Sauter-Finegan Orchestra To Play For 1953 Homecoming

Negotiations are nearing completion for the signing of the Sauter-Finegan orchestra for SIU's 1953 Homecoming concert and Dance, October 31. Although the contract has not been signed, the Steering Committee has had reasonable assurance that the orchestra will be here for the event, according to Bob Etheridge, faculty advisor of the committee.

The Sauter-Finegan orchestra is the most of the combined efforts of two men who were behind the distinctive music of Benny Goodman, Tommy Dorsey and the late Glen Miller.

They are Ed Sauter and Bill Finegan, two of America's leading arrangers. Between them, they have probably done more to establish and shape modern band music than any other musical personalities on the current scene.

Sauter, formerly with Benny Goodman, was responsible for the music of the "Swing Kings" of his famous arrangements. Finegan, who has written countless scores for Tommy Dorsey and other top bands during the past ten years, was the musical genius behind the Glenn Miller aggregation for the four years that it existed.

Now, with their own orchestra, they have come up with a brand of music which as they explain it, "can best be summed up in two words — 'color and mood.'"

Everything they do is an attempt to create a certain mood that is consistent with the composition and a certain color that blends in with the mood. All of this, with a strong beat, will give the public what we think is good and dramatic music.

Sauter and Finegan point to their years recording as illustrative of their musical aims. Each, they say, offers something different in color and mood. Among their recorded sides are the following: "April In Paris," "Rhapsody In Blue," "I'll Be Home For Christmas," "Nina News Knew," "Moonlight on the Ganges," "Love Is a Simple Thing," "M'd n'igh t' Sleighride," and "When Hears Are Young."

Financed with the Sauter-Finegan orchestra, will be the new band led by Swetland and Mundell Lovel, Bobby Nichols, Andy Roberts, and Mousy Alexander.

Handpicked by Sauter and Finegan, the musicianship, the new band from a unit admirably suited for an actual precision section, will play Sauter-Finegan arrangements.

The lineup includes three trumpets, three trombones, five saxes, who also double on flute, piccolo, oboe, English horn, bassoon, clarinet and recorder; piano, bass, drums, guitar, harp and tuba; and, in addition, a special precision section consisting of xylophone, marimba, Chimes, triangle, celeste, tympani, and various percussion instruments, including snare drum, cymbals, and triangle.

"Whatever style or identity our band has, grows out of our own writing," the band leader states. "We have included, for example, live percussion, without artificial gimmicks, so that we'll sound the same in person as well as on records."

Clayton To Speak At High School Conference

Charles C. Clayton, author and assistant editor of the St. Louis Globe-Democrat, will be the featured speaker at the Southern Illinois High School Press Association meeting at SIU Sept. 25-26.

The conference will begin at noon Friday when students from area towns register at University school. Donald R. Grubb, director of SIU-SPA will welcome the students at 2 p. m., followed by an address by University President Delte W. Morris. Panel discussion will round out the afternoon activities.

Addressers from high schools will attend a banquet at the University cafeteria. Pi Delta Epsilon, SIU journalism fraternity, and the Social Senate will serve as hosts at the mixer and banquet Friday evening at 7:30 in the Student Union.

Saturday morning exhibits of school publications will be on display in University school lower level for the delegates to inspect. Both Britton, Egyptian editor-in-chief, and Jim Aiken, managing editor, will lead a student panel discussion at 9 a. m. while Grubb conducts an adviser's breakfast and meeting.

At noon all delegates and advisers will attend a luncheon at the university cafeteria followed by the main address by Clayton. Luncheon entertainment will be provided by the SIU Student Speakers Bureau and the AF ROTC.

From 1:30 until 3 p. m. there will be more exhibits and panel discussion. All delegates will convene as a general assembly in University school auditorium where the last story contest winners will be announced. The conference will adjourn at 3:30 p. m.

Montague Makes A Hit On New Student Assembly

Sidney Montague, former member of the Royal Canadian Mounted Police, kept the freshman assembly audience spellbound last Thursday morning as he related his "adventure in happy living" for them.

Montague, who spent six years in the Canadian Mounted, mixed philosophy with his humor as he described his early training and recounted some of the adventures which he has as a resident of the Canadian north.

"Your philosophy is not the way you think, but the way you live," Montague said.

Montague related his experiences in tracking down law-breakers and living with the natives of northern Canada. At one time he was lost 27 days in a blizzard. Then, he said, he learned much about the simplicity and strength of the Eskimo philosophy of life.

He lived up his talk with saying that we should all attempt "to give a little, learn a little, create a little, live a little and love a little."

We should put into each day as many of these things as possible, he said.

SIDNEY MONTAGUE, former Canadian Mountie, who had met Montague when he was on campus last spring, saw him again this summer in Alaska, where the two met by chance on an Alaskan highway.

Women's House Council To Hold First Meeting

The Women's House Council, which is composed of elected representatives of the women on campus, will meet Thursday for the first time this year in the club room of the Student Union at 10 o'clock.

The big event coming up for Women's House Council this year is their sponsorship of the Revlon College Board clinic on campus November 24 and 25. A lecture demonstration on make-up and grooming will be given the first day for all women students. The second day will be possible for women students to have consultation and help with their own individual problems during their free periods.

The Women's House Council is a discussion group where the various representatives exchange ideas, solutions to problems, and represent their house in co-operative projects such as the Revlon clinics. All representatives will be represented on the council. Women with less than ten in their house can also have a representative by combining with other houses who also have less than ten. The council will be headed by Mrs. Lorena Ott, assistant in the Dean of Women, the grouping of these houses with less than ten required ten residents will be done as soon as possible so that these girls will be represented on the council.

Flying Club Meets Tonight

All "flying" lovers, novice along with experienced, and curious-minded individuals are invited to the first Southern Flying Eagle Club fall meeting, tonight in room 107 Park Johnson Lab at 7 p. m.

This "flying club" has a growing membership since it was first organized in 1951. At present, John Keller, senior, Washington, Ind., is the president. Meetings are held monthly, and are focused around movies and lectures concerning principles of flight, navigation, and air history. Individual attention is given to all air problems encountered while a student is taking flight instruction. A new constitution was introduced in 1952.

Sig. Way, a member of the ROTC staff, is sponsor of the club. The organization is not part of the ROTC group on campus, but members of the ROTC who are contemplating "cadet training" after graduation are invited to join.

The club has ten to twelve male and female flying enthusiasts alike. Joyce Allen, senior, Bunker Hill, received her private license through the club during the 1952 school year. She has logged over 60 hours of flight time recorded in her log book. She, as well as other members fly for the sport and thrill of being in the air.

All flying lessons are given at the University in Carbondale. Local and cross-country trips are completed with this airplane. Because of the growing membership, tentative plans are being made to buy another new airplane for more hours of flying.

The club has not encountered any accidents since the club was organized. Qualified instructors, Roger Lockhead and Elliot Ketter, are on hand at all hours at the Municipal Airport to give the proper flying instructions to the members.

ISA Elects Bill Phelps President

Bill Phelps, Carbondale junior, was elected president of the Independent Student Association Executive Council at an organizational meeting Thursday, Sept. 17.

Bill has been active in the ISA, served as a group leader during New Student Week, is Student Chairman of the 1953 Leadership Conference, and is co-chairman of Homecoming Parade arrangements.

Other members elected to the Executive Council include: Bob Gill, Mr. Eric freshman, vice-president; Pat Miller, Nashville sophomore, secretary; Earl Walker, Danville sophomore, treasurer; Wynona Smith, Chester senior, social chairman; Sally Brockman, Breese junior, membership chairman; a d Jim Holland, Colcoona freshman, and Norman Dail, Wellstone, Ohio, freshman, political action co-chairman. Mary Ann Narusis, West Frankfort senior, was appointed official publicity chairman.

The organization held an open organizational meeting Monday for benefit of prospective members. Meetings will be held weekly in room 300 every Monday at 10 a. m., Allin Building, and are open to all independent students.

The ISA will sponsor a luncheon Thursday as the first social activity of the year. Wagons will leave from the flagpole at 6:30 and 7:00 p. m. Changes will be made of 35 cents to those students not holding membership cards.

Leadership Conference Begins Friday Afternoon

Southern's 1953 Leadership conference will meet September 22-26 at Giant City Park. The conference will convene 4 p. m. Friday, at the residence halls. Old Main, University school, and Southern Acres.

The conference is sponsored by the Student Council and this year will mark the first time it will meet off campus. The conference is planned to bring group leaders together to discuss individual and mutual problems. Raising money, spreading leadership participation, and university cooperation will be major points of emphasis. Discussions, however, will be open for all types of problems and suggestions, according to Dr. Betty Goetzl, director of student activities.

The barracks at Giant City have been reserved for dormitories for Friday night. The university cafeteria will serve the meals, and Dr. Freeberg of the Men's Physical Education department will help plan a campfire and additional recreation throughout the weekend. The Student Council is helping to finance the expenses and each person attending will be asked to pay one dollar.

The kick-off speech Friday night, the Social Senate is sponsoring a picnic. That evening groups will be formed to discuss leadership problems which they have in common. A campfire and refreshments will end Friday's activities.

After breakfast Saturday morning the discussion groups will continue their work. The closing session will be held Saturday afternoon.

The number attending the conference has been limited to 150. Upperclassmen will be given priority in the first-come first-served basis however, there will be room for at least 40 freshmen.

Bill Phelps is chairman of the conference. Nan VanMatre, a d Barbara Beal, other Student Council members, are serving on the conference committee.

SIU To Have 25 Foreign Students For Fall Term

As in the past years, Southern is again welcoming foreign students to the beginning of the fall term. Last year 24 foreign students came to Southern. This year it was expected to be around 30, but due to last minute change of plans several of the students will not be here. When all the students have arrived, there will be about 25.

Many of the students have already arrived and are on campus. Gloria Fuenmayor, Philippines, will be a graduate assistant in the English department. Also from the Philippines is Conuelo Rezas, who will be graduate assistant in the government department. Here from Korea is Paulik Choi, Southern has received two Rotary scholars, Carlos Vedugo, of Chile and Mario Santos of El Salvador. Coming from Lebanon is Khalid Ribhani. The other two students known to be here are Ernie Fial of Israel and Shihadh Kandah from Jordan.

Besides the students that have arrived, many more are expected. In their way are Norbert Mayr from Austria and Supata Kesarcod of India, who is the niece of Mrs. Mohini Murdhar, who went to Southern but now has returned to India. Also expected are students from England, France, and Bolivia, will be represented. The exact number that will be here won't be known for some time, as they keep coming in from day to day.

The new students won't be the only new students on campus. Remaining from last year will be four students from Jordan: AN Shuhair, Fahmi Dabbah, Fair Daqqaq, and Richard Pottner. Zahir Sweel will be here from Israel to finish his education. Miss Sara Al-Sayid, Marie Antoinette Unterreiner from France, who is a graduate assistant in foreign language, is continuing this year. From Iraq boys Saad Jaber and Salim Al-Jarba are returning.

Edgell says that freshmen are especially urged to try out for cheerleaders as ten will be selected. Six will be chosen from the campus and four will serve as substitutes. Candidates for cheerleading are to sign at the information desk at the Student Union.

Judges for the contest will be a member of the athletic team, two faculty members, and three Student Council members.

A pep club will be organized again at SIU this year according to Edgell. Membership will consist of about 75 to 100 students. Transportation to away games and reserved sections at home games will be projects of the club.

The initial meeting of the pep club will be announced this evening at the cheerleading contest.

SIU To Have Movie Series

Faculty members and students may drop their suggestions for films to be shown in the "Movie Hour" program in the campus mall, addressed to the Audio-Visual Aids Service, according to Donald Ingle, director of Service.

Although the definite schedule of times and movies to be shown has not been completed, the program will be run on much the same basis as it was last year.

Foreign and American films will be shown every other Monday at 7 and 9 p. m.

Students will be admitted to the movies upon presentation of the activity ticket. Non-holders of activity tickets may purchase season tickets on semester basis with at least eight films being shown each semester. The price will average out to 25 to 30 cents per showing.

The movies will be shown in the University school auditorium.

Co-recreation Program Begins Tomorrow Night

This year's co-recreation program will open tomorrow night at 7 o'clock in the Women's gym. The program is sponsored by the WAA and the members will receive five tickets. Included in the activities will be volleyball, badminton, shuffle board, table tennis, and bowling.

"Co-Rec" is, as the name implies, open to both men and women students. The only requirement is that the student bring his own tennis shoes in order to use the basketball floor.

It Soon Will Happen

Tuesday, Sept. 22—Chess Club, 7 p. m., Student Union.

Wednesday, Sept. 23—Singing and Swing, 7 p. m., Aligned 202.

Wesley Fellowship Party, 7:30 p. m., Methodist church.

Thursday, Sept. 24—Intermission Relations meeting, 7 p. m., Student Union.

Women's House Council meeting, 4 p. m., Girls Rally, 6:30 p. m., Main 207.

Friday, September 25—Leadership Conference begins at Giant City Park Saturday, Sept. 22—Kappa Omicron Phi Luncheon.

Sunday, Sept. 27—Women's House Council Tea for women students at Woods Hall.

Tuesday, Sept. 29—Chess Club, Student Union, 7 p. m.

Committee Holds Tryouts Tonight For Cheerleaders

Cheerleaders will be chosen tonight at McAndrew Stadium at 7 o'clock. This will be followed by scrimmage between varsity and reserves at 7:30. All students are welcome for both tryouts according to Edgell, chairman of the Student Council pep committee.

Edgell says that freshmen are especially urged to try out for cheerleaders as ten will be selected. Six will be chosen from the campus and four will serve as substitutes. Candidates for cheerleading are to sign at the information desk at the Student Union.

Judges for the contest will be a member of the athletic team, two faculty members, and three Student Council members.

A pep club will be organized again at SIU this year according to Edgell. Membership will consist of about 75 to 100 students. Transportation to away games and reserved sections at home games will be projects of the club.

The initial meeting of the pep club will be announced this evening at the cheerleading contest.

Trustees Change Departments V and P Splits Up To Form Three New Sections

The SIU Board of Trustees has taken the first step in the reorganization of the College of Vocations and Professions by making three separate schools of former V and P departments.

Burnet Shrock, chairman of the department, is acting director of the new Division of Fine Arts, including the art and music departments.

The newly-approved Division of Communications will include the departments of journalism and speech with Dr. C. Horton Talley, chairman of the speech department, as acting head. Dr. Talley said he would remain in his position as speech department chairman as he anticipates no changes in the near future. The radio department will still be affiliated with speech.

The agriculture department, the University farms, and the Illinois Horticulture Experiment Station have been combined to form the Baldwin farm and it has been installed in Shroyck Auditorium. Mauris Kesar, chairman of the music department, said today.

Kesar said the walnut-finished instrument, "One of the finest electronic organs manufactured," will be made in the music department organ lessons for the first time to a limited number of students.

Four speakers for the organ have been installed in the balcony and another, behind the stage. The organ will be heard at the stage and in the chimes in the balcony.

Purpose of the new units were:

Division of Communications: "to serve as the instrument of the University for developing schedules, providing instruction, and simulating research in the effective use of such communicative media as public speaking, television, radio, newspapers and magazines, and to provide service work in this field for other educational units that require it."

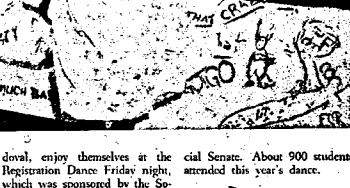

Division of Fine Arts: "to serve as the instrument of the University for the direction of training and the stimulation of creative and professional work in fine arts, and to provide service work for the other colleges, schools, and departments of the University insofar as such departments are able to assist them in their programs."

Division of Rural Studies: "to serve as the instrument of the University for providing instruction in agriculture, forestry, and other activities directed toward the rural development of Southern Illinois."

In other action, the board approved a graduate program in psychology, including a master's degree, and a health science curriculum for the training of public health sanitarians. Graduate courses in psychology have hitherto been offered by the department of guidance.

Dr. Henry J. offered by the department of guidance.

Purpose of the new units were:

BILL STEARNS, sophomore from Sturgeon, Mo., and Leanna Brethaupt, sophomore from Sandoval, enjoy themselves at the Registration Dance Friday night, which was sponsored by the Social Senate. About 900 students attended this year's dance.

Our Opinions

On Trial

Have you ever seen 3,000 people on trial? No? Well, look around. See that fellow over there, and the girl sitting beside him...

of the obligation to be thoughtful in the use of the Student Union. At the dedication of the building...

magazines and personal belongings shown about the Student Union, apparently because they think someone else will take up for their laziness. After all, we have a janitorial staff, don't we?

TELEPHONE EXCHANGE employees are shown at the changing of the shifts. The recent enlargement of the campus switchboard facilities entailed the hiring of full time employees and two student employees, all shown above.

Telephone Exchange Enlarged University Adds New Switchboard, Eight Lines

Major improvements have been made this month on the University's telephone service, and with the new installations, the operators will be able to handle the college telephone traffic faster and easier. Last week 20 trunk lines were installed to connect the campus exchange with that of Carbondale...

Debate Squad Prepares Tonight For '33 Season

Debate season preparation begins at 7:30 tonight with a meeting in Speech barracks I for all interested in trying out for this year's squad. "We welcome all students who feel they might be interested," says Dr. Albert Croft, forensics coach...

Don't Blame The Goldenrod Ragweed Is The Real Hayfever Gause, Says Kaplan

To blame goldenrod for hay fever is malign an innocent plant, says Dr. Leo Kaplan, assistant professor of botany at Southern Illinois University. Ragweeds are the real culprits in this area, he said. When the flowering season arrives about mid-August, the air fills with their light pollen and millions of hay fever victims across the country go through an annual period of agony.

Outstanding SIU Students Receive Scholarships

Awards of scholarships have been made to several outstanding SIU students according to Mrs. Alice Reuter, Supervisor of Student Employment. The Illinois Congress of Parents and Teachers Association scholarship which is awarded annually to an honor student in the Sophomore of Junior class has been awarded to Hallie Mae Hallman Hoffarth...

World News In Brief

Condensed from the AP Wire Service. What are we charged with? Slowness. Yes, slowness, repeatedly committed in a public place, without provocation and without justification. The evidence? Briefly, since the opening of the Student Union during spring term, there have been numerous continued violations of reserve weakness — a chronic affliction — but on the whole, they figure their squads are progressing fairly well despite the task of preparing double-duty performers.

SIU Students To Publish Magazine

What sprung up as an idea among some students last year is soon going to be reality. Last year a group of students interested in writing got together, and decided that the campus needed a literary magazine. The idea was started by Goette Springer, who graduated last year. The group was helped by the English department, and especially by Dan Schneider and Dr. Henry Will, who are the sponsors of the new magazine.

Geology Club Meets To Plan Field Trip

Plans were made for an all-club field trip to Big Cave at Harrisburg, the flowerpots mine at Rosclair, and other locations in that area at the first meeting of the Geology Club Thursday night. The trip is designed primarily for freshmen majors in geology. The date was tentatively set for the first weekend in October.

Johnson Hall Has House Party

"Let's Spend the Evening at Home" was the theme for Johnson Hall's combination house meeting and get-acquainted party Monday night, Sept. 14. Betty Mitchell, social chairman, was in charge of the evening's entertainment. Mrs. O. J. Carlock, housemother, spoke on "What Every Daughter Should Know," and Sue Alice Marston, president, talked on "My Dream for '33 and '34."

Girls Rally To Meet Thursday Evening

Girls Rally, student service organization, is having an open meeting Thursday at 7 p. m. in the Student Center. The staff is composed of: Mrs. F. W. Johnson, secretary of the club, urges all girls interested in belonging to Girls Rally to attend this meeting, since Fall is the only time girls will be pledged.

AMERICAN LEAGION scholarships have been awarded to two Southern students.

The Franklin A. Dennison Post no. 410 scholarship has been given to Cynthia Mahome, Chicago Heights, and the Stontz Post no. 400 award has been given to Shirley Murphy of Carrier Mills. One of the two Yelma Louise Kellor scholarships in English has been awarded to Eave Niebuerg, a Junior from Valmeyer. The other award will be given later this term to an honor student majoring in English.

Another scholarship is presented.

The Sigmund Research scholarship which is sponsored by Sigma Pi Sigma, a national physics society. This award is open to either an upperclassman or a graduate student. The rivalry began in 1913 when Cape Bart Southern 17-14. The Sedukis have won 18 games while losing 28. There have been eight ties.

Play Tryouts Continue Tonight

Tryouts for "The Curious Savage," which began last night, will continue tonight at 7 o'clock. Dr. McLeod urges that any interested student who was not tested at last night's tryouts be present. None of the play's 11 major characters has been definitely chosen as yet, and several male roles in particular are still to be set.

Tonight's tryouts will again be held in the speech barracks, and it is hoped that the entire play can be cast at this time so that rehearsals can get underway tomorrow night.

900 Students Attend Bop Hop

More than 900 freshmen and upper classmen attended the Registration "Bop Hop" last Friday night in the men's gymnasium. The first official all-school dance was sponsored by the Social Senate.

Students danced to the music of Boyd LaMarsh and his band. LaMarsh's band, currently featured at the Plaza in Du Quoin, is composed of all SIU students. They have played for various campus activities in the past.

Admission and refreshments of punch and cookies were free.

Richard Poston To Work On Area Development

"To me this is the most important thing in the world," Richard Waverly Poston declares about his new job as head of SIU's community development department just set up in Ares Services.

This statement back up the description given him in the "Christian Science Monitor" which said Poston's success in his field is due to "his vision, his enthusiasm, his understanding of people, his utter sincerity, his dedication."

Poston, a 37, has written two books and has gained national recognition because of his success in waking up sleeping and dying communities in the state of Washington. He comes to Southern Illinois with great conviction that here too the problems of the underdeveloped community can be solved.

"I DON'T THINK THE PROBLEMS of Southern Illinois are any worse or any better than anywhere else in the United States," I don't know much about conditions here yet; but regardless, I believe the people here have as much intellectual capacity and initiative as anywhere in the world. I believe that it is true that is why I have come. The most powerful force on the world if the force of an organized and mobilized people of the community. They can accomplish anything," Poston replied when questioned about the potentialities of the area to respond to his treatment.

A staunch Poston policy is never to get into a community uninvited. But he manages to have plenty of places to go even with such a policy. In Washington last June more than 80 small communities and several large ones were on the waiting list for his services.

Already several towns are interested here in Southern Illinois in having Poston "work with, not in their communities" which he states is the only way he will work. "I'll probably go first to the community which seems most to mean business. You can't go into someone's hometown and tell him what's wrong with it. The people there

have to face it themselves that there is room for improvement before I can help them."

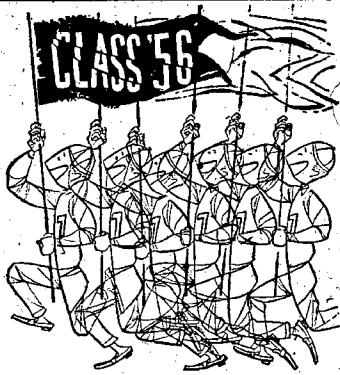

"THE WHOLE THING IS BASED ON FAITH," he continued. "Faith that in each community there exists the initiative and ability to solve whatever problems exist in that community. That is democracy in action, and that is the kind of action that built America. My job is simply to stimulate that existent initiative and intellectual capacity in the community which needs and seeks help."

How does all of this fit in with SIU? Poston believes that any state school belongs to the people—"the people of Southern Illinois," he expresses it. He says that people are always talking about the need of integration between a high school and its community, and he feels that SIU has the same responsibility to the area that a high school has to its community. Through his program he hopes the people in surrounding communities will realize a larger investment in SIU than they would otherwise realize.

He feels that it is a two-way proposition. "We will learn much from working in the communities of the area, and as we learn from the communities, we will have still more to give them."

A TYPICAL POSTON SUCCESS is the small town of Winlock, Wash., where rebirth was written up in the May issue of Poston's "Winlock was a town of 878 people which was going to seed according to the old-timers. But after Poston did what he calls "getting the educational ball rolling," the town of Winlock found new life in clean up its long neglected cemetery, move in new indus-

Patronize Our Advertisers

Poston, who is a native Missourian, started as a boomer in the University of Montana in 1934. From there he accepted a post as a government investigator in the East.

When he returned to Montana in 1946, he became very much interested in the Montana Study, a redevelopment project for the towns and rural areas of that state which was headed by Professor Baker Brownell who has since become the director of SIU's Ares Services. Poston's first book, dealt with this project.

His second book, "Democracy Is You" which he calls a "guide to citizen action" was published by Harper earlier this year.

Poston is married and the father of two small children.

Great Books Club Sets Date For Meeting

The Great Books club, which began organization last year, will hold regular bi-monthly meetings beginning Sunday, October 4 for those interested in reading and discussing some of the great books of literature.

The club will meet on Sunday at 3:30 p. m. Every other week in the Student Union. The organization, which will be entirely student, will concern itself with the study of a number of great books which will include works in philosophy, classics, and biographies. Copies of the books are in the library and the Student Union, and paper bound volumes of the books may be purchased for a small price.

There are several adult Great Books clubs in Carbondale, but past efforts have failed to stir enough interest among students; however, this year many of the students have already taken an active interest in the club.

CHARLES WILDY, in the tree, and Dick Schmitz, standing on the saw horse, begin the task of changing some of the "backdrops" for the newly-opened Alpha Phi Omega picnic area. The area is named "Twin Oaks" for the two large oaks which shade the place.

WILLIAM MACDONALD, left, and Jim Miller, APO pledges, unload a truck load of rocks which were dumped along the creek bank at the bridge site, in order to help prevent erosion and avoid a bridge washout. The rocks were taken from an old farm house basement near the picnic area.

APO MEMBERS began cutting the bridge, after all the superstructure has been put securely in place. Service fraternity members worked on the project week-ends only, and completed it in about ten weeks during spring term.

Some APO Projects

Zeta Nu chapter of Alpha Phi Omega was inducted into the national organization on May 23, 1948, with Warren Smolky as its first president. He has offered continuous service to Southern since then. As a service fraternity, APO is active in many campus activities. In addition to ushering at football and basketball games, the fraternity also holds an annual "line of dimes" drive to stimulate giving to the National Foundation for Infantile Paralysis. A time shell was given to the University by the group in 1949, as part of Southern's Diamond Jubilee. The capsule, which is located in front of Shovek Auditorium, is to be opened in ceremonies at Southern's one hundredth anniversary. During new student week each year, the fraternity offers its services in helping to orient new students on campus. This year, during spring term, the fraternity began a picnic area project, which was completed after ten weeks of work. The "Twin Oaks" picnic area, located about 100 yards south east of the Men's Residence Halls, is now open for use, and will be used soon for an all-school picnic and sing.

APO Builds Picnic Area

By Bob Brinn
Last year, at a meeting of the Alpha Phi Omega, men's service fraternity on campus, one of the ideas presented for the members to think about was the matter of seeing up a picnic area on or near Southern's campus. The idea sounded good. Several sites were suggested. Steps toward the development of the site were outlined, and interest seemed high at that time, but presently problems confronted the group, some became discouraged, and interest in the project dropped. Finally, this spring the matter was brought to a climax. It would be now, or never, a spokesman said. Were the men interested in going all the way through with the project, or did they want to drop it entirely? There were a few mumbling heads, but most of the group felt that if definite progress could be shown on the project, they would like to see it through. A site near the men's residence halls was then chosen for the picnic area. This site was chosen because it was far enough away from the bus-ampus to afford a real picnic atmosphere, and more important, it only a matter of tugging, sweating and good drainage and was safe from high water. The jungle of underbrush, which had grown up since the abandonment of an old farm there, was cleared away first. Vines were chopped down, bushes were whacked to pieces and small trees were cut down and burned or saved for firewood. Larger trees were left standing, and two large oaks in particular were left to provide shade. From these two trees the name of Twin Oaks Picnic Area was given to the site. After the initial step of clearing the ground around the site, the members of APO decided to return the next weekend and begin work on a bridge which was to span the creek near the area. Plans for the bridge drawn by Paul Morris, called for a 14-foot span. Where to get timbers for the bridge was the next problem. The answer came from Howard Twichell of the Coppertie plant, here in Carbondale. Twichell had some ties and telephone poles which he made available to the group without charge. With this material on hand, it was in building this picnic area.

Anna-Jonesboro Star To Attend Southern

SIU's sports prospects may be stiffened somewhat by the arrival of Bob Pitts, star athlete from Anna-Jonesboro. Pitts started in all major sports for four years in high school. He recently enrolled at Southern and plans to play basketball, baseball and football. He is 26 years old and will be assistant football coach, physical education instructor, and gymnastics coach at a high school near in southern Illinois. Coach Bosco received his bachelor's degree from Springfield, Mass., and turned down a baseball contract with the St. Louis Browns. University of Illinois.

Gymnastics Coach Added to SIU Staff

A new addition has been made to the SIU coaching staff. It is James Bosco of Lawrence, Mass. Bosco was basketball and baseball coach at Hillsboro, N. H. He is 26 years old and will be assistant football coach, physical education instructor, and gymnastics coach at a high school near in southern Illinois. Coach Bosco received his bachelor's degree from Springfield, Mass., and turned down a baseball contract with the St. Louis Browns. University of Illinois.

AFROTC

By Phillip Meagher

Registration is over, most classes are a week old, and the new faces are beginning to blend with the old on the campus. So goes the start of a new school year on all college campuses.

MANY CHANGES have occurred around SIU. The new library has been started, Woody Hall is a beehive of activity with all its feminine occupants. Anthony Hall is now open to male students, and, though not so earth-shaking, four new instructors have been assigned to the ROTC staff. The male students have met all these additions, but perhaps the girls would like to be introduced as well.

The first person we came to is Major Willis E. Blum. Maj. Blum was officially assigned here Sept. 14, but he began his tour here to SIU long before that. He took a detour by way of AF ROTC headquarters in Montgomery, Ala., where he attended the Academic Instructors School.

Maj. Blum entered the service in March, 1941 and he has been continuous service since that date. He was a pilot of the famed Superfortress (B-29) bombers that gave the headlines in the South Pacific in World War II.

Before entering the service Maj. Blum attended Illinois State Normal University where he majored in agriculture and played on the varsity football team. He will be instructing in both Air Science 11 and 1V.

Way back in April there appeared on the campus a man who went under the name of 1st Lt. Charles C. Creelius. We didn't get much of a look at the new man because he rushed off to Academic Instructors School and then on to the University of Notre Dame to participate in the Air Science III workshop being conducted there.

Now he is back here where a noticeable change in the man — he is now a Captain.

CREELIUS CAME to SIU from the Japanese island of Kyushu where he flew cargo planes to Korea for 12 months. He claims Portland, Oregon as his home and he holds a BA degree in social science from Willamette University in Salem.

He served in Europe during World War II where he flew forty-one missions in B-26 bombers. He has been awarded nine air medals to go with the three battle stars he received in the European Theater.

While here at Southern he will instruct the Advance Air Science classes.

The next new face is that of 1st Lt. Vic R. Barnard. Vic is an old timer in the teaching game, having taught in the Merrillville, Indiana, high school between hitches in the Air Force.

BARNARD CAME here from Turner Air Force Base in Albany,

Georgia, where he was Security Officer. He is a graduate of Indiana University with a BS degree in Education.

He first entered the Air Force back in April 1942 and after his initial training he was assigned to a B-24 bomber squadron in Italy. He flew 20 missions as a gunner and has been awarded the Air Medal with one cluster and five battle stars on his ETO ribbon.

He was discharged from the Air Force in October 1945 but he returned in December 1949. He graduated from Officers Candidate School, received his commission and was sent to the North East Air Command with duty station in Goose Bay, Labrador, from Labrador to Georgia, to SIU and duty as Air Science I instructor, Lt. Vic Barnard.

S-Sgt. Charles N. Joyce is number four of the new staff members. A native of Elk Point, S. D., Sgt. Joyce arrived on the campus June and immediately took up the duties of records administration which had been held by the transferred Sgt. Gardner.

JOYCE FIRST entered the service in June, 1945 and spent the next three years with the men in blue before being discharged in June of 1948. After his discharge he attended a radio announcers school in Minnesota followed by

work as an announcer in radio stations KIRO, Sioux Falls; KWAD, Wadena; KTOP, Toyota, Kan.; and more recently WJPF, Herrin.

JOYCE returned to the Air Force in June, 1951 and was assigned to a base in Iceland for 12 months.

RESIDENCE HALL NINE HOLDS PICNIC, CAMPFIRE

Residence hall nine held a picnic and campfire singing September 24. Freshmen, upperclassmen, and alumni of Nande Roga were present. Officers for the fall term are David Brookbank, president; Jack Story, vice president; John Merry, secretary; Bill Travers, sports manager; Ed Keiser, secretary, and Joe Walters, councilman.

There is about one acre of government-owned forest land to each division in the continental United States.

VAPOR TRAILS

Illinois Open In Full Swing

One hundred seventy-five golfers teed off yesterday at Ravine Country Club in quest of the fourth annual Illinois Open title. The field consists of 106 professionals and 71 amateurs who will play 18 holes both days of the country (yesterday and today), in the 36 hole match sponsored by the Chicago District Golf Association and Illinois section of the Professional Golfers Association. Prizes will divide a purse of approximately \$2500 and amateurs will receive merchandise prizes. The champion will hold the CDGA Illinois Open cup for one year.

Bill Ogden, 26 year old assistant to Jimmy Hines at North Shore C. C., will defend the title he won last year at Midlothian. C. G. Ogden also holds the Illinois March Play, Illinois PGA, and Illinois PGA assistance championships.

Distance Squad Starts Practice

Leland P. "Doc" Lingle has rebuilding job to do on his cross country team this fall. A total of 23 candidates, including four lettermen back from last year's squad, have reported for practice.

The dean of the Southern coaching staff will begin his 28th year as coach this fall and his eighth cross country season.

Back from the trots across the country-side are Jacques Theriot, who finished from Flora and last year's captain; Bob Wagner, Belleville; Jack Martin, Mt. Vernon; and Dick Gregory, captain-elect of the 1953 squad who will probably report this week.

Theriot injured his leg playing baseball this summer, but is expected to give him any real run and should be completely healed before the first meet Oct. 3 at Eastern.

Outstanding among the freshmen prospects are Nate McNair, middle distance man from Wendell Phillips high school in Chicago; James Greene, Wood River, who placed in the state cross country meet at Champaign last fall; Larry Haven, middle distance runner from Hurst-Bush; and Howard Branch, Mounds, a state finalist in the 880-yard run last spring.

Other candidates are: Earl Brown, Chicago (Wendell Phillips freshman); Dana Francis, Carter Mills freshman; Ed Markel, sophomore from Hillsboro who lettered in track last spring; Richard Phelps, freshman, Harlan Porter, sophomore, Don Stallberg, freshman, Joe Toehle, freshman, Larnell Wells, Cairo freshman, William Woods, Lawrenceville freshman, Don Beeler, freshman from East St. Louis; Vin Jones, Newsome, freshman, Richard Smith, freshman, Jerry Wallace, Dupon freshman, and Bill Tenno, junior from Nigra.

Headcoach O'Brien will have a team composed largely of sophomores this year. Only five of the returnees are seniors. The Salukis face a tough nine game schedule this year starting with Cape Girardeau and winding up with Western.

Southern wound up in 4th place last year with a two won, six lost record.

Returning lettermen are: Frank Abbott, Carbondale; Ron Bishop, Bridgeport; Bill Goodman, Carbondale; Joe Husko, Chicago; Cliff Johnson, Cairo; Ed Johnson, Puntawney, Pa.; Ed Johnson, Puntawney, Pa.; Capt. Charles Parker, Salem; Jack Schneider, Glen Carbon; Dan Smith, Carbondale; Dave Stroup, Carbondale; Kent Warner, Belleville; Wayne Williams, Du Quoin; Leo Wilson, Blue Island; Bob Neal, Zeigler, LeRoy Seville, Hopewest; and Frank Kraus, Granite City.

The 1953 schedule:
 Oct. 3—at Eastern.
 Oct. 10—Open date.
 Oct. 17—at Western.
 Oct. 23—Eastern at Carbondale.
 Oct. 31—Illinois Normal at Carbondale.
 Nov. 4—IAC meet at Charleston.

Lettermen Boost Saluki Hopes For Football Fame

Southern's football fortunes look to fourteen lettermen, plus three former players back from the service to boost their standing in the IAC this year. About 40 men completed the squad at last count. Practice sessions started Sept. 1 and two-day workouts were held, until classes began the 15th.

Headcoach O'Brien will have a team composed largely of sophomores this year. Only five of the returnees are seniors. The Salukis face a tough nine game schedule this year starting with Cape Girardeau and winding up with Western.

Southern wound up in 4th place last year with a two won, six lost record.

Returning lettermen are: Frank Abbott, Carbondale; Ron Bishop, Bridgeport; Bill Goodman, Carbondale; Joe Husko, Chicago; Cliff Johnson, Cairo; Ed Johnson, Puntawney, Pa.; Ed Johnson, Puntawney, Pa.; Capt. Charles Parker, Salem; Jack Schneider, Glen Carbon; Dan Smith, Carbondale; Dave Stroup, Carbondale; Kent Warner, Belleville; Wayne Williams, Du Quoin; Leo Wilson, Blue Island; Bob Neal, Zeigler, LeRoy Seville, Hopewest; and Frank Kraus, Granite City.

The 1953 schedule:
 Oct. 3—at Eastern.
 Oct. 10—Open date.
 Oct. 17—at Western.
 Oct. 23—Eastern at Carbondale.
 Oct. 31—Illinois Normal at Carbondale.
 Nov. 4—IAC meet at Charleston.

CHARLEY PARKER, small but rugged guard who captains the Saluki football squad this year.

Sport Spiel

By Bob Pood

"The proof of Southern's lies in the eating," is an old saying. Well the proof of Southern's football pudding soon will be upon us. September the 26th will be the proof, in the first game with Cape.

The Salukis had a dress rehearsal for their game with Cape, last Thursday night. The first full-length scrimmage under lights at McCandrew stadium took place then. The dress rehearsal went off rather well.

In my opinion the Salukis looked better than they did a year ago this time. The men seemed to bustle, they ran smoothly enough and in particular the SIU passing attack looked good. There didn't seem to be any outstanding stars but as a whole the variety worked well together.

The main discrepancy seemed to be in the defensive play of the first squad. This can be expected, in that many of the players were principally offensive men from last year's team.

The second squad did their moving principally on wide runs and passes. Short gains for touchdowns came a lot harder.

Rumor has it that Cape's main threat lies in their passing attack. If Southern can stiffen up their pass defense Cape would be slowed down considerably. Probably a lot of work will be done on this before the game.

Without seeing Cape in action it is impossible to make any predictions on the outcome. With a little polish on offense and lots of work on defensive play however, the Salukis ought to be able to come through this game in pretty good shape.

Captains for all of SIU's athletic teams of the coming year have been elected. Little Charlie Parker of Salem will guide the football team this season and Jacques Theriot will be basketball captain. Joe Fedora, of Granite City, and Bob Whalen, Chicago, will be wrestling co-captains. Dick Gregory, of St. Louis, Mo. will pace the cross country team. Bob Henley, of Du Quoin, is golf captain; Charles Pisoni, of Havana, is tennis captain; Leo Wilson, of Blue Island will lead the tracksters; and Wayne Grandcolas, of Belleville will captain the baseball squad.

A new guy joined the Southern coaching staff recently. He is Marion Holmes, 25-year-old East St. Louisian. He will be a graduate assistant.

Halmes, a graduate of McKendree College, is working on his masters in administration. He played two years of basketball for the same school stationed in Europe.

Those who plan to see the game at Cape will be interested to know that Cape will charge only 75 cents to SIU students showing their activity tickets. This has been a policy at Cape and will continue this year, according to George H. Pritchard, Director of Athletics, at Cape.

Catastrophe almost struck SIU this year. GEORGE EVANOFF, well known man-about-town and gentleman sportsman almost failed to return. It seems that both North-western and Maizou were offering him indoor sports scholarships. George investigated these offers but decided that SIU had far more to offer scholastically, athletically, and spiritually.

George firmly disregarded a 11 other offers and cut his tie with them again. Rumor has it that he was greeted with a thunderous ovation upon his return.

Through a hard-won personal interview with this famous figure I have been authorized to issue a challenge in either hop-keech or jacks to all comers. Evannoff says he is in shape and while advanced age may slow him down somewhat, it will good for at least two more seasons.

Charlie Parker Will Captain Football Squad

Charlie Parker, were guard from Salem, will be leading the Salukis when they trot onto the field at Cape Girardeau Sept. 26 to do battle with the Indians.

Charlie, at 5 feet 8 inches and 168 pounds, is one of the smallest men on the squad. But his speed and experience, which is much needed to make Coach Bill O'Brien's formation offense work, makes him an invaluable man to have.

Parker earned two letters in high school and was awarded a Southern emblem last year. Used strictly on offense in 1952, the stocky Parker will have to go both ways under the next year's regulations.

A 20-year-old geology student, Charlie will probably team up with Ron Bishop, Bridgeport, the Salukis other bantam weight guard, to protect the center zone of Southern's big Maizou line.

Get Tick Quick Prevent Big Rush

Information has been released on procuring and securing tickets for this year's football games. As those who have been here in the past can see, there has been little change. The dope, put out by the athletic office, is as follows:

The university ticket office will be open two days prior to a game. ALL STUDENTS AND FACULTY ARE ENCOURAGED TO GET THEIR TICKETS EARLY IN ORDER TO GET A CHOICE SEAT AND TO PREVENT A LAST MINUTE RUSH AT GAME TIME.

The ticket booth at the entrance to the stadium will be open at 6 o'clock for a night game and at 12 noon for an afternoon game.

Students must present their activity tickets at the ticket office window when securing tickets. STUDENTS MUST PRESENT BOTH THEIR ACTIVITY TICKET AND THEIR SEAT TICKET TO THE TICKET TAKER WHEN ENTERING THE GAME AT THE STADIUM.

A student may secure a reserve seat ticket for each activity ticket he presents to the ticket office. (Any organization desiring to sit in a specific section) may appoint one person to pick up their reserve seat tickets by compiling their activity tickets and having this appointed person present them to the ticket office.

All reserve seats south of the 50 yard line in the west stands have been reserved for Southern students and their guests.

STUDENT ACTIVITY TICKETS ARE NON-TRANSFERABLE. If any activity ticket is presented at the gate by any person other than the owner, the activity ticket will not be honored and the ticket will be turned over to the Student Council for action.

Students having a wife or husband may secure a reserve seat ticket for the spouse for half price. Faculty members may also secure a ticket by athletic ticket for a husband or wife at the price of \$3 tax included.

Franz To Coach Saluki Linemen

Bob Franz, who helped headcoach Bill O'Brien with last year's fourth place football team has been added to the SIU coaching staff. Franz is a former Tulane University and Chicago Cardinal player. He will be an assistant football coach and physical education instructor according to athletic director "Abe" Martin.

Franz has been working on his master's degree at Southern and was graduated Aug. 7 with a major in educational administration.

A former tackle and guard, Franz will work with the linemen this fall.

Franz will purchase a faculty athletic ticket for \$3 including tax. This ticket will entitle the faculty member to a reserved seat for each home game. The faculty athletic ticket must be presented at the ticket office when securing a reserve seat ticket. A faculty member may also secure a ticket by athletic ticket for a husband or wife at the price of \$3 tax included.

New Look For Tennis Courts

The tennis courts at SIU are going to get a facelift. Complete rejuvenation is the watchword for the much used-cracked and scarred courts. All three courts are to be resurfaced. Workmen have already begun the job and it is scheduled to be finished by Dec. 1, according to Willard Hart of University architectural service.

The courts which are located at the entrance to McAndrew Stadium replaced the old asphalt courts east of the campus. The old courts were displaced by U. S. highway 51 when it was rerouted around the University in 1952.

Other uses of the courts will be drill fields for the fledgling fly-boys of the AFROTC and for dances and other activities of the Student Union.
