Other counties with large representation are LaSalle 18, Tazewell 17, Livingston 14, Iroquois 12, Bureau, DeWitt, Peoria, Sangamon, Vermilion 10 each.

THE SUMMER SESSION.

In the first summer half-term the attendance was restricted to high-school graduates and holders of teachers certificates; yet our registration was 2836. Twenty-six per cent of the students had not taught. Seventy-six per cent had teaching positions for this school year. Two hundred eighty expect to be in school next year. There was a large attendance of mature teachers. Thus in one class enrolling twenty-four men and seven women.

Average age of men 32; average salary \$2080; average experience 10 yrs.

Average age of women 27; average salary \$1435; average exper. 6.3 yrs. In all 246 of the students have taught ten years or more, 384 others have taught more than five years; only 726 have never taught.

Of the 2836 only 702 were in the normal school for the first time; 306 had spent two years or more in this institution; college graduates numbered 32; normal-school graduates 228.

The per capita cost of instruction only was by terms.

1st summer half-term \$12.87, 2nd summer half-term \$14.89.

In the mid-spring term we added 507 students at an added salary expense of \$2505.

24. As Instructor in Physics, Leon Sheldon Smith, A.M. of Ionia, Mich., a graduate of the University of Michigan who has studied several months in France. He has taught nine years in high schools, the last five at Misawaka, Indiana, (\$2160-\$2160).

The total salary of these 24 new teachers is \$48,464.

The total salary of their predecessors was \$48,019.

The increase of \$445 is due to the fact that we have replaced three substitutes in Physics, Mathematics, and Geography by full professors and have replaced a part-time teacher by a full-time teacher. If we leave these four cases out of consideration, the new payroll is \$1535 less than the old.

I recommend the employment of the following list of teachers for new positions made necessary by the growth of the Normal University.

1. As Assistant Professor of Education, Charles Ernest Decker, A.M. of Kewanee, a graduate of the provincial normal school at Truro, Nova Scotia, of Aurora College, and of the University of Wisconsin. For the past five years he has been principal of the Wethersfield township high-school. Salary for nine months \$2700.

2. As Instructor in History, Dorothy Garrett, A.M., a degree graduate of the Normal University, and of Teachers College, Columbia University, N. Y. She has taught in Illinois high schools and the past year in the State Normal College at Ypsilanti, Mich. \$2250.

4. As Instructor in Physical Education for men, Donald Thomas Karnes, B.S. of Fairbury, Illinois, a graduate of the University of Illinois, \$2070.

5. As Instructor of Physical Education for Women, Ellen Mosbaek, B.S. of Harvard, Illinois, a graduate of the University of Minnesota, \$1620.

In response to a petition from the young men of the school, I recommend that Mr. Ralph H. Linkins, Professor of Biology, be appointed Dean of Men in addition to his present duties and title and that his salary be increased from \$3015 to \$3150.

I recommend also the following increases in salaries:

- Mrs. Laura H. Pricer, Teacher of Grammar from \$1980 to \$2160.
- Arthur J. Hollowell, Instructor in Chemistry, \$1800 to \$1890.
- Elias W. Rolley, Instructor in Accounting, \$1575 to \$1800.
- The total of the four increases is \$630.

III. EMPLOYES.

The duties of Miss Katherine Carstairs, Registrar and Recorder, have grown entirely too heavy. Student-assistance is not altogether satisfactory. We must employ an additional clerk, and probably can secure one at \$960 for the year. Two additional janitors and attendants, one of each sex, will be needed when the new gymnasium is opened. They will probably require \$1200 each for the year.

IV. THE ORGANIZATION.

All through the last year, winter and summer we have had some classes exceeding 50 students, many exceeding forty, half of them exceeding thirty, the maximum prescribed in our accredited relations with the University of Illinois. The addition of five and one-half teachers to our staff will relieve this situation somewhat, unless increased attendance produces crowded classes.

We have many requests for the restoration of our correspondence courses, suspended three years ago. Many of our teachers are taking such courses with the University of Chicago, the University of Wisconsin, the Kalamazoo Normal College, and other institutions, paying fees of from ten to twenty dollars for each subject. Such courses with us might be self-sustaining if similar fees were charged.

V. THE CURRICULUM.

To meet the demand from small high schools we are offering a new curriculum in physical training for men, combining this subject with elementary courses in agriculture or manual training.

VI. BUILDINGS AND GROUNDS.

The construction of our Gymnasium has been delayed by lack of material and by uncertainty with regard to the Woman's Gymnasium, which now happily is provided for by an additional appropriation of \$20,000. The interior plan has been modified slightly so as to provide two class rooms 19'x29'. The building will not be ready before October 11.

The Town of Normal is arranging to pave School Street on the east side of the campus, University Street on the west. The Town Board expects an appropriation from the 55th General Assembly to pay for the State's share of the expense. We expect to use much of the earth removed in excavation for grading about our buildings.

Extensive repairs, including exterior painting of our Main Building, are planned for this summer.

An additional boiler was requested of the fifty-second General Assembly. The appropriation requested was reduced to \$13,000 and proved inadequate. The 54th General Assembly made an additional appropriation, but neglected to reappropriate the \$13,000. If anything happens to either of our present boilers in cold weather, a partial shutdown is inevitable.

The appropriation for the south wing of our dormitory was vetoed by the Governor. Last fall the dormitory housed less than one-twelfth of our college girls; this summer less than one-twenty-ninth. Many parents will not send their daughters unless dormitory accommodations may be had. The proposed wing would pay six per cent on the investment above all expense of operation and maintenance.

VII. AUXILIARY ENTERPRISES.

At the end of this report will be found the usual detailed reports of the Farm, of Fell Hall, and of the Book-store; for the last quarter and for the year ending June 30, 1925.

The condition of our Loan Fund is		
Loans outstanding		\$ 5,050.00
Cash on hand		1.40
We have charged off \$145 as uncollectable.		
Report of Revolving Fund, Biennium ending June 30, 1925.		
Received and transmitted to Treasurer		\$220,014.30
Expended—Fell Hall, all expenses	\$51,653.07	
University Farm, all expenses	27,050.93	
University Bookstore, all expenses	46,743.89	
Other Salaries and Wages	72,309.70	
Miscellaneous Expenses	13,730.05	211,487.64
Balance on hand June 30, 1925		\$8,526.66

The last two items of expenditure are for general institution purposes. Their total \$86,039.75, is disproportionately large for this institution. It means that we are collecting more money from our students in fees of various kinds.

A year ago it was estimated that \$49,193 would be paid from the Revolving Fund for salaries and wages during the year just closed. The actual expenditure was \$49,178.70 as follows:

For extra teachers summer terms	\$ 6,201.25	
For extra teachers mid-spring term	2,505.00	
For extra teachers regular year	4,438.75	
For regular employes	28,563.38	
For student labor	5,716.73	
For transient labor	1,448.59	
For garden inspector	65.00	
For librarians during vacation	240.00	
On June 30, 1924 we had in Revolving Fund		\$25,600.73
On June 30, 1925 we had in Revolving Fund		8,526.66
Deficiency		\$17,074.07
To meet this deficiency and to provide for new teachers		
we have an increase in our appropriation		\$34,500.00
This leaves available for new teachers		\$17,425.93

The salary schedule reported herewith carries an increase of \$17,000 over last year's schedule.

The Smith-Hughes payment from the State Vocational Board has shrunk from \$7000 to \$1800. Additional revenue must be found to compensate for this shrinkage.

It is recommended that a committee be appointed to investigate the advisability of increasing student fees.

Respectfully submitted,

DAVID FELMLEY, *President.*

NEW FACULTY MEMBERS:

Assistant, Mathematics Department. Miss Alice Kelsey received her preparatory training in the Washington Center High School, Whitley County, Indiana. She attended the University of Indiana for four years and received the A. B. degree in 1922. From 1923 to 1925 Miss Kelsey attended the University of Illinois doing graduate work in mathematics and serving as assistant in the department. She received the A. M. degree at the 1925 commencement. She is highly recommended by the Department of Mathematics.

Head of Physical Training for Girls: Miss Frances D-L Etheridge received her preparatory training in the Carl Schurz High School, Chicago, Illinois, and in the Central High School, Grand Rapids, Michigan. She attended the Louisville Normal School, Louisville, Ky. for one year; the University of Wisconsin for one summer session; and did the remainder of her undergraduate work at the University of Illinois. She received the B. S. degree in Physical Education and the A. B. degree in English at the 1925 commencement. She is highly recommended by the Department of Physical Education and also by Dean Chadsey.

Critic Teacher, Junior High School: Miss Frances Barbour received her preparatory training in the East St. Louis, Ill. High School, did her undergraduate work in Shurtleff College, Alton, Ill., and Washington University, St. Louis, Mo., and received the A. M. degree at Washington University. She is a Phi Beta Kappa.

Critic Teacher, Nature Study and Geography Work: Miss Hilda Stein received the B. Ed. degree in this institution, June 17, 1925. Miss Stein was an elementary teacher in the public schools at Belleville for a number of years. After finishing our Junior College she taught for two years in Waterloo, Illinois High School. This past year she has taught half-time in the Carbondale Community High School. For the present quarter she is doing graduate work at the University of Chicago.

Critic Teacher, Rural School Department: Miss Lydia Dietrich is a graduate of the Murphysboro Township High School, and a graduate of our Junior College Normal Department. Miss Dietrich served as a cadet for the better part of one year in our rural school system, and last year as a part time teacher for the entire year. She has accumulated a number of senior college credits.

Critic Teacher, Rural School Department: Mr. Ted R. Ragsdale is a graduate of the Benton Township High School, and a graduate of our Junior College Normal Department. Mr. Ragsdale served the better part of one year as a cadet in our rural school system, and put in part time last year as a critic teacher. He has a number of senior college credits.

The budget that I submitted to you last October carried an item of \$6300.00,—our payment in the salaries of nine grade teachers in the Brush School who act as critic teachers. All of these young women are graduates of this institution with the exception of one who, in addition to a practically complete course in our Junior College Normal Department, has had one year in the University of Chicago. All of them have had some senior

college work, and all are strongly recommended by Mr. Willis Cisne, Principal of the Brush Practice School.

Librarian: Miss Margaret Clark is a graduate of Miami University, had nine weeks special training in library work at the University of Illinois, and one year's experience as an assistant librarian in the loan department of the University of Illinois.

It will be noticed that there is one position not filled, that of Head of History Department in the high school. I hope to be able to report this at the next meeting of the Board.

Respectfully submitted,

H. W. SHRYOCK, *President.*

The list of graduates as presented therein was approved by the Board.

IV. THE ORGANIZATION.

1. Most of the departments have been considerably crowded. Relief has been provided for next year in so far as the finances permit.

2. The extension work is constantly increasing in its demands. It will be continued as formerly.

V. CURRICULUM. Nothing to report.

VI. BUILDING AND GROUNDS.

1. The contract for campus lighting was finally let and the work is now well under way.

2. The heating plant has progressed slowly but it is thought it will be complete by October 1.

3. It has been found necessary to arrange to connect our power and light plant with the city plant. This makes considerable added expense but the plant will be in first class condition in every way when the connection has been made.

4. Some adjustments of roads, drives and walks may be necessary to meet the needs of the new heating plant.

5. The site for the proposed new gymnasium building makes the work difficult and expensive. A careful survey of conditions and a conference with the architect are necessary.

6. Some general repairs are being planned this summer.

7. The student alumni are anxious to build an entrance to the grounds on Sherman Avenue. The Architect has prepared sketches and the students have expressed a choice for one which I wish to present for your approval.

Upon his presentation of the resignation of Professor S. B. Hursh, and
statement respecting his long, faithful and effective service, Mr. Still, a
former student of Mr. Hursh, offered the following resolution:

"For his long, devoted and effective service as teacher and builder of the Western Illinois State Teachers College the members of this Board make unanimous record of their appreciation of this service. They hope that he may live many years to enjoy the freedom from official duties which he has so richly earned."

The Secretary was instructed to send this resolution to Professor Hursh. In the recommendations of the Presidents for faculty appointments, some salaries have been slightly increased. The question was raised whether this increase ran counter to the "no increase in salary" statements used when the budget was being prepared. It was the unanimous opinion of the Board that these statements made when the budget was under consideration referred,

First, to the fact that no appropriation for any fixed percentage increase in salaries would be approved in the budget;

Second, that these statements did not prevent the increase of salaries in certain individual cases as recommended by the Presidents.

The members of the Board were informed that a conference had been held by the Presidents of the Normal Schools and the State Board of Health, called by the Chairman of this Board; that as a result of that conference a committee, consisting of Drs. Rawlings, Evans and Parron and Presidents Shryock and Brown, had been appointed to prepare for the Normal Schools a plan for health education. As there was only one copy of this report, it was referred to the committee on course of study with the understanding that they should report on the plan at the next meeting of the Board.

The following calendar of meetings of the Board was adopted, the understanding being that the day here designated is the day for the Board meeting. Members wishing to visit the Normal School may take the day before or the day following.

Normal	October 12
Carbondale	November 9
Macomb	February 15, 1926
Charleston	April 12
DeKalb	May 31

Mrs. Wykes invited the Board to take dinner at Benton at the time the Board meets at Carbondale. The question of railroad connections was raised. The Board left the determination of these details in the hands of President Shryock and Mrs. Wykes.

President Morgan presented to the Board several sketches of the proposed gateway to the campus. This gateway is to be the gift of the alumni of the institution. The Board was asked to express its preference, if it had any, respecting the plans offered. The matter was referred to President Morgan and Mr. Walker with power to act.

The Board adjourned.

F. G. BLAIR, *Secretary*.

MINUTES OF THE MEETING OF THE NORMAL SCHOOL BOARD

October 12, 1925.

According to the calendar as approved, a meeting of the Board was to be held at Normal at 9:00 o'clock A. M. on October 12, 1925. At 9:00 o'clock it appeared that a quorum was not present. Members present: Messrs, Bridges, Capen, Blair and Mrs. Wykes.

Members absent: Messrs. Coles, Curtis, Shelton, Still, Walker, and Mrs. Northam.

All the Presidents of the Teachers Colleges were present.

On motion Mr. Capen was made chairman of the informal meeting.

It was decided that the presidents should make their reports, but that no action would be taken upon such recommendations as required a quorum.

Macomb, Illinois.
October 12, 1925.

To the Chairman and Members of the Normal School Board:

Gentlemen: I submit the following report for the Western Illinois State Teachers College:

I. STUDENTS.

1. The attendance for the school year 1924-25 was reported at the last Board meeting but the per capita cost was not reported. It is herewith submitted.

Attendance.

First Summer Term 1924.....	1132	equivalent to 189 for 36 weeks
Second Summer Term 1924.....	339	equivalent to 57 for 36 weeks
Fall Quarter, 1924.....	763	equivalent to 254 for 36 weeks
Winter Quarter, 1924-25.....	809	equivalent to 270 for 36 weeks
Spring Quarter, 1925.....	848	equivalent to 283 for 36 weeks
Mid Spring Term, 1925.....	128	equivalent to 21 for 36 weeks
Extension 1924-25.....	935	equivalent to 78 for 36 weeks
Thus the attendance at the college for 1924-25 was 1152 for 36 weeks.		

Expenditures of the college for the year 1924-25 not including permanent improvements \$202,275.00.

Hence per capita cost for 36 weeks of training is \$202,275.00 divided by 1152, or \$175.58. Last year the per capita cost was \$203.54.

2. The enrollment for this Fall Quarter is 892, an increase of 16.9% over last year. This enrollment includes 696 students of bonifide college grade which is an increase of 20.4% over the Fall Quarter of last year.

Our hard road system is getting opened up. This makes the College easier of access to the students of Western Illinois.

II. THE FACULTY.

The new members of the faculty are taking up their work quite satisfactorily. The number added, however, has hardly kept up with the student growth of the college.

III. OTHER SCHOOL EMPLOYES. Nothing to report.

IV. THE ORGANIZATION.

There are more requests for extension classes than the college has the force to organize. The extension enrollment is very heavy.

V. THE CURRICULUM. Nothing to report.

VI. BUILDINGS AND GROUNDS.

1. During the winter a third boiler, an engine and generator, and a number of changes to place the dormitory on our new heating and power plant should be provided. The plant will be quite complete then. I am told it is most excellent.

The old heating plant should be transformed into school rooms.

The appropriations for the new gymnasium should be made available as soon as possible but in the meantime complete plans and specifications should be provided and approved so that no delay will be experienced when the money for erection is at hand.

VIII. STUDENT LIFE. Nothing to report.

IX. MISCELLANEOUS.

The unexpected increase in enrollment makes necessary the employment of some advanced students to assist in reading manuscripts, teaching, and assisting in the laboratory, library, etc. This will amount approximately to \$1500.00 for the regular school year.

X. SUMMARY.

1. You are asked to take such steps as seem advisable to get the new building under way.
2. Due to the fact that \$170,000.00 was appropriated for buildings and land and for buildings alone you are asked to decide the conditions under which land may be purchased.
3. Your approval of the expenditure of \$1500.00 for student help out of Salaries and Wages is requested.

Respectfully submitted,
W. P. MORGAN, *President.*

Mrs. Wykes moved that the committee on Buildings and Grounds be directed to push the building of the new buildings authorized by the last session of the General Assembly as rapidly as possible. It was suggested that this motion be withheld until all the presidents had made their reports.

President Brown presented his report, which was received, placed in file, and is made a part of these minutes. The report follows:

J. STANLEY BROWN, *President*.

President Shryock presented his report, which was received, placed in file, and is made a part of these minutes. The report follows:

Carbondale, Illinois.

October 12, 1925.

To the Chairman and Members of the Normal School Board:

Gentlemen: I submit the following report for the Southern Illinois State Normal University:

ENROLLMENT:

The time since the meeting at Chicago has been so short that I have very little to report. We have opened the Fall Term of school since the meeting, but I believe the final tabulated report of enrollment is booked or the close of each quarter rather than the beginning. One feature of our enrollment, however, may be of interest to the members of the Board.

At the annual meeting of the North Central Association held last March, our report showed a high school enrollment of approximately 500, perhaps the largest of any teachers college in the Association. The matter was referred to a subcommittee and we were notified that if we wished to maintain our standing we should have to reduce our high school attendance. Beginning with this year we restricted the first year high school class to 1. The members of this class are registered as a part of our Junior High school and permanently belong in the Allyn Building. The enrollment in the second and third year classes was also restricted, but not to the same degree. Altogether we sent to other high schools directly or indirectly more than 100 students. Furthermore, we had through the student body of the institution advertised for nearly six months the fact that we intended to restrict the attendance in the high school; we had hoped to keep it down to 55 in each of the classes below the fourth year. We did not expect to restrict the fourth year attendance.

The high school registration at present is as follows:

First year	41
Second year	83
Third year	77
Fourth year	112
Total	313

Last year at a time corresponding to this present date we had 470 high school students, 157 more than we have today.

It is interesting to note that the increase in the college attendance has more than offset this loss in the high school. Last year we had in college classes 627; we have today 802 in the college group. Our college enrollment has increased more than 25%. Our freshman class numbers 476.

Total enrollment above eighth grade, Fall Term 1924, 1101.

Total enrollment above eighth grade, Fall Term 1925, 1114.

ACULTY:

On my return from the meeting at Chicago I found that Mrs. Mary Henderson Sanders, teacher of English and Algebra in the high school, had sent in her resignation. I am not certain that we shall need to fill the vacancy. At any rate, I have no one to recommend at the present time.

Respectfully submitted,

H. W. SHRYOCK, *President*

President Felmley presented his report, which was received, placed on file, and is made a part of these minutes. The report follows:

Normal, Illinois.
October 12, 1925.

To the Chairman and Members of the Normal School Board:

Gentlemen: I submit the following report for the Illinois State Normal University:

The per capita cost for the school year 1924-25 was not reported at the last Board meeting.

Attendance—College Department only.

First Summer half-term, 1924.....	2726	equivalent to 454 for 36 weeks
Second Summer half-term, 1924.....	1090	equivalent to 182 for 36 weeks
Fall Quarter, 1924.....	1293	equivalent to 431 for 36 weeks
Winter Quarter, 1924-25.....	1264	equivalent to 421 for 36 weeks
Spring Quarter, 1925.....	1187	equivalent to 396 for 36 weeks
Mid-spring term, 1925.....	507	equivalent to 84 for 36 weeks

Thus the attendance of College students was equivalent to 1968 for 36 weeks.

If we include the high school students, the number was 2206.

Expenditures of the University for the year not including Farm, Bookstore Fell Hall or Permanent Improvements were:

From the Appropriation.....	\$278,297.00
From the Revolving Fund.....	54,584.00
	<u>\$332,881.00</u>

Hence the per capita cost if all be charged against the College student only is \$332,881.00 divided by 1968, or \$169.15.

If the high school students be included, \$332,881.00 divided by 2206, or \$150.90.

I. STUDENTS.

No detailed report of attendance is due until December. We have enrolled at this date in the Teachers College 1314 students including 29 men, 1020 women.

We have also 233 students in the University High School, 395 in the Thomas Metcalf Elementary School and 417 in the school at the S. C. Home.

The increase over the same date last year is only two per cent.

The classification is approximately—

Seniors, 60; Sophomores, 364; Juniors, 90; Freshmen, 800.

II. FACULTY.

My report of Salary Schedules made at the last meeting of the Board should be amended as follows:

Gertrude Andrews, Asst. Librarian 39 weeks.....	1,657.

Our list of domestics is subject to frequent changes. All of the foregoing are to be paid from the Revolving Fund.

Thomas J. Lowe, Utility Man.....\$1,500.00 for year to be paid from Repairs and Equipment.

7. THE CURRICULUM.

The addition of five full-time and one half-time teacher to our faculty has enabled us to reduce the size of our classes.

The teachers college classes we place in four groups:

- A. Classes in Music and Physical Training. Maximum enrollment 50.
- B. Classes in Education, Physiology, History, Political and Social Sciences, Mathematics, Geography, Literature, and Drawing. Maximum 40.
- C. Classes in Laboratory and Shop subjects, also Reading, Public Speaking, English Composition, Commercial Branches, and Foreign Language. Maximum 24-30.

We have given to our eight hundred freshmen standard tests in English, in Reading, and in General Intelligence. The results show an extremely wide variation. Yet they do not afford a sufficient basis for judging the merits of particular high schools, only in so far as students with very low averages indicate low graduation standards. The small community high school that sent us the best student in English sent us as its two other representative Numbers 791 and 795, counting downward. The unequal preparation of entering freshmen is a subject of wide and earnest discussion in college circles.

Thirty-three students making lowest grades in English have been placed in two hospital classes in special English.

A more detailed report will be made at a future meeting.

BUILDINGS AND GROUNDS.

Owing to delay in securing a supply of brick during July and August the contractor erecting our gymnasium fell far behind his time schedule. Heavy rains during September created further difficulties. The wood trim was put on, the doors hung, and the floors laid in a damp building. Serious consequences may follow. The contractor for heating and ventilation instead of using flange unions on his main four-inch high pressure steam line on the heating plant, as is plainly required in his contract, substituted ordinary wrought-iron couplings. The supervising architect on September directed the contractor to put on the flange unions as specified. Up to this time he has apparently taken no steps in obedience to this direction.

It is likely that the work of the main contract, the plumbing and the electrical work will be completed by October 31.

Except for the shortcomings mentioned, we think we have an excellent building. The brick work is especially satisfactory.

The city of Normal is paving the streets on the east and west sides of our campus. The paving contractor hauled with out cost to us about 130 cubic yards of earth for grading about the gymnasium.

It will not be practicable to finish the grading or build permanent walks or install our campus lighting until next year.

VI. AUXILIARY ENTERPRISES.

Mr. L. W. Glover who has served as Farm Manager for fifteen months has resigned. I have employed as his successor Mr. Estell H. Winegarne of Salem, Illinois, a young man, 32 years of age. He has served as teacher and principal in Illinois and Indiana. He is also a graduate of our curriculum in Agriculture and has served as manager of Cyril G. Hopkins's experimental farm in Marion County.

X. MISCELLANEOUS.

In accordance with the instructions of the Board I mailed to each member a copy of the report of the Sub-committee of the State Board of Health prepared in collaboration with a committee of Normal School president. At the meeting of the full committee some changes were suggested and informally accepted. It is hoped that at this meeting the Committee of Curriculum will report and that the Board will give due consideration to this important report.

SUMMARY.

Action is requested upon these questions:

1. Supplement to our Salary Schedule.
2. The unpaid services of our three librarians.
3. The speedy installation of the steam main for the new gymnasium as specified in the contract.
4. The management of the University Farm.

Respectfully submitted,

DAVID FELMLEY, *President.*

At the conclusion of these reports it appeared that each report had presented some need of pushing the building program. Mrs. Wykes' motion at the Buildings and Grounds Committee be asked by the Board to do whatever was possible to advance the building program was re-presented and passed. It was the unanimous opinion of those present that this Buildings and Grounds Committee should wait upon the Governor and reach understanding with respect to a building program.

The members of the Board present visited the new gymnasium that is under construction on the campus of the Illinois State Normal University. They also enjoyed the luncheon which was provided in Fell Hall.

The informal meeting adjourned with the understanding that the next meeting of the Board is to be at Carbondale on November 9.
