LIBERALITY OF TEACHERS IN NEA MEETING NOTICEABLE

That public education really means just what was clearly demonstrated to interested observers of the recent National Education Association convention in St. Louis, attended by most of the S. T. C. faculty.

Three significant attitudes taken by the educators in their five day meeting stand out. They are the liberality of thought expressed and indicated, the practicality and logic of suggestions and discussions, and the sincere self-critical viewpoint adopted by the convention as a whole.

Liberality was the keynote of the entire meeting. It was academically expressed by the resolutions adopted by the convention, including clauses entitled "Freedom from Politics," "Financing Education," and "Adult Education."

Also expressive of the liberality of the gathering was the general condemnation of the obnoxious teachers' oaths bills. The Department of Superintendence, most important division of the N. E. A., condemned the oaths indirectly by a resolution denouncing "political or partisan consideration" in appointments by governmental authorities.

Finally, the liberality of the N. E. A. was expressed by the unusual and broadminded scope given politicians and public political agitation. Representatives of the three prominent national parties were each given a chance in a three way debate to expound the political views of their party and the demerits of the other—in "point

with pride and view with alarm" as Will Rogers used to say. What was said may have little significance, but the employment of this debating type of political discussion is a long forward step in truly democratic public education.

In keeping with such a treatment of politics, William H. Lighty of the University of Wisconsin advocated in an address before a divisional group of N. E. A. the use of the forum as a means of presenting for public consumption and discussion all economic and public issues.

Practicality in education was apparent in the discussions in various groups concerning more types of training in high schools to fit the high school graduate for greater responsibility in the modern world, and for the teaching of hobbies to adults. That appreciation and some practical knowledge of arts be taught in schools was also emphasized. The use of devices such as radio in the movies and supplementary educational factors was also advised in the furtherance of scholastic work.

Teaching of communism and socialism to promote a better understanding of the tenets of those institutions was likewise brought before the assembled educators.

Through all these general discussions and even more especially in the many divisional and sectional group-meetings there was apparent the desire of sincere self-criticism, the desire to improve teaching methods.

Let these attitudes of liberality, practicality, and self criticism carry over into actual teaching practice and into administration of education, and one great principle of universal democracy is attained.

LITTLE THEATRE PROSPECTS

Along with speculation on next winter's basketball team there arises the issue of the future Little Theatre prospects, the thought inspired by the brilliant presentation of "The Bishop Misbehaves" in the Shylock Auditorium last week.

Of the cast of ten who so capably performed the Little Theatre comedy last Wednesday, only one is an upperclassman, and none are seniors. Theoretically, at least, all will be back to further grace the S. T. C. stage again. It is a well-recognized fact that acting, like basketball requires experience and training, and that the performers naturally improve with practice.

Five of the ten "The Bishop Misbehaves" cast members are freshmen and sophomores. With the uniformity of excellent acting shown the disappointingly small crowd last week, the future prospects for Little Theatre can certainly be classed as first rate.

Especially is this heartening when one considers that earlier in the year it looked as if Little Theatre was to suffer from a dearth of talent. Only one student, Miss Julia Jankovic, was to Miss Julia Jankovic, for several years the director of the dramatic productions here, for her work in bringing the embryo thespians along.

It might also be noted that the set, so integral a factor in the success of any play, and especially of the one last week, were designed and executed by a senior and a freshman. The effects, last week, may be constructed by the underclassman, so it seems probable to surmise that at least the Little Theatre will not lack capable stage designers and technicians for future productions.

Considering also the proved talent in the campus dramatic organization which had no part in the most recent major offering, the outlook for the future of campus dramatics is certainly encouraging.

We'll bet every stray bound dog in the world wagged its tail half a minute in glee Thursday when Ivan Petrovich Pavloff, Russian scientist and physiologist, died.

EXCELLENT ENTERTAINMENT SCHEDULE FOR FIRST WEEK OF SPRING TERM

The entertainment program of the spring term will be opened the first week with two of the finest attractions of the entire school year, as the Avon Shakespearean Players come here Tuesday, March 17, and Louis Adamic, noted labor authority and lecturer, is sponsored in an appearance Thursday, March 19, by the A. A. U. W. The Shakespearean troupe comes as the first item on the Entertainment Series of the new term.

No student who ascribes to the belief that a real education cannot be had without some measure of culture can afford to miss the dramatic entertainment, with the reproduction of two of the famous literary pieces of all time, "The Merchant of Venice" and "Julius Caesar." Likewise no student who believes that education consists of more than is learned from textbooks or is given in classroom lectures can afford to omit the Adamic lecture from his schedule for the first week of the spring term. Adamic will probably discuss, some pertinent phase of the modern industrial setup, a subject which should attract everyone, whether in his field of interest or not.

REMOVE THE CAMPUS DUCKPONS

Campus improvement work, now going on under PWA and WPA funds, should certainly be expanded to include filling in of the various sinkholes about the campus grounds. Most prominent of these sinkholes can be found in the northwest corner of the library tract and just south of Main building.

SYMPATHETIC SIGNS

Quite a bit of mystery has grown out of the Little Theatre play contest. Among the manuscripts submitted was one bearing the delightful name of "Sympathetic Signs." It had only the initials J.E.W.M.S. Strange to say this was the play which was decided upon as the winner. Now the question arises, "Who is J.E.W.M.S.?" (he, she, it, or they) is urged to come forth and collect his reward and the honors that go along with it.

Qui est-ce qui est cela J.E.W.M.S.

CHATTER

As if you be asked what good is going to be to build a new stadium if one can not get to it without wading knee-deep in mud and breaking a log or two on bricks that are no better than the roughest cobble stones?

J. E. W. M. S. Who suggested that "Dell" was strong enough to be qualified to join the East St. Louis girls all star team?

LIABILITIES

A. Delta Six Mumble B. Donkey's Ass Foot C. Required course D. Whiskey bottles E. The people who bosed during a certain light the other night F. Mildred Hanson's unusual shoes G. The worn out times heard when passing along the stairs H. The High School aggregation at Carters.

J. E. W. M. S. Dabberable as it may sound, the fact remains that many of our senior friends are going job hunting next week. There always comes a time when relatives come in handy. If only Uncle Willie were on a school board somewhere.

It is rumored that the daughter of the late Joe Ziegler has become a newspaper columnist. We knew that she had always sympathized snappy lines.

J. E. W. M. S. Side Lights of the Week Speaking of the "revival of learning" we fully understand what that means. It's the week before the Finals.

Very few people were aware of the near tragedy that occurred during the second act of "The Bishop Misbehaves." It seems that the "Curtain Raiser" became trapped behind some doors when the act started and had to remain silent during the act. Finally, friends pressed food through a small aperture to the imprisoned one. It order to make the wait less unpleasant, all ended happily, however, no casualties resulted.

Speaking of food—we could tell one thing about all during the act. Finally, friends pressed food through a small aperture to the imprisoned one. It order to make the wait less unpleasant, all ended happily, however, no casualties resulted.

He called her on the telephone and she stated that "this is your blind date." She demanded an explanation and he was rather confused and withdrew. Although there is a great deal in the situation that is not cleared up, we believe that a few of his "friends" had been leading him.

Friends of a certain chap from Belleville want to know if this fellow's mother is accustomed to having her son blow in at all hours of the evening and bring with him the greasy part of the Kappa Phi Kappa hood to be coffee and doughnuts. At any rate the fellows were grateful.

Annette Febilius Once upon a time a foolish and a fool met. Said the fool, "I know that this thing is true because I feel that it is true, but I know the scholar is not true, I know for it has been told to me by those who know." Both laughed. COLLEGE NEWS J. E. W. M. S.

BOOK REVIEW

WINTERSET: A DRAMA IN THREE ACTS, by Maxwell Anderson. Revisited by Robert D. Foster, Department of English, Southern Illinois Teachers' College.

Most play-goers and play-readers are inclined to forget that verse was once the accepted convention on the stage, and that prose found its way into the playbooks of the beginning of the scientific era. Maxwell Anderson has not forgotten, and in his play Winterset he returns to the convention with distinguished results. Unlike his earlier plays in verse, although the quality of the language is superb, Anderson's new play deals, daringly enough, with the sort of material we most often associate with totally melodramatic epics: murder, the gangster and his frantic attempts at escape, etc.

The ambitious playwright is deliberate and advised in his choice of material, believing, as he says in the preface to the play, that "now is the time for our native amusements to be transformed into a language of power and beauty. The American theater needs the touch of a poet." I believe with Goethe that dramatic poetry is man's greatest achievement on his earth so far. Anderson's language of information, drama and poetry is the language of emotion. The best prose in the world is inferior on the stage to the best poetry. In his play Anderson more than proves the truth of his statements.

Except in his poetic and classically inspired treatment, the story of the play is neither startlingly compelling nor original. Near the love-home of the Estras are brought together a group of characters all concerned with the execution, years before, of the Barons de Romagna, an anarchist. Innocent of the matter of which he was convicted, Garth Estras was a witness of the murder, and now his conscience torments him because he allowed an innocent man to die.

It is rumored that the daughter of the late Joe Ziegler has become a newspaper columnist. We knew that she had always sympathized snappy lines.

Very few people were aware of the near tragedy that occurred during the second act of "The Bishop Misbehaves." It seems that the "Curtain Raiser" became trapped behind some doors when the act started and had to remain silent during the act. Finally, friends pressed food through a small aperture to the imprisoned one. It order to make the wait less unpleasant, all ended happily, however, no casualties resulted.

REFLECTIONS

Spring Fever vs. Ambition AMBITION: A real good college student will go right on and strive to get an education. Ad to his studies, diva.

SPRING FEVER: "Think so?" AMBITION: "Even as Spring is creeping in And drowsy days drag by Just work hard and faithfully, You'll prosper bye-and-bye!"

"And in the Spring your fancy Should turn to thoughts of books Not to freshness of the morn Nor how that daisies look!" "Rest up this next vacation 'Till you have a lot of fun, For this Spring term means study And all good things are done!"

SPRING FEVER: "Now listen, Mr. Ambition, I'll have a word or two— I've always whipped you over year Just as this year I'll do!"

"I care not for your schools or you And books can just be burned I'll do the teaching this next term In romance I'm quite learned!"

"I overpowered you when I instilled in poet's mind— In Spring a young man's fancy— Ambition—you're far behind!"

"Now, try to disregard me— And call my students lazy— They only loaf in front of you For my lectures they're crazy!"

"And I have nursed on my side With hills and trees and song You just sit on your rear and for the rain you long!"

"Now don't you blame your students For losing again with me— Your books just haven't what it takes To compete with Spring, you see!"

Child Guidance Clinic Here

A child guidance clinic for children in this sector will be held on the S. T. C. campus April 2, and 3. The clinic staff consists of three members—a psychologist, a social worker, and a psychologist. This staff is coming from the Illinois Institute for Juvenile Research, a division of the State Department of Public Welfare, as a part of a state wide program for bringing this service to various communities.

President Besocke (Pulman) announced a committee of faculty members which will function in a cooperative capacity. The members of the local committee are Dr. W. A. Thalman, chairman of the committee, Dean H. A. Williams, Dr. Thea Mervin, Dr. M. A. Hartrich and Miss Florence Dixon.

The clinic has been organized for the purpose of understanding, and planning for children who come to its attention. Each child will be given a physical examination, and if any physical or mental defects will be treated. The child will then be examined by the psychologist who will determine his learning ability. Next he will be examined for information concerning his general reactions to environmental stimuli.

If all goes well there will be a consultation with the child's parents in order to know the whole situation. After a thorough examination has been made the staff and teacher of the pupil will plan a treatment for meet the problems that may be present.

This first clinic will probably be limited to seven or eight cases, but the opportunities will be extended gradually to a larger number.

DR. TURNER TO BE INTERNE 2ND YEAR (Cardinale Free Press, Tuesday, March 3). Dr. Marion A. Turner, who finishes one year as interne in the St. Louis City Hospital in the spring, has been appointed to a second year there. Only about four out of six of 70-2-4, second year appointments.

Mrs. Turner and son, Jack, are spending the year here with her parents, Mr. and Mrs. R. L. Lewis. Dr. Turner is a graduate of the Teachers' College in this city.

NEXT EGYPTIAN MARCH 25. No further issue of the Egyptian will be put out until Wednesday, March 25.

SOCRATS ELECT GLEN GREGORY AS PRESIDENT

Glen Gregory was elected president of the Socratic Literary Society at its meeting last Wednesday night. Mr. Gregory has been an active member of the society for four years. He also plays in the orchestra and band and is a member of Kappa Phi Kappa. Lloyd Cox, who is an active member of the Forum, Y. M. C. A. Chamber of Commerce, and plays in the orchestra and band, was elected vice-president. The corresponding secretary was Mr. Robert Carr and the recording secretary Helen Schmitt. Wendell Mathis, who was chosen treasurer, is also a member of Kappa Phi Kappa.

Washington Alumni In Heavy Contribution To Stadium Fund

The largest source of names is the enrollment list of the President's office, which is supplying names at the rate of about 1000 per day. It is expected that about 32 filing cases of these names will be assembled to form a permanent alumni list. Permanent File Being Obtained. A permanent file of names is being obtained and the addresses is also being formed and will be used through out the stadium drive. This list is now being checked for duplications and inaccuracies.

About 150 names have been received from the office of the State Superintendent of Public Instruction in Springfield, with only those names beginning with letters from A to H having been obtained. It is expected that all the alumni names from the Springfield office will be sent here within about two weeks.

Robert B. Browne, Director of the University of Illinois Extension work, has also furnished the stadium office with the names and addresses of all students of the University of Illinois who have transferred from other schools. This also includes those members of the faculty who have taught here or attended school here.

In order to cope with the increased burden of work, the office force has been increased to twenty. Of these 13 are PSA workers, with two members of the force not from PSA. Work in the office will probably be curtailed next week, because of the spring vacation.

HIEROGLYPHS

Editors Note: This week we offer four short poems in rather neat modern style. In these suggest anything to you? If so, scribble off a few lines and turn them in at the Egyptian office. Don't forget to sign them. We'll print them with initials only—but we must know your name.

FOUR SHORT POEMS By L. J. D.

RAIN Fall dring Fall rain on the trees And the earth Making each fresh and new Making the clay soft and warm Oh, Lord, let it rain This, I'll not be afraid To die.

Today is nothing. We look forward to tomorrow. Today is nothing. We look back on yesterday. But, today becomes yesterday And tomorrow is today. Life is expectations and memories. These are the rules. To salute life. What we have.

To treasure most What we have. To love that which is dear To learn anything Sans fear. Much we think.

DESIRE Time do not wait for me. I will not wait for you. Better you've gone too far.

Do not stop for me. Don't carry me with you. Quickly. On your way To eternity.

# I. S. T. A. MEETING WILL ATTRACT FIVE PROMINENT SPEAKERS HERE

## Contingent Is Headed By State Supt. John A. Wieland

### CONVENTION ON MARCH 26, 27

#### Dr. J. A. Naismith And Rabbi Isserman Also On Program

A variety of prominent speakers will appear before the Southern Illinois Division of the Illinois State Teachers Association which meets here on March 26 and 27. Included among these are State Superintendent of Public Instruction, John A. Wieland, his assistant, T. A. Reynolds, and Rabbi Ferdinand Isserman, Dr. James A. Naismith, and Fred A. Belster.

The second speaker of the Friday afternoon program has not yet been selected. Mrs. Franklin Delano Roosevelt was at first considered, but was unable to accept the invitation. Francis Perkins, Secretary of Labor, was also invited, but due to uncertainty in her plans, she was unable to accept.

Mr. Reynolds has had fifteen years of administrative experience as superintendent of schools in the State of Illinois. He was graduated from Macomb Teachers College with an A. B. degree and from St. Louis University Institute of Law with an LL. B. He received his masters degree at the University of Illinois. Mr. Reynolds is at present assistant State Superintendent of Schools and assigned to the Legal Department.

Rabbi Isserman of the Temple of Israel, St. Louis has held many important positions and offices in various Hebrew and inter-denominational organizations and movements. He has been a close student of international affairs and has made frequent trips abroad to perfect his knowledge. The Rabbi is the author of "Rebels and Saints," the social message of the Prophets of Israel, and "Sentenced to Death," concerning the Jews of Nazi Germany.

Naismith on Annual Speaking Tour. Dr. Naismith, inventor of basketball has been a member of the University of Kansas faculty since 1888. From that vantage point he has seen the game he started with a couple of peach baskets and some hurriedly

# PROBLEMS CLUB TO JOIN AMERICAN STUDENT UNION

The Modern Problems club met last Thursday to discuss the proposal to affiliate with the American Student Union. After a long discussion of the principles of the Union, the club decided to join it and the secretary was instructed to arrange the details.

Earlier this year the Modern Problems club decided to join the League for Industrial Democracy, but this organization affiliated with the National Student League to form the American Student Union. No further action was taken by the local club until last week in joining the new Union.

The chief immediate purpose in taking this action is to bring a liberal speaker of national reputation to the campus. Students have long demanded for a liberal speaker and the Modern Problems club has taken upon itself the responsibility of bringing one.

A committee composed of Evelyn Miller, Ralph Higerson, Lowell Hill and Marion Lipscomb was appointed by the president, John Stasofich, to investigate the possibilities of securing the services of a speaker. A number of other committees consisting of Jean Saha, Edward Skinner, Robert Jack, Virginia Spiller and Eugene King is to plan a program for a peace day demonstration in April.

# Many Faculty Members Attend N. E. A. Convention

(Continued from page one)

ary of the Committee of Supervision Student Teaching at its session Tuesday morning. This organization, composed of five members, meets simultaneously with the National Education Association and concerns itself with the problems of teacher education and particularly with those problems relating to observation demonstration and student teaching.

Of the faculty members attending the conference, the critics of the training schools were especially pleased with the discussion of problems relating to student teaching. They discovered that the training schools of S. I. T. C. are operating on the methods generally recommended at the conference.

During the lectures which they attended Monday and Tuesday, Miss Susie Ogden and Miss Kathryn Cavella heard recommendations made by leaders in the field of commerce, re-emphasized rules develop as one of the most engaging athletic activities with college and school groups. A nationwide movement is on foot to send Dr. and Mrs. Naismith to Berlin to witness the inaugural of basketball as an Olympic sport, with contestants from eighteen or twenty countries.

Mr. Deiser, principal of Glen Ellyn High School is chairman of the State Legislative Committee. Last year he served as chairman of a "Save the Schools" committee at the state I. S. T. A. meet.

# 'The Bishop Misbehaves' Proves To Be One of Best Dramatic Productions of Recent Years

## Crowd Enjoys Little Theatre Play As Frank Samuel, Ann Langdon, Euel Johnson, and Frank Elders Carry Off Honors

By GEORGINA LOCKIE

Little Theatre presented its annual production Wednesday night at Shryock Auditorium, performing "The Bishop Misbehaves," a recent Broadway comedy success. The excellence of the acting, plot, and settings made the play one of the best dramatic productions to be given on an S. I. T. C. stage in several years.

The attentive crowd which the audience followed the sly Bishop's deceptions in unraveling the jewel theft mystery evidenced its approval of the cast's rendition of the play. Immediate responses to the situation created by the consternation of the ladies, the gentle urdulness of the Bishop's sister, and the common sense of the socially ambitious couple, Mr. and Mrs. Walter, indicated the crowd's appreciation of the humorous lines and situations.

Possessing a unique plot, the comedy also displayed the shrewd contrasts present in English social life. In the first act, the quiet, sheltered life of Lady Emily Lyon and the cheap, gaudy existence of Mrs. Walter emphasized each other in the conversation between the two women in the lobby.

The entrance of the Bishop and his sister, following that of Mr. and Mrs. Walter, was very impressive and also produced a distinct contrast. Fleeting bits of humor, such as the momentary position of the Bishop behind the pub-room bar in the first act and his telephone conversation with a parishioner in the third, flash at frequent intervals below the observers.

The cast was very skillfully made up. The appearance of the Bishop and his sister greatly impressed the audience on their first entrance.

Settings Well Done  
The two unusual subjects for settings, one representing an English pub and the other the drawing room of the Bishop's home, were well done. The quiet charm of the English drawing room and the pub-room bar in the pub showed the careful planning and work of the stage crew. The specific lighting effects were good.

Frank Samuel's characterization of the "bishop" was outstanding in the case—his performance sustained the

action throughout the play and was responsible to the greatest extent for the success of the production. In the lead, a strong character role, he was admirably consistent with the accent and mannerisms with which he portrayed the lovable Bishop of Broadminster, who had a yen for detective stories. Mr. Samuel's acting displayed his versatility and more firmly established him as one of Little Theatre's most capable members.

Ann Langdon, also in a character role, turned in the second best performance of the evening. Her performance of an old lady was a trying part, requiring exceptional talent. Miss Langdon's smooth characterization displayed without doubt the excellent quality of her ability.

Euel Johnson and Frank Elders, two new Little Theatre members, also fulfilled expectations in difficult roles. Mr. Johnson's part as a hair-tender was enough to require good acting. Mr. Elders' role as the elderly secretary to the Bishop also made only four Outstanding Players.

Excepting these four members, the performance of the rest of the cast was not unusually remarkable. Edna Mitchell and Carolyn Whitlock as the throves were adequate in small roles requiring little ability. Ernest Brashear and Mary Bell Allen also possessed stereotyped parts as the social-climbing married couple of the neighborhood.

Ernest Brashear and Mary Bell Allen, however, overtook her role of the temptress wife.

In the romantic leads, Frank Thomas and Kate Burkhardt failed to do justice to their parts. During the entire play, Mr. Thomas failed to put himself into his role and thus neutralized the possibilities of his part. One of Miss Burkhardt's faults was her inability to control her voice, which assumed different pitches in the various scenes in which she appeared. She did her best to control in the last act in her scene with the Bishop, when her voice acquired its normal tone and her acting became more natural and colorful.

# CROSS FIRE

By JASPER CROSS

The week's dual of words brings together Major General Joshua Higood of the Eighth Corps Area and the New Dealers, in battle assembled. Seemingly the winner in this farce is the New Dealers, who succeeded in ousting Higood from his post.

The tactics came about when Higood, testifying before a House subcommittee, criticized New Deal policies and spoke of the WPA "steals money." Not long later Higood was relieved of his command in the Eighth Corps. A resolution has been passed for the Senate investigation of the President's removal, that General Higood's record was "marked by repeated examples of lack of self-control, irresponsible and intemperate statements, and because he had been passed for a Senate investigation of the whole case.

More than 25,000 men and boys in the Civilian Conservation Corps (CCC) have been taught to read and write, according to Howard W. Oakley of Washington, national director of CCC camp education.

Education majors and those interested in psychology will be interested in the death of the originator of one of the most famous schools of thought in regard to human actions—the behaviorist school.

Ivan Pavlovich Pavlov, early experimenter with animals in an attempt to prove his theory of the "conditioned reflex" died in Leningrad, Russia, last week. Although 78 years of age, Pavlov only last fall announced his plans for the conducting of a new experiment on the effect of alcohol on the nervous systems of animals. His treatise, "The Work of the Digestive Glands," won the Nobel prize in physiology in 1904.

A sad day for the Blue Eagle will come April 1, when that noble bird will pass forever from the national scene. The feeble remnants of the NRA, knocked out of the New Deal program by the Supreme Court, will be disbanded April 1, and the last paychecks distributed to the few workers left. It is believed that President Roosevelt may ask to have part of the office force continued in their offices for the purpose of research work in the problems which confronted the NRA.

That the Japanese jingoists cannot secure enough outlets for their warlike impulses in the constant threats of their country becoming embroiled in another war is shown by the present stirred-up state of that country.

The internal struggles of the Japanese are being held in check on their warlike tendencies, however, as it is very difficult for a non-united country to wage external war.

The close correlation of democracy and education was the theme of the School Superintendents' Convention speakers at St. Louis last week.

In varying terms, the speakers all brought out the fact that democracy must keep its promise (i. e. that of guaranteeing an education to all people) in order for democracy to continue.

Recognizing modern developments, the Convention advised a greater use of the radio in spreading education.

Those who attended the NEA convention in St. Louis last week had one of the best opportunities ever afforded to a Midwestern audience to obtain the views of the three leading parties in the United States on problems of current interest.

Before what should be an extremely intelligent audience, the three points of view were clearly and logically presented in a demonstration which was infinitely more effective than three speeches at separate points on separate occasions.

# College News

TOKKAWA JUNIOR COLLEGE

Tonkawa, Oklahoma  
For ten years the students at Tonkawa Junior College have been clamoring for school dances. They wanted more social life. For ten years, the administration has heard their pleas, but always the answer to the demands was "no," because it was remembered how badly the students had abused the privileges which they had had it. Now, after ten years, the administration has relented. They set a date for a dance and asked that the supporters of the affair register in the office. Only six students had registered on the eve of the dance.

Northern Ill. State Teachers College  
DeKalb, Illinois

Ted Shaw and his group of men dancers made their third appearance on the DeKalb campus recently. Mr. Shaw introduced a new dance, the "Kinetic Molpai," on this program. "Molpai" was the ancient Greek word for the art form which includes rhythmic movement, instrumental music, dancing, poetry, and drama. The dance interprets the meaning of the body to express the emotion for which words, harp, and singing are not enough. This one dance constituted one fourth of the program.

ILLINOIS COLLEGE  
Jopkaville, Illinois

The Illinois College Rambler, the official organ of Illinois College, has declared that "Scandal," a gossip column, is the most interesting column of the paper and, therefore, has favored it with space on the editorial page, where some persons might turn reading dirt to reading the editorials which, while not quite so interesting, are surely more valuable.

Western Ill. State Teachers College  
Macomb, Illinois

Coach Ray Hanson of Western Teachers College is supervising the Dr. James A. Naismith benefit fund. Coach Hanson is personally acquainted with the founder of basketball, having attended Y. M. C. College in Springfield, Massachusetts where he was president of the Varsity club of which Dr. Naismith was an honorary member.

WILSON TEACHERS COLLEGE  
Washington, D. C.

Carl Sandburg, "America's most truly native poet," lectured in the Roosevelt Auditorium in Washington, D. C. on February 24. Mr. Sandburg, poet, reader, and lecturer, read a group of his poems and ballads. The lecture was under the auspices of the Sigma Tau Delta fraternity.

No Literary Society Meetings Tonight  
There will be no meeting of the literary societies, Socratic or Zetic, tonight because of the impending final exams.

# VIVIAN NATTIER LEAVES B. S. U. POSITION HERE

Vivian Nattier has resigned her position as student worker for the Baptist Students' Union in order to accept a social work position in Baltimore, Maryland. Miss Nattier came to the B. S. U. two years ago from the Women's Missionary Union, a Baptist Training School, in Louisville, Kentucky. Her work consisted of planning programs, visiting students and trying to enlighten them, and assisting the officers. She also taught a class of girls at the local Baptist Missionary Church.

Last Wednesday night the B. S. U. had a gathering at the church and presented Miss Nattier with a leather traveling bag.

The Union expects to have another worker to fill this vacancy by mid-spring term.

# U. HIGH CLASS IS GIVING PLY TODAY

The Public Speaking class of University High is giving the play "Sauce For the Gophers" at chapel hour today in the Scorialo Hall.

The entire senior high school was invited to attend.

Plans are being made to present the play several more times on various programs.

The cast in "Sauce for the Gophers" was coached by Wesley Bennett, who was assisted by Miss Carol Fugate. Both are student teachers.

# Faculty News

David S. McFutosh was in St. Louis last Wednesday attending the N.E.A. conference.

During spring vacation, J. Cary Davis, a member of the Foreign Language department will continue work on his Doctor's thesis at the University of Chicago.

A former student of S. I. T. C., Lenore Martin, visited Miss Martha Scott this week.

Mrs. Fleming Cox and her daughter, Dorothy, entertained several friends at a candlelight supper last Sunday night.

Miss Julia Jonah spent the weekend in St. Louis.

Dr. Willis G. Swartz spoke to the local Women's Club on "Social Security" Thursday.

"Patriotic and Interior Decorating" was the title of the speech that Burnett H. Shryock gave to the members of the Benton Women's Club last night. The meeting was held at the Benton country club.

A shopping trip took Mrs. Julia Scott and Miss Florence Eberhardt to St. Louis Saturday.

Professor F. G. Warren went to Murphysboro last night to speak to a group of elementary school teachers on "The Curriculum."

# OKLAHOMA FRAT TAX RESCINDED

(By Associated Collegiate Press)  
NORMAN, Okla.—Fraternities and sororities located in the state of Oklahoma are no longer subject to taxation, the Oklahoma supreme court has ruled after a fight by two University of Oklahoma fraternities was carried to the state's highest tribunal for settlement.

The supreme court pointed out in a unanimous ruling that the fraternities were educational, non-profit making institutions and were not subject to taxation.

# THE CURSE OF SPRING

At last the beautiful spring weather that we have hoped and cried for for weeks has arrived—but, attack and alas, at exactly the wrong time. Just when those 2500 pages of outside reading have to be done and fifty lessons of French must be learned, the most beautiful weather possible comes to the scene. The only time now that it is possible to keep awake is when one is out with all the fun in the world and no place to go. And then there also comes the urge to travel a bicycle and roller skates—but, oh that first bad tire and loosened wheel!

Yes, the worm has turned, and now we are praying for one week more of that cool, invigorating weather with its accessories of ice and snow.

# UPPERCLASSMEN MUST CONSULT DEPT. HEADS IN MAJOR FIELDS

## Conferences Held During This Week

In accordance with a new plan which has just been developed by the administration, juniors and seniors must consult with the head of the departments in which they are doing major work, or such person as the department heads may designate, concerning their courses before registering for the spring term.

Such consultation already in progress in most cases must be finished by the end of this week. A complete list of departments, advisors, times, and places for conference follows:

Such consultation, already in progress in most cases, must be finished by the end of this week.

### CORRESPONDENTS WITH TURKISH PRESIDENT

(By Associated Collegiate Press) ROCHESTER, N. Y. — Yannis Schindman, a University of Rochester junior, is a great and good friend by correspondence of Ghazi Mustafa Kemal Pasha Ataturk.

And in case you don't know who Mr. Ataturk is, he's the president of the Republic of Turkey, and he's been bombarding Schindman with pamphlets, magazines and books about Turkey ever since Schindman sent a request to President Ataturk for material for a thesis he is writing on Turkey.

One of the real eye-openers Schindman received was a bound copy of a speech the president had delivered on international affairs—a speech that required five days for complete delivery after completion of which covers 72 printed pages.

## French Class Gives Play

"La Surprise Discrete" was the title of the play given by members of the French Phonetics class at the regular meeting of La Reunion Gallique Monday night. The plot of the play centered around a doctor who was expecting an infant patient; and when Ildone, an old friend, paid him a surprise visit, the maid mistook the guest for the patient.

The cast of characters in this comedy was as follows:  
Jeanne, the maid—Ruth Scofield.  
The Doctor—Alvina Schlueter.  
Ildone—Virginia Gookey.  
Mme. Duval—Mary Womick.  
Suzanne, the doctor's wife—Eloise Winkler.

The Thursday French luncheon will be resumed after the vacation, the next one being held at the Sigma Sigma House.

La Reunion Gallique will hold its next regular meeting on March 30, at which time the program will be in charge of French 230 classes.

# MOVIEING AROUND

## WITH RADIO NOTES

By Anthony Venegoni and Virginia Cummins

How anyone can say that the movie is cheap after having seen "The Life of Louis Pasteur" is beyond me. Undoubtedly in the past, the movies have put out some rather awful things, but after all, the movies are comparatively young and must, of necessity, go through the "wild stage" in the last few years. They have been emerging from this adolescent period, slowly but surely. "The Ten Commandments," "The Birth of a Nation," "The Big Parade," and other movies have been called into the cinematic progress. Last year's "The Informer," and the more recent "Tale of Two Cities" have certainly eliminated a lot of what might have been objectionable hereafter.

Now, Paul Muni's "The Life of Louis Pasteur" is the masterpiece. Muni's characterization of the beloved French scientist, Pasteur, is his best, and he has done good work—"Border Town," "Black Fury." He radiates kindness, generosity, and goodness just as Pasteur did. Though French in background and atmosphere, the picture leaves nothing to be desired, except possibly, a few more episodes of his life.

"If You Could Only Cook!" Sounds like a student in search of a roommate here at S. I. T. C. But, no—it's the title of a new comedy picture which starred Herbert (Pittie) Marshall and Jean Arthur. The picture is rather dumb, but enjoyable—nothing better is in the offering.

"The Gen Theatre" slipped a little Sunday's picture, "King of Parkers," which French in background and atmosphere, the picture leaves nothing to be desired, except possibly, a few more episodes of his life.

**RADIO NOTES**  
It will be very interesting to watch the development of the Affiliated Broadcasting Company, just issued a charter by the State of Illinois, being headed by Samuel Insull, former czar of Broadway. Mr. Insull is president of the \$200,000 organization, but he has not a dollar invested in the venture, according to the attorney, Floyd E. Thompson.

Negotiations are still going on with stations in Illinois, Indiana, and Wisconsin to join the new network and several have already signed while others have shown considerable interest. The stations joining with the plan are mostly of small power, but to 500 watts, and it is said that the charges of some of the stations range as low as twelve dollars for fifteen minutes. It has been estimated that the telephone lines connecting the fifteen stations in the network would cost approximately \$1000 a week.

The St. Louis Cardinals have opened a series of broadcasts entitled "The Story of Baseball" on Station KMOX on Friday. The series presents a dramatized version of the history of the national pastime and features France Lusk, nationally known sports announcer, and commentator in broadcasts of historic happenings in the sport.

When the giant British liner, Queen Mary, sails from Southampton in May on her maiden voyage to New York, the British Broadcasting Corporation will have her equipped for daily broadcasts to the British public and the transatlantic service, which is heard in this country.

Quoting the BBC reports: "From the time she sails to the time she docks in New York, British listeners

# ANONYMOUS PLAY WINS LITTLE THEATRE MELODRAMA CONTEST

"Paucaemum Regna" was selected the first melodrama contest, "Whiteed by the Little Theatre Judges as 'Rosie' by Frances Noel, was given the winner of the melodrama contest sponsored by the organization. The author of the three-act play is not known. There were two other entries in the contest. The first prize of \$10 will be given to the winner of the melodrama contest. Members of Little Theatre will Anna Miller, and Allen Sager. The present "Paucaemum Regna" on judges recommended that Edith Huddell 1.2. There will be two shows a night with specialties between acts.

In this melodrama which has a cast of eight, there is a courtroom scene that has to do with legal events. The Shakespearean stage setting will be designed and executed by Jay Friolone.

Two years ago the winning play of

## STADIUM FUND DONATION FROM PLAY UNDECIDED

Since the final financial reports on the production, "The Bishop Mishave," are still incomplete, Little Theatre has not yet definitely decided its contribution to the stadium fund. However, after the bills incurred in the presentation of the play have been paid, the remainder of the \$94.50 comprising the gate receipts will be donated to the fund.

The response of the audience indicated that the production merited a better attendance of the student body. The courtesy of the acting of the cast and the efficiency of the work of the stage crew combined to make the play successful.

In constructing the settings, the designers planned a new kind of background, erected to form a backdrop at the top of the setting. Spect lighting was also featured.

The regality of Robert Chalmers was well displayed in the setting for the first act. Keeping well within his budget, Mr. Chalmers produced a play room setting which elicited admiration from all who saw it. The setting for the second and third acts, designed and executed by Karl Bauman, represented a room in the bishop's home and was also very effective. This was the largest set being ever constructed for an S. I. T. C. stage. Some of its unusual features included the cathedral window adjacent and the drawing room and the entrance to the academy.

## PAN-HEL PLANS STUNT NIGHT

The Panhellenic Association is planning a stunt night, the proceeds of which are to be added to the stadium fund. The date is set for the first part of April, and it will be held in the Shroyok Auditorium. Ten organizations on the campus will be asked to contribute fifteen or twenty minute stunts. Those organizations to be asked are Kappa Delta Alpha, Chi Delta Chi Club, Little Theatre, Delta Literary Society, Secrete Literary Society, the Y. M. C. A., the Y. W. C. A., the Women's Athletic Association, and Anthony Hall.

It will be in daily contact with her; they will be able to hear at first hand what progress she is making and how life goes on among the thousands of people on board. From the radio room to crew's nest, the microphone will convey an impression of the varied activities of passengers and crew.

# PERSONALITIES OF TODAY'S NEWS

DR. REXFORD G. TUGWELL, federal resettlement administrator, is again meeting opposition. His pet resettlement project is located at Mt. Healthy, a suburb of Cincinnati. O. Recently he went to Cincinnati to talk to the regional planning commission and remained to hear attacks on his project.

Real estate dealers and wealthy property owners in the vicinity of Los Angeles are being urged to object to homes for families of moderate income on the grounds that "no insurance has been given by the government that the families will be of sufficient moral and civic character," and that it would be a humiliation to have cottages built "right alongside dwellings that cost any where from \$20,000 to \$50,000."

OSWALD GARRISON VILLARD, former editor of the "Nation," who spoke in Carbondale last year, has received appointment on the part of various congressmen and other interested persons by an address made in Washington recently. He decided to resign from the United States Senate in recent days and pointed out the mounting appropriations for military preparation in this country. He stated, "We have become a military and naval menace to other countries. We have arrogated to ourselves the right to say that only one other nation shall have as large a navy as our own. What we are doing is to break down the American republic by creating a great standing army and navy, a tremendous army and navy lobby that is tied up with every reactionary force in the country and all the super-patriot-anarchist societies."

It's impossible to get a college degree in Italy now without proficiency in military science.

REPRESENTATIVE VITO MARANTONIO, Republican congressman from New York, was arrested by New York police recently. He was arrested as one of the leaders of a parade of unemployed demonstrating against inadequate relief. He warned all congressional immunity, but the police executives, fearing that the

# Baby Chicks Sent To State Farm

One thousand baby chicks will soon arrive at the State farm to be raised to delicious fliers. R. E. Muckelroy, head of the department of Agriculture here, reports. The chicks will probably arrive this week and preparations for their arrival have been completed.

The brooder which will be placed in two broader boxes which have just been built. The largest is twenty by thirty feet in dimensions, and the other is only twelve by fourteen feet. Heaters, feeders, etc. have been installed and the chicks are all that are lacking. A large thirty by forty laying house has also just been completed.

Some of the roosters will be of a larger breed and will be castrated and raised for eating purposes. Of these, Mr. Muckelroy says that they attain an average weight of thirteen or fourteen pounds and are almost as delicious as turkey. Those chickens not castrated will be placed in the laying house.

Anthony Hall will receive the coupons to use as brooders and fliers. The hall will also receive the eggs.

MONKEYS WIN INTRAMURAL CROWN, BEATING KONGS IN PLAYOFF

Victory Friday Night Comes By Score 21-13

HINKLEY AND DUNN STAR

College Court Title Relinquished by Kongs, 1935 Winners

Featured by the superb playing of Garth Hinkley and Thomas Dunn, the Morgan's Monkeys of the National League defeated the Sons of Kong of the American League last Friday night, 21-13, and thus captured the S. I. T. C. intramural championship...

The intramural season came to a close last week with Robert Calfee and Gerald Veach winning honors in the scoring...

Robert Calfee, the offensive star of the American league champion Kongs, hoisted 110 points to lead both leagues...

Some of the men who stayed in the first ten in point making through out the year were Robert Calfee of the Kongs, "Steve" Shanks of the Kongs, "D. A." and "Weird" Phillips of the Tornadoes...

In the final part of the Monkeys' continued their drive and registered six points while preserving their own points from any sort of a goal...

In winning the game the Monkeys won the championship crown from the Sons of Kong, who were defeated in an overtime period, 27-25...

S. I. T. C. CLOSES WITH VICTORY OVER OAK CITY

(Continued from page 5)
some came through with the next two for the Maroons. Another excellent play by Lindsey of Indiana and the first half's scoring record Southern 24, Oakland City 20.

Midway, starting for Denzler at the half, scored two points to re-establish confidence. Vire, Oakland City forward, repeated the feat. Parsons gave the Teachers' their next count-off, paving the way for a scoring rampage by Broadway. "Buddy" Spillars in three goals with rapidity. Lucas followed with two more, followed by Gardner's netting one.

From then on the scoring was mainly Maroons with the blue-and-white visitors last losing their foothold. The Maroons accounted for 39 points the last half as against 16 by the Hoopsters.

Between halves of the game, Captain Emery was presented by his admirers with a handsome leather suitcase. Coach William McAndrew made the presentation, and Emery gave a short speech of thanks and acceptance.

The lineup:
Southern: G. F. P.
Lucas 1 0 1 8

MAROON SHARPshootERS OVERCOME HANDICAP OF SMALL MCKENDREE GYM

The speed of Southern aggregation was a group of sharpshooters deluge when they took the McKendree Bearcats to camp by a 69-25 count last Wednesday at Lebanon. The apparent disadvantage of the small size of the Bearcats' gymnasium was turned to an advantage for the Maroons, who poured in baskets from all over the court with deadly accuracy.

Troy Edwards was the hero of the day in the Southern attack. He counted 21 points for a new seasonal high mark, passing the one set by Fulton in the St. Virgin game, when the speedy forward scored 21 points. Lucas netted 17 points for runner-up honors, and Wilson 'M' Kentley's scoring was limited to 15.

SPORTS SLANTS

Game Impressions (S.I.T.C. vs. Oakland City)
The second half power of the Maroons... Last game for Captain Emery... His blushing speech... The many Oakland City long shots hitting all around the rim...

But some of the stars of this year's contest, by all laws of probability, have been in the captain's shoes and lead the Southern team play again next year.

The situation at the close of this basketball season is just the reverse of what it was last winter. This year only one team, however, last spring four regulars completed their college play. However the loss this year is more serious than at seasons on the surface. Russ Emery points, keeping himself among the leaders of the Nineteen scores.

This conference win assures the Maroons a berth among the leading league teams, with a record of eight victories in ten conference starts for a percentage of 80.

The Southern sprinter started counting the Nineteen scores. The game was steadily forged ahead of their opponents, never being approached after the first few minutes of play. Lucas and Edwards led the scoring in the first half with 14 and 10 points respectively.

The last half was a repetition of the first, with Denzler continuing to outstrip Mania, the towering 6 feet 7 1/2 high Beardsler, and the 6 foot 6 inch Berger still pouring through the net. Only one extra was added, another 12 points this half, and Fulton got the range to bring his total to 19. Lucas added three more for his total of 17, and Denzler counted his eighth five.

The Maroon's starting lineup required instant most of the game, with the combination including Fulton, Lucas, Denzler, Emery, and Edwards serving service in nearly all of the play. Parsons and Broadway played the few minutes in the places of Fulton and Denzler. Both Denzler and Mania had their third personal foul called on them when the game was about three-quarters finished. However, neither was called for the foul.

The Bearcats were handicapped by the absence of Bice their star forward, from the lineup. He broke his leg during basketball practice on Monday night before the game and will be out for the rest of the season.

Edwards, who played his last conference game in this city, was outstanding on defense. Emery did not allow his man to make a basket, and accounted for five points in the few minutes in the places of Fulton when not feeding the ball to one of his teammates. His best game record was made even better on the fact that he did not commit a single personal foul.

Table with 4 columns: Player Name, G, F, P, Points. Lists players like Lucas, Emery, Gardner, Parsons, etc.

Table with 4 columns: Player Name, G, F, P, Points. Lists players like Lucas, Emery, Gardner, Parsons, etc.

Will be hard to replace because he is the play maker and the steady influence on the squad during the recent campaign. Several times he has saved games by his steadiness and by his play making.

But some of the stars of this year's contest, by all laws of probability, have been in the captain's shoes and lead the Southern team play again next year.

Pete Gardner made his first appearance on the local court as a visitor, by all laws of probability, and qualified Oakland City, and within five seconds of play had scored a basket. He later counted another and played a prominent part in the rival scoring burst of the Maroons in the closing minutes of the game. Gardner's shooting against the Indiana five and on the last road trip of the year when he made his debut after being inattentive, has stamped him as one of the possible future greats.

During the half intermission of the Oakland City encounter, the Maroon reserves came out and indulged in some plain and fancy long shooting with Gray Hoyle, local boy, giving the spectators a show with his towering shots through the rafters.

An interesting incident of good basketball and an exciting game resulted in the meeting of the stars of Kongo and the Morgan's Monkeys to decide the intramural championship Friday night in the preliminary game to the varsity contest. Play on both sides was fast and furious as the Monkeys won out, 21-13.

Barney Horowitz's first exclamation after being knocked out by Bill Rowanski Thursday night was "Where am I and who brought me here?"

Speaking of knockouts and 'thens: DiGiovanna, spectators of the Thursday night bouts are reminded that Mr. DiGiovanna narrowly escaped his own fate when one of Hubbe Bice's wild blows caught him squarely on the chin in the first bout of the evening.

At the close of the Scott-Pattin 135 lb. boxing match in the eighth annual college ring tournament Thursday night, the victor, Scott, was so tired that he could hardly hold up his guard, while Pattin was staging a finishing drive which came too late to earn him the decision.

In four of the five falls in the wrestling division, Thursday night, some form of the arm scissors held firm in the fall. The only exception was as Marlon Elliot decried the defending 125 lb. champion, Norman Massie, by throwing him with a hold snuff in 6:33.

By far the best fight of the ring tourney was the Shaver-Dunn, glue encounter in the 146 lb. division, in which "Shorty" Shaver won the title for the second consecutive year. Shaver was the closest and most evenly matched, with both boys adding plenty of skill, punch, endurance, and willingness. Young Benny Dunn looks like a coming boxing star, as this is his first year at the sport.

The advent of spring brings a shift in Illinois College Conference athletic directors and at least three different directions are given in various quarters to the shift. Baseball is occupying the attention of several conference colleges, with Illinois Wesleyan leading in the amount of preparation.

The Titans, famed for their basketball ability, will take a 2900 mile southern training trip, including seven states. At present no names have been arranged for the team. Battery candidates have been working out in the Wesleyan gym since December.

Baseball interest is also paramount at Charleston Teachers and at Old Normal, where seventy-five candidates answered Coach Howard Hancock's call for aspirants.

Little Nineteen baseball stars will include many athletes of prominence in other sports ranks. Milton Morgenthaler and Jack Hornberger of Wesleyan basketball fame, Carl Shaw and Joe Curry of court prominence at

EMERY LEADS COURT STARS IN SERVICE

Nine S. I. T. C. basketball men have played more than 150 minutes each during the past season, with Captain Russ Emery leading the list in total time played. Captain Emery has played 648 minutes of playing time to top Wayne Demzler, his fellow leader, by more than 100 minutes. Demzler has played 548 minutes and is trailed by Jack Lucas, with 520 minutes; Troy Edwards, 574 minutes; Loyd Corzine, 536 minutes; Derard Fulton, 500 minutes; George Dolanich, 245 minutes; Max Parsons, 234 minutes; and Charles Broadway, 176 minutes.

Eight other men have seen action in Maroon contests. These are in order of the time played—Harvey Sanders, Loyd Lott, Charles Hall, Bob North, Pete Gardner, Max Aiken, Gene Trint, and Gray Doyle.

Not only has Emery led the Maroons in time played, but in scoring as well. The veteran guard and forward has garnered 141 points this season to top James Lucas by three points. Troy Edwards and Derard Fulton follow, in second and third place, with 119 and 104 points, respectively. Among the scorers and their points are: Wayne Demzler, 71; Loyd Corzine, 62; Charles Broadway, 42; George Dolanich, 41; Loyd Lott, 20; Harvey Sanders, 15; Pete Gardner, 9 and Dave Aiken, 4.

In assisting averages, however, Derard Fulton and Loyd Lott take over the lead with percentages of better than 400 in home games. The others ranked in the order of their accuracy, are Corzine, Lucas, Shaver, Sanders, Demzler, Parsons, Broadway, Edman, and Dolanich.

In proportion to the amount of time played, the five leading scorers are Fulton, Lott, Aiken, Edwards, and Lucas.

Dr. Barnes Has Article In Osiris

(Carbondale Free Press, Tuesday, March 3.)

A distinct honor to the scholarship of Dr. Sherman B. Barnes of the history department at Southern Illinois Teachers' College is his appearance in the first volume of the new Osiris, a scholarly journal of international reputation with articles by European and Asiatic as well as American scholars. Dr. Barnes' article, one of the thirty-nine contributions, is entitled "The Editing of Early Learned Journals."

Osiris is the beginning of a new series of "Studies on the History of the Philosophy of Science and the History of Learning and Culture," edited by Dr. George Sarton of Harvard University, one of America's most eminent scholars. The articles in the first volume deal with topics ranging from the opening of Babylon's first printed arithmetic of Spain colonial geometry.

In commenting on the appearance of this new series, Dr. Barnes says it marks a long step forward in the historiography of science and culture. In this connection, James E. Cozart, president of Harvard University, went on record in the April 1935 Atlantic Monthly to the effect that men of learning have neglected the history of science, of ideas, of scholarship, and advanced that such studies be brought into relationship with social, political and economic history. The genesis of our own intellectual background is too much avoided.

Thereafter, are among these articles "The loss of the opening diamond cut." He also includes Glenn Jaquet at Normal, another basketball player.

The main seasonal sport in college competition, lack of course, has been its customary early school, with almost every conference team now indulging in indoor workouts of some sort.

Bradley Tech grid stars will engage in spring workouts as the Board school continues its drive for increased athletic prestige. Coach A. J. Robertson issued the call for men to report yesterday for football workouts.

Chairman of the Curriculum Revision Committee

Dr. W. A. Thalman is serving as chairman of the faculty committee for revision of the college curriculum, which is now studying plans for changing the study courses here.

POSSIBLE PICTORIAL PUBLICITY

(By the Editor)
"Names make news" is an old saw of journalism which is as applicable today as it ever was. Like-wise photo-graphy has always made news more attractive, and more and more in journalism in the past few years pictures have come into extensive use as factors to utilize the news reports.

With the prominence of pictures in modern journalism there have arisen several publications devoted entirely to photographic effects. Such a one is the Collegiate Digest, distributed weekly with the Egyptians. This magazine of pictures carries campus shots from college campuses all over the country, and is most highly valued by amateur college photographers. The regular rate of three dollars for each accepted photo is paid for each shot accepted.

The Collegiate Digest last week reviewed its Picture of the Week column, in which five dollars is paid each week to the photographer the best submitted that week.

Two or three times during the year the Egyptian has carried news stories concerning this offer, hoping that some ambitious S. I. T. C. photographer would avail himself of the opportunity to make money and to give valuable and favorable publicity to the college. No Southern photo has yet appeared in the Digest, and to the best of our knowledge nothing has ever been submitted.

We would like to suggest that some photo-enthusiast respond by taking upon himself to shoot some interesting campus event, or to catch some scene of campus beauty and offer the result to the national picture magazine. The additional picture of the Week contest should offer double inducement.

Histology Class Constructs Slides

For the past few weeks members of the Histology class have been constructing a number of interesting and useful slides to add to the Zoology department collection.

The outstanding contributions were made by the following people: Fred Trezza, who constructed thirty Hydra slides; Nancy Ellen Card, who made thirty slides of the Planarian worms; She also made twenty five slides of insected slides.

Wilfred Brown, who produced thirty Ophiura medusa slides; Charles Trapp, who made twenty five injected cut diaphragm slides; Fred Cagle, who constructed slides of the snake and frog tongue showing nerve and taste buds.

Orland Kelley, who succeeded in arranging thirty slides of the Venus gill, a rather difficult process. These slides are said to be the finest of their kind ever made in the local department.

LOST AND FOUND

LOST—Black and grey Sheaffer fountain pen Reward. Crumpled red hat, lost by June Vick. FOUND—Three articles, a watch, a key, and a pen, in the president's office. A hand-book of Everyday French, a brown leather purse, several keys, pencils, gloves, scarfs, pens, and a compact.

Wailing Wall

Dear Wailing Wall:
I wonder if the bird that wrote the editorial "Why Strike?" is aware of the fact that the last time so many students went on a strike, it made a real impression.

I for one, hope that S. I. S. N. U. takes an hour off, from some regular class period, so it will be a "wailing" and have a big anti-war display. What this will do is exactly the thing that the great, the very great, editorial writer said would be "the only benefit"—that is, tell the old fogies in no uncertain terms that we do not intend to be cannon fodder bellowing in old men's "Lose," as Ezra Pound says. We don't care to have these lines, also by Pound, applying to us:

There died a martyr
And of the best, among them,
For an old bitch gone in the teeth,
For a batched civilization.
Yours truly,
Merle Mehlhert.

Dear Wailing Wall:
My wall is not very loud or very long, but I hope it goes far in correcting a much-neglected wrong.

What has happened to the School Council? Has it at last decided to assume the identity of the Forgotten Man? Has it retired into obscurity and grown a long grey beard in neglect? What we need, I can say with certainty, is not a good five-cent cigar, but a real Live Student Council, made up of the students, by the students and for the students.

Yours sincerely,
L. W. ADAMS

Dunbars Split Double Bill With Arkansas State

An even split in the basketball doubleheader against the Arkansas State team in Pine Bluff, Arkansas, resulted from the Dunbar Society five's visit there Friday and Saturday. The local five won the second encounter, 38-36, after dropping the opener, 30-47.

Walker was high point man in both games for the Dunbars, scoring 13 in the first and 18 in the second. Baker, State forward, also led his team in both contests, chalking up 21 markers in the first game and 12 in the twilight.

The next, and probably the final game of the season for the Dunbar squad will be in Herrin either Friday or Saturday night, when it meets the Centralia Colored Demos.

MU TAU PI WILL NOT MEET THIS WEEK

Mu Tau Pi will not meet this week due to final exams, but will hold a very important meeting the first week of the spring term. At that gathering, the speaker is to be invited to the final annual high school press conference will be decided.

The press meet will be on the campus here April 17.

Then there was the plight of members of the college marching band, accustomed to forming the names of opposing schools on the football field, who learned that their next opponent was to be the Massachusetts Institute of Technology.

VEACH JOINS BOSTON BEES

Gerald Veach, S. I. T. C. junior, left last Wednesday to join the Boston Bees, National League baseball team, at their spring training camp in St. Petersburg, Florida.

He pitched last summer for Federal, Kentucky in the Kitty League, and was signed by the Boston team for spring training. At Paducah Veach won nine and lost seven games.

Veach was an outstanding Maroon basketball player in 1934 and 1935. He did not participate in basketball this season, since he was ineligible because of signing the baseball contract.

FRESHMAN EXAM ANSWERS REVEAL STARTLING FACTS

(By Associated Collegiate Press)
FORBES' OFFY, Iowa—Freshman at Washburn College here have revealed a lot of new facts for scientists and educators. Recent examination answers revealed the following new facts:

- 1. Shelly unfortunately died while drowning in the Gulf of Lezhorn.
2. Bido means the same, and is usually represented by Bido marks.
3. Romeo and Juliet are an example of a heroic couplet.
4. Milton wrote "Paradise Lost," then his wife and he wrote "Paradise Regained."
5. Keats is a poet who wrote on a grassy area.
6. Robert Louis Stevenson got married and went on his honeymoon. It was then he wrote "Trevelyan With a Donkey."
7. Robinson Crusoe was a great singer who lived on an island.
8. A yodel is the way people talk to each other in the Alps.
9. Rerai life is found mostly in the count.
10. A corps is a dead gentleman, a corpse is a dead lady.

NON-SKID

Faculty people dance and frisk occasionally as well as their students, and each campus generally has its faculty dancing club. At one of these affairs, a professor of education began to dance with the wife of another instructor.

As the first dance wore on, the instructor began to complain vociferously of the floor, the music and even hinted that his partner possibly wasn't quite up to snuff as a dancer. Everything was solved, however, when his partner informed the professor that he still had on his rubbers.
