AUDITING COMMITTEE.

JAMES ROBARTS, M. D.

LEWIS M. PHILLIPS, Esq.

FACULTY.

ROBERT ALLYN,

Principal and Teacher of Mental Science, Ethics and Pedagogics.

CYRUS THOMAS,

Teacher of Natural History and Physiology, and Curator of the Museum.

CHARLES W. JEROME,

Teacher of Languages and Literature.

JOHN HULL,

Teacher of Algebra and Geometry.

ALDEN C. HILLMAN,

Teacher of Arithmetic, and Principal of Preparatory Department.

DANIEL B. PARKINSON,

Teacher of Natural Philosophy and Chemistry, and Lecturer on Applied Chemistry.

JAMES H. BROWNLEE,

Teacher of Reading, Elocution, Phonics, Vocal Music and Calesthenics.

GRANVILLE F. FOSTER,

Teacher of History and Geography, and Librarian.

MARTHA BUCK,

Teacher of Grammar and Etymology.

HELEN M. NASH,

Teacher of Drawing and Penmanship.

JULIA F. MASON,

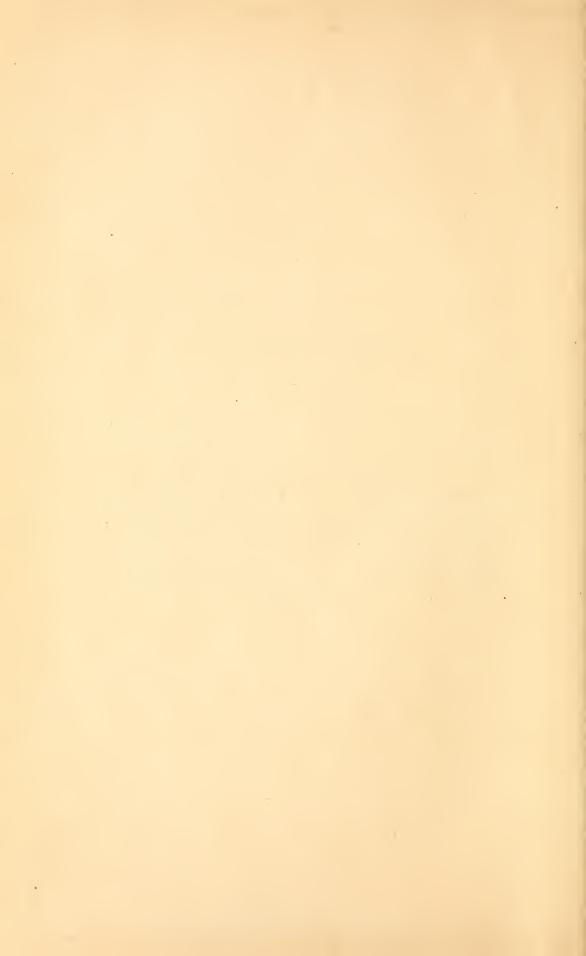

Principal of Primary and Model School.

HISTORY.

An act of the legislature of the State of Illinois, approved April 29, 1869, gave birth to this Normal School. By this act it was provided that five trustees should be appointed by the governor of the State, who should fix a location, erect a building, and employ teachers for the school. The governor appointed Captain Daniel Hurd, of Cairo; General Eli Boyer, of Olney; Colonel Thomas M. Harris, of Shelbyville; Rev. Elihu J. Palmer, of Belleville, and Samuel Flannigan, Esq., of Benton.

After advertising in the newspapers and stimulating competition among the towns and cities in the central part of Southern Illinois, these trustees agreed on Carbondale as the place, and the site was fixed on a lot of twenty acres, three-fourths of a mile south of the station of the Illinois Central railroad. The contract of the building was let to James M. Campbell, Esq., who assumed the responsibility of completing it for the sum of \$225,000, to be obtained as follows:—\$75,000 from the State, and the balance from the city of Carbondale and the county of Jackson.

The corner-stone was laid with the ordinary ceremonies by the grand master of the Masonic fraternities of the State, on the 17th of May, 1870, and the work was rapidly pushed forward. In the spring of the next year-Mr. Campbell was killed on the building, and the work was interrupted. The legislature then assumed the contract, and appointed commissioners to complete the building. These were continued, and finished their work so that the building was dedicated July 1st, 1874, a faculty of instruction was inaugurated, and the school begun.

The legislature, in the meantime, had made modifications in the law, and the governor had appointed a new board of trustees: James Robarts, M. D., of Carbondale; Hon. Thomas S. Ridgeway, of Shawneetown; Edwin S. Russell, Esq., of Mt. Carmel; Lewis M. Phillips, Esq., of Nashville, and Jacob W. Wilkin, Esq., of Marshall, and they had elected Rev. Robert Allyn, D. D., at that time President of McKendree College, Principal, and as his associates the persons whose names appear in their proper places.

The work of instruction in the new building began July 2, 1874, at which time a normal institute was opened, with fifty-three pupils. On the 6th day of September, 1874, the regular sessions of the Normal University were commenced. The school is graded and has three departments—a Normal Department, with a course of study occupying four years; a Preparatory Normal, three years; and a Primary or Model Department, for observation and experiment, three years—making a full course of ten years.

It has not been in operation long enough to have shown any very striking results. Many of the students, however, entered in advanced classes, and while none have yet completed the course and graduated, many have, compelled by lack of money, been excused for a time, and have already been employed as teachers. In this, the second year of its history, not less than one hundred and twenty-five have taught schools in various country and village districts in the southern section of the State.

The numbers of students in all the departments have been as follows for each term since the opening: First Term, 143; Second, 185; Third, 283; Fourth, 226;

Fifth, 215; and the Sixth, 256.

The building is of brick, in the Norman style of architecture, with trimmings of sandstone, in two colors. It is 215 feet in extreme length, and 109 in extreme width. It has a basement story 14 feet in the clear; two stories, one 18 feet, the other 22 feet, and a Mansard story 19 feet. The basement is devoted to the apparatus for heating and for laboratory and dissecting rooms, exercises in unpleasant weather, and as a residence for the janitor. The Mansard is for lecture hall, library, museum, art gallery, and rooms for literary societies. The other two stories are for the purposes of study and recitations.

COURSE OF STUDY.

The course of study has been arranged with two purposes in view—1, to give a strictly Normal course of training to fit teachers for the public schools, and 2, to give examples of methods of teaching. It therefore goes over the whole curriculum of school studies, from the alphabet to nearly the completion of a collegiate education, and gives especial attention to those branches which require the use of the observing and perceptive faculties, without neglecting those which demand the use of the imagination and reason. Practical attention is devoted to physics, chemistry, natural history, surveying, and language, and the student is not only taught to know but to do the work of the branches which he pursues. He is also required to give instruction in all that he learns, so that when he begins his life-work, either of teaching or laboring in a secular employment, he may not be wholly inexperienced in the very beginning of his career.

The course of instruction also embraces lectures by the principal on the history and science of Pedagogy, and on the methods both of Learning and Teaching. As the University is only in the second year of its work, it cannot point to any

very striking results.

MODEL SCHOOL.

FIRST YEAR.

The Primary English Studies and Object Lessons, Counting, Drawing, Singing, Local Geography, and Spelling.

SECOND YEAR.

Geography of United States, Arithmetic, through Division, Reading, Writing, Drawing, Singing, Object Lessons, Spelling and Defining, and Calisthenics.

THIRD YEAR.

Arithmetic to Fractions, Geography, Grammar begun, and Elementary Natural History, Reading, Spelling, Writing, Drawing, Calisthenics, and Singing.

PREPARATORY SCHOOL.

FIRST YEAR.

First Term.—Arithmetic—Fractions, Reading, Writing, Geography, Spelling, Drawing, Vocal Music, and Calisthenics.

Second Term.—Arithmetic—Percentage, Geography, Spelling, Writing, Reading, Drawing, Vocal Music, and Calisthenics.

Third Term.—Arithmetic—Ratio and Roots, Grammar begun, Reading, Drawing, Writing, Spelling, Vocal Music, and Calisthenics.

SECOND YEAR.

First Term.—Review of Arithmetic, Grammar, United States History, Reading, Drawing, Writing, and Singing.

Second Term.—Grammar, History, Astronomy, Reading, Drawing, Singing, Writing, and Calisthenics.

Third Term.—Grammar, Botany, Natural History, Reading, Singing, Writing, Drawing, and Calisthenics.

THIRD YEAR.

First Term.—Latin begun, Elements of Algebra, Physical Geography, English Grammar Reviewed, and general Exercises the same as second year.

Second Term.—Latin, Elements of Algebra, Physiology, Astronomy, Natural History, and general exercises continued.

Third Term.—Latin, Geometry, Algebra English Analysis, general Exercises continued.*

NORMAL SCHOOL.

The following is the Normal course. It embraces two large and thorough courses of study. One includes the Classics, with provision for elective German and French; the other omits all the languages except the English, and both make an extensive study of the mother tongue.

^{*} N. B.—This course thoroughly finished is sufficient to command a First Grade Certificate. To any student who completes it in the University, we will give a written statement of this fact; but it must be understood this will have no force or value as a legal qualification for the office of teacher. And whenever a student completes any one year's work in its proper order, we will cheerfully give him a certificate of that fact.

It substantially embraces a department of Mathematics, of English Language and Literature, of Art and Elocution, Music, Drawing and Calisthenics, of Physics, of Chemistry and Astronomy, of History, of Classical Language, and of Theoretical and Practical Teaching. The whole forms what is called the Classical Normal Course, and selected studies make up the Scientific Normal Course.

Either is sufficient for practical purposes, and may prepare a teacher for the full work of our public and high schools.

FIRST YEAR.

First Term. — English Language, University Algebra, Latin, Greek, Drawing, Singing and Calisthenics.

Second Term.—University Algebra, English, Latin, Greek; general Exercises same.

Third Term.—Geometry completed, Latin, Greek, History of English Language; same general Exercises.

SECOND YEAR.

First Term.—Trigonometry and Mensuration, Latin, Greek, and English Literature.

Second Term.—Natural Philosophy, Latin, Greek, Physiology.

Third Term.—Latin, Greek, Botany, and Surveying and Navigation.

THIRD YEAR.

First Term.—Rhetoric, History, Greek, Zoology, and general Exercises continued.

Second Term. — Logic, Greek and Chemistry, Conic Sections.

Third Term.—English Criticism, History, Geology, and School Law.

FOURTH YEAR.

First Term. — Mental Philosophy, English Language, Physical Geography and Pedagogics.

Second Term.—Ethics, Astronomy, Pedagogics and Book Keeping.

Third Term.—Constitution of United States, School Laws of Illinois, Pedagogics, Methods of Teaching and Book Keeping, Reviews of Studies.

General Exercises during the whole course.

German and French may be substituted in some cases.

N. B.—Written examinations monthly, and oral at the close of each term.

POST GRADUATE YEAR.

This will embrace a larger course of History, more of Mathematics, Political Economy, Criticism, Field Work in Natural History, Analytical Chemistry, and Dissecting and preserving specimens collected. It will also include courses of lectures on the above branches, and on the History and Science of Education. One year's work of teaching in the Model School, for one hour a day, will be required for a Diploma. A certificate will be given for each year of study completed in consecutive order in this department.

N. B.—The following works are recommended for reference, and are considered essential to every teacher's library, viz.: Webster's Unabridged Dictionary; Lippincott's Gazeteer; Zell's or Chambers' Encyclopædia; Hailman's History of Pedagogy; Miss Peabody's Kindergarten; Rosenkranz's Science of Education, by Miss Brackett; Wickersham's Methods; The Teacher, by Abbott; Oswald's Etymological Dictionary; Hinton's Physiology for Practical Use; Sheldon's Object Lessons; Smith's Free Hand Drawing for Public Schools; Cleveland's English and American Literature; Smith's Classical Dictionary; Hayden's Dictionary of Dates, and Graham's Synonyms.

CONDITIONS OF ADMISSION.

To be entitled to admission in the Normal Department, a lady must be sixteen years of age, and a gentleman seventeen.

They must be of good moral character, and a certificate to this effect will be required. To enjoy the privilege of free tuition, they must sign a certificate promising to teach in the schools of Illinois three years, or, at least, as long as they have received gratuitous instructions. They are to pass an examination either before the county superintendent, or examiners, or before the Faculty of the University, such as would entitle them to a second grade certificate, and they must agree to obey all reasonable requirements, as to order, promptness, cleanliness and genteel behavior.

EXPENSES

To those who sign the above named certificate, tuition is gratuitous, but there may be a fee charged for incidentals, at present not exceeding \$3.00 per term of thirteen weeks. Tuition in Normal Department, \$10.00; in the Preparatory Department, \$8.00; in the Model Department, \$4.00.

Board can be had in good families in Carbondale, at rates varying from \$3.50 to \$5.00 per week, and by renting rooms and self-boarding, or by organizing clubs, the cost may be largely reduced, perhaps to \$2.50 per week. Books are sold by the several bookstores at reasonable rates.

SUGGESTIONS.

We do most earnestly and affectionately recommend to all our students, and to those who may be in charge of them, or who have influence over them in any way, by advice or authority, that they fix it as a rule never to leave the institution before the end of a term, and, if possible, that they complete a full year. Fragments of an education are indeed of much worth, just as the fragments of a diamond are valuable. But how much more profitable are they when united. The price of the diamond increases as the square of its weight. Hard study for a week, or a day, or even an hour, is worth a vast deal; but a full course of several years is largely enhanced in value. Do not be absent from the school for a day. The regular Calisthenic Exercises will give you health for consecutive study, and by habitual application you will acquire facility for study, and you will accomplish more than you would have believed.

We certainly shall not grant diplomas to those who are absent often, and who do not finish every examination, both written and oral. One of the values of a course of study is that it represents years of honest, punctual work.

LOCATION. ETC.

Carbondale is a city of 2,500 inhabitants, healthful and beautiful, with a refined and cultured people. It is easy of access and offers inducements for board and social advantages beyond most other places. It has, perhaps, fewer temptations to idleness and dissipations, and combines religious and educational privileges, in a degree greater than the average of towns and cities. Parents may be assured that their children will be as safe as in any school away from home; and scholars may come here and be certain that economy and industry will be respected and assisted by all the surroundings of the locality. The Illinois Central, the Carbondale and Grand Tower, and the Carbondale and Shawneetown railroads, afford ample facilities for convenient access.

LITERARY SOCIETIES.

The students have organized two literary societies for purposes of mutual improvement. They are The Zetetic Societies ETY, and the Socratic Society. They meet every Friday evening. These afford one of the best means of culture, discipline and instruction in the practical conduct of business. They have commenced the foundation for a library, and deserve the countenance and patronage of all the students and their friends.

CALENDAR FOR 1876-77.

Commencement for 1875-76—June 15th. Fall Term begins Monday, September 11th—Ends Friday, December 8th.

Winter Term begins Monday, December 11th,

Holiday Recess begins December 22d.

Winter Term begins January 3d, 1877. Winter Term ends March 22d, 1877.

Spring Term begins March 22d, 1877...

Examination for the year begins June 12th, 1877.

Annual Commencement, June 14th, 1877.
