Carbondale, Illinois, September 30, 1924

Number 2

## WELCOME TO S. I. N. U.

### "Bugs" Lamar, '24 Grid Pilot

When the veterans of that never-to-be-forgotten so squad of 1923 met at the close of the season there was little doubt in their minds as to their leader for '24. So it was with little surprise that the student body heard of their decision calling "Bugs" Lamar fourth from the ranks to lead the '24 warriors. He had, in his one short year in the Maroon ranks, proved himself to be made of real football metal.

Glenn's first chance to football fame came in 1922 when he battled on the wall of the fast Washington university freshman team, where his playing early attracted the attention of his coach. Last year he very eas-

CAPTAIN "BUGS" LAMAR

ily obtained a berth with the Mackmen, stepping into the shoes of ex-Captain Hamilton, whose place he filled as well as the illustrious Ham. He gained distinction in the very first game with Sesser, where his series of successful line plunges won for him instant popularity with the football fans.

As the season passed Lamar became more and more popular with student body until at the close of the season it seemed only logical that he should be given the much-coveted position of Maroon captain. In the words of one enthusiastic fan "Lamar was the star in the Maroon constellation." One of the most spectacular of his many outstanding plays occurred in the game with Cape at their Homecoming when Lamar, after plunging through the strong Cape de-

### Faculty Force Taking Up Work

One new member has been added. Mr. Dilla Hall, a graduate of S. I. N. U. is now in the Physics Department. We are glad to know this, for Mr. Hall will contribute much to the life of the school.

Edward Miles, an instructor in the Commercial Department is attending Chicago University, and will not be back on the teaching force until the beginning of the Winter Term.

Miss Graves, the physical training instructor, is ill in California, but hopes to be back in four weeks. Miss Pearl White and Miss Elizabeth Krysher are taking care of her classes.

Miss King, the primary critic of the Training School, is also ill, but Mr. Furr hopes to be able to care for her practice classes until her return.

Miss Robinson, who was in the hospital before the opening of the school, is now able to be back in the institution.

### Y. W. C. A. CANDY COUNTER

The Y. W. C. A. has a fine place for you to get all the sweets that you want. The Y. W. needs money and if you will come and spend your nickels and dimes with us we shall be more than glad. Stop at the candy counter inside the west door of the Main Building. There is also a stamp machine in Registrar's office when you write home and haven't any stamps just run over there. You can get them with little or no trouble.

### 1070 Mark Breaks Record

Americans like to be connected with big enterprises. Is that why you came to S. I. N. U.?

Six hundred fifty students registered between the hours of 7:00 and 10 o'clock Monday morning and at 4:00 o'clock Tuesday the number had grown to 1053. This breaks any previous record of the Fall Term enrollments, the largest ever enrolled before being 883; the figures of last Fall Term. This speaks doubly well for the school and shows very wise decisions on the part of many new students. The largest number are entering as graduates of a four year high school course.

Fifty-one members compose the faculty body.

Next issue will find this enormous body of nearly 1,100 students satisfactorily settled in their various classes ready to promote the general welfare of the school for the coming year.

### C'DALE COMMUNITY

#### HIGH CRUSHES HURST-BUSH

Carbondale Community High school got its powerful football machine in action the first time this year when last Friday afternoon it crushed the Hurst-Bush team here 54 to 0. The visitors were outplayed in every department of the game and Carbondale showed itself a contender that is following the footsteps of its predecessor last year.

### Little Ten An Egyptian Feature

Among the added features of the Egyptian this year is the introduction of this column. It will be given over to Orval Harrison and Gathiel Pence, sport editors of the little ten conference. They report that they have corresponded with the teams of the conference and that their plans have met with much enthusiasm throughout Egypt. With the assistance of correspondents every game will be covered. We feel that this added attraction will be a magnet for the S. I. N. U. It will give the out of town high school students here a knowledge of what is happening in his own gridiron. At the same time it will help to stimulate the high school feeling toward the S. I. N. U.

The editors are hard at work and have taken their tasks conscientiously. It is believed that they will discuss the subject with and fairness Edgrem. They declare "No partiality will be shown to any school or individual player."

### EGYPTIAN GOES TO CANADA...

The Egyptian is known far and near. Not only is it content with the people of the United States, but it drifts into Canada and finds a hearty welcome in the hands of Kennon Renfro, a former student of the S. I. N. U.

1923 SQUAD IN ACTION

(Continued On Page Eight)

HENSON

GORDON

DUNN

COX

HEAVY FOOTBALL PRACTICE

Capt. McAndrews started football practice three weeks ago with about fifteen men. Now he has more than fifty out. There is plenty of good material this year and the prospects are good for a real football team.

The line will be heavy, with the exception of the ends Capt. Lamer is the only heavy man in the back field, but they all have plenty of speed. The average weight of the team will be about the same as last year.

For quarter backs we have Mountain from the Community High. Powell from Cairo, and Moore from Harrisburg.

For half backs, there are Carrington who was a Normal sub last year, Poley and B. Phillips from Community High. Red McLaughlin, a letter man from last year, and Johnson of Murphy.

For full backs, there are Ross from Community High. Grantham from Hillsboro, Lentz from Anna, and Capt. Lamer, a last year letter man.

The centers are, Dunn, a letter man for the past two years, Allen, who played here two years ago, Marberry and Sargen from Community High.

At the ends are Henson and Hesoor who played here two years ago,

Pernell who subed last year, Gordon, a last year man, Kimmel from Community High, Gullet from Central High of Evansville, Ind., Gordon, J. Munger and Hartley from here.

Others who are out doing their part, and who have a good chance to play are Jim Allie, Biggs, T. Crawshaw, E. Kelly, John Lockwood, II, Munger, Bakey Phillips, Pankey.

"RED" McLAUGHLIN

Ritche, Baston, C. Rushing and Leroy Wiley.

The pictures you see on this page are the letter men back from last year.

With the increased number of men out this fall, it is quite sure that the S. I. N. U. is going to head the list in her record for football this fall.

HAIL TO THE ZETETS

In this our largest school year, it is but fitting that the organizations on the campus should be better and larger than they have ever been before.

We, the Zetets, think that our society is the best organization on the campus. It has as members or past members class presidents, athletic captains, editors of the year book and paper and many honor students.

It is our wish this year to surpass all other years in both the quantity and quality of membership. We hope that this year like last we may have an orchestra, work on it has already started. Last year we had the only organization orchestra containing 15 pieces.

We invite all students, young, old and new to join us.

The next meeting we shall present the two and one-fourth hour comedy drama "Putting It Over." Following is a clipping from the Egyptian of Sept. 22d.

SHE WAS ONLY A FRESHMAN

"Oh dear," she sighed, "I simply can't adjust my curriculum."

"It doesn't show any," the Soph assured her. And then they both talked rapidly about the weather.

"AGOREANS!"—ATTENTION

Also, any others, who may be interested. The AGORA is a great debating club. Young men of forensic ability or having desire for such ability are eligible for membership, if they have graduated from High School and now have Junior Standing. Membership is strictly limited to twenty-five.

The Agora, the newest of the Boy's debating clubs, is proud of its record. In the For-Agor-It debate of 1923, it received the largest number of points of the three clubs participating, although the debate was tie. In the spring of 1924, the Agora wrested the cup from the Illinae, its owners for the past two years. Possession for a third permanently. We say "wrested," as we disagree that the girls of the Illinae are very "yielding," at least in matters of debate. There is a strong rivalry between the Agora, Illinae, and Forum throughout the whole year, or a 'Ben,' the colored news-butcher at the station puts it—"somethin' doin' all the time."

Old members, be out to meetings! Prospective members, we invite you to come out on Monday night and join a debating club—preferably the Agora—at least join some debating club.

"THE AGORA"

ALLEN

"CREOSOTE"

KRYSHER STORE CO.

East Side of Square

- Women's silk hose, all colors . . . . . 50c to \$2.00
- Men's Silk Hose . . . . . 50c
- Men's solid leather shoes and oxfords . . \$2.75 to \$6.00
- All wool sweater coats, maroon, navy or brown . \$4.50

WHAT DO YOU SAY

Registration is over and every student is finding his or her place in the life of the school. In order to make this year a record year, it means that every student must boost and boost hard. The social life of the school is of inestimable value to each student. Link up with one of the Societies, the debating clubs, and above all support your school paper, "The Egyptian." Everything is pointing to a good year. A birds eye view of the future makes one feel as if it is really worth while. The football season is at hand. Attend every game. Help the boys win their games.

The Basketball will soon be coming on. "Get ready and let's go." It's impossible to get out of the school any of it's wealth until you put something into it. It's not our purpose to try to minimize class work for certainly it comes first, but let's keep our social life full of spirit and "pep". Are you willing to make this year a banner year? If so step in and subscribe for the "Egyptian." get a detailed account of every football game. Every society meeting, read the jokes on your friends. Keep track of the members. All we ask is simply to say it with an "Egyptian."

Miss Bowyer—"Conjugate 'have' in the sentence 'I have a gold mine.'" Mildred Barter—"I have a gold mine, thou hast a gold thine, he has a gold his'n, we have a gold our'n, you have a gold your'n they have a gold their'n."

Patronize Egyptian Advertisers.

WHITING-ORGAN

On Wednesday afternoon, the twenty-seventh day of August at Carrier Mills, Illinois occurred the wedding of Mr. Hobert Whiting and Miss Pauline Organ. The bride was one of the popular members of the class of '24 and has a wide range of friends on the campus. The groom is the brother of Loren Whiting, a former student at the S. I. N. U. The Egyptian expresses the best wishes and congratulations of the student body to the young couple.

An Old Curio

Waiter—"The inn is historic. Everything here has a romantic legend."

Customer—"Yes? Please tell me about this curious coffee and this antique cake. No doubt they have a quaint story."

The Lady—"Well, I'll give you a dime—not because you deserve it," but because it pleases me."

The Tramp—"Thank you mam. Couldn't you make it 50 cents and thoroughly enjoy yourself?"

Breathes there a man with soul so dead who never to a cop has said,

When past the limit he has sped, "Gee, why don't cha pinch the guy ahead?"

Leta Clark—"They say football players usually turn out to be railroad men."

Mildred Barter—"Yeah, they're so used to training."

Teacher—"Mr. Clark, have you done your outside reading?"

Bruce Clark—"No, it has been too cold."

G. A. A.

The Girl's Athletic Association is the largest and one of the peppiest girls' organizations that girls interested in general athletics should belong. The purpose of the Association is to improve the health, develop sportsmanship, promote interest and in general, sponsor all school activities. All girls of the school are eligible

for membership. The Association sponsors basketball, tennis, baseball, and all girls' athletics and awards "N" letters to the championship and all star teams in these various sports. It is based on the point system. To win a large "N" a girl must have one hundred fifty points and when she has won three hundred she wins a G. A. A. pin, a final emblem of honor.

**JUST AROUND THE CURVE**

Every road has its curve, and it is the part of wisdom to look to what is ahead. Last year started out with something missing—we never did locate the trouble—but found it again and finished up with a "bang!" This year the school promises well. May it continue smashing records as it has begun to do. With a fine new driveway almost completed, bright prospects of our new "gym" getting underway, Literary and Debating clubs, the "Y" Associations and others booming, we see nothing to prevent our triumphant march on old man "Winter Term." That is, we see nothing in the way—unless students fall down somewhere. To you who may read this, we have only to say that "what you receive from the Faculty and School, depends on what they receive from you." Honest work and earnest desire, work in and for the various organizations can bring a worthwhile sense of accomplishment, an afterglow that gives reason why you should love the school and would hate to leave it now—and take a joy in coming back to visit it some years from now. We see ahead a year that we hope will shine in the history of the school, and we leave it to each and every one to make each day a red-letter day on the calendar.

**WESLEY FOUNDATION**

The Methodist students with the help of some of the faculty and the pastor of the First Methodist Church re-organize the Wesley Foundation each year for the Methodist students or any others that are interested in this organization.

During the last year regular monthly meetings were held in the Zetetic Hall during the Chapel hour. Socials were given at the church and in every way possible the organization tried to make life more pleasant for the students.

The Wesley Foundation took upon itself the responsibility of organizing and conducting the Junior League, also to be of help to the Sunday-

school, Epworth League and the Church.

The plans for this year are to be of still greater service to the students in their every day life.

Other denominations of this school have similar organizations and will be glad to welcome students to their meetings.

Red McLaughlen What's a phenomenon?

Kenneth Pyatt—Well, if you see a cow in a field, it's not a phenomenon—  
 If you see a bird singing it's not a phenomenon—

If you see a thistle in a field, it's not a phenomenon—

But if you see a cow on a thistle singing like a bird in a field.—That's a phenomenon.

**CALLS**

**MISS RUTH WILSON MARRIES NORTHERN ILL. MAN**

Friends of Miss Ruth Wilson, Class '24, who were expecting to meet her at school this fall were surprised to hear of her marriage.

She was united in marriage September 6, to Byron E. Howland of Tampico. The ceremony took place at the home of the bride's parents of Ashley. The young couple left for St. Louis where they spent a few days and went from there to Springfield, Peoria and other points in northern Illinois before going to their home in Tampico where Mr. Howland is in the automobile business.

Students are urged to patronize Egyptian advertisers.

**SCHOOL GOSSIP**

Cecil A. Miller, formerly of James Millikan University has registered here as a senior. We are glad to have him as an addition to our senior class.

The old students will notice, by the changed appearances and the new students will notice by the sound of the working machinery, that we are having a new driveway added to our campus. Our pleasure at having this driveway can never be estimated.

Last Friday night a number of old Socrats returned to their alma mater for the first meeting of the Socratic Society. The visitors were Berna Miller, Virginia Neftzger, Gail Boynton, Alene Neftzger, Lester Buford, Glenn Ayre, Clarence Fegley and Herman Luse. On Saturday night the visitors with other members of the "ol gang" enjoyed a weiner roast. After "eats", songs were sung and stories were told as the merry crowd gathered about the camp-fire. The former students hope to make many more visits back to S. I. N. U.

**"PUTTING IT OVER"**

The Zetetic Society will present the three act comedy drama "Putting It Over." A play full of humorous situations, and terse interest holding crises. The time of the playing of this comedy is two and one quarter hours.

"Putting It Over" is a story of two engineers, two girls, and two fathers.

One of the two engineers steals the plans of the second and is awarded a contract, belonging to the second. The first engineer is not man enough to put the plan over, so he blows the job with the daughter of the contractor. The second engineer turns up and like Mike and Ike, they look alike, he is mistaken for the first. The crooked contractor offers him five thousand to go away—the second girl offers him her friendship if he will stay. He'd like to stay—but five thousand is some item. Does he stay? Come and see.

The time and place of the present action of this play will be announced later, both by poster and by announcement in chapel. Every one is invited. There will be no admission charged but the play will be given at a regular meeting of the society. Don't fail to come out.

The cast of this play is one with both experience and ability. It is as follows:

- Tom Browne—The Chief Engineer.....
- ..... Carl Smith
- Jack Stewart—Up Drew the Plans....
- Colonel Lane—A Heavy Stockholder.....
- ..... Cary Davis
- Lannon—A Contractor.....
- ..... Tom Wittenberg

- John Browne's Vallet Le mon Wells
- Daintry—Foreman at the Dam.....
- ..... Robert Marherr
- Eva Lane—The Colonel's Daughter.....
- ..... Sylvia Reiss
- Torrence—Lannon's Daughter.....
- ..... Roberta MacCrock n
- Mrs. Lane-Turner—Eva Lane's Aunt
- Juju..... Lucille Coulter

**SIGMA ALPHA PI**

The first and only fraternity of the S. I. N. U. Campus has begun its third year. In the past two years Sigma Alpha Pi has been quite a noticeable factor in making S. I. N. U. a better and a greater college. Its policies remain unchanged.

In spite of several difficulties prospects are bright for a very successful year. Fewer members returned than had been anticipated and a majority of the men graduated last year. Four members who will reside in the fraternity house have returned to shoulder its numerous responsibilities. They are Gaithel Pence, Louis Shannon, Oral Harrison, and Robert Hartley. Lewis H. Williams, Orville Carrington and Harley Mowery, resident members of Carbondale, are also lending helping hands.

The Boys are truly fortunate in having Dean Wham succeed himself as their faculty advisor.

Roscoe Pulliam '20, superintendent of schools at Staunton, Illinois, has made a significant and scholarly contribution to the Classical Magazine on "Taxation in the Roman Republic." The article appears in the June number of that periodical.

ORGANIZATION OF A PEP CLUB

Did you ever see a fellow who never had any pep? He didn't make things move because he didn't have any incentive and the chances are that he didn't leave any mark in the world.

The president told us in chapel last week that we have good prospects of a great football team this fall. The fellows are working hard now, and they're going to work hard when the games are played. It takes something else besides those players to win a game. All the students must let them know that we're for them and that we'll support them. They will work for us and bring honor to our school and take all the hard knocks together with the broken ribs and noses if we'll only let them know that the whole school is back of them. They've got to have encouragement from us. Your presence on the football field will help. But just going out there and waving your silk handkerchief will not do much good. They will not be looking at your silk handkerchief or your hat for they are watching the other team. They can't see us for they haven't time to look at us, but they have ears. The yelling will let them know we are right there. If we yell about like crickets they are going to be about as weak as crickets, but if we go out to the field and roar like lions for them, they're going to fight like lions.

And don't you think we need some practice? They're practicing every day and why can't we train our lion voices so we can help them win the games? If we let them know, now that we're behind them, they'll practice that much harder. The only way to do that is to organize a pep club and organize it now. And let everyone join with the slogan, "Win Every Game". We've got to win every game and the team can't do all the work. We've got to have a pep club to help them fight. Come on, everybody, and let's fight for them. We can yell so loud that the train whistle will sound like crickets.

Three cheers for a pep club and we'll win every game.

STUDENTS

We welcome you come in and get acquainted

WILHELM DRUG CO.

THE FORUM

There is a vacancy in the Forum for about nine or ten members. Last year twelve members of the Senior class received their diplomas from the Forum, also this year three or four old members have failed to return to school. There has been about four or five suitable applicants received already but there is room for nine or ten more if they have these requirements.

First, You must be of Junior College standing.

Second, you must have a special interest in public-speaking and debating.

Third, You must be able to carry four hours work throughout the year. The membership cannot exceed twenty-five. If interested see the Forum Membership Committee.

CLYDE L. STEWART.

Pres. of the Forum.

DOINGS OF THE SOCRATS

One of the interesting features of the Socratic program Friday night was a play entitled "Sauce for the Goslings." This was enjoyed by a large audience. Next Friday night Mr. Felts, our "old-timer" will give a talk. The exact nature of his talk is not known, but judging by his former talks, we know it will be interesting. There will also be one or two musical numbers, ending with a stunt which is very, very deep mystery. Everybody come out and hear Mr. Felts talk and see this great mystery solved.

"I want a bowl of tomato soup, ordered a man who had seated himself at the table in the restaurant, "a plate of beans, bread and butter, a piece of apple pie and a glass of water."

The waiter shouted in the tube as follows:

"One splash of red noise, platter of Saturday nights, dough well done with cow to cover, Eve with lid on and a chaser of Adam's ale!"

A Convenient Store for Students

It will help you to start the fall term of school off right by getting better acquainted with the firm of McPheeters, Lee & Bridges.

## The Alumni Bulletin

It is the purpose of this department of the Egyptian to give news of interest from week to week concerning former students of the S. I. N. U. Graduates and others are urged to keep us informed about their doings. Your school, your class and the great body of the alumni would like to keep in touch with you through the columns of the Egyptian. We are always glad to hear of your achievements and your success. This department is a news-letter which will go weekly to hundreds of your friends. Its success will depend upon how cordially you support it. Let us hear from you.

Prof. Edward V. Miles Jr. '17 has been granted leave of absence from the S. I. N. U. for the Fall term to continue his studies at University of Chicago. He will complete his work for a bachelor's degree and return to resume his teaching here after Christmas holidays.

The second number of the Pope County School News has come to the editor's desk. It is in all respects an excellent school paper edited by the highly efficient County Superintendent of Pope County, Mr. Claude V. Parsons '23. This number of the paper carries the announcement of the annual county institute for Oct. 1 to 4 with Prof. W. O. Brown and Dean Geo. D. Wham as instructors.

The members of the Senior College Class of 1924 have made a splendid record for themselves the first year after receiving their degrees. Of the twenty-five members of the class two are continuing their education. John Hunsaker at the University of Florida and F. G. Grizzell at the University of Illinois.

Hamilton Hale attended the University of Southern California during the summer and will coach athletics at Marissa this year.

Dilla Hall spent the summer at Chicago University. He is instructor in the Physics department of S. I. N. U.

Elbert Worrell is county superintendent of Johnson County and May S. Hawkins is serving her fourth term in the same office in Pulaski County.

W. H. Schafer is superintendent of schools at Dongola; Earl Kennedy and W. J. Zahnow hold similar positions, the former at Ava and the latter at Ashley. Arthur Cox is grade principal at Carbondale.

The High schools of Southern Illinois, however, have claimed the greatest number of graduates. Of these

Enis A. Wilson is principal of West Frankfort Community High School and William Fitch is principal at McClure. Ransom Sherretz teaches Biology at Coalmsville; L.O.A. Street, Latin at Kimmunity; Tillie Sturm, Biology at New Athens; Emma Buck English, at Anna-Jonesboro; Vera Adams, Latin and English at Nashville; Bertha Cape, History at Eldorado; Ada Cherry, English at Murphysboro; Madge Phipps, English at Carmi, and Edith Geare History at Ava.

Gladys Hickey surprised her friends shortly after graduation by getting married. She will make her home at Willisville where she formerly taught in the high school.

### ANTHONY HALL

Several of the girls that roomed at Anthony Hall last year have returned, they are:

Lucille Coulter.  
Josephine Daszko.  
Freda Wise.  
Leone Smith.  
Genevieve Owen.  
Lucinda Huck.  
Lorraine Huck.  
Mary Wilson.  
Effie Lloyd.  
Cleta Klotz.  
Celeste White.  
Nell Bond.  
Thelma Hartwell.  
Hazel Pyatt.  
Lorene Sturm.  
Anna Merz.  
Ina Tibble.  
Kate Sturm.  
Mildred Gaston.  
Nora Marie Hall.  
Mary Loomis.

There were 42 Seniors in the Hall last year and they are missed by the old girls, also the others that did not get to return this year.

The new girls are already grasping the Hall spirit of co-operation and friendliness; and we feel that this year will be a great success.

Anthony Hall has kept her record and has gone 100 per cent for the Egyptian.

### CAPT. "BUGS" LAMAR (Continued From Page One)

fense for the first touchdown, intercepted a pass on the 20-yard line and raced 40 yards for the second touchdown of that memorable game.

Now, in the second year of his football career at S. I. N. U., the indications are good for a record-breaking team and there is little doubt in the minds of the coach and the student body that Glenn will do more than his share in molding the team into a

working unit that will at least equal any in the Little Nineeen.

Not content with his prowess in grid togs, "Bugs" has attained a popularity in campus activities that is rivaled by few in recent S. I. N. U. history. Popular alike with student and teacher, Lamar is considered a pupil of more than average standing. It has often been stated that it is impossible for an athlete to contribute as much to other campus activities as his classmates who are less fortunate in the sport world. Lamar has done much to prove that this is not necessarily so. So here's to Lamar—may he continue to be alike successful on the gridiron and in the classroom.

### "CO-OPERATION"

Webster makes very clear to us the meaning of the word "Co-operation." May it be said of the students and Teachers of the S. I. N. U. that the work during the year '24 and '25 has been in obedience to that definition. Two cow boys were once riding along a shady lane and during the course of their conversation, one of them spied a hornet's nest on an overhanging limb. He challenged his friend to pick it off with his back snake. His friend refused, saying,

"There's entirely too much co-operation in that nest." Of course we don't want to be called a hornet's nest, but we do want that fine spirit of co-operation, working together, and that for the purpose of maintaining our good name.

"My College certainly takes an interest in its graduates," said Jones to Smith.

"How's that?" ask Smith.

"Why, here I get a note from the editor of The Egyptian saying he will be glad to hear of the death of any of the alumni."

**EPSILON BETA SORORITY**

The Epsilon Beta Sorority entertained rushees with a house party over the week-end preceding registration. The following members were back.

- Blanch Dollins, Benton, Illinois.
- Verna Childres, Mounds, Illinois.
- Audrey Edwards, Cairo, Illinois.
- Helen Duslie, Mounds, Illinois.
- Regina Chance, Mounds, Illinois.
- Ada Cherry, Mounds, Illinois.
- Leona Guirl, West Frankfort, Ill.
- Martha Heid, Cairo, Illinois.
- Mary Iva Moefeld, Harrisburg.

The rushees enjoyed a north Poh dinner Saturday evening. The icicles hung from the walls of the dining room while the center piece for the tables was miniature snow mountains the top of which was a frozen lake.

The Girls were entertained with a slumber party following an evening spent in dancing, games, etc.

The next afternoon found the new house president busily pouring tea for more rushees. Tuesday evening brought the close of rushing week.

Now eight pledges stand ready to obey the commands of the elders.

- Leta Clark, President.
- Edna Dollins, Vice President.
- Nellie Carson, Treasurer.
- Gertrude Gains, Secretary.

**WEE WUNDER**

Have you a vaccination scar?  
When the moon was young did the sky rocket?

Why Loren Anderson likes to kid everyone?

How do you like the old school now?  
Did you ever have a "crush" or a "thrill"?

If Leap Year is the cause of some fellow on the campus acting so different to the girls?

What is your definition of love?  
Who is this fellow called "Bud"?

Have you noticed our new drive-ways?

Why Ercell Purnell is so worried about his practice class?

Did you ever "Look at the moon" on a cloudy night?

Does Santa Claus let an Eskimo hit lawn or does he cut it with an icicle?

If the new students like it at S. I. N. U.

Don't you think A. Byron has wonderful eyes?

Why is Sam Lively called "Emelle"?  
Who is that good looking shiek in school this term?

Why Lucille Coulter is always in a hurry?

What do you wonder?

Evelyn Williams is teaching in the Clara Barton School in Alton.

Luella Williams is teaching in the Bunker Hill High school. The H. S. Faculty there is 100 per cent S. I. N. U. graduates, Herman Sparr, Annabelle Wall, and Luella Williams.

**Y. M. C. A. NOTES**

The Young Men's Christian Association of the S. I. N. U. is a union of the students and faculty for the following purposes:—

- 1.—To lead students to faith in God through Jesus Christ.
- 2.—To lead them into membership and service in the Christian church.
- 3.—To promote their growth in Christian faith and Character especially through the study of the Bible and prayer.
- 4.—To influence them to devote themselves in united effort with all Christians, to make the will of Christ effective in human society and to extending the Kingdom of God throughout the world.

No greater purpose can be set forth by any other organization. Neither does any other organization on the campus, lift men up to loftier ideal. Its influence is more than is realized at a glance. The Y. M. C. A. organization here in this College has extended its influence all over the whole Southern Illinois. Students are in attendance here from nearly every county South of the middle of the state. They come here and fall under the able directions of this organization. They in turn, extend their influence to the many schools where they go as instructors.

Every College Camps has its problems to solve and of course the Y. M. C. A. does its part in these various colleges, but here at the S. I. N. U. we have a greater problem than any other college in Illinois.

First, because we have much more territory to spread our influence for we are the only college in Southern Illinois with said organization.

Secondly, because here teachers are trained, and they must be morally fit as well as mentally fit before they are counted as such.

The Y. M. C. A. of any college does not mean just the president and his able body of officers, but it means that you should join us if you are in sympathy with the organization, and feel that you can help us in any way. We need a strong organization here on this campus, so we as members and officers here from nearly every county South of the middle of the state.

First, because we have much more territory to spread our influence of the said organization do kindly ask that the student body and faculty will cooperate with us in making this year a banner year for the Y. M. C. A. "In union there is strength."

Carl Smith—What's the next piece?  
Mr. Jacquish—National Emblem, March.  
Carl Smith—Good night. I just played that

**MISS RUE RETURNS**

**FROM EUROPE TRIP**

Miss Julia Rue, for several years a member of the S. I. N. U. faculty and for two of three years matron of Anthony Hall, has returned from over a year abroad. Miss Rue has been visiting in her native land.

During the coming year she will teach in the Teachers College at Minot North Dakota. Miss Rue was offered a like place in Cape Girardeau Teacher's College but those of us who know her well will remember her likeness for the N. D. climate.

**CUPID'S DART FAILED NOT**

We are told that one of our talented gentlemen acquaintances in the school has taken on the cloak of matrimony. Now wasn't he lucky! And what is more, no complaints have been made yet. He really doesn't want us divulge his name, but it won't ruin his reputation we know, so we'll merely state that if you care to learn the particulars ask Robert Hartley.

Pat.—Got a thumb tack?

Mike—No, but I've got a finger nail.
