SIU Confers Degrees At Graduation June 8

Approximately 334 Southern Illinois University students received degrees awarded by President Delyte W. Morris at the 77th annual commencement held Sunday, June 8.

Dr. Kurt von Schuschnigg, former chancellor of Austria, presided

at the commencement address. He was chancellor of Austria from 1934 to 1938. In 1938, he was forced to resign his position by the German government. Dr. von Schuschnigg was held in solitary confinement in various prison and concentration camps until his liberation by the American Fifth Army in 1945.

PRESIDENT DELYTE W. Morris conferred two honorary degrees during this year's commencement. Recipients of the degrees were Dr. Percival Bailey and Dr. Chester Hanford.

Dr. Bailey is now a member of the University of Illinois Medical School in Chicago. He is also director of the Illinois Neuropsychiatry Institute in Chicago. Dr. Bailey received the honorary Doctor of Science degree.

Dr. Hanford received the honorary degree of Doctor of Laws. Dr. Hanford is now a professor of government at Harvard College.

Dr. Frank L. Eversull, vice-chairman of the SIU Board of Trustees, gave the commencement invocation.

DELORES BLONDI, a member of the graduating class, presented a musical solo, and selections for the professional and recreational were played by the Southern Illinois Symphony Orchestra.

According to the Registrar's office, of the 334 who received degrees, 54 received degrees of Bachelor of Arts in the College of Liberal Arts and Sciences. Of this number there were approximately 47 men and seven women.

Three women in the College of Education received the degree of Bachelor of Music Education, and 191 students, approximately 104 women and 87 men, the Bachelor of Science degrees.

ABOUT 32 STUDENTS were candidates for degrees in the College of Vocations and Professions. Thirty-one students, approximately five women and 25 men, received the Bachelor of Science degree. One woman was awarded the degree of Bachelor of Music.

In the Graduate school, 54 degrees were conferred. Approximately 12 men and three women were candidates for the degree of Master of Arts, and about 28 men and 11 women were candidates for Master of Science in Education degrees.

Bus Transportation To Crab Orchard To Be Provided

Free transportation to Crab Orchard Lake is available to students this summer.

The bus will leave from behind Anthony Hall at 2:45 p.m. Monday through Thursday taking students and swimming classes and any others who wish to go. Students must present activity tickets at the bus.

The bus is scheduled to reach the lake at 3 p.m. and start back at 4:45, arriving on campus at 5 p.m. Students planning to make the trip should sign their names on the bulletin board outside the women's gym by noon of the day they plan to go.

Summer Enrollment Down Compared to Last Year

Summer enrollment figures totaled 1407 by noon Tuesday. 408 persons aside from these were enrolled in the Vocational Technical Institute.

The figures for the first day are slightly below those of last year which were 1535 for the first day. The final figures for registration this year will be published in the next issue of the Egyptian. 1817 is the total number of students registered last summer.

The summer session will run for eight weeks with classes being one hour and fifteen minutes instead of the regular 50 minute classes. The term will end on August 8 with commencement being held that evening.

During the summer, many programs of extra curricular activities both educational and recreational will be held.

Outdoor movies will be shown every Wednesday in McAndrew Stadium through the cooperation of the Lectures and Entertainment Committee and the Audio-Visual Aids Service. This series will consist of American and foreign films.

A trip to the Municipal Opera in St. Louis is being sponsored by the Student Center. The group will leave by bus Thursday, June 26 to see "The Cat and the Fiddle."

Southern's International Relations club will hold a series of six forums this summer every Tuesday evening in the Student Center. The highlight of the forums will be the two television sets that will be on hand so that students may view the political conventions.

Aside from these activities, there are many possibilities for swimming and boating at Crab Orchard Lake.

Student Center to Sponsor Opera Trip

This summer the Student Center will sponsor a trip to the St. Louis Municipal Opera's presentation of "The Cat and the Fiddle" Thursday, June 26.

The group will leave by bus at 3:30 p.m., and the play is to begin at 8:30 p.m. Mrs. Perry Proctor, Student Center, and chaperones from the Office of Student Affairs will accompany the students.

"The Cat and the Fiddle" is appearing in St. Louis this year for the third season following a seven year absence. Otto Harbach's lyrics from his book have been elaborated with the lyrics of Jerome Kern.

Kern's all-time great hits, "She Didn't Say Yes" and "The Night as Made For Love," will be presented during the opera.

If the first trip is successful, Mrs. Proctor has stated that tentative plans have been made for a trip to see "The Student Prince" Thursday, July 10.

All students who would like to take the trip are to see Mrs. Proctor at the Student Center on or before

Summer Movies To Be Shown

Through the cooperation of the Lectures and Entertainment Committee and the Audio-Visual Aids Service, a series of theatrical films will be shown on the campus this summer. The series will consist of American and foreign films and will be shown in the stadium or in Shryock Auditorium in case of rain. There will be no admission charge for the movies.

All presentations will be shown on Wednesday at 8 p.m. The movies scheduled for the summer are:

Forgotten Village, by John Steinbeck, scheduled for June 25, is a Mexican film with English commentary. Among the tall mountains of Mexico ancient life goes on, sometimes little changing in a thousand years. But now from the cities of the valley, from the schools and laboratories, new thinking and new techniques reach out to the remote villages.

Grapes of Wrath, Academy Award winner, voted one of ten best movies of the year. Steinbeck's relentless story of the "Okies," people of drought and dust, who in the 1930's became the symbol of man's failure to give back to the land as much as he had taken from it—with Henry Fonda.

The Children, adapted from Laura Fitinghoff's best seller *Children of the Moor*, will be presented July 9. A Swedish film with English subtitles, the story is a charming and sensitive tale of seven orphaned children and a pet goat trudging along the Swedish countryside in search of a home.

One Foot in Heaven, one of ten best of the year, will be presented July 16. It is the deeply moving story of a minister and his family and the sacrifices they make to live up to his faith. With Fredric March and Martha Scott.

The Magic Horse, a Russian animated, feature movie with English subtitles, will be presented July 23. It is based on one of the favorite "Sharki" or Russian folk tales.

Les Miserables, voted one of ten best movies of the year, will be shown July 30. The inequities of the social system of 18th-century France, which respected private property above human needs and above justice, are exposed with power and understanding in the dramatization of Hugo's timeless novel. With Charles Laughton and Frederich March.

Monday, June 23. Tickets will be ordered in advance by the Student Center.

Admission will be \$1.50 for a round-trip bus ticket, and 75 cents for admission to the opera.

GRADUATES LOOK ON as Dr. Kurt von Schuschnigg, professor of political science at St. Louis university, addresses them at Southern's 77th commencement June 8 at McAndrew stadium.

MORRIS GREET'S STUDENTS AND FACULTY AT LIBRARY

President and Mrs. Morris will greet the summer faculty and students at a "Coke Hour" on the Library lawn Wednesday, June 25 from 9:30 to 11 a.m. In case of rain, it will be held at the Student Center.

Child Guidance Bureau Holds Special Clinic

A special clinic conducted by the Child Guidance Clinic will be held on campus June 25 and 26. At 2:10 p.m., Wednesday, Little Theatre, the film, "The Quiet One," will be shown, followed by an open forum, Miss Marion Spasser, psychiatric social worker, and Dr. Abraham Dansky, psychiatrist, will serve as consultants.

In addition to the staff members of the University's Child Guidance Clinic, one of the traveling teams coming from the Illinois Institute for Juvenile Research in Chicago will conduct this clinic on the Diagnosis and Treatment of Educational Difficulties and Behavior Maladjustments.

The demonstration staffing is scheduled for 1:10 p.m. and the seminar for 2:10 p.m. Wednesday.

The diagnosing of special cases held on Wednesday and Thursday mornings, and the conferences on Thursday will not be open to the public.

Any additional information desired may be secured by contacting Dr. W. A. Thalman, director of the Child Guidance Clinic.

First adding machine successfully marketed was the Burroughs, in 1886, made in St. Louis.

Summer Egyptian Will Be Published Every Other Week

Summer Egyptians will be published bi-weekly. With the exception of the first issue, the paper will come out every other Wednesday.

The next issue of the paper will be put out July 2. Egyptians will be available to all students and faculty at the crosshalls of Old Main.

Olis Weeks, senior from Cairo, will be editor in chief of the paper while Helen Nance, Carbondale senior, will be managing editor. Jean Davis is the business manager for the summer quarter. Serving as sports editor for the term is Sherman Doolen, Centralia junior.

Arthur J. Gould, director of the journalism department at Washington State College, has joined the summer faculty of the journalism department and will serve as faculty advisor for the Egyptian.

The summer Egyptian is to serve as a training period for students who otherwise would not have the opportunity.

One thousand one hundred and twelve vacancies were reported with the Placement Service for the year 1950-51 in business, industry, and social work. This did not include 500 secretarial and stenographic vacancies listed by Paducah, Ky. or the vacancies for civilian instructors in the various defense programs.

Get Ready to Graduate

According to the calendar, another school year has passed and another graduation has taken place. This year we lost more than 340 students to the outside world. These 340 may have spent one year at Southern or they may have given a full four years in the classrooms on the campus. However long they were with us, let us hope that they do not forget us and that the bits of knowledge and wisdom that they received here will help them to establish a good and secure home in a world that is troubled and peaceless.

To you students who are still here let us say this: Some day you, too, will graduate and be out on your own. The world then might be in a state of peace, but that is doubtful. It will most probably still be in the war-like state that it is today. Whatever the situation is then, this nation will need leaders who are good and strong and wise. You may laugh and say you've heard that one before, but no matter how hard you laugh, you will find that the statement is true. Whether you find this out early or late in life will determine your future for you. At any rate, a good deal of that strength and wisdom mentioned above will come to you along the road, but not all of it. To eventually gain those powers, a person must have a good base or foundation to work off of. This base can only be had through education, and the minimum education in this day is a bachelors degree in some college or university. Of course, the degree is not all one must have to enter the professional world; they must have the knowledge that is supposed to go with it.

Whether you are just starting your first term at Southern or your last, we say: Don't back up to receive your degree, study just a little bit harder and earn it—Then you will be ready to enter the professional world and it will be glad to have you.—O. W.

Scientific Cramming

Well, here we are about to start another summer term with the weather hot as blazes and the books heavier than ever. Perhaps, with this being the first of the term, it might be a good idea to start out by destroying some misconceptions that most students have about studying for exams.

Here's what Kenneth Cristophe, director of Boston university's health service, has to say on the subject:

"Don't try to stay awake by drinking coffee or smoking. You may keep physically awake, but mentally you are just numb.

"When you take a 'quick break,' don't light a cigarette. Get into the fresh air and clear your head.

"Don't study in a room that is too hot or cold. If the room is overheated you will become sleepy. Those who believe brains work better in a cold temperature will probably miss the examination because of colds or more serious ailments.

"The absolute limit for studying should be 2 a.m. After that the outgo of knowledge possibly surpasses the intake."

In addition to Cristophe's comments on exams, there is a physician in Washington, D. C., who claims he has found that you can "cram" more quickly while under hypnosis.

I don't know of any course offered on the campus that has to do with the above mentioned art, but possibly there should be one stated.

An Ag Student?

Instructors say that they never know what to expect of a student during examinations. Well, an instructor in an Introduction To Business course last term wasn't any more surprised than most but it did set him to wondering when looking over a student's answer to one of the questions on the final.

The question stated: "list three kinds of preferred stock?" The student answered, "Brahama, Short-horn, and Guernsey."

Could he have been taking an Ag course at the same time?

The Egyptian Southern Illinois University

Published semi-weekly during the school year, excepting holidays and exam weeks by students of Southern Illinois University, Carbondale, Ill. Entered as second class matter at the Carbondale post office under the Act of March 3, 1879.

Olis Weeks editor-in-chief
Helen Nance managing editor

Miss Viola DuFrain faculty fiscal sponsor
Arthur J. Gould faculty editorial sponsor
Reporters—Jean Dillman, Jim Dowell, Beverly Fox, Harold Pike, Robert Sergent, Wyona Smith.

THIS WEEK'S PIN-UP is Dorothy Smith, freshman of Vocations and Professions. Her favorite pastime is dancing from Peoria. Dorothy is majoring in business in the College

IRC Releases Program For Summer Forums

Southern's International Relations club will hold a series of six forums this summer every Tuesday evening at 7:15 in the Student Center. Highlight of the forums will be the two television sets that will be on hand on the nights of July 8 and July 21 so interested students and faculty may view the Republican national convention.

Murrel Jones, Carbondale senior, will be the student chairman of the forums. Plans call for two speakers each evening discussing the pro and con of the subject, followed by an open forum where everyone's opinion may be expressed.

According to Jones, the subject material for the forums will be timely and interesting, with a discussion of the Republican and Democratic presidential candidate and his policies on the agenda.

The program, as outlined now, is as follows:

June 24: What are the "Inherent Powers" of the President over property and persons in the U. S.?

Speakers—Dr. Norman Caldwell, and Dr. Max Turner.

July 1: Europe—What should our policy be toward Western

ALL-FACULTY PICNIC WILL BE HELD TOMORROW

An all-faculty picnic under the supervision of Dr. William Freeberg, men's physical education department, will be held tomorrow at Little Grassy lake.

The picnic, which is to be an all-day affair, will consist of swimming, horseshoes, volleyball, and baseball for the adults with supervised games for the children.

An Irish stew cookout will be held Saturday night.

Dr. Freeberg is working with the faculty social committee in planning the activities. Reservations are to be made with Mrs. Loretta Ott in the Office of Student Affairs.

Europe and Germany? Speakers—Dr. Charles C. Colby and Dr. Ward Morton

July 8: Korea, Chiang Kai Shek and Indo China: What Should the U. S. Do Next? Speakers—Jesse C. Kennedy and Dalias A. Price.

July 15: The 1952 Republican candidate and his policies—pro and con. Speakers—Student speakers followed by open discussion.

July 22: Wages and Prices: How much Government control of the U. S. Economy? Speakers—Dr. Lewis A. Maverick, and Dr. Harold E. Briggs.

July 29: The 1952 Democratic candidate and his policies—pro and con. Speakers—student speakers followed by open forum.

Appoint Hand As New Assistant To President Morris

George H. Hand has been recently appointed executive assistant to President D. W. Morris. He is to be responsible largely for the non-instructional areas of the University program. Dr. Hand will coordinate the functions of the SIU business office, physical plant, architectural services, auxiliary enterprises, and non-academic personnel.

Dr. Hand served as president of Fairmont, W. Va., State College since 1945, and succeeded in qualifying the college for accrediting by the North Central Association of Colleges and Secondary schools. He also obtained substantial increases in faculty salaries, reduced heavy teaching loads, and improved faculty preparation.

During Dr. Hand's tenure, two new structures, a library and a classroom building, were completed; old buildings were renovated, a campus beautification program was launched, and new acreage was acquired.

BORN IN WHEELING, W. Va., Dr. Hand, who is 49, was educated at Liberty State College (West Virginia), and at West Virginia, Princeton and Columbia universities, receiving his doctorate at Princeton in 1939.

He taught at Denison and Ohio Wesleyan universities prior to becoming chairman and professor of business and economics at the University of Vernon. He resigned the latter position to accept the presidency at Fairmont.

REQUEST STUDENTS APPLY FOR AUGUST GRADUATION

All students who are candidates for degrees in August, 1952 should call at the Registrar's Office soon and apply for graduation if they have not already done so.

Eleven Professors Appointed for Summer Quarter

Southern added 11 professors to its faculty at the beginning of the summer quarter. Except for three who will remain next year the others are on only summer appointments.

John P. Pruis has been appointed assistant professor at University School for the summer and next year. Pruis, formerly on the staff at Iowa State Teachers College, received his Ph.D. from Northwestern University.

Miss B. Elizabeth McKay has been appointed associate professor in the department of Guidance and Special Education for the summer and coming year. Miss McKay has the M. A. from Rutgers University and expects to receive the Ph. D. from Syracuse University this spring. She has served as a research fellow and clinician at the Training School, Vineland (N.J.), psychologist and supervisor at the Syracuse State School and an assistant at Syracuse University.

BAKER BROWNELL, professor of philosophy at Northwestern University, has been appointed acting director of area services at Southern, effective June 30. He will direct a division designed to coordinate the work of Southern's Information, Placement and Alumni Services, preparation of data pertinent to the institution's progress, meetings and programs on campus sponsored by off-campus groups and the general public relations of the University.

Other additions to the faculty, for the summer only, are: Walter B. Carver, professor emeritus at Cornell University, will serve as a lecturer and professor of mathematics. Carver received his doctorate from Johns Hopkins University. Manuel De Ezcurdia will serve as lecturer in foreign languages. At present he is working toward a doctorate at Northwestern.

Arthur J. Gould, director of the journalism department at Washington State College, has joined the summer faculty as lecturer and professor of journalism. Gould received his Ph.D. from the University of Michigan. Previously, he was night city editor, drama critic, and book editor of the Toledo Daily Times and assistant professor of English at the University of Toledo.

Patrick C. Meierotto, currently working on his M. M. at Indiana University, has been appointed instructor of music for the summer. Harry F. Reinert, Jr., a Southern graduate, will be a research assistant in philosophy. He received his M. S. from Emory University. Robert T. Harris, assistant professor at the University of Utah, has accepted an appointment as lectur-

EARTH-MOVING MACHINES are shown here as they begin to gouge out a right-of-way through the tennis court area of the campus for a 1.5 mile re-location of U. S. Highway 51.

Highway 51 Relocation Under Way

With the Southern Illinois University gymnasium as a backdrop, earth-moving machines are gouging a right-of-way through the tennis court area of the University campus for a 1.5 mile re-location of U. S. Highway 51. Beginning at the intersection of Illinois and Grand avenues and rejoining the old pavement near the City Lake road south of Carbondale, the new pavement will eliminate two sharp turns and transfer fast automobile and truck traffic away from campus areas where student pedestrian traffic is heavy. The road will skirt the east side of the academic campus area, running parallel with the Illinois Central railroad.

The Highway department is building a four-lane pavement as far as the University heating plant. From there to the junction with the existing road it will be two-lane. With grading now underway, the pavement is scheduled for completion in late summer. Triangle construction company, Carbondale, is the contractor.

First postage stamp on which was inscribed the name of a living American (Charles A. Lindbergh) was put on sale in St. Louis on June 18, 1927.

Olympic distances are measured in meters. The 5000 meter run is the equivalent of three miles plus 187 yards.

er in philosophy. Dr. Harris holds the Ph.D. from Harvard University and has served on its staff.

Miss Mary Jane Seed, who received the M. A. from Columbia University, will teach a short course in home economics July 7 to 12. Miss Rachel C. Wilkes, assistant librarian of the Centralia Junior College, will work as a lecturer in library service.

More than 320 classes will be offered during the eight-week summer term at Southern.

SUMMER PARKING PERMITS TO GO ON SALE TODAY

The parking committee has announced that 70 additional parking permits have been placed on sale today. These permits will be good for the summer session and will be sold for 50 cents.

Permits now held by University faculty, students, and employees will be honored during the summer. Those who have been parking on University lots and desire to continue parking there must have permits.

Presidents Office Changes Location

Moving of the offices of the president into more adequate quarters was recently completed.

The new office is located at 1008 South Thompson street. The house has been redecorated to provide critically needed space. Included in the new office building are private rooms for Southern's President D. W. Morris, Charles D. Tenney, administrative assistant to the president; George H. Hand, executive assistant to the president, and John S. Rendleman, legal counsel. Tenney, Rendleman and all of the office staff had been crowded into one room in the old office located on the first floor of Shryock-auditorium.

Space has been provided for a conference room on the second floor of the new office which will be used for meetings of the various boards and councils of faculty, staff and students.

Employees of the accounting office who were crowded beyond their office space into the hallway of the second floor of the auditorium will be moved temporarily into the space vacated by the president's office staff as soon as necessary adjustments can be made.

First incorporated city in the colonies was Georgians. Maine (now York, Me.) on March 1, 1642.

Archaeological Field Session Reaches Laredo, Texas, On First Lap of Trip

By Jim Fecho

It happens every time. Seems like on every trip a person takes, something is left behind. On this trip, although, almost everyone has fallen victim to that fateful disease—forgot-it-itess. Forgotten items range from postage cards to suit cases. But it happens to the best of people, so we didn't have a chance.

Today, Friday, June 20, we are in the border town of Laredo, Texas. This town is situated on the Rio Grande river, and tomorrow we shall take our grips in hand and saunter forth to the ancient and romantic land of old Mexico.

Preparations for this archaeological field session, near Durango, Mexico, have been in the fire since the first part of the year. Students and personnel were selected first. Following this the equipment was procured. Some of it was bought, scrounged, or borrowed, and money was jealously set aside so we could prove to the inhabitants of Mexico that we are all filthy rich. Right at the present we are filthy, but it is due to dirt—not gelt. All the personnel taking this two month field session have a good sturdy cot, a more or less comfortable sleeping bag, (the more sleep the less comfort), snake bite cures (no liquor), and a remarkable constitution.

We arrived here in Laredo yesterday, that is some of us did. Dr. J. Charles Kelley, head of the expedition, left Carbondale about a week and a half ahead of us and has already been down to Durango and picked out the site for our permanent camp. He arrived here in Laredo today and will take us through customs tomorrow and thence down to that back-breaking labor of archaeological excavation.

Next issue of the Egyptian should carry the details of our movement through the customs office here, our trip through Mexico down to Durango, and our first week in camp.

In the lower grades the first grade teacher is most in demand. There are 150 vacancies open on this grade level. The third grade has 130 vacancies and there are 121 vacancies in both the second and fifth grade levels.

DR. CARVER TO PRESENT WEEKLY SERIES OF TALKS

Dr. Walter, B. Carver, visiting professor of Mathematics, will present a series of talks, one of which is scheduled for each week of the 1952 summer session.

Although the talks will be planned especially for mathematics majors, both undergraduate and graduate, they should also be of value to many other persons, especially those interested in the physical sciences, philosophy, etc.

Dr. Carver has been a teacher of mathematics for over half a century. He joined the staff of Cornell University in 1906 and was associated with that university until his recent retirement. During his long career he has served as president and secretary-treasurer of the Mathematical Association of America and as Editor-in-chief of the *American Mathematical Monthly*. He was on the summer session staff of SIU in 1949 and again in 1950.

The first meeting was held June 18. The time for the subsequent meetings will be determined so that they will be convenient for Dr. Carver and the group. Interested persons should contact Dr. Carver.

Track Season Highlighted by Coleman's Feats

The performances of Phil Coleman added lustre to an otherwise mediocre track season for Southern. Coleman's feats won him Southern's highest athletic award, the Henry Hinkley trophy which goes each year to the school's outstanding athlete.

Coach Leland "Doc" Lingle's men had a dual meet record of four wins and two losses. They won their first four meets, whipping Cape Girardeau twice, Rolla, Mo., and Illinois Normal and then dropped their last two to Eastern Illinois and Washington U.

In the conference meet Southern took fourth place with Coleman winning both the mile and two mile runs.

The Salukis took second in the NAIA district meet at Macomb as Coleman again won both of his specialties and Harold White won the high jump. At Macomb Coleman posted a new school record for the mile in 4:15.3.

The next week Coleman went to the NAIA finals at Abilene, Texas, and took second in the two mile race although he ran his best time, 9:27. White tied for fifth in the high jump.

Elected captain for next year was Wayne Nast, Belleville, a former state prep champion in the quarter mile. Nast transferred here from

Golfers Expect To Make Better Showing in 1952

Despite a mediocre golf season, Coach Lynn Holder could take heart from the fact that his full squad should be back next year.

The golfers won only three matches while losing six and placing fourth in the conference meet. Letter winners were Captain Jim Wilson, Mt. Vernon; Duane Wilson, Springfield; Charles Newkirk, Greenville; Bob Shanks, Pana; and Bob Henley, DuQuoin. Jim Wilson and Shanks were elected next year's co-captains.

Golf results for 1951: Scott Field, 10½-4½; Beloit, 1½-10½; Rolla, Mo., 2½-12½; Illinois Normal, 7-8; Scott Field, 9-6; Evansville, 7½-13½; St. Louis U., 4½-13½; Evansville, 9½-11½; Illinois Normal, 13½-6½; St. Louis U., 4-8. Two matches with Bradley at the close of the season were rained out.

the University of Illinois. Ineligible for competition the past season, he won his letter as team manager.

Other letter winners were Wallace Bierman, Percy; Bill Carlyle, Thompsonville; Abraham Cherry, Tony Delia, Richard Gregory, Bill Ringling and Robert West, all of St. Louis; Harry Clark, Carbondale; Earl Edwards, East St. Louis; Cliff Johnson, Cairo; Jack Lawler and Charles Wildy, Belleville; and Jim Massa, Collinsville.

Waller Resigns As Head Football Coach

William H. (Bill) Waller, Southern's head football coach for the past two years, has resigned. He has accepted a job as athletic director and wrestling coach at Cody, Wyo., high school.

Waller's resignation was announced last Tuesday by Glenn (Abe) Martin, athletic director. The resignation is subject to approval of the board of trustees which meets Monday. The board is expected to discuss a successor at that time.

Waller came here in July 1950 after compiling outstanding coaching records at Yakima Valley, Wash., junior college and Cody high, the school he's going back to.

During the 1950 season at SIU his team won only two games while losing six and tying one. Last year the Salukis lost every one of their nine games.

Waller played high school football at Benton, then enrolled at the University of Illinois where he

starred as an end. After college he played professional ball with the Detroit Lions, Brooklyn Dodgers and Los Angeles Rams.

In the fall of 1939 Waller went to Benton as football and basketball coach. In 1942 he joined the Red Cross and served as field director of the Middle East Command in Cairo, Egypt, until 1943. He was on the physical education staff at Illinois for one year and then went to Cody where he coached until 1949. He then coached for a year at Yakima before taking the job here.

1952 TENNIS RESULTS

Elmhurst, 2-7; Beloit, 0-6; Rolla, Mo., 4-3; Eastern Illinois, 5-2; Washington U., 0-7; Evansville, 7-0; Western Illinois, 2-4; Evansville, 5-1; Washington U., 0-9; Eastern, 4-3; Bradley, 0-7 and 0-7. The Salukis finished fourth in the conference meet.

Coleman Seeks National AAU Win Tomorrow

Phil Coleman will seek a berth in the Olympic tryouts tomorrow when he runs the 5000 meters in the National AAU track finals at Long Beach, Calif.

First and second place winners in the AAU meet qualify for the Olympic tryouts the following week at Los Angeles.

Coleman, a June graduate of SIU, left for California Wednesday. Phil's older brother, Bob, is paying his traveling expenses as a graduation gift.

Coleman, Southern's outstanding all-time distance star, last Saturday won the three mile race in the Midwest AAU meet at Chicago. His time, against a 13-man field, was 14:58. Coleman won the race easily although hot weather and water left on the track from the previous day's thunder storm cut down his time. He lapped the second place finisher.

Maybe Better

Outlook Bright For '53 SIU Diamond Prospects

Fair to middlin' achievements in most sports during the past year was offset by Southern's success in baseball. Coach Glenn "Abe" Martin's Salukis made an excellent showing and give promise of being just as good if not better next year.

For the first time since Martin revived baseball here in 1947, SIU brought home the conference title. The Salukis won nine of their 10 league games. Their only loss was a 3-2 decision to Illinois Normal, Northern Illinois Huskies, who had won the crown the two previous years, wound up next to last. Final conference standings showed:

SOUTHERN (9-1), Michigan Normal (8-4), Central Michigan (6-6), Eastern Illinois (5-5), Western Illinois (4-6), Northern (3-7) and Illinois Normal (3-9).

On top of that, the Salukis had an overall season's record of 17

wins and only five losses. They wound up the season by splitting a two-game series with Bradley, probably the toughest opponent Southern faced.

BEST OF ALL, most of them will be back next year. Charley Valier, the third baseman, is the only graduating senior on the starting lineup. Unless some draft boards intervene, Martin will have practically his whole squad intact for 1953.

Jacque Theriot seems the likely candidate for the third base vacancy next year. Others back will be Eddie Coleman, who will be playing his fourth year as regular second baseman; Jerry West at short, Larry Burns at first and Jack Chor behind the plate. In the outfield Martin will have back Bob Ems, Jim Schulmbach and Verlan Zapotocky.

For pitching Martin will have his ace, Wayne Grandcolas, a lefthander who won nine games and was undefeated this year. Ronnie Haggler, who won five and lost two before being dropped from the squad for playing an independent game, should be back in good graces next season. Ray Ripplemeyer and Reid Martin may improve. Darrell Thompson, a good starting pitcher in 1951 before he was called into service, possibly may be back next year.

Some of this year's benchwarmers may also improve and, of course, there's the possibility that some freshmen may arrive to battle for first team berths just as Zapotocky and Chor did this year. It's hard to see how Southern can miss in baseball next year.

New Aviation Cadet Program Offers Special Advantages To College Men Now Preparing for Military Service

Here is valuable postgraduate training that money can't buy! As an Aviation Cadet you can receive instruction and training worth thousands of dollars—at the same time you are serving your country. You can choose—immediately—between being a Pilot or Aircraft Observer in America's swiftly expanding Air Force. The Air Force encourages candidates to stay in school and graduate. Seniors and students with two years or more of college who anticipate early entrance into military service can receive unmatched training in flying and leadership for the years ahead.

WHO MAY APPLY

AGE—Between 19 and 26½ years.
EDUCATION—At least two years of college.
MARITAL STATUS—Single.
PHYSICAL CONDITION—Good, especially eyes, ears, heart, and teeth.

HOW TO QUALIFY

1. Take transcript of college credits and copy of birth certificate to your nearest Air Force Base or Recruiting Station.

2. Appear for physical examination at your nearest Air Base at Government expense.

3. Accomplish Flying Aptitude Tests and enlist for two years only!

4. The Selective Service Act awards you a four-month deferment while awaiting class assignment.

5. Immediate assignment to Aviation Cadet Training Classes starting July 15, August 19, October 2, and November 19, 1952.

6. Attend Aviation Cadet Training School for one year—either as Pilot or Aircraft Observer. Get \$105 monthly plus food, housing, uniforms, and other benefits.

7. Graduate, win your wings. Commissioned second lieutenant, begin earning \$5,000 a year! Receive \$250 uniform allowance, 30-day leave with pay.

WHERE To Get More Details

Visit your nearest U. S. Air Force Base or U. S. Army—U. S. Air Force Recruiting Station or write direct to Aviation Cadet Headquarters, U. S. Air Force, Washington 25, D. C.
