Johnson Says Union Is Full of Hope

★ ★ ISIT You Is. Or ISIT Aint My Baby?

The SIU campus has been hit with a plague of "ISITs." What or who is an ISIT? What does ISIT mean? Right now ISIT — person, thing or whatever — is under wraps and won't be completely eased until Jan. 12.

Monday night, some 300 posters branded with large ISITs were pinned on bulletin boards in most of the University buildings.

Jan. 12, the date set for the publicity release, the 300 ISIT posters will be replaced with 300 other posters that will inform students what ISITs are or is, and what they should do about them or it.

Students having ideas what ISIT is or means are invited to send their suggestions, along with names and address, to BP, 303 Pierce Hall.

The tickets, which cost \$3.50 each, will allow entrance to all basketball, wrestling and gymnastic events.

Cost to students attending events without a winter season ticket will be 50 cents.

Andrew T. Vaughan, head of ticket sales, has advised students who have a fall quarter athletic event ticket that the tickets aren't valid for the winter sports period.

However, students who purchased \$6.50 combination fall-winter tickets will still be admitted.

Invites Communist Leaders To U.S. in Annual Message

WASHINGTON (AP) — President Johnson asked Congress Monday night for a substantial excise tax cut this year, a new \$1.5 billion education program and massive attacks on poverty and killer diseases.

In a State of the Union Message in which he said the state of the union depends in large measure on the state of the world, Johnson voiced hope that Russia's new leaders can visit America to learn of this country at first hand.

It was understood that no formal invitations have gone out to Russian leaders.

Nor did the President say how many or what leaders he had in mind.

Declaring that the state of the union is "free, restless, growing and full of hope," Johnson said in a speech broadcast to the nation that the budget he will send Congress will be designed to move the economy forward.

He set forth what he called a national agenda. He set a design to keep the economy growing, open opportunities to all Americans and improve the quality of life for all.

Johnson proposed:

- A health-care program for the elderly under Social Security.
- A massive attack on crippling and killing diseases.
- A national effort to improve the American city.
- To increase the beauty of the nation and end the poisoning of rivers and atmosphere.
- To help develop regions suffering from distress and depression.
- To launch new efforts to control and prevent crime and delinquency.
- To wipe out all obstacles to voting.
- To support achievements in the field of thought and art. He said he will propose a national foundation of the arts.
- To make "an all-out campaign against waste and inefficiency."

Over the next six weeks, Johnson said, he will be submitting special messages to Congress setting out detailed proposals for action. The White House said he would be working Tuesday on these messages.

New Activity Cards Ready for Students

Offices Shift as Construction Sets Off a Chain Reaction

It's moving time again at Southern Illinois University. Offices, clubs and faculty members change location when new buildings are completed, and others expanded when more office space is needed. When one office relocates, a chain reaction often occurs and several other offices move.

Rino Bianchi, administrative assistant at SIU, reported that the Faculty Club must move because it is located where the new Physical Science Building will be con-

structed on what formerly was South Thompson Street. The club will move by mid-January to 211 W. Harwood, the building the Alumni Service has occupied.

The Alumni Service has moved to the third floor of Anthony Hall, which was occupied by members of the Department of History. The history offices have been moved to 209 W. Harwood.

Other moves include Systems and Procedures to 911 S. Forest St., and the national headquarters of the Sociological Quarterly to 601 W. Mill St., the Department of Mathematics has been given additional space at 409 W. Mill St.

Since July 1, 1964, there have been 49 such space allocations, including many to the new SIU Arena.

Acquisition of 138-Acres at VTI Campus Paves Way for Construction, More Facilities

Expanded vocational and technical facilities at Southern Acres will be possible now that SIU has acquired a site, John S. Rendleman, vice president for business affairs, has announced.

The University has acquired, as government surplus, 138 acres and 23 wartime buildings in the Crab Orchard Wildlife Refuge, 10 miles east of Carbondale. Since 1951, the area and buildings have been leased from the government and used by the

University for a Vocational-Technical Institute.

One and two-year terminal education programs in vocational, technical and business courses are taught there, as well as manpower retraining programs under the Area Development and Manpower Development and Training Acts.

Now that the land is owned by the state, plans may be activated for construction of permanent buildings, Rendleman said.

National Security Seminar Planned at SIU in 1966

The Industrial College of the Armed Forces will hold a National Security Seminar on campus March 21, 1966.

Delyte W. Morris, SIU president, received official announcement from Lt. Gen. August Schomburg, commandant of the Industrial College, stating Carbondale had been chosen one of 14 cities in which a seminar would be presented.

The seminar will attract approximately 1,000 people for two weeks of lectures.

"Your community was chosen, in part, because of the interest and enthusiasm we believe will be in evidence during the course of our program," Schomburg wrote. "We have found from experience that the degree of success of our seminars is related to the support given by leaders of the community."

In September Col. Richard W. Dempsey, deputy director of the seminars, visited SIU campus to study facilities and ascertain interest.

Southern's capital improvements budget for the 1965-67 biennium suggests \$2,000,000 for a classrooms building there, and Rendleman said the amount could be doubled through a matching funds grant from the federal government under the Vocational Education Act.

Meanwhile, more than 1,000 full-time students will continue their work toward a wide variety of vocational, technical and semi-professional skills in the old barracks and ordinance plant shops, and the manpower training classes will be accommodated wherever space is available.

Most recent courses added to the VTI curriculum were an aircraft mechanics course and a mortuary science program.

The VTI is a part of the Division of Technical and Adult Education, which offers non-credit vocational training to more than 10,000 adults annually, with many of the classes being taught as evening courses in area high schools. The VTI courses offer academic credit toward two-year certificates.

GRANT COLLECTION - John Y. Simon, executive director of the Ulysses S. Grant Association and curator of the new Grant collection at SIU, and Ralph E. McCoy (right), director of University libraries, examining documents and photographs on the Civil War general and 18th president of the United States, which have been on exhibit in SIU's Morris Library.

American Heritage Room Reflects Lincoln Period

The new American Heritage Room will be opened Thursday on the third floor of Morris Library.

This room is set up to reflect the days of Abraham Lincoln and includes two portraits of Lincoln, a collection of books on Lincoln, Victorian hall tree and bookcase used in Lincoln's time, and an inlaid cherry chest of drawers made by Thomas Lincoln, his father.

Opening of the room will be observed with a reception from 2 to 4 p.m. in honor of Mr. and Mrs. James S. Schoff of New York City on the occasion of the publication by Southern Illinois University Press of the book, "Behind the Guns: The History of Battery I, 2nd Regiment, Illinois Light Artillery." The public is invited.

The battery history, SIU's contribution to the Civil War Centennial, was edited by Clyde C. Walton, Illinois State Historian, from manuscripts in Schoff's collection of Civil War unit histories, Ralph E. McCoy, director of SIU libraries, said.

McCoy said Schoff, department store executive, collects unit histories and documents and photographs of the Civil War, and is a sponsor of the new book. He visits in Southern Illinois periodically.

In addition to what is in the Heritage Room, library visitors may see an exhibit of etchings by Edwin Forbes, newspaper artist during the Civil War, which will be in

the main corridor, and Civil War photographs by Alexander Gardner, who made trips into the field to record battles and their aftermath. The Gardner collection is in the Rare Book Room on the second floor. Both collections are on loan from Mr. Schoff.

A. B. Vancil of Carbondale has given a rosewood melodeon, an American organ built about 1850, which is a featured piece in the American Heritage Room. Also acquired from Vancil is an original 1850 painting, "On the Delaware," by George Inness, 19th Century American landscape painter.

One of the Lincoln portraits, by artist Edward Dalton Marchant of Philadelphia, is a gift from Philip D. Sang of River Forest, who also gave a Webster portrait and the chest made by Thomas Lincoln. The other Lincoln portrait, by Alban Jasper Conant, St. Louis artist, was purchased by the University in 1880.

The Victorian hall tree and walnut bookcase, from the Washington home of William P. Dole, commissioner of Indian Affairs in Lincoln's Administration, are gifts of Mr. and Mrs. Charles H. Stinson of Kankakee. The Lincoln book collection is a gift of the late Clint Clay Tilton of Danville.

Other items in the room include a walnut desk used by Daniel Baldwin Parkinson, fourth president of Southern Illinois University, a mahogany tilt-top piecrust table used in the parlor of Anthony Hall, then a women's dormitory on the campus, and two early tables used at the University. The furniture was restored by Carl B. Kinsey, Carbondale.

McCoy said a campus committee is now collecting antique furniture to add to the room. Especially needed, he said, are two oriental rugs.

Ford Topples Halleck in House; Democrats Name Long Whip

WASHINGTON (AP)—A new face took over the House Republican leadership and a Southern Democrat won the No. 2 post of Senate Democrats Monday at the opening day of the 89th Congress.

Rep. Gerald R. Ford of Michigan toppled old political pro Charles A. Halleck of Indiana from the leadership of House Republicans.

Senate Democrats chose Russell B. Long of Louisiana, to serve as their assistant leader in the 89th Congress. Ford, 51, handsome former Michigan football player, won a 74-67 victory over his 64-year-old rival, who has been a power among House Republicans for 18 years and leader for the past six years.

Ford's supporters put him forward as a man who could bring "energy and a fresh, forceful image" to the job of restoring the fortunes of House Republicans, whose ranks were shattered in the November election. They lost 38 seats and that, as much as anything, led to Halleck's downfall.

"You can't take a shellacking like we took and not be in trouble," Halleck said on a slow walk back from the meeting to the Capitol, where he faces a forlorn future. He'll lose a plush office, a big staff and a limousine, as well as his power and influence.

Long, 46, who called himself an economic liberal in talking with newsmen after his victory, said he is confident he can support and help win passage for President Johnson's program in the next two years. In the 88th Congress he voted against several key Kennedy-Johnson Administration proposals.

Long, a son of the late Sen. Huey Long, fills the No. 2 leadership vacancy caused by the resignation of Vice President-elect Hubert H. Humphrey who has been assistant leader, or whip, since 1961.

The conference of Democratic senators re-elected without opposition the two holdovers—Majority Leader Mike Mansfield of Montana,

and Sen. George A. Smathers of Florida, conference secretary.

Long and Smathers thus give the South two of the three leadership posts.

However, the Louisiana had the backing of veteran liberals from outside the South, including Sens. Paul H. Douglas of Illinois and Clinton P. Anderson of New Mexico.

House Changes 21-Day Rule, Makes Speaker 'Traffic Cop'

WASHINGTON (AP) — The 89th Congress — which President Johnson hopes will be an historic "Great Society" parliament — convened Monday, and the House swiftly adopted a major rules change strengthening the administration's hand.

The House voted today its first major rules change in 15 years, making Speaker John W. McCormack, D-Mass., a "legislative traffic cop."

The change limits to 21 days the time the Rules Committee may hold up legislation approved by other committees. After 21 days of Rules Committee inactivity, McCormack will determine whether stalemated bills should be brought to the floor for a vote.

The new rule was adopted by a voice vote after opponents lost on a 224-210 roll

Pope Asks Arabs For Closer Ties

VATICAN CITY (AP)—Pope Paul VI, in a letter made public Monday appealed for closer relations between Christians and Arabs, "as sons of the same God." He said old conflicts must be put aside in favor of an "immense effort," to build a more peaceful world.

In urging brotherly cooperation between Christians and Arabs, he said:

"Divine mercy did not make us different to have us oppose each other or to have us try to impose upon each other."

The letter marked a new step in Roman Catholicism's efforts to build closer ties with non-Christians.

call a test vote on the question of whether the proposed new rules should be opened to amendment.

Since 1951, the Rules Committee, often controlled by a conservative coalition, had been able to block legislation indefinitely.

Postponed at least until Wednesday was a proposal to change Senate rules to make it easier to squelch filibusters.

Malaysia, Britain Building Up Arms

KUALA LUMPUR, Malaysia (AP) — Malaysia and Britain put a military build-up here into high gear Monday. Malaysia warned Indonesia that any large-scale attack will be met with a stiff counterblow.

As British troop reinforcements began flying into Singapore, the government said it is "prepared to take retaliatory action under the rule of hot pursuit."

The statement was issued by Prime Minister Tunku Abdul Rahman, following an emergency Cabinet session to discuss Indonesia's decision to withdraw from the United Nations and the implications this move might hold for Malaysia.

Mrs. Oswald to Attend Michigan University

ANN ARBOR, Mich. (AP) — Marina Oswald, widow of the alleged assassin of President John F. Kennedy, enrolled Monday at the University of Michigan English Language Institute.

T.S. Eliot Dies

In London at 76

LONDON (AP) — T. S. Eliot, American — born poet, playwright and a voice of the "Lost Generation" of the 1920s, died Monday night. He was 76.

Born in St. Louis, Mo., of a family that had been New Englanders since the 17th century, Eliot spent most of his adult life in Britain and became a British subject in 1927. He won the Nobel Prize for Literature in 1948.

His poem "The Waste Land" caught the imagination of the disillusioned generation that survived World War I. It became a classic description of the mood of misery and pessimism of the intellectuals of that time.

His two most successful plays were "Murder in the Cathedral," a dramatization of the murder of Archbishop Thomas Becket in Canterbury Cathedral, and "The Cocktail Party," the story of a psychiatrist who helped people find peace of mind.

The camera stops the man in a variety of unusual positions on the rings, bars, and horses. Each frame of film reveals him in one point in motion in the seemingly effortless sweep and swirl of the accomplished gymnast.

The subjects here are SIU gymnasts at a recent meet.
