Southern Plans Parents Day for Saturday, Sept. 22

Parents of Southern students have been invited to spend the day on campus at the second annual Parents Day, planned for Saturday, Sept. 22.

Held for the first time last year, the affair is being repeated because of the gratifying results obtained, according to Bob Etheridge, assistant dean of men.

Activities for parents will start with tours of the campus at 3 p. m., conducted by Girls Rally and Alpha Phi Omega.

AT 4 P. M., DR. Delyte W. Morris will welcome the guests in Shryock auditorium, and Dr. C. Horton Talley, chairman of the speech department, will present the main address.

There will be an open house at 5 p. m. at the Student Center. Members of the Office of Student Affairs and Dr. and Mrs. Morris will be hosts.

From 6 to 8 p. m. will be free time, during which the parents may wish to have dinner with their children.

A SPECIAL FEATURE of Parents Day will be the football game beginning at 8 p. m., between the Salukis and Central Michigan. A ticket for one parent will cost one dollar plus 20 cents tax, and for two parents, the total charge will be \$1.40—\$1.20 for one ticket, plus 20 cents tax on the second ticket.

Parents will be able to sit with their sons and daughters in the student section of the stadium. Parent tickets will go on sale at 5 p. m. Saturday at the ticket office.

Cheerleading Try-Outs To Be Held Tonight

Try-outs for Southern's 1951-52 cheerleaders will be held tonight at 7 p. m. in the men's gym.

All students, regardless of class, who are interested in cheerleading should report at the try-outs.

Instructor Publishes Article on Vegetation

An article by Dr. John W. Voigt, assistant professor of botany, has been published in "American Journal of Range Management," a magazine with more than 1200 subscribers, primarily in Western states. More than 50 colleges and universities receive the publication.

Title of the article is "Vegetational Changes on a 25 year Subserre in the Loess Hill Region of Central Nebraska."

The article has been reprinted in pamphlet form and is being distributed to persons employed in range management work and to Western schools.

Lou Bobka, varsity football player from Harrisburg, introduces our Saluki, new school mascot, to football at Southern.

University 'I' Club Purchases Saluki For Southern's New Athletic Mascot

An eight-month-old male Saluki arrived on campus last week to become Southern's new athletic mascot. The university "I" club purchased the dog from Mr. and Mrs. Lawrence Travaro, Farmer City.

Leland (Doc) Lingle, track and cross country coach, said that Walter Mazurek, property man of the athletic department, will have custody of the streamlined mascot, which is deep red mahogany in color with white markings.

Southern students first became acquainted with the Saluki late last year when a contest was held to select a new athletic symbol for the school.

The Saluki, noted for its speed of over 43 miles an hour, is believed to be the oldest pure breed dog in the world. It is pictured in old Persian art and is depicted on the ancient tombs of Egypt.

Saluki in Arabic means "The Noble One," and the dog is sacred to the Moslems. It is believed that the first Salukis came to Arabia from Syria as long as 7,000 years ago.

A long distinguished Egyptian history, speed, grace, and beauty make the Saluki an appropriate symbol for a university—especially for a university in Little Egypt.

Parking Applications Are Due Wednesday

All parking applications made by students and faculty must be completed and returned to the Office of Student Affairs by Wednesday, Sept. 19.

Parking space is still available in university parking lots.

The IBM cards for automobiles filled out at registration last week are not parking applications. A separate form must be filled out and may be obtained at the Office of Student Affairs.

FRESHMEN MAY APPLY FOR STUDENT COUNCIL

According to an announcement from the Office of Student Affairs, freshmen interested in serving on the Student Council should obtain applications at the Student Affairs Office.

Tomorrow has been named as deadline for receiving applications. In cooperation with the Student Council president, the deans will select two boys and two girls from applicants to serve as temporary freshmen Student Council representatives.

An election for permanent freshmen representatives will be held by the Student Council at a later date.

DEBATE MEETING

There will be a meeting of all students interested in debate at 4 p. m., Wednesday, Sept. 19, at the Speech house.

Miss Pat Criwell being photographed for her activity ticket during New Student Week, by student photographers Bill Nesbitt and Walter Craig. Photo by Wiedemann.

Training Building Opens With 385 Enrollment

Enrollment at the new University Training school, which was opened for use for the first time this fall, has reached the total of 385 including nursery school, kindergarten, and the twelve grades. There was an increase of approximately 35 in the upper grades this year.

Morris To Speak To SIU Freshmen At Assembly

Dr. Delyte W. Morris, president of Southern Illinois University, will speak at a freshmen assembly Thursday, Sept. 20, from 10 to 11 a. m., in Shryock auditorium.

All freshmen classes will be dismissed at 10 o'clock for the assembly. Classes restricted to sophomores, juniors, seniors, and graduate students will be held as usual.

Student Council Plans Election

Southern's Student Council began its long list of activities for the coming year by sponsoring several events during New Student Week. The Council, headed by President Jerry Nordberg, conducted an assembly on organizations and an informal sing for new students. The Council also sponsored the all-school Registration Dance held last week.

Next on the agenda, the Student Council will conduct a special election to choose a new senior Council representative to take the place of Jim Parker, former vice-president of the Council, who recently left for the service; and to select a new junior representative to replace Bob Coover, who recently transferred away from Southern.

NOMINATIONS for the new representatives will be held Tuesday, Sept. 25. Election for the representatives will be held one week from the nomination day.

At the last meeting of the Student Council, Barbara Ames Von Behren was elected vice-president of the Council to fill the office vacancy made by Jim Parker. Other officers are Jerry Nordberg, president; Joan Eblen, secretary; and Delores Hamp, treasurer.

Open house and a dedication ceremony for the new training building, which is located on West Grand, is tentatively scheduled to be held on November 16 during National Education Week. Dr. Douglas E. Lawson, dean of the College of Education, is chairman of the committee in charge of making plans for the dedication and open house.

BEING THOROUGHLY modern, the training building has new style observation rooms for university education classes and for non-class members. Green chalk boards and modernistic color schemes enhance the interior.

On the ground floor are the little theatre, play rooms, auditorium, commercial rooms, and dressing rooms. Dr. Charles Neal, director of teacher training, and Dr. Woodson Fishback, consultant of the university school, have offices on the first floor. Also on the first floor are the main office, the nursery, kindergarten, first, second, third, and eighth grades.

Study hall, the library, nurses offices, fourth, fifth, and sixth grades are located on the second floor of the building. On the third floor are counselors' offices, laboratories, and the seventh grade.

Announce Rules for Obtaining Tickets For Football Games

According to Glenn "Abe" Martin, athletic director, all student activity tickets will be honored for all home football games. All seats located in the West stadium south of the 50 yard line have been reserved for students.

Students may secure reserved seats in this area by presenting their student activity tickets at the university ticket office on days previous to games or at the stadium ticket office on the day of a game.

STUDENTS MAY secure tickets for each of the home games on the following dates:

- Sept. 20, 21 for Sept. 22 game.
- Oct. 4, 5 for Oct. 6 game.
- Oct. 25, 26 for Oct. 27 game.
- Nov. 20, 21 for Nov. 24 game.

Upon entering the stadium gate for a game students must present both their activity ticket and their reserved seat ticket. Any student allowing a non-university student to use his or her activity card will automatically forfeit all rights to the activity ticket for the remainder of the term, Martin said.

Faculty members may purchase tickets for each game at 75 cents per person, including tax. Offices or officials desiring to send out reserved seat tickets to official guests of the university must secure the tickets at the ticket office.

Tryouts for the Homecoming play, "Goodbye My Fancy," will be held at the Speech house, 312 West Grand, Wednesday and Thursday, Sept. 19 and 20, beginning at 7 p. m. The tryouts are open to all students interested in acting or technical work.

Published semi-weekly during the school year, excepting holidays and exam weeks by students of Southern Illinois University, Carbondale, Ill. Entered as second class matter at the Carbondale post office under the Act of March 3, 1879.

Registration Difficulties

It becomes more and more difficult to register at Southern each term, or so it seems to us. We thought that, being an upperclassman, registration would be mere routine by now. After going to the south door of the gym, (it's always started there before), the north door of the gym and finally discovering that Old Main was this term's starting point, we gave up and asked a freshman who had just been orientated for directions.

It didn't seem to us that the procedure was simplified in the least by moving the preliminaries, such as the taking of the activity ticket picture, over to Old Main. It just made one more line to stand in, and there was much less confusion when it was all in one building, the gym.

WE THINK THE "ditto" cards are an excellent idea and save much time formerly devoted to filling out long lines of cards. If there could be one line added to the card which says: "Please do not fill this card out in ink, use pencil only," it would keep many students from having to stop in the middle of the line and retrace everything in pencil to make an impression on the carbon. Every time registration is simplified by the elimination of several cards to be filled out, others are introduced to take their place. For instance there is the card on which one is to indicate if he ever expects at any time during the term to drive a car on university property. In many cases it would be impossible to be psychic enough to say one way or the other, and seems a waste of time and ink to fill out the card unless there is some obscure use for it which hasn't been brought to light.

Registration is bound to be confusing to a certain degree, no matter how many steps are taken to simplify it. To speed up the process it might help a lot if a specific set of instructions on how to register for the term could be sent to all the organized houses the week before registration, so that students could look the list over and know what to expect before they go to register. Of course, this plan wouldn't reach all students, but it might enlighten a large number of them.

—A. M.

A Similar Situation

Southern's new student center, barracks style, has recently been given honorable mention by the student newspaper at Northern Illinois state teachers college at DeKalb.

Lacking adequate funds for a suitable student lounge, the school, like Southern, is trying to make the best of available materials. A suggestion by the paper reads as follows:

"... We feel that there is even more that can be done to improve the recreational program at Northern. It appears obvious that a student commons building in the near future is too much to hope for. So, how about allotting some space in the barracks for a student center—as Southern Illinois University did?"

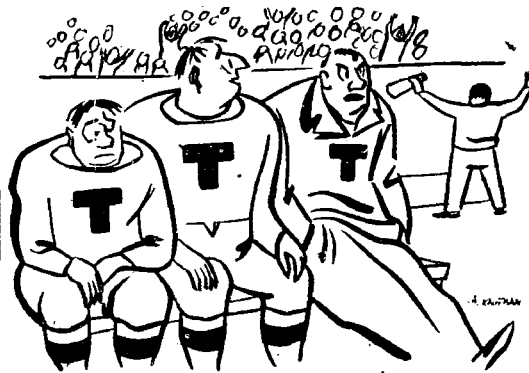

We think that plans for the student center here have worked out exceedingly well and those who have had a part in it can be justifiably proud of its appearance.

Remember: First name, age, stay up close, o. k., look in the mirror and laugh; that's all. We all heard words to that effect as we were shoved through the identification machine here last week during registration. You can now pick up your activity ticket at the Bursar's Office and see just how funny the image on the mirror was.

Southern Adds New Members to Faculty

Additions to Southern's faculty for this year which have been officially approved by the Board of Trustees include: Dr. C. D. Sanford, professor in education; Mrs. George Cartt, instructor in home economics; Dr. Isaac P. Brackett, associate professor in speech; Dr. Leonard Shethner, assistant professor, biological research laboratory, microbiology; Jim Lovin, coach in the men's P. E. department;

Frederick Carlton Ball, associate professor in art; Ernest E. Brod, instructor in education; Dr. Dan Orto McClary, assistant professor, biological research laboratory, microbiology; Norma Parker, assistant instructor in women's P. E.; Anna E. Broach, instructor in women's P. E.; and David Kenney, instructor in government, graduate college.

Names of additional new faculty members will be released on approval by the Board.

Dr. Hunsinger Named Essay Contest Winner

Dr. Paul Hunsinger of the Southern Illinois University speech department has been named first place winner in an essay contest sponsored by the Great Books foundation.

"Academic Phobias," Dr. Hunsinger's essay, deals with ideas for improvement of the leadership training program for Great Book discussion leaders.

Barracks Help in Housing Shortage

Due to the rapid expansion of SIU, nine new barracks have been erected on the eastern side of the railroad tracks, across from McAndrew stadium. Eight of the barracks will be used for housing male students and the ninth will contain a recreation room, study facilities, office, and housing for William Rogge, who is in charge of the barracks administration.

At present, five of the barracks are already providing housing for male students. Sigma Pi fraternity is located there, while the other four barracks house freshmen students.

THE BARRACKS were built to house 23 men—22 students and a house fellow. The house fellow is either a senior or graduate student who is in charge of his respective barracks.

Six study rooms, a lounge, a storage room and rooms with sanitary facilities are all contained in the barracks. Lights have been installed and the heating facilities are being completed now. Heat will be furnished by the physical plant. Linens and blankets are furnished by the university. Rent for housing

For Students

Recreation Center Is Made to Order

Southern's new Student Center, which is located in barracks on Harwood St., provides cultural as well as recreational facilities for all SIU students from 10 a.m. to 10 p.m. daily.

For those who prefer Bach or boogie, chess or cards, and looking at paintings donated by the W.P.A. and students from the art department, or comic books, the Student Center is the place to visit.

For use during the day are the following: candy, coke, and cigarette machines; a pay phone, where students can make long distance calls home or to anywhere in town; a music room containing a radio and two phonographs; magazines; and accommodations for cards, chess, and checkers.

Among the many offices located in the Student Center are those of the APO, the ISA, the Obelisk, the Student Council, and the Social Senate. The Foreign Relations Club holds meetings in the Center as do many other university sponsored organizations.

Parties may be held in the Student Center. A new fully equipped kitchen is available for preparation of refreshments for such occasions as teas or parties.

In the future the Student Center hopes to add a ping pong table to its facilities.

U. S. Choice is good beef. Under the present grading system, it's called Prime in many restaurants. But we insist on serving our customers the very best—what USED to be called Prime Beef—and what is STILL called Prime Beef in our book. You'll find no other kind of rib roast here.

THE HUB CAFE

LT. COL. OLIVER K. HALDERON, Chicago, has arrived to direct the Air Force ROTC staff at Southern Illinois University. As professor of air science and tactics, his position here will be similar to the one he has held for the past two years at the University of Missouri. A graduate of Augustana college, Colonel Halderon is a regular air force officer with more than 10 years of active military service, including five years of foreign duty. He is a graduate of the Air Force Flying school, the Air Command and Staff School, and the European Staff Officers course. He has had extensive experience as a squadron and group commanding officer. Colonel Halderon is married and has two children.

Approximately 800 Students Take Part In New Student Week Program

Approximately 800 new students registered for the New Student Week orientation program held on the campus Sept. 6-9, according to Miss Leah Farr, acting dean of women.

The program was initiated by Clark Davis, dean of men, when he delivered a welcoming address in Shryock auditorium.

Parties, mid-morning snacks, campus sings, and other recreational activities relieved the pro-

gram of aptitude and achievement testing.

Members of the Girls Rally and Alpha Phi Omega fraternity conducted tours of the campus.

Open houses at the sororities fraternities and religious foundations were held for benefit of the new students.

A party at the Student Center highlighted Saturday's schedule of a physical examination, dean's panel, opportunity hour, and picture making.

On Sunday 600 parents and new students were guests at a basket dinner held on the Wheeler library lawn. A convocation followed in Shryock auditorium. President Delyte W. Morris welcomed the group and Dr. Hunsinger, assistant professor of speech, delivered the closing address.

Lindgren Speaks At British Conference

Dr. Carl C. Lindgren, microbiologist at Southern Illinois University and world-famous yeast geneticist, has returned to the SIU campus from Great Britain, where he spoke this summer in Bristol before the Society for Experimental Biology.

Camp Program Held During Summer

Probably the first project of its kind in Illinois—one week of camping as part of the summer school program for grade school children was conducted this summer at the training school.

Beginning with the opening of the regular SIU summer session, June 11, a series of one-week camping periods for elementary youngsters were conducted at Giant City State Park.

"School camping is probably the outstanding movement of our times, and is as significant as progressive education," according to C. C. Franklin, director of the Giant City camping project and chairman of the men's physical education department.

THE CAMPING program included activities and skills which the children are not likely to learn in town. The program offered proof that living out in the open can be done safely and comfortably.

Camp counselors were Southern students enrolled in a camping work shop. During the first two weeks these counselors were taught skills in camping outdoors. Practice in camping activity and counseling skill began the third week with the group of elementary pupils taken from the fourth through seventh grades of the training school. The camping program was offered to the university students for credit and is a regular part of the university training school summer program.

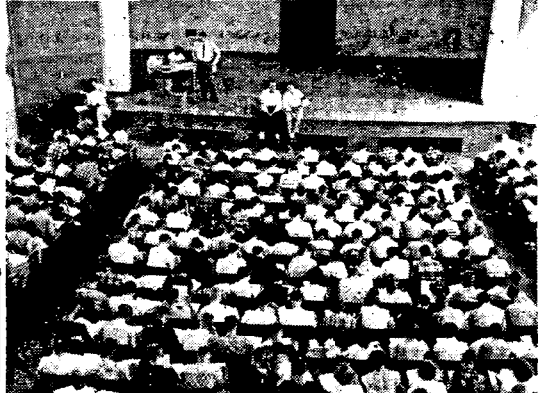

Speech Instructor Makes Switchboard

A portable theatrical switchboard, more economical and as effective as those used in large theatres, has been designed and constructed by Lawrence Voss of the speech department.

Plans for the switchboard were drawn up last fall, and students in stagecraft classes built the lighting panel under the supervision of Voss.

Original ideas incorporated in the switchboard are a sloping instrument panel and a new type of pre-set switch for fast lighting changes. The switchboard is small enough to go through a single doorway and can be moved by one man. A single person operates the board.

Construction of the board cost approximately \$1,000. The unit could not be duplicated commercially for less than \$2,500, accord-

Freshman group one being administered Kuder Preference tests in the new University Training School auditorium as a part of New Student Week. Photo by Wiedemann.

University Students Tour East and Canada

Thirty-five students at Southern Illinois University left after summer term on a 22-day tour of northeastern United States and southeastern Canada. The tour was sponsored jointly by the SIU extension division and the department of geography.

The group traveled by bus to Halifax, Nova Scotia, by way of Indianapolis, Columbus, Pittsburg, Philadelphia, New York City, Boston, Bangor, and St. John, New Brunswick. The return trip took the group through Quebec, Montreal, Toronto, and Detroit.

In addition to studying the agricultural and industrial patterns of various areas, the students studied port and harbor development, ocean shipping, and the fishing industry. The tour was conducted by Dr. Floyd F. Cunningham, chairman of the SIU department of geography and geology. Students making the tour were given five hours of residence college credit.

ISA Plans Picnic for Thursday, Sept. 20

Plans for a picnic at Crab Orchard Lake Thursday, Sept. 20, were made by the Independent Student Association at its first meeting of fall term Wednesday, Sept. 12.

There will be a charge of 35 cents for expenses. Students are to meet at the flagpole at 5:30 p.m., and transportation will be provided.

Another ISA meeting was held yesterday at 4 p.m., in Main 213.

Waller Counts On Frosh Grid Talent

Southern's grid team will be sporting many new faces as well as their new nickname, the Salukis, when they take the field this fall.

With graduation, draft calls, and eligibility rules leaving many vacancies in the ranks of the veterans of last season, Coach Waller will have to rely heavily upon freshman talent to fill the gaps. The loss of such men as Harold Call, Chuck Oyler, Paul Swoboda, Capt. "Moose" Kraus, and many other of last year's standouts will have to be compensated for from the ranks of the 40 freshmen now out for practice.

The backfield, being built around veterans Bob Ems and Herb Cummins is operating from both the "T" and single wing formations. Last year's offensive employed a combination of both, with the "T" being used most frequently. This year's offensive will remain a question mark until Waller can learn just what to expect from the freshman backs.

The center position, an unfilled position since Kraus's departure for the Air Force, is now handled by a trio from Murphysboro. Of the three, Red Weil and Tim Bowers are freshmen. Don Ledbetter, the third, is a returning letterman from the 1949 squad.

One of the guard positions will be filled by Lou Bobka, a senior letterman. Bill Wangelin is also back in uniform after returning from the Air Force under the new plan enabling college seniors to complete their schooling.

Cach Waller and his assistants are holding diligent practice sessions to prepare the team for the 1951 opener this Saturday against Central Michigan. This is Southern's first home game of the 1951 season and also their first I. A. C. contest.

Basketball Tryouts Slated For Oct. 1

Varsity basketball practice starts Oct. 1 for a prospective list of 27 candidates, Coach Lynn Holder announced today.

Holder asked that all squad members, as well as those wishing to try out for the team, report that day. Exempted from the early practice sessions are players now out for football or cross country.

Practice will begin each day at 3:30 p.m., Holder said.

CAPTAIN TOM MILLIKIN, a senior, heads the list of candidates for next season's team. Millikin, a member of Pinckneyville high school's state championship team in 1948, was named to the third All-America team last year.

Other lettermen from last year's team are Chuck Thate, junior, Chicago; Jerry Hallopeter, junior Florida; Bob Nickolaus, sophomore, Centralia; Don Miller, junior, Herrin; Dick Henley, junior, Herrin; Stanley Horst, senior, Hoyleton.

Holder said the following men were also team prospects:

HARVEY WELCH, sophomore, Centralia; Joe Thomas, freshman, Carbondale; Thomas Taylor, sophomore, Centralia; Gil Kurtz, freshman, E. St. Louis; Gerald Whittenbrink, freshman, Dupou; Bud Ripplemeyer, freshman, Valmeyer; Mike Newell, freshman, Edwardsville.

Jim Scroggins, freshman, Wood River; Mark Johnson, junior, Salem; Barney Ross, freshman, E. St. Louis; Jack Theriot, sophomore, Florida; Jack Renfro, sophomore, Collinsville; Bob Profit, freshman, Hurst Bush; Ken Dorrner, freshman, Norris City.

Bill Duncan, sophomore, Herrin; Charles Valier, senior, Pinckneyville; Paul Shealor, freshman, Okawville; Bill Scheimer, freshman, E. St. Louis; Bill Delaney, freshman, Florida; and Jerry Boyd, freshman, Florida.

Salukis Start Fall Baseball Practice

Fall baseball practices for the Southern Salukis started last Tuesday. Coach "Abe" Martin's call was answered by 87 men, only four of whom are lettermen from last year.

Ed Coleman and Chuck Valier returned to their positions at second and third in the infield. Captain Jim Schmulbach is the only veteran in the outfield and Tom Millikin is the one returning pitcher. Bob Ems and Reid Martin are busy on the gridiron, and Wayne Grandcolas is slated to join the team after returning from a Canadian Industrial League Sept. 25.

Despite the lack of experienced veterans, Coach Martin is highly optimistic. Of the 87 candidates, 10 are catchers, and 11 are first basemen. Assisting Martin are two lettermen of last season, Art Mendendez and Milt Weisbecker. Both are ineligible for competition because of graduation, but are aiding in the coaching duties. Weisbecker is working with the catchers, and Mendenez with the infielders. Charles Weiss, a class "A" ballplayer in the New York Yankee farm system, is also on the coaching staff. Charlie is enrolled as a student at Southern, but is ineligible to play under I. A. C. rules. Bob Franks, last season's manager, is also back in uniform.

Four more games are scheduled for the fall season. This Wednesday the Salukis will travel to Cape Girardeau for a game with the Indians. The remainder of the schedule is: Sept. 29—Chester Prison (there), Oct. 4—Tamaroa (there), and a game to be played at Metropolis at an indefinite date.

FALL FOOTBALL SCHEDULE

Southern's grid schedule this fall will include four home games. The first home game will be played Sept. 22 against Central Michigan, also the first I. A. C. game of the 1951 season. This game will be played under the lights, newly in-

New Coaching Staff To Assist in Football

★ Head Coach Bill Waller now has a complete new staff of assistants working with him in current football drills.

JIM LOVIN, new assistant coach to Bill Waller, as he appeared in his famous No. 78. Lovin distinguished himself as an all-conference guard for four straight seasons.

Two former grid stars of Southern, Jim Lovin and Chuck Mathieu, have returned to aid in coaching the team on which they once made football history. Jim Wilkinson, former SIU wrestling coach, has also returned after a year's stay at Oregon State and is now handling the "B" squad.

BOTH LOVIN AND Mathieu were linemen on the 1947 team which met North Central in a post-season "Corn Bowl" game. Lovin was elected to the all-conference team for four straight seasons from 1946 to 1949. His jersey number 78, was officially retired in a ceremony last season and is now on display in the trophy case in the men's gym.

Mathieu and Lovin replace Clarence Bradley and John Corn of last year's staff. Corn, also a member of the "Corn Bowl" squad, is now working with the Federal Bureau of Investigation. Bradley is now coaching at the Christopher high school.

stalled last year for the Shrine game. The following game with Northern Illinois State Normal on Oct. 6 also will be played at night, starting time, 8:00. Homecoming is scheduled for Oct. 27 when the Salukis will clash with Eastern Illinois. The home season will close with a game against Arkansas State Nov. 24.

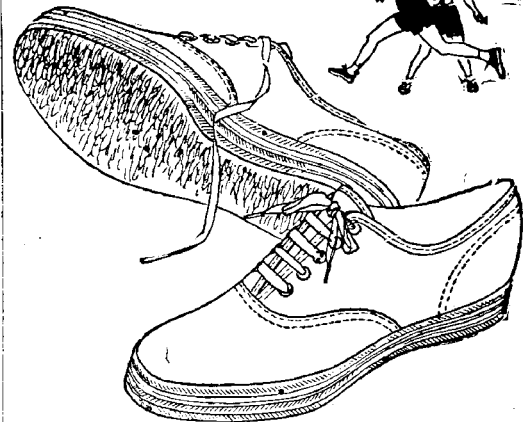

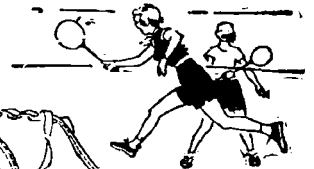

Five road games are scheduled, the first against Northern on Sept. 29. A new opponent in the form of Washington U. will play host to the Salukis on Oct. 13. On Oct 19 Southern will travel to Macomb for a game against Western. After a game at Michigan State Normal on Nov. 10, the Salukis will close their road schedule at Cape Girardeau on Nov. 17.
