This Article is brought to you for free and open access by the Daily Egyptian 1947 at OpenSIUC. It has been accepted for inclusion in November 1947 by an authorized administrator of OpenSIUC. For more information, please contact [opensiuc@lib.siu.edu](mailto:opensiuc@lib.siu.edu).

## SERIES OF FOUR RADIO DISCUSSIONS ARE PRESENTED

A series of four radio discussions of the state high school debate subjects "How Can Labor Peace Best Be Achieved?" will be broadcast by Southern Illinois University, starting Nov. 7. Willis E. Malone, supervisor of the radio program, "Education Time," has announced.

**Education Time Friday**  
The program "Education Time" will be broadcast each Friday afternoon throughout the year, from 2:30 to 3 p. m. over both Station WPG (1340) Herin, and Station WERQ (1240), Harrisburg. This program is prepared especially for classroom listening in Southern Illinois public schools.

For the first four programs, students from University speech classes, under the direction of Dr. P. Mervile Larson, speech department chairman, will present discussions of the debate question.

**Students Broadcast**  
On Nov. 7, students Lewis Hammack of Sparta, Walter Herrick of Steeleville and Catherine Sullivan of Harrisburg discuss "What are the nature and causes of the problem of present industrial unrest and warfare?"

On Nov. 14, Robby Ingram of Carbondale, Rosemary Martin of Jonesboro, Edwin O'Neil of West Frankfort, and Charles Walker of Carbondale will discuss "What are some possible solutions to the problem?"

On Nov. 21, Phyllis Johnson of Du Quoin, Joan Larson Horton of Carbondale, Emil Osroth of Centralia, Verena Cunningham of York City, and Charles Walker of Cairo will discuss "What are the advantages and disadvantages of the existing labor legislation?"

**December Broadcast**  
On Dec. 5, Wanda Bennett of Christopher, Jimmie Patterson of M. Vernon, Raymond Peters of Balmora and George Wesel of Royall will discuss "What are the advantages and disadvantages of the arbitration of labor disputes?"

There will be no broadcast Nov. 28 since the University will be observing its Thanksgiving recess.

### SOUTHERN'S CALENDAR OF EVENTS . . .

- ## It Soon Will Happen!
- November 9-16 Religious Emphasis Week.
- 15 Football Game—Southern vs. Eastern, McAndrew Stadium.
  - 20 University Orchestra Concert.
  - 22 Football Game—Southern vs. Southeast Missouri, State Teachers College, At Cape Girardeau, Mo.
  - 27-28 Thanksgiving Recess.

## BOOK STORE SALE OFFERS SLASHED BARGAIN PRICES

PURCHASES CAN BE MADE NOVEMBER 17-21

The following titles will be offered for sale at the University Book Store during the week of November 17 to 21. These books will be sold for cash only.

- School Atlas, by Goode, 1937 ed., 25c.
- Basic Mathematics, by Hart, 25c.
- Civilization, Past & Present, by Wallbank & Taylor, 30c.
- Economic Problems of Modern Life, by Patterson & Scholz, 25c.
- Botany, by Robbins & Hicketts, 25c.
- Elements of Geography, 1st ed. (limited stock), by Finch & Terwath, 25c.
- Problems of the Family, by Goodell, 25c.
- Problems in a Changing World, by Thorp, 35c.
- Introduction to Physiological Chemistry, 4th, by Bodansky, 50c.
- Science in Transition, by Barnes 10c.
- Cases on Business Law, 2nd, by Pomeroy, \$2.00.
- Introduction to Organic Chemistry, by Lowy & Harrow, 5th ed. 50c.

- Master Key Arithmetic, by Clapp, 5c.
- Social Studies, by McAndrew, 5c.
- Our Environment, by Carpenter, 5c.
- Gregg Shorthand, by Leslie (limited stock), 10c.
- Textbook of Biology, 2nd Ed., by Minnow & Hester, 50c.
- Developmental Anatomy, by Arey, 2d ed., \$1.00; 4th ed., \$3.25.
- The Earth and Living Things, by Cecil Hartney, 50c.
- Anthology of World Literature, Buck (limited stock), 15c.
- Types of Poetry, by Zetlin & Kinaker (limited stock) 10c.
- S. in the Making, by Ganfield (limited stock), 10c.
- Plane Trig, Solid Geometry, & Spherical Trig., by Hart & Hart, 25c.
- The Physical World, by Heil, 15c.
- This Generation, by Anderson & Walton (limited stock), 15c.
- British Prose and Poetry, by Lieder, Lovett & Root (complete set), 25c.
- Writing and Thinking, by Forrester & Steadman (old ed.) 10c.
- Reading in Educational Psychology, by Skinner, 15c.
- Beginner's Book in Language, (Continued on page 2)

## Five To Represent Southern At Meet

Charles Weber of Cairo, Lewis Hammack of Sparta, Phyllis Johnson of Du Quoin, Barbara Harrow of York City, and Paul Anderson of M. Carmel will represent Southern in a speech meet at Bradley University in Peoria, Illinois on November 14 and 15.

Dr. P. M. Vernon, chairman of the speech department, announced that Weber will enter debate, discussion, extemporaneous speaking, and radio news casting; Hammack, discussion and debate; and Anderson, original oratory and extemporaneous speaking. Johnson in debate, discussion and radio news casting; Harrison in original oratory, extemporaneous speaking and debate; and Andrew in original oratory and extemporaneous speaking.

## Physical Exam For Insurance Required After Jan. 1st

After January 1, 1948, a physical examination will be required for reinstatement of National Service Life Insurance which has been lapsed more than three months. This information was released by William R. Kinkelmeyer, of Illinois' Veterans' Commission.

Winkelmeyer, who is the Service Officer of the Illinois Veterans' Commission, is qualified to assist veterans in the regular service insurance and to help them convert their insurance to any one of the six permanent plans.

## Meatish Rehearsal Time Change

Meatish Rehearsal will be held at 7:30, Monday night, November 17, because of the Community Concert to be held in Shryock Auditorium.

## CHILDREN'S PLAY 'HEIDI' PACKS AUDITORIUM

School children from many communities of Southern Illinois attended the Clare Treece Major children's play, "Heidi," presented by the American Association of University Women here at Southern yesterday.

Invitations to children in all the schools of this area were sent out, according to Mrs. Minnie Mae Picking, president, Carbondale Branch of A.A.U.W., and a capacity crowd in the auditorium yesterday at 2:30 p. m. was the result.

St. Harrisburg schools, for example, ordered 150 tickets, Mrs. Picking announced. The Carbondale school system excused all children who attended the play, while the American Association of University Women is one of the company's enthusiastic supporters, and many branches all over the country present the Clare Treece Major plays at their educational activity as well as a contribution to the cultural development of the children of their various communities.

Guest speaker at the first time the Carbondale Branch of A.A.U.W. has sponsored one of the plays.

## Officers Elected At Meeting of French Club

Officers were elected for the coming year at a meeting of the French club at the home of Miss Patricia Stahleher, foreign language instructor, on November 6. Officers elected were: June Fulbright of Carbondale, president; Kuma Maxine Pritchett of Eldorado, vice president; Edwin Stanton of East St. Louis, secretary-treasurer.

## Geography Group Takes Field Trip

A field trip was taken by thirty-nine students in the physical geography courses Monday, November 10, under the sponsorship of Dallas A. Price, assistant professor of geography. The trip was routed through Murphysboro, to scenic View, Fountain Bluff, Pine Hills, Wolf Lake, Jonesboro, Ann, Cobden, and back to Carbondale.

Geographic and topography study included such things as water sources, glacier study, soil composition, fault earth, sand, holes, rock, and use of the land study. The group ate their lunch at the Devil's Back Oven, located near Grand Tower, and gave speeches were studied at this time.

## INTRA-MURAL DEBATE CONTEST BEGINS MONDAY

Intra-mural debate contest will begin next Monday, November 17. The debate program is resolved: That a Federal World Government Should Be Established. All students are eligible to enter and should register in the speech office not later than Friday noon, November 14.

## Donald B. Watt To Give Talk AT CAFETERIA

Visiting Southern's campus on Friday will be Donald B. Watt, president of the Experiment in International Living. Mr. Watt, who has been speaking at civic groups here, will speak at a luncheon given at the cafeteria today. Anyone interested in this project is invited to attend. Mr. Watt has just returned from Europe and will talk on the Experiment, what it has done and is doing at present.

## Two Specialists Present Lectures TO ADITUS CLUB

This non-profit educational organization was set up in Putney, Vermont in 1932 by Dr. Watt. Under its plan American students are taken to foreign countries to live and share the life of a typical family for two months of the summer. In return, young people of other countries are brought to the United States to study and live with American families.

Since its organization fifteen years ago, it has continued without interruption. During the war, even though they were excluded from Europe, the work was carried on in the Latin-American countries. During these fifteen years, some 1494 Americans have visited an equal number of European, Asian, and Latin-American.

## Guidance Center Chiefs To Meet In Chicago

Ernest Wolfe and Miss Marie Palmer, of the Veterans' Administration Guidance Center will attend a meeting in the Chicago regional office on November 20 and 21.

## EGYPTIAN EXPERIMENTS WITH NEW NAMEPLATE

How do you like the Egyptian's new nameplate used in this issue with many designs, the editors decided to let the readers see some of the designs under consideration. The editors also hastened to say that the nameplate used in this issue is not necessarily permanent, and subject to change without notice.

## Noted Metropolitan Opera Soprano Will Give Concert In Auditorium Monday Night

MEZZO-SOPRANO.

Shown above is Jennie Tourel, mezzo-soprano, slated to sing in Shryock auditorium Monday evening, Nov. 17, in a program of operatic arias and familiar classics.

When Jennie Tourel, distinguished mezzo-soprano of the Metropolitan Opera, sings in Shryock Auditorium on Monday night at eight o'clock, Southern students will be hearing one of the most celebrated voices of the present day and probably one of the greatest singers ever to visit Carbondale.

Before the war, the Russian-born, French-trained singer appeared regularly at the Opera-Carnegie in Paris. In June, 1940, two days before the Nazi occupation of the city, she escaped via Lisbon to the United States, where in the fall of 1942 she made her American concert debut as soloist with Toscanini and the New York Philharmonic Orchestra. Within two months she had appeared with the Boston and NBC Symphonies, perhaps the first time a new singer had appeared with three such eminent groups in one season.

Her most famous performance was in the fall of 1942 she made her American concert debut as soloist with Toscanini and the New York Philharmonic Orchestra. Within two months she had appeared with the Boston and NBC Symphonies, perhaps the first time a new singer had appeared with three such eminent groups in one season.

Today, Tourel has come to occupy a topmost place among the great concert attractions of the world. She is currently on a sold-out tour of 60 American cities, including many engagements with major symphony orchestras.

Though she is an esteemed member of the Metropolitan, famous for her portrayals of Carmen and Mignon, Tourel's greatest acclaim has come as a result of her skill as a recital singer. Her charm of manner, her mastery of seven languages, and her versatile musicianship have enabled her to achieve the varied requirements of wholly differing songs. Her artistry has been especially developed by her studies of the flute and the piano, on both of which she is an accomplished performer.

Perhaps the most unusual aspect of Miss Tourel's musical equipment is the nature of her voice, which is both a mezzo-soprano and a coloratura. Her absolute mastery of vocal production has increased the range of her low tones and at the same time permits a flexibility which is the envy of sopranos with high, bird-like voices.

## TWO SPECIALISTS PRESENT LECTURES TO ADITUS CLUB

Almon unique in our time, Tourel's voice has enabled her to revive music composed in the 19th century for coloratura contraltos, music which in this century has usually been forgotten for lack of singers able to cope with its difficulties. In 1945 she performed the part of Roana in "The Barber of Seville" in its original contralto version for the first time at the Metropolitan, and in 1948 another opera by Rossini, "La Cenerentola," with a similarly florid part, is to be revived at Covent Garden, London, especially for her. The singer's album of recorded recitals, including a good representation of this aspect of her work.

## Writers' Club Announces Spanish Contest

At the last meeting of the Writers' Club, Thursday, November 6, president, Franklin Hamilton announced that a contest in Spanish will be held on November 19, at 7:30 p. m., in Little Theatre. At that time, technician-movie from Pharmaceutical house will be shown. The title of the movie is "HUMANITY'S TRIUMPH."

## MASTABA MAKES TOTAL OF 14-ORGANIZED HOUSES

The organization of the Mastaba, independent girls house, this week brought the total of independent, organized houses on Southern's campus to 14. Four of these are boy houses and the remaining girls.

The Mastaba, owned by Mr. and Mrs. Dallas Silvera and located at 203 East Pearl street, houses 14 girls. The name is Egyptian for the house, or so the girls thought when they first chose it. Further investigation revealed it to be a house, that is if you consider a tomb a house. This didn't seem to bother the inhabitants of the Mastaba who now refer to themselves as mummies.

## ELECTRIC TESTING MACHINE ARRIVES

This week the long awaited electric testing machine arrived on Southern's campus. Marshall S. Hickey, dean of men announced. This machine put out the International Machine Company is used to score freshman tests and other examinations.

## 1948 CAVALCADE OF MUSIC OPENS

According to word from Jim Bolen, announcer at WCIL, and well-known musician in these parts, the initial session of the 1948 Cavalcade of Music will be held Monday, November 17, at the auditorium of Carbondale Community High School. Personnel will include Bolen on drums, Bobby Loomis on trumpet, Bill Davis on piano, Gene Stiman on trombone, Ray Sullivan on the Cliff Martin on guitar, Charley Martin on bass, and either Paul Purcell or Bill Drobek on tenor.

## NETS DIRECTORY ON TRADE SCHOOLS NOW AVAILABLE

The Illinois Veterans' commission has begun a directory of trade and vocational schools in its service officers. Requiring two years to classify, it contains listings of 464 schools approved for listing of veterans under the GI Bill.

## Members of Health Department Attend State-wide Meet

Monday, Nov. 8, Dr. Maria A. Hindrichs, head of the University Health department, and Ralph Bestman, Health coordinator, attended a meeting of the State-wide Planning committee at Bloomington, Ill.

## Members of Health Department Attend State-wide Meet

Monday, Nov. 8, Dr. Maria A. Hindrichs, head of the University Health department, and Ralph Bestman, Health coordinator, attended a meeting of the State-wide Planning committee at Bloomington, Ill. This afternoon observers were guests of the Peoria County Health department where Mr. John Rasmussen, director of curriculum at Whitler Elementary school in Peoria. In the afternoon observers were guests of the Peoria County Health department where Mr. John Rasmussen, director of curriculum at Whitler Elementary school in Peoria, explained the unit system of teaching as used in Peoria.

Speed The Line! Many students are still wondering why their services cannot be obtained at the cafeteria. In our estimation the line could be speeded up by eliminating a few of the smaller bottle-necks.

For instance, the line would be noticeably speeded up by placing the sugar and cream in individual containers on each table. Still another impetus could be given to the line if the school would purchase a rotating toaster that would turn out toast much faster than the outmoded models now in service at the cafeteria.

One of the chief reasons for the slowness of the line at breakfast is the fact that everyone likes eggs cooked to a different manner. Those students who don't want eggs still have to wait in line until the students ahead of them have had their eggs cooked to suit their individual tastes.

These improvements would not involve much extra work, but we feel they would speed up the line considerably.—F.O.C.

Are Politicians People?

Campus politics have become so deplorable at Southern that persons are no longer elected because they meet certain requirements, but are chosen merely because some organization can round up more votes than the opposing organization.

Students when asked to vote for a particular candidate don't ask about the candidate's qualifications but are more concerned as to which party or organization the candidate is a member of. Naturally this is bad in that it provides an excellent opportunity for publicity hounds, that do not meet the requirements, to worm their way into prominent positions. The remedy to such a situation would be difficult to figure out since almost any man would lessen the power of the student body because of the students who are directly responsible for the condition. Many students are quick to side with us that the situation is bad, but these same people still follow in the same old rut of campus politics.

We shall not attempt to suggest a remedy for this problem but it does appear to us that if the student body does its best to remedy the problem by their own merit something should be worked out to give some assurance of electing a person who meets the requirements of the position to be filled.—F. H.

Too often a college education is a four-year "loaf" on the old man's "dough."

Semester vs. Quarter

Attempts have been made by a faculty committee to make a decision in regard to the school's possible change to a semester system, rather than the present quarter program. At present, the committee is deadlocked. However the question will undoubtedly be decided in the near future.

After hearing arguments of both sides, we think Southern isn't in a position as yet which would render the semester plan as better (or even as good) as the present program. The semester program would make less book work for the faculty members and would eliminate one registration period. However it is much more difficult for the students since the grade is determined to a great extent in this plan by the final exam. Under this system the examination would cover a great deal more work than it would in the quarter program. Also if student registrars in a course, which they have trouble with it takes more credit away from them. In a poll taken with a cross section of 100 students, it was found that 75% definitely prefer the quarter system, 5% want

STOLEN STUFF

Perfume is what wins a man, says a college professor. Especially the kind that comes from the kitchen. Mistress: Did you mail my letter? Maid: I sure did. Mistress: Then why did you bring back three cents? Maid: I just slipped it in the box when no one was looking.

There is always something wrong with a man, as there is with a motor, when he knocks continually.

Some people find it easier to cheer or boo than to think.

Visitor: "How did your horse happen to win the race?" Jockey: "Well, I just kept whispering in his ear, 'Roots are red, violets are blue—horses that lose are made into glue.'"

He who can take advice is sometimes superior to him who can give it.

The teacher had spent most of the morning telling the class something of the wonders of nature. At the finish she said—"And isn't it wonderful how the little chickens get out of their shells?" One quick-witted lad went her one better. "Teacher, I think it's far more wonderful how they get in the shells."

SLICED THIN I met her in the garden; The night was still as death. I learned she knew her onions—I could smell them on her breath.

Writers' Column

POET OF THE WEEK Long Search Long I have wandered in a tangled wood Meeting twisted trees, and sprouts That aspire to be mighty oaks.

I have sat on the stump of one who had no choice. And the thought of one I can no longer see. Even though there has been one who brought me suspended delight and thoughtful pain But suspense does not last forever. Face me to seek and doubt again.

I have for God's face looked long. But often settled for a little song. Francis B. Swearingin, Champaign, Ill.

Storm The sky is cloudy with darkness; A storm is brewing. The wind rushes through the windows, making the curtains fly like streamers. The curtains become playthings in the wind. Are not life and circumstance such as this? Judy Wilson

The day has gone taking many shadows, Comes running the twilight breathing strains of the night songs. The countryside is still. Rising from the rock, My son and I walk together on the moon-white path of a moon.

Inquisitive child . . . in his stammering manner He questions me of the universe and God. But I am silent. For he would not understand That the answers come only with death. Wayman Jones

Love Sonnet One star was out When I went to work. When I came in, I searched awhile and found two. F. H.

the semester program and 20% are indifferent. Larger colleges and universities use the semester because otherwise their book work would be beyond control. However we have not reached that stage as yet and there is no reason to believe a change would speed our progress toward a bigger school. Also the students are the ones the change would affect more than anyone else and they have expressed their wish to retain the quarter program.—F.H.

NOTES IN PASSING

With the advent of ole man winter the student can be seen in a "football" jacket. We have enjoyed for years, namely, looking into the fire of a beautiful fireplace. . . . Se, which a peak of Johnson on our right, we delved deeply, not too deep mind you, just skimmed the surface into the cause and effect of the actions of the human animal upon the universe. . . . We came out with the seven following biographical sketches. . . . will you join us for the next seven issues. . . . There are dissertations upon a pet theme of ours. . . . atism in man. . . . here they are students. . . . seven useless, altruistic human animals. . . . first. . . . the POLITICIAN. . . . We should start with the politician—that object of ridicule and scorn (until we want something)—for the simple reason that we are all politicians. A man is a politician who can tactfully convince his wife that he was at a meeting of the board instead of the weekly poker game; a man is a politician who can convince the lay public that "menstrual pain" will not only cure bright's disease. . . . but warts, pneumonia, hardening of the arteries, the common cold, schizophrenia, and headaches. . . . a man who can tactfully convince an instructor that he deserves an "A" in a course, even when his IQ—that prognosticator of man's destiny—shows that he is barely capable of "E" work. . . . However, the politician discussed in this article is that professional purveyor of promises, who makes the laws under which we are regimented throughout the processes of civilization. . . . The professional politician, actively campaigning for the vote of the "common people," will promise you the world on a silver platter, if you will accept it—for one measly vote on election day. His altruism knows no bounds. His opponent, by the way, is a Machiavellian ogre, who insists on ordering one thing—robbing people—in order to line his own pockets. . . . Isn't he altruistic, giving his all with no selfish motive? . . . The professional politician—reared on a farm, educated in a small school, widely traveled (at least to the county seat twice in his life)—is confronted with a man who knows the answer to any question. . . . These examples of men who get an annual pass on any railroad, where to get the money to pay the fares around the world, where to buy the automobile, where to go for the purpose of having a good time without the constituents finding out about it—all these questions are important to our politician. . . . He needs the answers to these questions; before he can think logically regarding the commonwealth of the voters.—Consequently who would be a better person to ask about legislative problems than the naive individual? . . . Our hero—his fence repaired on the south forty, the annual race pass in his hand, the new automobile in his garage, and just recuperating from a wonderful party at some secluded rendezvous—sees the logic of consulting with the lobbyist. . . . Selfish motives are forgotten—altruism comes to the fore. . . . he passes the laws asked by the naive individual—the election is still two years off and the lobbyist has short memories they are too busy trying to survive, to bother with memory.) His elaborate election promises are kept—as you can plainly see. He is creating laws for the good of mankind, not for a selfish, isolated minority. . . . a good example of this type of good legislation—the recent high tariff on wool from foreign countries, enacted by for the people as a whole, not for an isolated group. . . . There he is students. . . . the first of our seven. . . . that ungodly, hardworking, altruistic. . . . the Politician.

Outside and Inside An editorial writer in the East. . . . Some News states that many students are pushed into courses which are not of worth to them in relation to their major. Many other schools feel the same way and it could be possible at Southern. I have been wondering how I got into that darned Home Ec. course. . . . Predictions are usually based on certain present or past cycles, trends or causes. Our predictions—shortage of paper at Southern. Cause—"Personal correspondence" of the deans. . . . Our school business office must run pretty smoothly because it's one department on the campus we hear few complaints about. Not so everywhere. From the Illinois College Rambler comes this: Business office demands five hundred claim they have to work like dogs. . . . Bargain of the Year—One dollar fee for late registration. Seems an easy way to pay oneself one of four or five hours of grueling torture, incurred on registration day three times a year.

The Western Courier reports that they had Dorothy Lamour as vocalist with Herbie Kay's band, for their homecoming dance. Ticket price was 25 cents per person. Of course that was way back in 1933. . . . The Hurricane of the University of Chicago that hit their coeds, come there, not to get a man, but to get a suntan. . . . Headlines say that long skirts are sweeping the nation. We know that. Carbondale streets are beginning to look better already.

Bills for the fall term will be discontinued at the end of the tenth week, November 21, and that these bargain prices on the above list will last only for the week of November 17 through 21.

Applications Being Accepted For Hospital Jobs Donald Nauman will be guest speaker for the Photos Club which will meet in room 285A, November 18, 7 p. m. Mr. Nauman's subject will be "Better Lighting To Improve Pictures." Mr. Nauman was guest speaker of last year for the Photos Club. NEW MATH CHAIRMAN Dr. W. C. McDaniel has recently been appointed acting chairman of the mathematics department to replace Dr. J. H. Purdy who resigned from that position.

Entrance salaries range from \$1690 to \$1822 per year. No written test or specific length of experience of a particular kind is required. Appointments become permanent upon completion of one year of satisfactory service. Application forms and further information may be obtained from the Executive Secretary, Board of C. S. Civil Service Examiners for the Veterans Administration, Marion, Illinois; the Director, Seventh U. S. Civil Service Region, New Post Office Building, Chicago 7, Illinois; or the Secretary, Board of U. S. Civil Service Examiners at any first- or second-class post office.

SPECIAL TICKETS NEEDED Students are reminded to secure special admission tickets for concert on Monday night by Jennie Toural, organist. Activity tickets should be presented at the office of the Music Department, Hart Stage, Shrock Auditorium, Monday between 11 and 12 and between one and four o'clock. There is no charge for the special cards.

U. of I. Pharmacy School Entrance Regulations Stated

Information relative to entrance regulations at the University of Illinois College of Pharmacy is now available to Veterans graduate at the Veterans' Administration Guidance Center, 1014 Thonston Street. The original source of this information was a letter from Dr. E. R. Series, Dean of Pharmacy, Illinois University, to the Veterans' Administration.

- Dr. Series' letter stated in part: 1. Applicants must be graduates of an accredited 4-year high school offering a 4-year course, or take an entrance exam covering any high school deficiency. 2. No student can complete his freshman year in another college or university which does not offer technical courses in pharmacy in the freshman year. 3. Every student, even though submitting advanced credits from an accredited college must appear for an examination consisting of aptitude tests and personal interviews. The scores attained on these examinations, together with the scholastic record of the student, and teachers recommendations, determine whether or not the student will be admitted to the College of Pharmacy.

# Tentative Schedule of Classes for Winter Term, Dec. 8, 1947 to March 13, 1948

(This Registration Schedule Is Published for Your Convenience—Please Bring It With You on Registration Days, December 8, 9, 1947)

## REGISTRATION INSTRUCTIONS

<b>BUILDINGS</b>	BO—Health Office
And—Baroque Auditorium	LT—Little Theatre (in Science Building)
AC—Art Department	—Main
BL—Bacteriology Lab (in Gym)	P—Parikhson Lab
Cur—Curriculum Lab (in Library)	S—Science Building
Har—Harwood Hall	FL—Foreign Language Building
HMB—Home Management House	

### REGISTRATION PROCEDURE

All new students and others who have not previously been assigned to counselors will report first to the Dean of Men or the Dean of Women for assignment to individual counselors. These counselors will advise them in their selection of courses and approve the schedules when finally arranged.

All students will go to the Men's Gymnasium to register.

**COURSE NUMBERS**  
 100-199—Freshman Courses  
 200-299—Sophomore Courses  
 300-399—Junior and Senior Courses  
 400-499—Senior and Graduate Courses  
 500-599—Graduate Courses

A student may not go above or below his classification more than one year.

**THE NORMAL LOAD** for a student is 16 to 18 credit hours. Any load above 18 credit hours requires a 4.25 average and the approval of the Dean of the College concerned or in the case of graduate students the approval of the Chairman of the Graduate Studies Committee. Students on PROBATION are not permitted to carry more than 14 credit hours.

CHANGES in the student's program AFTER registration day can be made only by the use of PROGRAM CHANGE CARD obtained from the Academic Dean. Courses may not be added to the student's schedule after Saturday, December 13, 1947.

LATE REGISTRATION is permitted up to 12:00 o'clock noon Saturday, December 13, 1947.

DROPPING OUT OF SCHOOL requires a Program Change CARD obtained from the appropriate Student Life Dean.

### REGISTRATION ORDER

Monday, December 8	Tuesday, December 9
9:00 A-B and Public Law No. 16	9:00 M-P
10:00 C-E	10:00 Q-S
11:00 F-H	11:00 T-Z
1:00 I-M	1:00 Completion

### COLLEGES AND MAJORS

(Choose your major subject field, then note the college into which that places you.)

### COLLEGE OF EDUCATION

Elementary Education  
 Secondary Education in all subject matter fields  
 Educational Administration and Supervision

### COLLEGE OF LIBERAL ARTS AND SCIENCES

Botany	History	Zoology
Chemistry	Mathematics	Pre-dental
English	Philosophy	Pre-law
Foreign Languages	Physics	Pre-medical
Geography	Physiol. & H. Ed.	Pre-optometry
Government	Sociology	Pre-pharmacy
		Pre-veterinary

Students in the College of Liberal Arts and Sciences can also major or minor in Art, Economics, Home Economics, and Health, if they do not desire professional concentration in these fields.

### COLLEGE OF VOCATIONS AND PROFESSIONS

Agriculture	Industrial Education	Pre-forestry
Art	Journalism (minor)	Pre-medical technology
Business	Music	Pre-nursing
Economics	Speech	Pre-social work
Home Economics	Pre-engineering

# SOUTHERN SOCIETY

By Diana McCandlish

## PI KAPPA SIGMA

November 17 will be the Pi Kappa Sigma Founders Day formal banquet. Patrons, sponsors, and charter members will be present.

Next week the Pi Kappa will have an exchange dinner with the Sigma Beta Mu fraternity.

Alum, Lawrence Davis married Charles Wyatt last week.

Miss Valma McCormick was pinned to Russell Fairburn, Delta Chi, Friday night.

Poppy Turry day was November 12.

Since the beginning of this term it has been the policy of this paper to exclude "pinning" from the society column, but due to student opinion this policy has been rescinded.—The Editor.

## NU EPSILON ALPHA

Fathers Day, November 15, will be observed by the NEA's with the first men and their fathers attending the football game and a banquet after the game.

Larry Weber, alum, now of University of Illinois, visited the house last Saturday.

John Drake, fraternity vice-president, pinned Bobbie Ingram, Robert O'Daniel, fraternity president, recently pinned Beverly Regard.

Mr. Clark Ellzey, Religious Emphasis Week speaker, presented a talk to the NEA fraternity at 4:00, November 13.

Thursday night, the NEA's will have an exchange dinner with Delta Sigma Epsilon.

## KAI SHEK MALL

Kai Shek Hall will entertain Mr. Clark Ellzey, Religious Emphasis Week speaker, at a dinner November 13. Following the dinner, Mr. Ellzey will lead the group in a discussion on marriage.

## SHEAFFER - PARKER - WAHL ESTERBROOK

## ANTHONY HALL

Anthony Hall will enjoy an exchange dinner with the Delta Chi fraternity on Thursday evening.

Ellen Jean Harris became engaged to Art Jones of Macomb last week.

Last Thursday night Anthony Hall held a get-together after 10:00. The girls sang and had cocoa and cookies. Margaret Kinnaman was in charge of the party and Betty Logsdon furnished the entertainment.

The girls had a popcorn party Monday night after closing hours. Everyone ate popcorn and apples and sang in front of the fireplace.

This party was directed by Ruth Shaver.

## JOHNSON'S COL-OP

Miss Lela Mae Hubble, freshman from Clay City, and Robert Rynson from Noble are announcing their engagement.

A surprise birthday party was given in honor of Miss Bonnie Coggan, freshman from Sailer Springs, Tuesday night.

## SIGMA SIGMA SIGMA

Mrs. Anna B. Mow, faculty member of Bethany Biblical Institute of Chicago, and former missionary to India will be Tri Sigma's dinner guest Wednesday evening at 6:30. Mrs. Mow will lead an informal group discussion.

Katie Cornstubble, Tri Sigma active has left school to accept a teaching position near Wayne City, Ill.

Plans were discussed at Monday night meeting for Tri Sigma to charter a bus to Cape Girardeau, Missouri, to see Southern's last football game of the season.

## KAPPA DELTA ALPHA

Diag Green, KDA alum, and the former Miss Betty Hall of Carbondale are the parents of a seven pound baby boy.

Jerome "Bruno" Seltzer has been appointed chairman of the KDA publicity committee.

The KDA alum has formed an active association.

## ALPHA PHI OMEGA

At a special meeting of the Alpha Phi Omega, national service fraternity, last Tuesday evening in the Botany room of Old Science, several ideas for possible service projects were discussed.

Some of the topics were: March of Dimes program to be held in

# Pre-advisement Schedule

Pre-advisement for the winter term will be held Friday, November 21, at which time faculty advisors will meet their students in group meetings.

Each freshman and sophomore has been informed by the offices of the Personal Deans as to his advisor. In these group meetings students will receive general instructions and will make out provisional schedules. Students will also have opportunity for individual conference at the advisor's convenience from November 21-27. Juniors and seniors will meet department heads in their offices during this period also.

A list of advisors and rooms in which meetings will be held is given below.

Faculty Advisor	Room Number	Faculty Advisor	Room Number

SOME THINGS YOU SHOULD KNOW ABOUT AVIATION CADET TRAINING

Here, in question and answer form, are some facts on the U. S. Air Force Aviation Cadet program. They cover details you may have been wondering about—and will be useful to you if you want to learn to fly and begin a career in one of today's fastest-moving fields.

- Who's eligible for appointment to the Cadets? You must be physically fit, single, between 20 and 26½ years old, and have completed at least one-half the requirements for a college degree from an accredited institution—or pass an equivalent examination.
- How long does the training last—and what does it cover? You receive approximately 52 weeks' training—worth \$35,000—in primary, basic and advanced flying along with other related courses designed to give you the finest background in your specialty.
- What's the story on duty after graduation? After successful completion of the course, you will be commissioned a Second Lieutenant, Officers Reserve Corps, and assigned to pilot duty with the U. S. Air Force at a starting monthly salary of \$336 (including flight pay). You will serve on active duty for three years unless sooner relieved, and be eligible for \$500 a year bonus for each year of active duty as a Reserve Officer. If you're interested in a Regular Air Force commission, you'll be given a chance to qualify.
- What are the civilian career opportunities? There's one you can answer for yourself by taking into consideration these facts: Contrary to what some people think, aviation is not overcrowded—far pilots or anyone else. No field is expanding more rapidly or offering more profitable openings to qualified men. After Aviation Cadet training, you can compete on an equal basis with any flier in the world.

These are only a few of the advantages. Why not stop in today at your nearest U. S. Army and U. S. Air Force Recruiting Station and get all the details?

## Southern Gridders Play To 6-6 Deadlock With Normal Redbirds

Southern's Maroon football team had their perfect conference record marred last Saturday when the Redbirds of Illinois State Normal University played them to a 6-6 tie in a game played on the Normal home field.

With the ball on Southern's 39, Dick Seiman of Flora took a lateral record marred last Saturday when the Redbirds of Illinois State Normal University played them to a 6-6 tie in a game played on the Normal home field.

## On The Trail Of Sports

by Fenton Harris

Eastern will invade McAndrew stadium Saturday with one of two teams. They will either be the team which beat Normal 13-6 or they will be the hapless crew which succumbed to the Huskies of Northern 26-6. The unusual thing about the latter contest is the type of offense used by Northern. All year long the Huskies have had a strong aerial game. When the weather permitted them to use their passing game they were hard to beat. However, things were different last Saturday when the Huskies applied, almost totally, a running offensive and kept the situation well under control.

Judging from the games Eastern has played with Normal and Northern we can see the game Saturday can be as easy for the Maroons or it can be as tough as any game Southern has played this year. If the Maroons win they will be undisputed champions of the IIAAC and they would assure them of a tie in the conference and still there might be a possibility of the crowns (if Eastern should lose to Western a week from Saturday).

Conference rules count a tie as a half game won and a half game lost. Remembering that Southern has a conference record of two and one half wins and one half loss, Eastern has won one game and lost one.

## HUNTER'S HOLIDAY

According to reports, hunting was the feature attraction among our male enrollment on the Armistice holiday. Hopeful hunters were seen leaving Carbondale from late Monday afternoon until late Tuesday morning. Results of the day's shell-burping are varied but on all indications not all were too disappointed with the amount of rabbits, quail, and ducks bagged.

when his player was put out and eventually the official put the other man out of the game also. We have heard rumors that because of this incident the Marphyboro player would lose a position on the all-star team. This is only rumor and may not have any official backing at all, but in our estimation it should be the truth, since the game was designated to be a sportsmanship affair and players should be judged on this. It is part of any official's job to uphold the rules of sportsmanship, but not to punish a man and a team which isn't guilty. Sportsmanship is an element in finding the best team because it is one of the reasons the game is played. (This we have penitence). Merely because one team has a player which doesn't fulfill this phase of football is no reason why a player should be taken from the other team. The official in a case of that kind performs more of a misdeed than the player which committed the unsportsmanlike act.

In the Marphyboro vs. Carbondale football game last Tuesday one player from each team was thrown out of the game. First let us make this clear—WE ARE NOT TAKING SIDES BECAUSE WE WERE PREVIOUSLY PREJUDICED. However it was quite evident the Marphyboro player started the fight and the Carbondale man tried to avoid carrying it on. The coach from Marphyboro beamed extensively.

## Note To Hunters... No Goose Shooting At Horseshoe

Wild goose shooting at Horse Shoe Lake, in Alexander county, has been prohibited by joint action of federal and state governments. Governor Dwight H. Owen, acting upon the recommendation of the state department of conservation and various sportsmen's organizations, issued a proclamation prohibiting an area of about 15,000 acres surrounding the lake closed to shooting. President Truman has signed a similar proclamation.

In his proclamation, Governor Owen stated that Illinois wild geese are threatened with extermination, and that they were being slaughtered chiefly in the vicinity of Horse Shoe Lake.

Goose shooting at the lake attained commercial proportions in recent years, according to Director Livingston E. Osborne of the conservation department, who said that 17,000 geese had been killed there in a single season. Osborne added that the winter concentration of geese at the lake had dropped from a former high of approximately 80,000 to only 30,000 last winter.

Last year goose shooting was closed throughout the Mississippi flyway by federal order. This year there will be an open season on geese from November 4 to December 3, with a limit of one goose per day for each hunter.

## SOUTHERN CAGERS TO PLAY TWENTY GAME SCHEDULE

The Southern Illinois University Maroons, defending basketball champions of the Illinois Intercollegiate Athletic Conference, have scheduled 20 regular games this year, and will participate in a Holiday Tournament at Vin Cennes, Ill.

The Maroons open their schedule at the Southern gymnasium on Dec. 5, with Scott Field furnishing the opposition.

Schedule:  
Dec. 5, Scott Field, here; Dec. 6, Evansville College, here; Dec. 9, Murray State Teachers, Paducah, Ky.; Dec. 12, Arkansas State College, here; Dec. 13, Cape Girardeau, here; Dec. 19, James Millikin University, here; Dec. 20, Shortt College, here; Dec. 21, Holiday Tournament, Vincennes, Ind.; Dec. 23, James Millikin University, here; Dec. 24, Western Illinois State Teachers College, here; Dec. 25, Evansville College, here; Dec. 26, Evansville College, here; Dec. 28, Illinois State Normal University, there.

WCL and WJPF will broadcast Saturday's football game between the Maroons of Southern and Eastern.

Don Boudreau will bring the report of the play by account for WCL and Ray Schmidt will announce for WJPF.

Director of inter-murals, Bill Freeburg, has asked that all boxing entries be turned in to him immediately. Coach Freeburg's office is in the gymnasium.

## Sports Personality

DON RIGGS

For two years Don Riggs of Fairfield has shown promise of becoming an outstanding fullback. Now he appears to have developed, and is proving the expectations were well founded.

Riggs stands about 5'10" and is stockily built. When he hits the line with buses, which he is hard to stop. If you don't think so ask the opponents. Another asset is his ability to gain full speed quickly.

## Maroon 'B' Team To Play Host To Washington U.

Bill Freeburg's football 'B' team will play their final game of the season Monday afternoon when they play the Washington University 'B' team at 2:45 p. m.

This will be the fourth game of the season for the 'B' team, who have lost two and won one. They defeated Cape Girardeau on the Indians' home field only to have the Indians retaliate with a victory at McAndrew stadium. The Maroons were also beaten by Washington 20-0.

## Martinmen Favored To Win First Conference Crown In History of University

Come next Saturday afternoon the S. I. U. Maroons can, by virtue of a win over Eastern Illinois Normal of Charleston, annex their first I. A. A. C. football crown. Early in the year Coach Glenn "Abe" Martin stated, that he believed Normal and Eastern to be two of the best teams in the conference. Thus far one half of this prediction has come true, as for as Southern is concerned,

juries that could be incurred during this week's practice. The Martinmen should be eager and ready for the championship game despite any small letdown that may have come as a result of last week's tie. Southern's hopes of victory rest on the continued fine play of its big line, and on the work of its several backfield stars.

In the final analysis, this is the size game for a defeat, could prove disastrous, while victory would give the undisputed IIAAC crown to Southern.

The Easterners run from a variety of formations which include the "T" single wing, and short punt. Their passing game is reported to be very good. From the "T" formation Quarterback Bobbly handles the passing duties, while from the single wing their fullback Gross does the pitching. On the catching end of many of these passes is the man of Neil Hudson. Hudson is a great receiver and his play this season has at times bordered on the sensational.

In addition to their passing attacks, Eastern sports three dashmen in the persons of halfbacks Johnson, Smith, and Benoit. Each of these boys is reported able to run the hundred yards in virtually ten seconds flat. Needless to say, the Maroons will be particularly interested in keeping them completely bottled up.

The Eastern line is big and hard hitting. Aside from Hudson, Eastern has another star in the forward wall in their big all-purpose tackle, La Hoste.

The Maroons will be in good physical shape, having an in-

## Looking At High School Football

By Dolan Gieger

On Armistice Day, Stan Changnon's Mt. Vernon Rams took the spotlight from high rated eleven-year-old teams. However, the tally was made by a pass to an unobserved end in the endzone. First downs were made freely by both teams, but the drives cooled off when it's line of scrimmage was shadowed by the goal posts. Carbondale made a brilliant stand, but an intercepted pass hurt them in the third period during their home drive. The score Marphy 7, Carbondale 0.

Benton's apparent victory (titled Manpania) in their November 11 clash with Harrisburg, (17-0) was a hard fought game. The first year's battle when the Bulldogs were the outsiders and came out on top. Benton was leading 20 to 0 at halftime, but before many minutes had elapsed and been played, it was apparent that the Bulldogs were not going back to Harrisburg with their tails between their legs. For they scored 13 points while Benton's defense held. The final score remained that way—Benton 20, Harrisburg 13.

Last Friday night a spunky West Frankfort crew was beaten, but it took four quarters of excellent coaching of every play by Trout to beat them. Not enough praise can be laden upon Centralia for it was hard, clean football that beat the first of their out-conference title. (Just wait for basketball!) Johnston City beat Anna, Du Quoin and Pinckneyville tied 6 to 6. Lawrenceville walked over Fairfield 19 to 6, and Carmi swept past Eldorado 14 to 0.

This week's schedule: Zeigler at Johnson City. Carmi at Mt. Carmel. Wheaton at Centralia.

**RODGERS THEATRE CARBONDALE, ILL.**
