## Two Students Killed In Airplane Crash

Two SIU students were killed Friday afternoon following a crash in which a light plane crashed at a private landing strip near Carbondale.

Jerry Adams, 18, 739 Lake St., Collinsville, the light plane's pilot and his passenger, Jack Sullivan, 19, 704 Bond Ave., Collinsville, were killed instantly when the plane crashed and burned.

The crash occurred at 5 p. m., according to state police, near a private landing strip operated by James Jenne located approximately two miles northwest of Carbondale.

Adams and Sullivan had gone to the field after classes Friday with two other SIU students, Barbara Liebig, Mascoutah, James F. Chapman, Collinsville, along with Sullivan had been invited to take rides by Adams in his plane.

Bill Fulk, Pinckneyville, had ridden to Pinckneyville with the four students Friday afternoon.

Adams, according to Fulk, had invited the others for a plane ride before he flew to his Collinsville home.

According to reports, the plane burst into flames and then exploded. The flames covered almost every part of the plane. After the fire, the only remaining pieces of the aircraft which could be identified were a part of the engine and the landing gear.

The landing strip's owner stated that Adams had filled the plane's tank at Collinsville last Monday. Jenne also stated that the plane had not been used during the week.

He said the tank was nearly full, causing the intense fire.

Adams' plane apparently stalled as the pilot was attempting to land. Other pilots at the scene Saturday morning said the plane was apparently too low.

Jenne said Adams' plane was in good working order Friday.

Miss Liebig and Chapman, who had been up previously, were on the landing strip when the crash occurred.

Miss Liebig stated, "We dropped Jerry off at the airport on the way home because he had decided to fly in. When we got to the plane he offered to take us up. I went first, then Jim Chapman, and then Jack Sullivan. Jim and I were in the back convertible with Jerry. They'd been up about five minutes and had just circled the field. I guess for a landing. They dropped to about two trees high and were leveling off."

"All of a sudden the nose went down and the plane pitched about 40 feet from me. I just stood there stunned. Jim jumped out to help them, but the plane exploded into flames, so he ran for a nearby farm house for help."

Services were held for the two victims yesterday in Collinsville.

**Dames Club To Hold Style Show Oct. 17**  
"Fall fashions to fit student budgets with a few frocks to dream about," will be the theme of the Dames Club style show on Wednesday, Oct. 17, at 8 p. m. in the SIU cafeteria.

The Dames Club, a group composed of the wives of incoming students on campus, was formed last year in order to assist the student wives in becoming acquainted with each other through activities provided for their interest.

Special interest groups were formed by the Dames last year, were cooking, recreation, designing, beginning, arts and crafts, and sewing.

The dames will model clothes from Strod's, narrated the show, serve the dessert and discuss activities for the coming year. Fourteen Carbondale merchants donated door prizes ranging from baby things to household merchandise.

The stores were: Bradley's Hollywood Shop, McGinnis, Taggart's, Ross Shop, Stroup's, Packer's, Ticker Toys, Tenny's, Barry's jewelry, Mod Shop, S.H. Green, Stang Store, Zwick's, Ladies Store and the Gole Shop.

Invitations are being sent to all wives of students now enrolled at SIU by Jean Jenkinson and her committee.

Jerry Adams

## Homecoming, Children's Play Casts Chosen

The final casting for the 1956 homecoming play, "Night Must Fall," has been completed, and rehearsals are in full swing.

Dr. Archibald McLeod, professor of speech at SIU and director for "Night Must Fall" expressed both surprise and gratification at the turnout for the play troups, as well as for the high level of acting ability displayed by the students.

"The wonderful turnout indicates a good reason ahead for the Southern Players," Mr. McLeod said. "We will have four more plays to go, and it looks like there will be plenty of roles."

"This was the highest caliber of ability I've seen since being here at SIU, and the appearance of over 50 freshmen, plus the regular members of the Southern Players, made my job of picking the cast a difficult but enjoyable problem."

Rehearsals for the play began at 7:30 last Wednesday evening, immediately after the last of the freshmen in the cast had been filled. The rehearsals will be held regularly from now until Friday night, Oct. 26, when the play will be presented before the homecoming audience in Shirock Auditorium.

The play, described by McLeod as a "psychological - tension" type of mystery - thriller, was written by the renowned British playwright - director, Emlin Williams. This type of play contains less violence, but a more sinister and subtle undercurrent throughout the plot.

"Night Must Fall," was one of the first plays of this type to become a success, and it was shown first on Broadway in the early thirties. Hollywood later adapted the story and made a movie of the same title, starring Rosalind Russell and Robert Montgomery.

The lead male role of "Danny," the play's killer-playboy, is being played by Jerry Van Dover, sophomore.

This role was played by the playwright, Emlin Williams, in the play's original showing in London.

The lead female portrayal of "Mrs. Bramson," is being done by Jan Davis, junior.

Other members of the cast are: Harriet Sax, as Olivia; Dick Hunsaker, playing the part of Hubert; Linda Adams, as Mrs. Terrence; Phyllis Ragsdale, in the part of the nurse; Maguenzie "Sugar" Beninani, as Doris; and Joe Embert, playing the character Belzic.

In addition to the homecoming play activities, the Southern Playhouse has been the center of activity for the casting of the year's first children's play, "Hansel and Gretel."

## Homecoming Chairmen Announced

Members of the Homecoming Steering Committee were recently announced. Within the past two weeks the community has held two meetings. Individual committees have been meeting regularly to plan their specific part of the Homecoming ceremony.

Homecoming Steering Committee members are: Clyde Reynolds, chairman; Emil Spees, vice-chairman; Marsha Hehn, secretary; Jack Thatcher, George Bliss, and Ray Rowland, publicity; Tom Still, Bill Moll, Joseph Ripley, Radio and T.V.; Bill Edson, Rachel Barbour and Mrs. Loretta Ott, program; Terry Watson, Lester Brimmon, assemblies; Jerry Van Dover, Leona Harris, Jack Buckle, parades; Johann McIntire, Dr. George Henry Hastings, Jean Stehr, queen; Ann Ragdale, Janet Cozard, Janet Brackendrick, reception, Bob Read, Dr. Ervin Task, stage show; Larry Bess, Dr. Leslie McLaughlin, decorations; Marilyn Rains, Larry Sticker, Phillip Olson, hospitality; Bob Crawford, Inez Adams, finance; Roger Bush, Ann Curtis, Robert Odaniel, alumni and past queens; Bob Ruppel, Sue Watson, David Hester, homecoming; Dale Furtwengler, Suite Short, Robert MacMillan, dance decorations; Sheila Pflanz, John Stobart, Mrs. Myra Parker, breakfast.

These test will replace some of the tests now used with entering freshmen, and the full-up tests given to sophomores. Twelve sophomore and twelve freshmen were selected.

"This is one of the most extensive programs of sampling a large number of students for an undergraduate exam," said Dr. Graham.

**JSA Holds First Meeting**  
The year's first meeting of the Journalism Student's Association was held last Thursday evening at 7:30 in Parkinson 105.

Approximately thirty students, faculty members and wives were present at the business meeting and the "get acquainted" session which was held afterwards in the Journalism news lab.

Howard R. Long, chairman of the Journalism Department, spoke briefly to the group, welcoming the new students and outlining the department's background and plans for 1956-57.

Long spoke of the expected movement of the present journalism set-up to a barracks to be located on South Thompson.

The building is expected to be ready for use by early spring.

Discussed at the meeting was the newly formed newswriting course taught at the Menard State Penitentiary in Chester, Ill.

Plans for the "jobs in journalism" talks of the coming year were briefly discussed, as well as the forthcoming series of "Lovejoy Lectures," sponsored by SIU's journalism department and held on Southern campus.

Charles Campbell, director of Britain's information service in Washington, D. C., will be the first Lovejoy Lecturer, scheduled to speak here in November.

Wayne Talley was elected as the new JSA vice-president and a social committee for arranging the fall JSA picnic was selected. Henry Surovsky was appointed chairman of the picnic committee and the faculty-student affair is expected to take place within the next two weeks.

Before adjourning to the journalism news lab for refreshments, co-editors for "Between Beasts" were appointed. Bob Scranton and Dennis To Fallenstein will head the informal JSA Publication, which will be distributed within the department.

Anyone interested in becoming a member should contact Dick Fred, Dr. Harper, or any of the faculty of the Geography Dept.

**GEOGRAPHY MEETING**  
Gamma Theta Upsilon, national professional geography fraternity, will hold its initiation Oct. 16, at 5 p. m. at the Geography House.

**TRYOUT**  
Some 30 girls and boys turned out for the cheerleaders tryouts in McAndrew Stadium Thursday. The tryouts were held under "game" conditions as the Junior Varsity football team tangled with Eastern at the time.

## Student Council Prepares For Elections, Homecoming

### Dr. Charles Neal Gets New Position

Dr. Charles D. Neal, director of teacher training, has received a three-year appointment to a new editorial board for "Education," national professional periodical.

Dr. Neal has twice been guest editor of the quarterly publication, in January, 1952, and June, 1953. Both issues were devoted to teacher training.

The appointment becomes effective Jan. 1. First meeting of the five-member board will be next February during the annual convention of the American Association of School Administrators in Atlantic City.

"Education" is published by Palmer Publishing Company in Boston.

**Three Students Revamp Bicycles**  
Have you been riding a rented bicycle? If so, you have three men to thank for having them at your service.

Three SIU students, Ray Allen, James Lindsay, and George Boyer, worked through the month of August making ready 150 bicycles purchased by Auxiliary Enterprises for rental to students. Under the supervision of Ed Morgan, supervisor of campus services, the boys repaired and tuned up the bikes.

The bikes, purchased to solve partially the parking problem, are quite popular among staff members who can't park close to the campus, and among groups for parties and other means of recreation.

**APO MEETING**  
Alpha Phi Omega, national service fraternity, will hold its formal pledge initiation Thursday at 7:30 p. m. meeting at the Alpha Phi Omega office in the Student Union.

All members and prospective members are urged to attend.

### 9 Cheerleaders Chosen Thursday

SIU has nine cheerleaders this year as a result of the cheerleading tryouts held Thursday afternoon. This year's cheerleading squad will be composed of seven girls and two boys.

Out of 30 students tried out for the positions. It was one of the largest turnouts for the positions. The new cheerleaders are: Karen Campe, Barbara Chammess, Alice French, Mary Edna Jackson, Susan Short, Pat Spitzer, Sue Trencher, Paul Jones and Jim Whittenberg.

Chammess, Jackson Short, and Jones were members of last year's squad.

Leaders for the troups included: Mrs. Dempsey, cheerleader advisor; Maj. Jack Aldridge, ROTC instructor; Ivan Maxson, student; Sonnik Unger, Student Council President; Charles Wildy, Southern Spirit Council advisor; and Pat Dev and Gene Greer, members of the Southern Spirit Council.

G. B., the Bavarian boy, is all set to move out to the Thompson Point hills.

### Convocation Features Movie

A film in color from the first, and largest 16 mm. Filmo Rama projector in the world was seen in last Thursday's freshman convocation.

The motion picture, "Highlights of Europe," was shown on a wide screen which covered most of the Shroyck Auditorium stage. It took most of the previous night to set up the equipment. Filmo Rama is similar to Cinemascope.

A hi-fidelity tape recording system with the film provided background music while Robert Barnard, who made the film, narrated.

Barnard was with the Douglas Aircraft Company at the time of Pearl Harbor. Then he volunteered for one of the company's secret wartime projects.

He became interested in photography two years later while he was an executive of Hindustan Aircraft Ltd. in Bangalore, India.

The films have been shown at Orchestra Hall, Chicago; Carnegie Hall, New York; and other cities throughout the United States. Scenes from England, Netherlands, France, Germany, Italy, Switzerland, Greece, Turkey and Monaco were shown.

Photographic effects were also included in the motion picture. Through special effects, traffic in Paris appeared to be merging at terrific speed. It looked as if there would surely be dozens of traffic accidents; however, there were none. The laughter was loud and loud the sound accompanying the film could not be heard until the scene ended. Laughing as he recalled a similar incident, one of the staff said, "Oh, no. It's just like the traffic jam home!"

The audience seemed to enjoy the picture very much. C. Horton Talley, dean of the college of communications, who introduced Barnard, said that the motion picture would be quite unusual. After the showing the audience's applause seemed to indicate that they agreed.

### SIU To Teach Grads On Shuttleell Campus

SIU, a tax-supported institution, will teach graduate courses on the campus of Shuttleell College, a private, denominational school at Alton.

The SIU board of trustees approved an agreement Thursday (Sept. 27) which the Shuttleell trustees had sanctioned earlier. It provides for use of classrooms and other facilities at Shuttleell for University extension courses otherwise unavailable in the Alton area.

Shuttleell staff members will handle registration of extension students, and check out books from SIU's library to SIU students on the Alton campus. The college also will provide janitorial service, and pay for heat, light and incidental expenses.

The University will reimburse Shuttleell on the basis of student enrollment, and will provide any special equipment, such as laboratory supplies, maps and motion picture projectors.

The organization must not exceed the \$25 limit. Only one first place award will be given in this division.

There will only be one judging of the decorations on Friday night. All work must be completed by 5 p. m. Friday, and all devices must be mechanically driven.

Decorations will be judged on appeal, cleverness, craftsmanship, originality and compliance to the theme. Winners will be announced at the half of the Homecoming game and the awards will be presented in the Student Union immediately following the game.

House decorations committee chairmen are Bob Ruppel and Sue Watson. Faculty sponsor is David Remy.

The Student Council last Thursday night passed a motion made by Jane Curry, senior representative, that the Student Council dissolve the Pity Committee.

The committee was to combine it with the Southern Spirit Council.

Dr. I. P. Brackett, associate professor of speech, was selected as the Student Council advisor. The fiscal sponsor for the group is Dr. William Westberg, professor of psychology.

The Council tabled action on appropriations to the Southern Spirit Council, until a definite Treasurer's report is made.

Treasurer Les Schneider, senior representative, was asked for an itemized report next Thursday by Council vice-president Dick Hunsaker. Schneider said that he would present the report at the next meeting.

The Council unanimously accepted a proposal by Dr. Brackett that the Student Council hold their meetings in the Speech Clinic on South Thompson. The Council has met in the club room of the Student Union for the past two Thursdays.

**SIU Advised To Lengthen Pre-Engineering**  
Lois Kalla, senior representative, head of the election committee announced that petitions for the coming election were now available at the Student Union desk.

Miss Kalla reported that the committee had selected Oct. 23 as the election day.

"We are now making signs and handbills to advertise the coming elections," she said.

Offices to be filled during the coming election are: class officers, spring festival chairman, freshman representatives, the homecoming queen, her court, and her attendants.

In other action the council voted unanimously to accept new provisions in the election rules. The election laws were revised by Kalla and Hunsaker.

Hunsaker also gave the Council a report on how the handbook for Council members was progressing. Each Council member will be provided with a handbook. The handbook will serve as a guide as to what is expected from each Council member.

The Council will have the first 15-member Freshmen Convocation this Thursday to explain the election to the new students. No definite program has yet been planned.

**No School Saturday**  
Council President Sonnie Untergasser announced that no classes will be held on Saturday, the day of Homecoming, which is on Oct. 27.

The Council also decided to continue the practice that was started during spring elections last year. Students who have lost their activity card may go the Student Union and they will be given a slip of paper with a authorized Student Council signature. This will enable the student to go to the library and Bill Norwood were the only two members that were not present. Norwood was not on campus at the time, and Whitlock was sent proper notification.

**Accounts Needed To Judge Homecoming**  
An itemized account of money spent on Homecoming house decorations by off-campus houses and departmental organizations, must be turned in by 1 p. m. Oct. 26, at the Student Union desk, according to Sue Watson, house decorations committee chairman.

"This year there is a decoration theme. The decoration must be from a fable, this does not mean a fairy tale," said chairman Watson.

For example they may come from "The Story of the Three Little Pigs." First and second place trophies will be awarded in the Class A division for men and women's houses. Those who enter the Class A division must spend between \$25 and \$50. Class B division for men and women's houses a first place trophy and honorable mention will be awarded. Expenditures in this class must not exceed \$25.

Any campus organization may enter in Class C competition. The organization must not exceed the \$25 limit. Only one first place award will be given in this division.

There will only be one judging of the decorations on Friday night. All work must be completed by 5 p. m. Friday, and all devices must be mechanically driven.

Decorations will be judged on appeal, cleverness, craftsmanship, originality and compliance to the theme. Winners will be announced at the half of the Homecoming game and the awards will be presented in the Student Union immediately following the game.

## They're Here To Stay

Oh, those Saturday classes. That's a lament heard quite frequently among the students and some of the faculty on the SIU campus late.

The University officials say that they must be, so they must be. There are several more or less valid reasons behind the institution of the "Abominable" practice.

The University is growing at such a rate that there soon won't be enough room for all the classes to meet during five-day week, so the University is conditioning everybody to Saturday classes.

There is sound planning behind scheduling the multiple-section classes so that some sections meet on Saturday and others on Sunday. This provides a way of helping those students who have jobs on Saturday's to keep that day free. The multiple-section class setup is fine.

But what of the single-section classes. Many of them are scheduled for Saturday. In this case the student has no choice. If the class is required, he must take it, no matter when it meets.

This poses a problem and a hardship for the student who must give a little thought to some arrangement that would permit him to take a class and work too.

It's evident that Saturday classes are here to stay, but why not give a little thought to some arrangement that would permit him to take a class and work too.

## North Pole Visits Thursday Convocation to Feature Admiral Explorer

Rear Admiral Donald B. MacMillan, explorer, scientist, author and teacher, and a veteran of three Arctic expeditions, will lecture on his experiences in the Far North at the Freshman Convocation Thursday. He will also narrate a color film, "North, Far North, With MacMillan" at a public appearance at University School Auditorium Thursday at 8 p. m.

MacMillan made his first journey into the Far North as assistant to Commander Robert E. Peary in 1908 and 1909. Also, the noted sailor has directed 25 exploration trips to the North Pole.

His findings have been of value to the United States Government, which he served in various ways and during the World Wars I and II.

As Peary's assistant, he was placed in charge of making tidal observations, preparing equipment, and organizing the Eskimos in the search for food.

In 1913, MacMillan set out independently to prove to the world the existence of Crocker Land, a region named by him. He was the first to enter the unexplored area. Whereupon he removed the Crocker Land from the map, after traveling with dog team 15 miles out over the Polar ice. In his report he was reluctantly compelled to say that the Crocker Land was a mirage of rough ice encountered through the journey.

In addition to Donald MacMillan's survey, the expedition which included scientists and engineers, was the survey of the Greenland icecap. Newspapers reported shipwrecks, severe hardships and repeated calls for relief during the four-year's sojourn in the frozen north.

After two relief ships had failed to reach the party, they were finally rescued.

MacMillan began annual Arctic expeditions in 1924. They were financed in part by scientific organizations and private funds and continued until 1938.

When Richard E. Byrd planned and executed his 1925 flight to the North Pole, he drew upon MacMillan's knowledge. The flight was undertaken to prove the feasibility of planes in Arctic exploration.

The explorer resumed his glacial studies in 1946, after being in charge of the command of four B-27 photographic squadrons on flights over Labrador, Baffin Island, and Greenland during World War II.

Awards given him in subsequent years of exploration include the Special Congressional Medal for "Distinguished Service," the Elihu Shaw King Gold Medal for "Daring Exploration and Scientific Research," which Peary previously had been awarded. The National Geographic Society's Hubbard Gold Medal, and many others.

He is the author of three adventure and travel books dealing with the Arctic: "Four Years in the White North," "Esk and Beyond," "Kahda, the Life of a North Greenland Eskimo Boy."

His special hobbies are playing the violin and compiling Arctic bibliography.

Of sea-faring stock also, he has been an enthusiastic participant in at least six expeditions.

The biggest difference between pro and con is that when you are a pro, you do something for money and when you're a con, you do something because a Penitentiary guard tells you to.

to reach the party, they were finally rescued.

Awards given him in subsequent years of exploration include the Special Congressional Medal for "Distinguished Service," the Elihu Shaw King Gold Medal for "Daring Exploration and Scientific Research," which Peary previously had been awarded. The National Geographic Society's Hubbard Gold Medal, and many others.

He is the author of three adventure and travel books dealing with the Arctic: "Four Years in the White North," "Esk and Beyond," "Kahda, the Life of a North Greenland Eskimo Boy."

His special hobbies are playing the violin and compiling Arctic bibliography.

Of sea-faring stock also, he has been an enthusiastic participant in at least six expeditions.

The biggest difference between pro and con is that when you are a pro, you do something for money and when you're a con, you do something because a Penitentiary guard tells you to.

## U... CLEANERS

Offers These Advantages

1. Complete Dry Cleaning and Laundry Services
2. Cash and Carry - Saves 20%
3. One Day Dry Cleaning Service
4. One Hour Fluff Dry Service
5. Open Tuesday and Friday 'Til 8 P. M.
6. Sanitons Nationally Advertised Dry Cleaning
7. 20 Individual Laundry Washers - No Waiting
8. Nearest the Campus - Save Cab Fare
9. Ample Free Parking
10. Satisfaction - Guaranteed

## MAIL BOX

That smell that invaded the south end of the campus in which is characteristic of rural America. Carbondale is not yet large enough to be free from such annoyances.

But have you noticed those Ginkgo trees north of Alldred Hall? One tree has its upper branches lined with golden plum like fruits which are rapidly turning to a bronze color. When the fruits are ripe they will drop to the ground and during the decaying period give off an odor which is not characteristic of rural America. . . . but never the less quite effective. Members and friends of the University should be warned that the fruits when crushed on the skin or hands might cause a rash much like poison ivy and an uncomfortable swelling of the affected parts. With all the odor and the poison in the pulp of the fruit, the seeds is edible. Sometimes Ginkgo seeds are found in restaurants in the Chinese communities of such cities as Chicago. The taste would remind one of green tomatoes.

After this is written, the thought comes that the fruit-fall may be accompanied by heavy rains. If the pulp of the "plums" is beaten into the ground this stink will have to be postponed for another year.

Walter B. Welch

## It Soon Will Happen

Council of 100, 1 p. m., Library Auditorium.  
Design Lecture by Felix Conde, 8 p. m., Library Auditorium.

## Old Book Store Gone

### University Store Gets New Look

People working at the new University Store, formerly called the book store, could add a new saying to the long list of old ones, "It's not what you have, but what it looks like."

"Our sales have doubled since moving into the new glass fronted store in the south wing of Wheeler Hall," said Carl Troughaugh, manager of the store.

It is the appearance and ample room of the new store rather than the new location which accounts for the great increase in sales, according to Troughaugh.

"We now have enough room to display our merchandise in a more appealing way," said Troughaugh, "plus the fact that we also have a self service system that seems to be working to everyone's advantage."

The new store is no longer jammed with text books.

"We only keep lab manuals, workbooks, and all others that the students are required to buy, plus the college outline series," said Troughaugh.

In addition to the regular supply of gym equipment, etc., the University Store now handles such items as ashtrays, jewelry boxes, and ring books monogrammed with the SIU seal.

The new store is also headquarters for rental of bicycles.

"We originally purchased 150 bicycles," said Troughaugh, "but have sold some 50 of them and have about 100 left for rental purposes."

The response to bicycles has been good so far, according to Troughaugh, and it is expected to grow with the increase in parking problems.

Sometimes a person who has big feet and a big mouth often finds the former in the latter.

## "Who's Who In Music"

Community Concert Has Star-Studded Program

The names of this season's Community Concert performers read like a recent edition of "Who's Who In Music" — Dorati, Farrell, Istomin and Simonau.

"We try to get representative types of music," said Dr. R. D. Finner, president of the Carbondale Community Concert Association, "with some programs predominantly serious in nature and some more entertaining."

The first concert, Nov. 14, features Eileen Farrell, American dramatic soprano who recently started her career as an opera singer at the San Francisco Opera. She is well-known for concert performances, appearances on radio, T and recordings. Critics describe her voice as big and warm with a Traubel-like quality.

The second concert, Jan. 3, stars Eugene Istomin, American pianist who studied under Rudolf Serkin. Istomin is known as the most widely traveled performer. He recently returned from a concert tour which took him through six continents. A New York Herald-Tribune critic described the 30-year-old musician as "the best of the young American pianists."

The Feb. 6 concert will be given by the famous Minneapolis Symphony Orchestra under the direction of Antal Dorati, the Hungarian-American symphony orchestra, ballet and opera conductor who has won international fame. Dorati was a student of Bela Bartok in Budapest. He toured the Europe and Australia before making his debut with the National Symphony Orchestra at Washington.

Commerce Club Meets Tuesday

The Commerce Club held a meeting last Tuesday evening in the Studio Theater of the University School.

The meeting consisted of a short business meeting followed by a talk by Dr. Henry J. Rehn, Dean of the Business Department.

Overheard on campus — "The Egyptian is consistent. No matter what the picture is, the outline says 'The Hilltoppers.'"

## VEGETABLE GROWERS TO MEET AT SIU

Joseph Shelly, Washington, D. C., will headline the program for the Illinois State Vegetable Growers Association annual meeting at Southern Illinois University November 1-2, according to William T. Andrew, SIU vegetable specialist.

Shelly, executive secretary of the Vegetable Growers Association of America, will speak at a dinner session November 1. The conference will discuss vegetable disease and insect problems, marketing, grower cooperatives, research, and labor for vegetable production.

The promise the politicians should be telling the farmers in regards to the farm surplus is "When we get in office next November, we will raise more hell and less corn."

## -Southern Society-

**Sigma Kappa Set For Dolphin Show**  
Lee Wilson, Jeanne and Rachel Barbour, and Pat Cook, all Sigma Kappa, are scheduled to appear in the Dolphin Club Show. The show will be given three times, November 8, 9, and 10.  
Jane Miller is co-chairman for High School Guest day. Pat Cook is serving on the steering committee for this event. Pat is also on the SIU Debate Squad.  
LaDonna McMurray is charter recording for Zeta Phi Eta, professional speech sorority, and publicity chairman for Sigma Beta Gamma, honorary radio fraternity.

**Johnson Hall Starts Chair**  
Johnson Hall made plans at last week's house meeting to start a chair. Refreshments will be held at 10 o'clock each Thursday night. Plans include to program to be presented before Open House, some time during the Christmas season. Nada Jo Binnion is director of the group, and Marilyn Lashley is companion.

Mary Choy is Johnson Hall's new reporter. Elected to positions at last week's meeting were Ginger Augenstein, devotion chairman; Nada Jo Binnion, keeper of the grades; Katie Burkett, representative from first floor; Becky Ferris and Edith Casey, representatives from second floor and Sally Smith and Oleta Hall, third floor's representative.

**Theta Xi Win Homecoming Posts**  
Theta Xi have been appointed co-chairmen for various Homecoming Events. Bob Crawford is co-chairman of the finance committee; George Noud is co-chairman of the coronation; and George Bliss is co-chairman of the Homecoming publicity committee.  
Dick Baldwin is chairman for the rallies committee for the Southern Spirit Council this year.

Don Gibbs is a house fellow in the Illinois Avenue Residence Hall this year.  
Ron Danko is rush chairman. Among weekend guests and leaders of Theta Xi chapter house was Cliff Kantor, an alum.

**Forest Villa Elects Officers**  
The "Forest Villa," located at 1013 1/2 N. 1st St., held its annual election at its meeting last week. The house has been re-organized this year. Last year the men's organization was known as the "Chanticleer."

Jack Long is president of the house. Other officers are Jack Reichen, vice president; Don Edwards, secretary-treasurer; and Bill Clark, social chairman. Frank Moake of the English department is his faculty adviser.

**Pi Kapp Decorate Chapter House**

During the past week the Pi Kapp has been redecorating the chapter house. The dining room and study room have been remodeled and new furniture for the living room is being purchased.  
Jeri Kugel has been chosen as the sorority's representative on the college board of the Hollywood Shop.

Two Pi Kapp are on the Homecoming Steering Committee. Joyce Hastings is chairman of the queen's reception committee.

Betty Rae King and La Verne Bridges have been elected to the Pi Kapp House Council.

Sister Smyser and Margie Baye spent the summer in California and Mexico.

**Delta Chi Have Rush Party**  
About 40 rushers were present last night at the Delta Chi rush party. Pizza was served, and movies were shown that were taken at the Delta Chi national convention.

at East Lansing, Mich.  
About 15 Delta Chis are planning to travel to Charleston next Saturday for the Eastern-SIU football game.  
Urban Kraus, Don Curry and Jim Groff attended "Jazz at the Philharmonic" Saturday night at St. Louis.

John Hooning and John Armen from the Indiana chapter visited the house over the weekend.  
Pinned: Pat Seann, Edwardsville, to Jim Flagg, Delta Chi.

### THESE WELCOME RUSHES

Wednesday night, 6:30 p. m., the Teks will extend a welcome to all rushers to take a look at their formal rush party.  
Jim Robertson, Teks field representative, visited the SIU chapter last week.

James Crippen, alum spent the weekend at Southern. Jim graduated from SIU in the spring of 1956 and is now employed by his father in Salem.

### Sigma Tau Gamma Has New House

Sigma Tau Gamma has been busy the past few weeks cleaning, painting, and reconditioning their new house at 203 E. Pearl St. The chapter house had formerly been at 715 S. Washington St. The chapter rooms of the new house are being completely refurbished and the remainder of the house has been redecorated.

Charles Gruner, former Iota Alpha, is the new editor of "The Sage," the Sigma Tau Gamma national magazine.  
Epsilon Sigma Tau Gamma chapters have been established at Penn State, Indiana, and the Missouri School of Mines. A colony is being formed at the University of Missouri.

Sigma Tau members on the football team are: Gene Krolak, Dave Wheeler, Tim Bowers, Bob Batara, Len Zabrowski, Nick Strenck, and Bob Stoudt.

Jerry Middeck was married during the summer. Fred Johnson is now attending the University of Illinois.

### Sigma Pi Appoints Homecoming Chairmen

Charles Cessna and Neil Brown have been appointed co-chairmen of the Sigma Pi Homecoming House committee. Jerry Deana and Don Mitchell are co-chairmen of the house decorations committee.

New furniture has been added to the Sigma Pi chapter room.  
Jim Haas has returned to SIU after serving a hitch in the army.

### Rindner Heads New Men's Living Group

Stearns Residence Hall, a men's living group, was organized this year with 17 residents. The hall is located at 111 1/2 S. Washington.

Officers elected last week were headed by Barrell Rindner, president. Also elected were: Julian Ambrose, vice president; Darin Weiss, secretary; Gerald R. Johnson, treasurer; Jim E. Faver, social chairman; and Bob Gatz, inter-mural chairman.

Jack W. Barringer, the resident fellow, was appointed by the householder. The new cook at the hall is Mrs. Sara Simmons.

Other action at the meeting last week included appointing committees for Homecoming, a constitution committee, a rules committee, and a food committee.

### Tri Sigmas Honor New House Mother

A buffet dinner for all sorority house mothers was held Thursday night at the Tri Sigma house. Guest of honor at the dinner was Tri Sigma's new house mother, Mrs. "Jo" Abrahamson.

Lois Nepute has been chosen for her third year as a majorette for SIU's marching band.  
Fran Wilhelm will represent Tri Sigma on the Hollywood Shop's College Board.

Overall rush chairman is Kay Stroup. Fran Wilhelm has been selected Churn School chairman, and Susie Short is political action.

RUSH BEGINS

Rushers and sorority officials listen to Delta Zeta President

Pat Mezo at the official opening of the 1956 fall rush season Sunday. The sororities held open house Sunday to signal the start of rush week.

### Sigma Beta Gamma Meets Thursday

The possibilities of doing radio T.V. work, both on the SIU campus, and over local stations, was the main topic of discussion at the Sigma Beta Gamma meeting last Thursday.

Buren C. Robbins, faculty sponsor for the honorary radio fraternity spoke to the group on the subject and a committee was appointed for further exploration into the work possibilities both on Southern and over the air.

New Sigma Beta Gamma officers for 1956-57 presided over the meeting held in studio "A" of the SIU radio-TV studios.

The new officers are: president, Bill Turner; vice-president, Phil Tamm; and secretary-treasurer, Bill Moore.

Also discussed at the year's second meeting was the future possibility of radio and theatre working together to produce some shows.

New pledges present at the meeting were: Bill Clark, Phil Purcell, Bill Moore, and Norman Klenke.

The next meeting of the radio fraternity will be held Thursday, at 4 p. m. in studio "A" of the radio-TV studios.

### DR. LEE SPEAKS

Dr. Richard V. Lee, director of SIU Health Center, will speak on "Health Services for Students" at the first fall meeting of the SIU Householders Organization at 7:30 p. m. Monday at the Student Christian Foundation.

Dr. Lee will introduce Mrs. Lucille McDonald, the University's visiting nurse, to members of the organization, composed of home owners who rent rooms to SIU students.

Any person who accommodates one or more students in the home is eligible to join the organization, according to Mrs. John Parrish, president. Meetings will be held twice a quarter this school year.

Chairman, Pam Hindman is Founders' Day chairman.

Jan Keiper, Tri Sigma's president, attended the national convention of Sigma Sigma Sigma, held last July in Estes Park, Colorado.

Theta Xi fraternity serenaded Ber Holopack at the sorority house Monday night.

Barbie Gibbs and Jeanne Rudel joined the chapter house last week.

### Third Floor Anthony Chooses New Officers

At the first meeting of the year for third floor Anthony, held last week, the men elected Phillip Sheridan as president. Other officers selected at the meeting were Eugene Schur, vice president; Ronald Sladino, secretary; Robert Hallon, treasurer; James Katz, social chairman; Harry Glover, council representative; Jerry Walker and John Kinzel, athletic directors.

Engaged: Doris Worchester, Tri Sigma, to Elmo Heaton, Delta Chi.

## Physical Plant Has Long List Of Accomplishments This Fall

Working furiously since last building, the construction crew from SIU's Physical Plant have accomplished the following:

Remodeling of a portion of the library barracks for the University Store.

Remodeling of the basement and first floor of Wheeler Hall for AFROTC classrooms and office space.

Remodeling of the Dowdell House Apartments (hopes to be completed this week) for the Health Education Dept.

Remodeling of the AFROTC rifle range in the attic of Old Main.

All of this has been done here on campus while out at the SIU Experimental Farms the construction crew have been completing these projects.

A new machine shed at Horticulture station.

Rehabilitation of a house at the poultry station, the house was moved out there from Chautauqua St.

Constructed a new machine shed at the Agronomy station.

Remodeling of the Hanev house (near completion) on the Carbonade Reservoir Road.

Rehabilitation and additions made to a caretaker's house, moved to the farm from Chautauqua St.

In process of completing the rehabilitation of a house on the Rolla Brewer farm. This house was moved from Mill St.

Also in the process of completion is the Dairy Center, a new development consisting of:

1. A feeding barn, for the scientific feeding of dairy cows.

2. Hay Feeder barn, where cows can feed themselves.

3. Silo, this was constructed by Modern Masonry, Inc., included office space and a judging or show room.

Members of the club are urged to come at 7 p. m. to have the Obelisk picture taken. The program starts at 7:30.

### Famed Designer To Speak At Library Wednesday

Felix Candela, famed-Mexican third-floor and concrete designer, will be on campus to give a lecture at the Library Auditorium Wednesday, at 8 p. m.

Candela, professor of design in the "Escuela Nacional de Arquitectura" at U.N.A.M., received his degree from "Escuela de Arquitectura de Madrid" in 1935.

He is also president of the firm, "Cubiertas Ala, S.A.," specializing in the design and construction of laminar structures and concrete shells. During the past 6 years with this firm he has built more than 25 structures of this type.

Although he was born in Madrid, Spain, Candela has lived in Mexico since 1939 and became a citizen of that country in 1941.

## What Happened To The Fish? Thompson Lake Residents Go To Science

Have you ever wondered what happened to the fish in Thompson Lake when someone swiped their water?

A few chose to run and escaped through the dam. A few others floundered in the shallows and died or were caught. Yet a group of 130 bewitched bass were whisked away in the nick of time to serve for the next term or two the interest of science.

When the news of the draining of Thompson Lake reached the Zoology department, Dr. W. M. Lewis, Mr. Vernon Cole and a group of graduate students including Jim Schumacher, Bruce Munch, Darrel Leander and Bob Bridges cast off upon the lake in a small boat to save the bass.

The boat was equipped with electrical apparatus which when placed in contact with the water would stun the fish so they could easily be caught.

The bass were captured, shaken but unharmed, and "clipped" for identification. About one hundred were transported to the 1,800 acre Horseshoe Lake in Union County where they were released.

Fishermen were notified that if they caught one of the "clipped" bass, to notify the department in turn. Already eight travel weary bass have been caught.

The remainder of the bass were released in a new pond which was devoid of fish life. Dr. Lewis and his colleagues wished to test the "fishability" of the bass, or the amount of fish that could be caught in a given length of time. Soon after the bass were released the

## Three Business Lectures Scheduled

One of three lectures on how to get a job was held by the Business Department, at University School Auditorium, Wednesday morning.

The lecture was titled, "Job Opportunities." Talks were given by Dean Henry Rehn who talked on "Job Opportunities in Business," Dr. Paul Hoffman spoke on "Job Opportunities in Marketing," Dr. Ralph D. Swick on "Job Opportunities in Accounting," and the closing talk was given by Dr. Harves C. Rahe who spoke on "Job Opportunities in the Secretarial Field."

Dr. Paul Hoffman spoke on "Job Opportunities in Marketing," Dr. Ralph D. Swick on "Job Opportunities in Accounting," and the closing talk was given by Dr. Harves C. Rahe who spoke on "Job Opportunities in the Secretarial Field."

# SIU Outgained Braves In 26-20 Loss; Drill For Eastern Illinois

The Southern Salukis, outgaining the Bradley Braves in almost every department, but losing 26-20 last Thursday night at Peoria, prepare this week to invade Charleston for a game with the Eastern Panthers Saturday. It will be the Salukis' third road game in a row.

The Salukis had only three days to rest before making the long trip to Peoria Thursday. They had just traveled to Central Michigan the Saturday before to absorb a 23-13 loss at the hands of the Chippies.

The statistics show that Southern gained 197 yards rushing and 162 passing for a net total gain of 359 yards. Bradley made 134 rushing and 163 passing for a total of 297 yards.

SIU tried 27 passes, its highest attempt total for the year, and completed 10. Bradley completed six out of 12. Southern also outgained the Braves on first downs, 20-13.

One of the unusual aspects of the game was the total of offensive plays from scrimmage by the Salukis. Using a stepped-up offense and more passes, the Salukis ran 80 offensive plays, about 30 more than average. Bradley used 50.

In individual statistics, Carver Shannon again led the Salukis in rushing despite a foot injury, gaining 68 yards in eight carries for an 8.5 average. Ranette Lewis carried eight times for 29 yards and a 3.6 yard average, and Rich White carried 13 times, gaining 47 yards for 93.6 average.

In the pass receiving department, Dave Miles caught four passes good for 91 yards, and Bob Batura snagged four for 52 yards.

Southern this week must prepare for an Eastern aggregation that lost a week ago to Cape Girardeau, 46-13. Eastern, with two all-conference players back, and two ends who were among the top eight pass receivers in the IAC last season, cannot be taken lightly.

Quarterback Gary Anderson was first team all-IAC last year, along with tackle Ray Fisher. They also have four experienced backs.

Statistics for the Bradley game:

First downs	SIU 20	Bradley 13
Yards rushing	197	134
Yards passing	162	163
Passes attempted	27	12
Completions	10	6
Interceptions by	2	2
Fumbles lost	0	0
Points	4	20
Average	26	32

Southern's Salukis' fleas are still here, which just goes to show that a dog may die but his fleas just flip around. High class fleas, like Salukis fleas, can't live long without a dog. Our Southern fleas haven't flipped for a long time.

A matter of record... Those who struggle to recapture youth are always ensnared by old age.

**UNCORKING PASSES** sealed showing the ball in the Bradley game last Thursday night, and completed 10 of 26 attempts. It was the first time this year that the Salukis used the pass as a primary offensive weapon.

## WAA Will Sponsor 'Trail Hike by Bike'

Girls, you don't have to be Daisy to rate a bicycle built for two, or even a bicycle for that matter, because the Women's Athletic Association is sponsoring a Trail Hike by Bike on Thursday Oct. 11.

The hike will start from the gymnasium at 4 p. m. and should return not much later than 6:30 p. m. Food will await the cyclists at the city reservoir.

The cost, to cover the rental of the bikes and the price of the food, will be 30 cents per person. Tickets can be obtained at the gymnasium or from people in organized houses, according to co-chairmen Joyce Weber and Janet Ozburn.

Other WAA activities include five women students attending the Illinois Athletic Federation at Charleston today. The IAF is comparable to the WAA, in that it sets up the sports day programs for all colleges.

SIU students attending are as follows: Pauline Loeffler, Janet Ozburn, Joyce Weber, Sharyn Russell and Inez Adams. Inez Adams is chairman for the group.

Monday Oct. 8 is the gymnasium an activities night for faculty women or wives of the faculty will run from 7 p. m. to 9 p. m. Then from 9:30 p. m., they will go to the University School Pool.

On Tuesday night Oct. 9 at 7:30 p. m., there will be a meeting of all WAA representatives holding at the gymnasium. The nature of this meeting is to set up house intramurals for the fall quarter.

## Modern Dance Club Holds Practice Drills

The modern dance, sometimes termed creative or interpretive, is receiving wholehearted attention from modern dance club members in preparation for this year's presentations, according to Judy Bean, chairman of the club.

They are practicing the fundamental skills and techniques and exercises every Tuesday and Thursday at 7:30 p. m.

Anyone who wishes to become a part of the club may come to these practice sessions on the schedule nights. Each session is two hours long and all aspirants are given ample opportunity. Tryouts will be conducted sometime near the end of the fall quarter.

Two or three experienced instructors or members of the faculty will make the selections. There is no limit as to how many people can be used. If enough meet requirements, new roles can be created.

## NAIA 'Bowl' Game To Be Profit-Sharing

The National Association of Intercollegiate Athletics' first football "bowl" game Dec. 8 will be a profit-sharing venture in which "nobody makes any money," according to an NAIA executive.

Dr. Roswell D. Merrick, assistant dean of the College of Education at SIU, and vice-president of the Association, is one of four NAIA executives who will select opponents for the first annual National Football Classic in Little Rock, Ark. The two top teams out of some 450 NAIA member schools will be picked to play in Little Rock's municipal Stadium Dec. 8.

Merrick said the teams will receive only "bare expenses" out of the game.

"All profits, if there are any, will be used to defray expenses of other less popular NAIA tournament sports such as golf and tennis," Merrick said.

"This is not a typical 'bowl' game in the current sense, because we don't deliver in extending the season an extra month for a grand spectacle," he said. "However, it will provide an opportunity for our best so-called 'small school' teams to get the recognition they deserve. Our annual basketball tournament in Kansas City has proved that the best in small school sports compares with the best anywhere in the country."

One of the biggest things a student learns in college is how little he knows.

## Jayvees Beat Eastern 13-6 Wilkinson's Squad Comes To Life 2nd Half

By Chuck Schleper

Down 6-0 at intermission time, Southern's junior varsity football griders rallied for two touchdowns in the second half to top Eastern Illinois jayvees Thursday, 13-6, at McAndrew Stadium.

Both teams employed the aerial routes as their principal offensive attack, with a combined team total of 33 passes being thrown during the afternoon.

Taking the opening kickoff Eastern marched downfield 70 yards to score on three plays. A John Moreman to Ed Rhodes aerial netted 35 yards on the first play from scrimmage. Then, after three-yard plunge, Quarterback Moreman threw a 32-yard scoring pass to Rhodes to cap the drive. Jim Erdman's conversion attempt was wide.

The Junior Salukis looked like a different team the second half, both on offense and defense. Quarterback Jerry Morrison, one of three Southern tossers who completed seven of 13 passes and gained 146 yards, teamed up with Halfback Herman Ayers on a 58-8-yard pass play to account for the first score in the third period. Ayers

then booted the extra point to put SIU ahead to stay.

Southern moved easily the four yard period. Morrison's passes of 32 and 14 yards helped move the ball from the S24 to the E15. Jay pass at this point, but Eastern lost the ball on the toe first play when Cente Tom Santelli intercepted a Moeman pass. Ron Stump moved the ball to one yard line on snap plunges and Benny Renaldi took it over on a quarterback sneak. A low pass from senior winged Ayes was point bid.

The statistics:

First Downs	9	3
Yards Rushing	60	7
Passes Att.	13	20
Passes Comp.	7	8
Passes Intc. By	1	3
Yards Passing	147	101
Fumbles Lost	3	1
Number Punts	5	7
Punting Ave.	38	23
Yards Penalized	70	10

Gus Bode, the back-strap man with the saddle shoes, is starting a new long-hair-fad-out of necessity. Haircuts are now up by two merry hamburgers, plus tax.

## Cross Country Opens Tomorrow

The SIU cross country team, coached by Leland (Doc.) Lingle, will open its 1956 season here to

morrow against Western Illinois. With Captain Bernard Kabat not returning to school and with several other promising lettermen not appearing for opening practice sessions, SIU's hopes for the year are

along with Dick Gregory, will form the nucleus of the team.

Say so says: The best art of self defense is to be able to run the hundred in 10 flat.

## DEAR READER:

The EGYPTIAN is Undertaking the Task of Building a "CLASSIFIED AD SECTION" for the Convenience of YOU, the Person it Will Best Benefit. This is the First Attempt Made by the SIU Newspaper to Establish a Classified Section... If it Proves Successful... It will be to YOUR Benefit and OURS!

## RATES

50c Minimum Insertion... 25 Words or Less or \$1.00 for 3 Insertions

## ABOUT CLASSIFIED ADS

- people who read the classified ads know what they want and are ready to buy!
- they read your ad because they want what you have to sell!
- WANT TO SELL A CAR? NEED HELP? NEED A RIDE HOME ON WEEKENDS? OR HAVE ROOM IN YOUR CAR FOR ONE MORE?

**"JUST A BLOCK FROM CAMPUS"**

What young people are doing at General Electric

$$\frac{1}{A} \frac{\partial u}{\partial x} + \frac{v}{AB} \frac{\partial A}{\partial B} - \frac{w}{R}$$

**Young mathematician helps pace engineering advances**

Recently General Electric developed a compact, new motor for industrial use. But before the motor could be put into automatic production, one difficulty remained: to design a protective end shield that would confine any possible explosion to the motor itself.

The man who solved the tough mathematical problems involved is R. A. "Pete" Powell — a mathematical analyst whose job is to assist other engineers in math problems which arise in any number of different projects.

**Powell's Work is Varied and Important**

Because he is not tied down to any one project, Powell seldom has two similar assignments. Taking established engineering and mathematical principles, some of them extremely complicated, Powell applies them to advanced engineering problems. In doing this, Pete is able to make such calculations as the distortion of a small part of a jet engine caused by vibrations, the deflection occurring in a turbine part when it runs at operational speeds, or the forces exerted upon a rotating shaft by lubricants.

**27,000 College Graduates at General Electric**

When "Pete" Powell came to General Electric in 1953, he already knew the kind of work he wanted to do. Like each of our 27,000 college-graduate employees, he is being-given the chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given freedom to make progress, everybody benefits — the individual, the Company, and the country.

*Educational Relations, General Electric Company, Schenectady 5, New York*

**Progress Is Our Most Important Product**

**GENERAL ELECTRIC**

R. A. "PETE" POWELL joined General Electric in 1953 after receiving his B.S. in Physics in '47 and his M.S. in Mathematics in '49, both from Purdue. From 1949-52 he completed further study in Physics again at Purdue.
