This Article is brought to you for free and open access by the Daily Egyptian 1943 at OpenSIUC. It has been accepted for inclusion in March 1943 by an authorized administrator of OpenSIUC. For more information, please contact [opensiuc@lib.siu.edu](mailto:opensiuc@lib.siu.edu).

63RD I. E. A. ASSEMBLY TOMORROW

Bohrod Leaves For South Pacific

Aeron Bohrod, popular artist-residence, left last week for the west coast from which he will be sent to active battalions in the South Pacific to paint the war as he sees it. Mr. Bohrod is one of a half dozen artists being sent by the U. S. government as foreign correspondents. His status will be the same as a journalist, except that his reporting will be done with the brush instead of a portable typewriter.

In a farewell interview Mr. Bohrod stated that he had enjoyed very much the opportunity of living in our community and painting the wealth of available material. He said that undoubtedly there had been a development in the culture and quality of his work during the past few months ago. He was very pleased with the sympathetic attitude of Southern students and Carbondale towns people toward him. To his surprise he found that the work of the artist is not given as much respect as it should be. He wished to take this column to thank every one of them for their courtesy and friendship during his stay here. Scraph lines Mr. Bohrod has given attention that he values the work which he has done here highly. It has already been arranged to have a one-man show of his recent works at the Little Gallery in New York this fall.

To Serve For Six Months

Tentative plans are set up which will keep Mr. Bohrod in active service for at least six months. According to the present plan he will be sent immediately to the base at New Caledonia, from which he will be sent to various fronts in the South Pacific for various assignments. He will be given a permanent place on canvas after returning to the base. This plan is necessary since it would be impossible to paint under front line conditions. As it is understood the artist will be given a small camera to pick up details of scenes which they plan to incorporate into their pictures. The works will be done in water color and oil.

To Have New Artist-Residence

It is entirely possible that after his six months contract has expired, it may be renewed for more active work on other fronts. With the help of the Board, it has been necessary to make preparations for the location of a new artist-residence. For several months Jerome H. Shryock has been corresponding with several nationally known artists who were possibilities for the position. Among those considered were: Ernest Pless of the Associated American Artists; Georges Schryver of New York; William Cropper; Frances Chapin of the Art Institute in Chicago; and Talney Bennett, also of Chicago. Almost without exception the artists stated that although it was impossible to accept the position at the present time for reasons varying from operations to draft status, they insisted that they be asked again when there was another opening. The artist whom the Art Department has finally obtained is the well known Raymond Britain of Chicago. Several of his pictures have been here at Little Gallery exhibits.

It is hoped that the student body as well as the community will join in welcoming Mr. Britain to our community.

Member of Army Air Corps Contingent Writes of His Impressions of Southern

By A.C.C. Leon Zapolefsky  
Hut! Two! Three!  
Hut! Two! Three! Four!

As the cadet count rings out clearly over the dirt field on the campus, S. I. N. U. looks to the presence of the marching feet of the United States Army Air Corps.

The first contingent of Aviation Cadet candidates has now spent several days amid the ample quarters arranged for the men through the friendly cooperation of Southern Illinois Normal University. The high morale which prevails in the U. S. A. C. has consequently been matched by the fine spirit shown by the university and towns people.

Student Christian Group To Launch Seminar Series

The Student Christian Foundation announces the launching of its program featuring two Seminar Discussion groups on Tuesday and Wednesday and Open House on Thursday nights. In order to meet the need for a better understanding among different religious faiths and in order to better understand the contribution of various religious groups to the American culture, an I. E. A. O. S. G. R. O. U. P. for the study of our religious heritage is being organized and will meet on Wednesday, March 24th at 4 p. m. on the basis of an interesting film seminar, followed after various Oxford study groups will be a selected group of interested and representative S. I. N. U. students. Each religious faith on the campus will be represented by two students.

Open House Meeting

To give opportunity for frank and free discussion of religious problems a Seminar on Moral and Religious Values, will meet on Tuesday nights at 7:30 p. m. in the evening classes. This is a popular group for the study and discussion of religious faiths and its implications for personal and social living, and is open to any student of S. I. N. U. Open House means just that. All students are cordially invited by Director and Mrs. McCaw and the Student Christian Council to come at any time between 7:30 and 10:00 p. m. and participate in the fellowship of the evening. Students will write their own bill, whether it be recreation, bill, questioning, reading, or just visiting. Students are also invited to make use of a growing library of pamphlets and books on subjects relating to religion, social action, and post-war problems. The Student Christian Foundation is located just behind Anthony Hall at 215 Harvard Avenue. Students are welcome at all times. The Director will be in his office at the Foundation in consultation from 10 a. m. until noon Monday through Friday and other times by appointment.

calibre of the Aviation Cadet contingent is confirmed by the U. S. A. C. which selected them after rigid examinations. Under the able direction of experienced Air Corps officers and non-commissioned officers, they are here to prepare themselves for their appointed tasks as guardians of the sky. The air crew training detachment has its own student officers, appointed by the regular commission officers serving under Lt. T. McClam, commander of this post. The student officers are A. J. C. Captain Tannenbaum, H. C. J. Squadron 1, quartered in Anthony Hall, and A. C. Captain Merello. R. for Squadron 2, stationed at University Courts. A complete roster of cadet officers serves in lesser capacities, under the leadership of the students' commanders.

Among our soldier students are former accountants, clerks, mechanics, bookkeepers, clerical workers, draftsmen, engineers, librarians, postoffice clerks, printers, messengers, shipping clerks, students, salesmen, statisticians, and toolmakers. There is a newspaper editor, a song "plunger", a scoutmaster, two fire

MILES, BUSINESS HEAD OF COLLEGE TO AID WAR DEPT.

Mr. Edward V. Miles, Business Manager of Southern Illinois Normal University, was recently invited by the U. S. War Department to serve on a national committee of college accounting authorities. The duty of the committee will be to formulate the policies and to carry out the accounting procedures for the vast new Army Training Program, which is being put in operation in colleges and universities throughout the country.

Mr. Miles' commission will call for his services on a part-time basis over a period of sixty days. Several years ago Mr. Miles published a book under the auspices of the American Council on Education on the topic, "Teachings College Accounting" which was for his national reception in that field.

ADDITIONAL HONORS AWARDED TO BOHRD

Aeron Bohrod, former prominent artist-in-residence at the Southern Illinois Normal University, has recently received two distinguished recognitions of American painting and sculpture. This is the second Bohrod painting in the Philadelphia Museum's permanent collection. "New Orleans Street," a lithographic work in the collection of the Metropolitan Museum of Art from the artist for Victory exhibition for its permanent print collection. This is the third of Aeron Bohrod's works in the Metropolitan Museum.

Teachers: The Art department extended a cordial invitation to you to see the latest Little Gallery art exhibit. The exhibit is being in the rooms end of the second floor of Old Main.

Tests For New Army, Navy Setup April 2

A qualifying test for the Navy College Training Program, V-12 and for the Army Specialized Program will be given in the Auditorium on Friday, April 2, from 9:00 to 11:00 a. m. If a man is selected for either of the programs, he will be assigned to a college in active duty in the Army or Navy and will be given pay and uniform and expected to follow a prescribed course of study in some cases leading to a college degree.

For the Navy Program the man must not have twelfth birthday by July 1, 1943. He must have a high school graduate by that date, but it is not necessary that he be attending college at the time of the test. It is required that he be a citizen of the United States, unmarried and agree to remain unmarried until he receives his commission. He must evidence potential officer qualifications, including appearance and scholarship records.

Marriage Of Figaro Captivates Large Student Audience

"The Marriage of Figaro," popular Mozart opera, was presented Monday night, March 15, in Shryock Auditorium by the Nine O'Clock Opera Company. The opera, last in this season's series of cooperative concerts, was one of the best attended and most appreciated. The entire opera was given with a cast consisting of merely seven singers. It was an excellent performance, one which held the constant attention of the large audience.

The entire performance was in English. Most of the omitted part was explained by the narrator, who, like the stage manager in Wilder's play, used an ingenious technique in directing his voice in English.

Most of the singers were young students from the Julliard Grand School. This school is famous for training out some of the best trained voices now singing serious music. The entire performance was done with a unobtrusive and safety which by the closing of the last curtain had permeated the enthusiastic audience. There was much applause and much good music in this one of the world's oldest operatic treasures.

Capt. Stewart Transferred

Captain Stewart, commanding officer of the preflight cadets at Southern, was transferred last week to Lubbock Field, Lubbock, Texas. First Lt. Robert E. McClam has been assigned as commanding officer since Captain Stewart's transfer. Lt. McClam served as adjutant of the Army Air Force at the detachment at the University of North Dakota until he was ordered to S. I. N. U.

Tests For New Army, Navy Setup April 2

A qualifying test for the Navy College Training Program, V-12 and for the Army Specialized Program will be given in the Auditorium on Friday, April 2, from 9:00 to 11:00 a. m. If a man is selected for either of the programs, he will be assigned to a college in active duty in the Army or Navy and will be given pay and uniform and expected to follow a prescribed course of study in some cases leading to a college degree.

For the Navy Program the man must not have twelfth birthday by July 1, 1943. He must have a high school graduate by that date, but it is not necessary that he be attending college at the time of the test. It is required that he be a citizen of the United States, unmarried and agree to remain unmarried until he receives his commission. He must evidence potential officer qualifications, including appearance and scholarship records.

Students trained for general duty under the Navy V-12 Program will receive four terms of college work. Courses for the initial two terms will be similar for both students. Additional elective work in mathematics, science, English, history, engineering, and drawing. At the conclusion of their college work students will take specialized Navy Training Program courses. Additional elective courses may be permitted in some cases.

For the Army Training Program men are eligible. If they are not reach their twelfth birthday by July 1, there is no restriction as to whether a man is married. Those who are sent to college under the Army Program will be required to first complete the basic college course in their field immediately following induction into the Army.

Success in the examination will not assure participation in the Army Specialized Training Program or assignment for Officer Candidate School, but it will constitute a part of the man's record and will receive consideration in connection with subsequent Army tests. Students under Army service will be called to attention of the school term which is current on their eighteenth birthday.

The purpose of the program for both Army and Navy is to provide officer candidates. Students now in the Army or Navy are not eligible to take the tests, but all other men students are advised to consider these opportunities very carefully.

STUDENT DELEGATION LOBBIES FOR U. S. I.

Last week a student delegation, composed of Tommy Williams, Les Fairbank, Morris Polan, Rosemary O'Neil, Nancy Freeman, Warren St. James, J. L. Wilson, and Mrs. J. L. Wilson, went to Springfield to secure support for the U. S. I. Bill. The delegation appeared before the Senate Education committee, which is conducting hearings on the bill. The bill must be recommended by the Senate committee before it can be presented on the floor for debate.

Tuesday another student delegation left for Springfield to appear before this same committee, which is conducting its hearings on the U. S. I. Bill.

There will be no school tomorrow. Regular classes will be resumed Monday, March 22.

Pulliam Addresses Belleville Rotary Club On U. S. I.

Mr. Roscoe Pulliam, president of Southern Illinois Normal University, addressed a meeting of the Belleville Rotary Club on Tuesday, March 2, where he explained the case for the proposed conversion of S. I. N. U. into the University of Southern Illinois. Mr. Pulliam pointed out that while Southern Illinois is economically undeveloped, its resources are abundant. He stated that it is rich in natural resources for fertility, with its vast oil and coal fields; its swamps, clay, lime, and water supply (Craw Orchard Lake). Through reforestation, the wooded areas could be made immensely valuable without reducing the amount of land available for agriculture.

Coal Fields Affected By Depression

In telling how the establishment of a state university in Southern Illinois would enrich the whole state, Mr. Pulliam went on to say that during the recent depression, the southern Illinois coal fields were one of the two most seriously afflicted parts of the whole United States, and that many millions of dollars were spent by the federal and state governments in relief work in the area during the past half century was certainly partly responsible for a large part of the loss of that million dollar worth of value during the past ten years. Lack of practical education and lack of vision on the part of our citizens is a moral catastrophe which has led to the decline of the coal industry," concluded Mr. Pulliam.

Public Schools Poor Here

Then contrasting rural England and Southern Illinois, Mr. Pulliam maintained that the comparative success of the New Englanders could be greatly attributed to the educational advantage which they had. He said that where there is a real "public" school, the people are poor, regardless of natural wealth. Southern Illinois can rehabilitate itself only through generous provision of education of the broadest type.

The possibilities of a post-war university for Southern Illinois, unhampered by the restrictions placed upon teachers at colleges, Mr. Pulliam stated: "A real University for Southern Illinois to give instruction, research, inspiration, and leadership to the area will in time produce dividends in social stability and public economic development. It will not only save the taxpayers money formerly spent on various kinds of relief, but it will make our area rich in material goods, and what is much more important, it will give our people a new education to a free people."

Two Former Students Complete Primary Course

Naval Aviation Cadets Edward Scherer and Harry Spear, both former students of Southern Illinois Normal University, have been transferred to the Naval Air Training Center at Corpus Christi, Texas, after successful completion of the primary flight training course at the Naval Air Station at Glenview, Illinois. After passing the advanced flight training course at Corpus Christi, Cadets Scherer and Spear will join their wings as Naval Aviators and be commissioned as Ensigns in the Naval Reserve or as Second Lieutenants in the Marine Corps Reserve.

SPRING ENROLLMENT EXCEEDS 9 HUNDRED

350 students registered for the 1943 Spring Term at S. I. N. U. Friday, March 15, in the Wheeler Library. Since last term 300, mostly males, have withdrawn. Last spring term the enrollment reached 1105; two years ago 1355 registered. This discloses a critical 56% decrease. However, in consideration of employment opportunities and the toll taken by the various branches of the service, S. I. N. U. has held its own. However, the transfusion received by the college in securing the Army Air Corps Training Program will noticeably alleviate the situation. 125 Air Cadets enrolled March 15; the college is assured of an increase to 250. Some rumors, as yet unverified, indicate that the enrollment of cadets will number 500 in the near future.

War Council To Be Organized Next Tuesday

Next Tuesday, 2nd hour, in the Little Theatre, the Student Council will hold the first of a series of meetings for the purpose of which is to get students interested in and participating in war work. At this meeting the main purpose is to elect the executive committee and each committee under its name. This is to be done by nomination and decisions from the students. This council, made entirely of students, is organizing to take part in the vital war needs in Carbondale. Some of the activities which will be undertaken are: the formation of Red Cross work, salvage camps, recreation for the soldiers on the campus, the selling of stamps and bonds and many others.

It is requested that each branch of the church, have at least one representative present at this important meeting. It is your patriotic duty to attend!

It is to be understood that all previous war duties on the part of students will be considered as being carried over into this new council and taken care of entirely by the student body. Such work as Red Cross and the sale of stamps and bonds will now go into this organization.

These War Council and General Chieftains attended the weekend College Victory Assembly held on the campus of Northwestern University, for the purpose of sharing ideas with student leaders on campus throughout the country on the question of effective ways of organizing students for action on the home front.

Program Following is the program for the meeting:

- Friday Morning 9:15 - Call to order - Elbert Pullerenson, president. Invocation - Rev. Mr. John W. McCaw, Director Christian Church, Carbondale. Announcements. Reports. 9:30 - Public Relation Committee - J. H. Hammeck. 9:45 - Legislative Committee - N. H. Caruthers. 9:50 - Finance Committee - Russell Romaine. 10:00 - Music - MacWhorter. 10:15 - Address - Dr. William McCaw, Director.

Program Will Feature Many Speakers

The sixty-third annual meeting of the Southern Division of the Illinois Education Association will be held Friday, March 19, in Shryock Auditorium on the campus of university. Elementary and high Southern Illinois Normal University teachers from the entire southern third of the state will be in attendance.

Three very prominent speakers have been secured for the occasion. Dr. William McCaw, former professor of political science at Northwestern University and now a Lieutenant Commander in the Joint Intelligence Service; Dr. Shriharan, Fellow of Gandhi, noted author and lecturer, and Mr. Lester Grimm, director of Research for the I. E. A.

Dr. McCaw, who will address the meeting at 11:30 a. m. Friday morning, will speak on some of the most interesting of the present world problems, drawing on his rich background of experiences for material. At sixteen Dr. McCaw entered a monastery in Kyoto, Japan, and became a Buddhist priest. He attended Oxford University, working his way through by teaching Chinese at the University of London. He explored the Himalayas of India, remains in Peru, and penetrated the Forbidden City of Lhasa in Tibet. Recently he has spent some time on a book on Japanese grammar, and speaks twelve languages.

Dr. Shriharan, who will address the afternoon session at 2:30, has, for years, been a devoted follower of Gandhi and is perhaps the best informed person on the campus, the selling of stamps and bonds and many others.

It is requested that each branch of the church, have at least one representative present at this important meeting. It is your patriotic duty to attend!

It is to be understood that all previous war duties on the part of students will be considered as being carried over into this new council and taken care of entirely by the student body. Such work as Red Cross and the sale of stamps and bonds will now go into this organization.

These War Council and General Chieftains attended the weekend College Victory Assembly held on the campus of Northwestern University, for the purpose of sharing ideas with student leaders on campus throughout the country on the question of effective ways of organizing students for action on the home front.

WAR PLANT JOBS TAME "BLOODY HERRIN", ILL.

REPRINTED FROM WASHINGTON POST, MARCH 7, 1943:

"Bloody Herring" is bloody no longer. Its wild spirits have been tamed now that its energies are finding an outlet in war production at the Sherwin-Williams Co. Corporation...

and many of the workers is still too low. But the plant management watches the health situation with unusual care and deals out vitamins and iron pills.

of what they call their "night cars." Before the plant opened, the management worried about transportation among a population that had lived so long on self-sufficiency...

NEED FOR A U. S. O. CENTER

Dear Editor: Carbonade needs a U. S. O. center. Carbonade has always needed an intelligently manned center to provide for the recreation of its young people...

ALL OUT FOR THE U.S.L.

To the Editor: Our U. S. L. bill is not yet passed. It is not even over to pass. We can all give our support now when it is needed...

MUCH ADO ABOUT NOTHING

This department has been exceptionally amused at the irate expostulations of certain Southern Illinois publications over the current Washington, D. C. Post article by Mrs. Agnes E. Meyer entitled, "War Plant Jobs Tame Bloody Herring."

any other section of the United States can recall incidents in its past of an unsavory nature. That Southern Illinois is also active during the "roaring twenties" is duly recognized and is nothing to be particularly alarmed about.

BY WAY OF EXPLANATION

The war has reached the Egyptian. This rather terse statement is the most logical explanation that can be given for the reduced size and content now evident in this week's Egyptian.

shown only at rare intervals since the limited Egyptian budget must be shorn of all waste in order to avoid the unpleasantness of bankruptcy.

THE CASE FOR U. S. I.

- I. The people of Southern Illinois do not have the educational opportunities available to other citizens of the state.
II. Many young people in Southern Illinois do not especially want to teach, but cannot afford to go elsewhere for advanced training in their special fields.

VI. The people of Southern Illinois need and deserve a center for preserving and developing the cultural life of the region.
VII. Southern Illinois Normal University can no longer honestly function as a school for teacher training only.

BOOKS IN REVIEW

U-boat pack, makes a tense and vivid story that is hard to forget. This novel gets right to the heart of the U-boat menace. It has all the thrills of the most gripping pulp, and all the courage of these modern sailors, who defy the submarine as their adversaries fought the sea.

STUDENT COUNCIL MINUTES

March 1, 1943
The meeting of the Student Council was called to order by the president, James Clinton. Those present were: James Clinton, James Wilson, Graham...

# SPORT in the News

## SINU GYM TEAM WINS THREE CORNERED BLOOMINGTON MEET

By LOUIE MACCHI  
Living up to all expectations, the SINU Gym squad capped top honors in a triangular meet with the University of Indiana and the University of Minnesota at Bloomington, Indiana February 27, 1943. Southern's 20 points were good enough to take first place, University of Minnesota took second place with 14 points, and Indiana was third with 11 points.

The all-around crown was won by Milton "Curley" Blackwell, Maroon ex of Coach DiGiovanna's squad. Duke Dunn took second in the all-around scoring. These two boys have been giving outstanding performances throughout their four years of varsity competition. They have competed against such teams as New Lisbon of Minnesota, the Phi brothers of Illinois and many other top notch gymnasts of the mid-west. Much of the credit should go to Coach Joe DiGiovanna, whose untiring efforts in the coaching of these boys has developed them into major threats in any gymnastic competition. Blackwell and Dunn have been consistent winners throughout their varsity performances.

## TEN MAROONS RECEIVE LETTERS IN BASKETBALL

Coach Abe Martin, who filled out the remainder of the season as basketball mentor due to the sudden death of Drigdale-General William McAndrew, announced the winners of honor letters and sweaters for the basketball season which recently closed.

## MAROON GYMNASTS MONOPOLIZE OZARK A. A. U. GYM MEET

On Friday, March 12, 1943, the SINU gymnasts journeyed to St. Louis, Mo., to compete in the Ozark A. A. U. Gymnastic Meet, held at the North Side Y.M.C.A. Thirty members of the squad made the trip. The meet was a highly competitive one and Southern came well prepared of the squad's triumph. There were two divisions in which the athletes could compete. Dunn and Blackwell by virtue of their experience competed in the upper division. Rose and Clark participated in the middle division, and the other members competed in the lower division. The meet was a unique one in that only the first place winners were announced. Announcements of second and third place winners will be made at a later date. Despite this fact the boys feel certain that they came home with their share of the second and third as well as the first won by them.

## Substantiating my claim of being major threats in any gym sport, Dunn and Blackwell sealed off with two medals apiece for their stellar performances.

Credit should also go to the entire squad for its consistent championship performances which has shown all season. Others making the trip were: Kirton, Fuller, Pete Mahan, Lewny Harty, Iko Bakst, Lorenzo Clark, Paul Loeschner, Wayne Childers, and Jerry Gates.

## "ON THE BALL"

By A.C.C. Edmond R. Goldstein  
Ed. Note: The reading public of Carbondale will find each week in this column the record of sports achievements of the 69th College Training Detachment. From time to time will also appear personalized sketches of outstanding athletes in the detachment and their achievements in civilian life.

Probably the most prominent of former athletes in the detachment is A.C.C. George Stahler, who finds himself right at home with machine in his hand, a corky behind him and a cheering crowd around him. George, who has played against the country's most prominent professional rollers—Lawson Little, Clayton Huffer, Craig Wood, Joe Turner, but who is an amateur himself, boasts of being the only one to win the coveted National High School Championship twice, in 1939 and 1940. He also won the New York City High School championship in 1939, and in that competition defeated A.C. Al Pyran, also in the detachment, who in his own right is a colossus of an man ability. After emerging victorious in 1939, George went on to win the same title in the next two years.

## BOXING AND WRESTLING FINALS HELD

By LOUIE MACCHI  
Excitement ran at a fever pitch along both ball-courts Monday night of March 1, when the finale of SINU's annual Boxing-Wrestling extravaganza drew to a close.

Probably in the boxing sports did the crowd show the most spirit and enthusiasm. The thud of leather against flesh peaked the huge crowd which witnessed the stings. Only one 120 lb. was registered in the boxing bouts, that being in the 125 lb. class when Dan Cox forged Jigho, Lighto, to quit after one minute and fifteen seconds had expired of the third round. It was a series of rights that had Ligon groggy. It was Cox's fight all the way when Red-ree DiGiovanna stopped the host-ree Bremer Outright Brewer.

## SINU Gym Squad Takes First in Midwestern Tournery, Chicago Second

Competing in the College Division of the Mid-Western Gymnastic Meet March 6, 1943, the SINU Gym squad proved its capabilities by winning the team championship. University of Chicago placed second with the University of Minnesota taking third. The meet was held at the University of Minnesota.

## HOUSE OF 806 GOPS GIRLS BASKETBALL CHAMPIONSHIP

By CLARA PIXLEY  
The trophy for the girls' House of 806 Tournaments in Basketball is now being proudly held in reception room of the house at 805 South 10th, which is now housing the girls of 806 N. Normal. House of 806 is inscribed on the trophy as this year's winners, under the management of Coach Joe DiGiovanna, the team who won it last year.

## The Game

At the half and the third quarter, the score was tied. During the last quarter, the House of 806 team forced ahead several points and the tension among the team's ardent supporters was slackened. The House of 806 team was able to hold their lead during the 8 seconds of play remaining and won the game, 27-26.

## AIR CADETS P. E. PROGRAM NOW READY

By BOB EATON  
By next Monday, except for a few cadets, the Army Air Corps Conditioning Program here at Southern under the able instruction of Coach Joe DiGiovanna will realize maximum "flytime."

## Organized in Flights

The group of 125 Cadets have been organized into what are known as "flights" known more familiarly as squads. There are six of these "flights," namely, the Airobars, Lightnings, Marauders, Mustangs, Thunderbolts, and Tom-shawks. The squads or "flights" meet three days a week, two hours a day under the able instruction of (or) supervision of Coach DiGiovanna and his staff of Football Coach "Abe" Martin, Bill Freeman, Lawrence Califfetti, Huble Dunn, Ed Moody, Kiford Little, and the Training Officer. There are students outstanding in the P. E. Department.

## ALL OVER THE WORLD America's 900,000 aviation workers

combine their skill and experience to satisfy today's demand for vital war necessities. Thanks to our airplane makers, ground crews and pilots like Capt. Haakon Gulbreksen (shown here), of Pan American Airways, needed supplies are flown to our fighting men all over the world.

**ALL OVER THE WORLD**  
Satisfy with their **MILDER BETTER TASTE**

Action shots, news pictures and on-the-spot reports show that cigarettes are mighty important to the men in the Service.

That's why billions of **MILDER, BETTER-TASTING** Chesterfields are being shipped by train and truck and ship and plane to every corner of the globe.

Their right combination of the world's best cigarette tobaccos gives smokers everything that makes **THE CIGARETTE THAT GIVES SMOKERS WHAT THEY WANT**

**BUY WAR BONDS WRITE LETTERS**

## Coar and Rice Retain Titles

On the grand and roan side of the program, two wrestlers, John Rice and Gene Carr, retained their titles in their respective divisions, both of them winning by a fall. The wrestling matches were somewhat inferior to last year's but probably because of the inexperience of the participants. On the other hand the boxing bouts were the best we have had in several years according to Joe DiGiovanna, head of the annual classic.

## The Army Air Corps Cadets

Southern's recent activities on the campus witnessed the finals of the events Results of the matches were:

**Wrestling**  
115-lb. class—P. Loeschner vs. Gene Wells—won by Loeschner by time advantage.  
135-lb. class—R. Suggs vs. Jim Sims—won by Suggs, half Nelson and body block, time 2:35.  
145-lb. class—Bob Shobak vs. W. Akki—Enkati pinned Akki with half-nelson and croch hold, time 1:08.  
165-lb. class—Gene Carr vs. John Larik—Carr pinned Larik in 1:30 with a half-nelson.  
175-lb. class—John Rice vs. S. Cook—won by Rice in 3:00 with half-nelson.  
Heavyweight—J. T. Moake vs. Nick Blomgren—won by Moake in 1:45 with half-nelson and inside croch.

## Boxing

125-lb. class—Waldo McElzama won over Vic Smith by decision.  
135-lb. class—Bob Shobak vs. Ralph Ligon by K.O., 7:15 of third round.  
145-lb. class—Bill Weiborn defeated Geo. Russell.  
155-lb. class—Robert Henrichs defeated Jack Mullins.  
175-lb. class—Joe Bremer won by decision over Ray Brewer.  
Heavyweight—L. Califfetti defeated Jig Mitchell.

## Inter-Class Tournery

In the inter-class tournament, the Junior College team, composed of freshman and sophomore girls, composed of junior and senior girls in the title and final contest, by a score of 48-23. This tournament was played before the tennis tournament, the final game being played Feb. 17. Every girl who was high-point played in this tournament, making 22 points in the final game.

## Faculty Publications

Mr. Marvin W. Welsh who was selected as faculty of Southern Illinois Normal University for several years as a member of the staff of the Division for Delinquency Prevention of the Illinois Department of Public Welfare, had an article published in the May 1942 issue of the Educational Administration and Supervision.

## The Title of the article is "Co-ordinating Education and Public Welfare for Delinquency Prevention."

It deals with the work of S. I. N. U.'s Bureau of Child Guidance and its cooperation with the Division for Delinquency Prevention.

## The first specialized training course for WAVE officers opened recently when 69 members of the naval women's reserve invaded the strictly masculine premises of the State House building to train as supply officers.

## Rechter Bros.

Rechter Bros. is advertising for the facility which the Cadets are taking to the workouts. Mr. DiGiovanna suggests that their apparent inclination is due to the fact that the majority of the boys are from New York State, where a compulsory four-year physical education program is in effect for some time in the past, the law is statewide and is enforced especially in the secondary schools of the state.

**Sigma Sigma Sigma**  
March 20, the Sigma Sigma Sorority will hold Open House at their new Chapter House at 810 South Normal. Everyone is cordially invited to attend, especially the Army Air Cadets. The sorority is raffling off a home-made, completed quilt on April 15. Chances are 10c a piece or three for 25c. Why not buy one. Who knows, Yours may be the lucky number.  
Two weeks ago the Sigma Sigma Sorority girls were honored by a visit from their National President, Miss Noble Lee Walton from Clearmont, Florida. She is also the president of the Pan-Hellenic Council. Miss Walton attended the Charleston-Southern basketball game and afterwards was entertained at the Chapter House with a buffet supper. Saturday and Sunday were spent in private and public group councils under the able guidance of Miss Walton. Sunday morning the Sigma Sigma Sorority in a body took Miss Walton to Church. Afterwards dinner was enjoyed by the girls and their president, and also their House Mother, at the Hub Dining Room. Some of the many lovely gifts Miss Walton received were from the Sigma Sigma Sorority, a book and candy from the active members of Sigma Sigma Sorority, and a corsage from the Delta Sigma Epsilon sorority.  
"Mr. and Mrs. Scott Gill are visiting in Carbondale with their parents. They plan to be in town for about a week."  
**Delta Sigma Epsilon**  
The week-end of March 13-15 Miss Grace Klump, Alpha Delta Sigma, and eleven girls made a trip to Eastern Illinois State Teachers' College at Charleston, Illinois, and installed and initiated a new chapter, Alpha Nu, to Delta Sigma Epsilon. The girls who made this trip were Margaret Keene, Anne Placko, Jeanne Harris, Betty Erickson, Betty Sittley, Alice Doley, Mary Ann Peck, Eleanor Dornall, Marjorie Katz, Pat McSherry, and Sue Garrison. A banquet was held Saturday evening in honor of the new chapter and a tea was given on Sunday afternoon in honor of the visiting Carbondale guests. It was a first but happy and satisfied group of girls that returned to the chapter house on Sunday evening.  
Within the last month the Delta Sigma has lost three prominent members—Caroline "Pop" Joe Lipke and Grace Klump. Margaret Keene has assumed the duties of president since Caroline has left the chapter.

**NOTICE!**  
An appeal is being made to all college young people who are not identified with either Sunday evening religious groups to attend the Fellowship meetings which will begin this Sunday at 8:15 p. m. in the Little Theatre.  
The group will be interdenominational in make-up and the programs will be non-sectarian in emphasis. The plan originated with the college young people who have been meeting on Sunday evenings at the First Presbyterian and First United Methodist Churches. But it is not intended to identify the new program with these local churches or denominations. To it are invited as well, all students who are members of religious groups which are not represented by any church in Carbondale.  
The program is at present in charge of a Steering Committee made up of one person from each denomination represented in the interested groups. Programs dealing with life problems and religious issues of particular interest to college age people are being planned. The meetings will convene each Sunday evening at 8:15, and one month after the first will be concluded at 7:15. All interested persons are cordially invited.  
—Rev. J. A. Trewalt.

**PULLIAM SPEAKS ON NEED FOR U.S.I.**  
(Continued from page 1)

Mr. Pulliam also said, "Surely the great universities to the north can be trusted not to take the position of opposing the advancement of education in Illinois as a whole. I am sure that the many young people who cannot afford to leave Southern Illinois the opportunity of college training in their own state."  
"Illinois must eventually do something to catch up with the rest of the states in its expenditures for higher education," stated President Pulliam. "It is certainly worthy enough to provide equality of opportunity for all the citizens of this state with only a fraction of its wealth and population have provided at least two state universities to meet the divergent needs of their citizens."

Thursday evening spring rush was held at the chapter house.  
**Anthony Hall**  
The girls who once inhabited Anthony Hall are thanking their luck at Mrs. Heller. Not actually, you understand; they're not face to face with him—yet. However, they have made a delicate contribution to the war effort. They have donated their happy home and turned it over to the College Training Division of the Army Air Corps.  
And that isn't all—many of the "retrograde" waitresses were once "dormitory girls."  
Despite the fact that they are scattered to the four corners of Carbondale, the group still has its "post-togethers."  
With the kind permission of a Independent Spirit, the Spring Formal will be held in the Little Theatre or one of the gym. The probable date is either May 7th or 8th.

**Southern Salute**  
By LORRAINE DITZLER

The Southern men who have ever been among those who "fought the good fight" in campus affairs are fighting obstacles in service camps—Bill Reynolds and Fred Armstrong. Bill, editor of the Oshelsk until called to the Marines a few weeks ago, sends a brief note to the administration of the college and a dramatic plan for the Egyptian, which will soon be mailed to Pres. William H. Reynolds, Platoon 32, Rec. Depot, Mt. Morris Island, S. C.  
Armstrong sadly fears that he will be made an office boy at Fort Benjamin Harrison. Because the place is full of bookkeepers, his own deservings of the army follows. "The first thing that happens is four weeks of basic training. As a result of this we go to the hospital. This is a very concentrated course and like I say, rough on hell. After this comes a period of schooling about nine weeks. I don't know what they school you about if anything. My address is Pvt. Fred Armstrong, Co. B, 3rd Platoon, 6th Group, First Aircraft Training, Ft. Harrison, Indiana." "AST-ought, I forgot to tell you how I like the army. It's pretty nice so far. They made me stand when they put my hair off and a few other things. Also I haven't seen a woman in two weeks. I certainly miss the week ends at home. Friday nights I also think about how all the college kids used to go to the club to hang out. This place is drink good here. This slot we have here is awful!"

Two weeks later Freddy communicates that he is "undoubtedly the poorest but happiest soldier alive. Did I used to worry, well, never again. Worrying was a thing in which I indulged before I found there were lots of other people in the world, all with problems—whether it be sore feet, mortgages, or what have you. I have to write all my letters today because I will undoubtedly be on latrine duty or KP tomorrow. This is no fault of mine, but simply because the officers do not estimate clearly."

"Instead of having my feet at a 45 degree angle when at attention, mine are placed at a 50 degree angle—this is bad. Being such a poor soldier I am waddling along in a dress parade yesterday trying to keep in step when the platoon leader, some damned Southerner

whispered on HALT. I don't even hear and continue to walk until I am in front of the whole U. S. Army. This is terrible so I actually fight back to the place where I came from."  
This morning two Indianapolis papers had a picture of me (unrecognizable thank God) out in front of the whole damned bunch of soldiers. This is why I almost feel that I will be on latrine duty before long. It is terrible the way those southerners must up their words. I'm surprised that the rest of the platoon heard him...  
"This brings us to Indianapolis where I started last night. I went first with about four fellows and came in a cab (four) with four different ones. Anyhow I didn't like the first four fellows and did not know the last four so I guess that it was OK. All in all I had a pretty good time, but just wait until my first pay. If I have any money left after paying my student loan I am going to paint the whole community of Indianapolis a faint shade of pink and then I am going to have two M. P.'s to carry me home.  
"That is the way you get to feel in the army. Really that is the way everyone should feel. Then there would be at least fewer wars. If Hitler would have gotten drunk and slept it off...  
If Armstrong survived his latrine duty he did not tell the tale because he has not been heard from since...
