This Article is brought to you for free and open access by the Daily Egyptian 1950 at OpenSIUC. It has been accepted for inclusion in June 1950 by an authorized administrator of OpenSIUC. For more information, please contact opensiuc@lib.siu.edu.

SIU President Delyte W. Morris (left) congratulates W. Vandever, Rocky River, Ohio, who was awarded the first honorary degree—the Doctor of Law—ever to be conferred by Southern at the 75th annual commencement exercises here June 11. Vandever also was the main speaker at the exercises.

In a special meeting of the University Board of Trustees Saturday afternoon the Board unanimously authorized the award to Vandever, a Southern Illinois university graduate, class of 1910. Vandever has served as president of the Alumni Association for one year and was reelected to the position June 10 at the annual Alumni banquet. During the past year he has made a number of

trips to Southern's campus to plan for greater alumni contributions to the University. Just recently Vandever, a director of the Ashland Oil Stock and Refining Company, gave Southern 5,000 shares of Ashland Oil Stock, currently valued at \$114,000. The plan is to use the future income from these shares to provide scholarships for needy students.

Trustees Approve Big Budget for 1950-1951

A \$3,285,472 operating budget for the 1950-51 fiscal year was approved by Southern's Board of Trustees in a meeting here Monday afternoon.

The amount approved was \$416,566 above last year's total appropriation of \$2,868,906. University officials said the increase was necessary because of the increased operation costs of instruction, research, libraries, general administration, and general growth. Total appropriations for 1950-51 is divided into two classifications. Educational operations will receive the major portion of the allotment—\$3,040,472—while auxiliary enterprises will receive \$245,000.

Auxiliary enterprises include the university bookstore, cafeteria, Canteen, Veterans' housing project, and Anthony Hall.

Increases Ranks
The board also approved the following four changes in rank: Dr. Floyd F. Cunningham from the rank of associate professor to the rank of professor; Dr. William H. Freeburg from the rank of instructor to the rank of assistant professor; Dr. Margaret Kaaiser from the rank of assistant professor to the rank of associate professor; and Dr. W. C. McDaniel from the rank of associate professor to the rank of professor.

All appointments are effective Sept. 11 of this year.

Dr. Cunningham has been very active in extension courses in Southern Illinois since becoming chairman of the geography department in 1947. He also has written numerous magazine articles and book reviews.

Dr. Freeburg, who recently received the first doctor's degrees ever offered in the field of recreation, is currently in charge of a summer workshop program at Giant City state park. Dr. Kaaiser recently received an offer a position as research assistant to Paul

B. Sears, distinguished botanist at Yale university, but turned it down to remain at Southern.

Dr. McDaniel, who will become chairman of the department of mathematics July 1, has been active in various local, state, and national mathematical organizations.

In other business the Board approved a recommendation that Dr. Harold Kaplan, acting chairman of the physiology department, be given the authority to purchase dogs for experimental purposes throughout Southern Illinois.

The dogs will be used in experiments which are being conducted by Dr. Kaplin and Dr. W. G. Hartnett, chief of staff of the Veterans Administration hospital at Marion.

Next Meeting July 24
Arrangements were also completed for the joint meeting of the SIU and the University of Illinois Boards of Trustees at Southern Monday, July 24 at 9:30 a.m. In the afternoon the group will visit the U. of I. agricultural experiment station at Dixon Springs.

Changes in the faculty included the following: Dr. Anthony Raso as associate professor of physiology and associate university physician, Mrs. June Todd, faculty assistant in the Registrar's office.

ANTHONY HALL TO HOLD OPEN HOUSE TONIGHT

Anthony Hall will hold open house tonight from 7:30 to 10:30 p.m.

"Open House of Southern Bells" is the theme of the get-together which will feature dancing, cards and short entertainment. Refreshments will be served.

Mayer To Represent 50 Tri-Sig Chapters At National Meet

Audrey Mayer, a freshman from St. Louis, will be initiated into the Sigma Sigma Sigma sorority during the national convention at Chicago this week end. Each chapter of the Tri Sigma sorority—about 50 chapters in the U. S.—delegates one pledge as a candidate for the convention initiation. This is the first year that a pledge has ever been initiated at a national meeting. Then a national committee se-

lected one of those for the honor of being initiated by the national officers.

Tri Sigmas' triennial convention will be held at the Edgewater Beach hotel June 24-28. During these five days there will be business meetings and discussion periods, luncheons, formal dinners, dances, and an Alumnae Day. Two highlights of the convention will be dancing to a big name band on the beach walk, and a moonlight cruise on Lake Michigan.

At each convention members of a different chapter of the sorority serve as hostesses. This year the honor and duty is awarded to Alpha Nu chapter of Southern. Girls from here attending are Audrey and Janet Mayer, Jeanne Palmer, St. Louis; Phyllis Wolfe, Belleville; Janice Robbins, Fairfield; Jeanne Webb, Ewing; Jo Parker Rush, Metropolis; Rosie Knight, Rio Hondo, Texas; Sharon Womack, Du Quoin; Marilyn Mauding, Kimnudy; Judy Gurley, Anna; Runette McCarthy, Murphysboro; Wilma Beadle, Jane Kenny, Betty Conatser, and Betty Nebugh, all of Carbondale. Mrs. Verna Rossi and Annabel Tillman, alums, will also attend the convention.

TO HOLD OPEN HOUSE AT STUDENT CENTER

An Open House for Southern's Student Center will be held Wednesday, June 28, it was announced today by Miss Lura Evans, who is in charge of the Student Center.

The Center, located the first house north of the Canteen on University st., is open daily from 7:30 a.m. to 10 p.m.

July 8 Replaces July 3 As Regular School Day

Summer Enrollment Reaches New Peak

All records for summer enrollment were broken as this term's registration totaled 2044 Monday. This number will be increased this week as more students are expected to enroll, according to the Registrar's Office. Already there is an increase of 44 over last summer's enrollment of 2000.

In keeping with the summer enrollment trend, the largest number of students are found in the junior, senior, and graduate classes. During the summer term, these classes are increased by persons who are teaching during the regular school year and return to the university to complete their education during the summer vacation.

Enrollment according to classes is as follows: freshmen, 236; sophomores, 348; juniors, 454; seniors, 523; post-graduates, 84; and graduate students, 374. Men students outnumber women students 1135 to 884.

Swedish Film Begins Foreign Movie Series

"Torment," a Swedish film with English sub-titles, was presented to students and faculty members on Tuesday by the university lectures and entertainment committee.

This was the first of a series of foreign motion picture productions to be shown by the committee this summer. A few of the older but better Hollywood pictures will also be presented. The purpose in showing these films is to permit students and faculty members to see pictures which are not usually played in downtown theatres.

Egyptian To Be Weekly During Summer Term

For the first time in Southern's history, The Egyptian will be published weekly during the summer term. In the past, the Egyptian usually published about three issues each summer.

Instead of the usual eight-column size paper, however, the Egyptian will be published in tabloid form. The Egyptian will not publish during the week of July 3-10 and during final exam week. Next issue of the Egyptian will be next Thursday, June 29.

Egyptians can be obtained in the crosshalls on the first floor of Old Main early Thursday afternoons. All students currently enrolled in school are entitled to a free Egyptian.

In a special meeting Tuesday, the advisory council voted to close school Monday, July 3. In order to make up the time, Monday's classes will be held on Saturday, July 8. Students who work on Saturdays or classes that usually meet on Saturdays will have to make arrangements with the individual instructors.

The Student Council made the appeal for such an arrangement in order to enable students to go home over the Fourth of July. For the past week Student Council members have been polling opinions on the question and working with the administration in order to make the change in the regular schedule. July 4 is a legal holiday and the time does not have to be made up for that day.

Recently elected by the student body, Southern's new Student Council has taken other action. Officers have been elected as follows: Tom Sloan, president; Bill Waters, vice-president; Mary Ellen Donahue, secretary; and Bob Smith, treasurer.

Other issues the Student Council is working on concern election procedures, freshman orientation, assembly procedures, Homecoming, and the main project of a Career Day to be held sometime this fall.

A summer Student Council meeting will be held at 4 p.m. July 15 at the Student Center.

Training School Needs Suggestions for Name

Southern Illinois university's new training school lacks a name. Student groups and individuals on campus are asked to remedy this situation by sending their suggestions, as soon as possible, to President Delyte W. Morris' office, according to Dr. Charles D. Tenney, administrative assistant to the president.

Letters, asking for suggestions, have been written to the alumni association and various organizations in Southern Illinois. Their suggestions, along with the ones received from individuals and groups on campus, will be turned over to the Board of Trustees. They will study the suggestions and decide on a name for the new building.

Although at present the new training school is still under construction, the university hopes to have it partially ready for the fall term. They are working toward September 1 as the date for completion but it is improbable that all the facilities will be available at that time, according to Dr. Tenney.

IT SOON WILL HAPPEN . . .

Thursday, June 22 Anthony Hall Open House, 7:30 p.m.
Tuesday-Thursday, June 27-28-29 Shriners Circus, McAndrew stadium.
Wednesday, June 28 Student Center Open House.

A Good Start

Southern's newly-elected Student Council is showing signs of becoming a very worthwhile organization.

To begin with, the group discarded party lines to elect Tom Sloan—the only member not affiliated with any party—as the president. As one council member expressed it, "The election was not a compromise—it was an effort to elect the best person."

The move by the Student Council to have school dismissed July 3 is a very commendable move. This would enable students and faculty to get a "real" vacation instead of only one day.

Other things which the Student Council are working on include freshman orientation, election procedures, assembly procedures, and a Career day which would bring various professional persons to the campus.

We congratulate the Council on its good beginning.—B. H.

A well-nailed sign on a tree on Harwood ave. reads "High school buses wait here for parking guides." The sign, a bit yellowed with age, was put up last November for high school Senior day. Looks as if it's going to hold out for Senior day next fall.

Vacation Time

If you're thinking about taking a vacation as soon as summer school is over, why not turn to page four and read about the vacation tours to Mexico being offered by Southern this year.

Considering the long distance, the prices are not unreasonable and both trips should be enjoyable. One of the tours offers five hours credit while the other one is a shorter one with no academic credit.

Those deciding to go on either of the tours should make arrangements with the ones in charge of the trips this month.

Want to wager any bets? Is the Carbondale monsoon season over or just taking time out? Maybe the weather itself is as tired of rain as we are.

Reporters Welcomed

Some persons seem to have the idea that working on the Egyptian is limited to journalism majors and minors. This is not the case.

Any student (including school teachers) interested in journalistic training is eligible to join the Egyptian staff. Those wanting to write for the Egyptian should contact one of the editors at the Egyptian office, phone extension 266, Monday or Tuesday afternoon.

We asked a member of the hen-pecked species whether he was a man or a mouse. He said that he must be a man because his wife is afraid of mice.

Letters To The Editor

In addition to reporters, letters to the editor also are welcomed. Those writing letters should either drop them in the "Letters to the Editor" box in the crosshalls of Old Main or mail them to the editor, care of the Egyptian via campus mail.

Because of space limitations, we would appreciate it if letters are brief.

See where that feller said shooting his wife was just an accident. Seems she stepped in front of his mother-in-law just as he pulled the trigger.

The Greek Scene

Greece Poverty-Stricken, But Keeps Strong Spirit

(Editor's note: Egyptian foreign correspondent John (Caray) Anastaplo is currently touring Greece. Anastaplo, who has several relatives in Greece, in the following colorful article depicts Greece, its people, and their attitude toward America.)

By JOHN ANASTAPLO

CORFU, GREECE—Tomorrow we leave this small war-devastated island situated in the Ionian Sea some 250 miles from Athens.

Corfu is an extreme example of war-instigated poverty, destruction, and submissiveness. The only sign of enthusiasm one sees here is the humming of an American importee, "Samba Caramba," which evidently is quite the favorite. It is the only American song I've heard here and it's an unusual day indeed which fails to bring it forth.

On the darker side of the picture, there is the destruction and filth which the war with the Germans and Italians has inflicted and of late the war against the hated, blood-line Greek Communists.

Praises "Greek Spirit"

The war-torn tenements and business structures are a lasting testimonial to the hardships, privation, and chaos which were experienced then and is an aftermath now. One thing is evident enough—the ebullient Greek spirit—which is highly contagious, and the sincere manner in which they greet and welcome foreigners to their illustrious Hellas. Compared to Portugal and Italy, which abound in vice and pettiness, this area is relatively a haven.

The Greek people, to be blunt about it, are just too proud. They will not stoop to such machinations and display those enticing wiles which we saw and abhorred in those two countries. It's something which is encouraging and a portent of what the succeeding generation in Greece will be in the world.

Most of these 140,000 inhabitants on the island as a whole eke out a bare sustenance with their world-famous olive trees. This area literally abounds in olive trees—the source of most of America's high-grade European olive oil.

Here in the city, with about 35,000 people, the small dirt streets are bordered with small holes in the walls—everything from shoeshine parlors (which are in the vast majority) to the Greek cafes.

Average Wage \$1.75

The average wage earnings here as on the mainland is \$1.75 at the present rate of exchange. Many labor for considerably less. The Greek currency has catapulted to an astronomical level. The American dollar now can be converted into 15,000 drachmas. Just two years ago, during the bitter civil war in Athens, one could pick up on the streets Greek drachmas by the score. They had depreciated to such a low value that they were almost worthless.

Today the situation is highly promising. The people I've talked to are simple, down-to-earth people and are grateful for the work done in Greece by the American government and especially are they grateful for the improvements undertaken under the auspices of the Truman Doctrine.

This week was the fourth year of the Truman Doctrine aid to Greece and Turkey, and it was hailed by Radio Athens with all the fanfare of a million-dollar Goldwyn movie premiere. Truman, as I've said before, is the Grecian "Man of the today.

Hour."

Iron Curtain Ripe Truman

The anniversary of the Truman Doctrine was not so favorably received and reviewed behind the Iron Curtain. Last night we heard short-wave accounts emanating from such locations as Prague, Sofia, Moscow, and Bucharest, and broadcast in the Greek tongue, damning the effects of the Truman Doctrine. The word that seemed to evoke constant repetition in regard to Truman and his like was "gangster."

My uncle here on Corfu, one of the area's few doctors, made a timely comment regarding these short-wave airings. "Why," he said, "are the Americans so lax and nonchalant in their propaganda campaigns, via the Voice of America and the other airings, while the Russians and Iron Curtain cohorts are beaming out a continuous barrage of tension-provoking tirades against the Western powers which are sugar-coated and acceptable to a gullible, uninformed people."

That's one phase of the cold war on which we are decidedly in arrears. Our propaganda has not measured up to the insidious, poisonous comments of suave, cocksure, Iron Curtain commentators.

U. S. Broadcasts Poor

The voice of America broadcasts which we've heard are not of exceptionally high calibre—that is, they do no justice to the American standards. We take our culture and stand too much for granted—waking up in the morning and finding the sun in the same familiar place.

The Communists are hated here in Greece with an intensity and fervor which is hard to put down on paper.

This afternoon there were brought to Corfu 290 Communists from the mainland for imprisonment. All are life-terms. Their plight is especially pathetic. They are imprisoned for life and yet in spite of this they refuse to renounce the Communist ideology and moral code.

These Communists on the island ran up a most ignominious score. Their barbarianism and brute terror in the wake of the war is every day talk now on Corfu streets. They eliminated the townspeople with apparent nonchalance and at random. The doctor will give these prisoners an examination tomorrow so we will be better able to report on this later.

To Go To Athens

We'll be in Athens in about two more weeks and while there we have an appointment for an interview with Paul Porter, head of the American ECA mission here.

TO GIVE FRESHMAN TESTS HERE JULY 11

Regular freshman tests will be given to all beginning students who haven't had the tests the afternoon of July 11, Robert Etheridge, assistant dean of men, announced

Edited by Bill Hancock

Well, here it is June—the month of weddings, summer school and suntan lotion. A lot of you are here for the first time since last summer. Those people that only go to summer school are pretty smart—it's more fun to flunk chemistry while you are sunning at the beach—some of us had to do it while the weather was cold.

* * *

The number of cars on the campus reminds us of this little poem:

When Noah sailed the waters blue,
He had his trouble, same as you.
For many days he drove the Ark,
Before he found a place to park.

* * *

We know of at least one person that flunked registration. A person should automatically get a Bachelor's degree if he ends up with the same classes he originally planned to take. We hear that they are getting some kind of red tape to eliminate the red tape.

* * *

One of the returning teachers was telling us about a note explaining a student's absence she received this last year. The note he brought from home said, "Please excuse Jimmy for yesterday, he had a new baby brother. It wasn't his fault and it won't happen again."

* * *

"Women don't interest me. I prefer the company of my fellow man."
"I'm broke too."

* * *

We asked one of the guys how he got the puncture in his tire. He said that he ran over a milk bottle. We asked if he didn't see the bottle in time and he said, "No, the kid had it under his coat."

* * *

She: I can't marry you, honey, I'm anemic.
He: That's all right, dear, you go to your church and I'll go to mine.

* * *

He: (speaking of the new engagement ring he had given her): "Did your friends admire it?"

She: (coldly): "Yes, and three of them recognized it."

* * *

Wife: "John, why do you always sit on the piano stool when we have company. You know you can't play a note."

Husband: "Yes, and neither can anyone else while I'm sitting there."

* * *

Aw, these skywriters aren't so much—
I once wrote an essay on the moon.

THE Egyptian SOUTHERN ILLINOIS UNIVERSITY

Vandever Urges Grads To Support Southern

Representing the largest graduating class in the history of Southern Illinois university, 400 graduates were urged last week by commencement speaker, W. W. Vandever, to support the growth of the university as alumni and assure its continued expansion.

Vandever, president of the Alumni Association, spoke on the topic, "The University Twenty-Five Years Hence." He told the graduates that today, for the first time in 75 years, the question, "Where do we go from here?" has some real significance.

"If you and all Southern alumni and citizens of Illinois guard our heritage of freedom, accept responsibility for moulding our own future, we need have no fear for the future of Southern," Vandever declared.

Following the address, President Delyte W. Morris conferred the degrees on the candidates, and presented his charge to the graduates. President Morris said, "Let not your education be like a thin silver-plating over base metal which wears quickly away and is forgotten, but let it sink to the center fibre of your being to give always to you its sterling worth."

Music for the program was presented by the Southern Illinois Symphony Orchestra under the direction of Dr. Maurits Keszner, professor and chairman of the music department. The invocation was given by an alumnus of the University, George W. Schroeder, associate secretary of the Baptist Brotherhood of the South, Memphis, Tenn. Rev. William Janssen, president of the Carbondale Ministerial Association, gave the benediction.

Marshals for the program were: Robert K. Cagle, Metropolis; Darwin Darrell Davis, Salem; Charles Dickerman, Carbondale; William H. Fraley, Carbondale; Robert R. Hancock, Herrin; Charles Bruce Koons, McLeansboro; James Robert Martin, Jonesboro; Perry Morley Proctor, Springfield; William Howard Shackleford, West Frankfort; Thomas O. Sloan, West Frankfort; Robert Gene Stevens, Marion; and Walter W. Vinyard, Pinckneyville.

Ushers were: Beverly June Baine, Carbondale; Imogene Catherine

Alumni Association And SIU Foundation Elect New Officers

By unanimous consent, W. W. Vandever of Rocky River, Ohio was reelected president of the Alumni Association, June 10, at the annual alumni banquet held in the Old Science gymnasium.

Other officers elected to serve with Vandever were: Lowell Roberts, Chicago, vice-president; and Mrs. John Lewis, Carbondale, secretary. Elected to the Board of Directors of the Alumni association were: Robert Browne, Urbana; W. V. Valentine, Alto Pass; Warren Gladders, Carbondale; Geoffrey Hughes, Benton; and Clyde Brooks, Carbondale.

The following members were named to the Board of Directors of the SIU Foundation by the Alumni association in a morning meeting: Glenn Brown, Carbondale; Mrs. J. W. Barrow, Carbondale; J. E. Etherton, Carbondale; Lyndon Hancock, Harrisburg; and Russell Rendleman, Jonesboro.

During an afternoon session, the SIU Foundation Board of Directors voted minor changes in its constitution. The following officers were chosen for next year: Glenn Brown, Carbondale, president; John Leonard, Chicago, vice-president; Edward V. Miles, university business manager, treasurer; and Mrs. Lois H. Nelson, secretary to the president, executive secretary. Miles was also made an ex-officio member of the Board of Directors of the SIU foundation.

Beckemeyer, Carlyle; Ruth McClure, Golconda; Lena Marie Pantaleo, Du Quoin; Ethel Joan Peters, Effingham; Maralee Radford, Marion; Doris Jean Schwinn, Du Quoin; Luella Irene Seyer, Mascoutah; and Nancy Jean Willis, Murphysboro.

Ushers and marshals are chosen from the junior class on the basis of scholarship.

The ceremony was held in McAndrew stadium, out-of-doors for the first time in Southern's history.

Morris Makes Charge To 1950 Graduates

The following is the charge to the 1950 graduates written by President Delyte W. Morris for this year's graduation exercises:

I charge you to live up to the best that is within you; to harbor well the precious proceeds of the education you have thus far received; to hold always to basic virtues; to keep your mind open ever to new learning; to be tolerant and not bigoted; to be kind and not vicious; to be generous and not selfish.

I charge you to join firmly and hold truly to that ever-increasing group of truly educated persons who seek to push backward the barriers of man's ignorance, to heal the wounds of man's prejudices, to add to the sum of goodness, to seek the blessings of divine wisdom.

I charge you to betray not the trust now placed in you; to confuse not sloth with skill; learning with wisdom; cleverness with intelligence; glibness and understanding; stupidity with deliberation; brightness with depth; selfish pride with principle. Let not your education be like a thin silver-plating over base metal which wears quickly away and is forgotten, but let it sink to the center fibre of your being to give always to you its sterling worth.

In the words of Polonius to his son:

"Too thine own self be true and it follows as the day the night thou canst not then be false to any man."

Veterans Commission Makes Announcements

As announced recently by the Illinois Veterans Commission, Veterans of World War II who do not receive their special dividend payment on National Service Life Insurance by June 30 are advised to file a "special inquiry" form.

The commission also announced that veterans with substantial job handicaps, whether mental or physical, who cannot establish service-connection for rehabilitation purposes with the federal government may be eligible for rehabilitation from the State of Illinois.

FILLING OUT LONG strings of cards was only one of several tasks confronting those registering for the summer term. The long line in the back of the picture is the line for education courses.

Ainad Shrine Circus To Give Performances At SIU June 27-28-29

Ainad's Great Shrine circus, produced under the direction of Tom Packs of St. Louis, will give performances at McAndrew stadium at Southern June 27-28-29.

The circus, one of the largest in the country, appears annually, in New York, St. Louis, Pittsburgh, New Orleans, Toronto, Montreal, and other large cities.

The visit to Carbondale will be under the auspices of Ainad Temple of East St. Louis and will be one of the stopping points of the circus which is touring Southern Illinois this summer.

Previous performances already have been given at Fairfield, Olney, Salem, and Wood River.

West Frankfort Tonight

The circus will be in West Frankfort tonight and tomorrow.

Clowns will visit Carbondale at 9:30 tomorrow night as forerunners to advertise the circus.

The circus program for next week includes such spanglied royalty as Aida, the Star in the Moon, who uses a twin-motored fireworks belching airplane as part of her paraphernalia while performing on a rotating 80-foot tower; Torrence, the Viennese Sky King, whose forte is shudder-compelling stunts on a swaying whip, reaching 135 feet into the sky; beauteous La Tosca, brought back by popular demand with her East Indian bounding-rope act; Tom Packs' widely acclaimed Siamese elephants; Clauson's motorcycle

To Offer New Course In Industrial Ed.

A new course is being offered this summer concerning the problems of the high school industrial education coordinator.

Recently high schools of the country have sponsored programs whereby the student goes to school half a day and works in a business, learning the practical side, the other half. This has been especially successful in industrial education.

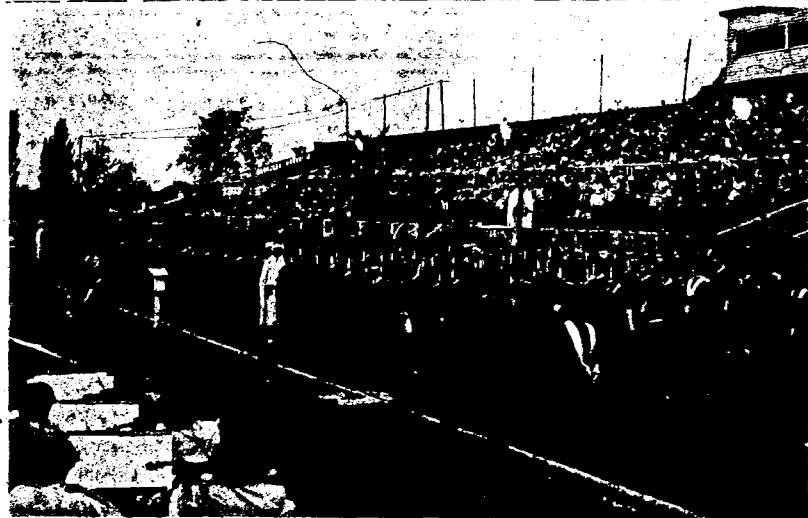

Where such a program is practiced there is need of a coordinator or person to start the program and direct it. The course to be offered this summer at Southern will train persons to supervise this type of project.

Dr. Robert E. Smith, of Ohio State university, is to be the instructor of the course, which will be on the graduate level. Smith is recognized as a leader in the industrial education field.

riding Himalayan and Siberian bears, and Captain William Heyer, America's distinguished equestrian in an exhibition of the Viennese and Spanish type of single and tandem high-school dressage riding.

"The show, scheduled to run for two and one-half hours, will have every conceivable type of act, and one of the greatest fireworks displays seen in these parts will terminate each performance throughout the Southern Illinois Shrine tour, Mr. Mallett concluded.

Tickets can be obtained either in advance or at the gate.

GRADUATING SENIORS and faculty members march into McAndrew Stadium at the beginning of commencement exercises held here June 11. Dr. Maurits Keszner and part of the university orchestra can be seen at the extreme left.

Geography Dept. To Offer Field Tour of Mexico

A field course tour of Mexico is being offered at the close of the summer term by the extension department in cooperation with the department of geography and geology of Southern.

The group will leave Carbondale August 6, and will return August 29 after covering approximately 5,000 miles. The group will go as far south as Salina Cruz on the Pacific which is about 500 miles south of Mexico City. Five quarter hours of extension credit will be given to those who complete the course. Ample time will be allowed for recreation and individual sight seeing. The course is open to juniors, seniors, and graduate students.

The group will study the agricultural and industrial geography of Mexico, the transportation system, and studies will be made of climatic conditions and the soil. Sugar plantations and industrial plants will be visited and studied.

Those wishing to take the trip who are not enrolled in summer school will be required to come to Southern Monday, July 31, to participate in a week of intensive study of Mexico. Two lectures or reports will be given each day, and the study should give each person a good background for the trip.

The course will cost \$155, which includes bus transportation, lodging, tuition, study material, and insurance. Meals are to be secured at individual expense.

Those interested in the course

Students May Apply For PTA Scholarship

Those wishing to apply for the Parent Teachers association \$200 scholarship should apply for the scholarship in the Dean of Women's office, Dean of Women Miss Helen A. Shuman announced today.

The scholarship will be awarded at the beginning of the school year.

Miss Shuman said the scholarship is awarded on the basis of "sterling character, high scholastic standing, good health, need of financial aid, and a graduate of a high school having a PTA organization. Also the student must signify an intention to teach.

The award is usually made to some student, either male or female, who has made an unusual record during his freshman year.

REGISTRAR'S OFFICE WARNS AUGUST GRADS

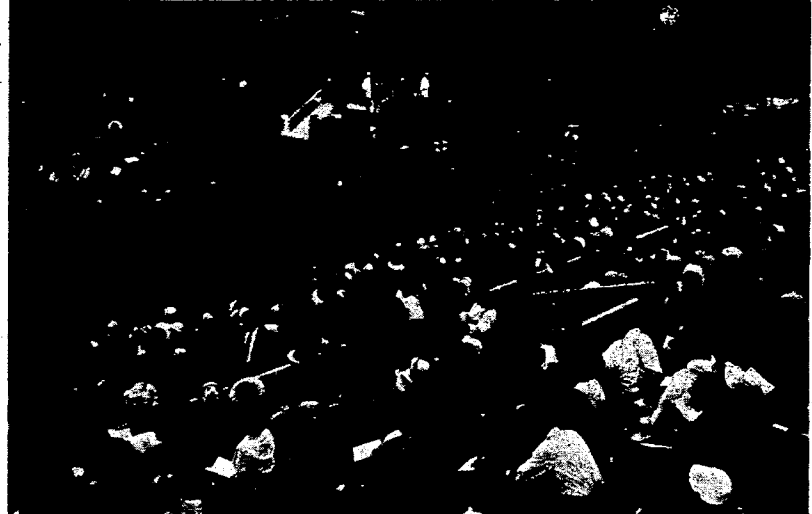

Students who plan to graduate in August should apply for graduation in the Registrar's office by the end of the week, it was announced today.

A list will be posted in the hall of the Science building and all seniors planning to be graduated should check the list and report any corrections to the Registrar's office.

should contact Floyd F. Cunningham, chairman of the department of geography and geology.

A tentative program of the trip is as follows: 1st day to Little Rock; 2nd day to Waco, Texas; 3rd day to Laredo, Texas; 4th day to Monterrey; 5th day to El Monte; 6th day to Tamazunchale; 7th day to Mexico City; 8th day in Mexico City; 9th day in Mexico City; 10th day to Oaxaca; 11th day in Oaxaca; 12th day to Salina Cruz via Tehuantepec; 13th day to Oaxaco; 14th day to Mexico City; 15th day in Mexico City; 16th day in Mexico City; 17th day to Tamazunchale; 18th day to Ciudad Victoria; 19th day to Brownsville; 20th day to Houston; 21st day to Galveston, then to Lufkin, Texas (the group will make port studies of Houston and Galveston) 22nd day to Little Rock via Shreveport; 23rd day to Carbondale, Aug. 29.

The Choctaw Indians have a word, akeh, which means "It is so and in no other way." This may have been the origin of the term or expression O. K., so widely used today.

SEVERAL THOUSAND parents, students, and friends attended graduation exercises held in McAndrew stadium—SIU's first outdoor graduation. The speaker's platform can be seen in the background.

Southern To Offer Two-Week Tour of Mexico This Summer

The university has dreamed up just the thing to enable students and faculty to visit a foreign land.

For two weeks at the close of the summer term (Aug. 6 to 19), one can immerse himself in the gaiety of bright, colorful Mexico, browse among its silver and other native craft shops, and soak up its history and culture.

One can make new friends among fellow tourists and benefit from the experienced guidance of a tour leader from a reputable travel company. There will be a university chaperone along so that students' parents may feel safe in letting them go alone or with other students.

This trip is not to be confused with the month-long trip sponsored by the geography department, also in August, which may be taken for credit. This trip gives no credit and is open to all faculty members, students, employees, and alumni of the university, and to the families and sponsored friends of individuals in the four above-mentioned categories. It is designed for those who do not wish a long vacation or university credit.

Tour costs per person are: for four to a room—\$161.00; three to a room—\$166.00; and two to a room—\$171.00. This does not include meals between Carbondale and Mexico City (both ways), the \$3.00 Mexican Tourist Permit, local taxes where assessed, or personal items.

Interested persons should see Mrs. Olive Webb in the President's office for additional information. Applications and deposits of \$10 per person must be made by July 15.

JOURNALISM DEPT. GETS GIFT OF 36 MAGAZINES

Mrs. Will Griffith, wife of the late Will Griffith, former editor of the "Egyptian Key," recently presented a gift to the journalism department. The gift consisted of 36 copies of the "The Editor," a journal of information for publications. The copies are dated from 1920 to 1922.

Alexander Graham Bell, inventor of the telephone, was a teacher of the deaf. Through his teaching he became interested in the sound of the human voice and the possibilities of sending sound across a distance.

75 Choral Directors Attend Clinic Here

More than 75 choral directors from Southern Illinois public schools participated in a choral materials clinic held here on campus Tuesday.

The purpose of the clinic was to introduce some of the newer choir selections which have been released during the last year. From the materials that were presented, the directors chose the materials they will use in their own schools next year.

A similar clinic will be held at the university on July 27 for directors of church choirs.

Add Many Teachers To Summer Faculty

Several outstanding educators* from universities throughout the country have been added to the summer faculty of Southern to enable the university to offer a more diversified and profitable summer schedule of courses.

In the mathematics department, Dr. Walter B. Carver, professor emeritus of mathematics at Cornell University, will teach a new course, Analytic Projective Geometry. Dr. Carver served on the faculty last summer. Dr. Thomas Southard, also of the mathematics department, will teach a course in the theory of numbers. He served on the faculty of Ohio State university for two years, and is at present an associate professor of mathematics at Wayne university.

Anthony Kooiker will teach piano. For three years Kooiker was accompanist for Albert Spaulding,

the famous violinist. Mrs. Bea Mansfield for Albert Spaulding, the famous violinist. Mrs. Bea Mansfield will teach a course in fashion millinery, June 26 to July 1. Mrs. Mansfield is a millinery designer and owner of the Fashion Millinery school at St. Louis. She has taught courses in millinery design at Washington university.

New courses in industrial education will be taught by Dr. Robert S. Smith. Dr. Smith is retiring as professor of industrial education at Ohio State university. He will teach a graduate seminar and a course in the problems of the industrial co-ordinator.

A course in the problems of marriage and parenthood will be taught by Herman R. Lantz of Ohio State university. Dr. Albion G. Taylos, professor of political economy and head of the department of economics at the College of William and Mary, will teach courses in labor economics.

Miss Mabel Carney, professor emerita of rural education, teachers college, Columbia university, will serve as consultant in workshops in McLeansboro, June 12 to July 14, and Sparta, July 17 to August 18. Miss Carney taught at Columbia university for 25 years. She taught here the Summer terms of 1948-49. Earl Dawes of McKendree college will also serve as consultant for the Sparta workshop. He taught here in the Summer sessions of 1948 and 1949.

Mrs. Ruby Henderson, of the Crow Island School in Winnetka, will serve as consultant in language arts.

Miss Audre Ross, Cicero, will serve as consultant in art. She has previously taught in education workshops at Southern.

New English Teachers
In the English department, Dr. James Benziger, associate professor at Carleton college, will teach a new course on Shelly. Dr. Benziger received his doctor's degree from Princeton. He has served on the faculties of Northwestern university, New York university, and Carleton college.

William E. Simeone, University of Pennsylvania, will teach a course in advanced composition. He has served on the faculty of the University of Wisconsin, and the University of Pennsylvania.

SIU Author Gets Praise For Book

Dr. Williard used as a basis for his work the Whitman collection of Henry Scholley Saunders of Toronto. Prof. Emory Holloway, of Queens college, says the book "really makes available for the majority of Whitman students the unique values of the Saunders collection."

Campus Cop

Turner Describes Policing Job

There is one organization on the campus that is rarely heard about. This organization is the Campus Police Force, a small group of men who go about their work day after day unnoticed by the majority of students who naturally just take them for granted.

Mr. Leonard Turner is one of the five regular men on the police force. He has been with the force for almost two and one-half years, which is the longest time any member has worked on the force, with the exception of the chief, Mr. Thornton.

Until 1945 Turner had been employed in a plant in Detroit. In 1945 he returned to his farm where he is living now, two and half miles southwest of Carbondale.

Turner likes the job of "campus cop" very well. During the time he has been here he has never witnessed any serious accidents or deaths. He said that one of the funniest incidents he can remember is the time he frightened window peepers at Anthony Hall.

The police force consists of five regular men and five students who

SIU Draws Up Plans For Disaster Control

A plan of action, to be followed on campus in event of a large-scale disaster such as fire or tornado, has been developed by a university committee.

Copies of the plan have been sent to all faculty members as well as to persons directly concerned with the plan.

It is the hope of the disaster committee that these plans will be kept readily accessible. Anyone desiring a copy of the plan may obtain one at the student health service. The campus plan is co-ordinated with area plans.

In case of disaster on campus the first person to discover it shall make it his responsibility to notify the authorities exactly as follows:

Start Phoning

1. Notify the university switchboard operator by the nearest telephone giving only the nature of the disaster and the apparent extent.

2. If telephones are not working,

work only part time. The force is on twenty-four hour duty for seven days a week and the men work on shifts. From 11:45 until 12:00 noon is the busiest time of the day for the force. The busiest place is the highway crossing in front of the Canteen.

Besides policing the crossings, which is the major duty of the "campus cops," they regulate the parking of cars on the campus, take the mail to the library, turn on the lights on campus at night, lock all doors at night and open all class rooms and buildings in the morning.

"Usually the only trouble we have with students is the disregard for parking rules and driving too fast on campus," said Turner when asked about the cooperation of students.

MORE THAN HALF of Southern's students turned out for the first "Coke Hour" at Southern last Thursday morning from 9:30 to 10. About 1,400 cokes and numerous packages of potato chips were given away to students, some of whom are pictured above. The deans' offices, and various student organizations, including APO, Girls Rally, and Student Council, aided in giving away the refreshments. Classes were dismissed from 10 to 10:30. At least one other "Coke Hour" is planned before the end of the summer term.

it shall be further responsibility of the person discovering the disaster to notify the university authorities as follows:

a. Assistant to the president, Dr. Charles D. Tenney, 510 W. Grand.

b. If he is not available, notify Dean Clark Davis, 903 S. Lewis.

c. If neither is available, notify William A. Howe, 1215 S. Thompson.

If telephones are functioning the responsibility for this notification rests with the university telephone operator.

It is thought the late R. T. Porte of Salt Lake City was the first to use the expression, "Printing is the inseparable companion of achievement."

Don Cross To Head 1950 Football Squad

Don Cross, senior from Christopher, was named football captain for 1950, at a lettermen's banquet held in the university cafeteria earlier this month.

Other captains for next year named at the banquet were: Tom Millikin, Pinckneyville sophomore, basketball captain; Phil Coleman, Carbondale sophomore, track captain; Jim Wilson, Mt. Vernon sophomore, golf captain; and Bob Barnhart, Granite City junior and Jack Norman, Murphysboro sophomore, tennis co-captains.

Colborn Receives Award

Bob Colborn, senior from Flora, was awarded the Henry Hickley Memorial award as the Outstanding Athlete of the Year at the banquet.

Colborn was an all-conference end in football, ranking sixth in the nation on pass receiving, plus being a regular member of the II AC co-champion basketball team.

The Henry Hinckley award was inaugurated in 1946 in honor of the late Henry Hinckley, a former Maroon athlete who was killed during the war. Previous winners of the coveted crown include Sam Milosevich, 1946; Quentin Stinson, 1947; Joe Hughes, 1948; and Harold Hartley, 1949.

The breakdown on letterwinners during the school year shows 24 in football, 20 each in track and baseball, 12 in basketball, 9 in wrestling, and 5 each in cross-country, golf, and tennis.

Football lettermen include: Lou Bobka, Harrisburg; Fred Brenzel, Staunton; Phil Bruno, Chicago; Bob Brown, Carbondale; Harold Call, Pana; Bob Colborn, Flora; J. D. Cooley, Eldorado; Karlyn Crews, Carbondale; Don Cross, Christopher; Herb Cummins, Harrisburg; Tom Gher, Carbondale; Bob Groninger, Chicago; Charlie Heinz, Gillespie; Harold Henson, Granite City; Frank Kraus, Granite City; Don Ledbetter, Murphysboro; Warren Littleford, Vandalia; Jim Lovin, Benton; Homer Malone, Collinsville; John Organ, Eldorado; Chuck Oyler, Hoopston; Don Riggs, Fairfield; Leroy Siville, Hoopston; and Bob Williams, Carbondale.

Those receiving baseball awards

include: Milt Weisbecker, Mt. Vernon; Fred Rumph, Venice; Dick Jones, Gillespie; Joe Jones, Golconda; Jim McDowell, Harrisburg; Ed Coleman, Du Quoin; Art Menendez, E. St. Louis; Ed Green, Johnston City; Bill Bauer, Freeburg; Don Campbell, Bloomington; Jim Schumbach, Mascoutah; Bob Dallas, Harrisburg; Bob Elliott, Fairfield; Marion Moake, Marion; Fred Brenzel, Staunton; Darrell Thompson, Belleville; Byron Hargis, Ellis Grove; Bud Burns, Madison; Tom Millikin; and Manager Bob Franks, Carbondale.

Track-letters were issued to: Jim Alexander, Herrin; Frank Braden, Valer; Bill Chapman, Raymond; Harry Clark, Carbondale; Phil Coleman, Carbondale; Bill Donelson, Zeigler; Bob East, West Frankfort; Coleman Foster, Marion, Ky.; Harold Hartley, Centralia; Truman Hill, Benton.

Bob Lee, Marion; Joe McLafferty, Carbondale; Bob Neighbors, Belleville; Ray Palmer, Belleville; Jim Pfisterer, Belleville; Jack Robertson, Belleville; Lawrence Taliana, Mt. Vernon; Bill Wangelin, East St. Louis; Manager Norm Armstrong, Belleville; and Glenn Whittenberg, Carbondale.

Basketball Letters

Basketball lettermen for last winter include: Charlie Goss, Marion; Bob Colborn, Flora; Tom Millikin, Pinckneyville; Chuck Thate, Chicago; Dave Davis, Pinckneyville; Ernie Bozarth, Waltonville; Bob Kissack, Hoopston; Frank Gladson, Pinckneyville; Bill Duncan, Herrin; Bill Garrett, Fairfield; Joe Hughes, West Frankfort; and Jack Long, Flora.

Recipients of letters in wrestling were: Bob Whalen, Chicago; Joe Fedora, Granite City; Roy Fowle, Belleville; Jack Stoudt, Chicago; Jim Veatch, Harrisburg; Jack Robertson, Belleville; Harold Henson, Granite City; Charlie Heinz, Gillespie; and Don Riggs, Fairfield.

Cross-country award winners include: Joe McLafferty, Carbondale; Phil Coleman, Carbondale; Ray Palmer, Belleville; Art Menendez, E. St. Louis; and Ed Miller, Carbondale.

Tennis letter-winners include: Jack Mawdsley, Granite City; Har-

Notices To Be Posted When Obelisks Arrive

Notices will be posted on the main campus bulletin boards upon the arrival of the 1950 Obelisk. The delivery date of June 15 was not met by the printers. No word of an alternate date has been received but it is presumed that it will be on, or before June 21, 1950.

Delay in delivery was caused by the failure of the engravers to meet their deadline; however, all copy and picture deadlines were met by the staff. The contract called for delivery of the finished books 60 days after the receipt of the materials, which was supposed to be April 1, 1950. The engravers were as much as 21 days late on some of the picture proofs.

A speeded-up delivery was not possible but the original time of a 60 day delivery is being adhered to.

Distribution will be made from the Obelisk office on the second floor of the Student Center. Copies will be mailed to all graduated seniors. Other students who are not on campus may have copies mailed to them if they will leave their names and addresses at the Obelisk office.

A list of all those who were registered for the three terms necessary to be eligible for a copy is in the hands of the staff. Names will be checked off as the books are given out.

INTERNATIONAL DIRECTORY RECOGNIZES DR. KESNAR

Dr. Maurits Kesnar, chairman of the music department at Southern Illinois University and Director of the Southern Illinois Symphony Orchestra, has recently been informed that he is recognized in the Musicians International Directory.

The directory is published in London and lists only 10,000 of the world's leading musicians, composers, conductors, instrumentalists, singers, teachers, and bandmasters.

The directory is published in London and lists only 10,000 of the world's leading musicians, composers, conductors, instrumentalists, singers, teachers, and bandmasters.

ry Grater, Carbondale; Dick Vorwald, Granite City; Jack Norman, Murphysboro; and Bob Barnhart, Granite City. Those receiving awards in golf include: Ward Armstrong, Hoopston; Walt Zukosky, West Frankfort; Bill Frietag, Joliet; Jim Wilson, Mt. Vernon; and Bill Adams, West Frankfort.

SIU Foundation Issues Brochure

Added emphasis was recently given to the Southern Illinois University Foundation when its directors released a four-page brochure explaining its purpose and the means by which Southern alumni and friends can help it grow.

The Foundation, a corporation, is a joint enterprise of the University Board of Trustees, the Alumni association, and the university. Its only purpose is to serve as a holding agency for gifts of money, personal or real property, and to administer them for the benefit of the university.

In a letter contained in the brochure, President Delyte W. Morris declared, "A strong SIU Foundation may make the difference between a good university and a great university."

"With a strong Foundation," he continued, "Southern can recognize outstanding students by awarding them scholarships and fellowships, help needy students with loan funds, build up extensive library, museum and art collections of significant cultural and research values, and, through endowed research projects, push back the frontiers of science and advance man's knowledge of himself and the world about him."

Roy Vail Jordan, president of the Foundation, indicated the methods which gifts may be made. In addition to direct gifts, he said, the Foundation may be made ben-

Speech Dept. Conducts Summer Play Tryouts

First tryouts for the summer play, "The Importance of Being Earnest," were held Monday night with re-tryouts last night. The cast will be announced today, according to Dr. McLeod, associate professor of speech.

Oscar Wilde is the author of "The Importance of Being Earnest," which has a cast of five men and four women.

The play will be presented July 20.

AUGUST GRADS MUST ORDER ANNOUNCEMENTS

Seniors who will graduate in August must order their announcements by Friday, June 23. See Harry or Mary Alice Dell at Apt. 1, 804 S. University.

efficiently of insurance policies and wills.

One of the most recent gifts received by the Foundation was 5,000 shares of Ashland Oil and Refining stock. The gift, valued at \$114,000, and the income of the stock, will be used to establish scholarships for needy students. It was presented to the foundation by W. W. Vandever, president of Southern's Alumni association.
