STUDENTS PLAN POST-WAR DISCUSSION GROUPS; TO HAVE QUALIFIED SPEAKERS

Four all-school post-war discussions have been planned for the students of the university to stimulate thinking and give consideration to the part we, as students, faculty and citizens, may play in post-war planning. Thus, it is hoped that all the student body will participate actively in the project.

The four discussions planned, one will deal with a world problem, two on national problems, and one on Southern Illinois. Planned procedure provides for a lecture on the topic by a qualified person, at 7:20 to be followed by group discussion, conducted by a student chairman.

1. Plan for Post-War World Organizations, on Wednesday night, April 12, Dr. Willis G. Searcy, lecturer in World History, and Dr. Douglas J. Sanders, student chairman.
2. Future of the Race Problems in the Post-War United States, on April 27. Panel discussion on the Jewish, Japanese, and Negro problems. Dr. Orville Alexander, Dr. Edward McGee, and Dr. Douglas J. Sanders, student chairman.
3. Post-War Conditions of Jews, Catholics and Protestants, on May 19. This will be a panel in which Dr. John Maxwell Adams (Protestant), one-time faculty member of the Women's Christian College in Tokyo, Japan; Dr. E. C. Smith, Rabbi from Temple Sinai in Chicago; The Rev. Walter Greerkin (Catholic); and Dr. Douglas J. Sanders in Chicago fields will be asked to appear, but the planning committee has not received word of his acceptance.
4. Employment in Southern Illinois, on May 31. Mr. O. W. Lyerlin

DATE RESET FOR STUDENT COUNCIL DANCE

The all student carnival-dance sponsored by the Student Council, which was held April 21 in the old gymnasium. This dance, formerly scheduled for March 31, was postponed because of the death of the late President Pulliam. Each sorority and organized group will participate in the carnival by having a booth. For those who do not care to dance or participate in the carnival, there will be a program presented.

Admission to the dance will be by the purchase of war stamps. This is only one of several dances which have been given since the war. It is to be strictly an informal affair—raucous and skirts and waltzes are the order. This carnival-dance promises to be the fun fest of the year and one you won't want to miss. The date of the dance is for next Friday night.

WORLD WAR II SERVICE MEN FORM "CAMPUS VETERANS"

There is now on the S.I.N.U. campus an organization known as the "Campus Veterans". Its members are honorably discharged members of World War II, numbering approximately fifteen at the present time.

The purpose of this organization is to promote comradeship and service among those men who have served their country in one of the various branches of the service. This organization is headed by William Wood, Jr., Secretary, and Bill Stoyanor, and Dr. Stoyanor.

Those men who are presently affiliated with this group are: Dr. Carl Lewis, H. W. Wood, E. Gibson, Howard Harris, Snyder, Howell, R. D. Lightfoot, Allan E. Williams, Wood, Wood, Stoyanor, and Dr. Stoyanor.

Mr. T. L. Bryant, a veteran of World War I, and Dr. Melvin Seaton, a veteran of World War II, are the exponents of this organization, and all faculty members are automatically honorary members. Returning veterans who would like to become members of this club may do so by seeing the president, William Wood, or Secretary, Virgil Seynour.

TEN FACULTY MEMBERS PROMOTED BY BOARD

Ten faculty members of Southern Illinois Normal University were given promotions at the Department of Southern Illinois Normal School Board. The board approved to the rank of professor Dr. Ted Fingate, left the Department of Education, Dr. H. Wood of the Department of Chemistry, and Dr. Charles Tenney of the Departments of English and History.

Miss Dorothy Davies of the Women's Physical Education Department, Miss Mary Bisminger of the Department of English, and Dr. Hal Hall, superintendent of the Campus Laboratory schools, were given promotions. Dr. J. W. Harris of the English Department, Dr. H. Wood of the Botany Department, Dr. W. C. McDowell of the Mathematics Department, and Mr. Bryant Shroyer of the Art Department, have been appointed to the rank of Associate Professor in their respective departments by the Board.

ILLINOIS EDUCATION MEET HELD HERE

Approximately 100 teachers and leaders of education in Southern Illinois attended the Workers' Conference of the Illinois Education Association held here on Wednesday. Dr. Bruce Merwin, acting president of S. I. N. U., presided at the annual convocation.

In discussing the subject of "School Reorganization", Mr. George Bruce, head of the Department of Rural Education at Southern, pointed out the need for larger district units in the rural schools and advanced consideration of the further problem of that, at present, there is no educational legislation which authorizes the setting up of larger administrative units.

A Child Guidance Clinic is usually composed of a child psychologist, a psychiatrist, and a child psychiatrist. In the course of examination the parents are interviewed so as to get a direct and full picture of the child's personality and environment. The child's attention can be secured. The child is then interviewed and his emotional adjustments of maladjustment are brought out. He is given a psychological test to determine his attitudes and native abilities. As a result of the detailed study, the staff reaches at a recommendation which is given to the parents as a plan to help the child.

The major emphasis in the child's education is on the child's social adjustment. The program also included the examining and studying of the child's educational record. The following schedule indicated the various sessions which were held during the three day clinic:

- 9:00-12:00 p.m. Case Studies
- 1:00-2:00 p.m. Staffing of Case 1-100
- 2:00-3:00 p.m. Staffing of Case 3-100
- 3:00-4:00 p.m. Staffing of Case 4-100
- 4:00-5:00 p.m. Staffing of Case 5-100

DR. BRUCE MERWIN TELLS STUDENTS OF S.I.N.U.'S FUTURE

Dr. Bruce Merwin, acting president of Southern Illinois Normal University, in his chapel address Tuesday, told the students of the new plan for the future of the university. He told the students that he felt there was "no greater honor than to be acting president of Southern Illinois Normal University."

He stated, "I am really very proud of this opportunity to serve you people and this institution. I am really very proud of the opportunity that I look ahead to see what is coming."

TOO MANY PEOPLE DON'T CARE WHAT HAPPENS SO LONG AS IT DOESN'T HAPPEN TO THEM. -William Howard Taft.

HEADED IN RIGHT DIRECTION

The recent action of the Student Council in appointing a student committee to meet with the Cafeteria Committee is commendable.

The following matters should be clarified by a thorough investigation: Does student interest warrant a change in the cafeteria? If so, what should be done constructively?

Only after the cafeteria is put in its proper perspective with regard to purpose and function, can anything definite be done or suggested.

This is a vital issue which demands immediate investigation. The student body has a right to know the facts.

NEEDED: AN INTER-RACIAL COMMITTEE

One of the major issues of the war and the immediate post-war is that of racial minorities. As Pearl Buck says, if we do not recognize the vital claims of the colored peoples of the earth...

Improvements have been made slowly. There still remains to create a dignity in educational, economic and social opportunities. Educational facilities and advantages available to Negroes and whites of the South is one of the most pressing.

CERTAINLY S. I. N. U. IS FAR ENOUGH SOUTH TO HAVE AN INTEREST IN SUCH A PROGRAM. ONE PHASE OF THE PLAN COULD BE AN INTER-RACIAL COMMITTEE ON CAMPUS.

Bill of Rights Inadequate

America has always been a free country. Americans have always had freedom of speech, of religion, of the press, etc. The major freedoms that Americans have not mentioned in the Bill of Rights are the rights to make a fool of oneself. These are those people who make great use of this freedom at breakfast.

There now exists on the campus a dire need for some sort of a lounge for students.

Too Close For Comfort

Has Southern come so close to Fascism that the students cannot express their opinions without fear of an outward disagreement with a political setup that is cropping up on our campus?

EVEN HE BOUGHT BONDS

Why doesn't the Student Council seek to relieve the situation by looking into the matter? I would appreciate knowing just why the Student Lounge isn't open as such.

STUDENT COUNCIL MINUTES

The Student Council held its regular meeting April 5, 1944. The president, Dr. Merwin, called the meeting to order. Dr. Leland opened the work by giving interesting excerpts from papers written by his classes on their experience of Christian students. Honesty, respect, tolerance and unselfishness were stressed. On Thursday Dr. Merwin stressed the importance of Christian students advertising their religion in such a way as to make it manifest. Trust and draw others to Him. He spoke on Wednesday afternoon particularly of the theme of honesty from the viewpoint of the student body. The need for world-wide peace and unity was stressed by Dr. Merwin on Thursday, along with the fact that the student body should be active in the college church of their choice. Dr. Barton will close on the week today. The success of this type of Christian activity certainly calls for an annual "Faculty Week."

The carnival date has been set for Friday of the fifth week. Dr. Cottrell brought up the fact that the Student Council is to be divided into three parts: I. Non-Partisan. II. The State. III. Southern Illinois. It is to be held in Little Theater from 8:00-11:00. The speakers chosen will be directly connected with that phase of the discussion. There will be four meetings during the term and a student election will be held.

Carl Blood made the motion that the Student Council be divided into three parts. The motion was carried and it passed unanimously. There was a motion made for adjournment. Meeting was adjourned.

Note: Final arrangements were made for the Freshman and Senior elections which were held Tuesday, April 11, 1944.

Dr. Bruce Merwin Tells Students of S.I.U.'s Future

(Continued from page one) tured the teaching-learning curriculum. This study will be completed and taken care of, but adequate attention will be given in the field of education. There are at least twenty courses to be offered in the field of education that will lead to the graduate degree. Next year courses will probably be less in number and will be given on Saturdays and at night.

"The College of Vocations we are going to open in the fall," said Dr. Merwin. "We have a great opportunity to do this field and I think very sincerely that we are going to do it." The people of Southern Illinois demand vocational training for the college and they can get into a job when the war is over.

Dr. Merwin then told about the first official meeting of the Student Council. It was a meeting of the Commission on State Planning set up to study present and future plans for the construction and expansion of the State University. There are numerous buildings to be built in the next few years. School, Biological Science Building, Field House, dormitories, etc.

"This is going to be a big and very busy year," said Dr. Merwin. "I feel that within three years after this war is over there will be six thousand people here. Ten years after that, there will be two times that many."

"The thing that I would like you to keep in mind is that Southern Illinois is on the map," stated Dr. Merwin. "There are a lot more steps coming and we are going to expect you and the alumni to get behind this institution and make Southern the biggest and best college training program and place," stated Dr. Merwin in closing.

WASHINGTON (AP) More than a year ago, the government said it needed increased civilian production workers. The need was for women in various types of war service. Here is the up-to-date status of important ventures for women today—ventures which the government is trying hard to fill.

The WAVES has reported that on January 1, 1944, its strength was 122,000. Recently the WAVES' present strength is 200,000. If you don't want to go overseas, you can still release another 100,000. Recently the WAVES has been retraining its surplus of station assignments within this country. It is now also permitting candidates to apply for a specific job on the basis of their previous experience. Qualified civilian women who enroll in the WAVES have a good chance to become officers and to continue working in their major field at a place of their own choosing.

The WAVES will need additional officer candidates, who will be recruited from civilian life. These women will be trained in the same way as the WAVES. It is expected to reach 100,000 by the end of this year. The WAVES is now selecting college graduates more on the basis of their ability to do certain jobs than on the basis of general qualifications. Although the job for which a candidate is needed varies from time to time, you have a good chance of finding a spot where you can use your college major.

Who got the lion's share of its 1943 gross revenues—the greatest

year in its history? Read the astonishing figures:

- \$77,500,000 to 33,000 employees as wages and salaries
- \$68,000,000 to National, State and Local Governments as taxes
- \$34,000,000 to industry for materials and supplies
- \$6,350,000 to bondholders as interest
- \$6,120,000 to stockholders as dividends

Note that 8,000 L & N stockholders in 1943 received no dividends. Only about one-fourth of what went to the workers, and about one-eighth of what was paid in taxes. Does any other private industry come so neatly to being of the people, by the people, for the people?

These ten records promise to be the most outstanding of the long string of fifty or more released the past month. Some will undoubtedly hit the nickel circuits too late to count for much on the "lift-up peak" of several tunes was almost past before the "Petritto ban" was lifted.

Decca 18388 brings the listening public the second wax release of the crazy Melroy-Deata tune. It's done in the regular style of the Merry Macs, and there's some good lyrics worth throwing in, and should pay off nicely even if the tune is now starting on its downward run. This ubiquitous Melroy thing that has even the poorest of singers looting up the air with its nonsense lyrics has already topped the sheet music sales, and will undoubtedly top the record sales as well. For these Merry Macs, this ditty is exactly to their liking—and with their exacting demands the recording will easily sell itself.

Mastercraft 15018 comes out—little late it seems—but with Phil Brito giving out with these melodious pipes of his on Little Did I Know. There is no exaggerated bombastic manner in his delivery, nor is there any of that excess of "pushing over" in his romancy rendition of the lyrics. Although designed for a slot in the nickel circuits, this number may not pull down much popularity at this late date.

Mastercraft 15016 features another of the lyrical waxes of Phil Brito. This time he gives out with "By the River of Rome," this is another of those up-and-coming Brito numbers that might have hit the circuits after the peak of the trend's popularity had passed. (Dinah Petritto), Phil, however, can easily hold his own with any of his waxes, and his pipes will keep the listener pouring in, but probably not for as long as otherwise might have been possible.

Victor 20-1622 brings the attractive voice of one of radio and moviedom's best women vocalists—Dinah Shore. Dinah gives out with the now-popular "I Couldn't Sleep A Wink Last Night." The orchestral background is absent in this waxing, and without that attending grandiose and silly scoring to set off her voice, there is much left to be desired for complete satisfaction. In spite of the short-length of the album release—the popularity of Miss Dinah plus the popularity of the song itself will bring more than the average share of nickel into the kitty.

COMMON LANGUAGE

There is no hope for a language common to the whole world, says an Esperanto, in the near future. That was the conclusion of Dr. Francisco Villagran Prado, director of the linguistics school of the National University of Mexico, in an address at the University of New Mexico before a conference of Mexican-American intellectual relations.

The practical solution to language differences between the two countries, he said, must therefore be to spread Spanish in the United States and English in Mexico. This is the responsibility, he declared of the civilized people of both nations.

Speaking under joint auspices of the University of Texas and the University of New Mexico, Prof. Villagran traced the teaching of English in Mexico, and said that graduates of the famous laureate college usually have a knowledge of the language permitting them to translate "with some difficulty" texts of reference books. These results, he said, are not enough, and he wanted lack of coordination in the teaching of English in Mexico, and want of opportunity for practice.

Villagran traced the new American emphasis on Spanish instead of the long-banned, commenting on the trend toward Spanish in French and German, and pointing out that there are several kinds of Spanish and that the Spanish of Spain is not the Spanish of Mexico. "That is why, he said, the

Officer: Why did you stop?
Recruit: I'm coasting, sir.

Judge: What's this junk chaperon with. Off. men, lie on your backs and work your feet as though you were on a bicycle. One recruit stops.
Officer: Why did you stop?
Recruit: I'm coasting, sir.

Florist: Want to say it with flowers? Yes? About two dozen roses say?
B. Brown: No, about six. I don't want to say too much!

"You're taken just one out too many—out you go," said the Prof. And following his words with actions, he threw the knife out the window and wrapped up his finger.

Lavonne Phemister: I saw a group of children who are to be rulers of men some day.
Inez Cobbey: They were girls, of course.

Roberta Kerr: Are you going to marry the man you want?
Gladys Brewer: Well, if all the other girls want him.

Miss Jonah: (Dr. H. S. grammar class)—"The blanket was placed in the closet—what is—in the closet?"
Jimmy P.: "The blanket."

Prospective guest: Why, this room reminds me of a prison.
Assistant Manager: Well, sir, it's all a matter of what one is used to.
John: she said over the newspaper barrier, "aren't you going to kiss me this morning?"
He turned from the sports to the financial page. "Cub me up when I get to the office, m dear," he murmured abstractedly, "and I'll tell one of the clerks to attend to it."

Have a Coca-Cola—Kia Ora
(GOOD LUCK)

... or sealing friendships in New Zealand

Kia Ora, says the New Zealander to wish you well. Have a "Cola" is the way the Yank says it and he's made a friend. It says "Welcome neighbor friend. Anshked to Albuquerque." Round the globe, Coca-Cola stands for the peace that refreshes, has become the high-sign between friendly-minded people. So, of course, Coca-Cola belongs in your icebox at home.
