# 1) Purpose and Outline of Presentation

**This 55 slide presentation is divided into 12 sections:**

- 1. Purpose and Outline of Presentation**
- 2. Memorandums of Understanding**
- 3. International students**
- 4. Travel/Study Abroad courses**
- 5. Workshops and Lectures**
- 6. Presentations at International Meetings**

- 9. Editorial and related Activities**
- 10. Grants and Awards**
- 11. Visits and other Service-related Activities**
- 12. Summary of Activities**

# 1) Purpose and Outline

- **The purpose of this presentation is to highlight the activities and accomplishments of COEHS members that focus on international themes. Only activities engaged in while faculty/staff were at SIUC during 2004-2010 are used.**
- **In most cases, the names of the individuals involved have not been included. This was done primarily because the presentation is conceived of as more of a collective College report rather than a review of individual accomplishments. (We also were mindful of the length of the presentation.) We departed from this approach for book/book chapter authorships.**

# 1) Purpose and Outline

- It was decided to highlight work done during a six-year period (2004-2010) for two primary reasons: (a) to keep the presentation at a manageable length; and (b) to allow for a (limited) longitudinal perspective.
- We could only include data that was provided to us by COEHS faculty and staff. No doubt we didn't hear from everyone about everything – and thus this presentation represents *a selection* of all that could be listed. Still, as you will see, there is a lot of good information to highlight. *(We apologize for the inevitable errors and omissions.)*

- **International student enrollment continues to increase in our graduate programs. However, we have seen a dwindling of the number of students in our undergraduate programs.**

## 12) Summary

- **Travel/study abroad courses are active and doing well in two COEHS academic units. Also, several faculty are making informal visits to other countries and getting involved in relevant service activities.**
- **Twenty-five (25) COEHS faculty made 70 presentations at 54 international meetings during the 2004-2009 years. Several workshops and lectures have also been presented in other countries.**

We might want to gather such information in the future to examine how much we are offering to our students in this regard.**

**One example of a graduate course that has been developed for this purpose is:**

***EAHE 545S: Comparative and International Higher Education Seminar.***
