This Article is brought to you for free and open access by the Daily Egyptian 1934 at OpenSIUC. It has been accepted for inclusion in September 1934 by an authorized administrator of OpenSIUC. For more information, please contact [opensiuc@lib.siu.edu](mailto:opensiuc@lib.siu.edu).

### COUNCIL TO BEGIN LECTURE PROJECT IMMEDIATELY

STUDENT REPRESENTATIVES APPOINTED LAST FRIDAY MORNING

To enable the School Council to start work immediately on the lecture-course project, the several classes of the college met last Friday to elect their representatives. The council will begin activities on the new project immediately. The senior class elected as its council representatives, Jane Federer of Carbondale and Allen Graves of Herrin. The juniors selected Virginia Spiller of Carbondale and Lavern Tripp of West Frankfort. Sophomores will be represented by Betty Vick of Carbondale and Robert Boyle of Carbondale.

The freshmen appointees to the council are temporary. They are Margaret Cick of Carbondale and Vernon Hicks of Harrisburg. Permanent representatives from the freshman class will be named later in the term. The council will continue this year to supervise the student programs which are given in chapel every Friday. These programs, inaugurated by the Council last year, afford the students an opportunity for platform experience, and at the same time provide a variation of the usual chapel routine.

### Statistics Show 74.8% of Graduates Are Now Placed

According to figures from the office of Dean George D. Wham, Chairman-Secretary of the Appointments Committee, placements to date of graduates of the class of 1933 are as follows: Of the 151 persons graduated from the two-year course, 113 have reported themselves placed, a total of 74.8 per cent of the entire number. This includes 89 in teaching positions; 11 in attendance at school, here or elsewhere; and 3 in other occupations.

Of the 127 persons graduated from the four-year course, 88 have reported themselves placed, a total of 69.2 per cent of the entire number. This includes 79 in teaching positions, 2 in attendance at school, here or elsewhere; and 7 in other occupations.

### Faculty, Students Provide Programs For Ava CCC Camp

Most do not realize how much out of school service is rendered to worthy causes by the faculty and students of Southern Illinois Teachers College. As an illustration the Egyptian wishes to report the programs provided by faculty members and by students belonging to the glee clubs, the band, the orchestra, and the commercial club to the men of Camp Glenn, the CCC camp near Ava.

### Egyptian Joins Associated College Press Service

The Egyptian has affiliated with the Associated Collegiate Press and will carry its reorganization section as a weekly feature all year. In addition to the regular picture section of the Collegiate Digest, the publication will carry this year a news feature which will embrace old traditions, unusual events, famous graduates, educators in the limelight and odds and ends of interest to the undergraduate world. Students of S. I. T. C. may contribute photographs of campus interest, as well as feature stories to be submitted to the Collegiate Digest.

### Little Theatre to Conduct Tryouts Tomorrow Night

Tryouts for the fourteen acting vacancies in Scout and Fred Little Theatre will be held in Room 103 of the Chemistry Building at 7:30 tomorrow evening. The tryouts, details of which are posted on the bulletin board outside the English office, are to consist of one prepared and two extemporaneous parts. Mrs. Mce C. Trevilian Smith, Miss Julia Jonah, Mrs. Edna Cowling Marberry, Mr. Robert Dunn Fane, and Mr. Wendell Margrave will serve as judges.

Robert Boyle, the sophomore featured as "matinee idler" in the 1933-34 Obelisk, was elected president of the Little Theatre at its first meeting Thursday evening. Mr. Boyle has played in such campus productions as All's Fair, Hay Fever, and The Importance of Being Earnest. Elizabeth Anne West and Frances Noel were elected vice-president and secretary-treasurer respectively.

Passages to be used in the prepared tryouts are marked in books which have been placed on reserve in the library. Men applicants should obtain one of the following to memorize:

1. The Emperor Jones in the play of that name (Tucker, Modern Plays pp. 350-1)
  2. Sam in Milestones, same volume
  3. Domine in Pals First, pp. 46
- For women applicants are the parts of:
1. Elsie in To the Ladies, pp. 41-42
  2. Gertrude in Milestones (Tucker, Modern Plays, p. 294)
  3. Muriel in Milestones—p. 312

The qualifications committee of Little Theatre will be in charge of tryouts. Anna Lee Moore will read women's parts and Robert Boyle those of the men and applicants. If prospective applicants have difficulty getting books, Miss Julia Jonah, in the English office, will supply them with substitute readings. Besides the passages, each applicant will also be asked to read one or two short passages at sight.

With fourteen chapter members eight acting vacancies remain for men, six for women, and two for the technical staff. The removal of a member of one of these three divisions automatically creates a vacancy to be filled in that division.

If tryouts show exceptional talent a waiting list will be maintained for the club, which may be filled without further tryout. Anyone wishing a technical tryout should apply to Karl Bauman, head technician, or Miss Jonah.

### Faculty, Students Provide Programs For Ava CCC Camp

Most do not realize how much out of school service is rendered to worthy causes by the faculty and students of Southern Illinois Teachers College. As an illustration the Egyptian wishes to report the programs provided by faculty members and by students belonging to the glee clubs, the band, the orchestra, and the commercial club to the men of Camp Glenn, the CCC camp near Ava.

### Egyptian Joins Associated College Press Service

The Egyptian has affiliated with the Associated Collegiate Press and will carry its reorganization section as a weekly feature all year. In addition to the regular picture section of the Collegiate Digest, the publication will carry this year a news feature which will embrace old traditions, unusual events, famous graduates, educators in the limelight and odds and ends of interest to the undergraduate world. Students of S. I. T. C. may contribute photographs of campus interest, as well as feature stories to be submitted to the Collegiate Digest.

### MUSIC DEPARTMENT OF COLLEGE ORGANIZES FOR YEAR'S WORK

The four divisions of the S. I. T. C. music department have been conducting tryouts for the past week. The personnel of each section is now fairly definite:

**ORCHESTRA**  
Twenty new members have been added to the personnel of the orchestra for the fall term. The orchestra, under the direction of David E. McIntosh, includes a total of sixty members.

The string section is larger than usual this term, particularly in the division of violins. There are twenty-eight violins now, whereas the number of those instruments was formerly twenty.

Mr. McIntosh predicts a good orchestra this year, despite the loss of several outstanding members who were graduated last spring. The new members have already received considerable talent. The orchestra plays in chapel on Monday, Thursday, and Friday of every week. The band plays each Tuesday.

**BAND**  
Although the band tryouts are not yet complete, thirty-six students have reported thus far and a final membership of seventy-five or so will soon be selected. According to Mr. Wendell Margrave, director, a lot of good material is available. It is impossible to give complete information concerning individual prospects this early in the term, but several have distinguished themselves already, and these will be expected in the final personnel.

In the clarinet section, Thomas Miller of Harrisburg and Lena Doris Watson of Carbondale are extremely capable. There are many promising trombone players, including John Gunn from Harrisburg, Udine Braun from West Frankfort, Hubert McCall from Marysville, Graydon Weber from Marion, and William McGinnis of Carbondale.

### S.I.T.C. Radio Club Applies to Synton For Membership

Although a comparatively recent organization, the Radio club has taken a big stride toward serious recognition, having applied for membership in Synton, national radio fraternity. According to Dr. O. B. Young, sponsor, national membership should be granted sometime during the winter term. This teacher's college group will be the first in the country to make Synton. Eight of the Big Ten schools have chapters.

To become a member of Radio club, an applicant must be able to qualify for a license. Four students now enrolled have licenses: Lowell Davis, Goodwin Peterson, Ernst Armes, and Frank Ebbos.

### Rhetoric Classes Will Use Local Model Handbook

A book of model paragraphs for freshman composition has been prepared by Dr. Charles D. Tenney and Mr. Robert Dunn Fane, assisted by the other members of the Department of English, and is being introduced in the beginning rhetoric class this fall. Quoting Dr. Tenney, "We are making up our own models this year and thereby from an economic standpoint, are saving money for all students taking English 101." The book of model paragraphs has been carefully prepared and is distinguished by the inclusion of many appropriate selections.

ward Gropel of Jerseyville, and Robert Simpson of Marion, show considerable promise. Gerald Daniels of Murphysboro and Keith Wentwood of West Frankfort are good drummers.

The band does not have a drum major yet. Glenn Mathis, drum major last year, has gone to the University of Illinois. Marion Wilgus of Harrisburg, and Robert Knowles of Ellettsville are trying out for the position. Because of the low supply of uniforms, the marching band will be limited to forty members this year.

**MCDOWELL CLUB**  
The McDowell Club, the mixed chorus of S. I. T. C., lists a membership of sixty for the new college year. This is ten more than last year, but Mr. David S. McIntosh, director, states that he expects the new number to be more satisfactory since it allows for greater tone quality.

Seventy-five students tried out for the chorus. Out of the sixty selected, several are old members. There are five old members in the tenor section, five in the soprano, four in the alto, and four in the bass.

McDowell club rehearses on Tuesdays, Wednesdays, and Thursdays in rooms from four to five o'clock.

**ROLAND HAYES CLUB**  
Fifteen old members of last year's membership of twenty-four have reported for rehearsals in the Roland Hayes chorus this term. Mr. Wendell Margrave, director of the chorus, asserts that several able singers have tried out for the nine vacancies which are to be filled. Indications are that the club this year will come up to its usual high standard of excellence.

Of the several particularly good singers in last year's Roland Hayes chorus, only one or two will not be back this year.

### College Classes Elect Officers for Year's Work

Class elections of officers took place earlier than usual this year, when balloting was held immediately after chapel Friday.

The seniors elected Louis Bertoni president of their class. Mr. Bertoni has been exceptionally active in athletics on this campus, having been a star player on the football team for three years and co-captain during his junior year. In addition he has maintained a constant five-point average in scholarship. Robert Reeves, also well-known in athletic circles, was elected vice-president, and Elizabeth Ann West was chosen secretary-treasurer. Miss West is associate editor of the Egyptian and vice-president of Strut and Fred Little Theatre.

Russell Emery, prominent in athletics, was elected president of the juniors. Emery was the vice-president of his class during his sophomore year. The juniors elected Gordon Bedds, vice-president, and Barbara Jane Scott as their new secretary-treasurer.

The sophomores chose only their student representatives to the School Council at their meeting. Election of their other officers will be held sometime this week.

The freshmen are to be given a chance to get acquainted with their classmates before electing their officers. Several parties will be held to stimulate acquaintanceship. Temporary student representatives to the School Council were appointed at last week's meeting.

### CWES Positions At the College May Employ 170 Students

Sixty-nine women and eighty-five men in the student body of S. I. T. C. have been assigned to positions under the Civil Works Educational Service. The total permissible allotment for this college is 170. The regulations are that no student on the C.W.E.S. list shall work more than eight hours a day or no more than thirty hours a week. The maximum salary is fifteen dollars a month.

The local C.W.E.S. students have resumed work on the new athletic field which was this summer taken over by the F. E. R. A. Students of this college are also employed at clerical work, research study, library work at Wheeler and the City Libraries, and technical work in laboratories. C. W.E.S. students also supervise the administration of the entire service.

The plan last spring provided that the faculty members turn in the time sheets on Thursday afternoon, so that the students could receive their checks Monday. This provision will likely be followed this year.

Appointments to C.W.E.S. work were made by dividing the student group into four classes: men enrolled in college in January, 1934; men not enrolled at that time; women enrolled in college in January, 1934; and women not enrolled then. The appointments were distributed as nearly equally as possible among the four groups.

Considerable work has been done by Captain William McAndrew, Dean Leah K. Woody, and Mr. Edward V. Miles in placing the students in the various positions.

### Stein Appointed National Editor of "Shield" Publication

At the National convocation of Delta Sigma Epsilon held in Santa Barbara this summer, Miss Hilda Stein was appointed National editor of "Shield," the society's quarterly publication. She will take the place of Mrs. Robert S. Hill, who resigned to become national president. Mrs. Orley F. See is retiring president.

Miss Stein was the first to be inducted into Alpha Delta chapter, and was one of its founders. For several years she has served as its sponsor, and for two years has been general chairman for the new convocation of Delta Sigma Epsilon. Although her duties as national grand council member interfere from activities as sponsor, Alpha Delta chapter will not elect another to fill her vacancy. Miss Emma Bowyer will be its only faculty adviser.

### Oregon Committee Selects Text By Prof. L. C. Petersen

The book of Professor L. C. Petersen, "101 Metal Working Projects," was recently selected by the educational board of Oregon to be included in the state list of books for school libraries. This book has met with a favorable reception in England as well as in the United States.

### WILLIAMS ELECTED TO MEMBERSHIP IN NATIONAL SOCIETY

Miss Gladys Williams, head of the Art department, recently received word that she has been elected to membership in the American Archeological Society at Washington, D. C. Membership in the organization will permit Miss Williams to attend two of the society's meetings, which are held in the American Embassy at Washington.

### FALL ENROLLMENT SHOWS LARGE FRESHMAN CLASS

TOTAL FIGURE APPROXIMATELY 1460, NEARLY ONE-HALF ARE FRESHMEN

Enrollment figures for the new term show the second largest freshman class on record at this college. Out of the total enrollment of 1460 at the present time, 792 are freshmen. This is 120 more than were in last year's beginning class.

The sophomore class this term is unusually small, numbering only 400, or 150 less than last year. The Junior class is about the same size this year as it was in 1933, but seniors show an increase of seven with a present listing of 120 compared with their 113 of last fall.

The full term usually has the heaviest enrollment of the entire college year. The tendency to drop in the latter term is, however, counteracted by the enrollment surge at the mid-spring term. When the teachers come into the college at mid-spring to continue their college work, the enrollment figures jump to a figure which nearly parallels the fall term record.

### Sixty-Five New Pledges Added to Greek Groups

The first week of fraternity and sorority fall rushing has brought a total of sixty-five new pledges to be identified on the campus. This number includes the largest group of freshmen affiliates with a Greek organization since their introduction into college—the total of matriculated pledges being fifty-four.

Chi Delta Chi has pledged the following sixteen men: Charles Mound, St. Carmel, H. E. Atherton, Mounds; Joe Layton, Mounds City; James Gunn, West Frankfort; Edward Karr, Herrin; George Halliday, Ellettsville; James Gray, Zionsville; Harold Penrod, Dongola; J. Brown, Charles Baggett, Anna; Charles Pulley, Jane Dickey, William McGinnis, Karl Fowler, Lowell Hill, Edwin Eberhart, Carbondale.

Kappa Delta Alpha, organized last year by this college, announced a pledge of nineteen men, including those held over from last year who will be initiated with the new group: Lewis Barton, Bunker Hill; Frank Samuels, Glenn Fulker, St. Carlsville; Vernon Crane, Brookfield, Missouri; Seaton Pearson, Nelson Randle, Centraia; Kevin Wentworth, Laverne Tripp, West Frankfort; Eugene George, Cypress; Robert Swann, Marlin Lawell, Bill Phillips, Benton; Barney Bell, Johnston City; Harold Budge, Bunker Hill; Russell Reid, Harrisburg; Max Rex, Chicago; Hoyt Lemons, Tom Kennedy, Paul Tippy, Carbondale.

The largest group of pledges distinguished by the green and white of Delta Sigma Epsilon. The twenty-one who have been formally pledged are: Susan Ffran, Maxine Steiner, Benton; Helen Hayes, West Frankfort; Betty Lee Hayes, Chicago; Christine Jane Alton, DeSoto; George Lockie, Carlsville; Aledine Showmaker, East St. Louis; Mary Elizabeth Wright, Kate Burkhardt, Bernadeen Avas, Marion; Betty Berry, Ashley; (Continued on Page Four)

TO THE COUNCIL

The School Council for the coming year has been asked by President H. W. Shryock to supervise the arranging of lecture programs. This is a responsibility which warrants their careful attention.

The need for stimulating lectures and meritorious entertainment has been conspicuous in this college for some time. Several attempts have been made in recent years to bring good speakers to the campus, but these attempts have in the greater part been only spasmodic.

The School Council must arrange a sufficient number of programs, and they must bring speakers whose presence and whose message are valuable.

The Egyptian stands ready to lend its support to whatever steps may be taken in the right direction.

PLEASE DON'T WEAR IT

Our annual suggestion to the freshmen is more apropos than ever this year, according to observations made thus far. The suggestion is that high school honor letters be left off your sweaters and jackets now that you have come to college.

MIND YOUR ADAGES

The farmer who learned not to put all his eggs in one basket was a wise man. Just as wise was the person who learned not to bite off more than he could chew.

The student who loses himself in the field of music, forensics, or dramatics, etc., to the exclusion of all other interests injures himself no less than the student who dabbles a little in everything and becomes, at the end of college, a "jack of all trades" with skill in none.

Music clubs, debating, literary societies, science clubs, Little Theatre, publications—all present opportunities. Exploit your interests. Choose wisely. Make your activities pay value received.

DO YOU LIKE IT?

The Collegiate Digest rotogravure section which the Egyptian carries in this issue will be a regular feature of the paper for the rest of the year. Its aim is to give to the students of a particular college a definite idea of what other colleges are doing.

CONGRATULATIONS!

The four classes of the college have done quite well in the School Council elections this year. With such a list of capable members, the Council should be able to function quite smoothly in the accomplishment of their several tasks.

WHOL' BE THE SPHINX?

The Egyptian is at present without a Sphinx columnist. The column has been a traditional part of the paper for the past seven years, and for that reason there are many who would not like to see it discontinued.

If the writer is a member of an organized house, whether it be a fraternity, sorority, dormitory, or rooming place, he tends to give more space to the persons who live on the same house than to other persons on the campus.

A "names" column is by its very nature rather juvenile, so that columnists find it necessary to be daring in order to be paid. It is better to be daring than to be timid, but again the writer must discriminate and avoid rankness.

We point out that the rules of good journalism are not favorable to "names" columns, and few persons would contradict the statement that these columns are inclined to be high-scholarly. But it is also an accepted fact that most people like to see their names in print.

One Hundred Fifty Students Attend Socratic Meeting

An attendance of one hundred and fifty students broke all records for an opening night crowd at the Socratic Society last Wednesday.

The program introduced the new Socratic trio, billed as Grop, Wuff, and Willie. Wayne Barker and the Willis twins make up this trio. The other members were a rhythm dance by Ruth Stephens and a violin solo by Oeta Good.

Swain, Barbour To Give Mexican Program for Zetets

Robert Swain, matriculating student will make his first public appearance as a student on campus at the Zetetic meeting to be held at the Zetetic building. His initial recital will be a group of Mexican and Spanish selections. Mr. Swain, who studied several seasons in St. Louis and also under his father, a former member of the St. Louis Symphony orchestra, lived in Carbondale and attended the Allen training school. His father, Mr. Ralph Swain, was a former member of the faculty.

Miss Frances Barbour will speak on her impressions of Mexico, where she spent last summer, attending the Seminar conducted by the Committee on Cultural Relations with Latin America and making several tours of the country.

After the program, election of officers will be held, and the plans for reorganization will be discussed. A limited membership plan has been suggested, and all students interested are urged to attend.

LINGLE PURCHASES NEW HOUSE IN CARBONDALE

Mr. Leiland Lingle, a member of the Physical Education department, has recently purchased a new four-room house. It is situated at 424 West Jackson. Although he has made no definite plans as yet, Mr. Lingle's intentions are to remodel the home.

MAY BERNICE BOOMER ENTERS MUSIC SCHOOL AT NORTHWESTERN

May Bernice Boomer, who has completed two years of work here, entered the School of Music of Northwestern University yesterday. She will live at Hobart House, one of the two honor houses in the sorority quadrangle occupied by advanced students with high scholastic records.

THE STUDENT MIND

Question: What do you think will be the outcome of the nearing gubernatorial election in California? John Connor Austin.

Contrary to the opinions of many, I see no way of preventing the election of Upton Sinclair as the next governor of California with Roosevelt, and his theorist platform will gain him many votes.

As the rabble will rule this election, this Democrat with his radical beginning and leanings will be elected so as to make use of the political "potage" he has promised and to make him free the "hero" of the Preparedness Day bombing.

This movie mad state will take Will Rogers' advice and go the way of Maine. Laverne Hemmer.

The thoughts forementioned in my mind, when questioned about the coming race for governor of California, are these: Will Sinclair's theories stand the test; will Tom Mooney be freed; and is this the answer to the possibility of a new social and economic order in America? Seriously, I do believe that, as yet, the working class is too inclined to be indifferent and it will take many more years to bring them to the idea that their life might be made easier. Therefore, I firmly believe that Sinclair's nomination on the Democratic ticket, will be a deciding factor in the election of a Republican governor.

Clomara Deek: Considering the success of the New Deal, the liberalism of the people of California, and Sinclair's majority in the primary, I believe that the coming election will be a definite swing to the left.

TEN YEARS AGO AT S. I. T. C.

One new member has been added to the faculty. Mr. Dill Hall, a graduate of S. I. T. C. is now in the Physics department. Edward Miles, an instructor in the Commercial department, is attending Chicago University, and will not be back on the teaching force until the beginning of the winter term.

Six hundred fifty students registered between the hours of 7 o'clock and 10 o'clock Monday morning and at 4 o'clock Tuesday the number had grown to 1053. This breaks all records for the fall term enrollment, the largest ever enrolled before being 888.

Captain McAndrew started football practice three weeks ago and has more than fifty out. There is plenty of good material this year and the prospects are excellent for a real football team.

The first and only frat unity of the S. I. N. U. campus has begun its third year. In the past two years Sigma Alpha Pi has been quite a noticeable factor in making S. I. N. U. a better and a more cheerful college. The boys are truly fortunate in having Dean Wham succeed himself as their faculty adviser.

The Zetetic society will present the three-act comedy drama, "Putting It Over," playing time two and one-quarter hours. The cast includes Carl Smith and Cary Davis among its troupers.

DR. CHARLES TENNEY TO SPONSOR FORUM

The Forum met Tuesday night and selected Dr. Charles D. Tenney as its new sponsor. The society will meet again next Tuesday night at 8 o'clock. All members interested in debating are invited to attend. The program for the year will include open discussions and intercollegiate debating.

HENRY By R. B.

At last! A use has been found for the Egyptian. A picaresque portion of the Egyptian Staff interestingly observed a lot of freshmen.

Rush into the Egyptian Office and dash out with an Egyptian. The over-worked portion looked at Each other and encouraged smiles appeared on Their usually bitter Features. Sad disillusionment! The freshmen Were using the Egyptians to Wrap up new garments whose Luster The pouring rain might Dim.

Conversation between President Roosevelt and Upton Sinclair during their recent meeting at which President Roosevelt stated, political discussion was barred:

President Roosevelt: How do you do, Mr.—What was the name? Mr. Sinclair? Of course. Oil or novels?

Upton Sinclair: Why, novels, Mr. Roosevelt. Surely you know me. I'm from California, and I'm the Democratic candidate.

P. R.: Novels. Well, well, and what novels have you written lately?

U. S.: Really, Mr. Roosevelt, I haven't been writing much lately. You see, I've been busy with politics.

P. R.: Didn't you write something about trees? Our forestry department is badly in need of some one capable.

U. S.: The Democrat in California.

P. R.: But I suppose your novels do keep you busy. What was the name of that forestry book?

U. S.: The Jungle. Now, Mr. Roosevelt, the coming election will—

P. R.: The Jungle. Nice name. I've always wanted to tramp through a jungle. My wife's uncle could tell you about jungles. He used to hunt lions in Africa. Hardly ever got any, poor fellow; he was a Republican. But he certainly could describe those jungles. Did you have lions in your book, Mr. Sinclair?

U. S.: No. Cows. But now Mr. Roosevelt, I really must tell you about—

P. R.: Cows? Lions would have been more appropriate, I think, but after all, you can't milk a lion, can you?

U. S.: Mr. Roosevelt, won't you please tell me something to repeat to the California Decease.

P. R.: Well, goodness, Sinclair, I certainly have enjoyed our little chat. Nice of you to discuss your book with me. I'm sorry I'm going to be so busy the next few years. Otherwise I'd ask you back. Well, goodbye. Goodbye.

We Were terribly afraid that Someone would fix the Sidewalks of Carbondale While we were gone. But no! They are still the Same. They are so beautiful This way.

The girls one gets Stagnate, suddenly off their Mindful sluff.

Are good for one's Liver. Then, too.

They also interest to a Not-normal stroll.

Has not time for Moodiness.

When one is wondering what One will step into a nice deep Squashy mud puddle.

Or crack a pin against a small size Brick-yard.

Kappa Phi Kappa Discuss Project of Speakers' Series

Kappa Phi Kappa held its initial meeting September 13. Business matters were discussed and a tentative program was laid for social affairs for the forthcoming year.

Plans were discussed for a series of dinners with speakers to discuss various matters of educational interest.

CHI DELTS ELECT ROBERT TURNER AS NEW PRESIDENT

Robert Turner of Chicago has been elected president of Chi Delta Chi fraternity to fill the vacancy left by the resignation of Henry Stroman, who is not-enrolled in college this year.

Mr. Turner is advertising manager of the Egyptian, and former vice-president of the fraternity. William Morawski of Christopher was selected as the new vice-president of the chapter when Turner was promoted to the presidency.

BOOK REVIEW

Pair of Blue Eyes, By Thomas Hardy.

In a region of dream and mystery located on a Wessex border, Thomas Hardy begins another of his tragic yet beautiful novels about a young lady who found out that life was complicated, and that men were just one big disappointment.

This young lady with the blue eyes was called Elfrida Swancourt, and led a comparatively short life. She was pious and virtuous, and had she lived a century later, would have been an asset to any community. She surprisingly preserved blind kittens which ought to have been drowned, as well as wrote for her father, the vicar, his Sunday sermons which read like a United States weather forecast.

It was no wonder then that Elfrida, so alarmingly inexperienced, was impressed by a certain minister from London town, who appeared on the scene to remodel the village church house.

Although awkward in the techniques of love-making, the romantic architect soon won the heart of young Elfrida and then asked for her hand, which the vicar was delighted to refuse. Love is a point an element was necessary, but the journey from Plymouth to Paddington allowed enough leisure for infatuation of any sort to cool, and on arriving at London the lady had completely changed her mind. The two returned the next morning unsober, by anyone but a certain Mrs. Jewstone, the village gossip.

Smith then consulted his homopalm Harry Knight, and left for India after making his lady love promise to wait for him. An inconspicuous act of imprisonment. In the meantime Elfrida amused herself by writing a book of chapters were simply devoted to impossible tournaments, tow-ers, escapades, etc., and deceived herself into the belief that it was a pleasure to receive Smith's fiery old love letters until Harry the "pal" visited Swancourt, and urged on by Elfrida, fell in love with her himself.

Perhaps Knight was not shaped by nature for a marrying man, or perhaps it was because Mrs. Jewstone the gossip informed him of the wild and wicked character of his girl, but Knight betook himself. Years later the two men met, and decided to dedicate the rest of their lives to the girl's happiness, and returned to the village only to find that Elfrida was being buried that day. Each felt that he must have caused the heart break which brought about her death until informed that practical little Elfrida, upon losing both of them, immediately married herself to the wealthy Lord Lessington.

Maybe it was her blue eyes—who knows? Hardly, in this, again lies all his characters, be ruled by outward circumstances instead of their own wills. It might be well worth your time to see some of our football games.

Inter-Fraternity Council to Meet On October 3

The Inter-Fraternity Council, organized last winter, and composed of representatives of Chi Delta Chi and Kappa Phi Kappa will hold its first meeting Wednesday, October 3. Chi Delta Chi will be represented by Howard Moorman, Alvah H. Homan, Robert Turner and Dr. R. L. Beyer, while Kappa Delta Alpha will have Richard Wittenborn, president of the council, Don Brummet, Mr. Robert Dunn Paner, and the other capable members, the Council should be able to function quite smoothly in the accomplishment of their several tasks.

The rushing and pledging rules which were prepared by the Council last year were in force for the first time this fall.

# OVER ONE HUNDRED MEN REPORTED FOR FOOTBALL TRYOUTS

FIRST GAME OF SEASON TO BE WITH ST. VIATOR FRIDAY, SEPT. 28

Having over one hundred men out for football, the largest number in the last few years, Coach McAndrew and his players are looking forward to the first game of the season with St. Viator. This game will be played a week from this Friday.

With such returning stars as Co-captains Holder and Morawak, Frindle, Wolfbarger, and Emery, of last year's eleven and newcomers like Kennedy, North, Vinson, and Smith, Southern's chances of having a strong team this season seem good.

Kennedy, former Carbondale Community star athlete is expected to make a strong bid for the vacant halfback position. Kennedy can punt, pass, and is a good open field runner. North, 180 pound Carterville lad will probably give Wolfbarger competition for fullback position. North can block and is a sure blocker. Emery has been scarce at S. I. T. C. for the last few seasons he may be what McAndrew is looking for. Vinson, another backfield man was one of the shining lights of Marion's high school eleven last year. Smith, who learned how to play football at Harrisburg, is a guard "embody" play out to years on the Fall-Marionville Teachers' College team before matriculating at Southern.

The Maroon and White squad was dealt a severe blow during the first week of practice because of the rain, and if Old Sol doesn't shine amply in the future, the Teachers may not be in top-notch condition for the first game.

S. I. T. C.'s eight games this year represent one of the toughest schedules the Maroon have had in a long time. There is not a single soft spot on the entire list of contests.

## Apple Knockers Play For Opening Of Commerce Club

For the opening of the Chamber of Commerce tomorrow night, several live features are scheduled. The first of these is the Apple Knocker band from Anna, while Mr. Oscar Day, whistler, is another. Arnold Ray Thomas, vocalist, completes the musical part of the program. As usual, three reels of moving pictures will be shown.

All students are urged to attend this meeting.

## Y. M. C. A. Organizes Year's Work; Will Put Out Directory

Despite the loss of two of its officers, the work of the Y. M. C. A. is going forward this year with better prospects than it has ever had before, according to Mr. Charles Farris, the sponsor. The work of compiling the Student Directory, a task which the Y. M. C. A. performs each year, is well under way, and the organization hopes that it may reach the students at an earlier date than it has in previous years.

Plans for the future were made at a meeting held last Thursday but were not disclosed, although it was estimated that the Y. M. C. A. is engaging in more activities this year than it has formerly assumed.

Officers for the coming year will probably be elected at a meeting next Tuesday. This year, the Y. M. C. A. lost its president, Vaughn Davidson, and its secretary, Donald Casper. The incoming officers are: John Mingo, vice president, and Fred Treese, treasurer. Gordon Dodds is serving as acting secretary.

Directory cards for the purpose of obtaining religious data from the students were issued in chapel Thursday morning. This data will be distributed to the pastors of the various churches in Carbondale.

Dr. Stengall spent the summer on the Pacific coast. She divided her time between Glacier and Rosemead national parks.

## Sofball Leagues Include College People on Teams

There has been organized in and around the vicinity of Carbondale two softball leagues, namely the National and American leagues. Each of these leagues is composed of six teams, all being from Carbondale with the exception of three, two of which are from Du Quoin and the third from Murphysboro. The organization has only been in operation one week, but during that time has created a sufficient amount of interest among townspeople and college students alike to warrant its continuance. Since it has been in operation such a short time no valid predictions can yet be made as to the final outcome. However, the Fire Department is off to a good start in the National league, while the Tie Plant and the New Era have risen to positions of prominence in the American league.

A goodly number of faculty members and a still larger number of students have been notified among the participants, and if the enthusiasm is such that it will be deemed worth while an entire team will be made up from the faculty. So the coming season will probably be the formation of several student teams, with the idea in view of arranging engagements with the Profs.

A lighted field has been obtained for the games. Two are played each night. The season will continue as long as weather conditions shall permit. It is hoped that enough interest is created to substantiate the renewal of the leagues next summer.

## Gridiron Echoes

By M. L.

When Bona of Cape; Blazene, Henry, and Wager of Wesleyan; Betsourne of St. Viator; Murray of Old Normal; and Wilson of McHenry play against Southern this year will be the worth watching. Blazene and Henry have made the All-Little Nineteen teams for the past three seasons, and Murray was leading scorer of the conference last year.

If all the aspirants stay out, Southern should have plenty of reserve football material this season. One hundred and five gridiron men were issued suits the first week.

There is already some talk of S. I. T. C. winning the conference championship this year and the spirit among the players runs very high. Spirit plus confidence is one of the greatest factors needed for a good team.

Last year's backfield captain, Ralph Davison, will still have something to do with Southern's team this year even though he is ineligible to play. Davison will coach the pea-patch warriors.

## Tumbling Teams Begin Practice; 12 Veterans Back

Because of unusual interest evinced in tumbling this year, the gym team began practice Monday. This was about a month earlier than usual, Coach Di Giovanni said.

About twelve veterans are reporting to Coach Di Giovanni and his assistant, Alpha Jennings, former University of Illinois gym captain. Among the returning athletes are Donald Evans, parallel bars star; Bob McCall, all round performer, and Carl Taubner. The remaining places on the squad of twenty will be taken by new men.

New equipment, including three safety belts, has been added. This year's exhibitions will feature some novel stunts. Basing his remarks upon the eagerness of the veterans and new-comer alike to begin practice, Coach Di Giovanni predicted an especially good year for his gymnasts, whose activities continue until next spring.

## LITTLE NINETEEN TEAMS AIM TO DEFEAT WESLEYAN

TITLE HOLDERS LOSE THIRTEEN LETTERMEN; RETAIN STAR TACKLES

With their biggest aim to dethrone the Illinois Wesleyan as champions, all Little Nineteen conference football squads began preparations for the oncoming gridiron season at the opening of the school year with vigorous action.

Wesleyan, which has won the conference title for the past two seasons lost thirteen lettermen by graduation and eligibility and its chances of repeating do not seem so bright. However, Coach Elliott still has Blazini and Henry, his all-conference tackles for the past three years and with these and five other returning regulars the Titans can be counted on as being tough foes for any conference team.

Going on last year's showings, Illinois Colleges, Old Normal, Millikin, Bradley Tech, Monmouth, and North Central seem to have the best chances of replacing Wesleyan as league champions. Reports from Illinois College say that one of the best football eleven in years will trot upon the field this season.

DeKaib, with Nori, its 150 pound backfield ace and a great number of returning veterans will be as strong as in previous campaigns, and St. Viator has plenty of heavy material and may make a strong bid for the conference honors.

Usually there have been one or two teams which have been outstanding and were almost certain to be at the top, but with all the teams about evenly matched it is believed that there will be a scramble this year for the championship and the team that wins the conference title will be justly deserving of the title, "Champions."

## W. A. A. To Entertain Freshman Girls With Hobo Hike

The W. A. A. is sponsoring a Hobo Hike to be held on Wednesday afternoon at 4:15.

For the past two years this hike has been quite successful. It is the first of a series of hikes to be taken by W. A. A. girls and prospective members.

Notices as to when volley ball, hockey, and tennis tournaments are to be held, will appear in a later issue of the Egyptian.

## New Football Field Nearly Completed; Estimated at \$15,000

The new S. I. T. C. football field, upon which work was begun during the last school year, is almost completed. The field, which was a CWA work relief project, was estimated by Captain McAndrew to have cost about \$15,000.

The field will probably not be used this fall, but will be available next autumn. The cinder track surrounding the field will be used for track meets next spring. The track, upon which thirty-four carloads of cinders have been placed, is receiving a final application of screened cinders, about three-fourths of which have been applied.

The college has furnished all of the material for the new field, while the laborers have been paid from CWA and work relief funds. It is planned to add a practice field for football, tennis courts and a softball field to the new tract. The old athletic field will be made over into a baseball diamond, as soon as the new gridiron is in use.

## With The Graduates

EMIL WIGGINS

Emil Wiggins, '34, has been named assistant football coach, head track coach, and instructor of mathematics in the high school at Kirkwood, Missouri. Kirkwood is a suburb of St. Louis. On this campus Mr. Wiggins was a member of the varsity football team and the track squad.

Dwight Carr '33, who is at present the principal of the Irvington high school, was married July 28, 1934 to Miss Margaret Nichols, who prior to her marriage was secretary to City Attorney Glenn Brown.

Vernon Anderson, who received his degree this spring, is now employed in relief work in Randolph county. "Red" was president of the Sigma Phi Mu fraternity during his senior year.

Maurie Taylor, a graduate of the class of 1934 is now teaching in the Elizabethtown high school, attended the University of Chicago this summer at Chicago. She did work on her master's degree.

Louise Durham Frazier, former secretary of Dean Wham, has received her master's degree at the University of West Virginia.

Margaret Anderson, ex-'35 was one of the representatives of the 4H clubs of Illinois to receive a trip through the east with a few days stop in Washington, D. C. Miss Anderson is now attending the University of Illinois where she is working on her B. S. degree.

Robert Healy '34 is employed in relief work in St. Clair county. "Bob" was an active member of the Forum, and is a member of Kappa Phi Kappa fraternity.

Iola Whitlock ex-'36 is now a student at St. Murray. Iola will be remembered as the "blues singer" of the Zetetic Society and the Strut and Fret organization.

Victor Farlow ex-'36 is entering the University of Illinois this fall.

## High School Notes

The enrollment in the high school stands at about seventy at this time.

The appointment as business manager of the University High basketball team has been given to Clarence Logan.

A high school physics class has been inaugurated and the eight students enrolled herein are being taught by Mr. J. H. Schroeder.

tirely without financial compensation.

All faculty members were willing to take part to the extent that their services were needed. Those who did take part from one to four times are the following: Mr. R. E. Muckleroy of the Department of Agriculture; Mr. S. E. Boomer and Dr. O. E. Young of the Department of Astronomy and Physics; Dr. W. M. Bailey of the Botany Department; Dr. K. A. Van Lente, Dr. J. W. Neckers, and Dr. T. W. Abbott of the Chemistry Department; Mr. T. L. Bryant of the Commercial Department with his Commercial Club; Mr. R. M. Nolen of the Economics Department; Dr. W. A. Thairman of the Education Department; Mr. R. D. Fanner of the English Department; Mr. F. W. Cox of the Geography Department; Dr. C. H. Cramer, Dr. R. L. Beyer, and Mr. J. I. Wright of the History Department; Mr. L. C. Petersen of the Department of Industrial Arts; Mr. D. S. McIntosh and Mr. Wendell Margrave of the Music Department with the members of the various musical organizations; Captain William McAndrew of the Physical Education Department; Dr. W. G. Swartz of the Political Science Department; and Dr. Willard Gersbacher representing the Zoology Department.

## LOST AND FOUND

### LOST.

A bill fold containing \$9.00 and Charles Moon's athletic ticket. Dr. Mary Staggall lost a white sold bar pin with a small stone set in it.

Boyer Clark lost a pocketbook containing \$8 in bills on or near the campus, Thursday. Reward. A black Sheaffer pencil. Finger return to the President's office or to Harold Beary at 502 South Normal.

A tan square coin purse containing \$2.47. Lost by Mildred Walker in the Main building, Thursday morning.

A small brown coin purse with over \$6.00 in it.

### FOUND

John Guinn found a purse. These articles have been turned in at the President's office:

A rhetoric work-book, Practical Aves in the Rudiments of English. Howell Samuel's name is on it.

Virginia Spiller's assignment card.

Virginia Harting's transcript and cards.

A black v-neck hat.

A handkerchief with money tied in one corner of it.

A French Review Grammar with Miss Helen Baldwin's name on the fly-leaf.

A red fountain pen and handkerchief.

A belt to a dress.

"It's better to have loved and lost than never to have loved at all"

It's better to try Diamond DX even once, than never to have that delight. But the fact is, if you try it once, you will want it always.

## Power to Speak To Latin-Americans Tomorrow Night

The Latin-American club will hold its first open meeting tomorrow night at seven o'clock on the third floor of the Chemistry building. The feature of the program will be a discussion by Miss Eather M. Power on her summer trip to Mexico. Miss Power toured Mexico extensively and has brought back some interesting examples of native art. She also has firsthand information on Mexican conditions and affairs.

The Latin-American club was organized last year by J. Ward Barnes and a group of charter members who were interested in the social sciences and particularly in Latin-American relations.

At present there are several vacancies in the enrollment, due largely to the graduation of former members. These places will be filled as soon as qualified candidates are found. All those who are interested in tomorrow night's program or who wish to submit their names for consideration as members are cordially invited to attend.
