CARBONDALE, ILLINOIS, FRIDAY, APRIL 1, 1955

Number 41

Governor Proposes \$11 Million Budget, 'Far Short of Need'

Gov. Stratton recommended an appropriation of \$11,014,626 to cover operating expenses at SIU for the 1955-57 biennium in his budget message before the 69th General Assembly in Springfield Monday.

This is \$5,485,374 less than the amount of \$16,500,000 that was requested. It represented an increase of \$2,265,726 over the 1953-55 biennium appropriation.

"The recommendation would be very generous under normal circumstances, but unfortunately here at Southern we have no normal situation, and the amount will fall far short," Dr. George H. Hand, vice-president for Business Affairs,

and Dr. Charles D. Tenney, vice-president for Instruction, said yesterday.

"The annual appropriation per student at SIU for a 1955-57 biennium will be \$20.18 if the proposed budget amount is passed by the legislature. For 1953-55, it was \$19.09 per student; for 1951-53, it was \$13.05 per student.

"The original request of \$16,500,000 would have provided a \$1,375 annual appropriation for each SIU student.

"What the figure \$918 means," commented Dr. Hand, "is that the quality of the student's education is proportional to the money provided per student. The amount of money hasn't kept pace with the increased number of students."

In all, Gov. Stratton recommended a total of \$104,058,753 for operating expenses in institutions of higher education, an increase of \$12,853,649 over the 1953-55 biennium.

The University of Illinois, which has set its 1955-57 operating budget of \$91,700,000 off \$86,441,480. This is an increase of more than nine million dollars over the present appropriation.

The four teachers' colleges, Northern, Illinois Normal, Eastern and Western, were recommended for \$19,187,789, an increase of \$2,539,822.

The SIU Board of Trustees had also asked the legislature for a physical improvement budget of \$55,904,300 for the 1955-57 biennium. SIU was allotted \$6,675,000 on the governor's request. This was double the current appropriation.

"Of the physical improvement appropriation, Dr. Hand said, "It is a splendid improvement over the last biennium." The main difficulty of the proposed new budget will be in dormitories, site development and architect fees.

The University of Illinois received \$8,815,000 for building money, an amount comparable to its 1953-55 biennium appropriation, after an original request of \$23,000,000.

Teachers' colleges and their capital improvement allocations are: Northern, \$4,110,000; Illinois Normal, \$2,290,000; Eastern, \$1,595,000; and Western, \$450,000.

To the million-dollar of the increases for both operating expenses and capital improvements, much will come from general revenue money. Special funds will account for the difference.

Gov. Stratton has asked for a sales tax increase from two cents up to three cents, the increase being in effect for one year, starting July 1. This tax increase would yield 100 million dollars by July 1, 1956.

The Governor said "that not one penny of this new revenue is needed for, or will be spent for, any of the capital projects."

The appropriations bills introduced by Gov. Stratton to the legislature Monday will probably be voted on later this month, according to Dr. Tenney.

Dick McElfresh, (seated right), new president of the Journal-News Students Association, discusses his newly-acquired duties with fellow officers Kathy Hooker, secretary - treasurer, (seated left), Charles Boedicker, program chairman (standing left), and Retta Malsbury, social chairman.

Hospitality Weekend To Draw 200 Here

About 200 area high school seniors are expected to be on campus for SIU's annual Hospitality Weekend April 15-16. Invitations have been sent to all area high schools, with each entitled to send representatives in proportion to enrollment.

Registration will begin Friday afternoon, with a welcoming address at Shrock Auditorium immediately following. Friday night will bring a buffet supper, skits

from the Theta Xi Variety show and a student mixer.

A program will be recorded for radio broadcast during Saturday's breakfast hour. The remainder of the morning will be given to informal visits with advisers and various department faculty members.

Saturday visiting seniors will see an exhibition of the SIU Women's Synchronized swimming team and a play presented by the Speech Department. President Morris will then be host at an open house session at his home. A banquet and dance will follow.

Provisions will be made Sunday morning for the seniors to attend churches of their choice in Carbondale.

Tom Richardson heads the Hospitality Weekend steering committee. Other committees include: Housing and Registration, Louie Hauck and Ann Curtis; Hospitality, Varsity; Entertainment, Gary Livingston and Sheila Pflanz; Invitations, Katherine Fieckel and Gene Froly; Publicity, Bill Eidson and Sue Egan; Music, Jo Ella Madden and Julius Johnson; Department Visits, Fele and Willie; and Don Stahlerberg; Transportation, Jim McIntire and Frank Wissinger, with Inez Werner acting as secretary.

50 Students On Tour Of Memphis Plants

More than 50 SIU students are in Memphis, on a two-day field trip which began yesterday, during which they are touring business and industrial establishments.

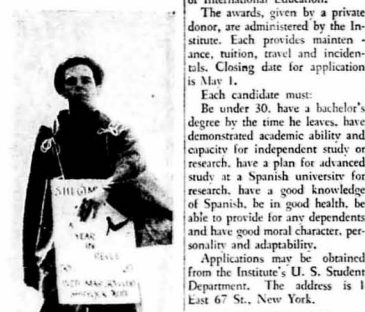

The Commerce Club is their sponsor. Members of the Industrial Education and Home Economics clubs also are participating. Scheduled are observational tours of the Ford Motor Co., General Electric's Memphis L a m p Works, the Firestone Tire and Rubber plant, The Sears Roebuck and Co., store and the International Harvester plant.

April Fool Theme Of BSU Banquet

An "April Fool" theme will set the scene for the semi-annual Baptist Student Union Spring Banquet at 7 p. m. tonight at Giant City Lodge.

Rev. Nelson Reagan of the Calvary Baptist Church, St. Louis, will speak, according to BSU Publicity Director Becky Ferris.

"Hi"

Earl Bergland says the way to get up in this world is to advertise the SIU Gymnastic show. He paraded through campus Tuesday with signs telling of "A Year In Review," the gymnastic production presented Wednesday in Shrock Auditorium.

'Backstagers' Chosen—Voss

A committee to handle "behind the scenes" action for "Mr. Doolley Jr." has been chosen, Director Lawrence Voss said Thursday.

Members are Don Wolfe, assistant director; Carole Poon, stage manager and lighting chairman; La Donna McMurray, costume chairman; Jean Egan, property chairman; Stephanie Kelsey, sound manager; Joe Embser, backstage production chairman, and Lina Murrish, makeup chairman.

Scenery, designed by Darwin Payne, is being constructed by a stagecraft class.

Washington U Dean Lectures At Woody

Dr. Lewis Hahn, philosopher and dean of the Graduate School at Washington University, St. Louis, lectured on "Jefferson and Revolution" in the Woody Hall lounge last night.

Hahn was the third lecturer in a current "Writers and Revolution" series, sponsored by the Committee for University Lectures.

Night, Saturday Classes Planned For Next Fall

For the first time in SIU history, entering students will be able to next fall to enroll for full class schedules entirely at night, according to Dr. Robert A. McGrath, registrar.

With additional class hours needed to solve the problem of additional enrollment without additional space — an increase of more than 1,000 students is expected in the fall — freshman and sophomore general education courses have been scheduled five nights a week.

The 38 night classes offered this term and those given in the past have been designed primarily for those teachers who need senior hour credit or graduate work. Only 10 night classes this term are below the 300 course level, and only the Education, Guidance and Industrial Education Department are more than five courses each.

3 SIU Speakers At St. Louis Speech Meet

Three SIU representatives will participate in the annual Central States Speech Association Conference in the Jefferson Hotel, St. Louis, today and tomorrow.

Dr. Paul Hunsinger, associate speech professor is program development chairman of the convention. He will speak at 2 p. m. today on "The Minister and Oral Interpretation" and participate in a "Reading Hour" at 4:30 p. m. and an "Interpretation" meeting at 10:45 a. m. tomorrow.

Dr. John J. Pruis, assistant professor at University School, will speak on "Motivating Debaters to Do Research" at 2 p. m. meeting on "Forensics" tomorrow.

Mrs. Dan Schneider, graduate student, will speak on "Problems and Techniques in Chamber Theatre" at an "Interpretation" meeting at 2 p. m. today.

Varsity Band In Pop Concert

The SIU Varsity Band, directed by Robert Resnick, gave its first pop concert at 4:30 p. m. yesterday in Shrock Auditorium.

On the program were Prokofiev's "Athletic Folk March," Grundman's "American Folk Rhapsody," "The Blue Tail Fly" and Siegmund's "Deep Sea Chorus." The SIU Flute Trio of Philip Eignemann, Phyllis Foster and Resnick performed "Allegro" by Kubluk and "Three Blind Mice" by Colby.

More afternoon concerts by the Varsity and Concert Bands are planned.

6 Music Students In Chamber Recital

Six SIU students presented a chamber music recital in Wade School last night.

Performers were Bill Wade, tuba; Donald Divers, born; Margie Baker, piano; Rebecca McGovern, flute; Ronald Mitchell, trumpet, and Philip Eignemann, trompet.

'Sidewalks' Next On Movie Hour

"Sidewalks of London" will be shown at the movie hour in the University School auditorium Monday night.

The picture, starring Charles Laughton, Vivian Leigh and Rex Harrison, portrays a ragged street hobo whose love lifted a streeturchin to the heights of stardom.

Mathematics Test At U School Today

New students and freshmen who have not taken the mathematics test, required of all students, should report to the University School Auditorium 10 a. m. today. Attendance will be checked.

Advisement For Fall, Summer To Begin

Advisement for summer and fall terms begins Monday, and registration will begin a week later, according to Dr. Robert A. McGrath, registrar. It is possible to register for both terms on one Registration will stop May 28.

GED Tests Given This Weekend

General Education Development tests will be given area residents from 8 a. m. to 5 p. m. today and from 8 a. m. to noon tomorrow in Room 113, Parkland Laboratory, Jackson Hill.

Dr. Jack Galah, SIU testing service director, will supervise.

TKE Spring Dance Tomorrow

The Tau Kappa Epsilon spring formal dance, for members and alumni, will be Saturday night at Giant City Lodge.

The banquet will start at 7:30 p. m. and the dance at 9. Walter Smith and his orchestra will play, according to dance chairman Renold Maroni.

'Red Velvet Goat' To Be April 22-23

"Red Velvet Goat," an All Negro-play, will be presented in the Southern Playhouse April 22-23, under the direction of Irene Jordan and Bob Alexander.

In the cast are Chester Brown as Leecham; Joe Gillette, Marianar; Archie Grimmer, Lorenz; Dorothy Coleman, Lola; Viola; Reynolds; Carmen; Audrey Walker; Josephina; Marian Hughes, Ester; Elvin Davis; Raula; Curtis Jenkins; Don Pepe; Eunice Farmer; Dona Berna; and Sandra Parker, the Mexican dancer.

Minnie Books is in charge of costumes.

SIU Chess Club Offers Lessons

The Chess Club will give chess lessons starting at 7 p. m. at the Student Union, according to Ralph Overurl, president.

The group meets for a business meeting twice a month, April 4, also in the Union.

The Club hopes to join the United States Chess Federation and engage in intercollegiate and inter-federation play.

Petition To Be Given Governor After Easter

The Circle K petition asking increased appropriations for SIU, which was to be given to Gov. Stratton next week, will not be taken to him until after Easter.

Stratton cancelled the appointment because of a business trip to Washington, he told Circle K representatives.

Widespread Racial, Religious, National Origin Discrimination Found In Job Placement Survey

More than half of Illinois colleges and universities have trouble finding jobs for some of their students for reasons of race, religion or national origin, a statewide survey of the Illinois Committee on Discriminations in Higher Education reveals.

Dr. William Tudor, director of the committee member.

Racial discrimination in job placement, the study indicated, is the greatest barrier toward job placement, with religious bias second and discrimination on the basis of national origin third. About 70 percent of the college placement officers reported receiving job offers with discriminatory strings attached.

In addition to specific discriminatory requests, the study showed a marked tendency of employers to ask information about race, religion or national origin to request photographs of job applicants.

Discriminatory requests for prospective employees come most frequently from the field of business, rather than from teaching, research or other fields, the survey showed.

Fewer than half the college placement officers refuse to handle job orders with discriminatory specifications, the study indicated. And several of the college officers themselves ask questions on their application forms, also, students reported.

The Illinois committee, representing colleges and universities throughout the state, is an outgrowth of the National Conference of Educators, which undertook a study of discrimination in the forms of American colleges and universities.

The SIU's survey was conducted as part of a seven-state survey now being completed by the Midwest Committee on Discriminations in Higher Education in collaboration with college placement officers and Higher Education. The questionnaire was developed by members of the Anti-Discrimination League of B'nai B'rith.

In charge of the state survey is Dr. Charles E. Howell, committee chairman and social professor at Northern Illinois State Teachers College. Committee members, besides Dr. Tudor, are Dr. J. Howell Atwood, Knox College; Ed. Edward J. Spurling, Roosevelt College; Dr. Raymond M. Cook, Chicago Teachers College; Sister Mary Ellen O'Hanlon, Benedictine College; Riley H. Pittman, Illinois Commission on Human Relations; A. Abbott Rosen, Anti-Discrimination League Director; Mrs. Stella L. Counselman and Samuel D. Fifeield, also of the Anti-Discrimination League.

The final survey, including complete results from Illinois and other states, will be made available to the public by the college placement officers and the Illinois job discrimination.

Earlier efforts by the Illinois Committee on Discriminations in Higher Education are highlighted by the formulation and adoption, in 1951, of a "Statement of Model Policies" setting standards against which institutions of higher learning could assess their actual practices in terms of any possible discrimination.

On the subject of student job placement practices, the "Model Policy" statement put the educators on record as urging "positive action" on the part of the placement service to remove discriminatory patterns where they are found to exist in the minds of the employers.

Besides job placement practices, the Model Policy covered admissions policies, rejected the "quota system," set an undercurrent method of admitting students, and included classroom procedures, recreation, athletics, student organizations, housing, boarding and health facilities.

Bunch, O'Brien To Be Guests On 'Saluki Hour'

Football Coach Bill O'Brien and National Rural Electrification Queen Bonnie Bunch will appear in the near future on "The Saluki Hour," according to Curt Hooker, who with Bob Alexander emcees the show.

Personalities who have appeared in the past include Curt Ray, Steve Stevens, Gil Dodds and Col. Alexander MacMillan.

"In the future, we'd like to air the show five days a week instead of one, depending on student reaction," said Hooker.

"We'd also like to encourage students to drop in at the radio studio at 4 p. m. Tuesdays and be on the show. We don't care whether they're representing a group of just dropping by for a friendly visit and a Coke."

"The Saluki Hour" is broadcast over WCIL 4:05 to 4:35 p. m. Wednesdays.

Debaters Head West—Maybe

Whether SIU debaters S. E. Alice Martin and Dorothy Beck will attend the national Pi Kappa Delta tournament at Redlands University, California, this weekend was decided by the Student Council last night, but too late for publication in this issue.

The Council voted on the issue of granting them \$325 travel expenses.

APU Asian Book Drive To Be April 5-6

Alpha Phi Omega, service fraternity, will sponsor a drive to collect textbooks for Asian students Wednesday and Thursday.

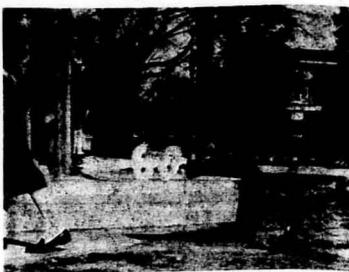

The nation-wide drive is backed by the Asia Foundation to furnish reference books on all subjects to alleviate the shortage of such books in Asia.

A collection booth near the front door of the Student Union will be open from 8 a. m. Wednesday to 6 p. m. Thursday.

"Looks like an interesting news item, Professor Smart—would you mind removing your shoe?"

Inadequate Appropriations

The following report, concerning state appropriations for SIU, was released this week by Dr. George H. Hand, vice president for business affairs and Dr. Charles D. Tenney, vice president of instruction. "Newspaper releases from Springfield" indicate a recommendation for Southern Illinois University's budget for the 1955-57 biennium of \$10,314,626 to which presumably be added \$700,000 in estimated income from tuition and fees.

In view of the many demands made on the State for additional funds to carry on necessary functions of the State government, it is more than likely that the State officials feel that they have treated us rather generously. In terms of dollars the increase may seem generous, but it actually represents a substantial loss to the University in terms of dollars per student. People not working on our own campus find it difficult to realize the impact of our rapidly increasing enrollment on the budget, since there is nothing comparable to this increase elsewhere in the state and, so far as we know, in the nation. Our Registrar's office and our Budgetary Council have repeatedly during the past two years underestimated enrollments. Their estimates of 5,500 and 6,500 for the 1955-57 biennium may prove to be equally conservative, because they have been reached by the same processes. Because of large past and expected enrollment increases, the amount allotted (regardless of generous intentions) will be disastrously inadequate to the needs of our students and staff.

Prof Holds Down 2 Jobs

Dr. Bridges Teaches, Active in Civil Defense

By Don Hecke
To say that a day in the life of Dr. Fred Bridges is a busy one is a vast understatement. He operates at a pace of one speech every four and one half days, and 16 teaching hours a week.

He is acting school representative for the Carbondale civil defense, and area organizer for the state civil defense. The state job includes the lower 31 counties in Illinois.

Although Dr. Bridges, Asst. Professor in Health Education, officially teaches only half time, he actually carries a full teaching load.

His civil defense job involves conferences with various area representatives, speeches before numerous groups and travels to most of the communities in Southern Illinois.

During the past three months Dr. Bridges has had the following engagements: 9 high school student assemblies, 6 Home Economics groups, 2 PTA meetings, 2 women's club gatherings and one Lions Club meeting.

"Actually," says Dr. Bridges, "I meet with various groups two or three nights weekly."
The best invitation he has ever had, says Dr. Bridges, was to attend the Atomic Energy tests which are now taking place in Nevada. Illinois was allotted very few representatives, but Dr. Bridges was invited by Gen. Robert M. Woodward, State Director of Civil Defense. The SIU budget did not make his trip possible.

He has been called upon by county and school superintendents concerning a program on "storm warning."
"All in all," says Dr. Bridges, "I have probably appeared before every type of group connected with civil defense."

Dr. Bridges has had the following engagements: 9 high school student assemblies, 6 Home Economics groups, 2 PTA meetings, 2 women's club gatherings and one Lions Club meeting.

PE Club Members Attend Chio Conclave

Eleven members of the Physical Education Professional Club are attending a conference in Columbus, Ohio. The meeting is sponsored by the Midwest District of American Association for Health, Physical Education and Recreation.

The SIU representatives are in charge of the "Meet the Leaders" session. A group will visit different schools and recreational centers in Columbus.

Dr. Lura Evans and Constantine Leonard, graduate assistants, accompanied Lorraine Bechtel, Lu Lou Bozarth, Jack Feirich, Pauline Loeffler, Jane Miller, Nancy Norling, Sharyn Russell, Pat Sperry, Janet Osburn and Jan Dale.

Arabic Film Shown At IRC Meeting

An Arabic film, "The Unknown Past," was shown at a regular meeting of the International Relations Club Wednesday. Sponsors were SIU Arab Students and the IRC.

Business Group To Meet At VTI

The Southern Illinois Business Association will hold the annual spring meeting at SIU's VTI classroom buildings on the Southern Acres campus tomorrow.

H. B. Bauerfeind, assistant dean for adult education in the SIU Division of Technical and Adult Education, will speak at a luncheon, following a tour of the VTI campus and a series of group problem clinics for business teachers in the morning.

1 DARK SUIT + 1 NEW ARROW SOFTONE SHIRT = 1 WELL-DRESSED COLLEGE MAN

With dark suitings the big camp preference, Arrow introduces its new Softone shirts with harmonizing ties—soft muted colors to blend naturally, easily, with darker fabrics. They give you the look of a man who wears his clothes well.

See your campus Arrow dealer for these fine colored shirts. You'll find a wide range of checks, stripes and solids. Best of all, Arrow Softones are priced right. You can own one (or several) and still have money left to eat on. They're but \$5.00 the shirt.

Dear Editor,
I was interested in seeing the article and pictures of the new library in the March 29 issue of The Egyptian. I regret, however, that the information on the opening of the library was incorrect. The University Architect informs me that it is not likely that we will be in the new building before December or January.

Sincerely,
Ralph E. McCoy,
Director of Libraries.

Dean of Women, Counselor Attend Chicago Conclave

Dr. Mildred Schroberger, Dean of Women, and Janet Bruckner, resident counselor of Woody Hall, will attend the convention of the National Association of Deans of Women being held at the Congress hotel, Chicago, today through Monday.

Dr. Schroberger will participate in a panel discussion on "Forethoughts in Building Women's Residence Halls."

Scot Scholar Compares US To His Homeland

By Ann Stewart
Robert Dresdale, 23, was born in Coubridge, Scotland, 12 miles from Glasgow. A student at SIU this year under the Fulbright Plan, he'll return home in June.

Of medium height and slender, he gives the impression of carrying around the weight of the cares of the world. Around his temples is prematurely grey hair, and he is very serious except when he smiles, a shy smile that is reflected in his eyes.

His father, in his early thirties, is an engineer in a foundry near a Carbridge. Robert is one of three sisters and three brothers—the largest family in his neighborhood. "Small families are the rule in Scotland," he informs you.

There are differences, he says, "between my people and the people here," but not as many as he had expected. He likes American friendliness—"No introductions are necessary here"—and the comparative casualness of our student-professor relationships—yet they're more formal in Scotland.

Women in Scotland are the same as here, he says. "Personally, I don't like women to have outside interests, but I realize circumstances make it imperative for some to work outside the home."

Robert attended high school the required five years, then Glasgow University, another five. There are no tests at Glasgow except a final examination at the end of three terms in each course, and the only grades are "pass" and "fail." If you fail a course, you may take it over.

No music, art, PE or English courses are required. English, however, is required throughout the five years of high school.

"There are no organized activities or organized houses at the university," says Robert. "Every student is on his own. No rules regulate students' time outside class. Sports are organized by student volunteers."

"What he'll miss most when he leaves is "the exceptionally fine laboratory in the new Life Science Building." And on the subject of science:

"SIU students can be very proud of your microbiology department," he declares. "Nothing else that I have seen compares with it."

'Showboat' Winner At Residence Halls Open House

Photo Series By Ken Davis

Following the Men's Residence Halls open house theme "Movies from Movieland," barracks two won the first prize plaque with its representation of "Showboat." Windows were like portholes, paddle wheels were affixed outside. Above are "Captain" Don Jordan, Sonnie Unger, "Deckhand" Ed Marshall and Nancy Williams.

Scenes from an Old Mississippi Melodrama, showing a dangerous shoot-em-up card game, were in session inside "Showboat." The band seems to be more wrapped up in the game than in their rendition of background music.

Donald Vanetti points out Marilee Appino and Norma McPeak. "Custard's Last Sand" and a scene from "Sitting Bull" to

Pictures, stop signs and polka dots make it difficult for Gary DeCourcy and Fred Wilson to find a place to put their plaque for "Best Double Room." John McAceter received first award for the individual room division.

"Hajji Babba's" personal guards take time off to watch the musical show presented on the MRH grounds. The program featured the "Salabettes" from Woody Hall, the "Kuppaleers" quintet and accordionist Lois Harris.

Joyce Williamson, left, observes "Bartender" Jerry Duane pouring another king-sized snort for Sam Duane's "Gid Friend" who is Shannon Stewart. To the right, in the "Last Chance Saloon" from "High Noon," are Maleta White and Ruth Garner.

Margaret Wilson New Pi Lambda Theta Prax

Pi Lambda Theta held an installation meeting March 24. New officers are Margaret Wilson, president; Barbara Smith, vice-president; Vernell Williams, corresponding secretary; Sue Thomas, treasurer; and Verma Kraske, recording secretary.

Hallie Hoffarth is retiring president.

Delta Sig's Select Miss Southern Candidate

Christine Minckler is Delta Sigma Epsilon sorority candidate for Miss Southern. Jody Bowen and Sally Morrow are co-chairman for the Vaudeville act and Sue Richmond for the booth on the Midway.

2 SIU Men To Survey For Indian Relics

Ivin Peithman, staff member of Southern's museum, and E. L. Heaton, senior, have been working on a preliminary survey of archaeological sites along the Big Muddy river northwest of Benton.

The purpose of such a survey is to locate Indian villages, camp and mound sites. Persons having information of such Indian habitation sites in that region should contact the SIU museum, according to Peithman.

'Baby Frogs' Aid In Research

Tissue culture involving tadpoles is a recent innovation in the zoology department.

Dr. Charles L. Foote, assisted by Dr. Florence Foote, George House, Gwendolyn Oulrich and Lucy Sharp, is artificially growing cells from the gonad of tadpoles in hope of throwing some light on factors determining sex.

The experiment is to vary treatment of tissue by changing hormones, vitamins and other chemical elements to see the effect on the tissue.

Studies were made as early as 1915 on warm-blooded animals, but very little has been done on amphibians, Foote says. He has been working for the past eight years with hamsters.

This work will continue, Foote says, but he believes some interesting results can also be obtained

Art Instructor To Lecture In Colorado

Robert Wiggs, Assistant Art Instructor, will be visiting lectures at the University of Colorado at Boulder, Colo., this summer, where he will teach one lecture course in Art Education and also an Art Education Workshop Course called Foods and Materials.

His wife Betty, who works in the Alumni Office, will accompany her husband to Colorado.

ISNU Out To Repeat As IIAC Diamond Kings

Defending champion Illinois Normal faces strong competition as its bids for a repeat as IIAC baseball king.

Four teams, — Eastern Illinois, Southern, Michigan Normal and Northern — loom as potential barriers to Redbird hopes. While Normal's Coach Harold Frye has 11 monogram winners returning, he faces a depleted mound corps.

Southern Illinois University already has fared well in seven early titles with Dixie aggregation. Northern and Normal soon will be making their own swings into the south. For the other IIAC teams, however, it will be a case of braving bad weather, working indoors, and hoping for the best.

Coach Clifton White, whose Eastern panthers tied for second last year, has 11 vets back, five of whom are infielders. Heading the eastern pitching staff are Jack Kenny and Ken Ludwig, who combined for 10 wins last season. Central Michigan, under Coach Bill Theunissen's guidance, also may field a good hill crew. Twenty-three prospects are working indoors.

Northern's entire outfield greeted Coach Ralph McKinzie, and the Huskie mentor also has four lettermen for pitching assignments. At Western, the weather and spring football practice have cutback Coach W. C. Garner's work. Garner is hoping for a strong outfield, and has at least one good pitcher in Frank Hutt.

29 Candidates Out For Spring Grid Practice

Nine lettermen headed the 29 candidates for Spring football practice this week.

O'Brien has been working with the backs, running basic plays and a few pass patterns, with Coach Bob Franz working the linemen on the charging sled and in man-to-man blocking drills. The first scrimmage sessions are scheduled for next week.

The drills will continue for four weeks and probably will be concluded with an intra-squad game.

Lettermen reporting for the first practice were: backs Hank Warrfield, Dave Wheeler, Arnie Isola, Roy McClanahan, Ed Johnson and Jerry Hart; and linemen Homer Malone, Larry Parrish and Carl Teets.

"B" squad players reporting for a shot at vacancies with the varsity are Bill Beck, Larry Cooksey, Ron Davis, Merlin Hodge, Bob Potter, Pete Dunn, Del Galloway, Dominic Anzolino and Jim McCann.

WAA News

The WAA volleyball tournament will start Monday. The house tournament will be at 4 p. m. Monday and Wednesday, with a traveling trophy to be given to the winner, which was Woody Hall last year. The class tournament will be at 4 p. m. Tuesday and Thursday.

National volleyball exams will be given April 16.

The SIU chapter of Pi Lambda Theta, national honorary organization for women in physical education, installed its officers March 24. They are: Margaret Wilson, president; Barbara Smith, vice president; Verma Keasle, recording secretary; Varnell Williams, corresponding secretary and Sue Thomas, treasurer.

"I" Club Has Initiation Of New Members

The "I" Club held a formal initiation of new members last night in the men's gym.

Even if your conversation is flat, many people like to have it flatter.

Frustrated golfers looked on while youngsters were swimming on the nine-hole golf course at Tisdale, Sask., in Canada. Summer floods almost completely covered the course.

Gregory and Ed Goeggeff, Hurdles Wally Keller and Ron Slack have experience and should be helped by newcomer Chester Pruitt-Loveridge, Dan Hurd, Gerald

8 Lettermen Report For Normal Track

Only eight lettermen are working with the squad of 30 track candidates from which Coach Joe Cogdal must build a varsity lineup by April 16 when the Illinois State Normal Redbirds will be host to the Huskies of Northern Illinois State Teachers College.

Capt. Dale Finnell heads the list of returning veterans. He is a 500 specialist. Other "N" winners back for more action are Fred Marberry, Herman Shaw, John Swalec, Bill Benner, Wally Delhotal, Don Nichols and Merle Anderson.

Shaw placed second in the javelin throw in the IIAC meet last spring while Anderson was second in the broad jump. Nichols tied for third in the high jump and Swalec placed fourth in the javelin throw.

A number of distance men from Cogdal's cross country squad should help Benner and Finnell in the distance events. They include Jim Bryant, Joe Wannert, and John Snyder.

An Buesking, basketball lettermen, plans to try the 440 while Mitzie Barr is working with the broad jump, and Doug Robinson is a dish candidate.

The pole vault situation has a number of aspirants attempting to fill the vacant posts. They are Bob

Neutah Gundling, national AAU senior solo synchronized swimming champion, will appear at the AAU open swimming and diving championships at SIU April 9.

Gymnasts Give "Year In Revue" Wednesday Eve

A variety of acts and sketches highlighted the gymnastics team show, "A Year in Revue," Wednesday night in Shroyock auditorium.

Bill Lowe and Gary McCarty portrayed two guys at a seashore in one act, while Jerry Oentle, Coach George Kramer and Julius Johnson performed on the rings.

"Bamboo," a Hawaiian dance was another of the special acts in the presentation.

Oentle and Jack Kohler did balancing act on chairs and cork bottles.

Featured on the trampoline were Bill Manhart, Ted Tanso and Dick Fitzgerald.

Other acts included such things as vaulting, calisthenics, straight and comedy tumbling.

The team concluded the show with a tableau of living statues.

Wayne Williams, junior from Du Quoin, will open in left field for the Salukis when they meet Arkansas Tech Saturday.

Huskie Diamonders To Tour South

A six-game southern tour will open the 1955 baseball schedule for Northern Illinois State Teachers College on April 4, when the Huskies face Loyola University of the South in New Orleans.

Northern will meet the Wolfpack for the second time on the following day and then move on to play Southeastern Louisiana and the University of Mississippi in a pair of two-game series.

The entire schedule includes: April 4-5 — Loyola of the South at New Orleans, La.; April 6-7 — Southeastern Louisiana at Hammond, La.

AAU Swim Meet To Feature Swim Champ

Beulah Gundling, of Cedar Rapids, Ia., winner of the central AAU senior solo synchronized swimming championship for the past five years, will highlight the AAU open swimming and diving championships at SIU April 9.

The meet, which will be held in the new university pool, also will feature competition for the national junior 1500 meters freestyle championship. Edward J. Shea, director of the men's physical education department at SIU, is meet director.

Mrs. Gundling, whose husband serves as her coach and manager, has given exhibitions throughout the United States and in 11 foreign countries. She has presented her routines at both the Olympic and Pan-American games.

The first soloist to combine dance with synchronized swimming, Mrs. Gundling designs and makes her own costumes, and originated her routines which include "The Swan," "Surra," "Thunderbird," "Jewel of the East," "Vision in Moonlight," and "El Desafio."

Inside the . . . INTRAMURALS

Ayers Probable Starter Against Arkansas Tech

Coach Glen "Abe" Martin intends to start the same lineup against Arkansas Tech tomorrow that he had chosen for Saturday's game with Memphis Naval Base, he said yesterday.

Last Saturday's contest was cancelled because of bad weather.

The starting pitcher will probably be Ron Ayers, Flora freshman, who made a good showing on the spring tour.

The tentative line-up: Tabacchi 2b, Walls, ss, Williams, lf, Ems, cf, Vogel, 3b, Sandrin, c, Stevens, 1b, Zapocky, cf, Ayers, p 0-0.

The other individual sports are: shuffleboard, tennis singles, and swimming. The other team sports are a track meet and a swimming meet.

Huskie Newcomers Show Promise

Andy Halle, outstanding weightman for the Northern Illinois State track team, may receive as much competition from two teammates as he will from the opposition this year. The Dundee senior is the defending IIAC discus champion and placed fifth in shot put last year.

On the Northern squad this year are two promising yearlings with outstanding high-school records. Dick Kerker holds the high-school record in the shot put at West Chicago at 51' 10". The discus-throw record at Naperville High School is owned by Huskie freshman Terry Gates, who hurled the platter 150' 10" last year.

Bob Meyer, senior right-hander, was the only Saluki pitcher to come out of the spring tour unscathed. During the 5 1-3 innings he worked, he gave up only 2 hits and no runs.

Dr. Evans To Attend Colorado Workshop

Dr. Lura Evans, women's physical education instructor, has been invited to participate in the workshop of the National Section of Girls and Women's Sports at La's Park, Colo., June 26-July 1.

Dr. Evans also has been named a staff member of the National Red Cross Aquatics school at Clower Point, Mo. August 17-27.

Golf Squad Has 5 Lettermen

Coach Lynn Holder will have five returning lettermen as a nucleus for his 1955 golf team.

Captain Ron Wilson will lead the squad. Other returning lettermen are William Belvly, Robert Donarski, Tom Brock and Ed Goldstein.

Promising freshmen include John Gilbert, Mike Slade, George Perry and Jim Luftgen, Holder says.

The linksters have been practicing since March 21.

All home matches will be at the Jackson County Club, four miles west of Carbondale.

The schedule: Millikin, Here, April 1; Bradley U. Here, April 6; St. Louis U. Here, April 9; Rolla School of Mines, Here, April 16

Evansville College, There, April 19; Normal State College, There, April 22; Normal State College, There, April 23

St. Louis U. There, April 29; Evansville College, Here, May 3; Eastern State College, Here, May 5

What young people are doing at General Electric

Young engineer is responsible for design analysis of \$3,000,000 turbine-generators

The average large steam turbine-generator costs \$3,000,000 and takes two years to build. It is one of the biggest pieces of electrical equipment made. Yet its thousands of parts are put together as carefully as a fine watch. Even a small change in design can affect the stresses and vibration of the turbine, and the way it performs. At General Electric, several men share the responsibility of predicting those effects before the turbine is built. One of them is 29-year-old E. E. Zwicky, Jr.

His job: analytical engineer

Here's what Ted Zwicky does. He takes a proposed mechanical design feature, describes it mathematically, breaks it down into digestible bits, modifies it, and feeds it to electronic computers. (It may take two months to set up a problem; the computers usually solve it in twenty minutes.) Then Zwicky takes the answers from the computers, translates and interprets them so they can be followed by design engineers.

23,000 college graduates at General Electric

This is a responsible job. Zwicky was reared for it in a careful program of development. Like Zwicky, each of our 23,000 college-graduate employees is given a chance to find the work he does best and to realize his full potential. For General Electric believes this: When young minds are given freedom to make progress, everybody benefits—the individual, the company, and the country.

Progress Is Our Most Important Product

GENERAL ELECTRIC

TED ZWICKY, B. S. in EE from the University of New Mexico, Class of 1945, joined General Electric after a year in the Navy, completed our Advanced Engineering Program in 1950.
