**Track Team Meets Cape Girardeau**

**Here April 10 to Open Season**

**Maroons with Many of Last Year's Successors; Hope to Depend on Newcomers**

Many track team aspirants have already started their training and the number out for the spring sport is encouraging. With several of the stars from last year's squad missing, several pleasant surprises are to be found in the new men. It is hard to tell just how the team is going to round out in all the events, but if interested and hard work mean anything, some of the youngsters will make a noticeable difference.

At any rate the record made by the team last year is something to try to duplicate and then better, but the boys are making a good start if they succeed in the matter.

Capt. Bricker, one of the outstanding performers for the field events, has always been a consistent point winner and promises to repeat. Wright, who is better known in the hurdles and dashes and will be with the team again, has improved noticeably since last season.

Lauder, David, and Schrade will be back for the relay events. So, too, will Akin, a consistent winner of the distance runs, is on hand. Roy who jumps and McLaren who runs the quarter in style will be in at the mid-spring time in force for the big meet.

The most promising of the large group of newcomers are Crane, a jumper, and Watson, who is back in the high jump. Several other ambitious young men hope to make the team but will have to get up early and hustle to come up to the qualification requirements. Conditioning is what most need, and hard work is the only thing that can bring it. If the track was in good shape, every evening, the problem would be a lot easier.

The first meet will be at Cape, April 11, and a meet scheduled for every week following until the warm days close with the conference at Peoria.

---

**FlorencE Young NOW PLEDGE OF Sorority**

The Delta Sigma Epilson has enrolled the planned Miss Florence Young of DuQu, Illinois, into its sorority. Beginning about April first is the "Hell Week," an initiation for all new pledges. Miss Young is the daughter of Dr. H. W. Young, late president of the college, Miss Maureen Webb of West Frankfort, Illinois, and Miss Joan Lowrey of Belleville, Illinois. She is a student at the National Chapter of Alpha Delta.

---

**Student Council Investigating Extra Curricular Activities**

**Effort to Regulate Number of Clubs; Plans to Meet Higher Scholarship**

The student council representatives have been investigating the grades of students in connection with the amount of extra curricular activities. The president hopes to regulate the number of outside activities to meet a higher degree of scholarship. At the meeting March 19 the following material from authorities on this subject was presented. This is printed for the students to read and discuss. Another student council meeting will be held Wednesday, March 26, for further consideration:

1. Extra-Curricular Activities

---

**Societies Working on Play Choices**

The literary societies have started work for the spring entertainment. The proper committees have been appointed and Miss Tovillion is now considering what plays will be presented.

**Van Brown Receives High Appointment**

Martin Van Brown, son of Professor W. O. Brown, and a graduate of the Southern Illinois Normal University in 1925, has recently been appointed an intern in the Medical Corps of the United States Navy. This honor was obtained as a result of his excellent record in a strenuous six day examination. This examination was competitive and was administered by all medical schools in the country and a very limited number was chosen. Mr. Brown will report to the University of Illinois Medical School. This position carries with it a considerable number of valuable opportunities for research and experience that the average intern receives.

---

**Fraternity pledges GLEN THOMPSON**

William Glen Thompson, a sophomore from Cypress, Illinois, was made a pledge at Sigma Alpha Phi last Monday night. He is the only pledge at the fraternity now. He earned a score of 45 the last fall term and was forced to leave during the winter term on account of illness and was not able to return until the beginning of the term.
JUNE 22, 1904

Wheeler Library
Dedicated to Use of
S. I. N. U., 1904

When the Main building was first erected, generous space was reserved for the use of the library. Although this space was increased with the erection of the old Science building, the continued growth of the school in the next few years in the enrichment of study and the needs of the library made it necessary to consider the matter of more room. At the suggestion of the president of the board, Judge S. P. Wheeler, it was decided to ask for an appropriation for the erection of a library building. The 33rd General Assembly generously set apart $34,000 for this purpose, and on May 15, 1903 Governor Vance approved the bill.

On June 6, 1904 the library was formally dedicated to the use of the students. The Southern Illinois Normal University joined Judge Wheeler delivering the principal address. Because of the interest shown in the institution for so many years and his special interest and help in securing a new home for the library, the building was named in his honor. Through the kindness of Mrs. Wheeler a very elegant likeness of Mr. Wheeler was given to the library. Until this year the Wheeler Library has been the home of the Library and of the Library societies and Christian associations as well. Again the needs of the library demand more space, and all educators and clubs, with some reluctance at leaving their old home, but with more pride and enthusiasm, have moved into the new Chemistry building. Now as soon as all carpenter work is completed, the student-built half of the library will be ready for the use of the library.

Commercial Club
Has Picture Made
In Granite City

The S. I. N. U. Chamber of Commerce is a student organization composed of students interested in commerce. The club was organized at the beginning of the Fall term, 1929, with the purpose in mind to give the students an opportunity to develop themselves in debating commercial questions, to study commercial problems, and to afford an opportunity for visiting industrial plants in nearby cities.

During the Fall term the organization met every other week with an interesting program. The members visited the Franklin American Trust Co., The Simmons Hardware Co., and the Steel Mills, all in St. Louis. Each of these visits gave to the students a knowledge difficult to get from books. In February the club made another trip to St. Louis and vicinity on which occasion it visited the Commonwealth Steel Mills of Granite City, the Bell Telephone Co., and the Lindberg trophy display at Jefferson Memorial in St. Louis. Plans are being laid now for a third trip to be made the seventh week of the spring term.

The accompanying picture was made by the Steel Co. upon the organization's arrival at their large mills.

One of the interesting things at the steel mills was the casting of a large railroad engine in process of construction. These castings cost approximately fifty thousand dollars each.

The machines which finish these large castings were also very expensive. A battery of five of these is said to cost more than a million dollars. The club spent one full half day in this factory which has thirty-two acres under one roof and is, perhaps, the largest steel castings factory in the world.

Exchange

A class in Journalism has recently been started at the Teachers' College at Charleston and is improving in enrollment rapidly. Credit is given for the work in this course and the material produced is published in the News.

Four hundred and thirteen students are on the list for teaching positions at Normal, Illinois. The placement committee has sent letters to the superintendents and principals of each city in Illinois, showing the distribution of candidates by departments. Ninety-nine of this list will receive their bachelor's degree this year, forty will complete their four-year course; two hundred seventy-two will graduate from the two-year curriculum.

Approximately 103 students at Normal, Ill., are studying spelling out of class, according to the instructor of orthography. A regular spelling examination is to be given later on, and a class is to be taught the first half of the Spring term.

The new gymnasium for Carthage College will soon be ready for occupancy. It is a Gothic structure located in such a way it faces the campus.

A real treat was given to the Bradley Tech students one Wednesday in February. They had the privilege of hearing Count Tolstoy, one of the famous Russian, writer, Leo Tolstoy. Count Tolstoy spoke on "Russia, Before and Since Bolshevism."

ARCHITECTURAL DRAWING CONTEST CLOSES

The architectural drawing contest at the Southern Illinois Teachers' College is over. The winners are:

Dean Winstead, first prize, $12.
Hugh Richardson, second prize, $8.
Earl Shipley, third prize, $5.

The interest and enthusiasm developed among the young men was remarkable.

Mr. John Y. Stockard and W. C. Gysen donated $16 and $10, respectively, thus making the contest possible. The judges were: Miss Gladys Williams, Mr. W. W. Fiedler, and Mr. T. E. Thompson.

DEBATING BY RADIO

Debating by radio has been instituted at Chicago-Kent College of Law. Intercollegiate debates are held over station WBEZ on Saturday afternoons and the dates are judged by radio listeners. This system of debating should be highly commended and it is worthy of imitation. It is being done easily at this school. The most important debates of the year between the Ilianae and the Forum debating clubs will take place in a few weeks. Why not say that the winning team will be allowed to broadcast the debate over station WEBG at Harrisburg. This would show the people of Egypt what the students of S. I. N. U. are really doing. It would be a boost to the debating clubs and a treat to the listeners. It would be instructive and interesting to radio listeners and would give the local station an opportunity to improve its programs. We know we have first class debaters at our school but perhaps others do not.

CHEWING GUM

Blow the bugs, beat the drums, call the people and celebrate! At last, we have found a method where students may make A's. Now, just notice how simple this new device is. Merely work your brain as hard while studying as water pours over Niagara Falls. There is no longer any necessity for students to moan and groan over laboratory experiments. Latin can be learned from readings. Just turn on this new device which is worked through moaning and groaning into hard work and watch the results. The American people please enough to encourage the students. A large number of students could not be obtained, but we know they teach in Cook County.

Alumni News

NO TROUBLE

Nothing more annoying to an instructor teaching a class than seeing a dozen jaws wag up and down. back and forth, and all the way around; in fact, he often wonders is has a bunch of alligators from the Nile who are mapping at fires instead of a group of supposedly intelligent college students.

SPRING ATHLETICS

Spring is here and along with it comes track and tennis to hold first place in the interest of those who are athletically inclined. The students are interested in these sports and the schools teams in these spring sports will receive every chance to practice and improve their techniques.

ECHOES AND RE-ECHOES FROM OUR CAMPUS

Echoes and Re-echoes from our Campus believe: Full many a flower is born to blush unseen. And waste its fragrance on the desert air, recently set out to prove this theory. Below is only a part of what seems to be conclusive proof of the contention.

ECHOES FROM OUR CAMPUS

Many S. I. N. U. Grads Teach in Cook County

There are more than fifty teachers in Cook County who were formerly students at S. I. N. U. This goes to show that our school and committees have been more than small areas in Southern Illinois, instead their influence extends over the whole state.

The following Cook County teachers were formerly S. I. N. U. students:

Otto P. Aiken, Director of Education, Des Plaines, Ill.
Robert Jones, Foreman Junior High, Chicago.
Marie Verhines, Des Plaines, Ill.
Elsie Evans, Evanston, Ill.
Dorothy Boucher, Des Plaines.
Hope Osburn, Morton Grove.
Geo. West, Rept. of Schools, Elmhurst.
Glyde Hubbs, Elmhurst.
Kay R. White, Des Plaines.
Addie Trobaugh, Hibbard Junior High, Chicago.
Mary Howe, Des Plaines.
Wiley Simmons.
Paul F. Shanks, Hill Warner, La Grange.
Janie Shaw, La Grange.
W. E. Martin, Rept. of Schools, Morton Grove, Ill.
Clara B. Wheelis, Bradford, St. Paul.
Ralph Kien, Grave School, Des Plaines, Ill.
K. H. E. Keenan, West Northfield.
H. R. MeNial, Des Plaines.
Eudora McNeal, Des Plaines.
K. H. E. Keenan, West Northfield.

Only Two Seniors on Squad Which Represented S. I. N. U. at Normal Tourney and Won First Place for Second Time in Three Years

Harry Lutz as well as Captain Wilson is completing his fourth year on the Maroon squad; he has done some fine playing this year as a fullback from the Dutch always had plenty of pep and could always be depended on to give the opposition trouble. He will be missed next year.

Veel Munson missed last year but was on the squad two years ago. His playing at guard was excellent; he was an important member of the championship team. Veel is only a sophomore, so look out for next season. He was named honorable mention on the State Normal School all-star selections.

Leslie White, the tall center, was one of the important reasons why opponents always had trouble getting the ball started. He used his height to good advantage by consistently scoring on follow-ups. He had the basket. He is hard to guard and nearly always got the tip. "Sonny Boy" is the all star center of the Normal schools. He is a sophomore.

Robert Hudgens and Paul Swafford, whoes pictures you have never seen, have also made the trip to DeKalb and helped to bring home the trophy. Swafford is a sophomore and Hudgens is the only freshman who was good enough to make the select ten. Both will be back and both have shown exceptional ability.

TAKING FIRST PLACE FOR SECOND TIME IN THREE YEARS

A slow, careful, accurate passing game and stuck to it. Hiller got away on a fast break for a two-point field goal and repeated a couple of times for the same result, and the Maroons were close up. With two minutes left to go, Scott, who had replaced White at center, dropped in a two-pointer and Wilson's two free throws put the Southerners ahead for the first time. They immediately withdrew into the back court to com- pel Macomb to play the Maroons style of basketball, and that slow, easy, accurate passing enabled the locals to win by two points 21-29.

The Second Game Saturday morning at ten-thirty the Maroons played Old Normal. They jumped into the lead immediately and never relinquished it. They again played a slow swing game and were unable to keep up their lead when the game ended, 23-17. Although there were no points made in the game, the Maroons fielded three players, Harry Lutz and Williams making the others. Hiller and Wilson, regular forwards, were guarded as well neither scored except on free throws, of which seven were made from the foul line. Both teams connected eleven times via the free throw route.

The Third Game In the afternoon Normal had to eliminate Macomb by a 25-22 score to get into the finals against the Carbondale boys. Again the Maroons started in the lead and were never headed. The first half ended 19-9 in favor of Carbondale. With five minutes to go in the last half Normal had pulled up to 23-24. The Maroons were as a defense, took control of the mind and were not scoring—while Normal "got hot" and were dropping them in from everywhere. Captain Wilson called time and later he and Hudgens made the foul shots. Hiller and Wilson, regular forwards, had being scored on free throws, of which seven were made from the foul line. Both teams connected eleven times via the free throw route.

Athletic Business Manager has Flu

Carmen Dickey, business manager for the athletic teams of the Southern Illinois Teachers College during the school year of 1929-30 took a chill as he was returning with the victorious basketball followers from the Teachers College tournament at DeKalb. It was 1:30 a.m. when the bus on which he turned back from the tournament reached Carbondale. Carmen went to bed at once. He had fever. Today (Mon- day) Carmen is reported not too bad.

During this whole season Carmen has proved his ability as a business manager for the team, having gone on every trip with the teams, and having taken care of the business pertaining to the athletic team in a very creditable manner.

The Maroon tennis aspirants will receive a little more attention this spring term than is usually given a tennis team. The tennis department may be headed by a coach for tennis, who will only manage for the tennis team. The schedule shows the first date with Cape Girardeau.

With the Faculty Vacation Week

Next week when the Southern Illinois Teachers' Association meets here, most of the faculty members will be present.

President Shryock expects to be present at all sessions.

Dean Wham will also attend regularly.

We know that Mr. Boemer will be very busy seeing that everything goes off just as the committee has planned.

Other teachers who expect to be here for the Spring meeting of the Southern Illinois Teachers' Association are:

Misses: Baker, Kehlet, Ertzminger, Power, But-son, Fry, Francis, Byrwer, Zimmerman, Von, Dr. Braatz, Mrs. Wright; Mrs. Rogers, Mrs. Massey, Miss Van Trump, Dr. Young, Dr. Merwin, Dr. Boyer, Dr. Thalmann, Dr. Necker, Maus, Cox, McDaniels, Barden, Garber, Felps, Pierce, Mills, Muckelroy, Patterson, Schroeder, Bryant, Farr, Hall, Combs, Caine, W. O. Brown, G. M. Brown, Coyer, Lentz, Smith, Nolan, Warner.

Miss Eberling, Miss Myers, and Dr. Holt have made definite plans, but will probably be here to attend the meeting.

Several of the teachers are going home to visit their friends and families. Mrs. Burk is going to her home in Fortville, Indiana, and later make a trip to Chicago. Miss Jonas plans to spend the vacation with her parents in St. Louis. Miss Crawford will go to her home in Jonesboro, Miss Clark to Carlin, Miss Carpenter to Iowa City, Dr. Abbott to Ottawa, Illinois, and Mrs. Little to St. Louis. Miss Scott plans to work in the chemical laboratory of the American Association of Creamery Manufacturers in Chicago. Miss Barlow will spend her vacation at home in Valley Park, Missouri, and Miss Stone at Bethany, Missouri. Mr. Margaree is going home, but plans to come back for the teachers' meeting. Miss Gib-
ASSOCIATION OF AMERICAN SCHOOLS  

T HE EGYPTIAN  

President Shroyer returned from the Annual Meeting of American Association of Teachers Colleges last week. For five years the Association has worked on a set of standards for the classification of teachers colleges. In the accredit list this college is classified with the highest in the United States.

Below is the list:

Arizona—Flagstaff, Tempe.
Arkansas—Conway.
California—San Francisco, Santa Barbara.
Colorado—Greeley, Gunnison.
Connecticut—Athens, Millville.
Illinois—Carbondale, Charleston.
Kalamazoo, Michigan—Rom, Normal.

Dance and Drama:  

Strut and Fret  

"The Rehearsal"  

Strut and Fret hold its first meeting in its new hall Friday evening. At this time one of Christopher Morley's latest poems was presented. This play depicts a typical rehearsal of a college play, showing a persistent director, an unruly cast, and a worried property manager. The cast consisted of Louise Boyd as Frecia, the poet's director; Benignus Baynour, a smart, clever student director; Ruby Kerley, a student (an English beauty), and Hazel Towery, worried property manager. In the play Miss Hannah Morgan sang two selections, "Little Star" and "The Desert Song." After the play, plans for furthering the hall for the formal opening were discussed. In the words of Miss Vreman, "the room is now free of carpenters and ready for use." Strut and Fret invites all students to look in on its next meetings. Meetings will be held Thursday nights instead of bi-weekly as before.

Echos and Re-echoes  

From Our Campus  

Wanted  

Helen Hoffman wants nice, warm spring weather, with plenty of sunshine and green grass on the campus. Did you see St. Nubia, Helen?  

Jewell Bloodworth wants no more birthday candles, until another leap year comes. Please, Jewell, don't wait until leap year. We're all waiting, hoping—hope a try.

Myrtle has a number of good looking boys friends in town. Since the days have been warming with the new spring, boys friends have literally been bumping around. Myrtle Wallflower girl, speak at once. First come first served.

Florance Reel has a job of choosing a warm suit that she will dispose of cheaply. Call 453 between 7 and 8 p.m. Ask for Florence. (Tuesday and Friday nights she will be away from her rooming house.)

Lucille Gollid and Smith are ad- vised to cut a man. One does not seem to be the thing between them. No previous alimony need be a promotion suit pending. This is confidential.

Evan House would like a woman. He does not say whether a wife is meant or just a housekeeper. At any rate, she should not be more than seven feet tall, and the amorous class is 100 sold. Must be good dispositioned and fond of children.

Ruby Herrington hereby prays that she may make half credit this term in departmentalism.

Meta Kimmel has a good poetry book she'd like to sell. It is a sort of an exercise book. It is short, but the last 300 pages. It is 49 cents. Must be good dispositioned, and fond of children.
