Psychology Prof Planning Four-Week Project To Aid Those Wanting to Break Smoking Habit

Do you really want to stop smoking? If so, you can be on part of a study to be conducted by Edward Lichtenstein, assistant professor of psychology. "We think there are psychological principles which can be applied to the problem of smoking," says Lichtenstein. He added that psychological techniques have been applied to the problem of alcoholism with success.

Individuals who decide to become part of the study will be informed of what lies in store for them at the onset of the study. Lichtenstein emphasized that the study is not to be confused with psychotherapy. According to him, the subjects will be motivated to want to stop on their own accord. Volunteers will be asked to participate in one or two sessions a week of from four to six weeks. The study is limited to those 21 or older.

Lichtenstein said they have no limit on the number of persons who apply and that they are hoping for at least 150 volunteers.

Further information may be obtained by calling 3-2441 between 9 a.m. and 5 p.m. and asking for "Smokers' Project."

** Undergraduate English Exam Today in Furr

The objective part of the Undergraduate English Qualifying Examination will be given at 1 p.m. today in Furr Auditorium.

All students who plan to be graduated from the College of Liberal Arts and Sciences, the School of Business or the School of Technology and are enrolled in colleges other than education may substitute a passing grade on the qualifying exam in lieu of taking English 101 or 301. These students may take the examination only once.

Students in the College of Liberal Arts and Sciences may satisfy the examination requirement by substituting a grade of "C" or better in English 100, 300, 590 or 391. There is no limit to the number of times students in the College of Liberal Arts and Sciences or the schools of business or technology may take the examination.

Those taking the examination should report to Furr Auditorium with their student identification cards.

Gus Bode

No matter what his parents may think, junior is still using books in his schoolwork.

Of the 83 displays at the 28th Annual Educational Materials Exhibit, which closes at noon today in the Gallery Lounge and Ballroons of the University Center, 47 have books, either as a main exhibit, or incorporated with other school supplies into an exhibit.

Types of books range from those on handwriting to textbooks for all grades, library books, teachers' handbooks, encyclopedias, children's books, dictionaries and periodicals.

In addition to the books, a variety of other school supplies is being exhibited. Included are maps, projectors, duplicating machines, art supplies, library furniture, caps and gowns, films, pens and pencils and many kinds of charts.

In previous years as many as 3,000 persons, including area school teachers, University faculty members, school administrators and summer school students interested in education have attended the exhibit.

Besides the displays, demonstrations have been scheduled by some of the companies to show their newest supplies. The demonstrations and lectures are given in the River Rooms of the University Center.

The exhibit, which is open to the public, is being sponsored by the College of Education and Division of University Extension.

Books Continue To Dominate SIU Exhibit Of Newest in Materials for Education

The Illinois House agreed Wednesday night to a Senate amendment for a new state referendum article, assuring that it will appear on the ballot in Illinois.

The proposal, if approved by the voters, would permit the General Assembly to levy a flat 3 per cent income tax, one could be boosted to 6 per cent through a statewide referendum.

The Senate amendment which was agreed to by the House provides that enactment of an income tax would completely abolish the personal property tax.

The proposal was given final approval by a 133-17 vote. The necessary three-fifths vote Wednesday of a bill to create a six-member Senate committee to investigate bribery allegations was rejected 16-97.

Rising toward final adjournment, the House also approved a bill granting a state bonus to Illinois servicemen or their survivors for action in Vietnam.

The junior college program will provide state aid of $1.50 per pupil for each semester a student studies. The latter group will drop back to $2.50 after the first year if they do not meet their plan requirements.

Shafter said one of the key problems in special education was the lack of trained personnel. He cited a study recently done in the state that only one out of five graduates in special education remain in the state of Illinois.

The Illinois House agreed Wednesday about a proposed statewide program of special education for the mentally retarded.

Shafter said the council's report included a recommendation for mandatory special education in public school districts throughout the state. A bill to provide for this was under consideration by the legislature, which adjourned Wednesday.

His address was part of the 15th Annual Summer Education Conference, sponsored by the College of Education and the Division of University Extension.

Shafter said the outlook for the success of the council's program was good, but he emphasized that the report
Summer Theater Offers Variety of Drama, Musicals
Stage Season Opens With Tennessee Williams' Only Comedy

Variety in the spice of life and the theatrical activities at Southern this summer will offer a spicy fare in the form of three musical productions and four plays.

The Southern Players will open their playbook with Tennessee Williams' first and only comedy, "Period of Adjustment," at 8 p.m., July 7-11. This is the first of four plays to be presented in the air-conditioned Southern Playhouse.

"Period of Adjustment" is about husbands, wives and honey moons. The setting for the play is in a suburb south of Cape Girardeau on Christmas Eve.

The second play of the season is Stephen Vincent Benet's classic American epic, "John Brown's Body," which will be presented Aug. 4-8.

The third offering of the season is "Little Mary Sunshine," the off-Broadway hit about Mary Sunshine, the adopted daughter of the Kadota Indians of Colorado. The production is a lighthearted spoof of the operettas of the 20th century. It will be staged in the Shryock Auditorium at 8 p.m., July 22-25. Tickets are $1 and $1.50.

The final presentation of the season is "The Sound of Music," the full-length presentation, will have showtimes at 7:30 p.m. Tickets are $1 and $1.50.

All seats for the three productions are reserved. Tickets will be sold from 11 a.m. to 1 p.m. and 3-5 p.m. daily at the box office in Shryock Auditorium.

The first production is "The Flower Drum Song," a musical about Chinese family life in San Francisco's Chinatown.

"I enjoy Being a Girl" is one of the popular songs from the musical hit. "The Flower Drum Song" will be presented at 8 p.m., July 17 and 18 in Shryock Auditorium. Tickets are $1 and $1.50.

The second offering of the season is "Little Mary Sunshine," the off-Broadway hit about Mary Sunshine, the adopted daughter of the Kadota Indians of Colorado.

The third production is "The Sound of Music," the full-length production, will have showtimes at 7:30 p.m. Tickets are $1 and $1.50.

All seats for the three productions are reserved. Tickets will be sold from 11 a.m. to 1 p.m. and 3-5 p.m. daily at the box office in Shryock Auditorium.

The boys talk in 30-minute after-drink sessions which provide a chance for establishing a friendly relationship with the young lady on the other end of the line in hopes that he can call for her person.

Conference Hears Plan for Retarded
(Continued from Page 1)

The plans call for a program, operated through the public school districts, which would include diagnosis, evaluation, day-care centers, shelter workshops and classes for pre-school children 1 to 5 years old.

The council also will recommended cooperation with universities and colleges throughout the state to provide research and personnel.

The plan also calls for the division of the state into "rural zones, each to have an advisory board to review the needs of the area. The Carbondale zone would encompass the 16 southern counties.

Shafter stated in closing, "We have had more progress in the past five years than we had made in the previous 50. The success of this program depends upon the support of the people. That support appears to be forthcoming.

Shafter was a StU staff member from 1957 to 1961, serving as assistant director of the Rehabilitation Institute.

California Consultant to Instruct Industrial Education Section

A consultant to the California State Department of Education will conduct the second section of a four-part course in new developments in industrial education which begins Monday.

Robert Woodward will teach courses in various levels of industrial arts education during the next two weeks on campus.

The first session began June 21 and will end Friday. It is being conducted by William Spence, chairman of the Industrial Education Department at Kansas State College, Pittsburg, Kan.

His topic is "A Review of Recent Industrial and Educational Research."

The four-part course, sponsored by the School of Technology, is designed to help area teachers brush up on the latest developments in teaching industrial education. Nationally-known persons are brought to the campus to teach the various sections.

The entire course or any one or more of the two-week sections may be taken for graduate credit.

Mildred Fenner, editor of the National Education Association Journal, will conduct the third section on writing for professional journals, July 19-30.

Edward K. Hankin, professor of education from Florida State University, will teach a section on new concepts in area schools, Aug. 2-13.

Persons interested in obtaining more information about the course or enrolling in one of the sections should contact the School of Technology as soon as possible.

VIET CONG DESTROY 3 AIRPLANES IN MORTAR ATTACK AT DAN NG

DA NANG, Viet Nam (AP)—Viet Cong mortar fire splashed into strategic Da Nang Air Base in a sneak attack early Thursday and destroyed three U.S. planes on the ground. A U.S. Air Force policeman was killed.

Three other planes were damaged in the barrage of about 30 mortar rounds that hit this key launching point for U.S. air strikes against the Viet Cong and Communist North Viet Nam. The Viet Cong pounded the southern end of the air strip with guns of 3,000-yard range for about five minutes and then fled.

At least 10 and probably more U.S. personnel were wounded in the attack, reliable sources said.

Two U.S. F102 pilots, who were slightly wounded. U.S. Marine perimeter areas extend around most of the base. A total of 9,900 Marines guard the Da Nang area, 380 miles northeast of Saigon and 80 miles from the North Vietnamese border.

Security forces fired a counter-barage and the sky above the air base was red with explosions and flares from flare ships.

The attack began about 1:30 a.m. and the Viet Cong mortar fire continued through Thursday morning.

A U.S. spokesman said two G-130 transport planes and a F102 Delta Dagger interceptor were destroyed in the barrage. One G-130 and two Delta Daggers were damaged.

The other Delta Dagger interceptors were dragged to the center of the airstrip by tractors.

"A lot of brave people went in there," a U.S. Air Force spokesman said.

The mortared area was immediately evacuated after the initial barrage.

The busy Da Nang Air Base has been one of three main centers in the country for mounting attacks against targets in North Viet Nam as well as for air strikes inside the country.

U.S. Marines began pouring into the area last March with their main-objective described as providing security for the air base.

The Viet Cong attack here was one of a series of mortar assaults that Communist forces have launched in week in stepped-up offensives over wide areas in South Viet Nam.

On Monday military installations in Nha Trang were hit. Nha Trang is 200 miles northwest of Saigon on the South China Sea.

Red and Black Ink

DEFICIT FINANCING, PROSPERITY CONTINUE

WASHINGTON (AP)—At midnight, the United States enters its 53rd straight month of rising prosperity and its sixth straight year of deficit financing.

It closes the books on fiscal 1965, the crucial testing year of what President Johnson calls "expansionary fiscal policy," with a smaller than expected budget deficit—$3.8 billion or, quite possibly, zero.

The $3.8-billion estimate was reported by Johnson in his budget message last January.

Illinois Senate Approves Hit

SPRINGFIELD (AP)—The Illinois Senate confirmed Tuesday the appointment of F. Guy Hitt of Benton to the SJU Board of Trustees.

Hitt will succeed John Page Wham of Centralia for a term ending in 1971.

The Senate also confirmed the reappointment of Robert Schneider, agriculture director; and Howard McWard, assistant director.

The $2.5 billion smaller deficit might be smaller because huge revenues had not been lost in last year's $14-billion tax reduction. The administration insists that the deficit would have been greater.

Except for the tax cut, says Chairman Gardner Ackley of the President's Council of Economic Advisers, fiscal 1965 probably would have seen a recession instead of unparalleled prosperity.

Instead the red ink is fading slowly. The deficit is at least $2.5 billion smaller than the $6.3 billion which Johnson predicted would be in the budget message last January.

Wiretap Bill Defeated

SPRINGFIELD, Ill. (AP)—A wiretapping bill designed to strike at organized crime was defeated Wednesday by the Illinois Senate.

Opponents contended it would lead to a police state proclivity, and that the intended aim of getting evidence on hoodlums might involve innocent persons.

The bill was backed by the Chicago Crime Commission, Chicago Police Supt. Orlando Wilson and other crime au-

COACH HERB VOGEL WILL BE COMPETING IN CANADA

Unresolved Question

SIU Woman Gymnasts Will Seek AAU Title

If Team Enters Despite Eligibility Squabble

Coach Herb Vogel and his women's gymnastics team are in Carbondale, Illinois, for the national AAU championships, but whether the team will compete in the championships is still uncertain.

Vogel was unable to receive full reinstatement of Judy Willis by departure time, but was told the central association of the AAU that he could enter her in the meet under protest.

In a political move, Vogel plans to press the issue of eligibility of his entire team during a meeting tonight of the Illinois association's executive committee.

Vogel is trying, through this action, to break through the AAU eligibility rule. Most of his performers have participated in meets not sanctioned by the AAU but all able spellers and Willis have been given permission to compete in the national championships.

This rule does not allow a male or female athlete to participate in amateur meets of his choice.

"This choice of competition of the team or athlete is a major concern in the future development and success of our gymnasts in the 1968 Olympic games," said Vogel.

"Our opportunities for competition are so few that we must be allowed to compete in all available competition with the primary basis that the competitors are always amateur," he concluded.

Vogel is still hoping that he can get Miss Willis reinstated. He plans to meet tonight with Donald Hull, executive director of the AAU, who ruled Miss Willis ineligible. But Vogel admits that the chance of getting her reinstated appears slim.

Meanwhile his two Canadian gymnasts, Gail Daley and Irene Haworth, are in Sault Ste. Marie, Canada, competing in the Canadian AAU National Championships.

Both will be competing for the all-around championship. Miss Daley has won three titles in a row, and Vogel expects her main threat to come from Miss Haworth, who finished fourth last year.

Sports Car Club

To Meet Tonight

The Grand Touring Auto Club will hold its first meeting of the summer quarter today at 8 p.m. at Egge Motor Co., 102 E. Broadway, east of Carbondale.

The agenda for tonight's meeting includes discussion of plans for events for the summer. The sports car group sponsors regular rallies, symphonies and races, Anyone with an interest in sports or grand touring cars is invited to attend.

Foe's Coach Rumored as SIU Prospect

It could be a busy weekend for Coach Joe Lutz when he begins his Parsons College baseball team to Carbondale July 6 for a four-game series with the Salukis.

Lutz, who has been rumored as one of the top candidates to replace retiring coach Glenn "Abe" Martin, may be spending some of his time house hunting.

SIU and Parsons College officials have indicated they are aware of the rumors but have declined to comment at this time.

It has been rumored for some months that Martin wanted to step down as coach but continue as head of the intramural program. However, any definitive action must await approval of the Board of Trustees. The Board cancelled its regular June meeting earlier this week and no meeting has been scheduled for July.

Martin's career at SIU spans some 27 years. Since 1938, in addition to his 17 years as baseball coach, he has served in the following positions on the staff: athletic director, head football coach, Park Renaming Announces Winner

Winners of the contest to rename the Reservoir Park have been announced by the Carbondale Park District.

Nancy Moulton, 1300 Court St., was awarded first place for her entry, "Ever-Green Park." The second-place award went to Mr. Charles Hall, 804 W. Pecan St., for her entry, "Pleasant Acres."

Summer League

 Held by Parsons

After two weeks of play Parsons College of Fairfield, Iowa, leads the Midwest Collegiate Summer Baseball League.

In the two weekend series with the Illini Club, Parsons won six of eight games. St. Louis University and Southern, who started their season one week late when Southern did not have enough players, are in second and third place.

The Illini Club is last.

Summer League Championship

In 1958 he was named to the National Association of Intercollegiate Athletics Hall of Fame.

Martin was a part of the Midwest Summer Collegiate Baseball League. In 1963, when it became apparent that Rich (itchy) Jones would be available to coach the squad, Martin turned the job over to him.

Jones, who was graduated from SIU in 1960, was returning to campus anyway to complete work on a master's degree in physical education. He will return to Jacksonville High School in the fall to continue his duties as head basketball coach.
