larger dormitory.

"We have one main problem, however, and that's finances," she said. They don't have the number of girls the large dormitories have to financially support all the activities.

Shuman Hall has combined forces with Theta Xi fraternity to enter Spring Festival this year. In order to raise the necessary money for constructing and producing their act, the girls are doing odd jobs such as typing, washing cars, babysitting and cleaning rooms. The money they earn is put into a fund for Spring Festival expenses.

The girls at Shuman Hall seem to like living there. Miss O'Neill said that most of the girls sign up for the next year if they are returning to school.

The sororities find Shuman Hall a fertile field for rush.

Guide to Be Offered For Pre-Collegians

A pre-college counseling handbook for the 1965-1966 school year will be published by the Committee on Pre-College Counseling.

The handbook is entitled "An Education at Illinois State - Supported Universities."

SIU Has High Hopes

Judo Players to Crowd Arena At National Championship Meet

Welcome judoka! For those not well versed in Japanese, a judoka is a judo player, and the Arena will be bulging with judo players Saturday as the fourth annual National Collegiate Judo Championships begin.

Individual and team championships will be at stake in the meet scheduled to get underway at 10:30 a.m. and last the rest of the day. Admission charge is 50 cents.

More than 60 contestants from 15 colleges and universities, including SIU, are expected to compete for the six individual weight titles and the all-around championship.

Of the 15 teams entered in the finals, the favorites are the defending three-time champions, San Jose State College, and the Air Force Academy, Ohio State University and SIU.

Southern, in search of the team title, will have representatives in each of the six weight classes.

The weight classes are 135 pounds, 150 pounds, 165 pounds, 180 pounds, 195 pounds and the heavyweight class.

Ron Hoffman, Eastern Collegiate Grand Champion, is currently one of two holders of a third-degree black belt on SIU's team. The other is Motohisa Suzuki.

Others competing for Southern are Bob Toupal, Miguel Roman, Roger Bloodworth, Jim Peterson and Jerry Frericks.

Roman and Bloodworth are holders of a first-degree black belt.

Since the championships will be divided into weight classes and not by color or degree of belts the holders of the black belts are the favorites.

In a judo contest, only one point (ippon) is needed to defeat an opponent. Because there is no second chance, both contestants are cautious and under strain. The duration of a contest can last as long as seven minutes with a three-minute overtime period. Points may be awarded on the following basis:

1. A clean throw that lands the opponent on his back.

2. Holding the opponent for 30 seconds from the moment the referee calls time on a hold (Osaeokomi). If the contestant manages to coil his legs around those of his opponent, time is not counted. He must have complete control of his opponent's body.

3. Making opponent surrender by applying a strangling hold.

After a winner has been named in each of the six weight divisions, there will be another contest to crown the overall winner.

RON HOFFMAN

Golfers Face Revenge Meet With Evansville, St. Louis U.

Revenge will be the minds of the Saluki golfers Saturday when they meet Evansville College and St. Louis University in a triangular meet at 1:15 p.m. on the Crab Orchard Golf Course.

The golfers will be trying to erase the memory of that embarrassing one-stroke defeat they suffered at the hands

of the Evansville team two weeks ago. It was the first time an Evansville golf team had beaten Southern in more than 14 years.

Gene Van Stone Jr. of Evansville was the top golfer in that meet as he shot an 18-hole par total of 71. Leon McNair was top for the Salukis with a one-over-par 72.

At the same time Southern will be trying to continue its mastery on its home course and St. Louis.

The Salukis have compiled a 58-2-1 mark at home since 1956 and have not lost to St. Louis in ten years.

St. Louis, however, has four of its top five golfers returning from last year's team that posted a 10-5 record. Leading golfer for the Billikens is Jim Pearce, who was last year's runner-up golfer in the Missouri Valley Conference.

Coach Lynn Holder has been encouraged somewhat by the play of senior John Krueger. Krueger won the Salukis' top golfer last weekend at South Bend, Ind., and Maatison, Wis., where he shot a 36-hole total of 150 on both courses.

He won all six of his matches and was the second leading golfer. He shot a 36-hole total of 150 at both meets.

Southern's 4-2 record in last weekend's play upped their season's record to 11-5.

The golfers will next travel to St. Louis Tuesday where they will play Washington University.

549-3426 457-4254

Yes, it's pure and simple. Anyone can live for less in a mobile home. Especially young couples who are planning a future. Why pay \$80 to \$100 a month rent? With a mobile home you have an investment in your future. When you leave SIU you can take the home with you, sell it, or rent it to others. Anyway you look at it, you can come out ahead.

Think it over; it makes a lot of sense. If you're convinced, or nearly so - drive out to Glover Trailer Sales and let a qualified salesman show you a fine selection of investments (mobile homes, that is).

Track Squad Goes to Kansas For Meet With Jayhawkers

A 17-man SIU track squad leaves at noon today for Lawrence, Kan., where the Salukis will challenge the powerful University of Kansas Jayhawkers Saturday afternoon in a dual meet.

The action will be the first in three weeks for the entire Saluki crew as Coach Lew Hartzog has taken only a select group to big relay affairs the past several weeks.

Although the Salukis have performed well at the big ones, they will be a definite underdog Saturday.

The Jayhawkers routed the Salukis 99 1/2 to 26 during the indoor season and they are expected to do almost the same thing Saturday as the Salukis lack the depth to give the Jayhawkers much of a challenge.

Best hope for victory for the Salukis appears to be Bill Cornell in the mile and half-mile; Gary Carr or Jerry

Fendrich in the 440; Tom Ashman in the high jump; and the mile relay team.

However, Cornell and Carr may not be at full strength for the meet. Both are recovering from recent injuries.

Other Saluki entries include Alan Ackman, Mt. Vernon, Ind., in the mile and 880; Joe Beachell, Princeton, N.J., in the javelin; Ross Franklin, Columbus, Ind., in the broad jump and triple jump; and Bob Ingstad, Valley City, N. Dak., in the broad jump, shot put, discus and javelin.

Also Joe Janezic, Oak Park, Ill., in the high jump; Bill Leydig, San Francisco, Calif., in the two-mile; John Trowbridge, Alton, Ill., in the mile and two-mile; Herb Walker, Springfield, Ill., in the low and high hurdles; and Robin Coventry, Melbourne, Australia, in the sprints.

ALAN ACKMAN

Schedule for Softball Games To Be Reduced This Weekend

This weekend's schedule of intramural softball games will be shortened considerably to avoid conflicting with the Intramural Track and Field Meet Saturday.

A round of games using the 16-inch softball is scheduled for today. All games on today's schedule will begin at 4 p.m.

Mecca Dorm will play the 710's on Field 1, the Rat Hole will play Chemistry on Field 2, Glover's Violation will play CUD 69 on Field 3, and the

Disciples will play the Redicals on Field 4.

Eight games are lined up for Sunday afternoon action. All eight games will be with the regulation softball.

SIU Freshman Baseball Team Gives Paducah 7-0 Drubbing

SIU's freshman baseballers defeated Paducah Junior College 7-0 behind the three-hit pitching of Don Kirkland in the first game of a doubleheader Thursday at Carbondale.

Kirkland put 14 men down on strikes in the seven-inning game. The hard-throwing pitcher has struck out 32 batters in two games this season.

The Salukis scored lone runs in the first and third before exploding for five runs in the fourth inning. Two consecutive walks, and singles by Jim Nelson, Larry Underwood and Bill Homan sparked the Southern rally.

Nelson and Underwood supplied most of the offensive punch in the Salukis' nine-hit attack. They each got two hits, scored once, and drove in two runs.

The victory gave the Southern yearlings a 3-0 record for the season. Their other two victories also came at Paducah's expense earlier this season.

GENE VINCENT ON THE MOUND

Baseball Salukis to Look for Ninth Victory Against Southeast Missouri This Afternoon

SIU's baseball Salukis go after their ninth victory of the season and fifth in a row at home at 3 this afternoon when they meet Southeast Missouri State College.

The Salukis will take an 8-1 record into the contest while the Indians come in with a 5-1 record after suffering their first defeat of the season Wednesday.

Coach Joe Uhl's team lost a 3-2 heartbreaker to Martin (Tenn.) College after leading 2-0 for six innings. The Indians' Ray Bahr had a no-hitter going until the seventh when Martin picked up all its runs.

SIU and Southeast have met two common opponents as both teams have defeated Evansville College and Arkansas State. The Salukis blasted Evansville 19-4 and Arkansas State 12-5 while the Indians stopped the Aces 7-1 and edged Arkansas State 8-7.

This afternoon's contest will pit a pair of righthanders against each other. Coach Glenn (Abe) Martin will call on hard-throwing Gene Vincent while Uhl will go with big sophomore Kermit Meystedt.

Vincent is 3-1 on the year with a 3.99 earned-run average. The junior from Rockport, Ind., should be well rested as he last worked a week ago Saturday hurling a six-hitter against the University of Cincinnati.

Kermit also has impressive credentials with a 2-0 record and a 3.75 earned-run average.

The Saluki lineup will be the same as usual with Paul Pavesich of Villa Park playing first base and Vincent on the mound.

Air Society Pledges Will Help Hospital

The spring quarter pledge class of the Arnold Air Society of the APROTC at SIU will help Anna State Hospital conduct its annual open house Saturday.

It will work from 11 a.m. until 5 p.m. with the Security Office, helping them handle the large amount of traffic expected for the event.

Gib Snyder will be at second, Bob Bernstein at third, Dennis Walter at short, Kent Collins in left, John Siebel in center and Al Peludat in right. Bill Merrill is expected to open behind the plate.

Meanwhile the Indians are expected to start a predominantly underclassman team with two freshmen, two sophomores, a junior and four seniors in their opening lineup.
