PEAK WILL PLAY AT STUDENT COUNCIL DANCE TONIGHT

THE CARBONDALE NORMAL

ENROLLMENT FIGURE REACHES 2041

VOLUME NO. 22

CARBONDALE, ILLINOIS, FRIDAY, DECEMBER 13, 1940

NUMBER 11

FIRST STUDENT COUNCIL DANCE TONIGHT AT 8

Vernon Peak and His Orchestra Will Furnish Music

Christmas Is Theme According to Wagner

The first Student Council dance of the year will be held tonight in the Women's Gymnasium from 8:00 to 11:00.

Decorations for the dance will carry out the Christmas theme. A Christmas tree will be decorated by the Southern Knights.

The social committee of the council headed by Charles Wagner is in charge of the dance.

Other members are Russel "Duke" Elliott, Betty Guin, and Charles Wathen. The decoration committee includes "Hank" Munnell, Nancy Freeman, Elliott, and Wagner.

Five Students Join Delta Theta Upsilon

Tuesday, December 10

Five students who have been selected as members of the Delta Theta Upsilon, national geography fraternity, attended the meeting for the first time Tuesday evening, December 10.

The program included a talk, "International Trade," by Charles Pratt and a lecture, "Soil Erosion," by Dr. Thomas F. Barton.

DR. LEO T. BROWN HAS UP-TO-DATE X-RAY EQUIPMENT FOUND RARELY IN TOWNS SIZE OF CARBONDALE

By OLIVE WALKER. During the early part of this year, Dr. Leo J. Brown, Carbondale physician and surgeon, installed in his office an X-ray machine which is the only outfit of his kind any closer to this area than St. Louis.

Dr. Brown's equipment is Westinghouse Quadrex and is capable of developing 160,000 volts, and of reducing the amperage to 200 milliamperes which is sufficient power to perform the requirements of the most diagnostic and therapeutic procedures in this vicinity.

The equipment is capable of doing the three phases of modern X-ray work, namely, diagnostic, fluoroscopic, and therapeutic. In the diagnostic phase, the equipment, because of its modern attachments, is able to do gall bladder and kidney visualization and lipiodol chest installation.

The therapy department is completely equipped for the treatment of cancer. The necessary equipment for deep therapy has not, as yet, been acquired.

This equipment performs a distinct service to the towns and the surrounding area in that it saves time and expense in the treatment of cases which can well be treated here. It also allows for quicker diagnosis and treatment. Until this

Thomas F. Barton Will Lecture at Wilson Jr. College

Dr. Thomas F. Barton, head of the geography department, will give a lecture at the Wilson Junior College in Chicago tomorrow on the subject, "Observation of Soil and Biotic Resources." The lecture will be illustrated by forty colored slides.

COUNCIL NAMES COMMITTEE TO BOOST SINU

Will Publicize Need For More Money Here

The Student Council recently appointed a Public Relations committee, composed of students from the Council and from outside the Council, to formulate ways and means of making S. I. N. U. need for an increased appropriation felt throughout Southern Illinois and in the state legislature.

This committee plans to have regular meetings and draw up plans whereby the whole student body can assist in bringing about the increased appropriation. The whole student body will be urged to do all it can in carrying out the plans of the committee, with the success of the plans depending greatly upon the amount of cooperation received from the student body.

SWARTZ, ALEXANDER, AND WATSON WILL ATTEND MEETING

Willie G. Swartz, Oville Alexander, and George F. Watson will attend a joint meeting of the American Political Science Association, the American Society for Public Administration, and the National Council for the Social Studies, at the Palmer House in Chicago during Christmas vacation.

The program of the evening consisted of the showing of three films: "Living and Learning," "Back to the Farm," and "Livestock and Man."

Mr. Watson will lead a round-table discussion on "Making Citizenship Effective" at a meeting of the American Political Science Association and the National Council for the Social Studies.

Dr. Brown has been cooperating with various departments of the University to study within our drainage and health program of the student body who request a demonstration of the machine and its workings.

FROSH ELECT COUNCILMEN; VOTING LIGHT

Abernathy, Wathen, Freeman, Wells Are Chosen

All Against Recent Proposal to Publish Votes

Ann Abernathy, Nancy Freeman, Charles Wathen, and Bob Wells were elected freshman representatives to the Student Council Tuesday, November 26.

Less than 15% of the freshmen class went to the polls, as compared with 28% of the sophomores, 36% of the juniors, and 46.3% of the seniors in their elections earlier in the year.

Each freshman member of the Council was asked to state his opinion on the proposed publishing of the Council's individual votes.

Bob Wells said he believed the Council member should be left to his own discretion about the matter of publishing votes on personalities. He was in favor of publishing votes on issues.

Nancy Freeman and Charles Wathen stated that they also favored publishing votes on issues, but not on personalities.

Ann Abernathy said, "Personally I am against the publishing of votes on personalities, though I would be in favor of publishing votes on issues. But if the majority of the students want votes on personalities published, then I would be willing for that to do."

Agriculture Club is Showing Films at Meeting Yesterday

The Agriculture club met yesterday evening at 8:45. The short business meeting was followed by an educational film, "New Soils from Old."

At a meeting of the Agriculture club Thursday, December 5, the following officers were nominated: President, Jack Spletter and Warren Morrison; vice-president, Leslie King and Walter Monke; secretary, treasurer, William Rouse and Hamilton Bishop; sergeant-at-arms, Milton Spence and Gene Hoyt.

The program of the evening consisted of the showing of three films: "Living and Learning," "Back to the Farm," and "Livestock and Man."

NOTICE TO SENIORS

All seniors who expect to purchase class rings, keys, or pin chains, attend the meeting to be held next Thursday, December 13, during chapel hour in the Little Theatre. The ring committee will display the various sample jewelry as well as giving the necessary information regarding prices and purchasing procedure.

S. I. N. U. GRADUATE IS APPOINTED HOUSING DIRECTOR

S. Earl Thompson, assistant housing director of the University of Illinois and a graduate of Southern,

has been appointed acting director there. He will direct the relatively new work of supervising rooming-house regulation in the absence of Captain Charles B. Frederick, who was granted a sabbatical leave as director at Selridge, Mich.

Mr. Thompson was formerly assistant dean of men at S. I. N. U. While a student here he was president of the Student Council in 1933 and a member of Kappa Phi Kappa and the Sorority Literary Society.

LITTLE THEATRE HAS ACCEPTED 22 APPRENTICES

Twenty-two people have been admitted to Apprentices Players, a new level of membership in the Little Theatre. This group was developed to make it possible for the large number of students who are prospective members of the Little Theatre to serve a season's term of probationary membership before being considered for active membership.

Apprentice Players enjoy all privileges of Little Theatre membership with the exception of the vote.

The following are the members of Apprentices Players: Actors: Bill Beck, Arthur Carter, Raymond Foster, Bill Holder, Roger Lee, Thomas Monroe, and George Seitel.

Technicalians: Esther Mary Ayres, Francis Craig, Gordon Ellenton, Willard Grant, Jennell Hamilton, Howard Hugh, Julliana Kudlak, Jo Lipe, V. Ellen Miller, Isabel Marshall, Norma Morton, Margaret Reher, Helen Sevens, Tommy Smith, and Barbara Todd.

Roger Davis Is Chosen President of Rural Life Club

At the regular meeting of the Rural Life Club Monday evening, December 9, Roger Davis was elected president for the coming term. Other officers are Snyder Howell, vice-president; Margaret Moore, secretary-treasurer; and Leola Mae Flynn, publicity chairman.

The program was under the direction of Dorothy Bojcek, rural practice school club chairman. Hamilton Meckan, music supervisor of rural practice schools, who presented an operetta by the students of Buckles school.

Music Department Presents Annual Vocal Clinic Here

The music department in conjunction with several of the high schools of southern Illinois presented its annual vocal clinic on Saturday, December 7. Refreshments began at 5:15 Saturday morning and continued throughout the day.

At 7:30 in the evening there was a concert featuring the MacDowell club, a group of madrigal singers coached by Mr. Eric Walsland, and a madrigal chorus headed by MacDowell club, the madrigal singers, and the high school choruses.

Property Valued At \$15,000 Likely To Be Added To Southern Campus in Near Future

DR. L. L. JARVIE VISITS SINU AS CONSULTANT

Dr. Ruth Eckert Is Also on Campus Today

Dr. L. L. Jarvie of the Rochester Alumnus and Mechanics Institute, Rochester, New York, spent Tuesday and Wednesday here at S. I. N. U. as a consultant on personnel work and guidance.

During his stay here, he had conferences with members of the University High school and college faculty.

Dr. Ruth Eckert, who was recently added to the staff of the commission on Teacher Education and who is a specialist in general education, is on the campus today.

Dr. Eckert worked with Malcolm McClain at the University of Minnesota in developing the renovation general course there.

Egyptian Editorials Win Contest Awards

An editorial, "Student Health Service," submitted by Wilbur Rice, editor of the Egyptian, placed sixth in the 1939-40 contest in News Writing for the Egyptian, sponsored by Pi Delta Epsilon, honorary collegiate journalism fraternity.

Another editorial, "What is the Responsibility of Education With Regard to Revolting Youth?" written last year by Rice, ranked a tie for first place out of the 117 entries submitted in the nation-wide contest.

The awards were announced on Saturday, November 30, at a meeting in Pittsburgh of the Grand Council of Pi Delta Epsilon.

STUDENT HEALTH SERVICE INITIATES COLD EXPERIMENT

The Student Health Service of Southern Illinois Normal University initiated a cold prevention program with a group of 200 students at this beginning of the winter term.

Only those students who have more than three colds a year are eligible for the experiment. The students participating have been divided into four groups. The colds of one group are being controlled by dieting and the colds of the other three by different kinds of capsules. The first check-up on the plan will be made on December 10, and the final check will be made at the end of the term.

According to the health service the immunization program conducted here is the only one of this nature in the country.

Miles Announces Approximately Thirty Acres May Be Added to Present Over-Crowded Campus

Purchase of the property to the west of the present campus appears to be possible in the very near future, Mr. Edward V. Miles, Jr., business manager of the college, has announced that the college has funds which will make it possible to complete the payment of the \$15,000 purchase price and to thus enlarge the present over-crowded acres.

Whereas, Southern Illinois Normal University has more than doubled its enrollment in the past ten years, and is now very seriously in need of more land for future building expansion, and

Whereas, the only remaining large, unimproved piece of land which is contiguous with the present campus has now been offered for sale at a very reasonable price by Mrs. Lovina R. Thompson, and

Whereas, opportunities have been presented to Mrs. Thompson to sell parcels of this land for immediate improvement by private parties, and therefore the opportunity to purchase it intact will not continue to exist much longer, and

Whereas, Southern Illinois Normal University now has a sufficient amount of money to pay for this piece of the income fund reserve of the college, which is the money collected from the students for tuition and fees; and

Whereas, the construction of the State Bacteriological laboratory has been approved and if the purchase of the above mentioned land can be completed at once, the site of the bacteriological laboratory can be relocated to a more suitable and desirable location to the advantage of both the school and the laboratory.

Therefore, be it resolved, that the Business Men's Association of Carbonale, hereby respectfully petition the Honorable A. M. Carter, director of finance of the state of Illinois, and his excellency, the Honorable John Stettin, governor of the state of Illinois, to approve the expenditure of the said income fund reserve and dollars of the income fund reserve for the purchase of the thirty acres now under option to the college.

BOWDENS ESTABLISH MEMORIAL AWARD OPEN TO JUNIORS AND SENIORS IN ZETA SIGMA PI

Dr. R. D. Bowden, head of the sociology department, and Mrs. Bowden announced they will establish a memorial award in memory of their deceased son, Reid Douglas Bowden.

The Reid Douglas Bowden Memorial award of \$25.00 will be open to juniors and seniors of S. I. N. U. who are members of Zeta Sigma Pi, national honorary social science fraternity. Eligible for the award will be decided by judges on the basis of scholarship, general student leadership, and need.

Four judges, two from student members of the fraternity and two from faculty members of the organization, will announce the annual award each spring. The first will be granted in the spring of 1941 at the national convention of Zeta Sigma Pi which is scheduled to be held on the Southern campus sometime during the last two weeks of March.

Francis Whitely, president of the local chapter, will appoint committees at the next meeting, Tuesday, Dec. 17, to make plans for the convention.

Last year, meeting at Wilmington, Ohio, the organization elected Repose Pulliam, president of S. I. N. U., to become the national head of Zeta Sigma Pi. He replaced J. Edgar Hoover, director of the Federal Bureau of Investigation.

With this backing, and that of the Rotary and Lions Club and Southern Illinois, Inc., it is hoped that action can be secured on this proposal in the very near future and that the work of enlarging S. I. N. U. can thus be gotten underway. Plans for use of the new property include a field house for the athletic department and possibly a trades school for teaching the skilled crafts.

WINTER TERM ENROLLMENT REACHES 2041

Reports from the college registrar's office show that at the close of last week there were 2041 students enrolled for the winter term, representing an increase of 61 students over winter term enrollment last year. The enrollment for the fall term this year was 2180, in comparison with 2045 for last year.

Since students taking aerobics work will not register until sometime after Christmas, and late registrants are still enrolling in the final figures will probably reach 2076.

Approximately twenty students, who would otherwise have registered for the winter term, were placed in positions of various kinds during the fall term. Four of five men were here called or volunteered for service in the army.

Brainard Is Chosen Head of Committee to Reallocate Space

Mr. Harry G. Brainard of the economic department has been chosen temporary chairman of a faculty committee for the reallocation of classroom space on the campus after the new training school is completed.

Other members of the committee are Dorothy Davies, G. D. Tenney, Leola F. Light, Kenneth Van Lennep, and Fred Van Riper. The committee will elect a permanent chairman at the first meeting.

Helena Dial Speaks on Reading Program

Miss Helen Dial, of Benton, spoke to the local chapter of Future Teachers of America last Monday on the Freshmen Remedial Reading program here on the campus. She pointed out the deficiencies of our public schools in teaching reading as evidenced by the freshmen they send us.

Miss Dial demonstrated three machines used in this program for diagnosing reading difficulties. The televisual, used to detect poor vision; the metronoscope, to give practice in reading in thought units; and in correcting reversal tendencies.

Home Ec. Staff Gives Annual Tea Today

The faculty staff of the home economics department is giving a tea from four to five this afternoon in Main 111 for students of this department. This tea is given annually for all the girls enrolled in this department, whether or not they are enrolled in home economics classes at the time.

CO-CAPTAIN ENGLISH AND SMYTHE PLACED ON I.L.C. ALL-STATE GRID TEAMS

Traband, Crawshaw, Freeburg and Bjorklund Receive Honorable Mention

Individual post-season grid honors came to Co-Captain J. T. English...

Starring as a regular varsity candidate during his freshman year, English was recognized throughout the Illinois Intercollegiate Athletic Conference...

The past season, however, saw English return to his regular wing position. His alert defensive play and his consistently valuable blocking on offensive duty stood out in the Maroons' game.

Smythe, meanwhile, another senior and a product of Hippocampus, closed a career of four successive years of first string line play.

Christmas GREETINGS CARTER'S CAFE JUST ACROSS FROM THE CAMPUS TOASTED SANDWICHES 10c Delicious Plate Lunches DROP IN ANY TIME "There's Always Someone at Carter's"

GRIDDERS ELECT COX AND TOWNES NEW CO-CAPT'S.

Carbondale Lads Boast Seven Years Playing Experience Together

Bill Townes and Verdie Cox, both of Carbondale, and veterans of three seasons of competition on the Southern football squad, were elected co-captains of the 1941 Maroon grid team...

Cox, as a freshman, received the starting position at quarterback, a spot at which he has started in all but very few games for three consecutive years.

During his first two seasons of play Cox, 165 pound back, was used chiefly as a blocking back in addition to his signal calling duties on the Maroons' offense.

Besides winning three letters in football, Cox has garnered two in basketball and two in tennis. He is now in his third season of varsity competition in basketball.

Bill Townes, 175 pound ball carrier, was the Cox in the freshman season as a regular on the 1938 grid squad. Since his first year's play at Southern he has been a very valuable back in that he can play at either the half or quarterback spots, and his big running, passing and kicking ability makes him one of the few all-around backs on the Carbondale team.

During most of the past season, Cox and Townes have alternated at the quarterback assignment. It was Townes, you remember, who sparked the Maroons with his passing and running and accounted for the lone Southern score in the Homecoming tilt against Normal this fall.

In addition to his three football letters won, Bill has won two in track, and is rated as one of the best hurdlers in the I. I. A. C. conference. He was also a member of the varsity basketball team during his first two years in school at S. L. N. U.

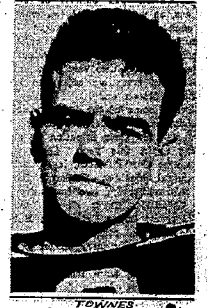

Both Verdie Cox and Bill Townes are well known throughout the conference for their fine athletic ability, as athletes who really play the game "for keeps", and should prove excellent leaders for the 1941 Maroon and White gridsters of Southern Illinois Normal University.

Townes and Cox succeed as Co-Captains J. T. English, who finished his last season of play at Southern this fall, and Bob Freeburg, junior back, who will be back next year for his fourth season of play.

Alton Onized Club Played At Southern Last Night; Upper Iowa Five Here Next Week

Alton Squad Boasts Former Illinois College and High School Stars; Little Known of Iowa Team

NATIONAL HONOR GO TO EASTERN'S "PITCHER" GLENN

Ranks With Nation's Best; Placed on A. P.'s Second Little All-American

Bill Glenn, ace right-hand passer for the Eastern Illinois Teachers' grid team, has this year earned national acclaim for himself and for the Eastern team by his brilliant record for completed passes, a record which, incidentally, surpasses that of any of the well known football players whose names covered the sports pages of the nation's newspapers this fall.

During the past football season, Glenn completed a grand total of 71 of 109 passes which he threw in eight games. Nine of these tosses were good for touchdowns, and the longest gain on any one of his passes was made against our own Southern Maroons when one of his

(Continued on Page 4)

The Alton Onized Club, Illinois' independent basketball champion, tangled with the Southern Teachers last night on the latter's floor and emerged on the short end of a 41-25 score.

The Maroons were one of the causes for one of the Alton squad's only two losses last year. The other setback occurred at the hands of a Missouri independent five playing for the St. Louis Independent Service Corps.

The Onized Club came to Carbondale with a record of 26 wins against two defeats during the past season of play. They are the first independent team ever to go through a season undefeated against state independent clubs. In the twenty-one years of state tournament competition...

These basketball representatives of the Illinois Owens Glass Company have been victorious in their last 31 encounters. This includes the first tryouts of the current season. In the first game of the season they defeated the St. Louis Industrial champions 45-25 and in their latest encounter defeated the Mt. Vernon Silver Streaks, 66-25.

The Alton basketweavers are made up of many flashy personalities from past Illinois hardwood battles. Probably the best known of their players is none other than Illinois basketball fan's Earl Stewart, former Mazon star. Stewart is playing his second year of independent ball and appears to be a great offensive spear in leading the squad to another state title.

Johnny Fraser, playing manager, in the first game of the season they defeated the St. Louis Industrial champions 45-25 and in their latest encounter defeated the Mt. Vernon Silver Streaks, 66-25.

Southern's cageys will entertain another non-conference foe next Thursday night when they play host

(Continued from page 3)

position with Bob Hammond, the flanker. Honorable Mentioned.

In addition to English and Smythe, Traband, Bjorklund, Freeberg, and Crawshaw were given distinctive ratings.

Freeberg, a junior from Princeton and Crawshaw, a junior from Carbondale, were the only backs from the Southern squad to gain recognition.

The personnel of the United Press first team included Morgan of Western and English of Southern, end; Stegman of Northern and Laitis of Normal, tackle; Chiles of Normal and Flick of Carthage, guard; Gagner of Normal, center; Glenn of Eastern, quarterback; Henry of Eastern and Eddy of Normal, halfbacks; Covill of Normal, fullback.

Members of the Associated Press judging staff named the following to the all-conference team: Glenn of Western and Stegman of Eastern, ends; Laitis of Normal and Stegman of Northern, tackles; Flick of Carthage and Stolck of Normal, guards; Gathery of Normal, center; Glenn of Eastern, quarterback; Krahenbuhl of Northern and Hopson of Carthage, halfbacks; Covill of Normal, fullback.

MAROON CAGERS TOP ARKANSAS IN OPENER

(Continued from page 3)

His losses to account for the grand total of 24 of his team's 44 points. The Southern quintet made its most serious threat in the last half of the game when they pulled up to within six points of their rally opponents, only to have their hopes crushed by a one man soccer spree on the part of the elongated Towery.

Both teams substituted quite liberally throughout the contest. Coach McAndrew using all of his traveling squad of thirteen men in a vain attempt to halt the Kentucky victory parade.

The Maroons' starting lineup in the two contests thus far this season has been made up of Sebastian and Bob Correll at the center position, Bob Hunter at one forward and Bruce Church and Verdie Cox dividing the starting assignments at the remaining forward post.

All of the above are lettermen, with the exception of Sebastian, who though a sophomore, is playing in his first season for the Maroons.

INTRAMURAL CAGERS BEGIN PRACTICE FOR CHAMPIONSHIP CROWN

Two Leagues With Eleven Teams Each Prep For Winter Schedule

If practice makes perfect, there should be twenty-two perfect teams in the intramural basketball play this year, for already intramural matches are being practiced. It is hoped this year, too, that it will be possible to have practice nights as well as the regular playing nights.

Competition will consist of two leagues, as usual, with eleven teams in each league. Intramural matches will meet in a championship playoff as the preliminary to one of the college varsity basketball games sometime after the intramural season ends.

Already some of the teams which participated in the leagues last year have signified their intention to organize again this year. Some of them are: Carter's Aces, last year's intramural champs; Dunbars, last season's runner-up; two teams from the Chi Delta Chi's; Kappa Delta Alpha team; Sigma Delta Mu's; Harvard Hall, and others.

Each team may carry fifteen players, and a list containing the names of the players, team manager, and the team name of any team expecting to enter must be placed in the possession of Intramural Director Leland "Doc" Lingle not later than December 20th.

An announcement will be made in the first issue of the Egyptian after the Christmas vacation concerning a meeting of the managers of the respective teams who enter the two leagues.

MARTIN AWARDS 22 LETTERS TO GRIDIRON MEN

(Continued from page 3)

The Western State co-champs, The Maroons gained a 64 tie before plunging into a concerted losing streak starting with the Normal game at Homecoming. DeKalb, Eastern, and Cape then submitted successive setbacks to the struggling Egyptians.

The Homecoming game was fairly close until the latter part of the final period when the Maroon defense led before hitting attack of Floyd Covill. The Southerners came out on the short end of a 2-6 score. DeKalb's Huskie dropped the Maroons 20-7 one week later.

Eastern's Bill Glenn unleashed an aerial barrage in the next to last game that bombarded the Maroons into defeat, dropping the Maroons to zero. The final score stood at 25-0.

WOMEN'S SPORT SECTION

MISS ETHERIDGE AND MR. LINGLE REPRESENT S. I. N. U. AT CONFERENCE

Last weekend, Miss Frances Etheridge and Mr. Leland P. Lingle attended a conference of college out-of-town activities at Chicago. The meeting was called to order by Mr. S. C. Staley of the University of Illinois.

Mr. G. G. Epilus of the National Park Service and Mr. De Turk of the Indiana Park Service gave short talks. They told of the need of giving the public experience in the use of suitable activities of State and National Park areas.

W. A. A. SPORTS BOARD IS ANNOUNCED FOR 1940-41

The W. A. A. sports board has been selected to serve for the following year. Mercer and Kloss will manage basketball; Sutton and Jaon, football; Van Bibber and Klutz, hockey; Ryan and Adams, tennis; Brooks and McCall, badminton; and Redmond and Todd, table tennis.

NATIONAL HONORS GO TO 'PITCHER' GLENN

(Continued from page 3)

passes to Sudarth, Eastern halfback, was good for a gain of 65 yards and a touchdown. In the matter of percentage of completed passes, Glenn merited a 65 percent completion record. Even All-American Paul Christmas of Missouri and Tommy Harmon of Michigan only racked up a bare 45 percent on their completed passes.

Besides his passing ability, Glenn was also a fine runner. Against the Southerners he sprinted some 40 yards after intercepting a Southern pass for a touchdown.

In addition to his football prowess, Glenn is well known throughout the I. J. C. for his basketball ability. He is now in his fourth year of competition in the latter sport.

Winding up the 1940 season, the Maroons traveled to Cape Girardeau for their annual Turkey Day game and almost downed the Indians for the second time in a single year.

After having one touchdown nullified by a penalty, the Maroon offense slumped and Cape went on to a 7-0 victory.

IT NEVER RAINS BUT IT POURS... MRS. MUZZEY AND MISS DAVIES ATTEND BASKETBALL CLINIC

Wednesday evening, December 11, Mrs. Dorothy Muzzev and Mrs. Dorothy Muzzev visited the Principia College at Elmhurst, Illinois. They attended a basketball clinic which was under the direction of Mrs. Frances Chandler, a member of the state basketball committee.

BASKETBALL PRACTICE BEGINS JANUARY 7

Basketball practice will begin Tuesday, Jan. 7, at 4 o'clock. All girls who may be interested are invited to attend. It will not be necessary for the girls to have their hearts checked for the first meeting.

COVILL, NORMAL BACK, VIRTUALLY CLINCHES LOOP SCORING LEAD

BLOOMINGTON, Ill., Nov. 18 - The individual scoring champion of the Illinois Intercollegiate Conference will be Floyd Covill of Amboy, senior fullback on the championship Illinois State Normal eleven. It appeared certain today that he will lead in total yardage and number of touchdowns.

Only one more league game remains, Macomb Teachers at DeKalb Thursday. Capt. Sam Smith, DeKalb quarterback, with 18 yards is the one member of those two teams listed among the 20 ranking point-makers. But he will not be able to play Thursday because of a leg injury.

Halfback Tom Eddy, also of Normal, retained second place with 20 points. Ray Sudarth, Chi. Charleston Teachers' halfback, counted one touchdown against DeKalb last Saturday to raise his total to 25 and climb from fifth position over two teammates, Paul Henry, halfback, and Bill Glenn, quarterback, into third place.

Glenn will lead Normal against its greatest rival, Illinois Western, Wednesday. Although the two colleges are in different conferences, victory over the other is the most highly prized of the season.

Leading scorers, conference games only: Player-College TD, PAT, T. Covill, Normal 7 0 42 Eddy, Normal 6 0 30 Sudarth, Charleston 4 1 25 Henry, Charleston 4 0 24 Glenn, Charleston 3 3 21

MRS. MUZZEY AND MISS DAVIES ATTEND BASKETBALL CLINIC

ALTON ONIZED CLUB PLAY HERE LAST NIGHT

(Continued from page 3) to a new invader of the Maroon territory, Upper Iowa University. Equally dividing their minutes in the first two opening games of the current season, the Maroons will endeavor to extend their victories into new realms.

Coach William McAndrew is endeavoring to find a smooth working combination that will be effective in conference play. Rugged, individual playing has characterized early season games with little or no teamwork on the part of the players.

In the games so far this season, Coach McAndrew has started veterans in four of the five positions. John Sebastian, sophomore from Salem, has been receiving the new player's call on the starting five.

Bob Correll, six foot four center from Centralia has taken over the pivot position while Harry Durham, sophomore veteran letterman, has been sharing honors at this position. It appears that Bob Hunter, sophomore veteran from Johnson City, has clinched one of the forward positions while Verdie Cox of Carbondale, and Bruce Church of Marissa, both Junior lettermen, have been starting the other forward positions.

Harold Robertson of Eldorado, like Sebastian of Carthage, Fred Campbell of Herrin, Gene Ebbola of Galatia, Ed Moody of Du Quoin, and James Missapah of Norris City, have received calls in their respective positions.

### CAMPUS BULLETINS

**PRIVATE WORK**  
Students interested in private work during the winter term should call at the Student Employment Service and leave a copy of their schedule.

**NOTICE**  
Newman Club will meet Monday night, Dec. 16, at which time there will be nomination of officers for winter term. Everyone, bringing a gift costing not more than 70c to make up a grab bag.

**HOME EC STUDENTS**  
All home economics students whether or not they are enrolled in classes at this time, are invited by the staff of the department to attend the tea given in Room 111 from 4:00 to 5:00 this afternoon.

**A. A. U. W. STUDENT LOAN FUND**  
Each year for some years it has been customary for the Carbondale branch of the American Association of University Women to grant a loan of fifty dollars per term to some senior girl who can qualify on the basis of scholarship, character and promise as a teacher. Last spring there were no applicants for this loan. The A. A. U. W. wishes to announce that if there is a senior in need of this loan who can qualify, the offer is still open. Anyone who is interested should see Miss Minette Barber, chairman of the A. A. U. W. Student Loan committee, at Anthony Hall.

**Evangelical Club** will meet Dec. 13 at 7:30 p. m. in the W. C. A. room. All members are urged to attend.

**ROOM AND BOARD JOBS FOR WOMEN**  
There are several desirable openings for women to enter their room and board this term. Women interested should contact the Student Employment Service immediately.

**SIGMA-TAU DELTA**  
Contributions for the winter issue of the RECTANGLE, official publication of Sigma Tau Delta English fraternity, should be submitted to Miss Esther Power not later than December 31.

**NOTICE: Kappa Phi Kappa** will meet Thursday, December 19, at 7 p. m. in the Old Science building. The meeting will be over in time for the basketball game. Everyone please be there as the organization pictures for the Obelisk will be taken.

**Activity ticket pictures** will be made on Tuesday, December 17, for those who have NOT had their pictures made. The studio will be open from 7:30 a. m. until 5:00 p. m. This will be the last date pictures for the tickets will be made.

**ANNOUNCEMENT**  
Students desiring practice teaching for the spring term should apply immediately in the practice department office, 101 Old Science building. There will undoubtedly be more applications than positions this spring, and those persons applying first will receive first consideration.

## When Lincoln Came to Egypt

By GEORGE W. SMITH,  
Emeritus Professor of History,  
Southern Illinois Normal  
University.

### REVIEWED BY MELVIN APPELBAUM

Most students of Abraham Lincoln have, in the past, tended to ignore the important part played by Little Egypt in the career of the Great Emancipator. Historians and public alike are inclined to think of him principally as a representative of New England and Springfield and as an occasional visitor to Chicago. Yet Professor Smith, dean of Illinois historians, has shown in WHEN LINCOLN CAME TO EGYPT that Lincoln was in this section of the state on numerous occasions, and that he had many personal, professional, and political friends here.

No other man in public life in Illinois whose home was as far north as Springfield was so often in Egypt as was Lincoln. No other man knew so many public men in Southern Illinois as did Lincoln. No other man in public life knew so well and was so sympathetic with the common people of Egypt as was Lincoln. His friendships here were deep-seated; his leadership, his greatness, and his noblest and most important reference to the people of Southern Illinois are portrayed by Professor Smith in a scholarly and yet warmly readable manner.

For example: let us look at a random excerpt from Professor Smith's book. He says: "In 1837, approximately fifteen of his professedly secure paid positions as graduate assistants and fellows in leading graduate schools throughout the country.

"Besides a varied curriculum and an outstanding faculty, the college provided abundant opportunities for both social and cultural development. The entertainment series, inaugurated five years ago, offers the student body, approximately twenty-five outstanding lecturers, musicians, dancers, and actors each year.

"This article is the fourth of a series entitled 'Illinois—the Educational Center,' published by the Illinois State Board of Education.

Another recent faculty publication is an article by Miss Gladys Babcock of the home economics department entitled 'The Egyptian Project.' This article appears in the current issue of Forecast, a home economics magazine.

The material for the article was obtained through an experiment with preschool children at the New Mexico Normal at Las Alamos. Several of the children were Spanish-American and spoke very little English.

The project was conducted largely by student teachers, under the supervision of the home economics instructor.

An Egyptian editorial entitled "What About Our American Traditions?" was reprinted in the November 18 issue of the Herri-Daily Journal. The editorial was written by Wilbur Rice.

The editorial, which appeared in the Egyptian on November 18, reads in part: "We also our great founding fathers in the face by electing a president for a third term; fout the Pilgrims by observing Thanksgiving a week earlier; and as a final blow to the god Tradition we all but abandoned our national anthem for a popular tune. Next we'll be hearing that Europe had a war and Americans stayed out of it."

"It has bothered us too," comments the Journal.

his people better than he does. I was raised just a little east of here. I am one of his people."

Thus Professor Smith paints a portrait of a "Little Egypt" which is not only a background of the broad, but the local movements of the time. We learn not only the bare facts of Lincoln's visits to Egypt, but also their significance with regard to the important sociological and political issues which were being discussed in this country at the time. The Kansas Nebraska bill, the Dred Scott case, the Lincoln-Douglas debates—all are woven into a logical pattern which gives Lincoln's journeys to Southern Illinois new added meaning.

When we begin to read "Egypt" do not see a "scientific" book intended to divert the spotlight or attention down to Egypt, in order to glorify this region by associating it with an American immortal. It is, instead, an authentic and interesting account of the surroundings in which Lincoln lived for a period, which must have influenced him in character and in intellect. By adding detail to the bare record of Lincoln's visits to Egypt, by giving life to his friends

## Faculty Publications

Mr. Howard Boney of the department of education has produced three educational articles during the past term.

The first, entitled "Training in Health Needed by Teachers," appeared in the September Elementary School Journal. This article, incidentally, contains a reference to the Health Education Syllabus for Teachers written by Miss Florence E. Denny of the Student Health Service.

The second, a request article, appears in the current issue of the Illinois Librarian. It is entitled "Five Months' in the Reading Program" and contains a review of the building up over a five-month period of a third article written during the fall term has been accepted by the Illinois Teacher and will appear in an early number.

The December issue of the Illinois Journal of Commerce, published by the Illinois Chamber of Commerce, contains a summary of some of the more outstanding educational facilities in this state. Written by H. A. Aspinburg, the article includes a description of S. I. N. U.

The article appears in part, "Southern Illinois Normal University in Carbondale, one of the largest colleges in the state, affords the only opportunity for a college education to students in the southern third of the state. The college maintains an enrollment of about 2,850 students of whom over 40 percent work all part-time jobs for all or part of their expenses.

"... there has been a marked increase in its national reputation and influence. Each year approximately fifteen of his professedly secure paid positions as graduate assistants and fellows in leading graduate schools throughout the country.

"Besides a varied curriculum and an outstanding faculty, the college provided abundant opportunities for both social and cultural development. The entertainment series, inaugurated five years ago, offers the student body, approximately twenty-five outstanding lecturers, musicians, dancers, and actors each year.

"This article is the fourth of a series entitled 'Illinois—the Educational Center,' published by the Illinois State Board of Education.

### Debate Team Meets Murray Teachers' College

Four members of the varsity debate squad will participate this week-end in a tournament at the State Teachers' College in Murray, Ky. The two teams consist of Isabel Marshall and Wesley Reynolds, and Mary Heitzman and Carl McIntire. The alternate will be Richard Rast. Each team will compete in six debates, debating first the affirmative, then the negative side of the varsity question: "Resolved: that the Nations of the Western Hemisphere Should Form a Permanent Union."

This will be the first decision series of debates in which the S. I. N. U. team has participated this year. However, two non-decision intercollegiate debates have been held. On November 14 an affirmative team composed of Heinsman and McIntire debated against the Teachers' College at Cape Girardeau.

November 28, the S. I. N. U. Debate club was host to two teams from Arkansas State. Debaters of S. I. N. U. were: Heinsman, Marshall, Reynolds, and Alan Cavacuse.

### PROF. H. E. BENT VISITS SOUTHERN CHEMISTRY DEPT

Professor H. E. Bent, dean of the graduate school of the University of Missouri, visited the S. I. N. U. campus last Friday. Professor Bent is appointed by the accrediting committee of the American Chemical Institute to investigate and obtain impressions of chemistry departments of various schools.

Dr. J. W. Neckers, head of the chemistry department, received a letter during the past week from Professor Bent, who stated: "I was very much pleased with the fine piece of work which you are doing... The most serious situation in the department seemed to me to be the large sections, especially in general chemistry. Adequate teaching would seem to be scarcely possible with thirty-five to forty students under the supervision of one professor. The other matter that struck me rather forcibly is the amount of work given in physical chemistry. This is not only less in number of hours than is customary in most schools but also, as you are doubtless aware, the amount of equipment is rather limited. "I am sure I am telling you nothing new when I comment upon

these matters and I am writing simply to indicate how few items are in which your department might be considered deficient." "If the American Chemical Society would accept S. I. N. U. as meeting its standards, graduates in this department would find positions more easily available to them.

### Pulliam to Address Luncheon Meeting

President Roscoe Pulliam will address a joint luncheon meeting of the George Howard club and the Superintendents' Round Table of Northern Illinois, tomorrow in Chicago. He will speak on the subject "The Fifth Column in Education for Democracy."

here, by supplying long-neglected emphasis. Professor George W. Smith has helped to complete the picture of the Illinois of Lincoln's time, and thus the picture of Lincoln himself.

### WANTED

One or two male passengers to share expenses to New Orleans during Christmas vacation. See James Morton Smith, Bill Goetz, or call 609-L.
