Non Voyage

That's for the benefit of the numerous migratory students who are undoubtedly preparing to leave a look. The financial aids conference trip to the exciting diversions and business administration day are awaiting them in Hometown. Why are you leaving? Just take a look at the interesting events and the Panhellenic activities are you'll be missing by leaving for the sororities.

Well there's still the track meet, student union party and gym meet. Doesn't interest you? I must admit track meet, student union, basketball, "I don't blame you with that kind of interest in the Panhellenic activities and dance and gymnastics meet. What

2 Scholarships For Study In South America Available

Two scholarships for study abroad from April 1957 to December 1958 with paid tuition, fees, room and board will be open next year, according to J. Cary Davis, professor of foreign languages.

These Benjamin Franklin School scholarships are available. Last year but notice was not received in time. For the past three years one has been available for each year.

Sophomores and seniors who are majors or minors in Spanish, in the department of English, foreign

Groff Finishes Third In Billiard Tourney

James Groff, freshman, finished third in the "Face to Face" National Intercollegiate Billiard tournament at Michigan State University, March 24.

Groff, who won the SIU Student Union Tournament earlier this year, was one of three college students vying for the first place national honors. Competing against Groff in the competition was the eventual winner, Joseph Szapano of Suffolk University, and John Boudette of Michigan State.

In the first game, which went 33 innings, Groff lost to Beaulieu 100-54 though he tied the record for the longest run at 15.

The champion ran 35 rounds Groff much stiffer competition as the game went 47 innings but found the SIU player losing 100-94. Groff had consolation in his game by having the longest run of 15 compared with Szapano's run of 13.

Groff, after winning the local tourney, competed in the national tourney by mailing results of the first round scores to the National Association of Billiard. The other two contestants, Billiard, and Groff, journeyed to Michigan State to compete face to face with each other for the finals.

an impressive lineup! You say that's all very well, but what's there for you. Let's take our thriving campus for the week-end trip to the exciting diversions and business administration day are awaiting them in Hometown. Why are you leaving? Just take a look at the interesting events and the Panhellenic activities are you'll be missing by leaving for the sororities.

Well there's still the track meet, student union party and gym meet. Doesn't interest you? I must admit track meet, student union, basketball, "I don't blame you with that kind of interest in the Panhellenic activities and dance and gymnastics meet. What

Audio-Visual Aids Moves

The Audio-Visual Aids Service has moved from its location on South Thompson to the new library. They now occupy the southeast corner of the basement floor.

Their facilities in the new location include a main office, 11 film library, studio laboratory, shipping room and several projection rooms.

Films may be checked out of the main office, according to Paul R. Wende, associate professor. Two projection rooms are available for looking. Each will hold 15 to 20 people. Audio-Visual Aids Service provides all necessary equipment, as well as a machine operator if necessary.

A small preview room is located next to the main office. It is primarily for viewing film strips. Audio-Visual Aids also maintains a projection room in Main 203A, which has a seating capacity of 20.

LITTLE MAN ON CAMPUS

"HOW CAN YOU BE SO ATTENTIVE TO LECTURES AND FLUNK ALL MY TESTS?"

Dear Gene:
First of all, I want to compliment you on your managing editor's statement in the March 30, edition of the "Egyptian" in which he said that the "Egyptian" will not be a sounding board for personal gripes.

I hope that you are not planning on currying that stand to the extreme in which case the "Egyptian" would never take a stand on any controversial matter and would merely repeat standard announcements and news events.

I saw this because I have a gripe. My gripe is personal yet it is the gripe of almost every student at Southern and probably of the man who will be here in the future unless something is done about it.

My gripe is the registration process. In the past, there were possibly three major gripes which the students had at Southern. They were, housing, getting one's books, and registration. Of these three gripes, one, the process of getting one's books, has been solved and another, housing, is being actively considered by University officials. The last, advisement and registration, is merely receiving lip service at the present.

What must we waste so much time in getting registered? What else is there for it? Why do we have to stand in line, first to get an appointment with our adviser, second to see the adviser, third to register and fourth to pay our fees? Why isn't the individual student program checked and an appointment made for him to see his adviser?

8 Boy Scouts, Professor Plant 700 Lbs. Of Clover

Dr. Howard J. Stains, assistant professor in the department of zoology, with eight Boy Scouts, planted 700 pounds of Korean Lespedeza on the strip mine wastes near the Knoxville-Samuel morning.

The Lespedeza is a high-growing type of clover.

The University owns the strip mine wasteland, 980 acres in all, and the zoology department has been planning Lespedeza there for some time.

The project, handled through the Wildlife Research department, is to make the land attractive to sportsmen for hunting purposes and to be put to practical use later on for growing crops.

The scouts, from the Carbondale troop, worked on a conservation project with Dr. Stains as supervisor. The boys, along with Dr. Stains, planted 140 acres. The Lespedeza is used as a cover crop and will also prevent soil erosion. It will also help prevent the habits that will probably end up in some sportsmen's frying pan.

The boys were treated to a wicker roost, which included hodgepodge, cakes and cokes. They returned to the campus at 3 p. m. Saturday.

Instructors Like SIU

'Score Or More' Club Totals Over 800 Years

By Howard Decker
The grass may look greener on the other side to some people, but to the 29 members of "Score or More" Club the greenest grass is found on the SIU campus.

The members of this club are women who have at least 20 years teaching experience in SIU. The combined total of the group's teaching experience is more than 800 years.

Last night at 7 p. m. the group held their annual meeting at Engel's restaurant on the east side of Carbondale.

Twenty-two of the members are still active teachers, and only one of the 29 is not a Carbondale resident. She is Elizabeth A. Cox of Lawrence, Kan.

An associate professor of education, Mary Emsinger, has taught longer than any other active instructor with 34 years.

However, an inactive member, Lucy K. Woody, taught at South for 38 years before retiring in 1949. Woody Hall, a 423-bed dormitory for women is named in honor of Miss Woody.

SIU Proves Cancer Theory

Certain aspects of a German scientist's theory on the origin of cancer cells have been supported by work in the SIU biological research laboratory, according to Dr. Carl C. Lindgren, laboratory director.

Lindgren said Tuesday that he is confident Otto Warburg, director of the Max Planck Institute for Cell Physiology, Berlin, has found the answer to the cause of cancer in cells.

Warburg's theory, published in a recent issue of "Science" magazine, ascribes to the idea that a lack of oxygen impairs the "breathing" of cells, causing them to become cancerous.

Phi Taus Open House To Public

The first open house in their new residence will be held by the members of the Phi Kappa Tau fraternity Sunday, from 7-9 p. m.

The Phi Tau's moved into their new residence, a three-story brick structure at 510 W. Walnut, at the state of winter term. This is the first time that the house has been opened to the public.

The first floor is completely redecorated with new furniture, and other changes are in the process of being made. At present, the house is equipped with facilities for from 30 to 40 men.

This open house is the first in a series of three to be held this term, according to Jack Thatcher, Phi Tau editor. Sunday's will be open to the general public, the second will be for the new neighbors of the fraternity, and the third will be for the member's parents.

In charge of the arrangements are J. B. Williams, vice president; Don Boehmer, house manager; and Jack Barbart, president.

26 Billion Cells

There are approximately 26 billion cells in the body, Lindgren said, "and respiratory damage to any of them might result in cancer."

Although Lindgren said the Warburg explanation pinpoints the cause of cancer "beyond the shadow of a doubt," he cautioned that many years often elapse between the discovery of the cause of a disease and finding a cure for it.

Cancer research has been conducted at SIU for several years under grants from the American Cancer Society.

SIU To 'Keep Clean, May Buy Laundry

The SIU Board of Trustees is expected to be asked to approve purchase of laundry equipment by the University at their next board meeting on April 26.

The University reportedly plans to purchase only the equipment of the Carbondale White Swan Laundry Co. located on East Main Street near the Carbondale city limits.

The establishment of a Laundry was considered at the last SIU Board meeting. It was decided that the proposed laundry would process University-owned materials.

The Laundry is owned by Archie Stroup, Carbondale, and the Lo Ann Laundry and Dry Cleaners and Loomis Bros. Laundry, both of Anna.

Maurice Ogur, microbiology, concentrates on his badminton game at the men's faculty recreation night. The "hard-working"

professors spend one night each week trying to keep their mainly physics in trim.

In the above photo (from left to right) Bud Stotlar, recreation director, Ogur, Fred Anderson, speech, and Fred

Berg, speech, participate in wild and woolly version of basketball during the evening's activities.

Two speech department faculty members oppose one another as the basketball session continues. John Anderson, with ball, tries to maneuver

around C. J. Atkinson. The game may not be played with skill, but these aging athletes give their all in the pursuit of the sport.

Ogur finds the going just a little too strenuous and "takes five" as the more energetic participants continue with the activities. Perhaps many of the

"Professors" are finding it hard to believe that they aren't as young as they used to be and won't admit it.

--Southern Society--

Pilanz New President Of Delta Sigma Epsilon
Shield Pilanz is the new president of Delta Sigma Epsilon. Mary Edna Jackson is the vice president; Kathy Hooker, secretary and Billy Sue Norris, treasurer. Other officers are: Sus Richmond, chaplain; Marge Zimmer, corresponding secretary; Fred Wilson, vice president; Curtis Jenkins, keeper of records; Dennis Perry, exchequer; Cleveland Hammons, strategus; Billy Duca, lieutenant strategus; Lawrence Bricker, historian.

Julius Johnson was elected Monday to replace Carl Anderson as president of the fraternity. Anderson served for two years. Also elected were: Fred Wilson, vice president; Curtis Jenkins, keeper of records; Dennis Perry, exchequer; Cleveland Hammons, strategus; Billy Duca, lieutenant strategus; Lawrence Bricker, historian.

Coffay Heads Tri Sig Pledges
Curly Coffay heads the slate of officers for the new Tri Sigma pledges class. Other officers are: Lois Welch, vice president; Stram George, secretary; Fran Wilhelm, treasurer; Gayla Cochran, social chairman.

Barbara Rose, alum, visited the chapter house last weekend. Bob Jones, a pledge, was chosen VTI queen. Tri Sigma's candidate for Ugly Man is Danny Cox.

National Officers Visit Acacia
Dr. R. Claude Bradley, the Acacia National Scholarship Chairman visited SIU's Acacia Colony Monday night. Tuesday evening he pledged Glen Stierwalt, Jacob King, Rex Karnes, Henry Israel, Homer Cutler, and M. F. Harman as members of the colony.

Tri Sigma's candidate for Ugly Man is Danny Cox.

Kappa Alpha Psi Initiates Seven; Installs Officers
Seven men were initiated into Kappa Alpha Psi on March 31. They were: Billy Duca, Mel Duca, Cleveland Hammons, John Morgan, Garrison Newsome, John Scott and James Thomas.

Julius Johnson was elected Monday to replace Carl Anderson as president of the fraternity. Anderson served for two years. Also elected were: Fred Wilson, vice president; Curtis Jenkins, keeper of records; Dennis Perry, exchequer; Cleveland Hammons, strategus; Billy Duca, lieutenant strategus; Lawrence Bricker, historian.

Thinclads Open Season Today Against Western

Bolstered by 15 returning lettermen, SIU's track squad opens its 1956 campaign in a meet against Western Illinois here this afternoon.

Heading Southern's returning lettermen is Sammie DeNeal, who last year set a new SIU 440-yard dash record of 49.2.

Two other promising returnees are Vernon Sprehe and Anthony Velasco, who last year teamed with DeNeal and Robert Kaczynski to set a new mile relay record of 3:24.2.

Southern's chief hopes in the hurdles are Jim Alexander and Richard Blythe. Alexander, who recently returned from the service, is also a broad jumper, setting SIU's school record with a 23-7 1/2 jump in 1949. Alexander will be handicapped because of a four-year absence from track.

Other returning lettermen in the running events are Howard Branch, 880 and mile, and Ken Walker, one and two-mile runs.

In field events SIU's returning lettermen include Roger Council, pole vault; Richard Kasten, weight; Jack Morgan, high jump; Harold Perry, high jump; Marion Husting, javelin and high jump; James Shaw, weights; Julian Dainche, broad jump; and Marshall Hill, pole vault.

Leland P. (Doc) Lingle, who is beginning his 30th year as track coach at SIU, is depending on several promising newcomers to fill the gaps.

Next Week In Sports - - -

Saturday, April 7

Lingle Starts 30th Year Track Coach Has 107-30 Year Record

By Charles Schlepfer

Beginning his 30th year as head track coach at Southern Illinois University is Leland P. (Doc) Lingle. The greying associate professor of physical education, who came to Southern from Sikeston, Mo., in 1927, is given the credit for developing the varsity outdoor sport at SIU.

Southern runners had participated in two dual meets prior to Lingle's coming here. They met at a conference meet in 1916 at McKendree College, Lebanon, and eight years later at Ewing College.

Lingle, a believer in strict training rules for his runners, admits that track records will continue to be broken in the future. He added

that industry had helped the sport by providing better cinder tracks, javelins and discuses for players.

During his tenure as coach at Southern, Lingle's players have brought home 107 wins against only 30 losses in dual meet competition. The coach has achieved several a better record in triangular meets, by capturing 10 out of 12, an 83.3 percentage.

Before coming to Carbondale Lingle served as principal and head football, basketball and track coach at Sikeston for four years. While attending Cobden High School, he was a middle-distance man and high jumper.

Tri Sigs Bowl Way To First In Greek Play

Theta Xi, although drawing a bye, continued to lead in the fraternity half of the Hellenic League. In the matches Wednesday, Sigma Sigma Sigma moved into first place in the sorority half of the league, by virtue of a 3-point win over Phi Kappa Sigma. Marie Wingo with 444 led the winners while June Owens had 362 for the losers.

Tau Kappa Epsilon took a 4-1 measure of the Sig Psi and downed them for all 4 points. Don Cross was high for the winners with 545 while Bill Hunt led the losers with 505.

Ron Pemberton led the Delta Chi quintet to a 3 to 1 victory over the Phi Tans.

In the final match of the evening, Delta Zeta and Sigma Tau Gamma split 2 points apiece. Ken Geske had 548 for the fellows while Shirley Merglen was high for the girls with 411.

SIU will open its 1956 football season with a home game against Illinois Wesleyan of Bloomington Sept. 22.

Golfer Bob Donarski gets set to put while practicing for a meet with the University of Illinois tomorrow. Saluki golfers trounced Bradley University

SIU Host To Four-Team Gym Meet Tomorrow

Western Illinois is favored to win the four-team SIU Invitational Gymnastic meet here Saturday afternoon.

In addition to the favored Western team, the competing schools are Eastern Illinois, Ball State College (Muncie, Ind.), and Southern.

It will be the first time in more than 15 years that an invitational gymnastics meet has been held at Southern.

Gymnastics was re-instated as a varsity sport this past season, but SIU scheduled only two dual meets, losing to Ball State and Western Illinois.

Most of Southern's experience for the meet comes from a 20-town exhibition tour of Southern Illinois the past three months.

Events scheduled for Saturday's meet are trampoline, tumbling, parallel bars, side horse, two callisthenics, horizontal bar, lion, horse, and rings.

Adding SIU's chances this year will be the return of two trampoline performers, Bruce Coleman, and Roger Council, who shared first-place honors in diving at all of SIU's swimming meets this past season.

Other probable SIU entrants Saturday are co-captains Jerry Ostle and Bill Mahart, Carl Estelher, Bill Love, Gene Salmon, Kelle Smith, Phil Smith, Tom Daines, Norvel Wood, Julius Johnson, Dave Carmody, and Harold Pugh.

Admission for the meet, which will begin at 1 p. m., is 25 cents. SIU students will be admitted free upon presentation of activity tickets.

Notice
The small pocket-size spring sports schedules may be picked up in the Student Union or at the gymnasium.

Sports In Sports

By Bill Epperheimer

This column will inaugurate a new feature for the sports page of The Egyptian, which I hope will be a regular weekly feature, if not a semi-weekly. If any sports fans have any sports gripes, don't hesitate to me know about them—I'll be happy to listen, and do what I can.

spring athletic teams!
A milestone was observed last Monday night when Marguerite (Sugar) Beninati became the first female in SIU history to receive a major athletic award. She participated in gymnastics exhibitions this year with her baton twirling, and was awarded a varsity letter.

Also, I would like to send out a call to everyone for ANY sports news you may have, or have heard about. I would appreciate any contributions, however small they may be. Just mail or bring your bits to me at The Egyptian office.

Since coming to Southern a couple of years ago, I've been watching a steady body-taking place in the student body—they have begun to support Saluki athletic teams—at least part of them.

As a freshman, I went to football games where the attendance was lower than that of some high school games. I have attended in the area. This year, the support of the SIU football team was terrific. More than 9,000 people were in attendance at the homecoming game.

The basketball games have always been well attended, as far as I know, with a shortage of tickets the usual rule because of the small gymnasium.

However, some of the spring sports—mainly baseball and track—have not been well supported.

I realize that the time these events take place are not conducive to good attendance. Many of the students have classes, meetings, and many other activities that take up their time in late afternoons. Also, a composite schedule of spring sports shows that these events sometimes take place two or three days in succession, and many of them take place at the same time. I realize the disadvantages of this setup.

I suppose you know by this time I'm working around to. These teams need more support. Those cheers from the sidelines encourage the boys out there running track and playing baseball just as much as the cheers from the stands encourage the football and basketball teams. I know that many of you have free time on your hands in the afternoon.

Get out there and support these teams.

Leland P. (Doc) Lingle is beginning his 30th year as head track coach at SIU. He came to Southern in 1927, and is given credit for developing track here. Lingle, over a 29 year span, has quite an impressive record. He has won numerous conference championships, and has compiled an overall dual meet mark of 107 victories compared to only 30 losses. In triangular meets, his teams have captured 10 victories and lost only two, giving him a dual-triangular .29 year record of 117 wins, 32 losses—a .785 percentage.

In all of Southern's baseball games this year, with the exception of the Illinois Wesleyan game which SIU won, 10-3, the team collecting the least amount of hits has won. Maybe the boys can improve the timeliness of their hitting as the season progresses.

Members of four winter sports teams were feted at a banquet last Monday night. The sports included basketball, gymnastics, wrestling, and swimming.

Joe Barry was named captain for 1957, and retiring Capt. Robert Montgomery was picked as the most valuable swimmer. New Rex Paddock was selected as the most improved swimmer. Captains and most valuable men in the other sports will be announced later.

Former Saluki Now Training In Florida

A former Saluki infielder, who signed a professional baseball contract with the Detroit Tigers last winter, is now in spring training at Lakeland, Fla.

He is Fred Williams, 20, regular third baseman on last year's SIU squad. He rapped the ball at a .319 clip for Southern last Spring.

The left-handed hitting baseman will be assigned to Class B minor league team following the Tigers' break from spring training camp next week.

To the Touch... To the Taste...

CHESTERFIELD PACKS MORE PLEASURE

Satisfy Yourself with a Milder, Better-Tasting smoke—packed for more pleasure by exclusive AccuRay

A touch will tell you... an Accu-Ray Chesterfield is more perfectly packed... and that means Chesterfield satisfies the most... burns more evenly, smokes much smoother.

To the taste, too... Chesterfield packs more pleasure. Firm and pleasing to the lips... mild yet deeply satisfying to the taste... Chesterfield alone is pleasure-packed by Accu-Ray.

MILD, YET THEY Satisfy... THE MOST!
