## Point 'Trial' Continued To Next Quarter

The "trial" of a Thompson Point resident charged with hurling a brick through a window opened last week at a meeting of the Point Judicial Council, but was discontinued until next quarter.

The council gave "lack of evidence" for the continuation of the hearing on Richard C. Gorski, a freshman in Liberal Arts and Science from Glenview.

Gorski is charged with breaking the window during a Halloween prank in October. The official charge by the Point Executive Council is "conduct unbecoming a Thompson Point resident."

Gorski did not appear at the meeting. He had been notified by the Judicial Council to appear.

The Judicial Council is composed of one representative from each floor of each dorm at the Point.

The Council has been given full authority by the university to file any action against an individual which it deems necessary to preserve discipline and order.

An individual prosecuted by the Council may appeal the ruling to the university.

## Radio-TV Dept. Puts Christmas Show On WPSD

A television program, centered around a Christmas motif, will be presented today, Tuesday, Dec. 10, by the station of radio-TV Dept. The program will be transmitted from the studios of WPSD-TV, Paducah, Ky.

Joe Leonard, member of the radio-TV staff, will act as master of ceremonies of the program, which will be on the air from 5 to 5:30 p. m. His assistant will be Jim Hankins, student from Metropolis.

SIU's Madrigal Singers and the Southern Belles will be featured, performing various Christmas selections. Ed Kane, vocalist from Edwardsville, Judy Stille, acrobatic dancer from Alto Pass and Marguerite "Sugar" Beninati, Pinckneyville band twirler, will also have parts in the show.

A film of President Delmar W. Moran's Christmas greetings will be shown during the program. The entire show will have huge Christmas cards as background.

## Opera Workshop Presents Excerpts Thursday Night

The Southern Illinois University Opera Workshop will present a program of operatic excerpts on Thursday, at 8:15 p. m., in Shryock Auditorium.

The program will be produced with very little scenery or stage effects. "This is the first time I have ever tried this type of production," said William Taylor, director of the workshop. "The main object is to acquaint the people with those musical works and composers rather than give them full productions," Taylor explained.

The group will be accompanied by pianist Geraldine Snyder.

"Bliss and James Main" by Hector will give a short narrative before each scene telling the audience the location of the scene and the background actions leading to the part to be presented.

The entire ensemble will sing "The Tales of Hoffman" by Jacques Offenbach. Marcia Swinney will be featured as Nicklaus and Priscilla Metcalf will sing the role of Giulietta.

The opera workshop will present Puccini's "La Boheme" next spring.

## 'Hell Below Zero' At Union Film

"Hell Below Zero," will be the film shown at the free movie hour on Thursday, Jan. 16.

Starring Alan Ladd and Joan Fontaine, the film will start at 7:30 p. m. Coffee and doughnuts will be served after the single feature.

# Benny Goodman Orchestra Signed For Military Ball; 15 Candidates For Queen

HE SINGS TOO!

Looking lovely for a publicity shot is Miss Gloria Hudson, vocalist with the Benny Goodman Orchestra directed by Urbie Green which has been contracted to play for the Military Ball.

January 25. The orchestra will give a concert in Shryock Auditorium preceding the dance in the Armory. The concert will start at 7 p. m., the dance at 9. Fifteen girls have been chosen to compete for queen.

## "For Sertin Much To Lern"

### Freshies Have Troubles

College freshmen have a lot to learn about basic English, and that's for sertain.

Dr. Harvey Fisher, chairman of the Southern Illinois University zoology department, ran a "heavy pencil" over 235 freshman test papers recently and concluded that the undergraduate mind is cluttered with some odd notions about spelling.

"When you find students writing things like 'Ammerica' and 'sum' at this late date, something has obviously been missing in their educational background," Fisher says.

Fisher, who believes that word skills and language arts are almost as important to the scientist as test tubes and slide rules, studied the test papers minutely to determine if technical terms alone account for the mass of spelling errors in undergraduate zoology papers—a charge frequently leveled by no-science teachers.

The results, he said, fix the blame on "general spelling weakness."

According to Fisher's survey, a total of 571 words—59 percent of them of the "everyday" variety were misspelled. Fewer than 40 of the 235 test papers were free of spelling errors.

It's Far "sertin"

Students came up with such written responses as "sertain", "sertin", and "certin" for certain, and "too" for two. Toads, Fisher was pointed to note, were transformed to "todes", and flies to "fleez".

A cuckoo was misspelled 21 times, the most common form being "cooooo".

Other more or less common lapses included variations on such words as concentration, environment, aggregation, temperature, species and, evolution.

Only 16 of the test's 53 parts

## Griffin To Play For TP Dance

The Archie Griffin band, and the Flatlopers from Pinckneyville will entertain the Thompson Point residents and their dates at a Christmas dance.

"The Snow Ball," the theme of the dance, is to be in the Thompson Point service building Saturday from 8:30 p. m. - 12:40 a. m.

The band will play for the 400 persons who are expected to attend the dance. Cookies and punch will also be served.

Christmas decorations will adorn the "ball room." Helen Smith is in charge of the decorations. Bruce Dodson heads the advertising committee.

"The dance," according to Sally Fotch, a member of the steering committee, "is being held to provide the opportunity for Thompson Point residents to meet each other and have fun together."

She said that the previous Halloween party for the Thompson Point residents was a "huge success."

The chaperones will be the Thompson Point residential counselors and Dr. James L. C. Ford of the Journalism Department.

There will be no admission charge.

## Course For Upperclassmen Opens Jan. 2

The general public as well as faculty and staff members, are invited to attend as auditors when a new type of course, "Man's Physical Environment," is offered during the winter quarter beginning Jan. 2 at Southern.

Purpose of the course, according to Dr. Charles D. Tenney, vice president in charge of instruction, will be to acquaint students with significant developments and trends in the various sciences. The lectures, offered by staff experts in the various sciences, will be designed to further appreciation of science and scientific research.

An outline course designed to supplement rather than replace general education courses in science will continue for upperclassmen the function served by the present freshman assembly lecture series. The class will meet at 10 a. m. each Thursday in the auditorium of the Life Science Building.

While most survey courses are offered at the freshman level, Dr. Tenney points out that the new course, "Science 301," has been planned for sophomores, juniors, and seniors who already have had some introductory and general courses providing background in science.

As an inter-departmental elective offering one quarter hour of credit the course will be open to all upperclassmen not merely to those majoring in the sciences. In addition to the lectures, students taking the course for credit will be expected to complete a number of readings.

"Chalmers A. Gross of the University School faculty will serve as coordinator for the winter term course in the fields of science.

## Vocalist Gloria Hudson Appears At Concert, Ball

The Benny Goodman orchestra with Urbie Green directing has been contracted to play for the annual Military Ball January 25, sponsored by the Arnold Air Society of the AFROTC.

Also announced today were 15 SIU candidates as candidates for the Military Ball Queen. They are: Barbara Absher, Bobbie Jones, Susan Knupp, Patti Dey, La Doris Harms, Ann Hughes, Lynda Love, Dolores Bell, Janice Campbell, Jean Myers, Kay Francis, Carol Callison, Lois Green, Barbara Gill, and Mary Alice Carnaghi.

The candidates will attend a coffee hour in their honor Thursday January 9, at which time five finalists will be chosen. The entire AFROTC Cadet Corps will choose the queen.

Last year's queen was Marie Holifield.

Appearing with Goodman's Orchestra will be vocalist Gloria Hudson.

A concert will be presented at 7 p. m. in Shryock Auditorium preceding the dance in the Armory. The concert will start at 7 p. m., the dance at 9. Fifteen girls have been chosen to compete for queen.

Dress for the ball will be strictly formal.

## Poljo Shots Available At Health Service

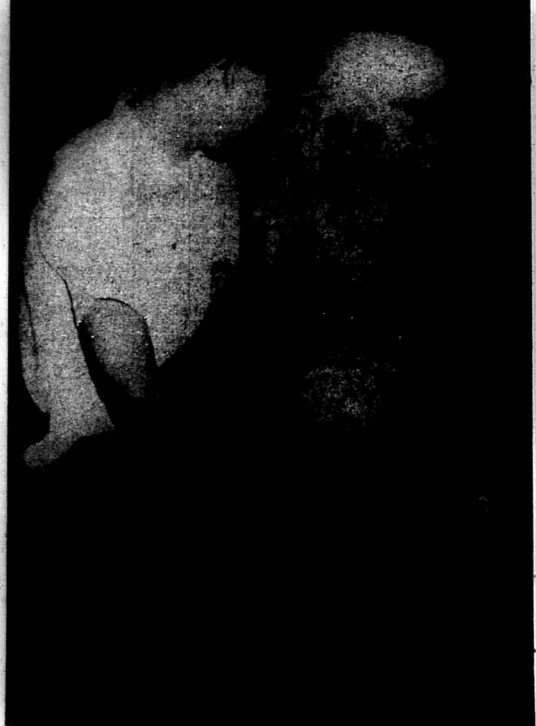

Those students wanting to start the polio vaccine series may do so at the health service Wednesday and Thursday. Also students who had the first two shots of the three-shot series may take theirs.

The vaccine arrived recently by Dr. Richard Lee, head of the health service, says there will be enough vaccine for those wanting the final shot and enough to get a good start on the others.

## Attention Veterans

Veterans attending under one of the public laws are reminded of the following sign-up periods for the month of December. Veterans who are planning not to return the Winter Quarter may sign their attendance forms at the Registrar's Office on the last day of their examinations.

Veterans who are planning to continue their schooling in the Winter Quarter will sign the first school day in January, which is January 2.

'IT'S GOOD SANTA'

That seems to be the sentiment of Ron Pemberton, a graduate student from Springfield, as he tastes the "sucker" given to him by St. Nick at the Student Union Friday night.

Ron is supervisor of student workers at the Union. Santa seems to be enjoying his job too.

## Debaters Score Best Records Of Current Season

During the past weekend, two SIU debate squads turned in their best records for the current season.

At the Northeast Missouri State College tournament at Kirksville, one squad captured first place honors with a total of 11 victories and only one loss. Undeclared in the tournament were the men's teams of Robert Holton and Peter Morris with four wins, and Keith Sanders and Richard Hunsaker with four wins. The women's team of Jan Fegley and Dorothy Lingle won three and lost one.

The other squad, composed of Ray Canterbury and Ted Foster and Regina Miller and Marsha Wichn, won second place honors at the Greenville College tournament. Canterbury and Foster won three debates while losing one. Miller and Wichn won two and lost two.

Ted Foster received three superior ratings and one excellent to place among the top individual speakers at the Greenville Tournament.

At Kirksville, Richard Hunsaker had three superiors and one excellent for similar honors.

## Second Frosh Fined \$50

A second SIU freshman has been fined \$50 for possessing a motor vehicle in the city of Carbondale.

The first enforcement of the vehicle regulations came last week when a Thompson Point freshman was fined by the University.

The student was given a ticket Oct. 9 for failing to register his auto. When records indicated he was a freshman and not eligible to operate a car in Carbondale, he was fined.

## Little Town

Southern Acres residence-halls are fast becoming self-sufficient.

The residence halls, under the direction of head resident Joe Budde, contains a small library, 2 TV lounges, a drafting room, 2 guest rooms, formal lounge, snack bar, snack area, music room, weight and wrestling room, and a game room.

These numerous facilities are located in two residence halls, known as the East Dorm and the West Dorm.

The two dorms have 211 residents, plus seven resident-fellows. Of these 211 residents 80 attend classes on campus, 131 attend classes on the Southern Acres campus.

Also living in the halls are 21 regular students. Retailers do not live in the halls all year. They stay in the halls all year. They stay in the halls all year. They stay in the halls all year.

## Campus Calendar

**TODAY**  
ACE will meet in the Kindergarten Room at 4 p. m.  
Mu Phi Epsilon will have their meeting in Shryock 202 at 6 p. m.  
Inter-Greek Council meets at 6:30 p. m. in Main/210.  
Southern Illinois Symphony Practice in Shryock at 7:15.  
The Marketing Club meets at 7:30 in the Library Auditorium.  
Young Democrats' Tutoring Sessions at 7:30 in Main 206.

**WEDNESDAY**  
Finals begin.  
Sing and Swing Club Meeting at 7 in Algeid 202.  
Young Republicans Club meeting 7:30 p. m. in the Library Auditorium.

**THURSDAY**  
At 10 a. m. there will be a meeting of College Teaching Problems in the Life Science Auditorium.  
Music Department Recital at 8:15 p. m. in Shryock Auditorium.

**FRIDAY**  
Movie, "Scaramouche" will be showing at 6:30 and 8:30 p. m. in the University School Auditorium.

**SATURDAY**  
Student Employment Screening from 9 a. m. to noon in the University School Typing Room.  
Basketball Game with Missouri School of Mines at the Men's Gymnasium starting at 8 p. m.  
Free movie hour at Shryock Auditorium from 8 to 11 p. m. The films "King of Kings" and "The Littlest Angel."

## Acres Turns Self-Sufficient

Southern Acres residence-halls are fast becoming self-sufficient.

The residence halls, under the direction of head resident Joe Budde, contains a small library, 2 TV lounges, a drafting room, 2 guest rooms, formal lounge, snack bar, snack area, music room, weight and wrestling room, and a game room.

These numerous facilities are located in two residence halls, known as the East Dorm and the West Dorm.

The two dorms have 211 residents, plus seven resident-fellows. Of these 211 residents 80 attend classes on campus, 131 attend classes on the Southern Acres campus.

Also living in the halls are 21 regular students. Retailers do not live in the halls all year. They stay in the halls all year. They stay in the halls all year.

NUMBER TWO

Mrs. Stephen Arthur poses as candidate number two in the first Miss Southern Contest. Linda and Stephen, a sophomore industrial education major from Mt. Vernon, are the parents of 10-week old Stephen. The contest, sponsored by the Dames Club is open to all married women who have husbands going to school here. Any information on the contest may be secured from Mrs. Raymond Clark, 2021Y.

The Vocational Technical Institute was established as a Day School program and offers one and two year curricula in vocational and technical fields. The Institute was established at the opening of the fall term of 1952. The two year programs lead to degrees of Associate in Art, Associate in Business, or Associate in Technology. They hope to do it with

They also participate in the inter-collegiate competition that the university sponsors.

The Southern Acres residence Hall Council, with the residents, are planning a university recreation area. They hope to do it with

Other special interest groups besides the newspaper are the Book and Ball Club, Bowhunters Club, Music or Jazz Club, Singing group, small band or combo, hot rod club, air and crafts, and ham radio club.

"The reason for these various activities and rooms is to create better study conditions on the floors," said Joe Budde, head resident.

It looks more and more as if the place to stop drunk drivers is at the bend of an elbow; not the bend in the highway.

Men still die with their boots on — but one boot is often on the accelerator.

# The Editors' Opinions

## Freshmen, Come Back!

A fraction over 2,000 students began their collegiate careers here in September. Many of them have dropped by the wayside. But the Christmas holiday offers the first real opportunity for many of them to quit.

Don't do it! If you get a job at the post office or local filling station, quit at the end of the vacation. If you fall in love over the holidays, fall out again and come back to college.

You have not been on campus long enough to really know what it is all about. Give it at least a year, they say.

Many will have to drop in the future, as some have already, because of personal reasons. It is bad enough when one has to quit because of, say, illness at home, let alone because of wanting to make money.

Wanting to make money is a good reason to quit. Wanting to have a car and get married and buy a home are good reasons.

Wanting to be self-supporting and independent is a good reason, but not good enough.

You will have plenty of time to live in the riches of our gadget-filled world once you graduate. Now you have the opportunity to find out about those gadgets. Now you have the opportunity to prepare yourselves for making better ones, if you see fit.

Come back to Southern for winter term!

## You Might Die Young!

There are two sets of figures concerning dying that are outstanding in our society today. Most people do not seem to give ainker's hoot about the first, while most everyone is proud of the second.

The second set of figures is known as the average life span. Each year finds some new accomplishment of our modern medicine and technology increasing the average life span of our fellows. It is getting to the point where the average man on the street thinks it is the duty of our modern know-how to keep increasing this life span.

And the man on the street has a lot of reasons for feeling this way. Look around you and you will see some of them. Modern machines and conveniences and gadgets surround us in seemingly unlimited numbers. The science and industry of our time have made it possible for man to sit in and live in the greatest comfort machine of all time. And this machine is safer, percentage wise, than the original element's nature provided.

The first set of figures on death concern the automobile. It is truly a phenomenon. Every year our technology progresses and our understanding of mechanics becomes more polished and yet—we kill each other in increasing numbers on the highways.

We do not demand of the builders of our vehicles the same thing we demand of the builders of refrigerators. Somehow we have talked ourselves into needless huge pieces of tin and glass surrounded by flashy but needless chrome and filled with comforting but needless power and gadgets. This may or may not tend to cause highway blood-baths, depending upon which side of Detroit you are sitting on.

One thing seems certain: If all our gadgets were taken out and the cost of them replaced by

safety features, driving would be safer. The "American Way" obviously prefers to take the risk of meeting death in oversize chrome bugs.

And meet death we do. Each year the number of highway deaths increases. Each holiday season they increase. This Christmas season is predicted to rack up another increase.

And each year we all go about our merry ways, buying more big chrome bugs and killing more people. Traffic safety specialists can sit down at their plotting boards and tell you with cold accuracy how many of us will not live to get a shot at the second set of figures, the average life span.

We would all like to live at least an average life span. Driving safely can increase our chances of doing so. If what we want is big cars and gadgets rather than really safe cars, then we will have to begin to drive more safely.

## Anyone CAN Keep Physically Fit

### Steel-Toe Shoes For Weed League

To the Editor:

A first in this winter's footwear for men will be well polished black brigsons, sold at several local stores under the name of electrician shoes.

These durable blacks will be

correct for all occasions. Their steel maiden form toe will be helpful on the dance floor as on the tough football field; a must on the Southern (Fory) Acres campus, and the winter trek from the Thompson Tundra to the Southern educational outpost.

They are sufficiently stylish for the swinging crowd of Saluki Tech social circles and shall

soon make an imprint on the campus.

Acceptable for women but not while dancing with men in the swing (fire hazard).

With the success of this innovation it is our opinion that Southern will stamp into the style lead of the Weed League.

Signed,  
London and Andy  
(Stylists)

## Across The Desk...

By Bill Epperheimer

Thumbing through the exchanges:

From the Mississippian, the University of Mississippi weekly newspaper:

There was a young boy named Paul,

Who went to a masquerade ball, He thought he would risk it, And attended as a biscuit, But a dog ate him up in the hall.

From the same publication:

Man to his neighbor: "Do you have a bottle opener?"

Neighbor: "Yes, but he's at college right now."

From the Technology News, Illinois Tech, comes this tale:

The queen was giving the biggest ball of the season and at the last minute she discovered that the baker didn't deliver the bread for says if parties during the holidays dinner. Since all the servants were involving liquor must be held, a busy with last minute preparations, taxi pool should be formed to transport the only one she could send was port inebriated guests to their gardener and handyman, Moss. Homes.

The queen bid Moss to go out to the bakeries and buy all the rolls he could.

Who says his funeral was quite a show.

And Gov. Stratton has come up with a dilly of an idea too. He says if parties during the holidays dinner, being port inebriated guests to their gardener and handyman, Moss. Homes.

Not a bad idea, huh?

ter reaches the upper deck, follow the rats.

"We finally obtained a copy of the 'Needle', a mimeographed sheet written by the male residents of Thompson Point, and nearly 'busted a gut' laughing at the original parodies of Egyptian columns.

The paper listed no editors, so we don't know to whom credit should be given. Appearing were such columns as "Through the Bar", and "Coosie Booby Says".

If the paper is to be published regularly, we would like to be included on the mailing list. Any charge, boys?

We wish everyone good luck in their finals this week, and along with Merry Christmas and Happy New Year greeting, offer this piece for those who might tend to let the family car, money in pocket, and holiday spirit overcome their common sense:

"No thanks, I'm driving" said careful Ted,

"A drink or two might go to my head!"

But weakling Will just couldn't say "no!"

From the Technology News, Illinois Tech, comes this tale:

The queen was giving the biggest ball of the season and at the last minute she discovered that the baker didn't deliver the bread for says if parties during the holidays dinner. Since all the servants were involving liquor must be held, a busy with last minute preparations, taxi pool should be formed to transport the only one she could send was port inebriated guests to their gardener and handyman, Moss. Homes.

The queen bid Moss to go out to the bakeries and buy all the rolls he could.

Now Moss was a rather simple fellow, and was always chided by the small children of the village. This particular day Moss felt especially ornery and when some small children started making fun of him, he gave chase and threw stones at them. This went on for some time and the queen, being worried her guests wouldn't have any bread, sent out to find Moss. When she did, she flew into a rage and ordered his head chopped off.

MORAL: A stoning Moss gathers no rolls.

ANONYMOUS: When the va-

## With Reference To SIU

## Dr. Edward J. Shea Comments On Role Of P. E.

To The Egyptian:

This letter is not written as a direct reaction to the reprint editorial from the Sacramento (California) Times concerning its criticism of the University being anti-intellectual in the case of Private Shult because of his failure to receive a degree as a result of a deficiency of one quarter hour credit in Physical Education. It is written in an effort to better interpret the role of physical education in the general education programs in colleges and universities and with particular reference to its position among the general University requirements for a degree at SIU.

Physical education is a field, skills, and attitudes.

Different types of education or training are necessary to inculcate these qualities and education designed for this purpose is called "specialized" education. The engineer, physician, skilled laborer, teacher, and farmer need education of this type for the practice of their vocations. If our highly productive capacity and high standard of living are to continue, most citizens will require education in the skills of their jobs.

But all men have certain needs in common, a fact which explains the existence of social and political institutions. For living in a free society, a democratic community, all citizens have the responsibility for solving common problems. Moreover, there is much in our personal lives outside of a vocation for which education is increasingly needed. Hence, general education concerned with the problems all men have in common, is distinct from the "specialized" training addressed to the differences among them.

intelligently in solving the health problems of his family and community," and "to contribute to the development of significant and a continuing health interests and attitudes." The statement related to be a health of the student included among the SIU purposes of general education is "the development of improved knowledge and practices in relation to human health."

### Physical Ed. Required

Three surveys administered on a national scale reveal 95 per cent of the institutions enforce required programs of physical education. The American Council on Education, which collects data on the operation and status of accredited universities and colleges in the United States in the six regional accrediting agencies, reveals in its 7th edition of "American Universities and Colleges" that of 952 recognized senior colleges offering general programs, 91 per cent require physical education; 96 per cent of all tax supported schools and 95 per cent of all grant schools maintain the requirement.

Purpose of Education

This common-ness of needs which all students possess may be best estimated in the substance of the purposes of general education. Our people need a common understanding of the great social forces affecting mankind, skill and thoughtful courage in dealing with common problems, an appreciation of our methods, and principles of scientific thought and their place in this modern age, and above all a sense of values that will direct technological advances toward truly civilized purposes.

Students should be required to participate in physical education class work for at least the freshman and sophomore years. Participation in certain specific activities should also be required to insure the development of interests in a variety of leisure respect, and use the body as an instrument of expression; to insure understanding of self in relation to physical needs; to motivate students to continue activity in upper-class years and following graduation; to insure a thorough grasp of knowledge essential for understanding the activities that have become a part of our culture, to learn to accept one's own body within its limitations; to develop skills in evaluating and maintaining fitness for total living; and to develop group understandings and participation in community life.

### Distinction Between Studies

There exists a distinction in what might be termed the "general" types of studies and the "specialized." This distinction stems from the fact that human beings differ in interests, talents, and skills. The heterogeneity of college students, their backgrounds, interests, and future plans attest to this. Because of these variations, in part, men choose different vocations requiring special kinds of know-

The conditioning of this view upon the specialized program of education is one which views the person not above as a competent professional or technician but one who is first a person not above as a competent professional or technician but one who is first a person who possesses competencies as a speed-need experienced by students as people embrace all aspects of the total personality.

Among these needs, and one which is almost universally accepted as a goal of general education is concern for the physical and mental health of students. Such concern is variously expressed for the student in terms of "to acquire a knowledge of the principles of personal and social health," "to maintain and improve his own health and to cooperate actively

Health Vital

The maintenance of health is both a personal need of individuals and a social need of the community and nation. The individual student can achieve few of the other goals of general education if he fails to acquire the principles of health. Likewise, human resources, based on both physical and mental health, are a foundation on which must largely depend the welfare of community, state, and nation.

Sincerely yours,  
Edward J. Shea Chairman  
Department of Physical Education-Men

Happy Holidays

The Egyptian Staff

**College Art Exhibit In Allynn**

"Art Schools U.S.A. 1957," a collection of paintings and sculpture by leading college art school graduates between 1949-1955, has been placed on exhibit at Allynn Gallery. The exhibition will continue through Dec. 22.

Now circulating to museums and art institutions throughout the nation the show was assembled by the Addison Gallery of American Art for the American Federation of Arts. It includes some 45 works by artists at 15 institutions throughout the U. S. The works selected represent both school experience and later performance by the artists.

Works in the exhibit — Oil paintings, watercolors, collages, graphics and sculpture show a wide range of geographic and professional influence.

The Gallery is open to the public throughout each day.

**SIU WAF CORPS**

The six members of the SIU AFROTC Women Corps are Eastern Illinois and Western Illinois have completely dominated the IAC basketball championships for the last seven years. Eastern winning the title four times and Western winning in the other three.

shown at weekly drill session. Southern is one of 10 universities in the nation participating in the training of women for the Air Force.

**More Spirit Than Men**

**Six Women Enrolled In ROTC Fit In Well With Cadet Corps**

"Southern Illinois University is one of ten universities in the nation and the only one in Illinois offering military training for women students in the Air Force Reserve Officer Training Corps," said Lt. Patricia M. Doyle, assistant professor of Air Science.

The WAF organization started at SIU in 1956. At the end of the school year five women were enrolled in the AFROTC unit.

"We have six women enrolled in the unit now," said Lt. Doyle. "More prospects are being talked to now and we are anticipating a steady increase. We are well up in the upper one-half of the 10 schools using this course."

Lt. Doyle pointed out that women may enter the unit as basic cadets (freshmen) but that two years of training is all that is required for a commission. After graduation the cadets will become commissioned officers and go on active duty for three years.

"WAF personnel do not bear arms nor train for flying duty," said Doyle. "They will be assigned to duties compatible with their educational background and abilities. This training in no way interferes with any major field of study any woman may wish to go into."

"There are no military commitments in the program and it may be dropped at any time before being commissioned. Students wishing to participate in the program sign up for Air Science when they register. They attend classes with the male students but have their own drill periods. It is possible for these women to hold executive positions in the Cadet Corps."

Women now enrolled in the unit are Cadet Capt. Carol V. Cokrum, Cadet 2nd Lt. J. A. Armstrong, Cadet 2nd Lt. Sheila Holt, all holding executive positions. Cadet basics are Clara Brown, Linda Jenning, and Ella Mae Joyce. Miss Cokrum will be the first WAF Cadette to graduate from

**Gardner Wins An Award For Book**

"Naval Power in the Conquest of Mexico," a book by Dr. Harvey Gardner, Southern Illinois University professor of history, has won an award in the annual Southern Books Competition.

The contest, open to printers and publishers of some 15 southern and southwestern states, is concerned with printing technique, typography, art, and other phases of book production.

Gardner's book, published last year by the University of Kentucky Press, was one of 25 winning titles. The author made photographs and suggested the jacket design for his book.

"Martin Lopez, Conquistador of Mexico," another book by Gardner, will be published next year by the University of Kentucky Press. A biographical study of Lopez, it emphasizes the economic and cultural aspects of the Conquistador class; it will also bear a Gardner-inspired jacket design.

The Christmas Story

Age-Old Story Of Birth Of Christ Retold

By Clarence Luckett
More than a thousand years before Christ during the time of Abraham, the prophecy of the coming of the Messiah was made.

of Jacob for ever, and of his kingdom there will be no end."
Mary then questioned the angel and said, "How may this be, because I have had no knowledge of a man?"

This was the first numbering which was made when Quirinius was ruler of Syria. And all men went to be numbered everyone to his town.

To Be Called Jesus
Because of this, Gabriel told her that the holy child's name should be called the Son of God.

There is nothing which God is not able to do," the angel Gabriel assured Mary.

And she had her first son; and folding him in linen, she put him to rest in the place where the cattle had their food.

Many hundreds of years passed, until one day in the days of Herod, king of Judea, it happened. An angel was sent from God to a town in Galilee, named Nazareth, to a young woman named Mary.

Quickly Mary went into the highlands, to a town of Judah, and went into the house of Zacharias and told Elisabeth in her arms.

In the same country, there were keepers of sheep in the fields, watching over their flocks by night. An angel of the Lord came to them, and the glory of the Lord was a shining round about them; and fear came on them.

Mary Was Chosen
The angel, whose name was Gabriel, appeared to Mary and said, "Peace be with you, to whom special grace has been given; the Lord is with you."

And this is the sign to you, you will see a young child folded in linen, in the place where the cattle have their food.

A Babe In An Inn
The angel said to them "Have no fear; for truly I give you good news of great joy which will be for all the people for this day, in the town of David a Saviour has come to birth, who is Christ, the Lord.

Mary came to the ears of Elisabeth, the baby made a sudden move inside her; then she said, "Blessed art thou among women, and blessed is the fruit of thy womb."

And she said to herself, "What may be the purpose of these words?" And the angel said to her, "Have no fear, Mary, for you have God's approval.

And this is the sign to you, you will see a young child folded in linen, in the place where the cattle have their food.

And see, you will give birth to a son and his name will be Jesus. He will be great, and will be named the Son of the Most High.

Nine months had passed since Mary had been informed of God's plans by the angel Gabriel. It came and the Lord God will give him the kingdom of David, his father; he will have rule over the house of David.

And the same refrain will be sung over the world. The fact remains that any way you look at it, "Merry Christmas" means the same in any language.

Caesar Entered Picture
Nine months had passed since Mary had been informed of God's plans by the angel Gabriel. It came and the Lord God will give him the kingdom of David, his father; he will have rule over the house of David.

When the shepherds left, they gave glory and praise to God for all the things which had come to their ears and eyes.

And the same refrain will be sung over the world. The fact remains that any way you look at it, "Merry Christmas" means the same in any language.

In 14 Languages

Merry Christmas

It's vacation time and Christmas time, and from now until December 26, the sound of "Merry Christmas" will be ringing in your ears.
And the same refrain will be sung over the world. The fact remains that any way you look at it, "Merry Christmas" means the same in any language.

FRENCH—Joyeux Noel (Joyous Christmas)

Faculty News In The Brief Form

McMackin Publishes Article
"Teachers' Non-Teaching Work" is the interesting title of an article published in the November issue of "Illinois Education" and written by SIU's Louis McMackin.

tending the annual meeting of the American Association of Teachers of Spanish and Portuguese in Dallas, Texas, Dec. 27-28.
Davis is president of the Illinois chapter and will go to the convention as a delegate from this state.

McMackin is doing graduate work in the Education Research Services at SIU, and the article was written in cooperation with the Illinois Commission on Teacher Education and Professional Standards, and the Illinois Education Assn.

Smith In Missouri
Mason R. Smith, visiting professor of journalism will speak at a winter meeting of the Southern Illinois Professional Chapter of Sigma Delta Chi, national journalists fraternity, Thursday in St. Genevieve, Mo.

The young author conducted the study on a part-time basis while doing his graduate work.
The study reveals the time spent by teachers on various phases of educational activities other than actual teaching.

Steinberg said "We are conducting the survey by contacting school administrators from 859 schools in the extreme southern part of the state. We hope to learn from this survey how recent state laws passed will affect their health education and driver safety programs."

Manzella Named Chairman
Dr. David Manzella, assistant professor of art education, has been named chairman of the College Art Teachers Committee of the Illinois Art Education Association, a post he will hold for the coming year.

Complete results will not be available on the survey until after Jan. 1.
FLANAGAN TAKES CHARGE
Bruce Flanagan, graduate assistant in the department of speech correction, is in charge of a clinic which has been operating in Carmi for the last few weeks.

Hastings attended the Association of Sales Training Executive meeting last week. Where he participated in the college educational program.
BEDWELL SPEAKS
Several speaking engagements were made by Ralph Bedwell, director of SIU's Small Business Institute, in the past week.

Evans in Michigan
Lecturer Charles K. Evans of SIU's Chemistry dept. will attend the 26th Biennial Convention of Phi Delta Kappa in Ann Arbor, Mich., on Dec. 27-30.
Evans will represent the local chapter of the Phi Delta Kappa professional fraternity, Gamma Lambda, which has 162 members.

At the Winkler School in Carbondale, the director spoke on how boys scouting fitted into various programs of the community. Bedwell is also president of the Egyptian Council of the Illinois Boy Scout Assn.

She was elected at the annual convention held in Chicago last week. Her two-year term of office will begin in January of 1958.
RIDLEY CHOSEN V-P
Mrs. Agnes Ridley, instructor in the School of Home Economics, has been elected vice-president of Kappa Omicron Phi, national home economics honorary fraternity.

Reorganization of the Chamber of Commerce" was the topic of his speech in Chester. Professor Bedwell was the guest speaker of the local Chamber of Commerce of that city.

HORN SPEAKS OF "S" AGE
"Higher Education in the Satellite Age" was the topic upon which Dr. Francis H. Horn addressed the regional meeting of the American Alumni Council in St. Louis, Mo., last week.

Dr. Horn, distinguished visiting professor at SIU, spoke before several hundred college graduates at the meeting sponsored by the American College Public Relations Assn.

CAMP RETURNS
Dr. George Camp, assistant professor in the SIU English department, returned this week from the annual conference of the National Council of Teachers of English in Minneapolis, Minn.

In Minneapolis, we discussed how to introduce the proper use of the English language to beginning children and how to advance the training with the mental capacity of the students as they grow older.

By BARBARA DOWNEN

**DOWDELL HAS CHRISTMAS PROJECT**  
The "Tree of Cans" will again be the theme for the Dowdell Hall Christmas project in which baskets of food are given to needy families in Carbondale.  
The committee in charge of the project is composed of all the social chairmen in the area. The committee gets the names of the needy families through the Carbondale Township Relief Office. The boxes are to be delivered on Dec. 23.  
**DELTA ZETA PLEDGES**  
Mary Lou Locke was pledged on Nov. 21.  
Marsha Wieden and Regina Miller were pledged and the Delta Zeta chapter at Purdue University.  
Yolanda Pasano attended a Panhellenic Convention at Bloomington, Ill.  
Kathryn Sue Kimmel, June Nightwinkle and Delores Dollins are members of Southern Bles.  
The sorority is having a Christmas party tonight.  
Phyllis Hortin attended the

Candlelight Christmas Carol Concert in S. Louis last weekend.  
**WOODY HALL HAS EXCHANGE PARTY**  
Woody Hall, P. 2, had an exchange party with Thompson Point 10, floor 2, on Friday, Nov. 22.  
Mrs. Mary Wyatt, faculty member in the nursing department, was dinner guest last week.  
**VTI CHRISTMAS PARTY FOR KIDS**  
The annual Children's Christmas Party at Southern Dec. 14 at 8 p.m.  
The Children's Christmas Party is held for the children of the married students living in the apartments and in the Circle at Southern Dec. 14.  
**TRI SIGMA PLEDGES ELECTS OFFICERS**  
The following girls are the new Tri Sigma pledge officers: Linda Bjorkman, president; Jo Ronck, secretary; and Carol Riscoe, treasurer. Other officers are Donna Schuck and Joyce Carnhan.  
Mrs. H. A. MacMillan is a new patroness for Tri Sig.  
Linda Adams and Myrna Kuhn visited the U. of I. last weekend. Jan Tullock visited the house over the weekend.  
The pledge are planning a Christmas party on Dec. 8.  
Co-chairmen for the Theta Xi Variety Show are Margie Flynn and Kay Francis.  
**SANTA WILL VISIT CHAUTAUQUA PARTY**  
Christmas festivities are being planned, and among them will be the annual Chautauqua Christmas party. The party will be held Sunday, Dec. 15, at 6 p. m. in dining room No. 1 at Thompson Point cafeteria.  
The program planned for the evening will include about 30 minutes of movies. The traditional visit from Santa Claus is also on

the program. He will have presents for all the children.  
If time permits, a showing of the civil defense movie taken at the project last summer will be seen. All residents and families are invited.  
**PHI SIGMA KAPPA GETS OIL PAINTING**  
An oil painting of the Phi Sigma crest was presented at the installation banquet by Larry Stricker, founding president, to Roger Bush for the fraternity.  
Paul Jones appeared in the play "She Scoops to Conquer."  
The fraternity had a caroling party with Tri Sig last Friday.  
John Birtcher, Ron Goldsmith, Walt Carl, Carroll Downen and Don Jordan visited the house last weekend.  
Bill Tut, Rodney Reid and Carl Satek are new members of the fraternity.  
New faculty members are Dr. George Hand, John Hopkins, Robert Resnick, Randall Nelson and Henry Brunsma. New civic members are Henry Engel, Alvy Smith and Wayne Gages.  
Roger Bush is the captain of the AFROTIC Rifle Team.  
Susan Garner, Tri Sigma, has been selected to represent kappa Iota at the National Moonlight Girl Contest sponsored by Phi Sigma Kappa.  
Jim Whitmore rescued a drowning hunter at the Crab Orchard Lake last Friday morning.  
**THOMPSON POINT HAS PARTY**  
A pajama Christmas party was held by the girls of Thompson Point Dorm 2, floor 2...  
To be admitted to the party, which was held last night, each girl brought one Christmas tree bulb. These will be put on the floor's Christmas tree.  
Dressed in their pajama, the girls sat around on the floor

their lounge and sang Christmas carols. There was an exchange of gifts with Santa Claus giving them out.  
**ALPHA KAPPA ALPHA TO HAVE DANCE**  
Alpha Kappa Alpha will have its annual Christmas Benefit Dance on Dec. 14, in the Union.  
Alpha Kappa Alpha activities had the highest sorority average.  
The group is planning a formal banquet with the Alpha Phi Alpha fraternity this month.  
**ALPHA GAMMA DELTA PLANS BANQUET**  
The annual Alpha Gamma Christmas banquet was held last Saturday night at the chapter house. In charge of the event was Diane Finley, Marilyn L. Gessess, Carol Herron, Margaret De Lessus and Joyce Weber.  
Gloria Agens and Lillian Brayfield visited in Chicago last weekend.  
**PINNED**  
Charlotte Luquin, Alpha Gamma, was pinned.  
Diane Finley, Alpha Gamma to Joe Luert, Phi Tau. Susan Garner, Tri Sig to Roger Bush, Phi Sig Kappa.  
**ENGAGED**  
Marsha Wieden, Delta Zeta to Chuck Gruner, Phi Sig. U. of I.  
Zoe Godly, Woody Hall to Davy Lightfoot. Sara Jane Kozur, Tri Sig to Roger Bush, Phi Sig Kappa.  
**MARRIED**  
Karen Kemp, Alpha Gamma to Bill Matycka.

**PI OMEGA PI PLEDGES FOUR**  
Karen Hartman, Pat Dubonn, Eugene Schurr and Pat Bond was pledged into Pi Omega Pi last Thursday. The meeting was held in the Library Auditorium.  
Formal initiation for the members will be held on Thursday, Jan. 9 at 7:30 p. m.  
**CANTERBURY CLUB HAS MEETING**  
The Canterbury Club, the Episcopal student group, will have its final meeting of the fall quarter on Sunday Dec. 15.  
The meeting will be held at the St. Andrew's Episcopal Church at 5 p. m. A Christmas banquet will be served at 6:30 p. m. by members of the club.  
Picnics for the Obelisk will be taken at the banquet.

**Scholarships Still Available - Stasek**  
A good New Year's resolution for all of Southern's eligible students is to apply for Southern Illinois Scholarship and Activities Awards upon returning from the Christmas vacation.  
Ervin D. Stasek, co-ordinator of the Financial Assistance Center, urged all students who hold a 3.0 grade average or better to make applications for scholarships as of December during Jan. 1 and March 15.  
"Everyone who is qualified should make an application," said Stasek. "We are trying to give the money to the most qualified and deserving students," said the financial co-ordinator. "Therefore, anyone who believes he is qualified should not be hesitant in applying."  
Students who already have scholarships will plan to keep them must check with Dr. Stasek.  
"Any student who has a scholarship now must apply again if he intends to keep the scholarship," stated Stasek. "Because a student holds a scholarship now does not mean that he will get it again next year."  
All the applications filled out

**STUDENTS ATTEND FORESTRY MEETING**  
Fifteen students attended a preliminary organizational meeting of a proposed Forestry Club last Tuesday night in the School of Agriculture Building.  
John Hosner, assistant professor of plant industry who will be the club sponsor if it officially organizes, presided at the meeting. He said that another organizational meeting will be held Jan. 7 in the School of Agriculture Building, and any interested students are invited to attend.

**Inter-Faith Council Lays Plans For Religious Week**  
Religion in Life Week was the main topic in the Inter-faith Council at a meeting held Thursday at 10 a. m.  
The meeting, presided over by Council president Frank Stobart, heard reports from the various religious foundations on their activities for last year.  
The council is sponsoring a religious program in Sylvester. Donations will be taken for the council. This is the only fund raising event of the Council has.  
Stobart recommended that the Council send out information to the various foundations and organized houses on campus concerning Religion in Life Week. The Council will present the program for the freshman convocation during the week. The convocation is scheduled for Jan. 30.  
The Council also announced plans to have the religious foundations send them a list of their events so a religious activity calendar can be prepared by the Council.  
The Rev. Father W. John Harris, council sponsor, asked the Council to have all Christmas baskets and donations collected from organizations and houses by Monday Dec. 16, for needy families.  
The Council meeting was closed with the taking of Obelisk pictures of the Inter-faith Council.

**Kay Wants An Older Big Brother**  
Here's one girl that wants a brother.  
Kay Bether, SIU junior, says that she has always wanted a brother.  
"I have no particular reason why I wish I had a brother, or why I want one," she said, "except all of my friends have brothers and it seems nice."  
Kay doesn't care particularly what he looks like, but would like for him to be interested in sports if he isn't athletic.  
She is 5 feet 9 inches tall and weighs 160 pounds. She has big blue eyes and long red hair that she wears pinned back. Interested in physical education (and she plans to teach it), Kay lives on the first floor of Thompson Point dorm 1.

**SANTA'S HELPER**  
Santa's little helper suddenly popped from this gaily decorated box at the "Deck the Halls" party at the Student Union last Friday evening. . .

**Flu And Fraternities**  
Flu officially interrupted fraternity initiation activities at Ohio State this fall. On a request from the school's health service that fraternities "abandon for this year... any activity that would disturb and deny normal sleep and rest or interfere with proper eating and personal hygiene of the individuals..." in order to fight influenza, the Greek groups halted any such actions.

Guide to Freshmen Women."  
Containing pictures of some 300 freshmen girls, the "guide" is scheduled for publication this month.

## IIAC Adopts Standard Aid

The Interstate Intercollegiate Athletic Conference has established a standard grant-in-aid program for athletes.

The grant-in-aid program permits tuition, fees, room and board, books and \$15 per month for laundry. These grants must be supervised by the school without any direct payment to the athletes. The IIAC also voted to continue the policy of freshman eligibility for varsity competition.

## Illini Wins

### Grapplers Take Third In U. Of I. Tourney

The University of Illinois was fifth with 13 points. Wheaton also had 13 points. Northwestern University totaled 10 points, Augustana grabbed six, University of Illinois in Chicago had five points, and University of Chicago was white washed.

Here's how Southern's grapplers finished: Ron Edwards (130), lost to Bill Ture, Illinois Normal, Jim Bledsoe (137), won three and lost one for a second place finish. Bob Stoudt (147), lost his first match, as did Roland Burris also in the 157 pound class. Jim Bledsoe won a third in the 137 pound class as did Richard Irvin in the 123 pound class.

The meet was won by the University of Illinois with a total of 57 points. Illinois Normal was second with 22 points, Southern was third with 18 points, Eastern Illinois was fourth with 16 points, West-

## Gymnasts Capture Indianapolis Invitational Tournament Title

Southern's gymnastic squad again put on a varsity basis only opened their season last Saturday in tremendous fashion as they walked off with the Indianapolis Invitational title.

Competing against teams from Ohio State, University of Indiana, Ball State, Athensville Turners, Windsor Athletic Club of Canada, Illinois Normal, and Ft. Wayne Athletic Club, the Salukis, led by Graduate Student Don Leas, had more than twice as many points as their nearest opponent.

Out of nine events the Salukis grabbed six first, five of which were won by Leas. Southern also won four seconds, and four thirds.

Bill Meade, gymnastics coach, said proudly, "I think the boys worked better at this time of the year than any team I've ever had." They also have better team balance than any team I have ever had.

Before coming to Southern Meade was head gymnastics coach at the University of North Carolina for seven years.

Gymnastics was dropped as a varsity sport at Southern during the Second World War and after a full of about 10 years the sport was

### Could Have Used Will "The Still"

## Tankmen Sink Kansas University Jayhawks

By C. M. Luckett

Records fell like tenpins Saturday as SIU continued their mastery on the water front by sinking the University of Kansas to the depth of 48-38.

Southern began their bid for the victory early by opening the meet with a win in the 400-yd medley relay. Thereafter, SIU came home with first in four other events on the agenda. In winning the 400-yd relay one of the five new marks was made. SIU's swimmers covered the distance in 4:39.5.

The second record was made in the 200-yd butterfly. John Jeffrey of Kansas sprinted home with the win with a time of 2:31.5, which was good enough for a new Kansas varsity mark and SIU pool record.

The thrilling performance by Jeffrey was soon topped as Jerry Barry of Southern dashed through the four laps of the 100-yd freestyle finishing in :56.4 knocking .001 off the previous mark set by him.

Although Terry Lockman was sidelined due to an infected ear, his mono-pony in the 200-yd backstroke is said to be ended. In his first chance in college competition, Lonnie Tettatin of SIU shattered the record Lockman has been trying with for two years. Tettatin turned in his performance with a 2:31.5 victory, shading Lockman's 2:37.6 by .06.1.

Bob Campbell, SIU veteran breaststroke swimmer, was pickin' em up and havin' 'em down in his specialty as he finished the 200-yd breaststroke in 2:44.7.

Campbell was pushed from the start to the finish by John Jeffrey of Kansas who contributed a second to his team in this event and eight points for the evening.

Other first places were contributed in the 220-yd and 400-yd freestyle by Jared Piety of Kansas and meet highpoint man with 11 1/2. SIU's Verne Wilhelm in the 50-yd freestyle, and Bill Matthews of Kansas in the diving.

The Saluki swimmers' next meet will be here Jan. 11 against Washington University.

**Complete Results:**  
1. 400 yd. Medley relay — 1. SIU (Tettatin, Montgomery, Haston, Campbell) Time 4:39.5

GREATEST OF EASE

Rod Davidson, diving for SIU, displays his talents off the low board as he does a back-dive with a full twist. Rod finished second behind Bill Matthews of University of Kansas. The Salukis sank the Jayhawks in the meet at the University

School pool, 48-38, to start off what could be an undefeated season for the SIU tankmen.

Five per cent of the vehicles involved in fatal accidents in 1956 for which condition was stated had unsafe conditions (23 states reporting).

## WAA Badminton Champs 'Crowned

Kay Kias and Sally Hammer, from Barrett's Dormitory, teamed up to win the WAA House Badminton Tournament Thursday night. The Barrett team was victorious over approximately 70 other girls entered in the tournament.

The same evening the class tournament in badminton came to a close, with Pauline Loeffler, a junior, winning the singles championship, and a junior team composed of Barbara Young and Loraine Saunders capturing the doubles title.

The next activity for WAA will be the basketball tournament, to be held in January. Joyce Weber will be the sports manager for the class tourney, which will begin Jan. 7, and Cynthia Hinton will be in charge of the house tourney, scheduled to begin approximately a week later.

The Traffic Score to Date:  
First 10 months — of 1956 — 1726 fatalities — of 1957 — 1699 fatalities.

## Air Force Flies High

### ROTC Wins In Intramural Basketball 'Game Of The Week'

By Jim Wiggs

The ROTC boys found stiff competition when they faced the Pivoters in the intramural basketball game of the week.

Intramural basketball continued into its second full week as the AFROTAC team defeated the Pivoters in a defensive-minded game for their second consecutive win of the season.

The ROTC team jumped off to a five point lead, but the Pivoters were no pushovers, and the half time score was 19:18 in favor of the Air Force.

Each team tightened their defense even more, and the third quarter showed practically no scoring. The score was 25:24 going into the final ten minutes with the flyers still on top.

The final score was 35:34 in favor of the high flying AFROTAC. Robert Ducey, Pivoters, was high point man with 14 tallies followed by Carl Smith, ROTC, with 11.

**Doyle Wins**

Doyle Dorn one continued its winning ways with the flashy guard, Don Griffin, again taking the scoring honors for both teams with 20 points as the Deacons defeated their younger brothers, Doyle Dorn two, 62:29.

Griffin has a total of 68 points for the three games that the Deacons have overwhelmingly won. All men on the Deacons squad saw action as Griffin substituted freely.

TKFE's led off the fraternity league schedule with a 45:37 victory over Phi Sigma Kappa a team. Bush was high point man with 20 points.

The Phi Kappa Tau B team

## Rumba Feature Of Dance Class

### Saluki Gridders On All-Star Team Selections

"You have to learn to move from the hips down," stated Dean Hammington, a social dancing student at SIU.

The social dancing class has started work on the rumba after completing the dancing lessons given in the jitterbug and the fox-trot.

"It would have cost the students from \$1.25 an hour to \$2.75 an hour for the lessons that they have been given through the physical education program at SIU," declares Mrs. Jane Daqqaq, instructor, while changing the record on the player. "The department has been offering this course each fall for more than three years, and I have really enjoyed teaching it."

"I think most of the students have done real well," says Mrs. Daqqaq placing special emphasis on the word real. "You should have seen them do the broom and no-pod dance."

Mrs. Daqqaq was recently initiated into the Dance Educators of America, and said that she began dancing when she was very small.

The Chauteau Chiefs shipped past two opponents 49:32 and 37:27. The victims were the Lynxes and Tellow's Terror's respectively.

The Bavarians defeated the Funnies 43:27 and the Cluts 64:56. John Gelch, Bavarians, had a total of 43 points for the two games.

**Illinois Avenue Wins**

The Illinois Avenue Residence Halls triumphed over the Sleepy Hollow Wolfpack 80:13. The Wolfpack was one of the more stronger teams in football, but didn't possess the potential needed to defeat the Residence Halls in basketball. John Truitt, Residence Halls, scored 19 points which were high for the game.

There were two forfeits in league play this week. Harry's Hermitis forfeited to the Minute Men, and the Thompson Point Lakers forfeited to the Skytop Jr. team.

Other scores were the Oddballs Independents over the Minute Men 60:54, Sabres defeated the Futile Five 49:45, the Delta Doves, Barbary 49:36, and the Chauteau Braves edged the Clowns 26:25.

Thompson Point 11, fl. 2, romped over the El Mahal 65:22, while the Futile Five 49:45, the Delta Doves, Barbary 49:36, and the Chauteau Braves edged the Clowns 26:25.

The IAC first team selections were: Ends, Charles Shonta, Eastern Michigan and Marion Rushing, SIU; Tackles, Carl Elliott, Eastern Michigan and Marion Rushing, SIU; Tackles, Carl Elliott, Eastern Michigan and Houston Antwine, SIU; Guards, Gordon Ringquist, Central Michigan and Al Golotta, Northern Illinois; Center, John Abramovich, SIU; Quarterback, John Thomas, Illinois State Normal; Halfbacks, Walt Beach, Central Michigan and Kerry Keating, Eastern Michigan; Fullback, Thevlus Wintick, Central Michigan.

"Fear nothing," said Fred, as he gave her the gun.

"I know what I'm doing—snow-driving is fun."

A kind of a likeable chap—Fred—Good—natured and happy—to bad he's dead."

The mileage death rate is two to three times as great at night as in the daytime. In 1956 more than half of the traffic deaths happened at night, even though less driving is done at night.

Be like the wise men — Travel Slowly.

## Both By Two Points

### Caners Drop Two In North Dakota

Last Wednesday an optimistic, spirited Saluki cage squad left for North Dakota where they had two encounters scheduled for Friday and Saturday nights. Late last Sunday evening that same Saluki cage squad returned from the 2200-mile trip travel weary and tired after having lost disheartening, night ball games, 62:60 and 60:58.

Not everything was dim for the Salukis though because a new star was uncovered in George Foree, 6-6 Freshman from Carbondale. Marvin Jones also showed some of the potential that he was always thought to have. Seymour Bryson and Larry Whitlock also showed that they could produce with the same consistency that they have shown in the past two seasons.

In Friday night's game with North Dakota University at Grand Forks, N. D., the score was tied at the end of regulation play, 58:58 and the game was sent into overtime.

North Dakota scored first in the overtime period only to have the Salukis tie it up. Southern missed their chance for victory when Dick Ruggles missed a one-and-one free throw with 20 seconds remaining. North Dakota's Dave Monson then hit his only basket of the night with just two seconds remaining to give his team the victory and send about 3000 fans home with joy in their hearts.

George Foree, a freshman in his

the floor only to have a charging foul called on him. North Dakota took advantage of the charity tosses and wrapped up the game at 60:58.

For the second consecutive night Southern's free throw accuracy was miserable as the Saluki's hit only 4 of 11 from the charity strip. Marvin Jones led the attack with 22 points on 11 field goals, all coming in the first half. Larry Whitlock followed with 17 points on eight field goals and one charity toss. Bryson, high scorer Friday night, called eight points on four field goals. Southern took 72 shoots from the field and hit 27 for a percentage of 37.5.

## 12 To Go

### Swimmers Florida Bound

A 12 member swimming squad will travel to Fort Lauderdale, Florida next week where the team holds its winter conditioning program during the Christmas vacation.

According to team captain, two swimmers making the Florida trip are tentative, but the other ten are Capt. Bob Montgomery, Joe Barry, Charles Stratan, Wayne Olson, Bill Busch, Bob Schullhof, Bob Campbell, Terry Lockman, Roger Council, and Rod Davidson.

"The SIU swimmers will make the trip, which is more than a thousand miles, by car. In Florida, a rugged conditioning program will greet them, according to captain Montgomery.

Each day the team will have two practice sessions along with a dry land workout. Such things as pool starts, faulty turns, and good swimming form will be among the problems Coach Casey will have to minimize before returning to face the Bears of Washington University on Jan. 11.

This year the Saluki frogmen will travel without their veteran "flyer," Laurie Benjamin who will transfer after this term to the University of Minnesota. Benjamin holds the SIU varyety record in the 200-yd butterfly at 2:36.6.

Another promising swimmer of last year, Ferdinand, Shaw, who was taken from the team line up on the eve of the Kansas meet, will miss the trip and remain benched until after his grades improve.

Upon returning, the swimmers will prepare to face a nine meet schedule. They are Washington University, Loyola, Illinois State, Missouri Mines and the IAC championships.
