GIRLS' RALLY COMIC-STRIP DANCE WILL INITIATE DRIVE FOR NEW BAND UNIFORMS

Affair Will Be Held Saturday Night, January 18, in Old Science Gymnasium

Dancers Should Come Clad in "Funnies" Character Costumes

The Girls' Rally Committee will sponsor a comic-strip dance Saturday, January 18, this including a drive for new uniforms for Southern's band.

Since last year's dance sponsored by the rally committee, a Dog Patch dance, was such a great success, the girls decided that greater variety and hilarity might be attained if all the comic characters could be present at the dance.

Student Night at Christmas' Given at Home Churches

Nineteen churches at southern Illinois were hosts to "Student Night at Christmas" programs during the holiday vacation. These programs, sponsored by the Baptist Student Union, acquainted the home people with college and student life.

Rural Life Club Hears Roundtable Discussion Monday

The Rural Life Club held its regular meeting in the Y. W. C. A. room last Monday evening.

McAndrew Appointed Chairman of Defense Study Committee

Mr. William McAndrew, was recently appointed by the Faculty Senate to serve as chairman of a committee to study the question of national defense. Other members of the committee are Mr. E. A. Scott, Mr. C. H. Ganser, Mr. Thomas E. Hartshorn, Mr. Robert D. Frazier, and Mrs. Julia Neely.

FOTOS CLUB MEETS

There will be a meeting of Fotos on Thursday, January 10, at 7:00 p. m. in Old Main. New officers will be elected and the annual report will be read.

Governor Meets His Successor

Governor-Elect Dwight Green of Illinois (left), who takes office Jan. 13, and Gov. John Stalla, whom he succeeds, met for first time at pre-inaugural banquet in Springfield, Ill.

GOVERNOR-ELECT GREEN HAS HAD LONG AND SUCCESSFUL CAREER IN PEOPLE'S SERVICE

The Honorable Dwight H. Green, governor-elect of Illinois, who is to be inaugurated next Monday, January 13, has had a long and successful career in the service of the people.

Though not heretofore a highly prominent figure in politics, Green has established an excellent reputation as a lawyer, both privately and in the service of the nation.

Green began to receive considerable publicity when he was defeated in the race for the mayoralty of Chicago by Edward J. Kelly in 1928.

Green was born in Ligonier, Ind., on January 2, 1887. His father, Michael Collins in 1917. When America entered the World War during his sophomore year, he enlisted in the army, was transferred to the air corps and became a pilot and lieutenant.

He was admitted to the Illinois bar in that same year and practiced law in Chicago as a private attorney until 1926, when he was sent to Washington to cooperate with Dwight Green in degree at the University of California.

Twelve Members of Debate Squad Go to Old Normal

Twelve members of the debate squad, representing this morning for the annual debate tournament at Illinois State Normal, today and Saturday.

Resolved That the National of the Western Hemisphere Should Enter into a Permanent Union" is the subject debated by all teams.

PROGRESSIVE EDUCATION ASSOCIATION OPENS REGIONAL STUDY CONFERENCE TODAY AT 4 P. M. IN SHRYOCK AUDITORIUM

Prescott, Redl, Tabo and Other Educators Will Appear on Two-Day Program of Open Discussions

College Students May Enroll By Paying Fifty-cent Registration Fee

The Regional Study Conference which is being sponsored by the Progressive Education Association in cooperation with S. I. N. U. will open at 4 p. m. today with a general session in the college auditorium.

"The Needs of the Adolescent and the Curriculum of the Secondary School" which is the theme of the conference, will be a presentation of a compilation of research material resulting from nation-wide projects which have been carried on by the P. E. A. for the past six years.

Dr. Daniel A. Prescott, formerly of Rutgers University, will be the featured speaker on the conference, which will be held in the Shryock Auditorium this afternoon.

Dr. Fred Redl of the University of Michigan, will be the featured speaker on the conference, which will be held in the Shryock Auditorium this afternoon.

Gibbons Presents Exhibit at Meeting of Math. Council

Miss Alberta Gibbons of the mathematics department exhibited the work of the University High school mathematics classes at the meeting of the National Council of Teachers of Mathematics held jointly with the Mathematical Association of America and the American Mathematical Society at Baton Rouge, December 30 to January 1.

The purpose of the exhibit was to show the integration of art, industrial art, and chemistry with mathematics.

Miss Gibbons has had exhibits at Adler Planetarium, Chicago; University of Illinois; Chase Hotel, St. Louis; and Field Day, S. I. N. U.

Landis Attends American Sociology Society Meeting

Dr. Judson T. Landis of the sociology department attended the national meeting of the American Sociological Society in Chicago December 27, 28, and 29. In the joint meeting of rural sociologists and educational sociologists Dr. Landis participated in a panel discussion of the topic "Social Interaction of School and Community."

PHILLIPS 66 TEAM
TO PLAY MAROONS

Southerners Top Upper Iowa And Southwestern Louisiana To Climax 1940 Cage Campaign

Cox, Campbell and Correll Top Scorers in Iowa Game; Sebastian Amasses 23 Against Louisiana

In their semi-final tilt of 1940, Coach McAndrew's Maroons expanded the list that topped their efforts in their first three games of the year and proceeded to triumph (both in the regular season and in the playoffs) against the Upper Iowa University, 55-30. Though the Southerners held the upper hand in their win-loss column previous to this game, their play had been consistently ragged and off color. Coach McAndrew's Maroons were in a bit of starting lineups in all of the preceding games in an effort to clear up the difficulties experienced by his proteges.

As a starting quintet in the Thursday night pre-arranged contest, McAndrew selected Bob Gray, Bob Correll, Fred Campbell, and Bob Gray and Fred Campbell, guard, forward, center, and guard positions. The quintet played the major portion of the game in a very good account of themselves.

First Half Even
The first half of the contest was a nip-and-tuck affair with first one then the other team holding an edge in the scoring. Finally due to the efforts of Bob Gray, Sebastian, and Fred Campbell, the Maroons took a one point edge over the locals, 22-21. At Gray's tricky long shot, kept his team in the running through the entire first half.

Maroons Clinch Game
The second half, however, was a very different story. The Southern quintet came to life with the proverbial "bang" as the second period began and the Maroons scoring machine went into its high gear to leave the visitors far behind. This Maroon offensive prowess which accounted for a total of 38 points in the second half in seven minutes of playing time, was led by Fred Campbell, who headed contributing five of the 18 corners gave to date unopposed exhibition of general form.

As outstanding as was the Maroons' scoring during this brief spurt was the general offensive tactics of the locals. They unleashed an offensive attack of passes and fancy fakes and tactics which seemed at times to utterly bewilder their opponents. The Jayvans were able to garner only a mere five points during the Maroon climb and never were able to regain their threatening position which they held at the halfway mark.

Southern Leaders
Leading the Southern throughout the contest was Cox, Sebastian, Correll and Campbell, and defensive stand-out Bob Gray. Cox and Correll each tallied 12 corners to top the Maroon quintet, while Campbell followed close behind the leader with 10 corners, while not among the scoring leaders, led the offensive trio of Cox, Campbell, and himself, in their deception of the boys defenders.

Pacing the Iowa quintet was their first. Bob Johnson, who paced on 19 1/2 points, most of which came as the direct result of his accurate shot from far out on the court.

The Southern cage squad climaxed its 1940 campaign on Saturday night before the Christiana crowd by defeating the highly touted Southwestern Louisiana quintet, 40 to 23. The game witnessed by only a few students and townspeople was probably the best for the year as far as the locals were concerned. The game was classed as a tie, the Southerners took advantage of their superior speed and passing abilities to emerge on the long end of the score. The game was fairly close throughout, but the

Following is the schedule of intramural basketball for next week:
MONDAY, JANUARY 13
Blues (Men's Gym) Time Rede (Women's Gym)
Mogule vs. KDA 6:15 Bulldogs vs. Park View Lodge
Jayvans vs. Harwood Hall 7:15 Jayvans vs. Triple B
Morjan House vs. Palazzi 8:15 Southern vs. Indiana
Rangers vs. Lantz Hall 9:15 Chi Delta Chi vs. Dunbars

TUESDAY, JANUARY 14
Blues (Men's Gym) Time Blues (Women's Gym)
Sigma Beta Mu vs. Palazzi 6:15
Triple B vs. Lantz Hall 7:15 Mogule vs. Harwood Hall
Tired Boys vs. Commuters 8:15 Morjan House vs. Lantz Hall
N. Y. A. Boys vs. Elite 9:15 K. D. A. vs. Carter's Aces

WEDNESDAY, JANUARY 15
Red League vs. Blue League
Men's Gym Women's Gym
Jayvans vs. Park View 7:15 Bulldogs vs. Indiana
Southern Ducks vs. Triple B 8:15 Dunbars

THURSDAY, JANUARY 16
White League in both gyms.
Men's Gym Women's Gym
Faculty vs. White League 7:00 Sigma Beta Mu vs. Commuters
Tired Boys vs. Jitterbugs 8:00 Lone Stars vs. Elite Barbers

Maroons out ahead in the scoring were never abandoned.

John Sebastian, Maroon forward, carried away all scoring honors by rolling in 23 points, the highest, incidentally, for any Maroon cage in this season. Fred Campbell played his usual game in addition to completing eight lay-ups, while Bob Correll chalked up six points to his credit.

Ralph Hurst, deceptive pivot man for the Louisianians, led his team by garnering 12 corners, some eight less than he racked up in the game here a year ago, when he led his team to a 21 to 25 win over the Carbondale team. LeBue was runnerup for the visitors with 11 points.

Coach McAndrew saved the starting nod to the same five which so effectively quelled the Upper Iowa two-nights previously, with the exception of the Bob Hurst who held down a guard spot in the absence of Bob Gray, who was not in uniform for the game.

Called by Sox and Uncle Sam

Eugene Kott, 22, believed first prospect of major league baseball club to be drafted by army, but he is being called by the military. The Saginaw, Mich., pitcher, owned by Chicago White Sox, was called for spring training after he won 10 and lost 11 with Lubbock, Tex., last season.

The Phillips team, last year's national semi-pro champions, will furnish the competition for the Maroons at the college gym on Thursday night, January 30. The game originally booked for January 29 was changed this week. The Phillips team boasts an array of ex-college American players who last year waded through all comers to gain top honors among the nation's big-time teams. Activity tickets will not be honored for the game. Instead there will be an admission charge of 40 cents per person.

PHILLIPS 66 TEAM TO PLAY MAROONS

SPORTS

BY HARRY PATRICK

For those ardent cage fans, members of the basketball "hot stove league" here are a few interesting statistics on this year's edition of the Southern court games... though you probably would have guessed it, the 1940-41 cage in their first five contests have proved themselves a more offensive team than was last year's squad. They have racked up an average of about 41 points per game and compared to the 38 point average of last year's team. A resulting drop in defense has also been noted, as their opponents hold a 33 point average over the last season's 29... In an economy on field shots, the Maroons boast a 21.8 average... in the Iowa game they connected at a 32.5 clip... nearly one for every three attempts.

Bill Glenn, stellar passer for Eastern Illinois Teachers football team and second-year quarterback on the 1940 "Little All-America" football team has been drafted by the Chicago Bears, national professional champion, in the annual National Football League Draft of senior college students. This gives the Bears exclusive right over all teams in their league to deal for the services of Glenn. The Bears also drafted Tom Harmon, All-American, in the annual National Football League Draft of senior college students. This gives the Bears exclusive right over all teams in their league to deal for the services of Glenn. The Bears also drafted Tom Harmon, All-American, in the annual National Football League Draft of senior college students.

Another "age for the books" occurred last week in Little Egypt sport circles... in a basketball game between the Mt. Vernon and the West Frankfort High school teams, Mt. Vernon gained control of the ball at the opening of the intramural cage game. In the first half... not a shot was taken during the entire 16 minutes... Frankfort refused to come out of their tight zone defense and the Mt. Vernon five refused to shoot over the defense. West Frankfort was victorious 25 to 17.

As is usual this time of year, grid coaches all over the country are clamoring for rule changes... chief among them this year seem to be the rule to permit a back hand, (not pass), the rule in any direction behind the line of scrimmage... this would be advantageous to both plays as line backs and "pick offense" plays... to change the rule on the four-down pass which falls into the end zone immediately, prevent the ball from being in play back on the 20 yard line... some advocate a clause which would compel each team to have the same number of players on the bench... they might "have something" to offer... it is not hard to see your team go down in defeat casually, but to watch them beaten by four or five different teams in the same afternoon is a little too much.

KDA CAGERS WIN OVER DELTA CHI FIVE 28-18

The Kappa Delta Alpha cagers defeated the Delta Delta Chi by a 28 to 18 count for its second consecutive victory of the season on Wednesday night. Nat Mangold was high pointer for the KDA's with 19 tallies. Warren Kins was his manover with 11. Lee "Sonny" Johnson came through with a nine point total to lead the Delta Delta Chi's.

TWENTY SEVEN TEAMS ENTER I-M CAGE LOOPS

BY HARRY PATRICK

Southern's increased enrollment was reflected in the intramural basketball leagues early this week when intra-mural cage Director LeLard P. Lingle announced last 27 teams had entered the contest. Last year's two leagues into three districts. The Old American and National League loops gave way this year to three leagues of somewhat patriotic tone; the Red, the White, and the Blue Leagues.

The more than 400 college men who signed up for the intramural participation in the three leagues represent a seventy-man increase over last year's crop. Each league as organized this year was aimed primarily at the expansion of last year's eleven team circuits.

Top ranking favorites this year include Carter's Aces in the Blue League; the Faculty in the White League; and the Dunbars in the Red League, as well as the Aces' eight of the National league with an undefeated record, then won the "Little World Series" crown in the playoffs with the Dunbars, leaders in the American Loop.

Ungate Heads Setup
"Doc" Lingle, head track coach and czar of the intramural cage activities, received thirty team applications this season but found it necessary to reduce that number to 27 due to the length of the playing schedule.

Games will have eight minute quarters and will be played under regulation rules. The 15 minute intermission will be cut down to five minutes. Contests will take place in both the Men's and the Women's gym in the new gymnasium on Monday, Tuesday, Wednesday, and Thursday nights. The games are run off each Monday and Tuesday with the first getting underway at 6:15; the second at 7:15; the third at 8:15; and the fourth at 9:15. There are four games on Wednesday and Thursday nights.

Bowling and Table Tennis Features of Winter Term

The P. E. Department is back in harness again after the holidays. Bowling classes are well under way with Agnes Lorinak leading all other players. However, there is some promising competition on the horizon and she may not be leading long.

Football Schedule for 1941 Completed

Coach Abe Martin this week announced the completion of his 1941 gridiron schedule by securing a game with the Evansville Teachers of Evansville, Indiana. The game will be the season's opener for the Martinsmen and will be played, September 27 at Southern. This brings the total games on the 1941 grid calendar to eight, starting on the above mentioned date, followed by an open date on October 4, then a game every Saturday until the closing contest, the traditional Turkey Day clash with Cape which will this year be played at Cape Girardeur. During next season the Maroons will play five times at home while playing on the road only three times.

STATE NORMAL, LAST YEAR'S CHAMPS, TO GET FIRST TEST VS. EUREKA

BY HARRY PATRICK

Hardwood rivalry for teams of the IAC conference will be resumed this week after a period of rest due to the holiday season.

Coach Harold Awe and his squad from Eureka hold the basketball limelight this week as they seek their fifth consecutive win and their second league victory when they tangle with Carthage. The Christian Era, averaging over six feet in height is led by their rebound specialist Bill Pruitt. Eureka will have a chance to tie its record with against last year's champs when they meet a veteran five from Normal Friday night.

Normal Again Strong
Coach Ray Henson of Normal boasts of two successive IAC championships and with virtually the same material for the current campaign, appears to be the one who most will be beaten if any other team desires conference laurels. Agala pacing the "Bloomingtown" team's attack will be John Scott of Centralia.

Scott captured scoring honors in the IAC game which went to the Faculty by the overwhelming score of 73 to 9. The "Tired Boys, an array of fine players who should really go places, were taken by surprise as the "Turner's" Wildcats pushed them all the way before the "Tired Boys" finally won out 23 to 24. The thriller of the night, however, was played between the Chi Delta Chi and the Jayvawks. Coming from behind a 9 to 2 count at halftime, the first boys of the contest at all and then went on to win in a "sudden death" overtime as rookie Bill Whitson flocked in a one hander from the corner.

Complete scores of the first night's games are:
Red League
Chi Delta Chi 18, Jayvawks 16 (overtime).
White League
Bulldogs 16, Triple B 21.
Southern Ducks 35, Park Views 9.
Faculty 11, Panthers of 611 8.
White League
Faculty 13, N.Y.A. 9.
Sigma Beta Mu 23, Lone Stars 10.
Tired Boys 23, Turner's Wildcats 24.
Jitterbugs 40, Christopher Commuters 16.

Harvard University Orthologists Chase Seagulls by Airplane in Effort to Learn Something of the Amazing "Homing Instinct" of the Birds

Following is a list showing the names comprising the three new intramural basketball leagues:

- Red League
1. Dunbars
2. Chi Delta Chi
3. Dunbars
4. Park View Lodge
5. Indians
6. Panthers of 511
7. Dunbars Deuces
8. Bull Dogs
9. Jayvawks
- White League
1. Elite Barbers
2. N. Y. A. House
3. Lone Stars
4. Turner's Wildcats
5. Christopher Commuters
6. Jitterbugs
7. Tired Boys
8. Sigma Beta Mu
9. Faculty
- Blue League
1. Carter's Aces
2. Kappa Delta Alpha
3. Harwood Hall
4. Park View Lodge
5. Dentz Hall
6. Rangers
7. House of Moron
8. Faculty
9. Moza

Southern Visits Evansville College Wednesday To Tangle With Fast Hoosier Quintet

BY HARRY PATRICK

After four consecutive home games the Maroons leave their camp this week to meet off-state opposition at Evansville, Indiana on Wednesday night. From early season performances the Aces stand as one of the strongest quintets to be faced by Southern in current campaign encounters.

Boostered by a thrilling 40-33 victory over Southwestern Louisiana Institute, the hopes for a successful campaign are definitely on the upgrade. With their passing attack functioning the best it has since the season's opener, Carbondale exhibited considerable improvement in its final appearance before their long Christmas vacation. However, the combination which wrecked up the win over Southwestern will probably remain intact for the Evansville trip.

As center, as usual, Bob Correll, will continue to anchor starting assignments. For scoring power, Coach McAndrew can rely on John Sebastian who reached a new high in offensive prowess when he tallied twenty-three points against Louisiana Institute, a sophomore forward from Ocala by way of "Stem High School, has found his "eye" in workouts during the past week and has given fans reason to believe that his "kiss" shots may prove to be Southern's chief scoring thrust. Verlie Cox, recently converted from a guard into a forward, will probably team with Sebastian, while Bob Hunter and Fred Campbell take care of the two guard spots.

FACULTY, T-B'S AND CHI DELTS PACE I-M OPENER

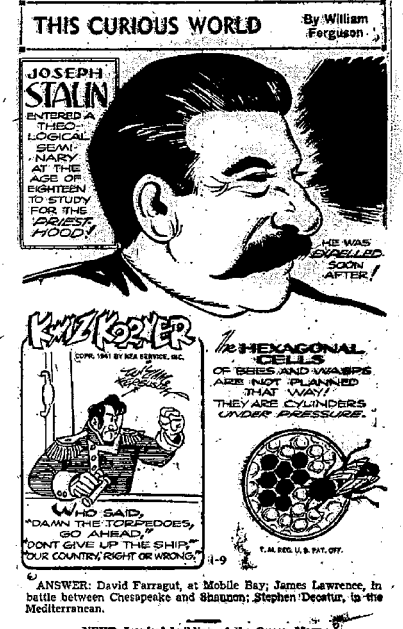

The intramural basketball season got under way Wednesday night in fine fashion with eight games being run off in the gymnasiums. Judging from the show of team strength on the opening night, the leagues this season should be more evenly matched than ever before. Highlighted among the opening night games were the Faculty vs. the White League, which tied all the way before the "Tired Boys" finally won out 23 to 24. The thriller of the night, however, was played between the Chi Delta Chi and the Jayvawks. Coming from behind a 9 to 2 count at halftime, the first boys of the contest at all and then went on to win in a "sudden death" overtime as rookie Bill Whitson flocked in a one hander from the corner.

Complete scores of the first night's games are:

Red League
Chi Delta Chi 18, Jayvawks 16 (overtime).
White League
Bulldogs 16, Triple B 21.
Southern Ducks 35, Park Views 9.
Faculty 11, Panthers of 611 8.
White League
Faculty 13, N.Y.A. 9.
Sigma Beta Mu 23, Lone Stars 10.
Tired Boys 23, Turner's Wildcats 24.
Jitterbugs 40, Christopher Commuters 16.

Twenty-two Freshmen were out for basketball Tuesday evening. An acting manager was voted for and Margo Raiz was elected to fill the position. Temporary teams were picked and each team played a team of upper classmen in approximately fifteen trials and one unsuccessful free throw.

Some of the more promising players are shown in the Mavis Bode, Fayette Cox, Margaret Oberg, "Moza" Raiz, Helen Yates, and Barbara Strickland. In the future Freshmen will meet on Mondays and Wednesdays, to prepare for the inter-class tournaments.

PARENTS, BE COMFORTED! ONLY ONE-FIFTH OF STUDENTS LOSE NEEDED SLEEP OVER COLLEGE

AUSTIN, Texas—Parents who worry about their college sons and daughters not getting enough sleep will find comfort in the figures compiled in this survey of Student Opinion Surveys of America. College boys who say they sleep less than seven hours each night constitute only one-fifth of the national student body. The other four-fifths get at least seven hours, and of the total 7 per cent say they spend also or more hours under the covers.

8 or less hours.....	4%	5%
6 hours.....	3%	19
7 hours.....	34	41
8 hours.....	35	30
9 hours.....	9	5
10 or more.....	2	1

Turning from the field of attitude measurements, the surveys through the national polling machinery has asked a sampling of all types of students, "How many hours a night do you usually sleep?"

It was found that women, by their own admission, sleep more than do men. Lower-classes (freshmen and sophomores) spend more time in bed than do upper classes (juniors, seniors, and graduates).

Note in the following breakdown how the percentages tend to decrease among the longer sleeping periods for women, while they tend to decrease in the column for men:

Sleep per night: All	Men	Women
5 or less hours.....	4%	5%
6 hours.....	17	35
7 hours.....	37	35
8 hours.....	33	31
9 hours.....	7	6
10 or more.....	2	1

The table below shows how added activity or longer study on the schedules of upper-classes cut down sleep. But the survey revealed no evidence that during the normal college day there is any wholesale studying in the "wee small hours." The majority of students, the cross-sections bring to light, sleep seven

Some people think that they can manage beautifully without leadership, but many in Mrs. Marzey's classes found the adviser to be true and are patiently waiting for her return.

Ragsdale Will Talk on Scholarships to Kappa Phi Kappas

Mr. Ted Ragsdale of the Education Department will discuss "How to Secure a Scholarship or an Assistantship" at the Kappa Phi Kappa meeting next Thursday evening, January 16. The meeting will start at 7:30 and will be held in the Little Theatre, Kappa Phi Kappa President, Nesh Tapley, has announced that since the topic to be discussed is of interest to all students contemplating doing graduate work, the meeting will be open to all students of the college. A social hour following the meeting has been planned and refreshments will be served.

Bracewell, Ditzler Go to Univ. of I. For Farm and Home Wk.

Mr. George Bracewell of the rural education staff, and Miss Lovaine Ditzler, Rural Life Club member, attended the annual Farm and Home Week held on the campus of the University of Illinois this week. While in Urbana, Miss Ditzler attended a meeting of a committee of which she is a member to make plans for a Rural Life Club conference to be held at the University of Illinois.

W. A. A. INITIATION BANQUET SCHEDULED FOR JANUARY 15
 The W. A. A. initiation banquet will be held Wednesday evening, January 15, at six o'clock at Banquet Cafe. Tickets may be purchased from Nancy Cooper in the gym during seventh or eighth periods. The price of the tickets is 55 cents.

Southern Graduate Receives Fellowship in Organic Chemistry

Dr. R. T. Arnold, a graduate of Southern Illinois Normal University, was awarded one of the six post-doctorate fellowships for research in organic chemistry for the year 1941-'42 given by E. I. DuPont de Nemours & Company, Incorporated. The fellowship is for \$2000.
 Dr. Arnold, formerly of Collinsville, graduated from S. I. N. U. in 1934. He obtained his Ph.D. at the University of Illinois in 1937 and has been instructor of chemistry at the University of Minnesota since that time. During his senior year here, Arnold was secretary-treasurer of his class; vice president of Kappa Phi Kappa, honorary education fraternity; and chaplain of Chemeca, honorary chemistry fraternity.

STUDENTS AND FACULTY ALIKE CONDEMN COLLEGE CONTROL OF POLITICAL ACTIVITIES

AUSTIN, Texas, January 10—Action supporters of academic freedom and student rights were recently estabed when the University of Michigan with one-student letters refused re-admittance to thirteen young men and women "because they were considered disturbing influences."

University officials have declared the action was not taken because of the students' political ideas or activities, but the Michigan Committee for Academic Freedom and the barred students themselves believe they have shown that this was the basic reason. The problem of academic freedom is placed before the entire student enrollment of the United States, especially now during these war days of fifth-column scurrying and un-American activity investigations, what is the consensus of the democracy's college youth?

Student Opinion Surveys of America has sampled the nation's colleges and universities. It finds everywhere overwhelming majorities opposed to any control of either student or faculty thought or activity. Polling a representative cross section of U. S. campuses, interviewers asked, "Do you believe that a college has the right to control a student's personal political activities or expressions of opinion?"

YES, said 4%
 NO, said 96%
 Regarding control of faculty members' political activities or opinions, these were the results:
 YES, said 3%
 NO, said 97%

The slightly larger percentage in favor of control of the faculty may be due in part to the influence of teachers themselves, many of whom believe that in times like these they should show restraint. That feeling was expressed by Prof. J. G. Stutz, of the University of Michigan, who declared, "Teaching should protect democracy, but in periods of stress it is of paramount importance that academic freedom does not provide the cause for denial of democratic education as a result of abuse of the privileges. At the same time, we must insist upon the preservation of academic freedom in order that we may prevent disastrous results from defense dictatorial."

ORVILLE BRIGHT NAMED HEAD OF ILL. EDUCATORS

The eighty-seventh annual meeting of the Illinois Education Association was held December 26, 27, and 28 at Springfield, Illinois.

During the meeting, Dr. Orville Bright was elected president of the I. E. A. for the coming year, and Mr. Russell Nalson, superintendent of Harrisburg schools, was elected first vice president.

Those attending the meeting from Carbondale were Dr. Emerson Hall, Dr. T. W. Abbott, Mr. George Bracewell, President Roscoe Pulliam and Miss Mary Enteminger.
 Dominating the discussions of the meeting, because of its proscribed revolutionary changes in teaching circles, was the teachers' tenure bill. Briefly the gist of this bill, drafted by a teacher after a six-month period of probationary experience (two years for example) would continue in that same position for an indefinite term, subject to the performance of official services. Such an act would end the dismissal of teachers by partisan, selfish or political reasons.

Recognized as a great aid to the cause of the tenure bill was a panel discussion which explained the benefits of the act. Two members from Carbondale, Miss Mary Enteminger and Mrs. Blanche C. Merwin, participated in this discussion.
 Besides the general clarifying of the tenure bill the remainder of the meeting was devoted to formulating plans for the coming year and electing officers.

Like Father Like Son

Many people have noted the growing resemblance between President Roosevelt and his third son, Franklin Junior. The latter's latest picture appears at top, where he is seen starting his new \$1200-a-year job with the Wall Street firm of Wright, Gordon, Zachary and Parnin. The striking likeness is apparent when Franklin Junior's picture is compared with that of his father, below, who also started his career as a lawyer.

Wants Undress Scenes Cut from Film

Movie star Binnie Barnes claims she didn't know camera was recording scenes like this one with Melvyn Douglas. She says her hubby, Mike Frankovich, objects, and undress shots must be deleted or she will sue film producers.

Headed for the Hudson

Torger Toile appears to be headed into the Hudson river as he jumps 155 feet in winning leap of Bear Mountain Ski Club's first 1941 meet. The sensational young Norwegian's jump was made in face of strong wind.

JOHNSON'S

After Trip Through Southland, Gaetz Decides "Summy South" Is phrase Coined By C. of C.

Wright, Bulla, Tapley, Smith Accompany Writer on Holiday Jaunt In "Old Sam"

By WILLIAM GAETZ

Before explaining any of the scenic beauties of the city, I would like to clear up one misunderstanding. Harold Wright, Bob Bulla, Noah Tapley, Jimmy Smith and I came to the conclusion that the "Summy South" was merely a phrase coined by the southern states. Chamber of Commerce, since it failed nearly every day of our journey.

The first day of traveling took us to Nashville, Tenn. Nashville itself will be termed the city of colleges. Among the more important higher institutions located there include Vanderbilt University, Eastern Tennessee College, Jim Pike University for colored people, and Ward-Belmont, an exclusive girls' school. Occupying the center of attraction for the city of Nashville is an exact reproduction of the Greek Parthenon which was built in the latter part of the nineteenth century. The building appears just as the old Greek Parthenon was before its destruction.

Describes Plantation

The route from Nashville to Birmingham, Ala., gives the traveler some idea of the beauty of many of the southern plantations. The plantations, with their well kept fences on the other hand, much of the misery and equal of many of the share cropper homes afford a sharp contrast. Fog and rain prevented our exploring the "Plantation of the South" as much as we would have liked to. We began going up what we thought was a hill, but later found out it was Shays' Mountain. It was so foggy on top that we were afraid to descend on the other side so we turned back to the Old Sam. Our four boys have a big way ahead of the brakes were short out.

Sleep Democraticly

I might mention how we managed our lodging at night. We would rent a cabin for four and six beds there were five of us. The folks would have to sleep on the army cot we took along. Being a very democratic group we would give a cot to each of whom the unfortunate victim was who had to sleep on the cot.

On our way to Florida, we stopped in Montgomery, Alabama, to look at the capitol. It was in Montgomery that the birth of the Southern Confederacy took place. No matter what size the town in the South may be, each one has a statue to their leader. In Florida, we would have to sleep on the army cot we took along. Being a very democratic group we would give a cot to each of whom the unfortunate victim was who had to sleep on the cot.

Third Night in Pensacola

The third night was spent in Pensacola, Florida. Upon awakening the next morning it rained as though a blizzard were taking place. If you can imagine several hundred planes grazing overhead you can get some idea of the noise. Pensacola is the navy air base and it is here that the finished ship is turned out. We drove over four miles of bridge connecting Pensacola Beach and Pensacola. Noah Tapley and Jimmy Smith decided to leave the weather and wearing coats, proceeded to wade in Pensacola Bay.

Proceeding on to New Orleans, we stopped in Mobile to visit Bellingrath Gardens. These gardens may correctly be called the most beautiful spot on earth. Here we saw apparently sixty acres of land that have been landscaped and developed into a flower garden. Many of the camellias were in full bloom and situated against a background of picturesque green oak trees with their hanging Spanish moss. A perfect sight that is difficult to forget.

New Orleans—Two Cities

Visiting in New Orleans was like visiting in two separate cities. Picturing Old New Orleans' French Quarter holds the limelight of interest. Its narrow streets and quality colored buildings are far away from modern cities. In the Catholic one may still see the old Spanish style of architecture with its court yards. It was in this building that the French turned over the Louisiana territory to the United States in 1803. St. Louis Cathedral was located

next to the Cathedral. This cathedral was built in 1726 and still stands. One die in the fact that New Orleans is below sea level, they must bury their dead above the ground. Each family has its own burial vault.

Highlighting the holiday season is the annual Sugar Bowl classic that was played on New Year's Day. The city was brilliantly decorated for the occasion. One of the most amusing things we saw was four Boston supporters with a "sit-down" card game and America's widest thoroughfare.

Return Eventful

Our return was quite an eventful one. In Baton Rouge we visited the capitol of Louisiana. This building is considered quite an engineering feat, since it was completed in fourteen months. We also visited Louisiana State University in Natchez, Miss. We saw the old antebellum plantation, Belle Meade, home of the South. The stigma of this town is "where the South still lives" and we were thoroughly convinced after seeing some of the South's true hospitality. These homes afford one a chance to see how the old antebellum of the South lived before the Civil War. Confined on to Vicksburg, we stopped to view the famous battlefield of the North and South. Probably the most attractive monument located on this battlefield is that of Tilgham to the men who fought in the Civil War. We completed our trip Friday, impressed by the fact that we could cross any bridge in Illinois without having to pay a toll fare.

Dr. J. A. Stoetzle
OPTOMETRIST
206 West Main St.

Street in People's Photography's "Picture of the Month," the grandest early morning in the city is captured in this unique photo. Note how a third-dimensional effect is gained as buildings fade into smoke and mist. The solitary taxi emphasizes the stillness of the hour.

WHAT DO YOU KNOW ABOUT LITTLE EGYPT?

By BILL REYNOLDS

THE SECOND STEP

Egypt has taken the second step out of the wilderness. A few days ago Representative Kent Keller announced that a powder plant has been secured for this area, with the possibility of a nitrate of ammonia plant. These new plants will help to a great extent to eliminate the vast amount of unemployment in Southern Illinois due to the gradual decline of our great coal fields.

Naturally these plants are to be built to take vital places in the current National Defense Program, but unlike many war industries they will be easily adaptable to a peacetime economy. When the boom is over they will remain.

A powder plant could produce most of the chemical products used today. Cellulose, nylon, rayon—any of these may become Egypt's next big industry. A factor in our favor is that we still possess large amounts of coal, which is the chief basic raw material for these synthetic products.

Ammonia nitrate, since it is extensively used in the manufacture of ferrous alloys, would by no means become inactive in peacetime.

Attract Other Industries

In addition to these two factories, Southern Illinois, Incorporated, is starting a campaign to attract other new industries. This association of business and professional men, in cooperation with the organized labor of Egypt, is preparing a brief for the consideration of the National Defense Commission in recommending locations for industrial plants. This document will point out the advantages Southern Illinois can offer in industry and the social and economic need of

the area for industry.

Parrish Does Research

Dr. John B. Parrish of the economics department, in doing most of the research work in connection with this brief, which will be treated more fully in a succeeding issue of this column.

Another move designed to bring Egypt out of its economic slump is under way. O. W. Lytle of Harris recently sponsored before the Interstate Commerce Commission hearings on the application of Southern Illinois mine operators for a special rate on coal shipment to Chicago. Lytle presented much statistical information on the conditions in Egypt as a result of the loss of these southern markets, which were secured by the West Virginia coal fields under prewarrent shipping rates. According to Lytle, the outlook is hopeful.

Southern Illinois has taken the second step and is about ready to break out of the wilderness.

Richard Lence Sings Over WJPF, Herrin

Richard Lence, Junior at S. I. N. U., sings over WJPF every Tuesday morning at 8:45 o'clock on the Alice. Lence is temporarily replacing for Yerna.

HOW

To Look Lovelier!

KNOW THYSELF is what Shakespeare said... and he wasn't referring to beauty principles. We say KNOW THYSELF and we mean know the hairstyle best suited to your personality, know the cosmetics to enhance your natural coloring, know the steps to perfect grooming! Know all this and practice it—day in and day out—until you've got beauty well in hand. START the New Year right and you'll END it by being lovelier, more charming YOU!

YOUR DOCTOR IS OUR BOSS

What the Doctor says, goes. That's the rule here. Every prescription—yes, every prescription—is filled in exact accordance with his written orders.

We go a step farther and maintain the highest ethical standards. Only fresh, potent drugs are used, and we employ skilled, registered pharmacists to serve you. Yet you will find our prices no higher than you would pay elsewhere. Ask your Doctor about this pharmacy!

SOCRATS WILL GIVE PLAY AT MEETING NEXT WEDNESDAY

William Rosso Has Leading Role in Drama

At the regular meeting next Wednesday night at 8:00 p. m., "The Brave" will be presented by the Socratic Literary Society. Those in the cast are: William Rosso, William Tandy, a bookkeeper; Fungo, a Negro; Neil Sashchek; Director: Clark; Charles Hamilton; Miss Sweet—Arlene; Helen McLaughlin—Gretchen; Wilson; Miss McFendon—Ann Abernathy.

William Tandy is pursued by three young ladies, of whom he can't choose his true love. Together with the doctor he decides to test their love. In the ensuing effort, William Tandy loses all his lady friends and the doctor comes out the victor.

The Socratic Literary Society met Wednesday night, January 7, with the new officers presiding. They are: William Rosso, president; Eugene Rohala, vice president; Louis Macchi, treasurer; Arlene, Clara, secretary; and program chairman, Betty Jane Mercer.

During the meeting, the following people were appointed: under Charles Hamilton, publicity agent, Julianna Kudlak; and Pat Hill, Elmer Kiehn, and Ronald Boswell were asked to serve on the program committee. Miss Helen Danwick played several piano selections.

How To Lose Friends And Antagonize People; Do You Get In Other People's Hair?

By JOHN WHITESIDE

Several score and many years ago our fathers brought forth upon this continent a new nation, conceived in aspiration and dedicated to the principle that all men are created equal. (With all apologies to Alexander Lincoln.)

Are you a loner who gets in someone's hair? Are you the guy or the gal that gets the causing under other people's breaths? If you are, you do not realize that you are sometimes very antagonizing, but ask your best friend (if you are not too bad and don't have any).

Little things, like gum chewing, are very annoying to some people. A moderate conservative gum chewer can indulge in the great American vice and never be noticed, but the young woman who pops twice to the world is not appreciated by those who are forced to listen. How would you like to pick up your teeth and hear, "gum-pop-pop-pop-pop-pop-pop-pop?" Or how would you like for your math teacher to blow a chewing gum bubble between the fourth and fifth discussion.

What could be worse than being disturbed from deep slumber with a glass of ice water, or a little tickling. Many times I have envied Rip Van Winkle, who slept for twenty years without the slightest annoyance from the outside. How would you like to pick up your teeth and hear, "gum-pop-pop-pop-pop-pop-pop-pop?" Or how would you like for your math teacher to blow a chewing gum bubble between the fourth and fifth discussion.

Among the intellectuals "ain't got no" user is worse than the "ain't got no" user. And to the college student "ain't" "ain't" and other words with the correct pronunciation proves to be a pain in the neck. The remedy for this is two vocabularies, one list of speech to be used in the sweatsuit list and on the campus, and the other for opera, tea, or extra.

Those people who are always borrowing usually have less friends than a worm has ears. Everyone has this vexing habit. Why, I borrowed

CAMPUS BULLETINS

NOTICE, SENIORS!

Senior class rings with the Southern crest will be on display at Higgin's jewelry store starting Monday. These rings will be the same as the rings ordered. Gold ring prices range from \$7.50 to \$10.75. Silver rings, pins and locks, necklaces, keys, etc., with the Southern 1891 standard crest will also be available. Senior orders will be taken at any time.

STUDENTS WORKING ON THE NVA PROGRAM ARE REMINDED THAT TIME CARDS FOR THE MONTH OF DECEMBER ARE DUE IN THE STUDENT EMPLOYMENT SERVICE NOT LATER THAN FOUR O'CLOCK TODAY (FRIDAY, JANUARY 10).

Dr. D. E. Lawson of the education department will speak on emotional contacts the next meeting of the Preparation for Marriage course Thursday, January 16, in room 192 of the Main building.

WILMA RAINS ATTENDS CHURCH CONFERENCE

Wilma Rains, president of the Student Christian Council, attended the Inter-Church Student Conference held at North Central College in Naperville December 27-31. Student representatives from sixty colleges and universities were present at the meeting.

The conference, which was under the auspices of the University Commission, and the Council of Church Boards of Education, used as its theme "The Christian Community on the Campus."

Leading speakers at the conference included John A. Mackay, president of Princeton Theological Seminary; Theodor A. Wedel, canon at the Washington Cathedral; Gould Wickey, general secretary of the Council of Church Boards of Education; and Luther Tucker, secretary of the World's Student Christian Association.

SCHOLARSHIP

Graduating seniors who are interested in graduate assistantships and scholarships for graduate work next year are asked to check the bulletin board outside room 712, Main building, for announcements. Questions concerning these should be referred to Mr. Ragsdale.

All students wishing to change their list of extra-curricular activities which will appear in the 1941 OBELEISK should call at the OBELEISK office sometime next week. Only changes, not additions, will be made.

ACTIVITY PICTURES

All students who have not had their pictures made for activity tickets, please report to the Photographic Studio, Parkinson Laboratory basement, on Thursday, January 16, from 2:00 p. m. until 5:00 p. m.

NOTICE, FOTOS!

There will be a meeting of Fotos on Thursday, January 16, at 7:00 in Old Main. New officers will be elected and the annual winter show to be held soon will be discussed.

No Tackling Around the Neck!

A new style tackling dummy shown at football meeting in New York City is examined by Coaches H. W. Wickstrom, left, of Tulsa University, and W. R. Holmer, Boston University. It should bring the boys out to practice.

ALUMNI NEWS

Allers, Earl, '28, is teaching vocational agriculture and science at Albion High school. He is doing graduate work at the University of Illinois during the summers.

Anderson, Clyde W., '31, who is located at 1601 W. Copeland, Marion, Illinois, is employed in the Division of Old Age Assistance of Williamson county. He was married to Doris Givens of Carbondale on New Thanksgiving Day of 1939.

Anderson, Vernon A., '34, is starting his fourth year as librarian and teacher of science and French at Pans Township High school. His master's degree in zoology was conferred last October by the University of Michigan. He plans to continue work there next year. His wife is Virginia Sherrill of Chester, Illinois. They have a baby boy 11 months of age.

Arnold, Clyde '36, has an assistantship at the Ohio State University in entomology.

Bailey, Lowell F., '32, obtained his

Ph.D. in botany from the University of Michigan, Ann Arbor, Mich. He is now located in the botany department of Grand Rapids Junior College. His publications for 1940 are as follows: Some Water Relations of Three Western Grasses; 1. "The Transpiration Ratio," published in the American Journal of Botany, Vol. 27, No. 2, 122-125, Feb. 1940; 2. "Drought Resistance," and 3. "Root Developments," which were published in the American Journal of Botany, Vol. 27, No. 3, 129-135, March 1940.

Barackoff, Paul G., '39, expects to finish requirements for his M. A. next summer from the University of Missouri. He has completed a paper on "The Food Habits of Gambusia affinis of Reelfoot Lake, Tennessee," and this paper is to be published in the Journal of the Tennessee Academy of Science.

Barner, James A., '32, is located at Dubois, Idaho, where he is employed by the U. S. government. He is in the department of agriculture. He is married to the former Wilma Jones of Walpole, Illinois. They have a one-year-old daughter, Judith Ann.

Bayman, Aden C., '34, is principal of Tamara High school and teacher of biology since 1935. He has collected biological specimens in 27 states and Canada. The Illinois state school inspector rates this collection the best high school collection in the state. He received his M.S. from the University of Michigan in September, 1940, with a major in zoology and with lightology as his special field. At present he is making a survey of the fishes of Southern Illinois and is planning a checklist of the fishes of Illinois. He published his Illinois state life survey certificate in October, 1940. He was married to the former Wanda Bailey of Tamara, December, 1937.

Berry, W. Harris, '36, has been employed as organization director of the Saline County Bureau since last June. Writing insurance is a sideline of his, and during the summer months he wrote enough to qualify his wife and himself for a vacation trip along with 209 other insurance agents and their wives to Chicago and Boston, Mass. His three-year-old son has already started to collect butterflies, katydids, etc.

Bingman, William K., '34, is teaching biology and general science at the Saline County High School. He is a Bladen, James, '29, is practicing physician and surgeon at Sidney, Ill. He graduated in medicine from the University of Louisville at Kentucky in 1935.

Boomer, George Louis, '39, is located at Alpha Kappa Kappa, 763 E. Bellevue Place, Chicago, Ill. He now is a sophomore at Northwestern University Medical School.

Brickner, Eugene '34, is head of the Ellis Fisher State Cancer hospital at Columbus, Mo.

Bridges, J. Frank, '29, has been located at Carbondale Community High school for the past eight years, where he teaches biology and P. E. and is the athletic coach. He completed his M. A. in physical Education at Iowa State University in January, 1938. He says he is married

and "but broke". A complaint which he made during football season was "Between football and hurding, this season is a very tough time of the year for me—but there's quit in the ice-box."

Buell, Elizabeth, '33, is completing her master's thesis in botany this year at Oberlin College. She is also working as director of one of the college dormitories, Fairchild House.

Cagle, Fred Ray, '37, is still the critic teacher in biology at the University High school here at Southern. For the second year he received an Illinois Academy of Science grant for the continuation of a survey of reptiles and amphibians in Jackson and Union counties.

Cagle, Fred Ray, Mrs., '38, is busy taking care of a baby and a husband—a full time job. Mrs. Cagle is the former Josephine Alexander.

Curson, Gilbert (Ted), '31, is coach at State Teachers' College, Charleston, Ill.

Chambers, Ray, '29, is located at 728 N. Tenth avenue, La Grange, Ill. He is teaching geography in Lyons Township High school and is assistant football coach.

Clinton, Dennis, '34, is teaching biology, mathematics, and has charge of the band in Waterman High school near the Northern State Teachers' College at DeKalb and is a member of the Northern Illinois Science Club. He has had considerable success with his band both in state and national contests. He received his master's degree from the University of Illinois in Education and is doing advanced work in music at the University of Chicago at present. Mrs. Clinton is an active officer in State P. T. A.

Closter, Charles A., '39, completed his master's degree in zoology at the State University of Iowa this past summer. He married the former Maxine Corzine, class of '39, in June, 1940.

Culver, Edward, has been at Mayo Medical Institute, but he recently moved to Corpus Christi, where he intends to practice medicine.

Creager, Mary Dexter, '37, is teaching biology, English, and physical education at Vienna Township High school, and is assistant general chairman of the Illinois Academy of Science. She spent last summer at the University of Illinois Junior Academy of Science meetings and is preparing exhibits to take to the meetings in Chicago, Ill. He is teaching biology, mathematics and coaching at Brighton, Ill.

Dickerson, Harry O., '38, has been teaching High School grades for the past 10 years and is now principal. He is married and has one child six years of age.

Dixon, Warner B., is located at P. O. box 73, Des Plaines, Ill. He has taught 13 years, and 12 of them were in Cook county. For the last six years, he has taught in the Junior High at Des Plaines. He taught five years at Elmwood Park with George Wells, George Calhoun and several other alumni of Southern.

He and Mildred Eads were married five years ago. His present location is at the corner of the forest preserve just north of Des Plaines.

Douglas, Woodrow, '40, is working with Butler Brothers' wholesale firm at St. Louis.

Evans, Frank H., '34, is herding "Ducks" through wilderness country. He spent two months this fall in reconnoitering western primitive areas, and is soon to go back East on a lecture circuit in behalf of Wilderness Trail Trips which is operating out of Darby, Montana.

Fors, Clifford, '35, has been working in the waterworks department of Carbondale for the past 14 years. He now has charge of filtration. At the annual meeting of the Illinois Waterworks Operators' Association, Mr. Fors was elected chairman of the association. He is married and has a boy and a girl.

Galbreath, Joseph M., '29, is head of the biology department of the Senior High school of East St. Louis, Ill. He married the former Thelma Gray, class of '29, and has a daughter 10 years of age.

Chesterfields

It happens everywhere—
give smokers what they want

It's the cooler... better-tasting... milder cigarette

It's called the SMOKER'S cigarette... Chesterfield... because it's the one cigarette that gives you a COMPLETELY SATISFYING smoke.

You try them and find them COOL and PLEASANT. You light one and find they really TASTE BETTER. You buy pack after pack and find they are MILDER.

Do you smoke the cigarette that Satisfies... it's the smoker's cigarette
