10 Bills Affecting SIU Now Before Assembly

A bill to appropriate nearly \$23 million dollars to Southern for operating costs has been scheduled for hearing in the State Senate Appropriations Committee May 15.

The bill, Senate bill 502, would appropriate \$22,902,139 for operation of SIU from July 1, 1957 to June 30, 1959.

This information was revealed this week in a summary of legislation affecting the University and its present status, prepared by the Office of the President, and distributed to the faculty. The summaries 10 bills now before the General Assembly.

Senate Bill 5, which would repeal the prohibition against Southern offering courses leading to a degree in engineering, was considered again in committee this week. The bill was introduced January 9, and was first heard in the Senate on April 25. At that time, action was delayed in order to give opponents time to be heard. A second hearing on May 1 resulted in a tie vote.

A bill to provide a deficiency appropriation of \$400,000 for operation of Southern this year was passed earlier in the year, and was signed by the Governor.

Senate bill 199, which authorizes a public referendum for bonds in the amount of \$248 million, has been passed by the Senate, and will be sent to the house in the near future. The senate, after amending the bill to add \$10 million for the teachers colleges, passed the bill on the third reading May 1. Originally, the bill called for issuance of \$238 million. Southern's share of the money would

be \$41 million. Other bills affecting Southern listed in summary are: Senate Bill 413, which transfers land to SIU from the department of Public Health. (This is the south 200 feet of land of the Public Health Laboratory.) The bill was reported out of the Committee on Appropriations with a recommendation of "do pass," and is scheduled to be voted on this week.

House Bill 407 would authorize insurance companies to invest in bonds issued by the Board of Trustees of SIU, and in the Southern Illinois University Foundation. The measure has had its second reading in the House, and is expected to pass in the next legislative week.

An amendment to the teachers scholarship law, House Bill 467, will provide for more strict adherence to teacher education programs by scholarship recipients. The bill is on its second reading in the house.

Senate Bill 547, which would create an Illinois Commission on Higher Education, was reported out of committee with a "do pass" recommendation. The commission is to serve as an advisory board to the Governor and the General Assembly on problems of higher education.

House Bill 707, which would amend the University Retirement act providing for survivors benefits, will be reported out of the committee on Personnel and Pensions on April 24, but is expected to be acted on in the next week.

LOSERS ON THE PODIUM

A member of the losing intramural debate team Tuesday night extolls the negative on "Resolved, that the Federal Government should sustain the flucers of major agricultural products at not less than 90 per cent of parity." The winning team was Jan Fegley and Linda Adams, seated. Also seated is Bob Holton, chairman of the debate. Members of the losing team were Louis Russell and John Regan. The winners were coached by Dick Crawford, the losers by Don Faulstich.

Vandals Strike Again

Geodesic Dome Cover Slashed

Vandals have struck again on the SIU campus this time slashing a Russian long tear in the design department geodesic dome. The dome, a wooden framework covered with sailcloth, is located on East Park Street next to the design department's temporary headquarters. The slash was discovered Monday morning.

Clark Davis, acting director of student affairs, said there has been more vandalism this spring than in the past few years.

Other acts of vandalism taking place this spring were the smokes of the "mad painters" and the "British flag fibers" who carried this term painted the cannon.

Harris Featured In Symphony Concert Tuesday

Boy Harris, America's foremost contemporary composer, will be featured in the final Southern Illinois Symphony Orchestra concert of the season next Tuesday evening at 8:15 p. m.

The concert will be under the direction of Dr. Henry Bruhn, chairman of the SIU music department.

Guest conductor Harris will direct his own selection "Ode to Cosmance," as the featured number of the program.

The concert will open with "Concerto for Three Pianos and String Orchestra in C major" by Bach. Mary Boetcher, Mary Di Pietro, and Gary Wittlich will give the piano presentation.

Senate Delays Action on Bill

The State Senate Education Committee met for the second time Wednesday, and for the second time ended in a tie vote concerning the SIU Engineering Bill.

The voting was the same as last week, except for William Lyons, (D-Galesville), who turned in a "No" and a "Yes" vote.

The same Senators participated in the vote of last week and the vote of this week. The same two Senators were absent from the second meeting. They are Dennis J. Collins, (R-DuQuoin), and Robert J. Graham, (D-Chicago).

Bills Make SIU Bonds 'Salable'

Two bills recently signed into law by Gov. William G. Stratton will make SIU revenue bonds more attractive to investors, according to John Rendleman, SIU legislator.

Senate Bills 124 and 125 will allow SIU to use student tuition fees to pay revenue bond obligations in the event that other funds are insufficient to meet obligations.

Rendleman also said that "if a student would make SIU revenue bonds for buildings more saleable and would enable the school to attract more bidders and get lower interest rates on its bonds."

SIU does not plan to use the proceeds, but it would insure in the event of getting a return on the investment in bonds issued for dormitories.

This law does not apply to present bonds, only those issued in the future.

Phi Delta Epsilon Initiates May 23

Phi Delta Epsilon will hold its second annual initiation dinner in 1957, May 23.

The honorary journalism fraternity will initiate five candidates. The main speaker for the evening will be John Mulvan, of the Metropolitan News.

In addition to the initiation, honor awards for achievement were conferred on six members. Included will be the "Kubana" award, given to the debater who "has pooped most times during the year." It will be conferred by a former graduate assistant Charles Gruner who was the distinction last year for such accomplishment as running out of gas during a debate trip.

Joe Selemant, Du Quoin, a member of the team that represented SIU in this year's national tournament will act as toastmaster for the 6:30 p. m. banquet.

Carl Lutes Featured In 'Music Under The Stars'

Carl Lutes, one of SIU's outstanding graduates in music, will be the honored soloist tomorrow night in the eighth annual "Music Under The Stars" Music Festival.

Christopher - born Lutes is now principal flutist with the S. Louis Symphony Orchestra, and has appeared as solo flutist with the Longmeyer Symphonies.

His presentation of Handel's "Adagio and Allegro," Debussy's "Prelude," and Faure's "Fantasie" will highlight the open-air extravaganza that will be held in McAndrew Stadium.

President Delta W. Morris will act as master of ceremonies for the festival, and will introduce honored musicians from the Southern Illinois area.

Over 900 Musicians. Over 900 musicians, most of them high school and elementary band and chorus members, will participate in the musical show.

The All-Southern Illinois Music Festival will be under the direction of Floyd V. Wakeland, associate professor of music at SIU.

David McInnis, veteran SIU musician and associate professor in the SIU music department, will lead 50 sets of "singing games." There will be eight fully costumed dancers in each of the sets, spread all over the McAndrew Stadium football field.

ISA Meeting:

Prexy Forecasts 'Better Times'

John Goodhart, president of ISA, threw an optimistic note into the meeting last Wednesday night when he said "next year I think we will have a better organization than anything previous."

"I'll need a lot of help though," Goodhart told the three other persons present.

He cited the fact that approximately 67 per cent of the people attending SIU live in independent houses outside of fraternities, sororities and resident halls.

"It's from these people that we want to draw our membership," said Goodhart.

Goodhart and company's current project for making money to reimburse the depleted "kitty" is ordering Little Man on Campus booklets to sell to students.

Snake Has a Ball There Fountain in Limelight Again

The things you can find in the Old Man fountain!

Four small bass have been swimming around in the fountain for some time. Last week, as campus police can testify, the top of a bench was found there several times.

But Tuesday morning came the bad news.

Three students, enjoying an off hour with a stroll, glanced into the fountain. One of the students, (female, of course) let out a scream and got out running.

In the fountain, swimming around and seemingly enjoying it, was a two-foot long snake. It is a mystery how he got there. Perhaps he was thrown in, or maybe he was trying to get the bass.

The other students, being good Samaritans, caught the slimy swimmer and turned him over to Jim Swanson, who makes a habit of collecting snakes.

Twenty-four bands will play in this year for the first time. In past years, outstanding musicians from area schools have combined for the mass band.

Playing the programs special production music and fanfares will be the outstanding Mt. Vernon Township High School band, under the direction of Charles Gregg, Mr. Holliday Harnett.

Mr. Laura Clendenen Halliday of Cairo, Ill., will be the 1957 honored musician from the area. Other honored musicians of past festivals will also be introduced.

This year's elementary chorus, directed by Leo Silva of Olney, will have 1,200 members. The high school chorus will number 900 and be directed by Miss Margaret Smith of Herrin.

The program will open with the "Star Spangled Banner," and a raising ceremony by Southern AF ROTC unit.

Welcome By Morris. After the welcome by Pres. Morris and presentation of the honored musicians, the massed organists will be introduced.

The massed elementary band will open the music with Karl King's "Torch of Liberty March" and Olivadotti "Pacific Grandeur." They will be directed by Lloyd Higginson.

The outstanding piano winner of the Southern Illinois Music Contest will then present a number. The winner will be chosen tomorrow.

The elementary chorus will sing "I Love Life" by Manza-Zucos and "We Who Love Music" by Dykens.

After the honored soloist Carl Lutes, finishes his numbers, McIntosh will present his masses singing.

"Adeorum Te" by Palestrina, "Psalm 150" by Lewandowski, and "Where in the World but in America," by Rowell-Waring-Dolph, will then be sung by the high school chorus.

Mr. and Mrs. Nick Michalczak will present a baton duo, followed by the massed baton exhibition.

"Men of Ohio" will be presented by the Mt. Vernon High School band, followed by the piano grand final numbers by the massed high school bands. Charles Gregg of the University of Missouri will direct the group.

The massed band will play "South of America" by Yoder, "Scene Enchanting Evening" by Rodgers, and Hammerstein, and Sousa's "Stars and Stripes Forever."

SIU student Keith Pierce will entertain on the organ before the 7:30 p. m. program begins, and will play during the program, during transition periods.

Seniors Reminded to Turn in Graduation Applications Now

Students planning to graduate in June are reminded that May 25 is the deadline date for receipt of the application forms in the Registrar's Office. This applies to all students who will participate in the June Commencement and includes associate degree, bachelor degrees and advanced degree candidates.

Students may secure the application forms at the Registrar's Office and they are to be returned there after completion and after clearing the graduation fee at the Registrar's Office. The graduation fee is \$15 and must be paid prior to the time the application form is turned into the Registrar's Office.

Students attending school under a State Teacher Training Scholarship or an Illinois Military Scholarship are not required to pay the graduation fee.

Advanced degree students are to complete two application forms and return one to the Registrar's Office and the other to the Graduate School. At the time students secure the application forms at the Registrar's Office they should ask for the graduation information sheet which outlines the various steps a graduating student must take.

Details Being 'Ironed Out' For Greek Week

With Greek Week less than two weeks away, the steering committee has several details still to be worked out.

At its weekly meeting Tuesday night, only the dance and workshop chairman could report to general co-chairmen Jack Barban and Mary Ann Edwards that their part of the week's plans were settled.

Director to Stagehand. Dr. Sherwin Abrams, having just completed direction of "A Streetcar Named Desire," now finds himself directing construction of the Players' final production of the season, "Our American Cousin."

The Editors' Opinions

Let's Grow Up

From the continuance of the petty vandalism and destruction of property at SIU it would appear that the responsible individuals have not only gone beyond the point of being cute, but beyond the point of being given any lenient consideration upon being caught.

The degree of seriousness and concern over the matter is reflected in Dean Davis's statement that "If we do catch them, you can be sure that we will take care of them."

Now, any newcomer to the vandalism ranks, no matter how petty the offense, must be treated in a more severe manner than normally. The minor offender, then, will in actuality be a major offender, and is apt to be treated as one part of the overall pattern of recent vandalism.

This is as it should be. Dean Davis's concern over the whole matter is appreciated. This is one time when punishment should be severe. There is simply no excuse for destruction of property, not to mention theft of property.

Students are reminded that property destroyed or stolen is the student's property. Students are reminded that any destruction or theft of property connected with SIU directly results in curtailing educational facilities and processes.

It is hoped that many of the cases of vandalism in the area are the result of SIU students. It could very well be that the recent dome-slashing and the attempted rape case have no connection whatsoever with SIU students.

In regard, wherever led that it done in the area is often easily attributed to Southern, whether Southerners are responsible or not. What all of us must do is to see that no more such adverse acts take place in our own ranks.

It can be expected that area youths, here as elsewhere, follow the examples set by these just a little older than themselves. We are the ones who must set the example.

Some among us have done one very terrible job of it.

"I HELPED HIM WITH HIS HOMEWORK - DIDN'T KNOW HE WAS AN ADULT STUDENT!"

Music Music Music

The largest music extravaganza in Southern's history will occur Saturday as the annual "Music Under The Stars" once more takes place in McAndrew Stadium.

The exceptional characteristic about the Festival is that it is supposed to be a tribute to area musicians and directors, while in reality it seems to be more of a tribute to Southern on the part of the musicians.

Every year the number of musicians to take part in the Music Festival increases. This year some 3,900 of them will perform on the football field. Which means they will have in their ranks the equivalent of 354 football teams, with a few left over.

Throughout the evening, along with various music programs, there will be dancing, baton-twirling and a fireworks display. Many of Southern's musician graduates will be honored, including many other area musicians and directors who are not Southern graduates. Actually, every musician present, will be honored.

Aside from honoring the musicians, and aside from them in turn honoring us by being here, the occasion offers Southerners a grand evening of entertainment. This, ultimately, has been the really deciding factor in the success of the past seven Festivals.

Saturday night should be another success, as everyone streams toward the Stadium and an evening under the stars.

Cryer Receives First Place in Photo Contest

Gene Cryer, past editor of the Egyptian and a senior journalism major from Karle, has been awarded first place in the news-feature division of a national photo contest sponsored by Kappa Alpha Mu, national photo-journalism fraternity.

Cryer's winning picture, entitled "Salt Spreaders," first gained recognition in the local KAM Photo Fair at SIU by winning the first prize.

The picture will now be included in a group that will be toured in photo fairs all over the U. S. The contest, which was held at the University of Missouri, is sponsored jointly by KAM, the National Press Photographers Assn., National Student Unions and the Encyclopedia Britannica.

Cryer will receive a set of the Encyclopedia Britannica as his first place award.

He will graduate in June with a Bachelor of Science degree with a major in journalism.

2 Scholarships Given for Spring

Two more scholarships have been awarded for Spring Term according to Dr. Erwin D. Stasek, co-ordinator of student financial assistance.

Winning the Thelma Louise Kellogg scholarship in English is Mrs. JoAnn Lawson, a junior in the College of Liberal Arts and Sciences from Carbondale.

Neil Ford, a junior in School of Business from Sterling, Ill., has won the Roscoe Pulliam Memorial Alumni Scholarship.

Polices of the Egyptian are the responsibility of student editors appointed by the Campus Journalism Council. Statements published here do not necessarily reflect the opinion of the administration or any department of the University.

Philippine Editor Spends Busy Week At SIU

Hugo Estrada, Philippine newspaper editor, spent a busy four days on the SIU campus this week.

Mr. Estrada, besides publishing a weekly paper with a circulation of 10,000 is a municipal judge, a college professor, a lawyer, and father of nine children.

During his short visit to the campus he was made a member of Sigma Delta Chi, professional journalism fraternity and was treated to a barbecue at Crab Orchard Lake.

Tuesday he toured weekly newspapers in Southern Illinois and eastern Missouri with Dr. H. B. Long, journalism department head, where he learned how weekly newspapers in this country were published.

Early Wednesday morning he visited the State Penitentiary at Menard where he lectured to the journalism extension class being taught by Charles C. Clayton, visiting professor of journalism at SIU. He also visited the prison newspaper and talked with Warden Ross Randolph about U. S. penal systems.

In between his trips in the area, he talked to the SIU journalism classes about his paper and how reporting was done in the Philippines.

Estrada was impressed with the SIU campus and said, "I would think with a beautiful campus such as this, that all of the students should do well in their subjects—a campus like this is such an inspiration."

Estrada also visited with Miss Pat Dwyer, youngest Illinois justice of the peace, and they talked about things in common, since he also holds a similar position.

Mr. Estrada's newspaper is located on the island of Luzon, the largest in the Philippine chain. The name of his paper is 'Pangasinan Courier'. It is a 12 page tabloid size paper published on Sundays.

He is being sponsored by the International Education Service of the U. S. Department of State under the Foreign Exchange program. Before coming to SIU, Mr. Estrada toured the far west, the U. S. and New York City. His next stop will be Chicago, from where he will go back to Washington and then to Europe before returning to his home in Calasiao.

Gus Bode Says

Gus says he is glad this week is over, what with recuperating from Spring Festival weekend and getting over the shock of mid-terms.

Gus says the real under-the-table reason he is peeped is the recent alum-varsity football game. No, he says he didn't actually play, but rooting for the old men isn't exactly easy.

Gus says he notices the old puddle-jumping Lewis is really in style, but with an added fly look. Of course, says Gus, Al Levi had to do was add the back-stap.

Gus, who claims he furnished the racoon coat present at the recent beauty contest, is glad it wasn't offered to the contestants—even though they had goose pimples.

SPORTS VIEWS FROM A DIFFERENT ANGLE

DIRECTOR DERBY

The "Athletic Director Derby" is taking precedence in the SIU sports scene, and from all indications . . . the field is wide open. Entries are being accepted from at least three stables, and the race qualifications have been outlined by Derby officials.

A set of qualifications has been drawn up by returning athletic director Carl Erickson and Edward Shea, chairman of the P. E. department. They have been submitted to Dr. John E. Ginnell, Dean of Education and managing Derby official.

Although the set is merely a flexible form to work from, for both Ginnell and his specially appointed screening committee, the qualifications are as follows:

- (1) The next director must have a master's degree, but not necessarily a doctor's.
- (2) He must have a major in Physical Education, either as an undergraduate or on graduate level.
- (3) The preferable age is between 35 and 45.
- (4) He must be experienced in the field of athletics, and must have served actively in an administrative or supervisory capacity.
- (5) It is preferable that he have experience as a collegiate player.
- (6) He will serve as director of athletics 75 per cent of the time, with the other one-fourth in teaching capacity.
- (7) Salary and academic rank will depend on applicant's experience.

Derby officials have expressed the definite hope that the winner will be announced before July 1, the date of Erickson's departure. If the race is still not decided by then, a temporary director may be named until the decision is decided, or if necessary, he will serve temporarily for one year.

Also to be named, and at the same time if possible, will be an assistant athletic director. The new position will probably be filled by a member of Southern's present department staff.

If the new director is chosen from within Southern's stable, he will be given a free rein to choose his assistant.

If the new director is named from outside, it is hoped he will be willing to choose an assistant from Southern's present staff. This, of course, will decrease any antagonism toward an outsider coming in . . . which is always present in any situation, and will maintain close relations with area high school athletic departments.

At this stage, the derby could hardly be considered as rounding the first turn. Only four or five entries are definite, and three of them are from the SIU department.

From the outside, one definite recommendation has been filed: that of Tanto Coleman, present business manager of the Georgia Tech athletic department.

One area recommendation has been filed, but the applicant does not even measure up to starting Derby qualifications.

Of the three from our own department, one has received three separate letters of recommendation, although he has not formally applied.

Ginnell, with Dr. Russell Mer-

rick acting as consultant, will meet with his screening committee of four or five this coming week. By then, more applications may be in, and a favorite, with a few dark horses, may be established.

The course is not a long one, and the race should be a very interesting one. The present number of applicants will probably be increased to 15 or more before the finish line is straddled.

The race is on, boys, may the best "hoss" win.

Gindermen Lose; Headed Toward Winless Season

Doc Lingle's pre-season prediction "we won't win a meet," is all but a sure thing. The Salukis dropped their fourth in a row last Tuesday night at the hands of the Cape Girardeau Indians, 74-13 to 58-13.

SIU, who took five firsts against Cape, will meet Ill Normal again this Saturday, and meet the State Meets champions Eastern Ill. in the season's final dual meet Wednesday night at McAndrew Stadium.

Twin-Bill Here Today

Still in the thick of the IAC baseball race, Southern's Salukis will host Eastern Michigan this afternoon in a double header at Chautauqua Field.

The opening game will begin at 1:30 p. m., and it's no secret that the Salukis need a twin-victory to salvage conference title hopes.

Southern presently has a 4-4 IAC mark, one full game behind Western Ill. (4-2). Eastern Michigan comes into town with a 500 record also, at 3-3.

"Pushing the all-important 'must', has finally emerged as one of the Salukis' strong points.

Don Gibbs, a senior left hander, gave SIU its most recent punching gem, as he downed the Washington University Bears 3-1. SIU now has a 6-4 season's record.

Ayers and Lambert are probable choices for today's games, with Ginnell, Gibbs, Helbertson and Thomas ready to step in at Martin's request.

Last Tuesday against the Washington University Bears at St. Louis, Gibbs and Ayers combined, picking talents to give SIU a 3-1 victory.

All of Southern's runs were unearned, as the Bears committed nine costly errors. Each team picked up six hits, with shortstop "Itchy" Jones leading the Salukis with two.

Gibbs pitched the first eight innings, but needed relief from Ayers in the ninth. Center fielder Wally Westbrook injured his right shoulder in the contest, and may be out for several weeks.

The entire Saluki team enjoyed supper at the home of John O'Brien's parents after the Washington U. game.

Western Ill. 6-12. Eastern Ill. 2-3.

Ill. Normal 9-5. Northern Ill. 7-4.

Central Mich. 1-3. Southern Ill. 0-4.

GOLFERS ON WIN STREAK

Currently on a seven-meet win streak, the Southern Illinois University golfers go after wins eight and nine in matches against Illinois Normal University there Friday and Saturday (May 10-11).

SIU, loser of only one meet this season, won a trio of matches last week end, tripping unbeaten Illinois, 6-4-5-4, and sinking Eastern Illinois twice, 11-1 and 12-0.

Setting the pace for the Salukis were Loren Frost, Hillsboro, and captain Andy Barnett, West Frankfort. Frost fired a 74 and a 79 in week-end play, while Barnett had 75's.

Probable SIU entries against Illinois Normal will be Barnett,

Men's Residence Hall Softball Team Plays Girl . . . Forfeits Game

Southern's intramural softball board has been blessed with an unusual protest situation.

The "Last Resort" team filed protest against "Illinois Ave. Residence Halls" for using an illegal player against them. The player was Edith Bankston . . . all girls.

The "Last Resort" manager filed the protest on the following grounds:

- 1) She was not on the official roster.
- 2) There are no girls living in the Illinois Avenue Resident's Halls . . . but if there are, they shouldn't be!

The intramural board, after careful deliberation, ruled the protest valid and awarded a forfeit win to the "Last Resort."

with the world on a string

This June, the graduates of our engineering and scientific schools, pockets stuffed with job offers, have "the world on a string."

But there's another "string" attached to this fabulous situation: A man can only accept one job offer.

How can the graduate make up his mind wisely about his vital decision?

We're not going to try to tell you. And we're going to resist the temptation to point out the many advantages of working for IBM—much as our company, like every other, needs top-notch engineering and scientific talent.

We're merely going to leave you with one thought that may help you make your decision:

IBM's President has stated this policy: ". . . I want this company to be known as the one which has the greatest respect for the individual."

IT'S FOR REAL! by Chester Field

OUR LAWLESS LANGUAGE*

The laws that govern plural words I think are strictly for the birds. If goose in plural comes out geese Why are not two of moose then moses? If two of mouse comes out as mice Should not the plural house be hies? If we say he, and his, and him Then why not she, and she, and skim? No wonder kids flunk out of schools . . . English doesn't follow rules!

*MORAL: The singularly plural pleasure of Chesterfield King makes a man feel tall as a hie. So don't be a geese! Take your pleasure BIG. Take Chesterfield King. Big length . . . big flavor . . . the smoothest natural tobacco filter. Try 'em.

Chesterfield King gives you more of what you're smoking for!
