The Annual Illinae Banquet

Saturday evening, March 10, the Illinae and their guests gathered in the drawing room of the Methodist church. After a short period of visiting Miss Sarah Baker, president of the Illinae, announced "dinner ready." Then they were led into the dining room, which was beautifully decorated in old rose and silver, the society colors. Here a splendid four course dinner was served. Fern Bradley was toast mistress, and an excellent toast mistress she was. Between the courses many interesting talks were made. The president gave a welcome to the guests. Myrtle Halberg discussed the meaning of Illinae, and introduced a novelty with regard to school banquet by proposing that the assembly drink to the success of the Illinae, which was done with "the most precious liquid on earth." Agnes Lentz gave a very interesting talk regarding jokes in general, illustrating her statements with jokes and witty sayings. Edith Mears was the prophetess of the occasion, telling the company what the Illinae could expect for the future.

Addresses were given by the president of the Agora and the editor of the EGYPTIAN. Mr. Warren, the Illinae advisor, gave an interesting talk in which he defined a dinner speech as a "frame work on which to hang the latest jokes." Finally—a debating society program would hardly be complete without a debate—the question, "Resolved, That boys eat more than girls" was debated. Paulette Jansen and Helena Callis on the affirmative, and Ed Zeiler and John Wright debated on the negative. The affirmative won the debate, having concrete evidence to present.

After the dinner was finished the company returned to the drawing room where a musical program was given. Gladys Bradley's musical reading was certainly appreciated and the classical piano music rendered by Dorthea Merz and Eunice Thompson were very much enjoyed by all present.

Much pleasure of the evening was due to the presence of three of the honorary members of the Illinae.—Theresa Bunting, Avel Marie Smith and Elva Young. Each gave comments upon the program of the organization and their own present positions.

Eminent English Novelist to Visit Carbondale

SIR HUGH WALPOLE

Famous English Novelist and Literary Critic.

Subject, "Books and Friendship."
S. I. T. A. Friday Evening,
March 30.

St. Patrick's Party

Sure and begonia it was as if I was again in the old couthree last Wednesday evening. Miss Rue and Paulette Jansen entertained them at the Anthony Hall, for the cutting of old Y. W. and Y. M. cabinets, and sure it was a faine time that the loikes of us had. The wearing of the green was in vogue and there was a profusion of shamrocks.

After the crowd had all safely arrived each one told an Irish joke. Here the boys displayed an unusual amount of wit and Glenn Fishel, (not to be outdone by any of the others) related a number of jokes for our benefit. This was immediately followed by a shamrock hunt; the prizes for which were won by Susan Paterson and Glenn Fishel. An Irish tea party game followed that resulted in an immense joke on the "nuts."

Various other games and races took place and then we were asked to line up for march. Miss Rue was leader of the march and let us into the dining hall where two tables were prettily decorated and spread for luncheon. The feed was great, of typical Irish nature thus lending harmony to the evening's spree.

Report of the March Term of Court

It is an undisputed realization that when strife exists, an organization will soon fail. But in spite of this fact, the honorable Agorians of our campus, found themselves, last Monday night, divided into two groups, the one representing the State of Illinois and the other Ellis Crandle.

Claude Parsons and August Meyers were attorneys for the state, making the charge before Judge Loy, that the above mentioned Ellis Crandle had committed perjury on the famous night of December the twelfth last when the Waller-Egyptian case was being tried.

John Hunsaker and Carl Smith represented Crandle. They did not deny that Crandle had falsified, but they did deny the sanity of his mind on and about the time of the above mentioned date. As evidence that the said Ellis Crandle has been for some time, his attorneys wisely brought him to the stand and attempted to question him which of course was all in vain.

The attorneys for the state furnished written evidence that the person so many times referred to has been in school here the past four years and that during all this time he has successfully made his credits.

Many famous personages were brought to the stand to prove various phases of the question. Among these were Dr. Sherretz, Dr. Mayo (Wm. Keith), Dr. Oxen, (Corem Waller), and Mr. John Crandle (Glenn Fishel), who represented himself as the father of his son.

At last, the jury was instructed to leave the room for the purpose of rendering a verdict. The state sent written testimonials as evidence while the lawyers for Crandle offered to send the crazed man but he was rejected.

After a long course in argumentation and debating, the jury returned to the court room and reported a "hung jury."

SECTIONAL TOURNEY

At the sectional tourney held at Centralia, Greenville won from Marion in the final, 33-29.

Summers and Johnson were placed on the all-star team, while Stanley gained a berth on the second all-stars. This was more players than any other school placed on the coveted list.

HAVE YOU AN OVER-DUE BOOK?

Everyone who is familiar with modern English literature has heard of Hugh Walpole, the brilliant English novelist, or has read some of his fascinating stories. Special interest therefore attaches to the announcement that this delightful writer is to lecture at Normal Auditorium on Friday evening, March 30. He will incidentally review the works of such eminent writers as Joseph Conrad, Arnold Bennett, H. G. Wells and John Galsworthy, whom he numbers among his personal acquaintances.

Although he is still under forty, Mr. Walpole has written eleven novels that have placed him in the front ranks of authorship, including his famous stories of Russian life, "The Dark Forest" and "The Secret City."

Since his earliest youth, it may be added, Mr. Walpole has been a great admirer of this country. His father, the late Bishop of Edinburg, was, for a time, Professor of Theology at the Union Theological Seminary, New York. In recent years he has revisited this country and has traveled extensively. It is quite probable that one of his future novels will have an American setting.

During his lecture tour last year Mr. Walpole was greeted by record-breaking audiences and made a deep impression by his magnetic, attractive personality. His views on contemporary literature aroused unusual interest. There is every indication that his present tour will be even more successful.

Lucile Wiley, '21, was here last week. Miss Wiley has been in Miami, Florida, this winter.

Miss Graves is out of school on account of illness. It is reported that her condition is not serious.

BUY FROM OUR ADVERTISERS.

Finally late in the evening we departed after having a fine time. Those present were: Harry Allen, Glenn Fishel, Ransom Sherretz, Ford Julianey, Edward Zeiler, Corem Waller, Glenn Ayers, Dilla Hall, Norvin Julian and Eugene Armentrout and Misses Gladys Bradley, Susan Paterson, Mabel Stewart, Alice Barrow, Marie Waller, Pearl White, Sue Ellen Lay, Fern Bradley, Belle Foster, Mildred Byars, Paulette Jansen and Miss Rue.

School Sunk in Deep Gloom as Exams Rage

A STUDENT'S DREAM

One night a student dreamed a dream,
Dreaming, dreamed he died,
And straightway to the pearly gates
His sin stained spirit hied.

And there before the saints he stood,
With downcast head and low,
"My record's pretty bad," he said,
"I guess I'm bound below."

"I've smoked a lot and drank a lot,
Confess it all I must;
Flirted too, and then besides
Great Heaven's! how I've cussed."

The good Saint Peter looked at him
With kindly smiling eyes
But shook his head, "Don't ask," he
said,
"A mansion in the skies.

"But let me ask some questions, sir,
Are you a Normal man?"
The student calmly answered,
"A Normal man I am."

"And three times a year you take
exams,
Pray tell me is it so?"
"It is," replied the student,
As he took his hat to go.

"Ah well!" said the good Saint Peter.
As he opened the portals wide,
"I'm very glad to meet you, sir;
Just kindly step inside."

"We'll try and make you happy, sir,
We'll do the best we can,
You've served your time in S.I.N. U.
For you've been a Normal man."

Ivan Dexter, '24, who has been out
of school for several weeks on account
of illness, is much better.

BOOK NOTICE

A new history book entitled "The United States of America Through the Civil War" has been lately advertised. The book was written by Prof. Muzzey, Ph.D. of Columbia University and treats in a moderately brief form the history of the United States from the colonization by the Pilgrims until the end of the Civil war.

The book contains over 600 pages of interesting facts, and can be bought for \$2.50.

It is more interesting than the old U. S. Histories and will probably take their places to a great degree.

TERRIBLE EPIDEMIC TAKES TOLL OF VICTIMS DAILY

Source of Malady Definitely Traced to Faculty Members; Raptacious Scourge Ravages on, Pervading Stricken Students With Unmitigated Hypochondria; Elements Harmonize

All this week gloom—deep, dark, impenetrable—has pervaded S. I. N. U.. Examinations are again with us, in other words an epidemic of Examinitis Studentibus has broken out in our midst, at just about the same date a similar epidemic raged last March—singular coincidence! On Wednesday, fourteenth, the first cases occurred, with new victims and an ever growing casualty list ever since. Dark foreboding weather, a lowering sky, some thunder and occasional lightning ushered in this week of woe, the elements evidently being in sympathy with the stricken students. Up to the time of going to press the scourge rages unabated, and it seems as tho time alone can work a cure. The source of the malady has been traced, quite definitely, to members of the Faculty. The students, however, have suffered most.

IN MEMORIUM

The following epitaph has been suggested as a memorial tribute to a sister who Passed:

Here lies Studentia,
Who has Passed at last.
Her fair form, which grew fairer from her birth
Is CRAMMED into the earth.
So bright, so good, we see her thru our tears,
She was a model for all imitation
Lived in this world for eighteen lovely years,
Died of EXAMIN-CRAMMIN'-ATION.

Those who are smitten complain of the following symptoms (hereby published in full as a warning to others to seek—should they get this way— instant help from Books.) First, an extreme lightness or emptiness in the head, often causing failure to recognize the simplest things. This is followed by terrible coldness of feet, trembling of knees, and—in the worst cases—almost complete loss of memory. Melancholia marks convalescence. Unlike other maladies it is not the height of the temperature but rather its lowness, which is alarming in this dread visitation, a temperature below 75 degree proving fatal in all cases.

It is planned (by the Faculty) to hold the Obsequies of The Flunked sometime in April, probably Monday, the third. But our friends have NOT Passed On! That's another peculiarity of Examinitis Studentibus.

THE RADIATOR

Note—The Radiator has usually been written by faculty members. This time it is written concerning the faculty.

Once upon a time there lived a man who, was a professor and who possessed great intelligence. One day as his head was severed from his body by the king's executioner, because he knew too much, he died.

"It will doubtless be of great interest to see," he mused, while crossing the Styx, "whether or not men of my profession receive any better treatment in future years than that which I have just met. I shall reside here in peace and happiness for a few hundred years and then journey back to the land of mortals and inspect the schools of posterity."

So, in about four hundred years, he recrossed the Etyx and was deposite dupon the land of mortals.

He wandered about for quite a while and finally arrived at a certain university and walked across the campus.

How strange it all appeared. The professor walked to and from their classes without being stoned. There was no king's executioner in sight, nor were there mayor's policemen.

Soon a pretty salesgirl approached and, after the usual amount of persuasion that it takes to sell to a professor, sold him a magazine. It was a college comic magazine, a novelty to him though he had heard most of the jokes before. It was the Faculty Number. In it he saw members of his dear profession cruelly satirized.

"Ah," he reflected bitterly. "Indeed the pen is mightier than the sword. I know not what the course these other professors may take, but as for me, give me freedom from the press, or give me death."

Thereupon the poor chap fled with all speed to his dear friend, Charon, the ferry king, tipped him liberally and was quickly rowed back to his former abode of peace and happiness.

AUNT MIN COLUMN

Dear Aunt Min:

I am very much interested in a very handsome likable, charming young lady who has bobbed hair, and also plays at center on the third year basket ball team. How old is she, and has she a special interest in any boy of this school.

U. HI JUNIOR.

U. Hi Junior:

The girl you ask about is seventeen years old. I don't believe she has any special interest in any boy of this school. She seems very popular with the boys, however, and if I were you I'd make myself acquainted with this young lady before some bolder chap has the chance.

AUNT MIN.

Why is Lillie Trovillion's name after Glen Fishel's on Zetetic roll. Do you think it serious.

Surely he came with her that night. She may have given him the money, but I don't think 25c would be a serious loss to him.

AUNT MIN.

Do you think it takes much practice to act as natural as Corem Waller did in "Poor Married Man?"

No, it isn't a matter of acting, it's a matter of experience. I think some of Mr. Waller' friends might give you more of this.

AUNT MIN.

What is the best thing to keep the chaps off my lips?—Ethel Parr.

From past experience I would say onions are effective.

AUNT MIN.

How would you advise me to go about learning to sing?—Frank Hight.

I am no vocal teacher but I should think it a very good thing to go about with your mouth open.

AUNT MIN.

Would you advise me to part my hair on the side?—Norman Beasley.

It really doesn't matter. Miss Barrow isn't particular. She would rather have you part company on the side.

AUNT MIN.

Do you think I can ever become a poet? I write from experience and have ~~just~~ recently composed the following:

"Here's where I prove an artist,
Without a brush," he cried,
And drew a lovely maiden
Up closer to his side.

—Alvin Felts.

Yes, you are promising, but your progress is slow.

AUNT MIN.

Where does the curl go that is in bobbed hair, on rainy days.—Van Brown

This is a question that is puzzling the world. I believe you could help the world by solving this.

AUNT MIN.

Ruth Alden—Raph, if I were you I'd give up using tobacco.

Ralph H.—If you did, you wouldn't be I.

S. H.

Bob—The doc told me that if I didn't stop smoking I would be half-witted.

Eert—Then why didn't you stop?

Hon. Francis G. Blair, State Supt. of Public Instruction.

State Supt. Blair is an educational leader of the first rank. He is a speaker of great charm and rare eloquence. His address on Thursday afternoon of the S. I. T. A. program will be on "Education and World Peace"

Everett B.—How can you get down from an elephant.

Ester Lee B.—Hop down.

Everett—No, you get "down" from a goose.

S. H.

Mr. Hotten—When you're out strolling (we presume he meant hiking) and it starts to rain—you can stand under a bank.

Gertrude E.—All right, I'll try the Carbondale National.

Visitor—(To insane asylum attendant) What's the idea of the big club you carry?

Attendant—Oh, that's my nut cracker.

S. H.

Dow that id is warbig up. Id is great to be able to walk id out of doors without hivering ad debbadstradig Sade Vidus' dads. We should be thagful—however we should be bore careful about gidding the demonia.

THE MADNESS OF SPRING

Spring is the one season of the year presided over by spirits of mischief and madness. In the spring Cupid shoots blind-folded—millionaires marry paupers; wise professors profess love for ignorant shop-girls; young couples go out for a short car ride and come back married; even the old men "doll up" and sigh as they see the modern flapper—wishing that they might claim her as their own. The daughters of the very wealthy families run away with the ice-men and delivery boys whom they previously absolutely ignored. Do you feel the beautiful yet dangerous season of spring throbbing in your veins? If so, beware.

DIGEST OF COLLEGIATE THOT

"Courtesy is generally expressed in actions of one sort or other. It is one of the fundamental requisites of a gentleman. Any student can be courteous when he wants to be. On most occasions we are, of for no other reason than a purely selfish one. But the truly well-bred gentleman is just as courteous in his unguarded moments as he is at any other time."—The Decaturian.

"We students are being educated, and should learn to appreciate the genuine things in life. Our judgment and ability to think clearly and quickly should be well advanced in the stage of development. The responsible people of this nation are not attracted wholly by excitement.

"A little sensation now and then is relished by the wisest men, but the more solemn and dignified things must receive their due attention. More information and a broader vision of the world will be recompense. Future teachers must be able to appreciate this."—The Racquet.

"Is your college life a success? Is it all that you hoped it would be, or less? Is it going to be worth going back over and reviewing? Your college life, is, like the majority of things in life, what you make it. The result lies within you, and you'll get out of it just what you put into it. College life and college problems are not so different probably from life itself and life's problems; so learning to overcome difficulties in college should be a help in after life. It's what you do with what you have that makes you what you are."—The Collegian.

A REMINDER

For the good of the students as a whole, it has become necessary to enforce more strictly some of the supposedly well understood rules of Wheeler Library. New labels have been made for the magazine shelves which are arranged alphabetically beginning with the low shelves on the west side. There is now no excuse for not putting the magazines back in their proper places after using them. There also is no objection to taking the magazines to the south reading room provided no chair is vacant in the north room. But please return these magazines to the correct shelves and do not leave them on the tables. A list of almost the hundred names of overdue books last week forces a new ruling to insure a shorter list next time. It is annoying and inexcusable to find the same names on the delinquent list week after week. Hereafter, if a name is found on three successive lists, that person is barred from taking out books for the remainder of the school year.

Among the visitors at the Illinois banquet were Belva Young, '22, Avel Marie Smith, '22, and Theresa Bunting who will take her degree this spring. Miss Young is teaching in the high school at Vergennes. A very humorous incident occurred a few weeks ago when it became necessary for her to act as coach for the high school team. Needless to say they won the game. Miss Smith is teaching in the high school at Alto Pass. Miss Bunting is the debating coach for the debating champions of Southern Illinois at DuQuoin.

John Hunsaker, who had just lost his boarding place was heard to say: Just think of it old man, a full meal for a quarter, soup, fish, meat, vegetables, salad, dressing, coffee—Eugene—Where, where???

John—Oh, I don't know where, but just think of it.

STUDENTS HONORED

Robert Walter, '23, was elected Master Councillor at the regular meeting of the Order of De Molay last week. This speaks well for Mr. Walter as this is the highest office that the order can bestow on anyone. Homer Laney, U. H. S. '23, and Lynn McCormack, U. H. S. '23, were elected Senior Councillor and Junior Councillor, respectively.

Paul Travelstead, '24, scribe, and Leon Estes, '23, treasurer, retain their offices.

The Order of De Molay is a boys' fraternity for sons of Masons and their chums. The local chapter is one of the six located in Illinois. There are nearly a million members in the United States.

EXCHANGE NOTES

Augustan College made 525 points this year in Basket Ball to their opponents' 420, winning 11 out of 20 contests. No men are lost next year.

We wonder why so many of our exchanges stamp their papers instead of entering them as second class matter.

Beloit and Cornell College are both without presidents at the present time. Here is a chance for some of the class of '23.

CRAZY CONTEST

This week's prize winner: Truth telling contest for amateur fishermen.

JUNIOR CLASS BASKET BALL TEAM NOTES

The Juniors played six games in the tournament, winning five of them. They lost their first game to the fourth year, 13-11. The Juniors scored 73 points to their opponents 39 points. In four of the six games, in which the Juniors played, they held their opponents to one field goal, and in the other two games 3 field goals were scored in one of them, and 4 in the other. Thus making a total of only 11 field goals scored against them in six games. An average of less than two per game. One member of the Junior team scored 4 more points during the tournament, than all their opponents together.

All during the tournament, the Senior College class has held out a challenge to the winner, so the Juniors played them Thursday afternoon and beat the Senior College 19-14 in easy fashion.

Junior Boys Win School Championship

First and Second All-Star Selections Made From Class Tournament

The Junior Boys won the class basket ball tournament when they met and defeated the fourth year quintet. The two teams were tied for the honors, both having lost one game. In the championship contest the dope had it fixed for the fourth year as they had already defeated the Juniors in a previous trial.

But the dope was upset and the Juniors won.

It was very difficult to pick an all star team out of the six different teams that competed in the class tournament, so ten men were picked and five of them were classed a little better than the other five, making a first and second all-star team. Lollar, captain of the first team proved himself very worthy of that title. He was a fast and excellent shot. Max is a sixth year and was a letter man on the Normal team in 1920. Benton was chosen as the other forward. Everett's ability to guard and shoot at once caught the eye of the officials. He is a fifth year and played three years with the Johnston City high team. Carter was another good man. "Clif" always played a hard stead game. He is a

fourth year and played three years with the Anna Hi school. Isaacs and Fishel were chosen to hold down the positions of guards. Fishel's weight and size makes him a good man under the opponents' basket while Isaacs, who is as quick as a cat, always gets his man. "Fish" is a fifth year and Isaacs is a third year. In the second all star selection. Ray and Pierce were picked for forwards. Ray is a good man under the basket while Pierce has a habit of dropping in long ones. Hinkle at center was chosen captain. Often is a good shot and always plays a hard, consistent game of ball. Goodall and Pratt at guards always do their share of the work.

Warren: That's so simple it looks foolish.

Peterson: We must concentrate.

Shryock: I hear so many complaints of disorderly conduct.

Smith: Let's see. Where are we at?

Boyer: No siree, Sir.

Colyer: N-N-No-No-No.

Trovillion: Not in a million years would it be that way.

Hickson: Let's have some more opinions.

MacAndrew: Chances are.

Wham: This process is worth while, per se.

Pierce: We won't discuss that now.

Girls' Basketball Games

The Seniors and third years and fourth and second teams clashed for victory on February 23. In the former game after a hard fight the Seniors won from the third years with a score of 7-6. In the latter game the fourth left with the prized victory and score of 15-6.

Then March 7 the Normal Seniors and Juniors and the U. H. S. Seniors and Juniors played. The Seniors won over the Juniors by a score of 8-2, while the fourth years beat the third years by 16-5.

This left the championship game to be determined between the Senior and fourth year teams. This game was played Friday, March 9. After a close and peppy game the fourth year team left with the championship laurels. Throughout the year this team has played under difficulties but seemed to be lucky each game. The members of the championship team are "Bob" McArthy, and "Teddy" Sturm, forwards; "Lenghty" White and "Frank" Goetz, man, centers, and "Funny" Clark and "Bud" Sturm, guards.

Hugh Walpole, popular English novelist and renowned literary critic, who is to lecture at Normal Auditorium on Friday evening, March 30, will have ample scope for his ability as a lecturer, his subject being "Books and Friendship."

In this lecture, as in others that he is delivering, Mr. Walpole has shown that his literary judgments are well balanced and that he has a remarkably keen sense of humor. In addition, his close personal acquaintance with well known English authors, whose works he discusses, enables him to introduce a great deal of interesting reminiscence.

Arnold Bennett is described by Mr. Walpole as "a man full of joyous energy, who must make the world see what fun he is having. Once when I asked him to give me his views on life he replied: 'My dear fellow, after watching life for more than fifty years, there is only one thing to be said about it—the moment you are born you're done for.'"

At the outset of his career as a writer, Mr. Walpole visited Thomas Hardy, the great English novelist and poet, but to his intense disappointment Mrs. Hardy did all the talking while the famous author remained silent. "She talked and talked," said Mr. Walpole in relating the story. "while I waited anxiously for Hardy to say something. At last, when the time came for me to go he spoke. 'I hear you are going to write,' he said. 'Yes, sir,' I replied, eager for any words of advice the master could give me. 'Don't,' he said and that was all."

NEWS FROM RUDE EX '23

A clipping has come to our desk telling of a basket ball game between White Temple and Trimus Basketeers of Florida. William Rude, "Bill," ex '23, and letter man for basket ball '20 and '21 is a player on the White Temple Team.

A portion of the clipping follows: White Temple upset the dope and defeated the Trimus quint, 27 to 23, in the preliminary game to the Miami Lake Werth struggle last night. The Trimus five started the game in a rush, but they were unable to keep the lead they had gained throughout the first period and White Temple scored baskets quickly and were on the long end of the score when time was called.

The first half belonged to Trimus, Jeremiassen opening the game with a nice long shot, and his teammates going the same rapid pace he set for them. The first half ended with White Temple trailing on a 11 to 10 score.

The second half saw White Temple get into form and they outplayed Trimus in every department of the game. Rude was the scoring feature of the game, having six field baskets and two foul goals to his credit. Ward of Trimus and Pfeiffer of White Temple, put up a good exhibition of guarding.

This space is dedicated to those who have not subscribed for the Obelisk, also those who have not paid for the engraving of their pictures.
