Karraker Elected Chairman of SIU Board of Trustees

Guy W. Karraker, Dongola, Thursday, Oct. 4, was elected chairman of Southern Illinois University's newly-appointed board of trustees. Frank L. Eversull, Columbia, was named vice chairman, and Kenneth C. Davis, Harrisburg, was re-elected secretary.

Selected to serve with board officers on the executive committee were Robert C. Lamphier, Jr., Springfield, and Mrs. Ruth G. Cook, Chicago, named to the board Sept. 28 after appointment of Dr. Percival Bailey, Chicago, was withdrawn. Dr. Bailey was found to be ineligible because he is a member of the faculty of the University of Illinois College of Medicine.

To serve on the board of the SIU Foundation, the trustees elected George W. Mitchell, Western Springs, Eversull, and Pamphier, with Karraker as an ex-officio member. Lamphier was designated to represent the SIU board on the executive committee of the foundation.

John Page Wham, Centralia, was elected to represent the trustees on the Illinois Civil Service commission. Wham and Davis are the only members of Southern's first independent board who were re-appointed to the present board.

The second meeting of the board will be an all-day session, Nov. 16, when open house will be held for Southern's new University school for teacher training, one of the most modern structures of its kind in the nation. Governor Adlai Stevenson will be the principal speaker on the open house program.

Groups Allowed To Sponsor Sales

This year, university rules have been changed regarding organizational sales on or off campus. Organizations may now hold sales in order to raise money for their own purposes if given sanction by the Social Senate, according to Jerry Fear, president of the newly reorganized group, which met Wednesday, Oct. 3.

THE AGRICULTURE club, first organization to present such a petition to the Senate, is again sponsoring the annual Harvest Dance. The dance is to be held Saturday night, Oct. 13 in the men's gym. Admission is 50c per person.

The cheerleaders have been given permission to charter a special bus for the Southern vs. Washington U. football game Oct. 13. Bus seats will be available at \$2.50. General admission to the stadium is \$1.00. The time of the bus departure will be announced at a later date. Those wishing to reserve a seat should leave their name at the Student Center as early as possible.

Al Trace and his "shuffle rhythm" orchestra, including the "Silly Symphonists," will furnish the music for Southern's 1951 Homecoming dance on Saturday night, Oct. 27. Lola Ameche is featured vocalist with the band, whose recent record releases include "Pretty Eyed Baby."

Attendance at Annual Guest Day Totals 1,005

One thousand five high school seniors and chaperones representing 43 Southern Illinois communities registered for the third annual High School Guest day held at Southern last Saturday.

SIU Contribution To Freedom Drive Totals \$364.69

Collections at the climax of the "Crusade for Freedom" drive on Southern's campus last Friday totaled \$364.69, according to Dr. Frank Klingberg, chairman of the university drive.

Dr. Klingberg stated the Southern's contributions to the drive were more than had been expected since Carbondale itself had only set a goal of \$500.

COIN BOXES AT THE Canteen, University Drugs, cafeteria, student center, and collections taken up at the main gate came to \$61.20. A total of \$38.31 was reported for the amount contributed by the organized houses, and the University school students gave a total of \$15.73 to the drive.

Faculty contributions were totaled at \$249.45 with 18 out of 20 faculty solicitors reporting Friday. The faculty drive was sponsored by the newly re-organized Faculty Committee Service club under the supervision of Raymond Dey.

THE STUDENT DRIVE was under the supervision of Dr. Klingberg with members of the APO, Girls Rally, International Relations club, Sigma Sigma Sigma, Delta Sigma Epsilon, Pi Kappa Sigma and a representative group from Anthony Hall offering their services to the drive.

This drive was conducted in cooperation with the county, state, and national drive, which is under the auspices of the National Committee for Free Europe, whose chairman is Gen. Lucius D. Clay. The campaign was held all over the nation to raise \$3,500,000 to supplement the "Voice of America" by building radio stations in Europe in order to counter actions of the communist elements.

MANAGER OF CANTEEN MAKES REQUEST

"Due to the peak number of students in the canteen during the noon hour, students have been asked to make room for others as quickly as possible," Bernice Sexauer, manager of the canteen and cafeteria, has announced.

* Miss Eleanor Taft, supervisor of student activities in the Office of Student Affairs, announced that Vienna had the largest delegation with 91, Carbondale Attucks was next with 41, Sesser and Farina had 40 each and Pinckneyville had the fifth largest total with 39.

After registration at 2 p.m., the visiting students were taken on tours of the campus by the Alpha Phi Omega and Girls Rally.

TOM SLOAN was "master of ceremonies" at the assembly program in the men's gym at 3 p.m.

Highlights of the program were the introduction of Southern's cheerleaders to the students, baton twirling and dance act by Lewis Waters, East St. Louis, and Martha Cralley, Carbondale, reading "What College Did To Me" by Virida Sill, performance by the men's gym team composed of Les Barnes, Bob Bray, Lou Seville, Bill Nichols, Emil Cass, and Chuck Weldy, and solos by Roberta Phillips, Murphysboro and Joe Thomas, Carbondale.

Following the entertainment period in the gym, open house was held at the student center with President and Mrs. D. W. Morris as hosts.

HALFTIME ACTIVITIES at the football game between Southern and Northern on Saturday night included the singing of "America the Beautiful" by the high school guests and a welcome address by President Morris.

Those who served on the arrangements committee for the student guest day included: general student co-chairmen, Delores Hamp and Wilma Beadle; pep, Chuck Wildy; hospitality, Betty McLaughlin, JoAnn Gee and Cecilia Hutton; registration and tours, Anson Smith and Betty Conaster; faculty advisers, Miss Eleanor Taft and Robert Etheridge.

Gov. Stevenson To Speak At Training School Open House

Governor Adlai Stevenson has been scheduled as the guest speaker for the open house to be held at the new University School, Nov. 16.

A program, tentatively scheduled to climax the official all day open house activities, has been planned by Mrs. Madelyn Treece, committee chairman for the open house. John Mees, University School principal, will present the welcoming address.

GOVERNOR STEVENSON is to be introduced by SIU President Delyte Morris. "The Little Symphony," under the direction of Dr. Mauritz Kesnar, will play during the program.

The program is to be presented in the gymnasium of the University School. A public address system will convey the Governor's address to the individual classrooms if the auditorium proves too small to seat all who attend.

AN ALL DAY open house inspection program will be held for two or three hours in the morning and afternoon of Nov. 16.

Published semi-weekly during the school year, excepting holidays and exam weeks by students of Southern Illinois University, Carbondale, Ill. Entered as second class matter at the Carbondale post office under the Act of March 3, 1879.

Student Absences

The following regulations regarding student absences were released by the college deans for the information of SIU students and faculty.

Students are expected to attend classes regularly. Absences are a matter between the instructor and the student except under the following conditions:

All absences are to be recorded and the student is to be held responsible for the work missed.

When absences are lowering the students' academic standing, they are to be reported. If the college in which the student is registered is known, the report should be addressed to the dean of that college.

When the student has missed a class three consecutive times (two in case it is a class that meets only once a week) he should be reported as above. These consecutive absences often indicate that the student has left school but has not gone through the proper withdrawal procedure. It is especially important that these reports are made, since the Veterans Administration has announced that it will hold the University financially responsible for overpayments of subsistence to the veteran if we have been tardy in giving notice of the withdrawal.

Occasionally there will be notices of past or anticipated student absences due to field trips, health, and other reasons. These will come from the Health Service, the Office of Student Affairs, the President's office, or the college deans. These notices merely indicate approval of the absences; they do not excuse them.

Dr Anthony—Southern Style

Southern Illinois University students now may take dating, courtship, and marital problems to a quiet, understanding sociologist.

He is Dr. Herman Lantz of the SIU sociology department, who heads the University's new marital and pre-marital counseling services. He has taught summer classes in marriage and parenthood at SIU and was formerly associated with the marriage counseling center at Ohio State University. He also served on the research staff of Norwich State Hospital in Connecticut.

Students May Still Get Last Year's Obelisks

Students who failed to claim their 1951 Obelisks are urged by Donald R. Grubb, journalism instructor, to do so as early as possible since there are only a limited number of the books left. A total of 2,748 eligible students failed to call for their copies.

Obelisks can be obtained at the office of the Journalism dept. Monday through Friday, from 8 a.m. to 4 p.m.

Any student who attended three terms is eligible for an Obelisk without cost. For each term less than three attended there is a charge of \$1.50.

Alumnus Objects To SIU Saluki

Dear Sir:

A copy of the Southern Illinoisan for Friday, Sept. 21, which has come into my hands reveals that the Southern football team is now known as the Salukis. May an alumnus enter a dissenting vote?

First of all, it was my impression—which may be wrong—that the Saluki is not so much an Egyptian dog as it is Iranian or perhaps Afghan. That is a minor, and somewhat pedantic, point.

My chief objection though is purely personal, for my sole experience with the Saluki, as a dog, was not very reassuring. It all stems from the time when, as a young, untried rookie I was pacing off the long distances around a block of unoccupied barracks while on guard one night in Texas in '43. There didn't seem to be a sign of life for some distance from my post and the street lights lighted only a small portion of my beat distinctly. I was naturally on the alert—our sergeant was a hard customer and I didn't want to be caught napping—and for a short while I thought that it was his steps I heard padding softly some twenty yards behind me.

I straightened up and assumed my best military manner, watching out of the corner of my eye as I turned to go down the darker stretch of my beat. I saw an indeterminate, but dog-like, shape following me and visions of the Hound of the Baskervilles leaped to my mind. However I kept on—I knew the sergeant would certainly be around in the next five minutes or so and he would be harder to face than whatever was following me.

Much to my relief the sergeant appeared as I came into the next lighted sector of my beat and, as we stood there, the footsteps came nearer. The dog came closer and I recognized it—thanks to the pictures in the National Geographic—as a Saluki, harmless enough, just a pup really, but still not quite the sort of thing you like to have follow you down a dark road.

So, you see, my experience with the Saluki was not too likely to give me any happy memories. Still, I won't be hide-bound and, if the Salukis prove themselves good at the running, keen-eyed attack for which their namesake is noted, I will forget my petty objections.

Very truly yours,

Robert V. Allen ('43)

Announce Registration For SIU Sewing Classes

Registration for women who wish to enroll in the adult sewing classes to be held at Southern Illinois University will be held tonight at seven o'clock in room 111 at Old Main building on campus.

The "Infants and Toddlers Clothes" class originally scheduled to be held Tuesday and Thursday mornings will be held, instead, on the same days at 7 p.m. Like "Clothes Magic" course will continue to meet Monday and Friday mornings at 9 o'clock. Class instruction for this course will also be given Tuesday and Thursday nights. Tuition for the evening class will be \$7. Persons interested may still register for the class Tuesday, Oct. 9.

September Payroll Checks Delayed Because of Changes in Pay Schedule

September payroll checks for Southern Illinois University faculty members have been delayed because of various payroll adjustments, Charles D. Tenney, administrative assistant to the president, has announced.

In the future, Tenney revealed, all salary checks will be received possibly as late as nine days following the first of each month. This follows a recent decision by the state administration to the effect that all payments of state salaries must henceforth be strictly accord-

ing to statutes, which specify that state payrolls shall not be certified until a normal working period, such as one month, has ended.

LARGELY THROUGH efforts of R. E. Willis, chief clerk, and other members of the auditor's staff, the delay for SIU checks will be held to a minimum. Present arrangements are the result of two recent meetings, one in Springfield and one in Carbondale, between representatives of SIU and the auditor's office.

A schedule for handling Southern's faculty-administrative and non-academic payrolls has been worked out as follows:

SIU payrolls can be certified and sent to Springfield at the close of the working period each month. If they arrive in Springfield the second working day following, they can be processed completely at the end of the fourth working day and mailed back to Carbondale immediately.

SINCE WEEK-ENDS and holidays sometimes will intervene, several days in addition to normal working days may, on occasion, be required to complete the payment process. However, it now appears that, beginning with October salaries, checks will be ready for distribution not later than the ninth working day following the last day of the preceding month. In some instances, distribution will be possible in less than nine days.

On this basis, the payroll schedule for Southern is the same as that for the University of Illinois and is ahead of those for most other state institutions and agencies. December checks this year will not be available before Christmas, as they have been in the past.

Offer Course In Safety To Reduce Accidents

In an effort to reduce the number of accidents on construction jobs, a class in "General Construction Safety" is being offered by the Vocational-Technical Institute of Southern Illinois University.

Carl East, safety engineer for the Bituminous Casualty company, is instructor of the course.

The first class meeting was held Friday in the former employment building at Southern Acres, veteran housing project 10 miles east of Carbondale. Tuition fee for the course is \$3.00.

PLANT FLOWER GROWERS CONFERENCE AT SIU

Announce Dates of Selective Service College Tests

Two new dates have been announced for the Selective Service College Qualification test to be given at 44 examination centers throughout the state, it was disclosed today by Colonel Paul G. Armstrong, Illinois Selective Service Director.

The tests will be given Dec. 13, 1951, and April 24, 1952. Both days are Thursdays. Scores made by examinees will provide their local boards with evidence of their aptitude for continued college work and may be used by the boards for guidance in considering the students for deferment.

COLONEL ARMSTRONG said that application blanks and an information bulletin describing the test are available now at all local boards. Applications for the December 13 test must be postmarked not later than midnight, Nov. 5, and for the April 24 test not later than midnight March 10. The applications must be mailed in special envelopes which the local boards will provide. A student can get the necessary forms at any board.

To be eligible to apply for the test, a student must (1) Intend to request deferment as a student; (2) Be actually attending college and satisfactorily pursuing a full-time course leading to a degree; and (3) Must not previously have taken a Selective Service College Qualification test. High school students are not eligible for the test, nor are high school graduates until they have actually entered college.

A STUDENT OR anyone else who is deferred remains liable for military service until he reaches the age of 35. Qualified students

Committee for Kentucky President To Speak At Businessmen's Conference Here Tomorrow

Harry W. Schacter, Louisville, Ky., president of the committee for Kentucky, will address the Second Businessmen's Conference at Southern Illinois University beginning at 1:30 p.m. tomorrow.

Schacter will speak at 7:30 p.m. in the University School auditorium.

are deferred in the belief they will prove more valuable to the country after completing their education than they would be without it.

Anyone desiring additional information on this subject should contact Robert Etheridge, draft information officer, at the Student Affairs office.

on the topic: "The Battle for Democracy Will be Won in the Local Community." The conference is open to the public.

The afternoon meeting will be held at 1:30 in the Little Theatre with Professor Warner Hochwalt of Washington University as the speaker. Professor Hochwalt has done studies for the District Federal Reserve Bank on income.

Round table discussions have also been arranged. At these, the economic progress of various areas will be discussed.

Student Affairs Office Lists Available Jobs

In spite of the university budget cut, there are several jobs available to students.

Types of jobs now available are secretarial, food service, janitorial, and odd jobs such as yard work and house work, and domestic work. Jobs that are particularly hard to find are library, photographic, and filling station work.

A STUDENT INTERESTED in employment should keep in contact with the Office of Student Affairs by calling or visiting once or twice a week. Many jobs must be filled within short time periods and contacting the right students, in limited time, is difficult for the office.

As long as the weather is good, there will be a great many odd jobs available.

SIU Faculty Members Attend Education Meet

Alex Reed, assistant professor of agriculture at Southern Illinois University participated Oct. 4 on a discussion panel at the second annual Midwest College Conservation Education conference, opening a three-day session at Robert Allerton Park, Monticello.

The subject of the panel was "The What, When, Where, and How of Conservation Education in Secondary Schools." Reed is now on leave for advanced study in agriculture at the University of Illinois.

Joseph Vavra, agronomist, and Dr. Lowell P. Tucker, horticulturist at Southern Illinois University, also attended the conference.

Business Group Will Meet Here Oct. 13

More than 75 members of the Southern Illinois Business Education association will hold their annual fall meeting at the new University School building on campus here Saturday, Oct. 13.

Teachers of business and commercial subjects in Southern Illinois high schools comprise the membership of the organization.

THE MORNING SESSION of the meeting, following 9:30 a.m. registration, will include two discussion groups led by members of the Southern Illinois University faculty.

Following a noon luncheon at the University cafeteria, the visitors will see a demonstration of the use of film strips by Donald Ingli, director of the audio-visual aids service. A tour of the new University School plant will conclude the meeting.

Freshmen Register For AFROTC Band

Approximately 43 Southern Illinois University freshmen students have now registered for the newly-organized AFROTC band, according to Lieutenant Colonel Oliver Halderson, professor of Air Science and Tactics on the Southern Air Force faculty.

The 43 members, he said, will make their first public appearance on November 16, when the AF ROTC unit will parade before Governor Stevenson, who will be on campus to dedicate the new University School.

AT PRESENT the corps is practicing with the regular school band under the direction of Phillip Olson, band instructor. The band will play and drill with the regular AF ROTC units on Thursday mornings on the football field.

Blue Air Force uniforms will be worn by the band members when playing for ROTC purposes.

Future plans for the new AF ROTC units on the campus, stated Halderson, include the formation of a drill team, a rifle team, an Arnold Air Society, and possibly a women's drill squad. He concluded by saying that "Such plans are now only in the planning stage as the boys first need far more training."

DR. NEAL INVITED TO TALK ON INTERNSHIP PROGRAM

Dr. Charles D. Neal, director of teacher training, has been invited to speak on the SIU internship program on the graduate level to the Southeast Missouri High School Principals association which will meet at the Southeast Missouri Teachers College, Cape Girardeau, Oct. 19.

Northern Edges Past Salukis in Rain 14-7

by Don Duffy

Northern Illinois' Huskies racked up their third straight victory and undisputed possession of first place in the I.I.A.C. with a 14-7 victory over Southern Saturday night. This was the Salukis' third straight defeat, all coming in conference play.

A steady downpour which continued throughout the game forced the Huskies to modify their offensive attack. Bob Heimerdinger, Northern's quarterback and top passer last season among the small schools, threw only ten pass attempts. Of these, he completed four and had one interception for a total of but 54 yards. However, the Northern ground attack compensated for this by compiling a total of 175 yards and 6 first downs as compared to 90 yards and 3 first downs for the Salukis.

Northern scored their first touchdown shortly after receiving the opening kick-off. Bill Graham took the kick from Southern's Tim Bowers and returned it 33 yards to the Northern 48. Dick Schmidt, who averaged 4.5 yards per carry, advanced the ball to the Southern 30 on a 22-yard gallop around right end. Graham advanced 9 yards in two tries. After one pass attempt failed, Heimerdinger tossed to left end Fran Cabill for a first down on Southern's 16. Two running plays by Schmidt and Heimerdinger picked up 41 yards and drew

Southern's line in a little tighter. Heimerdinger then handed off to Graham, who circled right end to score. Pat McKillen converted with Heimerdinger holding to put Northern ahead, 7-0.

Later in the first quarter, the Huskies found themselves in possession of the ball, first and ten, on their own 9 yard line. Schmidt, back in the fullback spot in a "T" formation, took a direct center and tried a kick. He barely managed to get the ball off, the kick rolling out of bounds on the Northern 26. Southern's Kendrick fumbled on the second play trying a center plunge from the fullback position. Brasini, Northern's defensive right end recovered. The Huskies took possession, and were penalized 15 yards on their first play for offensive holding. Heimerdinger fumbled on second down, Don Ledbetter recovering for Southern on the Huskie 4 yard line.

Bob Ems, playing as halfback instead of his usual fullback spot, hit the line twice, but failed to score. Huskie then gave a hand-off to Val Gribble, who ran around left end and scored, fumbling after he had already crossed into the end zone. Dobbins' kick was blocked, but Northern was off sides on the play. Ems hit through center to score the extra point and tie the game.

Neither team threatened in the second quarter until the final five minutes. A short off-sides punt by Charlie Neiry gave the Huskies the ball on their own 23. A drive which included two 20 yard screen passes, a play which worked every time Heimerdinger employed it, moved the play to Southern's 6 yard line. Heimerdinger tried a bootleg around right end, but was hit by Cliff Johnson and Ledbetter for a 9 yard loss. Schmidt tried a run around end, but was hit by the left side of Southern's line for an 8

'Abe' Martin Heads State NAIB Board

The N.A.I.B. state college basketball playoffs in March will be held on a neutral floor again in 1952, according to a decision reached by the committee in a meeting held last week at Illinois Wesleyan.

Glenn "Abe" Martin, athletic director at Southern, is chairman of the committee consisting of Jack Horenberger of Wesleyan, Ralph Allan of Millikin, Dr. C. P. Lantz of Charleston, Ray T. Hanson of Macomb, Paul LaVinn of Eureka College, and Robert Woll of Monmouth.

A state open track meet was also planned for the latter part of May at Macomb. The winners and runners-up of this meet will advance to the National meet, the site and date of which is yet to be chosen. Macomb will also be the site of the first golf and tennis matches.

The N.A.I.B., which previously confined its activities solely to basketball, is now expanding and enlarging its scope to include track, tennis, and golf.

New national eligibility rules for transfer students state that in order for a transfer student to be eligible to compete in any of the tournaments he must have been registered for at least 18 weeks in the school to which he has transferred to.

Another new ruling bans a school for two years from the N.A.I.B. tournament if it accepts a bid, and then turns it down later to accept a bid from another meet.

A pass from Heimerdinger to Cahill was ruled complete on Southern's 4 when the officials ruled pass interference against Don Zima. Schmidt scored around right end on the following play. McKillen converted again to put the Huskies ahead, 14-7. The half ended shortly after the kick-off.

Southern penetrated as far as the Huskie 35 yard line only once in the second half. That time came late in the fourth quarter. The drive was broken when Northern's Cy Dunlap intercepted a pass thrown by Bob Ems. Heimerdinger punted on first down to the Southern 22. The Salukis punted after being forced back to their 7 yard line. Northern took over on their 36. Heimerdinger ran off two quarterback sneaks to use up the remaining time and give the Northern Huskies a 14-7 victory.

Don Ledbetter and Alden Ray of Southern were both injured during the game. Ledbetter aggravated a torn cartilage in his knee, and Ray dislocated his shoulder. Both men were taken to Doctor's Hospital, but were released after being treated the same night.

Salukis and Ol' Man Weather Come Close To Dampening Huskie Hopes

So Southern didn't win. But we sure scared the h... out of "Huskie" for a while. The rain held Heimerdinger's flipping to a minimum, and helped to equalize the two teams. The mud further hampered Northern's Bill Graham, who seems to rely more upon speed and shiftness than power and drive. Their starting line averaged over 200 pounds; while ours, hit by injuries sidelining both Buckler and Funderburk, averaged not quite 185. The average Huskie has played 2 1/2 years of college ball, while the average Southern player has competed only 1 1/4 years. Excuses? No, just facts.

The night wasn't even fit for a dog. This fact was evident because King Tut, Southern's Salukiest Saluki, failed to make a personal appearance. Even Southern's band was via recording. All they have to do now is to figure out a way to record the majorettes.

The statistics show that Bob Ems led the Southern offense, which as usual wasn't very offensive, with a total of 57 yards. Ems carried the ball 18 times for an average of 2.5 per try. This average was topped by Val Gribble, 6'1", 197 lb. freshman halfback from Harrisburg, who carried eight times for a total of 26 yards and an average of 3.25 yards a trip. Charlie Neiry bettered his average against Central Michigan in the punting department, a field in which Charlie is Southern's only employee thus far. Neiry booted 10 times for a total of 410 yards, and an average of 41 yards per kick. Three of them sailed for 50 yards or more. His average may have been better yet had it not been for a 15 yard off-side kick.

ATTENTION HIGHSCHOOL LETTERMEN

The "I" Club, varsity letterman's club on Southern's campus, wishes to announce that no matter how proud you are of that high school letter sweater, it would be advisable not to wear it on campus. That is, unless you won it in swimming or are training for a crack at the English Channel. In that case, you may feel right at home in the middle of Lake Ridgeway.

A CHEERING SECTION?

The cheerleaders have obtained permission from the Social Senate to charter a special bus for the Washington U. game at St. Louis next Saturday. Seats for the bus are \$2.50 per person. Admission to the game is \$1.00. Reservations can be made at the Student Center. Could it be our cheerleaders are finally tired of yelling at themselves and want some response from our fans, who seem to develop severe lockjaw upon entering McAndrew Stadium?

Dr. Lantz To Give Counseling Service

Marital and pre-marital counseling services will be available to both single and married students of Southern Illinois University this fall and throughout the year. Dr. Herman Lantz, in the department of Sociology will be available for counseling afternoons Monday through Friday.

Dr. Lantz was formerly associated with the Marriage Counseling Center at Ohio State University. More recently Dr. Lantz served on the research staff at Norwich State Hospital in Connecticut.

Dr. Lantz was on the Southern Illinois University summer faculty in 1950 and 1951. During that period he taught classes in marriage and parenthood and carried on a counseling program, in which numerous students participated.

Students interested in receiving counseling are asked to call Dr. Lantz at Extension 240.
