THEY STILL DOUBT--

It seems that nothing short of a tour of our campus will convince up-staters of the need Southern has for a new library. Mr. O. C. Leiter, associate professor of journalism of the University of Illinois, emphatically protests that he has yet to see students worried about getting seats in a library. In his opinion, the college journalist who consistently devotes valuable editorial space to agitation for a new library building is making a serious mistake. It is needless to say that the students here at Southern cannot appreciate Mr. Leiter's viewpoint. It is evident that he has made a mistake at least in our case.

Newsprint De-inked--

Dr. F. W. Hochstetler, one-time associate of the late genius, Thomas A. Edison, of Pittsburgh, has discovered a process, by which impurities and ink can be removed from discarded paper and made into new newsprint paper. The process does not destroy the strength of the original wood fiber, and it will save the newspaper \$15 to \$20 per ton in cost of newsprint. The current price of newsprint made from wood pulp is \$50 a ton. If the hopes of Dr. Hochstetler materialize, American newspapers alone will save between \$50,000,000 and \$60,000,000 annually. In addition rapidly-dwindling forest preserves of the United States and Canada will be conserved. With this invention, the de-inking of waste paper will not supplant, but rather supplement the manufacture of paper from wood pulp. Paper can be de-inked more than once by the Hochstetler process, but each time the wood fibers lose 5 percent of their original strength. Test runs were held recently in Pittsburgh when the de-inked paper was tried in three metropolitan newspaper plants. The waste-made paper was found to be stronger and whiter than paper made from virgin wood pulp. In spite of severe strains which the paper was subjected to, not one break occurred. Commercial production will begin, the inventor hopes, within the next few months. —H. G.

Verbatim--

"Unless people interested in youth are on guard and use wise strategy, youth is going to suffer in the increasing conflict between young people and older groups. It will be a tragedy to have this national conflict, but it seems almost certain to come." Dr. Homer F. Rainey, president-elect of the University of Texas, believes the conflict threatens youth with loss of financial assistance for education.

"It is a great pity that through the offense of a few students many others permit themselves to be influenced by the fear of 'apple polishing.' I feel that it is a waste of opportunity when students fail to seek acquaintance with members of the staff on a friendly, social basis." Frank D. McElroy, president of Manikat (Minn.) State Teachers' Colleges, comes out for intelligent and valuable student-faculty contacts.

"It is one of the inconsistencies of our social order that we legislate against medicine men who may endanger our physical well-being and at the same time encourage educational charlatans and careerists whose nostrums menace our efforts to improve our minds." University of Michigan's Pres. A. G. Ruthven strikes at educational institutions whose officials win publicity by "discovering" new educational plans.

VOLUME XX. Carbondale, Illinois, Friday, April 21, 1939 NUMBER 24

EGYPTIAN WINS AWARDS AT I. C. P. A. MEETING

Gets Second For General News Coverage

The EGYPTIAN won three awards at the meeting of the Illinois College Press Association which was held in Urbana-Champaign Friday and Saturday, April 14 and 15. They were second place for general news coverage, honorable mention for pictorial news coverage, and third place for the best interview story, which was Bennie Baldwin's interview of Jimmy Doresey.

This was the seventeenth annual meeting and the largest convocation of the I. C. P. A. At the business session, Principia College was voted in as a member of the association. Old Normal was determined as host of the October meeting, and McMurtry College, Jacksonville, as the host of the spring meeting of 1940 which will be held in April.

Officers were elected for the year 1939-1940. They are Alice Alexander, McMurry, president; Harold Hubbard, Old Normal, vice president; Dorothy Cook, McMurry, secretary.

James E. Burton Marries Marguerite Otwell, March 31

James E. Burton of Ollipatie, Ill., who is a member of this year's graduating class, distinguished himself on the bachelor list on Friday, March 31, by marrying Miss Marguerite Otwell of Carvilleville, Ill.

Mrs. Burton is a graduate of Blackhawk College and at present is teaching in a rural school near Carvilleville. She attended S. I. N. U. during the summer term, '38.

Jim is a chemistry major and is transferring from Blackhawk. The courtship had its origin on the campus at Blackhawk.

HALFAR RECEIVES TWO OFFERS OF FELLOWSHIPS

One Is From U. of Notre Dame; Other From Iowa

Edwin Halfar, graduation senior of this year, has received two offers of fellowships for next year. One is from the University of Notre Dame, and the other is an assistantship at the University of Iowa.

The University of Notre Dame has offered Mr. Halfar a \$500 scholarship, for which his only duties would

BAND TO PRESENT FIRST SPRING CONCERT APRIL 26

Mr. Wendell Margrave, college band instructor, is to present the S. I. N. U. band in their first appearance this term in the auditorium Wednesday, April 26. Activity tickets still admit all students, and the usual amount of 25c will be charged to all other persons attending the concert.

A large attendance is expected as the band is one of the most popular organizations on the campus.

Botany Department Starts Experiment

The botany department has started an experiment with ergot on rye which is to be continued to test fungi in various spots of the campus. Ergot is a malignant growth found on rye and is injurious to both cattle and human beings.

This experiment is one in a step of many to find a means of preventing the growth of ergot, which is one of the most widespread of plant diseases.

Kirby Page Addresses Student Body

Famed Phi Beta Kappan, Theologian, Author Also Lecturer

As the final number on the local cooperative lecture series, Kirby Page, eminent author and social evangelist, appeared on S. I. N. U.'s lecture platform this morning.

Page, who studied theology in preparation for the ministry, was outstanding as a student. He was elected to national honorary scholastic fraternity, Phi Beta Kappa, in 1921, however, he gave up preaching the gospel and began his career as an author and lecturer. His lectures are chiefly devoted to social evangelism, and his favorite audience are composed of college students.

Some of his more important books are: *The Sword or the Cross*, *National Defense*, and *Individualism and Socialism*. The book *National Defense*, is an outgrowth of his sincere belief in national peace.

G. WHITLOCK HAS SCHOLARSHIP FOR 1939-40

Will Be Able to Complete Master's In One Year

Gaylord Whitlock, 29, Mt. Vernon, has been awarded a scholarship in the department of agricultural and biological chemistry at Pennsylvania State College, State College, Pennsylvania.

This college is one of the oldest in the State of Pennsylvania and has seventy buildings, two hundred acres of land, and equipment amounting to \$9,000,000. The library contains over 120,000 volumes and 461 periodicals. In addition to the degree of master of arts, the graduate school offers degrees of master of science, master of education, doctor and philosophy, and technical degree in engineering.

Mr. Whitlock, one of the most outstanding members of this year's senior class, has been prominent in several extra-curricular activities. He is president of the senior class, served as president of the Socratic Literary Society during the fall term, at which time the attendance reached an all-time record, secretary of Phi Delta Epsilon, organizations ed-

NEW EDITOR

Miss Frances Kahl, sophomore, who will be editor of the *Egyptian* during the year 1939.

ALEXANDER HAS PROPERTY FOR SCHOOL USE

Will Sell Land to S. I. N. U. For Conservation Unit Establishment

Recently a plan was made known whereby the services of a conservation unit would be given to the students of Southern Illinois State Normal. A tract of land that can be used as a living exhibit for field classes, the plan states, may be secured from the Reverend and Mrs. Frank Alexander.

Both Reverend and Mrs. Alexander are alumni of Southern, and Reverend Alexander has served several churches in Southern Illinois as minister. They are vitally interested in this college and express the desire to see for use of the classes a demonstration conservation unit. They have made an offer to sell a tract of land, almost two acres, for six hundred dollars, provided that it be given to the school for such a unit.

This tract of land is located just west of the site of the proposed Training School, facing Lake street on the east and Grand avenue on the south. The exact size of the tract is 1.85 acres.

The proposed use of the tract are to serve the botany, zoology and conservation departments.

Reverend Alexander has not only consented to sell this tract of land at a very low price, but as can be seen from the following list of contributions and contributors, that he has also given \$50 toward the funds needed:

- | | |
|--------------------|-----------|
| President Pulliam |\$50 |
| Rev. Alexander |\$50 |
| Fleming Cox |\$25 |
| T. F. Banta |\$25 |
| William Gersbacher |\$25 |
| Hilda Steln |\$25 |
| Dr. Mary Stengall |\$25 |
| Elizabeth Cox |\$15 |
| Marjorie Shank |\$15 |
| Mrs. Roel |\$15 |
- In case of an exceptionally large gift from one person, the plan states that the unit might be named after this contributor.

TONY SARG MARIONETTES TO BE HERE MAY 10

A. A. U. W. Brings Famous New York Company to S. I. N. U.

The world-famous Tony Sarg marionettes and the original New York company will play here the afternoon and evening of May 10 at the Stryker auditorium under the auspices of the local branch of the American Association of University Women. In the afternoon the troupe will present a series of skits including "All in Wonderland" and "Hobson Crusoe" and in the evening "Treasure Island."

The play "Treasure Island" is one of Tony Sarg's latest shows. There are twenty-one characters in the play. However, only four persons are in the troupe manipulating the marionettes. The troupe includes David Pfeiffer, manager of the marionettes, and his wife. Sarg himself rarely travels with the show.

Sarg is the originator of the marionette traveling company, and while he has many imitators, those are none who have equaled the Sarg record of fifteen years on Broadway by a standard theatrical attraction. Because of Tony Sarg and other enthusiasts, marionettes are being treated as a branch of the theater, and schools and colleges have added courses in puppet construction in their curricula.

The University Women expect the Sarg Marionettes to attract school children from many Southern Illinois towns. The prices are fifteen and twenty-five cents in the afternoon and twenty-five and thirty-five cents in the evening.

ELIZABETH BUELL RECEIVES SCHOLARSHIP TO OBERLIN

Botany Major Will Study Plant Physiology

Miss Elizabeth Buell, 23, Harrisburg, has received a \$200 scholarship from the Socratic Literary Society at Oberlin, Ohio. Miss Buell will be to work under Paul B. Sears,

professor of Botany, and expects to receive her master's degree next year. Having a minor in zoology, chemistry, and a teaching minor in English, Miss Buell has an excellent background for her work at Oberlin. A well known student about the campus, she has excelled in several extra-curricular activities of S. I. N. U. She has been a member of the student council for two years, she is the president of Anthony hall, and Southern States editor of the *Egyptian*. She is also a member of the Socratic Literary Society and chairman of the play committee of the organization.

MODIFICATION OF DEPARTMENTS MAY BE MADE

The addition of fifteen persons to the faculty of S. I. N. U. will necessitate the modification of some of the departments, in order to provide desk and class room for them. Tentative plans are to either divide the English office in half and use one part as a classroom, and the other as an office, or to move the office completely to the fourth floor of the Main Building.

The office of the EGYPTIAN may be moved to the north corner of the basement of the library, and the north corner may be used as a class room, next year.

The large west art room may also be divided in halves.

The University of Chicago spends \$2,500,000 annually for research.

DR. ABBOTT TO GO TO CENTRALIA HIGH TODAY

Today, Dr. T. W. Abbott will represent S. I. N. U. at Centralia High school's College Day, which is being held here. At this time the various colleges are each represented by a teacher. The schools then have an opportunity of speaking with the college teachers, and are aided in choosing the college to which they will go in the fall.

SENIOR CLASS OF U. HIGH PLANS TRIP TO NEW YORK

The senior class of the University High school has launched a new system of raising money. For some time, the members of the group have been planning a trip to the New York World's Fair as a climax to their high school careers.

Under the direction of Paul Poretti, practice teacher, two candy machines have been placed in buildings on the campus. One has been set on the first floor of Parkinson Laboratory and the other on the first floor of the Old Science building. The purchases of students from these vendors will aid the University High school graduating class in their endeavor.

220,000 volumes and 461 periodicals. In addition to the degree of master of arts, the graduate school offers degrees of master of science, master of education, doctor and philosophy, and technical degree in engineering.

Mr. Whitlock, one of the most outstanding members of this year's senior class, has been prominent in several extra-curricular activities. He is president of the senior class, served as president of the Socratic Literary Society during the fall term, at which time the attendance reached an all-time record, secretary of Phi Delta Epsilon, organizations ed-

MAROONS WIN THIRD CONSECUTIVE TRACK MEET; OVERWHELM EASTERN TEACHERS BY MARGIN OF 94-32

SOUTHERN CARRIES OFF FIRST PLACE HONORS IN THIRTEEN EVENTS

Running on a rain-drenched field, the Maroon track squad splashed their way to a 34-32 conquest over the Eastern Teachers' at Charleston last Friday. Times were slower than usual, because of the soaked condition of the field.

Southern's "Big Three", Captain Harry Strusz, Dave Aiken, and Junior Horton, ran true to form and each scored double victories. Aiken, with firsts in both hurdle events and a third in the javelin throw, piled up 11 counters, while Strusz con-

tributed 10 points with victories in the 400 and the 220. Horton triumphed in the mile and two mile events and thereby annexed 10 markers. All members of the "Big Three" remain undefeated in college competition. The Southerners also bested two men who won one first and tied for another. J. T. English, lanky Anna sophomore, whipped the Javelin 155 feet 7 inches to gain first honors in that event and tied with Jim Price and Carl George for high jump honors. Byford Hains also bested his debut as broad jump winner against the Easterners and shared first in the mile vault with Jack Wilson.

The Maroon conquest is made doubly impressive by the fact that Southern's first in all events was with the exception of the fifteen throw, even though the field was what and rain swept. Freshman Kenneth Brewer's win in the 550 stamps him as one of the "unknowns" who will be further watched as the season develops. Brewer's kick on the last 220 yards carried him, Ford of Eastern and Sutton, him past two more experienced half who last won the half at the Teachers' annual meet.

Carbondale was awarded all three places by the high jump as well as in the javelin throw. Most of the necessity was run off in a driving rain which finally caused the cancellation of the final relay event. Frank Chase, Anna freshman, and Gubley accounted for Southern's other two wins.

Summary. Mile: Won by Horton (S); Carter (E); second, C. Anderson (S); third, Time: 4:51.5. 110' dash: Won by Strusz (S); Morgan (S); second, Suddarth (E); third, Time: 1:52.4. 200 yard dash: Won by Chase (H); time: 2:10.5. 400 yard dash: Hall (E); 150' high hurdles: Won by Aiken (S); Ward (E); second, Hiley (E); third, Time: 1:14.7. 800 yard run: Won by Brewer (S); Ford (E); second, Sutton (S); third, Time: 2:49.1. 1 mile: Won by Strusz (S); Chase (S); second, Arnold (E); third, Time: 3:22. 2 mile: Won by Horton (S); Anderson (E); second, Cutler (E); third, Time: 10:54.4.

ECOLOGY CLASS MAKES FIELD TRIP TO HERRIN

Twenty-three members of the ecology class, under the direction of Dr. Willard Gersbacher, recently made a field trip to Reelfoot Lake, Tenn., leaving April 14th, and returning the 18th.

Reelfoot lake, which was created in 1811 by an earthquake, is the largest freshwater lake in this area. The fact that it contains several varieties of fish, and is of economic importance made this location desirable for the Ecology students. The students visited a heronry where they studied the habits of the American Egnet, the Double Crested Cormorant, the Wanda Heron, and the Water Turkey, besides several other types of birds. After their visit at the heronry, Dr. Gersbacher and his students visited the biological station located there.

Dr. Willard Welch and Mrs. S. E. Boomer, wife of the former head of the zoology department, accompanied the students.

MEMBERS OF GYM TEAM GIVE EXHIBITIONS

Twenty-four members of the Southern gym team completed their third week of exhibitions before high school audiences in this vicinity yesterday. The system of spring performances in nearby towns has been carried out for the past few years and has met with unusual success and appreciation in all instances. During the week, the men filled three engagements. On Tuesday evening they staged an exhibition at Danopolis. They were guests at Danopolis and West Frankfort yesterday. Christopher and Harrisburg are scheduled as hosts of the team on Tuesday of the coming week. Included in the routines are tumbling, pyramids, tiger leaping and work on the side horse, spring board, board, parallel bars and the ring. The presentation of the five-

INTRAMURAL BASEBALL IS STOPPED BY RAIN

All intramural baseball games during the week were postponed because of bad weather and the poor conditions of the playing field. Managers and players are expected to consult the bulletin board in the gym for next week's schedule.

Results of games of the week of April 10-14: Bullfrogs 8, Sigma Beta Mu 3; Wildcats 1, KDA 1. Games on Thursday found the Bartonians defeating the Unknuews, 4-4, and the boys from University High trouncing KDA, 18-2.

The Bullfrogs opened the scoring in the first inning. Three walks, a passed ball and a stolen base combined to put the Bulls in the lead. In the third run, Sigma Beta Mu tied once in the second on a walk, an error, a passed ball, and Warren's steal home. Both teams scored in the third and the Bullfrogs added two more runs in the fourth frame to assure victory. More the Bullfrogs' twister, chalked up eleven strikeouts, while the fraternity pitchers, Webb and Gray, had five each.

The Wildcats scored in each of their five innings at last Wednesday. The KDA's lone run came in the fifth inning. After two were out, Turner was hit by the pitcher, stole second and scored on two errors. Bradley, the catcher for the first team, made the only safe hit, this being a double. The Cats made only four hits off the offerings of the Bullfrogs' pitcher, but the other opposing defense, scored 11 runs.

In the first inning, they crossed home plate five times. Two walks and a single loaded the bases. Cox, third man. The next man up, Dillow, cracked out of home and, scoring in the box Cox. The big inning for the high school boys was in the second stanza. After three successive singles, Cox tripped again and scored on a wild pitch. A walk, a single and for the inning ran to seven. Things were quiet during the third but in the last half of the fourth U. High tallied six times on two hits and four errors. The Greek organization's only runs came in the fifth. Eckhard reached first on an error and scored. Second, Hest walked and Bradley, doubled, scoring both men. Bradley's hit was the only one the first members made. Incidentally Bradley got the only hit for his teammates the day before. Hallerman, Cox, and Gable of the winners led both teams with two hits apiece. Bill Luck hit the Greeks as Bradley, their catcher, suffered a compound fracture of one of his fingers.

Both the Bartonians and the Unknowns scored on a base on balls, and while the Bartonians scored in the second, third and fifth innings, the Unknowns made seven fielding bobbles. Batteries were Clutter and Parkhill for the Unknuews, for the Babitz managed team were Nelson, Babitz and Bushman.

TRACK AND FIELD FOR SPECTATOR

With this edition of the Egyptian the sport staff introduces the first of a series of articles written with the idea of familiarizing spectators in general with track and field events. It is our opinion that the average fan attending the college meets has a fair understanding of the contest as a whole, but would be interested in several brief insights into various seemingly minor rules and features of each of the fifteen divisions. Below are presented the all-time records of Southern's track representatives along with marks established in annual Illinois Intercollegiate Athletic Conference and State Teachers College Meets. Events are listed in the order prescribed by the National Collegiate Athletic Association for use in dual meets. Big stationary, however, has again proven to be one of the outstanding features of the team set in recent engagements. Ralph Bishop and Kenneth McGuire have specialized in this division of the work. A full program of activities will be presented early next month in the annual gym team exhibition in Shroyck Auditorium.

S. I. N. U. Tennis Men Whitebush Eastern Team

Southern's tennis men bounded back from their 3-4 defeat at one win only one set, the evening session from Charleston, 7-0, Saturday afternoon. The match opened before dark with the singles being run off. The doubles started after the lunch hour. So complete was Southern's dominance that Eastern was able to win only one set during the contest.

Almost as gratifying as the victory itself was the return of Bob Peterson to his last season's form. "Pet" has been playing in the number one spot as usual this season, but last Saturday he had failed to win his match. With Eastern, he was pitted against Bob Mirus, third in the I. I. A. C. singles championships last year, and displayed top notch tennis to win his match in straight sets, 6-4, 6-0. Mirus, a state player, had little difficulty in winning their singles matches. Sekard, however, lost the only set of the contest to Eastern's number five man, Russ Myers. After Myers took the opening set, 6-3, Sekard discarded his sweat shirt and swept through the next two sets with the loss of only three games, 6-2, 6-1. Cox and Hargreave Win Doubles.

Vendie Cox and Monroe Hagee, Southern's number one doubles team, displayed fine tennis in trimming the E. I. T. C. number one doubles representatives, 6-2, 6-2. Klie and Peterson completely overpowered their opponents and took both sets at love, 6-0, 6-0. It is only fair to point out that the Eastern tennis squad had prevailed outside only a couple of times prior to the match. Saturday weather conditions have forced them to do all their practicing inside, where they do not have to contend with wind and asphalt courts. However, Southern's supremacy cannot be denied.

Results of Matches. Following are the results of the matches listed in order of the ranking players with Southern's men listed first in each instance. Singles. Robert Peterson defeated Bob Mirus, 6-4, 6-0. Harry Klie defeated Paul Anderson, 6-3, 6-1. Bruce Church defeated Dean Fleming, 6-1, 7-5. Monroe Hagee defeated Bob Burdick, 6-2, 6-4. Max Sekard defeated Russ Myer, 6-3, 6-2, 6-1. Vendie Cox and Monroe Hagee defeated Bob Mirus and Dean Fleming, 6-2, 6-1. Robert Peterson and Harry Klie defeated Bob Burdick and Paul Anderson, 6-0, 6-0.

TENNIS TEAMS TO BE RANKED BY TOURNAMENT

Dr. C. D. Tenney has announced that a round-robin tennis tournament will be held in order to select a varsity and sub-varsity tennis team out of the unusually large number of almost evenly matched "majors" who are on campus. Decisions on the "Tenney coached" tennis squad. Dr. Tenney has divided the tennis prospects into two classes, varsity and sub-varsity, and every man in each group is supposed to challenge every other man in his class. A considerable shake-up is expected before the tournament is finished. The purpose of the tournament, according to Dr. Tenney, is to assure every man of the position he deserves. Because of the inconstant weather which has discouraged all forms of outdoor sports, the tournament has been slow getting under way. Only a few matches have been reported as yet. "Phog" Allen, University of Kansas basketball coach, has on his freshman team two players who are boys of men who played on the first college team he coached. Harvard and Columbia universities' men's dramatic organizations have both chosen "Fair Enough" as the titles of their 1939 productions.

SOUTHERN FACES ARKANSAS STATE ON LOCAL TRACK SATURDAY; SEEKS SEASON'S FOURTH WIN

Captain Strusz, Aiken and Horton Will Lead Attack on Visitors

With three consecutive dual meet victories racked up to date, the Southern under squad plays host to Arkansas State college of Jonesboro, Ark., tomorrow afternoon on the local field. According to Coach Leland P. Lingle the first of the field events will start at 12:30 with the one mile run opening the track program at 1 o'clock.

Although Arkansas State has sent representatives to this campus during the football and basketball seasons of the last few years it has not had a track opponent of the Maroons since two years ago. At that meeting Coach Lingle's men were successful in making their visitors into submission, 30-27. As yet open-

INTRAMURAL INNINGS By Lloyd Mitchell

The season's intramural baseball race should be very close. Probably the most outstanding teams "on paper" are the Spirits of '76, the Bartonians, the Bull Frogs and the Wildcats. However, you can always look out for a dark horse.

James Ashley, Sparta, Liberty Atlas receiver, is off to a good start for the batting crown this year. He connected for four solid blows in his first game to maintain a perfect record. The Wildcats appear to be the "hittest" wanners. They defeated the Kappa Delta Alpha fraternity, 9-1, and collected only three hits.

Edwin Haller, Sesser, Unknown twister, is after the strikout championship. He whiffed eleven men in three innings. (Two men reached base because of errors by the catcher. Not bad, eh?) The Bull Frogs appear to have the best cross-breed combination in sophomores, Leo Robinson and Robert Interwood, of Carbondale and Goreville, respectively.

The broken line and middle fingers on the right hand of Lloyd Bradley, Carbondale, KDA backstop, is the first injury of the season. It was the result of his stopping an "in the dirt" pitch, in the KDA-UTS '76. David Dillow, U. High pitcher, slugged out the first home run of the season when he plunked one of the portable slants of Bill Humphrey, Naushville, in the KIA-UTS battle.

The ground rules committee forgot to make provisions for the ball.

Campus Bulletins

The Hon. T. G. A. C. of Marion and Herrin wishes to play table tennis series with other clubs of teams. Address letter to Charles Morgan, 820 S. 14th street, Herrin, Ill.

Miss Charlotte Zimmerschied of the Physics Department wishes to report the loss of black checker fountain pen somewhere on the campus last week. If it is found by a student please return to Miss Zimmerschied or to the president's office.

N. E. A. Journals for April are ready for distribution in the geography office.

PLACEMENTS OFFICE NOTICES
From time to time the Placements Office will post notices of vacancies on the bulletin board directly outside the office door. At the present time

there is such a list posted, drawing attention to a number of vacancies which have not yet been filled.

If you are qualified for any of the positions posted, or if you know of someone who is, please notify the Placements Office.

The Placements Office would appreciate the cooperation of students and faculty members in reporting teaching positions open, and also reporting placements which may not be known to the office.

Southern Knights will meet Monday night, April 24, at 9 o'clock in the Little Theatre. Final plans for the outing on April 27 will be drawn up. The outing will cost thirty cents. This meeting will be the last one for registering for jobs. All members are urged to be present.

S. I. N. U. GIRLS GO TO EUREKA COLLEGE CONFERENCE

Eureka College was hostess to the S. I. N. U. girls' spring conference of the Southern Illinois area, which began on Saturday, April 15, and concluded Sunday noon.

The schools which were represented were: S. I. N. U., the four other State Teachers' Colleges, Macomb, McKendree, Bradley and Zuecker. S. I. N. U. was represented by Hope Hamilton and Dorothy Hill.

The theme of the conference was "Social relations, minorities, religious conception with this theme, the group discussed economics, international time—4:46:1.

Institutions, and education. Besides studying the above topics, there were separate meetings for the various cabinet members. At these sessions, problems were discussed and suggestions were given.

SOCIAL STUDIES COUNCIL MEETS HERE SATURDAY

Dr. W. G. Swartz Is Elected President of 1939-40 Council

The second annual meeting of the Illinois Council for the Social Studies, which was held on the campus last Saturday, was attended by over one hundred social scientists. Among those present were representatives from all over the state, including delegations from Chicago and Rockford.

Several interesting facts were brought to light in the panel discussions, and the address given by Dr. Charles Lee of Washington University and President Pulliam of Southern were especially well received. There were also an entertainment program and a luncheon.

At the business session, Raymond Lusenbush of Austin High school in Chicago was elected president of the council for the forthcoming year. Dr. W. G. Swartz, head of the political science department at S. I. N. U., was elected vice president, and D. R. Aiter of Eastern Illinois State Teachers' College was re-elected secretary-treasurer.

The council will hold its third annual meeting next year on the Illinois college campus at Jacksonville, Illinois.

MISS REBA GOLDSMITH

Miss Reba Goldsmith, who is retiring president of the Illinois College Press Association, which elected officers for the year 1939-1940 last Saturday.

SOCRATIC LITERARY SOCIETY CHOOSES SPRING PLAY

Committee Selects Labrum Grove By Priestley

For their annual spring play, the Socratic Literary Society has selected J. B. Priestley's subtle and amusing mystery play, Labrum Grove. This drama is generally considered to be one of the most popular mystery plays in recent years. The author is recognized as one of the top three outstanding playwrights produced by the American theatre in recent years. His subtle and amusing plays are the toast of the theatre-going public.

In the casting of the play, John Van Druen, who recently penned Flowers of the Desert, starring Burgess Meredith, Priestley is the most promising of the latter-day American dramatists.

GRAESSER AND DALLMAN SPEAK TO CLUB APRIL 13

The Evangelical Club had its regular meeting on Thursday evening, April 13. At this time, Marie Graesser read several short poems to the group. The main feature of the evening was a discussion which was led by Dr. Wm. Dallman.

The group was free to ask any questions which they would have liked answered. Most of the questions dealt directly or indirectly with religion and the modern world.

SOUTHERN ILL. COUNTIES COULD SUPPORT HOSP.

A bill is now in committee in the legislature, which, if passed, will make it possible for Southern Illinois to have a hospital for the treatment of tuberculosis. As the law now stands, the county commissions of each county must handle their own tax money for health purposes. The new law would permit a larger administrative unit to be formed without raising the tax above the fifteen mills limit now specified by the Clark law. By pooling their funds, several counties of Southern Illinois could support a hospital of their own.

It is the opinion of Dr. Bowden, head of the Sociology Department, that "There's not likely to be a lot of opposition to the bill."

SOCIOLOGY CLASSES HEAR THAD SNOW THIS MORNING

Plight of Southeastern Missouri Sharecroppers is Topic

Mr. Thad Snow, who recently wrote an expose of the Missouri Sharecropper situation for the St. Louis Post-Dispatch, will speak to the sociology classes of the college at 11 o'clock Friday morning in the auditorium. He will discuss the plight of the sharecroppers in southeastern Missouri. The meeting is open to all students. Mr. Snow is on the campus to speak to the Nu Tau Phi high school press conference. He is a landowner and farmer from "Swampscamp Missouri." He is well qualified to talk about the status of the sharecroppers as they are from seventy-five to one hundred on the Snow farm.

Mr. Snow is a frequent contributor to the editorial page of the St. Louis Post-Dispatch.

CAMP COUNSELORS SOUGHT IN SOCIAL PLANNING COUNCIL

College students who wish to work as volunteer counselors at summer camps operated by St. Louis social agencies are being sought by the Social Planning Council. They must be at least 20 years old and preferably have college training in physical education, group work or teaching.

Transportation to and from camp and expenses at camp will be paid. Among the vacancies for which a woman volunteer is sought is a job as lifesaver at Camp Evangeline, Ferguson, operated by the Salvation Army.

ENGLISH MAJORS TO ESTABLISH FRATERNITY HERE

Sigma Tau Delta Requires Members to Write

Under the direction of Miss Eather Power of the English department, a petition has been sent to the national headquarters of Sigma Tau Delta, English fraternity, for the establishment of a chapter on this campus.

The purpose of the organization is to encourage creative writing among college students. Each chapter is required to make quarterly contributions to the fraternity's official publication, The Rectangle Poems and descriptive prose comprise the contents of the magazine. All students see Miss Power about joining the interested in creative writing should fraternity.

Volunteers also are needed for work in St. Louis settlements, community centers and children's institutions.

World's Pleasure

At the New York World's Fair
... Captain NANCY LOWRY and her Guides will show millions their way around.
And at the Fair... or wherever you go... Chesterfield's right combination of the world's best cigarette tobaccos is showing millions the way to more smoking pleasure.

When you try them you'll know why Chesterfields give smokers just what they want in a cigarette... more refreshing mildness... better taste... more pleasing aroma. **THEY SATISFY**

Chesterfield
... the RIGHT COMBINATION of the world's best cigarette tobaccos
... they're MILDER and TASTE BETTER
