Changes Candidate Res: Davis Speaks For Insurance

Senators Alter Requirements While Revamping Bylaws

By Jim Wiggs

The approval of revised by-laws for student elections and a formal request by Dean J. Clark Davis, Dean of Men, on the health insurance plan highlighted the Student Council meeting last Thursday night. Other action taken by the Council, which met in President Morris' office included approval of a new organization on campus composed of representatives from the women's dormitories at Thompson Point and Woody Hall. A report from the telephone committee, suggested replacements for a new Student Council adviser, and election commission appointments were also on the agenda for the evening. The Student Council budget was presented to members and discussed.

APPROVES REVISION

The Student Council approved a revision of Article IV of the Constitution which deals with elections. The former Article was divided into 17 sections which the new Article has four divisions. Section I of the new Article states that the election committee will outline the specific procedure for elections to be approved by the Student Council.

THE POLICY BEING OFFERED

The policy being offered to students would purchase each fall for \$6 and will provide coverage through June 13, the following spring. "Legal advice has been given in this policy along with inspection by students and faculty members, and it has held out well," said Davis. He also asked the council to appoint a committee to study the bicycle problem on campus, and to suggest a possible registration system. The Council was asked to approve possible places for bicycle racks.

COUNCIL APPROVES BOARDS

Jan Meng, President of "Woody" Hall, asked the Council to approve a new organization, and the new dormitories for women at Thompson Point and Woody Hall. This organization, which was approved by the Council, consisted of four boards. There is one representative for each 120 women. The organization was first approved by the Council in 1957 when women from the three dormitories.

THE TELEPHONE COMMITTEE REPORTED

The telephone committee reported to the Student Council that the Student Council is writing a letter to Woody Hall, Thompson Point, Dowdell, Illinois Avenue, Parsons Hall, and Southern Area dormitories encouraging each to discuss its telephone problem, and make a report following the Student Council's unified approach to the situation might be made.

IN OTHER BUSINESS, THE COUNCIL SUGGESTED NAMES FOR A NEW ADVISOR

In other business, the Council suggested names for a new advisor to replace Dr. J. P. Brackett who has fulfilled his term as advisor. Five names were submitted for consideration.

APPOINTMENTS TO THE ELECTION COMMITTEE WERE MADE BY THE COUNCIL

Seven students will serve on the Council. Four students received definite appointments at the meeting. They are Jim Dalton, Thompson Point; Jim Haines, Inter Greek Council; Jim Shurley, commutes; and Carolyn Clark from Woody Hall. The three other members of the Council are the vice-president of Dowdell, Southern Area, and Off-Campus housing. In the event there isn't a vice-president, the spot will be open until the president of the organization will suggest another member.

PRESENTS BUDGET

The Student Council budget was presented at the second meeting of the year. The Council has a total of \$100 for the 1958-59 school year.

The executive body of the Council will receive \$1,650 of the total amount. Of this amount, \$900 will go to the 1958-59 year, and \$750 will go for various awards and \$50 will be spent on funds. There is a contingency fund of \$620. The judicial will receive \$200.

Four hundred and five dollars has been assigned to operating expenses. Of this amount, \$200 will go for equipment; \$80 will be for stationery; \$150 is allotted for postage, and stenographic work. Five dollars is allotted for telephone calls.

Royce R. Bryant, Placement Service Director, and William Tudor, Area Service Director, will be on the program at the first Annual Education-Industry Conference on Technical and Managerial Manpower Needs and Resources.

Bryant will speak on "What Colleges Can Do to Improve the Placement of Specialized Manpower" at the meeting, Oct. 8-9 in Carbondale. Tudor will be chairman of a discussion seminar.

LORRY PETERS

Dowdell Receives New TV Set -- After 8 Years

"At long last, we will be able to watch television on a good set," commented one of the residents of the Dowdell Hall. This seems to be the general feeling of all the residents of Dowdell. The television sets which have been in operation there until the past week are eight year-old sets which had been in Anthony Hall. The new television set is to be purchased next week by Auxiliary Enterprises.

High School Choirs Hold Clinic Here

Area high school choirs and their directors will have a chance to work and perform under Margaret Hillis, one of the nation's outstanding choral conductors, Oct. 11 at SIU. The occasion will be SIU's annual High School Choral Clinic, a full day of music reading, rehearsing and spirited go-round topped off by a mammoth evening concert. Early registrations indicate that some 1,000 singers from high schools all over Southern Illinois will participate. The concert, open to the public, will be given at 7 p.m. in Shryock Auditorium.

Sponsored by the SIU music department, the annual clinic is aimed at introducing students and teachers to varieties of acappella choral music, directing and performance techniques under the leadership of prominent choral conductors.

Collects \$100 A Day Sells Half of Reserved Seats For Homecoming Shows

Half of the reserved seats to both Homecoming stage shows are already sold . . . and approximately \$100 is collected each day for tickets to the dance and stage shows.

Tickets for the dance and stage shows are on sale at the Student Union. General admission to the stage shows is \$1.50, and the price for reserved seats is \$2. Tickets for the dance are priced at \$2.50 per couple.

Homecoming steering committee chairman is Pat Heyd. He is assisted by Bob Hunt, vice-chairman and Mary Alice Carnaghi, secretary.

VARIOUS GROUPS MAKING CHAIRMAN for the Alumni and Past Queens committee are Gene Schriedel and Pat Majors.

Paul Jones and Ann Kuhn are heading the committee for Special Assemblies during the Homecoming celebration.

Heading the Campus Decorations committee are Jan Gloumab and Jerry Cuendet. Mary Hake and Dennis Ritala are supervising the Dance Decorations committee.

Chairmen for the Homecoming are Mary Kay Sharkey, Frank Sobart and Ed Murray. Todd Pillar and Sally Potts are in charge of Hospitality.

The House Decorations committee is headed by Jim Haynes. Marsha Van Cleave and Jack Taylor are in charge of the Parade committee.

Rosalie Stein and Darwin Weiss are co-chairmen of the Publicity committee. Queens Coronation is under the direction of Susie Miller and Tickle Wolfe.

Dagny Bode and Linda Adams are in charge of the Queen's Coronation group. Queens Reception committee is under the direction of

MASQUERADE AT THOMPSON SET

The Thompson Point Masquerade Ball is scheduled for Saturday, October 11. The Egyptian report that it was postponed wrong.

The social council has been elected for the Homecoming Queen coronation. The coronation will be held each week for six weeks. On Tuesday evenings practices run from 5:45 to 7:30, and Wednesdays from 5:45 to 7:00. Anyone interested in being in the group is invited to attend.

Twice practice sessions are required in order to learn the techniques used in Aquanettes. Dates for these preparatory sessions are Oct. 7, 8, 14, 15, 21, 22, 28; Nov. 4, 8, 11, 12.

Sally Potch is president of the organization; Linda Burkitt, vice-president; Peggy Duckworth, acting secretary; and Mary Thomson, publicity manager.

TELEPHONE HAS TALENT OF SIU

A 12-room television on WPSD-TV, Paducah, featured an array of talents from SIU last Friday evening. The show, sponsored by Lions Clubs of Southern Illinois and Paducah, for the benefit of crippled children, ran from 10:15 p.m. Friday until 10 a.m. Saturday.

Vocalist Sandra Matthews sang "Laura" for her contribution to the show which was carried by WSRV-FM radio station at Southern.

Barbara Bailey took the spotlight with her rendition of "Almost Like Being in Love."

William Norvell, tenor, sang Royce's "The Night, the Moon, the Walk Alone." Ed Miller, baritone, and Paul Daniel performing Frank Lyman's "Goody-Goody."

The show featured a quartet composed of three senior girls and a sophomore, did "Sometimes I'm Happy." The seniors were Marie Haines, Mary Alice Carnaghi, and Carolyn Chabbers. Nancy Stevenson was the sophomore who appeared with the group.

Other SIU students in the show were: Donald Galibier, Gary Wittig, Lloyd Tucker, Charles B. Stone and James Patterson.

Janet Scher, Diane Noehff, Simone Baxter, Ann Myers, Ethel Thompson and Michael Sparks.

WELCOMES 7,000th Student

Southern Illinois University President Delyte W. Morris, right, welcomes the 7,000th student to register at SIU, Carbondale, campus this fall. — Sophomore

James Oettle of Hardin. At left is Registrar Robert McOrain. Registering far ahead of predictions, fall enrollment reached 10,219 at Carbondale, not including SIU residence centers at Alton and East St. Louis.

East St. Louis. Oettle, son of Mr. and Mrs. Russell Oettle, is majoring in business education. He re-entered SIU during the winter term after time out for a Navy hitch.

10,219 Students

Enrollment figures have been released by Dr. Robert A. McGrath, Registrar and Director of Admissions.

The total through Oct. 1, is 10,219 resident students. The final total of residents students last fall was 8,311. This is an increase in enrollment for this year of 1,908 students.

Of the 10,219 resident students there are a total of 7,412 students at Southern's campus, and the Vocational Technical Institute. This is an increase of 915 over the 6,497 final total last year.

Other figures disclosed were the

Registrar Gives Enrollment Figures

12,807 students enrolled at the resident centers in Alton and East St. Louis. This figure is, of course, figured in the over-all total of registrants. This is a gain of 863 students. There are 1,731 students attending classes in Alton, and 1,976 at East St. Louis.

The statistics concerning classification of students are: Freshmen—2,785, which is an increase of 377; Sophomores—1,648, for an increase of 120; Juniors—1,203, which is a gain of 183; Seniors totaled 790, for an increase of 62 from last year. There are 750 graduate students enrolled compared to the 576 of last year.

the remaining 236 are unclassified undergraduate students for an increase of nine from last year.

McGrath said that statistics on specific college enrollments will be released "in the near future." He said that the ratio of men to women will be included in the statistics.

"The tremendous increase of enrollment at SIU is amazing," said McGrath, "because the predictions were that nationally there would be little increase in college enrollments this year. Secondly, we expected our shortage of housing facilities to hamper the number of residents."

At Little Grassy

Groups Should Make Goals, Rogge Tells Leadership Camp

By Lon Eubanks

"There can be many leaders in every group, but they are not expected to choose the goal for the group."

William Rogge, Director of Student Housing, made this statement at the annual Fall Leadership Camp, which brought a brigade of 150 freshmen to Little Grassy Lake for a series of discussions, speeches and social activities last Friday and Saturday.

Rogge made the kickoff address to the group. The students discussed Rogge's ideas in their informal groups during the two-day camp.

The administrator emphasized the importance of the five common falacies that are linked to leaders. In his speech, "Leadership and What It Means To You," Rogge pointed out to the enthusiastic group that there is no single trait that makes someone a leader.

He cited that the idea that there is only one leader and the rest followers in any group is false.

"LEADERS AREN'T BORN" is also a falacy. He noted that although a person has certain traits it does not necessarily mean he will be a leader in all situations.

"Leaders must be good listeners to other's ideas," he pointed out. "At the same time, they must be an effective leader by their increasing the possibility for others to communicate more effectively."

The administrator emphasized to the freshmen that they are definitely not to mistake domination for leadership.

Over more than 400 students applied for acceptance to the special program, only 150 freshmen were selected—due to limited facilities.

The purpose of the camp is to furnish opportunity for new students to become better acquainted with campus activities and furnish opportunity to analyze and discuss responsibilities of leadership at SIU.

FRESHMEN EXHIBIT RESPONSE

At: Carlisle chairman, and Mary Alice Carnaghi, vice-chairman, for the program were successful and the freshmen attending were very co-operative and responsive.

A discussion group was headed by upperclassmen Bill Berry, Mag Coury, Jerry Feestel, John

NO FIRE RULES COVER ALL SIU, CHIEF REPORTS

Carbondale doesn't have any ordinance covering fire hazards which might be found there. Southern students live, according to Fire Chief Vernon Craswell.

A rooming house ordinance may be needed by the city, stated State Fire Marshal John J. Twomey, Springfield.

The big question is whether or not private homes should be classified as rooming houses which would be inspected by a firemarshal.

In such a case the inspector could order removal of hazards and enforce the orders through the courts. But if the homes are to be classed as private residences, fire safety inspections can be made only on invitation by the homeowner.

SIU housing officials and the Greater Carbondale Community Development Assn. are making a student housing survey.

Homecoming Work Applications Ready In Student Union

Any student interested in working on one of the Homecoming committees may pick up his application form at the table under the Student Union ballroom.

All applications for committees must be returned to the Student Union by Wed., Oct. 8.

Students will work on a committee of Alumni and Past Queens, Assemblies, Campus Decorations, Dance Decorations, Program, Hospitality, House Decorations, Parade, Publicity, Queen's Committee, Queen's Coronation, Queen's Reception, Student Program and Special Events.

Students filling out applications are asked to choose three of those committees in which they are interested, and number them in order of preference. They are asked to give name, classification, address and phone number, high school and/or college grade awards, and the hours in which they are free to work.

Those students who are selected for committee work will be notified soon after the blanks are turned in.

Vernon L. Nichol, Illinois state superintendent of public instruction, will be the main speaker at the Dedication Council of 100, Inc., meeting at SIU.

Nichol will return to Carbondale after serving 16 years as head of the education system.

City Music Club Gives First Recital

Members of the Thursday Morning Etude Club, an organization of piano students, gave their first recital, provided the first of the 1958-59 series of public Sunday afternoon recitals in Shryock Auditorium last Sunday.

The inaugural program featured original works by two SIU faculty members. Pianist Nancy Olliphe performed Robert Mueller's "Prelude and Contrasts." Flutist Joyce Botjke, Helen Barnes, playing the French Horn, and Mrs. Gillespie, playing the piano gave the first performance of "Trio Sonata" by Will Gay Botjke.

Other soloists on the program were soprano Thelma Parsley and Rose Marie Jones and Pianist Ruth Mueller.

The executive board of the Illinois Federation of Music Clubs were the special guests at the recital.

The Editors' Opinions

Those Unwanted Parking Fines

As offenders will quickly find out the campus policemen at Southern are "on the ball." An auto parked in an unauthorized spot or an unauthorized auto soon acquires one of those dreaded official notices.

The violator usually has a good excuse. Or at least one which seems reasonable to him. And when that hard-boiled policeman refuses to listen to reason—it is really maddening. His ire is raised to its highest. Someone will hear about this.

Discouraging as it sometimes may be, the policeman is only doing his job. Even with the automobile elimination plan reaching the Sophomore Class this year the campus still has far too many cars. Autos parked illegally only add to the confusion.

A recent Egyptian survey revealed that one out of every four students at Southern acquired a parking ticket during the past year. A total of 1,172 students received tickets. The total number

of tickets issued to students, 948 received one ticket, 222 received seven, three were issued eleven, and one got 14 tickets. The fine for 14 tickets is \$119.00.

Thus, the parking tickets at SIU are not an uncommon thing. In fact, they are all too common event. Students are not noted for an abundance of money and several parking fines won't add to this abundance.

The parking rules are necessary or our traffic problem will become even greater. While some of these rules are complex and require interpretation by officials, those signs in front of the parking lots are easily understood.

Most parking tickets come about because of one thing. The student decides to take a chance that he won't be caught. Around Southern the odds are against the student who gambles with his car. It is far better to play the game according to the rules—and save the money.

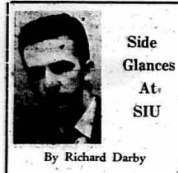

Southern Offers New Nuclear Program

A new program for graduate physics students at SIU is being planned by the Physics Department, according to Dr. Charles Brassefield, chairman of the Physics and Astronomy department.

The program, dealing with nuclear physics, will be known as the Accelerator Program. Atomic projects will be accelerated to several million volts

by means of a generator known as the Vandegraaf.

Dr. Brassefield added that they are seeking funds from some federal agency or the Illinois Legislature for this project. As soon as funds are available an order will be placed for purchasing the Vandegraaf machine. A new building will be needed for the project.

Side Glances At SIU

By Richard Darby

Did you know that college students "ain't got no horse sense?"

This is what several Southern Illinois old-timers told me, and the belief seems to be shared by a majority of the area's elders.

Talking to some of the older people of the area last summer, I found that the "horse senseless" conception of those in higher education seemed to be frequently brought out. So, I made it a point to seek more information.

"The logical thing to ask is 'What is horse sense?'"

Answers are many "Horse sense" is:

"Common-everyday-things sense."

"Common knowledge."

"Book-learning" but no know-how to use it."

"And the answers go on and on. I made the mistake of asking an 87-year-old man from Thompsonville for a definition of "horse sense."

"There you are, young fellow; such a silly question just goes to show you don't have horse sense," he said.

Thus it is apparent — according to those who have been

around — that college students can't logic. However, college students are credited by many with having an unlimited amount of book-learning that can't be applied.

There are about 6,000 people available to question the assumption about horse sense. These people are SIU students.

I have had few tests that didn't require deduction or induction, and my tests have usually required both.

I can't recall the exact wording of the first question on the final exam of one of my government courses last spring, but I think students in the class with me will verify that the instructor ask for more than the number of senators in the federal government.

Of course "horse sense," like all words, means what the user wants it to mean. When the word is used by someone from Southern Illinois, you can be sure that a sacred word is being used.

GUS BODE SAYS

Gus wants to know if the enterprising mail-carrier with skates has a parking permit.

Gus knows the housing situation is bad, but he's getting an intercity complex because everyone has a roommate except him.

Gus says it is time for the annual task finding a date to take to the Homecoming game and dance. Gus usually starts asking a month in advance.

Gus knew the Salukis were going to win all the time. He does wish they'd refrain from waiting until the last fifteen seconds to win.

Gus sees he thought about coming to school this morning via the Harwood crossing. He says he was looking forward to his 8 o'clock and didn't want to take the chance.

PARKING TICKET TIME IS HERE AGAIN!

Half Of Students Have Jobs; 800 Freshmen Seek Work

One out of every two of the students here work, and more than 800 freshmen have applied for on-campus jobs, the student Employment Service reported yesterday.

From 1200 to 1500 students work off-campus either in Carbondale or towns within a 90 mile radius, according to Frank Adams, head of the service.

The total of on-campus working students for the quarter is expected to be about 1700.

SIU students are employed in 203 towns in Southern Illinois during the week and on weekends.

Students' demands for on-campus jobs have increased at a "tremendous rate" this year, according to Adams.

"I am very proud of the student work program," said Adams. "Most of the students have never had any previous work experience at jobs assigned to them, but their work always proves to be satisfactory."

"Odd jobs are another source of financial aid provided for students by the employment office. Six hundred and forty-eight students were employed last year at odd jobs as a free service of the community of Carbondale.

Adams pointed out that work experience often relates to the student's major and provides dependability, responsibility, a knowledge of how to work with people, loyalty, and how to budget money and time.

Kenneth Holderman, Assistant Dean of the School of Engineering and Director of University Extension at Pennsylvania State University, was appointed as a new consultant for the Industrial Education and Applied Sciences Department, at SIU.

Bach's "Magnificat" will be presented by the Southern Illinois Orchestra Chorus, Orchestra and soloists on Dec. 7 and 8.

Business Too Good

Real Estate Firms 'Lackadaisical'

Real estate agencies in the Carbondale area are "lackadaisical" in their customer relations, according to a Southern Illinois University research analyst.

Robert Seep, a new staff member of SIU's Small Business Institute, says housing demand is so far ahead of supply around Carbondale that realtors are "soughing off" those basic requirements to the customer. The most glaring omission, he feels, is "not having accurate and complete data about their listings."

Seep, who reported his findings to the Egyptian Real Estate Board, an organization of downtown realtors, says a leveling-off of supply and demand will mean that salesmen will have to know a lot more about their products in order to cope with competition. "As the business is so good the agency people don't have to work hard," Seep said. "But they should be able to tell you what kind of insulation is in a house, not just the fact that it's insulated; they should be able to give you room dimensions without having to step off the distance."

In a survey of 20 realtors within a 20 mile radius of Carbondale, Seep noted as a prospective renter, a role not difficult for him since he is looking for a place to live. Some of his observations during the tour:

Realtors scored best on friendliness, cooperation (many even suggested he see another realtor) and a sincere desire to show their listings. Seep graded them lowest on the completeness and accuracy of their data, their willingness to give him listings to see on his own, and the salesman's ability to fully understand the buyers' or renters' specifications.

Seep said he met only lukewarm response when he asked for rental listings, but that interest "quadrupled" when he indicated he might buy. Some 68 percent of all salesmen he met showed some degree of reluctance when he asked for house locations to visit by himself.

He rated 30 percent of the

real estate firms "excellent" in appearance, half of them "good to fair" and 40 percent "poor." Summing up his rating sheets, Seep decided that 30 percent of the contacts "instilled enough confidence to make me want to continue negotiating with them." Translating his ratings to grades, he found the lowest were to be D's and the highest F's with the average at C's. Twelve firms scored a "passing" grade of D or better.

Seep, who served for 8 1/2 years in Chicago as director of research for the Compton Advertising Co. and assistant general sales manager for Wilson and Co. metalpackers, emphasized that the "easy market" has a lot to do with the casual atmosphere of the marketplace. "Competition will change the attitude considerably," he said.

Result of the tour: Seep still lives in a motel, his family still lives in Evanston and he's still looking.

Sarah Vaughn and the Glen Miller Orchestra will be among the attractions for Homecoming, Oct. 31 through Nov. 1.

Ever meet a Doubting Thomas?

A college senior once remarked to a Bell System interviewer: "A telephone career must be a mirage. I hear talk about fabulous training, fascinating work, grade-A job security, and rapid advancement in management. Sounds a bit too rosy. What's the real story?"

The interviewer knew mere talk wouldn't sell a skeptic. So he showed him some "profiles" of recent college graduates who had enjoyed that fabulous training, had worked at intriguing jobs, and had won early management promotions.

Our once-skeptical friend has been with the Bell System 3 years now—and is currently supervising the work of 55 people.

We've converted a host of Doubting Thomases. Whether doubtful or not, you'll learn a lot about rewarding telephone careers by talking with the Bell System interviewer when he visits your campus. Also read the Bell Telephone booklet on file in your Placement Office, or write for "Challenge and Opportunity" to:

College Employment Supervisor
American Telephone and Telegraph Company
195 Broadway, New York 7, N.Y.

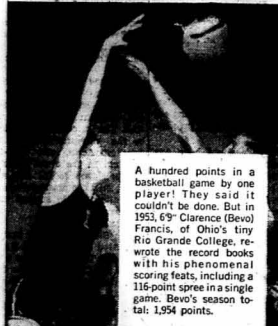

BELL TELEPHONE COMPANIES

THEY SAID IT COULDN'T BE DONE - BUT TODAY'S L&M GIVES YOU-

Puff by puff **Less tars & More taste**

DON'T SETTLE FOR ONE WITHOUT THE OTHER!

Change to L&M and get 'em both. Such an improved filter and more taste! Better taste than in any other cigarette. Yes, today's L&M combines these two essentials of modern smoking enjoyment—less tars and more taste—in one great cigarette.

A hundred points in a basketball game by one player! They said it couldn't be done. But in 1953, 6'9" Clarence Bevo Francis, of Ohio's tiny Rio Grande College, wrote the record books with his phenomenal scoring feats, including a 115-point spree in a single game. Bevo's season total: 1,954 points.

Light into that Live Modern flavor!

**Positions Open
On Yearbook**

There is an opening for the position of associate editor of the Obelisk. The announcement of the opening was made at the first regular staff meeting of Obelisk personnel held last Thursday night.

"Anyone who is interested in the job should drop by the Obelisk office and see me about it. There will be application blanks at both the Obelisk office and the Student Union desk. Of course anyone interested may apply for the position, but it would be an asset to both the individual and the Obelisk if he has had experience working on publications of this type," said Carl Marx, Obelisk editor.

There are also openings for the positions of sports editor and section editor. For full information on these positions any interested person should check at the Obelisk office.

**Health Service
Plans Pharmacy**

A complete pharmacy is planned to be established by the Health Service this coming school year.

The pharmacy is to be located in the building on the corner of Lewis and Park streets.

Prescriptions issued by the Health Service have to be filled out at a pharmacy office at the present time and at the regular price of the prescribed medicine. When the University pharmacy is set up, prescriptions will be taken care of at cost prices.

Hours at the Health Service have been changed to some degree. During the week the hours will be from 8 a. m. to 8 p. m. and from 8:30 a. m. to 12 noon on Saturday. The hours between 4 p. m. to 8 p. m. Monday through Friday are reserved mainly for emergency care and special appointments.

**Government Has
Credit Union
For Universities**

Get an education on credit now! The federal government has passed a bill in Congress allotting \$306,718 for the state of Illinois to be used for student loans.

The National Defense Education Act passed on Sept. 2, 1958, authorized 40 million dollars to be allotted to the accredited universities and colleges in the United States.

Eligibility for obtaining a loan hasn't been decided by the campus officials. However, James K. Green, Coordinator of Student Financial Assistance, II is hoped that loans can be made starting winter semester. The federal money under the Loan Program won't go into full swing until September, 1959.

PAY AFTER GRADUATION
The primary purpose of this allotment is to enable students to continue their education when they run financially short. Green points out that the program is arranged so a student can carry a normal load and not have to worry about paying the money back until he graduates.

Upon graduation a student having borrowed from this fund starts paying off the loan at a minimum of 20 per cent a year. The interest rate is three per cent.

A student going to a college who receives a loan has a possibility of having the loan reduced up to 50 per cent. Each year up to five the student's earnings from the loan will be reduced 10 percent and interest is paid only on the balance.

When a student graduates and goes into the military service either by draft or enlistment, the repayment of the loan will start immediately after discharge or a three-year period.

**Instructors Can
Serve in Germany**

American teachers and graduate students will have a chance to serve as English language assistants in Germany and Italy during 1959-60 under the International Education Exchange Program of the State Department.

Recipients will receive tuition and international travel permits. These permits, of course, exclude the common passport taken before Friday, October 17, a living group will receive a \$5 discount from the regular price of \$25.

Ouch!

Hockey Begins

The Women's Athletic Association hockey season is now in full swing, according to an announcement from the physical education department.

All girls on campus are eligible to participate in this event. Practices will take place Monday through Thursday from 4 to 5 p. m. Any girl interested in taking part should meet in the gym at this time, after which the group will move to the upper football field for practice.

The hockey season includes the annual house tournament, and will be climaxed with the Varsity Student-Alumni game at Homecoming, Nov. 1.

**Comedian Changes Freshmen
From Indifference To Laughs**

Nearly 3,000 freshmen crowded Shryock Auditorium Thursday for the weekly convocation in an indifferent mood. Not one of them left that way after a laughable keynote board comedian finished his trance of sensationalism.

Henry Scott is a "show biz" star of such unique ability that his influence is felt throughout the entire world of music.

The originator and pioneer of rock'n'roll music in America, Scott, has played 100 shows from New York's hallowed Carnegie Hall to benefit performances in the foothills of Arizona.

While many concert artists have vied with each other to portray only the solemn approach to music, they overlooked, or perhaps never suspected the hidden potential for laughter, gaiety and heart-warming uplift that has lain dormant in music until Scott's discovery.

Scott also highlighted several themes from the old silent picture days.

**Obelisk Makes
Arrangements
For Pictures**

New arrangements for the photographing of both group and panel pictures were released recently by Carl Marx, editor of SIU's yearbook, the Obelisk.

Photographs of all campus living groups - fraternities, sororities, organized houses, etc. - will be taken in the display area of the Agriculture Auditorium. To make arrangements for such photographs, the organization president, or authorized representative, should contact The Obelisk office as soon as possible to obtain space in the yearbook and to set a time for the picture to be taken.

The Obelisk office, located in the north wing of the Student Union, is open through the week from 9 a. m. to 5 p. m.

By having the photograph taken before Friday, October 17, a living group will receive a \$5 discount from the regular price of \$25.

**Girls' Rally Sells
Events Calendars**

Girls' Rally calendars for the on-coming school year are on sale for 50 cents.

Girls' Rally, women's service group, sells the calendars of campus events each year. The money collected is for a scholarship award given to a third-term junior with a 4.5 average.

The calendars are on sale this year at the Student Union office, Woody Hall, Thompson Point, and the Southern Acres Student Union.

**Latin American
Degrees Given**

Students at SIU may receive an undergraduate major in Latin American Studies due to a special program which started this fall.

The course, designed to meet the need for increasing concern for Latin American problems, will provide students with a wide background in Latin American geography, history, economics and languages.

The Latin American Institute is presently located at 907 South Lewis Street.

Dr. Fred P. Ellison of the department of Spanish and Italian at the University of Illinois visited the Latin American Institute at SIU this week. Ellison is the president of the Downstate Illinois Chapter of American Association of Teachers of Spanish and Portuguese.

Primitive techniques of working stone and flint into arrowheads and axes will be on exhibit at the Peabody Museum beginning Saturday, Nov. 1.

LOST

A black leather purse was lost at the West Virginia State football game. The middle of the purse is black knit, and the top and bottom is black leather. There are identification cards and important medicine inside. Will the finder please return it to either the Student Union Desk or contact Miss Donna A. Hicks, De Soto, Ill. Phone Carbondale county 36F11.

Community Concert Tonight

TUESDAY, OCT. 7
Meetings will be held by Mr. Phil Epton and the Anthropology Club. W.A.A. will sponsor hockey, bowling and synchronized swimming.

The Southern Illinois Symphony Orchestra will rehearse in Shryock Auditorium from 7:15 p. m. until 9:30 p. m.

WEDNESDAY, OCT. 8
The SIU Rocket Society, the Southern Young Democrats and the Newman Club will hold meetings.

W.A.A. offers hockey, tennis and synchronized swimming for all interested students.

THURSDAY, OCT. 9
Charlotte Lee, master interpreter of literature, will appear at the Freshman Convocation program in Shryock Auditorium.

AP0 and Pi Lambda Theta will meet.

Girls' Rally and Wesley Foundation meetings are scheduled for tonight.

Tonight is the beginning of the first annual track and field meets.

The new SIU book store annex will provide a book section of 2,000 to 3,000 volumes of best-sellers. The books, selected by a special advisory committee, will be both fiction and non-fiction.

Approximately 50 students are attending SIU this year that were unable to attend in previous years because of physical handicaps. Of this number, 22 are in wheelchairs.

Twenty-seven hundred teachers from the lower 14 counties of Southern Illinois will convene at SIU on Friday, October 31, for a meeting of the Southern Division of the Illinois Education Association.

The entire College of Education will be dismissed for the event. The University Training School and parts of other buildings will be available for sectional meetings.

Speakers at the general sessions will be Dr. William J. Tudor, Director of Area Services, SIU; Dr. Royce R. Bryant, SIU Director of Placement Service and President of the Southern Division of I. E. A.; Raymond H. Wittcoff, Vice-President, Caradine Hat Co., St. Louis, and Chairman of the National Citizens Committee for Educational Television; John Lester Buford, Superintendent of Schools, Mt. Vernon, Ill., and Past President of National Educational Association; and Dr. Andy Holt, Vice-President, University of Tennessee and Past President of N. E. A.

The University Cafeteria will be open only to IEA members between 11 hours of 11 a. m. and 1:30 p. m. on Friday. The cafeteria at Woody Hall will be used for sectional luncheons from 11 a. m. to 1:30 p. m. Various sectional luncheons are also being arranged elsewhere on the campus and in Carbondale.

The following parking areas are being reserved for automobiles and buses: The lots north of the University School, The lot north of the Library on Grand Avenue, The lot east of Anthony Hall, The lots on the corner of Thompson Street and the Service Shop drive.

There are now two classes of students taking courses in the Russian language compared to four students who took the course last term.

Furst Beauty Shop

Furst Beauty Shop, formerly located at 222½ S. Illinois, is now located at 703 N. Springer. We welcome all our former customers. Make an appointment of a homecoming permanent. Open evenings by appointment for Permanent, L'Oreal Hair Coloring, Permanent Waves, and Hair Cutting. Phone 344.

**Typography Talk
Set For Oct. 10**

Professor Kerby Nell, English instructor at Catholic University in Washington, D.C., will give a typography lecture Friday, Oct. 10, in the Library Auditorium.

Early History of Printing will be the title of the lecture which begins at 8 p. m.

Professor Nell will show colored slides of early manuscripts, typography and printing machines.

The lecture is sponsored by the SIU English department.

The Egyptian telephone number is Ext. 266. Call this number when you have news.

MEN'S DEPARTMENT

SOUTHERN OFFERS ROCKETRY COURSE

A short course in Basic Rocketry will be made available to space-minded SIU students this fall—course of the Ohio Mathieson Chemical Corporation.

As a reciprocal gesture "in recognition of the exceptional service being made available to this area," Ohio State University's Organization at Oradell is offering SIU students to attend a series of lectures and demonstrations planned for by the Ohio State University.

No registration will be required and no credit given. The University has offered the use of its Life Sciences Building Auditorium for the Ohio Mathieson engineers and lecturers.

Lectures will be given by the first of the series with Dr. E. M. Jones, president of the Ohio State University, as the basic theory of rocket propulsion and give a history of the development of rocketry.

On Oct. 22, Dr. C. J. Barr will discuss the manufacture of a solid propellant for JATO (Jet Assisted Takeoff) use, and on Oct. 29, static and flight testing parameters for evaluating test engines and propellants will be described by W. W. Thomas.

A Nov. 5 lecture by J. W. Rabern will cover rocket ignition systems, while the fifth session, on Nov. 12, will be a class problem and participation affair involving the design of a simple rocket engine. It will be supervised by T. J. Roemer.

The final meeting on Nov. 22 will be the observation of a static test of a rocket engine in the testing grounds west of Marion. Only students who have attended all previous lectures will be permitted to witness the test.

Dr. Russell Trimble, assistant professor of chemistry at SIU and faculty advisor to the SIU Rocket Society, will represent the university in the lectures.

Allyn Gallery Has Students' Ceramics

The works of two former SIU students are included in the Sixth Annual National Ceramic Exhibition now on display at SIU's Allyn Gallery.

The exhibition features pottery by 48 of the nation's leading ceramic artists, including representatives from Charles Cougle and Raymond Gaines who studied at SIU.

The exhibition, organized by the Ceramic League of Miami Beach, the Low Art Gallery of the University of Miami, is now on a national tour sponsored by the Smithsonian Institution.

The show, to be displayed through Oct. 22, includes prize-winning examples of slab and wheel-thrown pottery, ceramic sculpture, enameling and a wide variety of experimental combinations.

President Morris Attends Meetings

Dr. Delyte W. Morris, president of SIU, will preside at a morning session on "Articulation" when the Illinois Committee for the North Central Association meets at Champaign tonight.

Next Saturday he will be the luncheon speaker at a meeting of the Ohio Conference for Speech Education in Columbus. Morris will also participate in the afternoon session for speech therapists.

Printed Lecture

"The Early History of Printing" will be the subject of a public lecture to be given by Kirby Neill, professor of English at Catholic University in Washington, D. C., at SIU Oct. 10.

The lecture will begin at 8 p. m. in Morris Library Auditorium and will include color slides of early typography, woodcuts, presses, manuscripts and book manufacture. Kirby has collected extensively in the field of printing history and will aim his talk for both popular and specialist appeal.

Student Speakers For Noonday Chapel

The fall sessions of the Baptist Foundation's Noonday Chapel are now in full swing. Speakers for the coming week will relate experiences as summer missionaries.

This Thursday's speaker will be Rose Marie Barrow, who spent the summer working in state mental camps and schools. Friday's speaker will be Cecil White, who did mission work in New York.

Jane Warming will discuss the B.S.U. convention in Gorieta, N. M. on Monday, and Ernie Standerfer, who spent the summer working in the missions in Hawaii, will speak on Tuesday.

Noonday Chapel is held every weekday from 12:30 to 12:50 p. m. in the Baptist Student Union.

Coal Information Received By Library

Just dig it, put it in a coal car and send it to Pittsburgh.

No, it isn't that simple. There are many issues connected with mining coal. Issues that encyclopedias do not fully explain.

The SIU Library has received a collection of personal papers dealing with this subject.

The papers of the late John E. Jones of Leavenworth were given to the library last summer and represent the first sizable collection of personal papers to be added to the library.

Jones, an authority on coal-mining safety, was associated with the Bureau of Mines for many years. He served with government, agencies, both on state and national levels, and was instrumental in development of our mine fatalities.

Several papers Copies of some of the papers, given over 30 years ago, are the most recent in a series of the collection. The speeches deal mainly with mine safety, coal mining technology, and the development of mining techniques.

Also in the collection are many issues of various trade journals and dailies of the U.S. Bureau of Mines Safety Code, some of which Jones helped prepare.

LIBRARY CHANGES BOOK CHARGING

A change has been made for charging books at the circulation desk in the library.

During the summer, cards marked with call numbers were placed in many of the books. The prepared cards will be put into the rest of the books as they are checked out.

Eventually all books will have a marked card and as a book is checked out the card will be stamped with the date due and the student's record number.

This new procedure will save the student the task of filling out a card and will facilitate handling of books by library personnel.

Group Meets To Revive YM-YWCA Tonight In Ag.

The first of a series of meetings to revive a campus YM-YWCA organization will be held in the Agriculture building auditorium this evening at 7:30.

Don Wayman will act as temporary chairman of the movement sponsored by the local YMCA.

Some possible goals of the campus group will be social and service activities, leadership training and extension of inter-cultural and student-faculty relationships.

All men and women interested in this project are urged to attend tonight's meeting.

Cook Speaks On Dictionary Making

Professor Daniel Cook, of the Southern Department of English, will give the Zoology Department's weekly seminar today.

His subject will be "The Making of a Dictionary." The seminar will be held in Room 206 of the Life Science building at 4 p. m.

Accounting Club Plans Activities

Officers of the Accounting Club met last Thursday to plan activities and set up a schedule for regular meetings during the year.

At the session, they decided to hold meetings on the third Thursday of each month at 10 a. m. in Rarckes G. First regularly scheduled meeting will be Oct. 16.

A committee was also formed to schedule guest speakers from the fields of public, industrial and governmental accounting to speak before the club.

Starting next week a membership drive will be conducted by the Accounting Club. Prospective members should contact either Jerome Roemer, faculty adviser for the club, or one of the officers. The officers are Frank Fleming, president; Larry Nelson, first vice president; Jim Barry, third vice president; Bruce Sturgeon, treasurer; and Bob Van Dyke, secretary. Office of second vice-president is vacant at the present time.

One of the necessary qualifications for membership in the club is to have successfully completed two accounting courses.

Taylor Speaks On Past And Present

Dr. Walter W. Taylor, will speak on "Anthropology and Modern Life: 1958" at the Anthropology Club's first meeting of the year in the Museum Lounge, tonight at 7:30 p. m.

Dr. Taylor, new head of the Anthropology Department came to SIU from Mexico City College.

Open to all interested individuals, the discussion will center on election of officers and possible club projects for the coming year.

Refreshments will be served at the close of the meeting.

She notes that a jet airliner recently went from New York to England in six hours. Gas wonders why he can't make it from Old Main to Life Science in ten minutes.

Gas thinks the University is now awarding him an honorary life-time parking permit. As things stand though, they wouldn't even let him have a car.

SCHOOL PRESS MEETS HERE

The Southern Illinois School Press Association will hold its fourth annual workshop on the SIU campus Saturday, October 11, 1958.

Dr. Donald R. Grubb, Assistant Professor of Journalism and chairman of the program committee for the work-shop said the meeting will be the "kick off" for the year's activities.

The tentative program includes "roundtable" discussions on high school and college newspaper and yearbook publications, panel discussions on promoting journalistic activities in the school, a tour of the Journalism Building, a special program session and a business meeting. New officers will be elected at the business meeting.

HAS FACULTY, STUDENTS

SISPA is composed of faculty and student members from schools in the southern 11 counties of Illinois. The organization was founded approximately 30 years ago for the purpose of promoting and enriching journalistic activities and school publications in secondary schools in Southern Illinois.

In 1957, the organization changed its name from Southern Illinois High School Press Association to the present form in order to take junior-colleges into their program.

In the spring SISPA holds an annual conference at which awards are made for the Best Story Contest, designed to recognize individual achievements in the areas of newswriting, feature and editorial writing, advertising, cartooning, photography, sports writing and other specialized categories.

Dr. Grubb said he was expecting 35 to 40 schools with a total of about 100 delegates to attend the workshop.

Chicago Financier Speaks At Clinic

Charles A. Benson, vice president, First Federal Savings and Loan Association of Chicago, has been added to a slate of panelists for the "Management Clinic" which is being held on SIU's campus. The clinic ends Thursday.

Benson will serve on a Thursday afternoon panel on "How to Get a Loan," with Glenn Starnes, First National Bank, Carbonate.

Clayton Travels To Houston For Speech

Charles C. Clayton, professor of journalism at SIU, will speak at a journalism program Thursday at the University of Houston. He also will speak at a world press dinner and help conduct a newspaper clinic at the university Saturday.

Clayton is a past president of Sigma Delta Chi, national journalistic fraternity, and is editor of its magazine, "The Quill."

The former agronomy house was moved from its South Thompson St. location to an SIU test farm being developed west of the campus. The house was moved to make room for the new Student Union building.

Rocket Society Invites Students To First Meeting

The SIU Rocket Society will have its first meeting of the year tomorrow evening at 7:30 in the Library Auditorium.

All interested students are invited to attend the meeting of the group. The Society is concerned primarily with disseminating information to its members on the latest advances in the field of rockets, jet propulsion and allied fields of jet engineering.

One committee is now working on the designing and building of a small rocket which they plan to launch this year. Another committee is promoting a program to make rockets launching a safe and orderly procedure and to show that rockets can be designed, built and flown by young people without their being killed or maimed in the process.

S. M. Carter, representative of the Armament Division of Unmanned Aircraft at Oradell, will be one of the future speakers for the group's meetings.

The Rocket Society, which was organized in May 1957, has 12 members. Dr. R. P. Trimble, assistant professor of chemistry, is the faculty adviser for the group.

Residents Of Dowdell Halls Select Officers For Year

The residence halls of Dowdell housing have elected officers to serve during this academic year.

The men of Residence Hall have elected Gene Szasz as their president; Keith Ribert, vice-president; Keith Lovkamp, secretary; Jim Sheehan, treasurer; Gene Szasz, council representative; Tom Wilpolt, social chairman; Jim Gaudin, athletic chairman; and Francis Wirth, sergeant-at-arms.

Farrow is the new president of Residence Hall 3. David Granzey is vice president; Howard Pindahl, secretary-treasurer; Richard Thoma, sergeant-at-arms; Gerry Rode, athletic chairman; and Gerry Wittenstein, council representative.

Residence Hall 4 has John Taylor as president; John Mousaliotis, vice-president; Larry Reid, secretary-treasurer; Robert Foster, social chairman; Raymond Peterson, athletic chairman; Jack Hagerup, council representative; and Arthur Lager, sergeant-at-arms.

The president of Residence Hall 5 is Bill Robert. Oscar King is vice-president; Marshal Crane, secretary-treasurer; Jerry Kessler, so-

cial chairman; Oscar King, "Men's Residence Halls representative; and Bob Laffoon, intramural chairman.

Residence Hall 8 has elected the following officers: Fred Berry, president; Eric Austin, vice-president; Bonnie Hooker, secretary-treasurer; Al Kallipinski, social chairman; Dale Cleghorn, athletic chairman; Houston Antwine, Men's Residence Halls representative; Scimitar Bard, alternate representative; and Ronald Masstul, intramural chairman.

Two of the residence halls have yet to elect their officers for this year.

The Business Agents Conference of Southern Illinois has adopted a resolution supporting a degree program in engineering at Southern Illinois. The conference included representatives of most organized labor groups in the southern 16 counties of the state.

President Delyte W. Morris will be the principal speaker at a banquet meeting of the Illinois Elementary Principals Association this Friday. The meeting will be in the Abraham Lincoln Hotel in Springfield.

Club Notes

Full Week For Groups

BOUYER HALL NO. 2 ELECTS OFFICERS

Bouyer Hall, floor 2, elected officers this week. New officials are Sandy Miller, president; Julia Gibson, vice-president; Karen Wernsting and Cecelia Norris, social chairmen; June Bradley, secretary; Mary Treiter, treasurer; Susy Lonsenbach, judicial chairman; Henry Mayhoff, sports representative; and Janet Pinta, Thompson Point Council representative.

CURLE'S BALLY HOLDS OPEN MEETING

All girls interested in joining Curle's Bally are invited to attend the group's open meeting at 6:30 Thursday evening in Main 102A. The group is a service organization which participates in many campus activities. They also sell calendars and mugs to make money for a scholarship which is given to the girl in the junior class with the highest grade average.

MEET TOMORROW

The Young Democrats Club of SIU will sponsor an address by the Honorable Stephen A. Mitchell, former National Chairman of the Democratic Party, on Wednesday, Oct. 8, at 8 p. m. The meeting will take place in the Life Science Au-

ditorium, and faculty and students are invited to attend.

INDUSTRIAL ED CLUB TO ELECT OFFICERS

Officers for the coming year will be elected at the Industrial Education Club meeting tonight at 7 in Parkinson, III. A discussion of the club's future activities will also be held. All Industrial Education and Industrial Science majors and minors are invited to attend.

SIGMA BETA GAMMA NAMES OFFICERS

Sigma Beta Gamma, national honorary radio fraternity, elected officers last week. President of the organization is George Hudspeth; vice-president, Dan Bode; and treasurer, Sam Knight. Faculty sponsor is Joseph Leonard of the Radio-TV department.

Next meeting of the group will be held this Friday at 10:15 a. m. All students interested in joining the fraternity should attend this meeting. It is not necessary that the student be a radio-TV major or minor.

Several Groups are attempting to boost Southern Spirit.

Sigma Delta Chi pin-up calendars are on sale in the Egyptian office.

Southern Society

STAG CLUB NAMES OFFICERS AT MEET

Chief order of business at the first meeting of the Stag Club last week was the election of house officers. Picked to be president this year was William Morrin. Vice-president is Ronald Williams, secretary-treasurer John Grodzicki, and social chairman Charles Bundy.

Homecoming plans, dues and other business were also discussed at the meeting.

LA CASA MANANA CHOSES OFFICIALS

Election officers were also the main order of the day for La Casa Manana last week. Newly chosen officials are vice-president, Marcella Zimliska; secretary/treasurer, Pat Hoerdt; social chairman, Jenny Stewart; publicity chairman, Earlene Wilson; and WAA representative, Carolyn Turner. President Joyce Lindsay was elected last evening.

For the benefit of the freshmen, a short skit showing the house's activities last year was presented.

JOHNSON'S CO-OP NAMES OFFICERS

Johnson's Co-op announced the following officers for the year this week. President is Margaret Selbert; vice-president, Sue Stewart; secretary-treasurer, Clarence Parmley; social chairman, Nancy Marshall and Shirley Lawrence; and reporter, Lois Scherer.

PHI KAPPA TAUS GIVE RUSH PARTIES

The Phi Kappa Tau fraternity held two very special rush parties last Monday and Wednesday nights, with over forty-five men attending the two.

Doug Brown, a former SIU student, visited the fraternity house last Tuesday evening. Doug is now serving as recreation director in Alton, and is completing work on his bachelor's degree there.

John Skeels and Don Seynhoven, both Phi Tau slums, have returned to campus this year to continue their education. John is working on his master's degree, while Don is finishing his last year of work on a bachelor's.

Three Phi Taus—Howard Calvin, Earl Turnipseed, and Herb Naugle—attended the Phi Kappa Tau's 34th National Convention in Peasland, Calif., this summer. The convention's headquarters was the Huntington-Sheraton Hotel.

ILLINOIS AVENUE HALL
SELECTS OFFICERS

Election of the officers for Illinois Avenue Men's Residence Hall were held Oct. 1. New officers for 1958-59 are George Goehner, president; Darrell Doehring, vice-president; Peter Holtz, secretary-treasurer and reporter; Clarence Parmley, intramural chairman; John Truitt, resident hall director; and Earl Boney, parliamentary.

DELTA ZETA SORORITY INITIATES 4 MEMBERS

The beginning of the school year was four new members for Delta Zeta sorority. Recently initiated were Pat Chester, Brenda Collins, Linda Gos, and Marilyn Tipler.

New pledges for the group are Elaine Bates, Barbara Daly, Judy Enoptrom, Lynne Francisco, Linda Hayes, Nancy Kirschoff, Gloria Lault, Sharon Lovens, Judy MacKenzie, Mary McGowan, Sandy Mielke, Jane Pickering, Judy Swanton, Lou Sebine, Dorothy Wranvick, Kay Ripston and Glenda Walker.

Linda Hayes and Mary McGowan are sisters of active Judy Hayes and Gay McGowan.

Marge Bergman, province director, and Ellen Douglas, chapter member of Gamma Omicron, were guests at the chapter house during rush.

Delta Zetas who assisted in New Student week as group leaders or discussers include Carolyn Wheeler, Linda Brandorf, Brenda Collins, Dotty Gos, Carole Johnson, Kathy Kimmel, Bernice Levy, Sharon Thompson, Marilyn Tipler, and Judy Whitecotton.

Inogene Beckmeyer, faculty adviser, and Sharon Lou, vice-president, attended the Delta Zeta's national convention June 29-July 4 at the Sheraton Hotel in Chicago. Miss Beckmeyer received the Acholi award for being an outstanding chapter adviser.

Lynn Wickelizer, Tri Sigma, to Bob Hunt, Sigma Pi.

Betty Dehring, University of Wisconsin, to Doug Watson, Phi Chiappa Tau.

Jean Puger, East St. Louis, to Ron Ganschnietz, Phi Kappa Tau. Ann Hughes, Tri Sigma, to Buzz LeGesse, Phi Kappa Tau.

Mary Ellen Wood, Tri Sigma, to Herb "Corky" Rautebier, Phi Kappa Tau.

Ann Hughes, Steagall Hall, to Paul Jones, Phi Sigma Kappa.

ENGAGED:

Tedra Moore, Tri Sigma, to Robert Douglas, Tau Kappa Epsilon.

Roselle Stein, Tri Sigma, to Jerry Cuyler, Phi Kappa Tau.

Sally Kozlowski, Tri Sigma, to Jerry Wallis, Theta Xi.

Leity Kilgore, Pi Kappa Sigma, to Paul Roman.

Judy Allen, Thompson Point, to Ronnie Brown, Thompson Point.

Mig Taylor, Delta Zeta, to Harry Shuler.

Jane Bradley, Delta Zeta, to Jim Payne, Theta Xi.

Charlie Moss, Delta Zeta, to Duane Brown, Sigma Tau Gamma.

MARRIED:

Pat Bond, Tri Sigma, to Danny Tilford.

Wanda Alexander, Tri Sigma, to Ron Newell, Sigma Pi.

Jane Herr, Tri Sigma, to Warren Talley.

Ruth Roberts, Pi Kappa Sigma, to Robert Scapino, Pi Omega.

Mary Kesler, Sigma Kappa, to J. B. Williams, Phi Kappa Tau.

Mary Ann Edwards, Delta Zeta, to Jim Watt, Phi Kappa Tau.

Peg O'Brien, Tri Sigma, to Lou Gunnis, Phi Kappa Tau.

Alk Finkle, Alpha Gamma Delta, to Jim Higginbotham, Phi Kappa Tau pledge.

Sherell Campbell, Alpha Gamma Delta, to Bob Hauser, Phi Kappa Tau.

Bunny Johnson, Delta Zeta, to Chuck Gruner, Sigma Tau Gamma.

Regina Miller, Delta Zeta, to Richard Rieke.

Saukus' 67-Yard Pass In Last 15-Seconds Racks Up Leathernecks In 32-31 Thriller

By Ron Jacober
Sports Editor

A long pass—an unbelievable pass, good for 67-yards from Bill Norwood to Lane Jenkins and an almost equally unbelievable two-point end zone play after holding an 18-seconds of the game, gave Southern a last ditch, 32-31, story book win over the dejected Leathernecks of Western Illinois University, before a hysterical mob in McAndrew Stadium, last Saturday night.

Some of the momentarily unhappy Sauki fans that had given up and left the Stadium when the Sauki had apparently "given" the game away after holding an 18-seconds of the game at the end of the first half, were so surprised that they came running back on to the field only to see the Leathernecks leading 24-10 at the end of the first half.

The contest seemed to be completely out of reach as Western fullback Bill Zavadii pushed his way into the end zone for a touchdown with only 45-seconds left in the game. The Western PAT was blocked but at the time it seemed very unimportant.

Amos Bullock returned to the kickoff to the 23 yard line. Norwood then hit right end Dave Shannon for a 15-seconds left in the game. Southern called for a time-out. On the next play, against a four man Western line with seven Leathernecks in the second quarter, Bill Norwood rolled out to the right and heaved a long spiral pass that "Night Train" Lane Jenkins, extruding all seven men in the Western secondary, caught on the dead run and without breaking stride scampered all the way for the sensational touchdown.

The TD wouldn't have been worth the effort the ball was made out of if the Sauki wouldn't have made the PAT. Again it was Jenkins that came through as Southern lined up in a single wing, "Night Train" ran hard and just made it into the end-zone, which looked like bargain day at Woolworth's as many of the rabid Sauki fans rushed on the field.

FIRST BREAK
The Sauki received the first break of the game early in the first quarter when Larry Garon, Western's speedy halfback, fumbled. Houston Antwine, giant Sauki tackle, fell on the ball on Western's 30 yard-line.

Three running plays gave Southern a first down as they moved to the 25. Carver Shannon then broke loose for 20 yards over his own left end as Southern had the ball on the Western five, first and goal to go. Shannon carried the next two plays and moved to the one before Bill Norwood went over on a quarterback sneak. The point after touchdown was no good and with 5:25 left in the first period, SIU lead 6-0.

Blocking and tackling viciously Southern held Western to only a 12-yard gain and forced the Leathernecks to punt.

A three yard gain by Sauki captain Cecil Hart, and eight yards by second string halfback Don Miller gave Southern a first down on the 33. An offside penalty on Western, a five yard gain by Jansco and a 12-yarder by Hart, moved the ball to the 10. Jansco picked up seven

a pichout and scampered around his own left end for the third Western TD. Zavadii's PAT was no good and Western climaxed a brilliant up-hill drive as they lead, 19-16.

Lane Jenkins returned the kickoff out to the SIU 28. A holding penalty against Western gave Southern a first down at mid-field.

LOST ON DOWNS
Jansco made three yards, Hart four and Norwood six for fourth down on the Western 37. The Sauki again were stalled and Western took over the ball on downs.

The Leathernecks made the score 25-16 as they moved from their own 34 for a touchdown in six plays. Southern got back into the ball game as they moved 50-yards climaxed by quarterback Bill Norwood as he crashed over from the two. Norwood, however, was stopped in his attempt to run for the two points and the lead. With 4:15 left in the game the score read Western 25, Southern 24.

Western received the kickoff and after three plays, punted. A late penalty was assessed and accepted by Bill Larsen on the two. Three plays later Western scored the touchdown that seemed so spell sure defeat for Southern but as it turned out it was a break for the Sauki because it enabled Southern to get their hands on the field and gain which ultimately led to the sensational finish and victory.

There was some doubt as to whether Jenkins got into the end zone with the ball on the conversion attempt, but when the officials informed that he had made it, the rabid Sauki fans rushed on the field in a wild celebration.

SINGLE WING
On the extra point attempt, the Sauki lined up in a single wing formation to the right. When the ball was snapped Norwood pitched out to Jenkins, who, although hit before the goal line plunged into the end zone.

The official time left after fantastic play was announced as being four seconds. Norwood kicked off very short. The ball was picked up by fullback Dan Washkevich who picked up some good blocking and ran the ball back to the SIU 45 before he was brought down by a host of Sauki tacklers as the horn sounded.

"Most of the injuries were joint injuries," said coach Al Kawa, "and conditions means nothing on those kind of injuries."

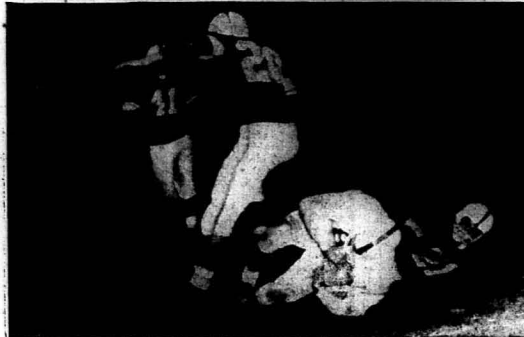

For Southern it was a great win but a sloppily played game. For Western it was nothing but a heart-breaker. The fought back so brilliantly in the second half after trailing by an 18-0 margin at half-time.

LEWIS FUMBLE
As the final quarter opened, half-back Ranette Lewis fumbled a pichout from Norwood and John Bush recovered on the Southern 17.

Willie Spates, one of the fastest men in the IIAAC conference, took

DOWN ON THE TWO Jack Atchison, (with ball) is down on the two yard line by Jan Jansco (21) and Bill Norwood, (20) after receiving a pass from Western quarterback Mike McFarland. The play, which led to a Western TD, was good for 18 yards.

Victory Marred By Many Injuries To Sauki Gridders

Victory took its toll last Saturday night as many Sauki gridders were injured in the bitterly fought battle against Western Illinois University.

Carver Shannon, speedy half-back, sustained an ankle injury in the second period of play and didn't play the rest of the game. It was not known exactly how long "Mek" would be out of action.

James Lynch, getting back into action after recovering from a knee injury early in the fall practice sessions, re-injured the knee during the second quarter.

Cecil Hart didn't practice the last three days last week before Saturday's game because of an ankle injury in scrimmage last week and didn't help his condition any by playing Saturday.

Also banged up in the rough contact were Shaun Hawthorne, and Charlie Spletter.

"Most of the injuries were joint injuries," said coach Al Kawa, "and conditions means nothing on those kind of injuries."

THIEF SPOILS WIN; PLAYERS ROBBED

When the jubilant Southern football team returned to the dressing room after their exciting, last minute victory over Western Illinois University last Saturday night, they found that their lockers had been ransacked and money had been stolen.

Head coach Al Kawa estimated the total loss at about \$500.

Almost every locker in the dressing room was broken open but the lockers of the visiting Western Illinois team, in a separate locked room, were not touched.

The Southern dressing room was open during the games. First string end Dick Nelson, who lost \$100, and guard Jim Lynch, who lost about \$75, were the hardest hit. Both had just cashed their monthly student work checks.

The thief spoiled what should have been a very proud and happy dressing room scene after the Sauki pulled the game out of the fire 32-31 in the last 15-seconds.

Head coach Al Kawa reported Sunday night that to his knowledge

nothing had been turned up that could lead to the arrest of the thieves.

October 12, which is celebrated by Americans as Columbus Day, is known as the Day of the Race by all Spanish speaking people.

Harriers Opens Season Against Southeast Mo.

"We will have to depend largely upon freshmen," said "Doc" Ling SIU cross-country coach, when asked how his squad looked.

The SIU cross-country team opens up their season tomorrow against Southeast Missouri. The meet will begin at the stadium at 3:45 pm. The course will be three and three-tenths miles long.

The Sauki hopes to better their 2-3 record of last year. They were joined a few weeks ago when Robert Clausius this year's co-captain) entered the service. Another letterman from last year's squad, George Moore, is attending the SIU residence center at Alton.

Other returning lettermen from last year's squad are Carl Meier, co-captain, Dale Elghorn, Leroy McPherson, and Mahlan Maloney.

Outstanding newcomers on the squad are: Mike Brainer, Ron Dunbar, John Flamer, top miler on last spring's track team, Lee Kling, Fred Arnold and Elrod Hocker.

Lingle said that the prospects look "fairly good" but that he would have to "wait and see what the freshmen do".

Lingle expects Southeast to be tough "but not as tough as some of the teams we will meet this year."

The Sauki harriers will travel to Western Illinois University at Macomb Friday for a meet with the Leathernecks. They then return to Carbondale as run against the Miners of Missouri School of Mines the following Friday.

The Sauki will have five dual meets and two multi-school meets. The State Meet at Loyola University in Chicago on November 1 and the IIAAC Meet at Central Michigan on November 8 to complete the schedule.

Intramural Golf, Tennis Entries Due

Hole-in-one golf and singles tennis are first on the schedule of many events for Intramural Athletics. Those interested in entering must go before 4:30 p. m. October 8, 1958.

Play for the golf event will begin Oct. 8, 1958. A meeting of the tennis participants will be held in the Intramural Office on the first floor of the Men's Gym. Tennis play will begin then on Oct. 9, 1958.

Individuals interested in being assigned a team, may sign up at the Intramural Office. These students will be assigned teams to participate with. If some are interested in officiating, rather than playing, they may do so.

Bowlers

Openings for teams and individuals in student league, which will bowl on Mondays at 9:15 p. m. Those interested send a representative to organizational meeting Wednesday, Oct. 8, 9:30 p. m. Congress Lanes 211 W. Jackson

YOUNG MAN who wants to make \$10,000 a year before he's 30

Recognition of the part clothing plays in helping a young man to make the grade has prompted us to feature a complete assortment of correctly proportioned and fashioned suits, sportcoats, and slacks for executive development. The coats are new, short, the shoulders unpadding, the trousers pleated and as narrow as possible without being ridiculous.

The tailoring is by Cricketer.

The fabrics are new and noteworthy: in suits we recommend worsteds, chevots, and hoppers. In sportcoats, sherrylands, hopsacks, tweeds and blazers. Fancy linings and metal buttons are everywhere. Navy, grey, brown, and the new dark olive are the colors. Our prices start at a low \$49.95 for suits, \$35 for sportcoats.

Missing: One Football

Anyone see the football? After "Night Train" Lane scored the dramatic points after the last Southern touchdown last Saturday night, some souvenir collector (and Saluki fan we hope) grabbed the football and went racing out of the stadium with it.

When the field was cleared of the many spectators in an attempt to finish the game, it was discovered by the officials that the ball was gone.

Cochi Al Kaway hurriedly searched the Southern equipment until he found one and the game was continued.

Because of the outcome, however, it is doubtful if anyone will complain because one football is missing.

Intramural Swim Entries Due

Applicants for Intramural Swimming are now being taken at the Intramural Office in the Men's Gym. Those interested in this event must sign up before Friday, October 17, 1958. A meeting of the team managers will be held in the Intramural Office Thursday, Oct. 16, 1958 at 4:30 p. m. It was announced by Bob Gabatuz, graduate assistant to Glenn Martin, Head of Intramurals.

Preliminaries will begin Monday, Oct. 20 at 4:30 p. m. All entrants must have health slips turned into the Intramural Office before they may participate in the preliminaries. Finals will be held Monday, October 27.

The pool will be open for entrants to practice on Saturdays and Sundays from 1:30 p. m. to 4:30 p. m. This does not include the Saturdays when there is a home football game in the afternoon.

Playing Pro Baseball

Thomas Happy With Choice

"It was just too good to pass up." This is how Jerry Thomas, pitcher on last year's Saluki baseball team, explained why he passed up his last two years of college eligibility to play professional baseball.

Thomas, big 6-4 righthander, signed a \$12,000 bonus contract with the San Francisco Giants last spring after the term ended at SIU.

Playing with Hastings in the Nebraska State Bookie League, Jerry racked up a 5-4 record, the best on the ball club which ended up in the second division. His ERA was about 3.20.

"The Giants need pitching bad," said the confident Thomas. "And when they made me the offer I just couldn't pass it up. If I had to do it all over again I'd do the same thing 100 times."

When asked how much difference there was between college baseball and minor league ball, Thomas replied simply, "Oh, the hitters are so much better. In college the four-

Back, Lineman Share Honors
Norwood Brown Star

BACK OF WEEK

Little explanation is needed for the selection of Saluki quarterback Bill Norwood as the week's Saluki "Back of the Week." Bill scored two touchdowns himself but more important, he threw the sensational last ditch pass that resulted in the 67-yard touchdown and a Saluki victory over Western Illinois last Saturday night.

Norwood completed seven tosses in 14 attempts for a total gain of 138 yards. Playing a stellar role all season at quarterback Bill is leading the Salukis in total yards gained for the season, besides scoring some 25 points in the three games played. For the season, Norwood has completed a total of 14 passes in 30 attempts for a total of 264 yards for an average of 18.9 yards per completed pass.

With his beautiful deception, many times Norwood's hands are almost impossible to detect.

An honorable mention should go to halfback "Night Train" Lane Jenkins. Jenkins made a beautiful catch of Norwood's long pass to score the last dramatic touchdown an equally important he scored the extra points that clinched the game for Southern.

LINEMAN OF WEEK

If it were possible to pick six "Lineman of the Week" in one week, this is the week it should be done.

This week's choice is Willie Brown 5-10 guard from Memphis, Tenn. Brown was making tackles all over the gridiron in last Saturday's Frank Merrivill victory over Western Illinois.

Willie, putting everything he's got into every play, has been a standout at 3-pointers for the past three years.

An honorable mention would have to go to Paul Brostrom, sophomore guard from Chicago for his outstanding play in the Western Game. Blocking viciously all over the field the past two games, Paul has really made a strong bid for that regular starting assignment.

Many other linemen were outstanding in Saturday's victory. Houston, Antwine, Jerry Lynch, Jim Marano, Shane Hawthorne and many others but unfortunately only one man could be selected.

Thomas Happy With Choice

in place hitter was usually the best, but out there the lineups are filled with the guys that were fourth place hitters in college. There were a lot of good fast ball hitters," said Jerry with a grin since his bread and butter pitch is the high hard one.

Jerry pitched high school ball at Sycamore High School. He earned only three varsity because the school didn't have baseball on its athletic program in his freshman year.

Last spring, Thomas was one of the top pitchers on the Salukis baseball squad, winners of the TIAC conference. His record for Southern last spring was a fine 5-1 with a earned run average of 2.90.

Besides the offer from the Giants Thomas received offers from the Pittsburgh Pirates, St. Louis Cardinals, Kansas City Athletics, and New York Yankees.

"Our Manager at Hastings was Leo Schell, baseball coach at Bradley University, the only team that beat me last spring," quipped Jerry, "and he let me hear about it all summer."

After the winter term, Jerry will report for spring training in Florida. He has signed a contract called for a class AA salary.

Asked how high on the ladder he hopes to advance next year, the determined, righthander said, "I sure wish I could make the Corpus Christi club in AA. Then in two years maybe I could have a shot at the majors, something I've hoped for all my life."

Southern's junior varsity football squad in the busiest team in the athletic department.

Monday Coach Dwaine Marten's Saluki Pups play their third game in eight days when they entertain Evansville College at 2 p. m.

Southern's Jayvees will be looking for their first win in the Evansville encounter. They dropped their first two games of the year, 40-0 and 21-7 to Southeast Missouri and 21-7 to Eastern Illinois.

WAA STARTS INTRAMURALS WITH HOCKEY

The Women's Athletic Association began its activities in intramural sports competition this week as the field hockey and tennis team took to the field.

The field hockey events started Monday, Sept. 29 with a large number of underclassmen and 13 freshmen coming out for the initial season. Hockey competition runs from 4 p. m. to 5 p. m. Monday through Friday. Pat McCreie is manager of the hockey teams.

Tennis competition also began Monday evening. Hours and schedule are identical to those in hockey events. Ann Saunders manages class competition and Brenda Zeh has charge of house events.

W.A.A. activities are open to all women students registered at SIU. Competition is divided into house and class tournaments for both individual and team activities. In addition to this intramural program, members of W.A.A. compete with other schools and colleges.
