Meese debate stays heated

WASHINGTON (UPI) — Former Attorney General Elliot Richardson said Sunday President Reagan's willingness to "let his friends get away with things" is the root of controversies surrounding Edwin Meese and other government officials.

At the same time, lawmakers were divided over what Meese, the current attorney general, should do in light of the turbulent week just past — with Democrats calling for his resignation and Republicans urging Meese to hang tough.

Meese declared Friday he would be the nation's chief law enforcement officer for as long as his friend, the president, wants — despite growing pressure from investigations by an independent prosecutor and the resignations last Tuesday of Meese's two top department aides.

The departures of Deputy Attorney General Arnold Burns and William Weld, head of the department's criminal

division, reignited the debate over Meese, and apparently, public sentiment also is swinging over to a Meese resignation.

A Roper Organization poll of 1,004 adults surveyed March 30-31 and published in the latest issue of U.S. News & World Report found an overwhelming majority of Americans questioned want Meese to resign. The poll, with a 4 percent margin of error, found 55 percent said Meese should step down; only 21 percent said he should stay.

Richardson, on NBC's "Meet the Press," was President Nixon's attorney general until the Oct. 21, 1973, "Saturday Night Massacre," when he refused to follow Nixon's order to fire Watergate special prosecutor Archibald Cox.

Asked if the situation at the Justice Department now is similar to that crisis, Richardson said, "I have no doubt about it. The papers

Unionization issue continues to drag

By John Baldwin
Staff Writer

The Illinois Educational Labor Relations Board last week declined to set a date for University employees to vote on unionization. After three years of discussion, the IELRB has decided it doesn't know enough to make a decision.

The decision Thursday marks the third time in the past two months the IELRB has decided not to decide on the unionization vote.

With no end in sight, the administration and both unions just want the issue resolved. But both sides want it resolved in their favor.

Even if a vote is held soon and if faculty members vote not to unionize, the unions can hold another election a year later. At least by then, the conditions for collective bargaining elections will have been determined.

The two major issues before the IELRB are whether the two SIU campuses should vote

News Analysis

separately and whether department chairs should be able to join a faculty union.

An IELRB hearing officer decided in October that the campuses should vote separately and department chairs should be allowed to join a faculty union. This is precisely what the unions were hoping for.

The University, however,

Admissions changes plan to curtail new enrollment

By Steven Starke
Staff Writer

The Office of Admissions and Records has revised its plan to cut off freshmen enrollment for Fall 1988 by continuing to accept new students on a program-by-program basis to prevent overcrowding in classrooms next year.

University officials, who projected in February that an across-the-board admissions cap would be needed, said Friday that some programs

have been and will be closed to the new students.

B. Kirby Browning, director of admissions and records, said the announcement is good news for students who have not yet finalized their college plans. But he urged those interested in attending the University to apply soon.

Programs closed to incoming freshmen include elementary education, radio-television, pre-business and the special admissions program.

Programs closed to both new and transfer students include architectural technology, aviation flight, aviation management and interior design. Officials said other programs may be closed later as classes reach their capacity.

Prospective students interested in the closed majors, except the special admissions program, may seek admission through the University's general undergraduate studies division.

Speedy end sought in porn case

Staff Writer

A lawyer representing a University professor indicted for receiving sexually explicit photographs of minors through the mail will arrange for the professor's arrest so that legal proceedings may begin, the professor said.

David F. Duncan, 40, a health education professor who received the Outstanding Faculty Award from the

College of Education in 1986, said he will surrender himself to authorities around "the first of the week."

"I was sort of expecting someone to come out to arrest me, but maybe (they didn't) because of the holidays," Duncan said. "Obviously I'm anxious to get this over with."

Duncan was indicted by a federal grand jury in Benton on Thursday. Duncan said he received the materials in June

after he responded to a mail-order offer from a Canadian organization.

Duncan said he requested information about the European nudist movement and instead received the sexually explicit photographs of children.

The material on the nudist movement was to be used in Duncan's research of European sexual behavior, he said.

Duncan said he was surprised by the indictment because he had explained the mistake to U.S. Customs Service investigators.

"I thought the matter had been dropped," Duncan said.

He said investigators arrived at his residence at 306 S. Oakland Ave. with a search warrant about "10 minutes after I received the

Gandhi orders fence built, hopes to slow arms flow

NEW DELHI, India (UPI) — Prime Minister Rajiv Gandhi Sunday ordered a 330-mile barbed wire fence built along India's Punjab state border with Pakistan to thwart the flow of arms to Sikh militants, who last week killed at least 111 people, an official said. Police said three Sikh militants killed the headman of Bhooyal village in Punjab's Amritsar district late Saturday in the worst week of violence by separatists fighting to create the separate nation of "Khalistan" in the northern state.

Shevardnadze makes stopover in Afghanistan

MOSCOW (UPI) — Foreign Minister Eduard Shevardnadze flew to the Afghan capital Sunday to discuss what to do if U.N.-mediated talks on Afghanistan fail, raising the possibility of a unilateral Soviet troop withdrawal that could plunge the area into chaos. The visit came as the U.N.-mediated talks in Geneva stalled over whether the United States would act as a guarantor of an Afghan peace settlement. The settlement would call for the withdrawal of a 115,000-soldier Soviet force from Afghanistan.

Aquino: Coup leader's escape displays guilt

MANILA, Philippines (UPI) — A friend of renegade, former colonel Gregorio "Gringo" Honasan said Sunday the leader of the bloody 1987 coup attempt is not likely to try another power grab, and the military investigated possible foreign involvement in the weekend escape. A member of the Philippine congress linked Honasan's escape to pending talks with the United States on its military bases in the archipelago. President Corazon Aquino said Honasan's escape was tantamount to his admitting guilt.

Pope gives Easter blessing, asks for peace

VATICAN CITY (UPI) — Pope John Paul II wished the world a "blessed Easter" in 51 languages Sunday and made a fervent, impromptu appeal for peace, justice, religious liberty and the solidarity of all mankind. The Roman Catholic pontiff spoke from the main balcony of St. Peter's Basilica to 150,000 pilgrims in St. Peter's Square and to a potential radio and television audience of 1 billion people in 46 countries. Among the pilgrims in St. Peter's was U.S. Secretary of State George Shultz.

Shultz arrives in Israel with U.S. peace plan

JERUSALEM (UPI) — Secretary of State George Shultz, saying it was time for peace in the Middle East, arrived in Israel Sunday to try to sell a U.S. peace plan following the bloodiest week in the four-month Palestinian uprising. It was his third trip in six weeks to the Middle East to seek support for the plan, which so far has won neither Arab nor Israeli backing. Shultz urged all parties to the conflict to take advantage of the latest American proposal.

Democrats face idea of Jackson nomination

By United Press International
Democratic candidates campaigning on Easter went to church services Sunday in Colorado and Wisconsin, the next states to make decisions in the 1988 primary season, while party leaders pondered the effect of nominating Jesse Jackson. With Jackson's political strength gaining, the chairman of the Democratic National Committee would not dismiss the possibility that Jackson could win the Democratic nomination — even though weekend polls indicate a ticket headed by the civil rights leader would lose in November.

County's cocaine deaths rise over four years

DETROIT (UPI) — Cocaine deaths in Wayne County jumped 525 percent — from four deaths in 1984 to 25 deaths in 1987 — over the past four years, a county medical examiner's study published Sunday showed. The stud, also said cocaine was discovered in nearly half the homicide victims tested by the medical examiner's office, Dr. Ian Hood, an assistant medical examiner who helped prepare the study, told The Detroit News.

Heckler accuses Swaggart of being immoral

BATON ROUGE, La. (UPI) — Disgraced evangelist Jimmy Swaggart, facing expulsion from the Assemblies of God, told an Easter Sunday service to ignore "gloom and doubt," and a shouting heckler was evicted from the church after accusing the preacher of hypocrisy. Moments after Swaggart finished a short talk at the sparsely attended service, a young heckler stood in the balcony area and accused the minister of taking "money from congregants" and of being immoral.

Mark Lauburg, graduate student in health service administration, receives a congratulatory hug after

being named "Mr. Irresistible" at Thursday night's 1988 Men of SIUC Pageant at Shryock Auditorium.

Male pageant hits Shryock

By Dena Schulte
Staff Writer

Laughter and chants filled Shryock auditorium during the second annual Male Pageant March 31.

To whistles, yells and sighs, Mark Lauburg, graduate student in health service and administration, won the title of "Mr. Irresistible" and \$100 in a very close race with first runner-up Kent Eaton, senior in management and marketing.

"I just want to say that these are a great bunch of guys. They made it easy to be on stage because there never was any competition among us," Lauburg said.

Before the show, some of the contestants said they were scared and nervous. But if they were, it didn't show.

The pageant offered something for everyone, even men. Women participated in many of the talent and theme skits. One woman in particular went to such extremes that she almost lost her top a few times.

A stand-out, talent act was by Norm Schneider, senior in aviation, who did a lip-sink to "Like a Virgin" by Madonna wearing a white miniskirt, black halter, tights and jacket. Laughter echoed in the auditorium as he pranced around.

Like most things, the pageant had a serious side too. Eaton played an original love ballad, "Your Love Shines Through," on the piano.

Lauburg, in response to the winning question, told the audience the most influential person in his life was his mother, who had passed away.

Contestants were judged on casual wear, beach wear, talent, theme wear and tuxedo wear.

The theme wear was an interesting addition to the contest with the contestants portraying a randomly chosen character such as a mad scientist, alien, boy scout, baby, gangster or nerd.

The contestants looked like they were having a great time, as they played their roles to the hilt, posing, winking and strutting their stuff through the entire show.

Pettit's gifts show judgment lacking

In November 1987 Chancellor Lawrence Pettit said: "I think something as inherently good as higher education should not have to depend on payouts for political support."

In March 1988 Pettit gave New Zealand lambskin business-card holders (at about \$5 a piece) to about 20 state legislators with a letter asking them to support a tax increase for high education.

It's encouraging to see the head of the SIU system trying to drum up support for a tax increase. But at the same time, there must be a better way to do it than to pass out silly little gifts to legislators. If Pettit really believes that a lambskin card holder with an SIU emblem on it will have any influence on how a legislator votes on a tax increase, maybe he should leave the political back-scratching to someone else.

Not only do the gifts make SIU look silly, it does not behoove an institution that is begging for money to pass out perks to the very people it is trying to convince of its poverty.

One overexcitable legislator who received a card holder from Pettit said the gifts were an indication of SIU's — and the state's — tendency to waste money on useless things and then to cry poverty. Considering the cardholders cost just \$5 each and were paid for by the SIU Foundation, they're probably not a major waste of money, but they may be indicative of the somewhat misguided approach SIU has taken to drumming up support for the tax increase.

Criticism of Jackson doesn't mean racism

The Democratic Party is quivering with fright over what to do about Jesse Jackson. And I can understand how they feel. They can't afford to have Mrs. Thelma Lloyd mad at them.

Who is Mrs. Lloyd? She is a nice lady who lives on 99th Street on the South Side of Chicago.

What makes Mrs. Lloyd politically significant is that she is black. No Democrat can hope to be elected president next November if they don't get the votes of the Thelma Lloyds of America.

Mrs. Lloyd tells me that she has been reading my column for many years, going back to when I wrote for another Chicago newspaper.

And she says that in those days she used to like me. "You were bright and funny," she says.

But now I'm not the same man. As she put it:

"You have changed for the worst. You sound so mean and racist when you write about black people, especially the Rev. Jesse Jackson."

An interesting, if inaccurate, observation.

The fact is, I've been writing about Jesse Jackson since he first burst into prominence in Chicago in the late 1960s.

If any of them dare say anything disparaging about Jackson, they run the risk of having the Mrs. Lloyds of America — and there are millions of them — consider them racists and hold a grudge next November.

They might like to challenge him to explain who is going to foot the bill for some of his pie-in-the-sky social programs.

They might want to ask him about some of the outrageous statements he's made in the past.

There were times when I wrote favorably about him and times when I made it clear that I thought he was a double-talking hot dog.

And I haven't said anything about Jackson since he became a presidential candidate that I didn't say when Mrs. Lloyd was reading me years ago. I still think he has his good points and I still think there are times when he is a double-talking hot dog.

But now, in Mrs. Lloyd's view, if I write unfavorably about Jackson it means that I have become "mean and racist."

That's not merely my problem. It is the problem of the Democratic Party and the other candidates.

So there is one set of rules for every other candidate and another set of rules for Jackson. They can say, "Hey, you once said this," or "You once supported that." But only to each other. Not to Jackson.

It's part of this nation's tradition that the records of politicians have always been fair game, both for their opponents and the press.

But that doesn't apply to Jackson. And Mrs. Lloyd has told us why.

It's an odd turnabout. For years, Jackson has told us how tough it is to have been born black.

Now that he's a politician, it turns out that being black is the best thing he has going for him.

Your blood needed

IF YOU HAPPEN to be in the area of the Student Center this week, stop in and give blood at the Red Cross blood drive, which begins this morning and goes until Friday.

The Red Cross has set its goal for the week at 2,500 pints. Considering there are about 20,000 students in Carbondale, plus about 3,500 faculty and staff members, there is no good reason that the drive should not reach or surpass its goal.

All it should take to inspire you to give blood is a bit of compassion and the thought that some day your life may be saved or lost based on the availability of blood.

Donation hours are 10:30 a.m. to 4:30 p.m. every day except Wednesday, when the hours will be 12:30 to 6:30 p.m. Call 529-2151 or 457-5258 for donor appointments. To volunteer to help at the blood drive, call 453-5716.

Quotable Quotes

"All a woman needs is vision, determination and a very rich husband who'll give her \$112 million for a divorce." **Cartoonist Edward Sorel**, putting words in the mouth of his caricature of Frances Lear, founder of Lear's magazine.

Editorial Policies

Signed articles, including letters, viewpoints and other commentaries, reflect the opinions of their authors only. Unsigned editorials represent a consensus of the Daily Egyptian Editorial Committee, whose members are the student-editor-in-chief, the editorial page editor, a news staff member, the faculty managing editor and a Journalism School faculty member.

Letters to the editor may be submitted by mail or directly to the editorial page editor, Room 1247 Communications Building. Letters should be typewritten, double spaced. All letters are subject to editing and will be limited to 500 words. Letter of less than 250 words will be given preference for publication. Students must identify themselves by class and major, faculty members by rank and department, non-academic staff by position and department.

Letters submitted by mail should include the author's address and telephone number. Letters for which verification of authorship cannot be made will not be published.

BARGAIN, from Page 1

believes department chairs should not be able to join a union because they are the "front line" of administration. The University also feels the two campuses should vote together.

The hearing officer took more than three times the allotted 100 days to make a decision after hearings on the dispute ended. The hearing officer's decision, coupled with the University's appeal of the decision and the IELRB's unwillingness to make a quick decision, has left the issue unresolved.

Now that the issue is in the hands of the whole IELRB, even if it always doesn't seem to know what it has decided. Robert Perkovich, executive director of the IELRB, told reporters and union representatives on Feb. 18 that a decision had been made and that a vote could be held this semester.

THE NEXT day he recanted, saying he had stepped out of the discussion for a few minutes and the board had changed its mind.

The issue has been in the discussion stage much longer than needed. Because of that, University employees, the people who ultimately will have to decide whether unionization is right for SIU, have been hearing the same arguments about collective bargaining over and over.

University employees are getting a barrage of information from the Illinois Education Association, one of the two unions vying to represent University employees should they decide to unionize. The other union, University Professionals of SIU, is much more soft spoken, at least as far as paperwork goes.

WHILE THE Illinois Education Association sends out as many as five press releases a day, the University

Rather than bombarding University employees with tons of information, much of which is entirely irrelevant, the unions need to say how they can help faculty members be better off than they are now.

Professionals sends out less than one a week.

A new group, Faculty for Free Choice, feels unionization would not be helpful to University employees. They have decided that when the state is short of money and can't provide increases in funding for higher education, the unions aren't going to be able to do much to increase faculty salaries.

The IEA regularly sends out releases, showing that faculty members at universities with collective bargaining command higher salaries than faculty members at universities without collective bargaining.

BUT WHERE are the unions going to get all this money? The unions argue that the faculty isn't paid enough, and the administration agrees. The administration is promoting a tax increase, and even has a full-time lobbyist in Springfield to coordinate efforts to fight for an increase.

The unions argue vehemently that the University has too many administrators, but the unions never say that by decreasing administration, they will be able to increase faculty salaries.

And if the faculty votes to

unionize, Chancellor Lawrence Pettit says he will need to increase his staff to handle labor relations.

THE UNIONS probably would be able to send more people to the capital. But it is unclear where the unions would get money for salary increases and programs if the state doesn't have the money.

In short, it is unlikely the unions will be able to do any more than the University has.

Rather than bombarding University employees with tons of information, much of which is entirely irrelevant, the unions need to say how they can help faculty be better off than they are now.

University Professionals doesn't bombard faculty with news releases the way the IEA does, but what UP does send faculty doesn't provide any better answers to the University's problems.

WHILE THE administration has taken a hands-off approach to unionization, it says its going to present an "information campaign" about collective bargaining.

The unions have come up with a solution to a problem they perceive in the University's grievance procedures. The unions argue that under collective bargaining, faculty members would be guaranteed a chance to go to outside arbitration.

But binding arbitration only has been asked for once at the University, and that request was from a faculty member being represented by the IEA. The request was denied by the Board of Trustees.

FACULTY MEMBERS would best be served by being able to decide soon whether they want to unionize. This means the IELRB will need to get its head out the sand and set a date for an election soon.

MEESE, from Page 1

today are full of stories of high-level people inside the department calling attention to the fact that it's virtually at a standstill.

The most damaging effect now, Richardson said, is to "public confidence in an agency that is responsible for the fair and efficient administration of justice. And when public confidence in that is shaken, then confidence in the legal system as a whole is shaken."

However, conservative Rep. Henry Hyde, R-Ill., also appearing on NBC, repeated Reagan's assertion that calls for Meese's resignation are

really attic apts to get at the president.

"There's a great disappointment among liberal Democrats that the smoking gun didn't have any smoke coming out of it from (the) Iran-Contra (scandal)," Hyde said. "So if you can't get dinner, take a sandwich."

Richardson said such claims are "strictly a diversionary tactic. ... The question is whether an attorney general of the United States should cling to office despite the impairment of his effectiveness that has been brought about by a situation like this."

Jackson offers help to Noriega, Panama

WASHINGTON (UPI) — Democratic presidential candidate Jesse Jackson made a personal offer to Panamanian strongman Gen. Manuel Antonio Noriega to serve as a mediator in the crisis over his rule, National Public Radio reported Sunday.

NPR said the offer was made in a letter that was hand delivered to Noriega by Cirilo McSweeney, a member of Jackson's national finance committee and a native Panamanian who now lives in Chicago.

Maj. Edgardo Lopez, a Noriega spokesman, said Jackson "offered his personal services as a mediator to help

find a solution to the Panamanian crisis," according to the report by NPR reporter Tom Gjelton in Panama City.

Two days later, Noriega sent the letter back to Jackson via McSweeney, NPR said. It said Lopez would not reveal the contents of Noriega's response but he said the general appreciated Jackson's offer.

In 1984, Jackson traveled to Syria and negotiated the freedom of captured Navy flier Robert Goodman. Also that year, Jackson met in Cuba with Fidel Castro and won the release of four dozen U.S. and Cuban prisoners.

PORN, from Page 1

materials." Duncan said they found the photographs in his bathroom garbage can.

Though he has not hired a lawyer to represent him for the duration of the case, Duncan said he has a temporary attorney to negotiate with authorities on his arrest.

If convicted on the child pornography charges, Duncan may face a maximum penalty of 10 years in prison and a \$250,000 fine.

Duncan has been a faculty member of the University since 1978. He is the coordinator of the graduate program in community health.

Clarification

Physical Plant Acting Director Duane Schroeder testified Wednesday that Dale Reiman told him that Reiman had hired someone to investigate a University student worker. Thursday's Daily Egyptian erred in its account of the extent of Schroeder's testimony.

Schroeder said nothing about the amount of money involved or the identity of the man hired in Reiman's murder-for-hire trial in John on County.

Hank: Walking his own way

Music-mix-formula keeps Williams atop the industry

By Curtis Winston
Staff Writer

When Hank Williams Jr. returned to the Arena Thursday it was apparent that Bocephus still is walking his own way in the country music industry, but he's still on the same path he was 11 months ago.

He's still playing Aerosmith's rock classic "Walk This Way" and other rock songs, including the Georgia Sattellites' "Keep Your Hands to Yourself." He also performed his country classics "Mind Your Own Business," "Whiskey Bent and Hell Bound" and "All My Rowdy Friends Have Settled Down."

Williams does have a good thing going. With his successful country-blues-rock formula, he has been named the Country Music Association's Entertainer of the Year for the past two years.

With evangelist-like stage

banter, Williams spoke to the audience between sets about his childhood roots in the music industry.

He reminded the crowd of his father's legendary status, which brought American music legends Ernest Tubbs and Elvis Presley to his boyhood home. Fats Domino and Jerry Lee Lewis taught him how to play the piano, he said.

With banners of a prominent Kentucky bourbon distillery hanging from the lighting grid, Williams espoused his country boy philosophy of "hunting, good whiskey and women."

On the large stage, Bocephus looked like a kid at a playground. He would push his keyboard player aside to beat on the piano. He threw cups of ice at his roadies. He even played the drums, pounding away with childish abandon.

At times Williams was absurd, especially during a strange, if not comical rendering of "Twist and Shout." It was a bizarre sight to see the bearded, dark-shaded country boy, in black with a black cowboy hat, preening and prancing like a heavy metal singer.

With his successful country-blues-rock formula, he has been named the Country Music Association's Entertainer of the Year for the past two years.

However, with all the lights and smoke of the show, Williams didn't neglect to sit down with an acoustic guitar to get back to his country roots. In the acoustic set he did a medley of some of his best-loved songs, including "A Country Boy Can Survive" and "Family Tradition."

Among holdovers from last year's show was a jazzy, guitar-soprano-saxophone duet on Fats Waller's "Ain't Misbehavin'" and a parody of Tom T. Hall's country song "I Love," titled "I Hate," which gave Williams a chance to espouse his own country philosophy.

The show ended on a loud note with a rock 'n' roll medley that included ZZ Top's "Sharp Dressed Man."

Fewer pilgrims spend Easter in Jerusalem

JERUSALEM (UPI) — Church bells pealed across the walled Old City as Christians celebrated Easter Sunday, but thousands of pilgrims stayed away from the Holy City and several outdoor services were canceled because of the Palestinian uprising in the West Bank and Gaza Strip.

The Greek Orthodox church, whose calendar is a week behind, called off its traditional 2-mile-long Palm Sunday procession from the Mount of Olives to the Old City out of concern for the safety of participants. The Roman Catholic Palm Sunday procession last week also was canceled.

"Of course, it's because of the situation," said Bishop Timothy, secretary to the Greek Orthodox Patriarch

Diodorus. "There's not enough security, there are not enough police."

Government officials had predicted 36,000 tourists would visit Israel during the Holy Week and Passover period, compared to the 34,000 who arrived in 1987. But state-run Israel Radio reported that the number of tourists in Jerusalem for Holy Week was half of last year's total.

Despite the specter of violence, thousands of pilgrims from around the world crowded into Jerusalem's cathedrals and church bells rang throughout the Holy City to celebrate the most important Christian holiday.

"It's a very holy time," said John Syer, 38, of London, as he and his family left the Church

of the Holy Sepulchre after attending Roman Catholic services.

"We feel very happy and very lucky to be here at this time, especially with all the trouble in the world," he said.

The Latin patriarch, Michel Sabbah, the first Arab to hold the post, celebrated a dawn mass in front of the indoor tomb where many Christians believe Jesus was buried and rose from the dead on Easter

morning. Entering the medieval Crusader church, the patriarch knelt to kiss the red limestone slab where Jesus' body was anointed with oil before burial, according to Christian tradition. Moments after the patriarch left, women rushed to pour perfume on the stone and kiss it.

After the mass, Sabbah, holding a silver shepherd's staff and more than 40 priests

in white robes, carrying candles, led a procession of nearly 100 people three times around the tomb. The patriarch blessed the tomb with a censer billowing incense and then entered the Holy Sepulchre.

During almost four months of anti-Israel rioting in the West Bank and Gaza Strip, disturbances have erupted many times in Arab neighborhoods of Jerusalem.

DOWNTOWN CARBONDALE PLANNING WORKSHOP

Saturday, April 9th, 1988

Touch of Nature Environmental Center - Camp 2
Giant City Road 8:30 am - 5:00 pm

The workshop is intended to bring together persons from throughout the community to discuss the future of downtown Carbondale and to begin formulating plans for its revitalization.

Attendance at the workshop is open to everyone interested in downtown!

Transportation will be provided from centralized locations in Carbondale to Touch of Nature for persons needing a ride. There is no registration fee or charge for lunch which will be provided all participants, however, contributions will be gratefully accepted to help defray workshop costs.

If you are interested in attending and either need a ride or want to reserve a free meal, please call Touch of Nature at 529-4161 by April 7th.

Art and reason

When Mark and I decided to spend the weekend at his mother's house, I never imagined I would be walking into a mouse's nightmare. There were cats everywhere.

Cat plaques, cat statues, cat clocks, even a cat mat. I couldn't begin to duplicate her collection of kitty litter if I spent a year at a garage sale. Conspicuously absent, however, was a real cat. Strange, I thought, and began to fear that a weekend with cat woman could be a lot less than purr-fect.

But then she came home, and Mark introduced her. She was dressed surprisingly well—no leopard pants. In fact, you could say she was the cat's meow, but I'd rather not.

She offered me a cup of Dutch Chocolate Mint. Now that was something I could relate to. Then she brought it out in the most beautiful, distinctly unfeline china I'd ever seen. As we sipped, I found out that Mrs. Campbell has my same weakness for chocolate, loves the theater as much as I do, but, incredibly, never saw "Cats." So Mark and I are taking her next month.

Children to use sign language to present 'Fiddler on the Roof'

The Talking Hands Theatre Troupe, through the use of sign language, will present the musical "Fiddler on the Roof" 10 a.m. Tuesday at Shryock Auditorium.

The troupe features hearing impaired children in the lead roles.

Sixteen of the play's 26 actors are hearing impaired. The non-speaking actors lip-sync their lines as they sign the words, while voices off-stage provide the spoken dialogue.

Many hearing impaired people are unfamiliar with the play and to preserve the tradition and history of the play, there will be an ex-

Sixteen of the 26 actors in the play are hearing impaired. They will lip-sync their lines as they sign the words, while voices off-stage provide the spoken dialogue.

planation about the background of the production.

The Talking Hands Theatre Troupe was founded in 1973 in Des Plaines as part of The Center on Deafness. The center promotes research into the nature of cognitive development for the hearing impaired and provides

diagnostic and educational services.

"Fiddler on the Roof" is sponsored by Southern Illinois Parents of the Hearing Impaired and the Student Center. Tickets are \$2 for adults and \$1.25 for children and are available at the Student Center Ticket Office.

CCFA selects prof for teaching award

By Phyllis Coon
Staff Writer

The College of Communications and Fine Arts has chosen Gary Kolb as its candidate for the 1988 SIU-C Outstanding Teacher Award.

Kolb, an associate professor in cinema and photography, has been at SIU-C since August 1979. He has a bachelor of arts degree in religions from

Northwestern University and a master of fine arts degree in photography from Ohio State University.

Other nominees were Punch Shaw from radio-television, Eric Mandat from music and Randall Robey from communication disorders and sciences.

Award winners receive cash prizes and travel funds that

are presented at the annual University Honors Day ceremonies on April 10.

Today's Puzzle

Puzzle answers are on Page 6.

University promotes computers

By Phyllis Coon
Staff Writer

Making students aware of the problem solving capabilities of computers was a goal of the first SIU-C Regional High School Programming Contest.

"There is a general acceptance of our future need in understanding the abilities of the computer," Albert Crawford, a professor in the computer science department, said.

Programming competitions have been held in other parts of the country, and it was time for the University to promote computer science at the high school level, Crawford said.

Contestants had to solve four math problems using the computer and following guidelines set by the Association for Computer Machinery.

The department sent out letters of inquiry to 80 schools in the Southern Illinois region, he said.

"The response was in excess of what we expected," Crawford said.

The first-place team was O'Fallon High School, which will receive a \$100 grant from the SIU Foundation. The second-place team was Carverville, which will receive a \$50 grant from the Foundation.

Vienna High School and Waterloo High School tied for third-place. Each school will receive a \$25 grant from the Foundation. Goreville High School received an honorable mention.

Women's tennis drops two as injuries zap singles team

By Jeff Grieser
Staff Writer

The women's tennis team played in Memphis, Tenn., and came up just short of victory. Twice.

The Salukis lost to Northeast Louisiana University on Friday and Austin Peay on Saturday, both by scores of 5-4.

"It (Memphis) always seems to be a long weekend for us," Coach Judy Auld said. "We played good but we let the close ones slip away."

The Salukis suffered some injury problems. Sue Steuby was unable to play at No. 4 singles because of bicep tendinitis, Auld said.

Dana Cherebetiu, No. 3 singles, had tendinitis in her wrist.

"Tendinitis comes from overuse and from hitting with topspin. Both Sue and Dana hit with topspin," Auld said. "The only thing to help it is to stop playing."

The Salukis split the singles matches with Northeast Louisiana.

The top three players, Ellen Moellering, Beth Boardman, and Cherebetiu, won their

"It (Memphis) always seems to be a long weekend for us. We played good but we let the close ones slip away."

—Coach Judy Auld

matches in straight sets. Missy Jeffrey, Julie Burgess, and Maria Coch lost at the bottom three spots.

In doubles play the Salukis got a win at No. 1. Moellering and Boardman downed Lillian Hedberg and Cortney Campbell, 6-3, 6-4. At No. 2, Cherebetiu and Coch lost to Northeast's Maria Cash and Charlotte Beifrage, 7-5, 6-3.

"I think we played well but we're not used to playing as a team," Coch said. "Dana usually plays with Missy, I was just thrown into it."

Jeffrey didn't play doubles because of illness. The No.

3 doubles team of Burgess and Steuby also lost by a score of 7-5, 6-3.

SU-C faced Austin Peay on Saturday, only to meet the same fate. Again the top of the lineup was impressive.

Moellering crushed Monica Silenzi, 6-2, 6-4, and Beth Boardman got by Asa Heilmann, 6-3, 6-1. Cherebetiu fell to Sally Clark at No. 3, 6-4, 6-2.

"The second day it (the wrist) hurt me a lot," Cherebetiu said. "I think I hit with too much topspin."

Jeffrey got by Paula Barge, 7-5, 3-6, 7-6 at No. 4, and Coch and Burgess switched positions but both lost.

Cherebetiu and Jeffrey were together again at No. 2 doubles against the Governors, and managed to get the only Saluki doubles victory.

"Ellen and Beth played great," Coch said. "I think we played well as a team but the bottom three just weren't into it mentally."

"We played well, it could have gone any way," Cherebetiu said.

CLEAN AIR POLICY FOR SOUTHERN ILLINOIS UNIVERSITY AT CARBONDALE

I. POLICY AND PRINCIPLES

In order to promote the health of the university community, to preserve and protect university property and to provide a clean and safe environment to study, work and learn, Southern Illinois University at Carbondale hereby adopts the goal of establishing a smoke-free campus by the Year 1995.

II. INTERIM RULES

- Beginning July 1, 1988 smoking is prohibited in all indoor areas except those areas designated by a prominent "Smoking Permitted Here" sign.
- Coordinative Responsibility, and Implementation
 - The President shall appoint a "Clean Air Advisory Committee" which shall advise the President on means to meet the goal of a smoke-free campus by the Year 1995.
 - The President and his designees, Vice Presidents, Deans, Chairpersons, administrative officials and supervisors are generally responsible for the implementation and enforcement of this Clean Air Policy. It is hoped in light of the health issues involved that most people will comply with this policy out of self-interest and concern for others. However, complaints or concerns regarding this policy or disputes regarding its implementation should be referred to the immediate administrator/supervisor for resolution.
 - College/departments administrative officials should make every effort to assure that this policy is communicated to everyone within their jurisdiction and to all new members of the university community.
 - College/departments administrative officials should also assure that appropriate signs are posted.
 - Requests for exception to this policy and/or complaints which cannot be resolved at the unit/departments or college level should be referred to the Office of Personnel Services.
- Subject to the provisions of subsection A below, designation of a smoking area may be allowed only in the following areas:
 - Private dormitory rooms where all occupants agree to allow smoking and in private residences on campus;
 - Private, single employee offices which have their own separate ventilation systems from other work areas or full partitions. In such instances, smoking will be permitted only with the door closed.
 - Common office or work areas where all employees unanimously agree to allow smoking;
 - Up to one-third of the area of a cafeteria or eating facility;
 - Up to one-third of a study hall or lounge areas;
 - University vehicles where all occupants agree to allow smoking;
- Smoking specifically shall not be allowed in classrooms, lecture and conference halls, gymnasiums, museums, theaters, laboratories, instructional shops, storage areas, smoke-sensitive equipment rooms, hallways, elevators, reception areas, client service areas, mail rooms, copy rooms, storage rooms, records rooms and any other campus library, food preparation facilities or any public meeting room.
- Buildings or portions thereof may be declared to be smoke-free where smoking is not allowed under any circumstances.
- All administrative actions relating to this policy shall be guided by the principle that the right to breathe clean air is always superior to the privilege to smoke. The rights of non-smokers to breathe clean, safe air and the need to protect university property from destruction or deterioration shall be considered in the designation of any smoking area.
- Responsibility for honoring the provisions of this policy and the designations implementing this policy shall be the obligation of all employees, students and visitors of Southern Illinois University at Carbondale.
- Smoking cessation counseling shall be offered to all students and employees by the SUIC Wellness Center.

III. CLEAN AIR POLICY IN THE YEAR 1995

By 1995 smoking shall be allowed only outdoor areas

GUIDELINES FOR IMPLEMENTATION OF CLEAN AIR POLICY FOR SUIC

The Clean Air Policy for SUIC has been developed to set forth minimum restrictions upon smoking throughout our campus community. Effective July 1, 1988 smoking will be prohibited in all areas except those areas designated by a prominent "Smoking Permitted Here" sign. These guidelines establish the basis for implementation of the Clean Air Policy as well as for the resolution of complaints that may arise thereafter.

I. IMPLEMENTATION / DESIGNATION OF SMOKING AREAS

The Clean Air Policy relies on thoughtful consideration and cooperation between smokers and non-smokers for its success. It is a shared responsibility of all members of the University community to observe and promote the policy and to comply with its spirit and intent.

A. Campus Clean Air Policy Coordinator

Primary responsibility for the designation of smoking areas has been assigned to the Office of the Vice President for Campus Services. Mr. David E. Grohn of that office (telephone number 535-7777) has been named the Campus Clean Air Policy Coordinator, and will work closely with the campus Vice President, Deans, Directors and other administrators in determining appropriate areas, subjecting smoking regulations to approval by July 2, 1988. The Campus Clean Air Policy Coordinator shall also:

- assist in the drafting of smoking plans and in designating smoking areas on the SUIC campus;
- obtain and oversee the installation of all necessary "Smoking Permitted Here" signs and equipment;
- grant requests for exceptions to the Clean Air Policy. However, requests shall be granted only if they satisfy conditions that the right to breathe clean air is superior to the privilege to smoke; and
- submit annual Clean Air Policy compliance reports by September 1st for the previous fiscal year to the President and the Clean Air Advisory Committee. The annual compliance reports shall:

a) review and determine compliance within all facilities on campus;

b) report upon the resolution of all complaints, disputes, exceptions, disciplinary measures and other administrative actions taken by the Office of Personnel, Office of Student Life and Office of the Vice President of Campus Services in relation to the Clean Air Policy; and

c) set forth recommendations to improve compliance and to promote clean indoor air.

B. Unit Coordinators

The Clean Air Policy is designed to enable the separate units within the campus community to determine if smoking is to be permitted or all and, if not, to designate smoking areas with "Smoking Permitted Here" signs. This procedure is intended to allow consideration of the unique aspects of our various facilities on campus. Each Vice President, Dean, Director or other administrator with responsibility over a particular building or part of a facility shall designate by March 1, 1988 a member of his or her staff to serve as Unit Clean Air Policy Coordinator. This person shall be generally responsible for implementing and assuring compliance with the Clean Air Policy within that area. The responsibilities of each Unit Clean Air Policy Coordinator will include:

- submission of a plan to the Campus Clean Air Policy Coordinator outlining how compliance is to be achieved and designating smoking areas, if any, for that area. Each unit plan should be guided by the principle that the right to breathe clean air is superior to the privilege to smoke. Such plans should also take into account the ventilation system and the availability of windows when selecting those areas where smoking may be permitted. A plan for each unit should be submitted to the Clean Air Policy Coordinator no later than May 1, 1988.
- assuring compliance with the restrictions of the Clean Air Policy within that Unit Coordinator's area; and
- receiving and attempting to resolve any complaint concerning alleged violators of the policy that may arise within that Unit Coordinator's area.

C. Clean Air Policy Advisory Committee

An advisory committee with smoking and non-smoking members from throughout the University Community has been appointed to assist in the implementation of the Clean Air Policy for SUIC. The Clean Air Policy Coordinator may seek advice and assistance from that committee as needed in reviewing plans for the designation of smoking areas and in granting exceptions to the restrictions of the Clean Air Policy. The responsibilities of the Clean Air Policy Advisory Committee also include advising the President on means to meet the goal of a smoke-free campus by the year 1995.

D. RESOLUTION OF COMPLAINTS AND ENFORCEMENT OF POLICY

The standard to be used in resolving complaints or disputes concerning the Clean Air Policy shall be that the right to breathe clean air is superior to the privilege to smoke. The success of the Clean Air Policy for SUIC will depend upon the thoughtful, candid and cooperative participation of smokers and non-smokers. It is the responsibility of all members of the campus community to observe this smoking policy.

All employees and students are encouraged to remind others of the pertinent restrictions of the Clean Air Policy when appropriate.

A. Unit Resolution

In the event of a conflict or violation, employees, students and other persons using campus facilities may attempt to work out a compromise themselves or may bring to the attention of the appropriate Unit Coordinator for resolution. The Unit Coordinator may utilize appropriate administrative actions to assure compliance with the policy.

B. Campus Resolution

Resolution of a dispute or complaint, if not achieved at the Unit level, may also be sought as follows:

1. Complaints Against Employees

The Office of Personnel Services will be responsible for resolving any dispute or complaint concerning this policy when the person against whom the complaint is lodged is an employee or staff of SUIC. That office may take appropriate administrative and disciplinary action to assure compliance with the Clean Air Policy.

2. Complaints Against Students

The Office of the Vice President for Student Affairs will be responsible for resolving any dispute or complaint concerning this policy when the person against whom the complaint is lodged is a student. That office may take specific complaints or disputes to the Director of University Housing or to the Office of Student Life. Those offices may take appropriate administrative and disciplinary action to assure compliance with the Clean Air Policy.

3. Complaints Against Non-Employees and Non-students

The Office of the Vice President for Campus Services will be responsible for resolving any dispute or complaint concerning this policy when the person against whom the complaint is lodged is a non-employee or non-student. That office will take appropriate action to assure compliance with the Clean Air Policy.

III. EDUCATION

Vice Presidents, Deans, Directors and other University unit heads or their designated Unit Coordinators will be responsible for assuring that the Clean Air Policy is communicated to everyone within their jurisdiction. The Clean Air Policy for SUIC will also be published in the Undergraduate and Graduate Catalogs, the Faculty Handbook and other pertinent University publications.

SMOKING CESSATION PROGRAMS

In conjunction with the implementation of the Clean Air Policy for SUIC, smoking-cessation programs for faculty, students and staff will be made available by the University. Faculty and staff will be offered a normal change. The University Wellness Center will be responsible for providing this service to employees and students. The following guidelines should be followed to accommodate the desires of any employee who currently smokes and wishes to take advantage of this service.

- The smoking-cessation programs will be offered on an on-leave program.
- Employees should not be charged use of their vacation or sick leave time to attend the program sessions.
- Employees should not be required to use "lunch or break" time in order to attend smoking-cessation programs offered by the University.

OFFICE OF THE PRESIDENT

The President of Southern Illinois University at Carbondale will be responsible for enforcement and implementation of all aspects of the Clean Air Policy.

Jordan scores 59 in victory over Pistons

PONTIAC, Mich. (UPI) — Michael Jordan, who scored a season-high 59 points, hit two free throws with four seconds remaining Sunday to give the Chicago Bulls a 112-110 victory over the Detroit Pistons.

Jordan hit 21 of 26 shots from the field and sank 17 of 19 free throws as he surpassed 50 points for the fourth time this season. It was the fourth highest total in Bulls' history — all four by Jordan.

The victory was the 12th in 16 games and third

straight for Chicago, which trails Central Division leader Detroit by 3 1/2 games. The defeat was Detroit's fourth straight and fifth in six games.

Chicago took a 93-92 lead into the final quarter after six straight points by Jordan, who had 14 in the third period. The lead was the Bulls' first since late in the first quarter.

Chicago extended its lead to 107-100 with 5:48 left in the fourth quarter, but Detroit used a 10-2 surge to take a 110-109 lead.

SOFTBALL, from Page 16

co-Player of the Week with SIU-C's Theresa Smugala, Mogill is 5-1 and has an 0.39 earned run average this season.

"When she gets her change-up moving, she's tough, one of the best in the conference," Brechtelsbauer said. "The key is to rattle her early. You can't allow her to take charge."

Backup pitcher Sara Karcher dismantled the Salukis during the fall season. Karcher also plays second base.

The Panthers return Angel Lendway to the outfield and their offense is given life by freshman first baseman Carrie Voisin, who has a .346 average through six games.

"People forget they have an offense," Brechtelsbauer said. "They don't beat themselves."

SIU-C will counter with pitchers Traci Furlow (4-1) and Lisa Peterson (8-5).

"Lisa carried us in Tallahassee (Fla.), but she's struggled since then," Brechtelsbauer said. "Hopefully we can get her over the hump."

The Salukis made changes in the lineup this weekend. Gateway Player of the Week Shelly Gibbs moved from second base to catcher. Utility infielder Jan Agnich took over second while Becky Rickenbaugh earned a starting spot in left field.

SIU-C won two and lost one in Friday's tournament games. The Salukis beat Southwest Missouri 3-0 and Missouri-Kansas City 7-0 in five innings, but fell to Missouri 7-0 in six innings. Missouri beat Southwest Missouri 8-0 in Saturday's championship.

BASEBALL, from Page 16

me is we haven't really beaten anyone's number one pitcher."

The first game, both teams pitched their aces but neither was around by the end of the game.

Dale Kisten (3-4) returned to the mound on the three days rest to lose his third straight game. He gave up seven runs, five of which were earned, in 3 1-3 innings. Gooden replaced Kisten and finished the game.

"Dale's just had a tough time," Jones said. "He's been hit pretty hard. His location apparently hasn't been as good. His breaking pitch hasn't been as good as in the past. We just hope Dale can return to his form."

Southwest Missouri pitcher Greg Reed, who entered the game at 5-0, suffered an elbow injury in the fourth and was forced to leave the game. He allowed McIntosh's first two-run homer.

Southwest Missouri reliever Tony Floyd (2-2) went the rest of the way to pick up the win.

Southwest Missouri is now 17-8.

SIU-C is at St. Louis today at 3 p.m. Dale Meyer (0-0) will start.

“No matter how bad they are, Grandma loves to hear the latest jokes.”

Kim Cohen - University of Wisconsin - Class of 1990

You miss her sparkling sense of humor. She misses you and your jokes. Even the bad ones. That's one good reason to call long distance. AT&T Long Distance Service is another good reason. Because it costs less than you think to hear your grandmother start to giggle before you even get to the punch line.

So whenever you miss her laughter, bring a smile to her face with AT&T. Reach out and touch someone®

If you'd like to know more about AT&T products and services, like the AT&T Card, call us at 1 800 222-0300.

The right choice.

Men's golf edges Indianapolis by one stroke

By Steven Welsh
Staff Writer

The men's golf team came from one stroke behind to pass the University of Indianapolis and win the SIU-E Invitational in Edwardsville.

The team trailed Indianapolis 307-308 on Friday to finish with a total of 606.

Indianapolis shot a 302 on Friday to finish with 609. SIU-E took third with a 610.

The Salukis were led by Mark Bellas, who shot a one-under-par 70 on Friday and finished second with a 146.

"Mark hit the ball real well," Coach Lew Hartzog said. "But what I was really pleased about was that he played the course well."

"For the first time since he's been here he really studied the course. It makes a big difference," he said. "So many young golfers just try to over-

power the course and get a birdie on every hole."

Jeff Mullican tied for fourth with a 149.

"Jeff was shooting real well on Friday," Hartzog said. "But then he missed three putts on the last three holes and finished with a 75."

Mike Cowen finished with a 153 for SIU-C.

Bobby Pavelonis had a 159 and Britt Pavelonis has a 161.

"Bobby and Britt struggled on Thursday," Hartzog said.

Bobby Pavelonis had an 83 and Britt Pavelonis had an 84 on Thursday.

The team's next tournament is the Bradley Invitational on Saturday and Sunday in Pekin.

Staff Photo by Alan Hawes

Southwest Missouri State's center fielder Mike Ruble injures his neck on the leg of Saluki shortstop Dave Wrons. Ruble was

attempting to steal second base and was thrown out during the second game of Sunday's doubleheader at Abe Martin Field.

Baseball halts 5-game slide

By Dave Miller
Staff Writer

The baseball team struggled but managed a split against Southwest Missouri State Sunday at Abe Martin Field.

After losing 8-5 in the first game, Cliff McIntosh pitched the Salukis to a 4-3 win in the second game to snap a five-game losing streak. The Salukis are 13-9.

After hitting a pair of two-run homers in the first game, McIntosh (3-0) started game two on the mound and allowed seven hits in seven innings.

McIntosh credited his first-game offensive explosion with helping his pitching performance.

"It pumped me up and got me psyched for the second game," he said. "It gave me confidence going out to the mound. This is my biggest win of the year. Now I know I can throw against the best teams around."

"We had a lot of pressure Page 16, Daily Egyptian, April 4, 1988

Verschoore's at record 23 games

The guessing is over. Chuck Verschoore officially set a new Saluki record by extending his hitting to 23 games Sunday.

The old mark was 22 games by Bert Newman in 1976. Although no official records of hitting streaks could be found in the sports information office, sports information assistant Gerry Emig checked old scorebooks and telephoned Newman to discover the record.

Verschoore set the record in the second game with an RBI single in the fifth inning. On the first pitch, he

hit a grounder into left field.

Verschoore barely kept it alive in the first game. In the seventh inning, Rick Gaebe's single allowed him to get a base hit to left with two outs.

Verschoore said the streak is on his mind when he steps to the plate.

"It's a little tough," he said. "I wish I'd get a hit earlier in the game if I'm going to get one. It's impossible not to think about it. I'm concentrating and just trying to hit the ball hard every time up."

On the day, Verschoore went two for seven.

coming in. If we would've lost the second game, I imagine we would have been pretty down going into the conference season. I really think this lifted

us up."

Joe Hall was the hitting star of game two. He went two for two with a home run and three RBIs, including the game-

winner.

With the Salukis trailing 3-2 in the bottom of the fifth, Doug Shields reached first on an error by the shortstop and advanced to second on a wild pickoff throw. Matt Gielsing followed with a bunt single. Verschoore then scored Shields and extended his hitting streak with a ground-ball single between the third baseman and shortstop.

After Rick Gaebe hit into a double play, Joe Hall laid down a perfect bunt down the third base line to score pinch-runner Shane Gooden with the winning run.

After the doubleheader split, Coach Itchy Jones still was not convinced the Salukis are out of their slump.

"We struggled," Jones said. "We're a step slow in everything we're doing. You're not going to win when you play that type of baseball. The thing that does concern

See BASEBALL, Page 15

Softball places 3rd in Missouri

By Troy Taylor
Staff Writer

Defensive lapses cost the softball team a berth in the championship game of the Missouri Invitational as the Salukis settled for third by whipping Missouri-Kansas City 11-0 in five innings Saturday in Columbia.

The Salukis (15-3) had three errors and gave up four runs in the sixth inning of Saturday's 5-1 semifinal defeat against tourney runnerup Southwest Missouri.

"We weren't as sharp as we needed to be," Coach Kay Brechtelsbauer said. "With the exception of three innings for the whole tournament, we played well. But we collapsed momentarily."

SIU-C can't afford to give up runs in bunches when it opens the Gateway Conference season against Eastern Illinois Tuesday in Charleston. Brechtelsbauer said.

Eastern Illinois was picked to finish third in a poll of the conference coaches after winning the last year's regular season title with 13-5 record. The Panthers were 25-19-1 overall.

The Salukis, who tied for fourth with a 10-8 mark, took seventh in the preseason conference ranking.

"It's a big conference opener for us," Brechtelsbauer said. "We'd like to start showing that (the No. 7 ranking) was too low."

Senior Zam Mogill, Eastern Illinois' all-conference pitcher, was 19-13 last year. A Gateway

See SOFTBALL, Page 15

Rhoades gets 5th assistant

Head football coach Rick Rhoades, who recently named a fifth assistant, is expected to fill the last assistant coaching job by the middle of the month.

On Friday, Rhoades named Fred Riley, a former player of his, to be the Salukis' offensive coordinator. Riley, 28, was quarterback at the University of North Alabama in 1981, Rhoades' first year as head coach there.

Riley has been the offensive coordinator at Delta State (Miss.) since January.

He graduated from North Alabama in 1982 and from there he was a graduate assistant at Auburn University. He was an assistant coach at Jacksonville State (Ala.) in 1983, and in 1984 he was backfield coach for the University of Tennessee-Chattanooga.
