ZETETICS LIMIT MEMBERSHIP OF ORGANIZATION

OLDEST GROUP ON CAMPUS CHANGES SET-UP IN SIXTIETH YEAR

With reorganization plans completed, the Zetetic Society announced several changes in its constitution. The greatest departure from precedent is a limited membership plan of forty-five, the idea being to make the group more selective and its activities more profitable. The exact qualifications for membership are as follows:

1. Old members who apply for membership into the reorganized society will be granted entrance upon the payment of dues.

2. The name of each new candidate seeking admission must be presented and recommended by a member in good standing.

3. Seven or more negative votes will bar a member from the society.

Another new amendment to the Zetetic constitution provides for a bi-monthly, rather than weekly meetings. Fall term officers were elected to guide the reorganized society, with Everett Mitchell, former business manager, as president. Other vacancies filled were that of Elsie Famer, vice president, and Martha Howells, secretary.

The new literary society will offer a more specialized group of programs, with stress laid on the worth while and current attractions. It was in this connection that a violin recital by Robert Swain and a sketch of Mexican life by Miss Frances Barbour were presented last Wednesday. The next meeting will be October 3, and all those who desire admittance to the society are requested to be present.

Spanish Course Being Taught by Mr. J. Cary Davis

For the first time in recent years a course in Spanish is offered to students who are interested in this subject. Mr. J. Cary Davis is conducting a non-credit class which meets at the seventh hour each Tuesday.

The course offers training for students with no previous work in Spanish as well as review work for more advanced students.

The present enrollment is between fifteen and twenty, and Mr. Davis, who plans to conduct the class throughout the year, invites other students to attend.

Abbott Attends Chemical Meeting

Dr. T. W. Abbott of the Chemistry department, attended the meeting of the American Chemical Society, held in Cleveland, Ohio, during the first week of the fall term. The Society is one of international repute and it had present at its sessions a representative from practically every European country. The program was arranged so as to make a general survey of the entire chemical field.

The Society spent all of Friday as the guests of the Akron Rubber Company making an extensive tour of the plants there.

Professor Adams of the University of Illinois was elected President for the coming year, and will take office in the first part of January. He is a renowned figure in the chemical world.

The Society meets semi-annually, the next at New York and San Francisco respectively. The organization includes a membership of over 2500 Chemists.

TO THE ALUMNI

The Egyptian will continue this year to present comprehensive news briefs of former S. I. T. C. students in the column, "With the Graduates." All alumni who have any news to contribute may address it to Ed-in Brock, the alumni editor, in care of the Egyptian.

OBELISK EDITOR DEVELOPS THEME OF 1935 VOLUME

Plans for the 1935 Obelisk are being developed under the direction of the editor in collaboration with Mr. A. N. Sullivan under the direction of the John & Ollier Engraving Company of Chicago. The first number of the book has been prepared and is ready to use as a working foundation.

Some of the campus views were taken last summer by Mr. C. Cliff Grandle, and the regular photography will begin October 1 with the taking of class pictures. A schedule for this photographing will be announced sometime next week.

The art work of the book has been started under the supervision of Barbara Jane Scott, art editor.

Newswriting Class to Study Leads in Today's Session

The construction of the lead sentence will be the problem dealt with at the second meeting of the school of journalism in room 206 of the Main building at 4 o'clock this afternoon. These weekly sessions, sponsored by Mr. Tau Pi, honorary journalistic fraternity of the college, are conducted primarily for reporters on the Egyptian. However, any student who is interested in journalism may attend. The faculty adviser and editor of the Egyptian, assisted by one of the Tau Pi, supervise the class.

Miss Ruth Meyer, 1934-35 editor of the paper and assistant this year in the English department, gave the opening address at the first meeting of the class last Wednesday afternoon. Miss Meyer presented a brief, but comprehensive treatment of "What is News?"

That there are several students interested in journalism at S. I. T. C. is evidenced by the number who have come out for the Egyptian. Ten freshmen have been added to the competitors' list. Several upperclassmen who have never been affiliated with the paper are on the reporter staff this year.

Unlimited Cut List Announced For Fall Term

Unlimited cuts for the fall term have been extended to the following Juniors and seniors whose averages are 4.0 or above:

- Gene Allen, Marvin E. Ballance, Karl Bauman, Marie Bauman, Thelma Belford, Jesse Bell, Louis Bryant, James Bond, Eugene Boyd, Lois Boye, Fred H. Brann, Herbert Herman Deusch, Paul Briem, Marion Alice Brown, Marjorie Brown, Wilfred E. Brown, Mary Evelyn Brunton.
- Amy Lewis Campbell, Mary Leabel Campbell, Ned Carlton, Robert A. Channess, Emily Howard, Chandler, Clara E. Charles, Donald N. Clafin, Dorothy Cox, Viola Chen, Mary Agnes Croft, Mary Ellen Curd, Margaret Ann Cummings.
- Frank E. Davis, Lowell Davis, Luella Denny, Elizabeth Dill, Gilbert L. Doolen, Virginia Draper, Kitty Fox Earle, Frank Ebbs, Eleanor Etherton, Berdena Fane, Elsie Famer, Vivian Fawcett, Jane Federer, John Theodore Finley, Norman Finley, Edna Finvash, Robert Forb, Mildred Fane Leon Forth, Alice Carol Fugate, Melba Fullmer.
- Shelby W. W. Gallien, Jessie Eugenia Gardner, Ralph Goddard.

ELEVEN TROOPERS PASS TRY-OUTS OF LITTLE THEATRE

TECHNICAL STAFF MEMBERS UNDER CONSIDERATION; FOUR COMPETE

Eleven people, five women and six men, were selected from among the thirty-three competitors at Strut and Fret Little Theatre try-outs last Thursday evening to fill the vacancies in that organization.

Seven of the eleven vacancies were filled by the following freshmen: Earnst Brahear, Glen Fikerson, Frank Samuels, William Twenty, Leo Keller, Geraldine Morsan, and Katherine Seibert. The four other successful candidates are upperclassmen who have appeared in previous campus productions. Bob Chapman was a member of the Zetetic play, The Swan, which was given two years ago. Arnold Thomas played the part of Major Potkoff in last year's production, The Arms and the Man, while Marjorie Brown will be remembered for the character role she has played in both of these productions. Frances Phillips, the fourth upper classman to be chosen, made her campus debut in the Socratic spring play of 1933, The Passing of the Third Floor Back.

These people will remain probationary members until they have given a creditable performance in one major production. One woman's and two men's vacancies yet remain to be filled.

Selection of the two people to complete the technical staff is still under consideration. Of the four people trying out, three have shown interest in staging and one in publicizing. Of the stagecraft competitors, one is a former member of the stage craft class while the other two are freshmen.

The probationary members will meet with the charter members in the Strut and Fret room on the first floor of the Chemistry Building at 7:30 tomorrow evening.

MRS. C. H. CRAMER ATTENDS BROTHER-IN-LAW'S FUNERAL

Mrs. C. H. Cramer left Saturday for Middletown, Ohio to attend the funeral of her brother-in-law, Mr. August Denton. He died from injuries received in an automobile accident last Thursday.

BOBBY SWAIN, VIOLINIST, COMES HOME TO COLLEGE

By RUTH MEYER
"You know I have a fifth hour," Bobby Swain announced as he came into the Egyptian office. He sat down quickly and began to talk in a worried fashion. "It's a violation class, and I don't have my leaflet prepared. I tell you, I'm too rushed to prepare anything the way I should!"

Conventionally tactful, I explained that class preparation wasn't customary. "Right," he came back, "but I'm no Ralph Thompson. I've got to work for what I learn. There isn't anything that I have special ability for but music."

At this juncture those who know Bobby will exclaim, "Rather!" Since he was four years old he has been making public appearances as a violinist, and his first concert here this term is the play at the Zetetic meeting last week has established him as one of the most skillful musicians S. I. T. C. has ever enrolled.

Since he lived in several large cities he has had opportunities to study under renowned musicians, among them Alexander Thiaside of the Philadelphia Symphony Orchestra, Max Zunder of the Peabody School of Music in Baltimore, and David Hackman of the St. Louis Symphony Orchestra. "And of course my father, Ralph Swain, taught me too," Bobby explained. "He was on the

Funeral Services Held for Wife of Prof. G. W. Smith

Funeral services for Mrs. G. W. Smith, wife of Professor Smith of the S. I. T. C. history department, were conducted from her residence yesterday morning. Burial was made at White Hall.

Mrs. Smith had been ill with pneumonia for some time before her death Monday morning. She is survived by her husband and four children, Clyde L. and Helen C., of Carbondale, Russell of Johnston City, Illinois, and Mrs. C. L. Draper of Birmingham, Alabama.

FIRST REQUIRED INTELLIGENCE TEST TAKEN

The entire Freshman Class assembled in the Auditorium on Tuesday morning, September 18, at 7:30 for the intelligence test to be given to the incoming students. From there they were directed to classrooms by Dean Wham who had been delegated by President Shroyck to select and administer the test.

Faculty members participating in the administration of the test were the following: Mr. G. D. Wham, Mr. F. G. Warren, Dr. W. A. Thalman, Mr. Ted Ragsdale, Miss Emma Bowyer, Mrs. A. K. Wright, Mr. R. D. Famer, Dr. Thelma Kellogg, Mr. Wright, Dr. Purdy, Dr. Beyer, Miss Annemarie Krause, and Dr. T. W. Abbott.

The test material used was the well known Otis Self-administering Tests of Mental Ability, Form A. The test papers are being scored by students trained in the measurement classes of Professors Warren and Thalman. As soon as possible, Professor Wham, as head of the Education Department, will prepare and file in the President's Office a comprehensive report that will show the score, the intelligence quotient, and the percentage rank of each person taking the test.

Since the time required for the actual writing of the test was thirty minutes, the whole matter of giving the test was easily attended to within the first-hour period.

COUNCIL APPOINTS COMMITTEES ON LECTURE SERIES PROJECT

Illinae Considers Debate Series With Forum This Year

Planning to inaugurate a series of debates with the Forum, Illinae opened its 1934-35 program last Monday evening. These debates, if they are arranged, will in no way cancel the annual spring debates but rather will provide other organizations for practice before the intercollegiate debates occur.

Evelyn Miller, newly-elected president of the Illinae, will remain in office throughout the year and will work with Marian Richards as vice-president and Lois Spiller as Secretary-treasurer. Miss Miller has appointed Miss Richards and Virginia Spiller as the program committee.

Although the women delegates hope to schedule many inter-collegiate events for the winter term, they are restricting themselves to local activities for the present. Round table discussions, to a large extent, will characterize their weekly meetings of this term.

Marrin Ballance, former president of the men's debate club, called a meeting of the Forum Monday of this week. Mr. Ballance and Dr. Charles T.oney, recently chosen sponsor of the group, are now working on plans for reorganization of the club. Though no plans have been completed, inter-collegiate debates undoubtedly will be a major part of the Forum program for the year.

Field Conference Of Earth History Saturday, Oct. 13

The Earth History Field Conference for Hardin county region will meet Saturday, October 13. The meeting begins at nine o'clock in the morning, and will be held at the Holsinger High School. Dr. W. M. Bailey, head of S. I. T. C. Botany department, is the district manager.

This conference is sponsored for Science teachers by the Illinois Geological Survey, Urbana, Illinois. The trips which are held in various parts of the State each year, are planned and conducted in such a way as to supply authoritative information on the geology, physiography, and mineral resources of local areas throughout the State. No fees are charged for participation. Those attending are asked to provide their own means of transportation, to bring a packed lunch, and to present themselves at the meeting point at the scheduled time.

Museum Observes Sixtieth Year of Its Establishment

The Museum of the college celebrates the sixtieth anniversary of its establishment this year. It was founded during the first term of the college in 1874.

Despite the age of this division, many students know nothing of its whereabouts, content, and importance. The Museum is located on the first floor of the Main building. It is supervised at present by Miss Mary Goddard, who announces that the Museum is open the third, fourth, fifth, and sixth hours.

Probably the most complete collection is the bird exhibit. The birds come from far-away lands, such as South America, Australia, Canada, and New Guinea. The customary lyre bird, the passenger pigeon, the pelican along with gorgeous, tropical humming birds, fierce birds of prey, perennials—these and many other—so to make an interesting and attractive display of bird life.

ARRANGEMENTS MADE FOR STUDENT PROGRAMS IN CHAPEL THIS YEAR

BULLETIN
The School Council met yesterday morning to further its plans for the lecture series project. Minutes of the meeting will be carried next week.

Two committees for the supervision of lecture programs at S. I. T. C. were appointed at the first meeting of the School Council last Friday morning. The Council also named a class committee to arrange the student programs which are to be given in chapel on Friday of every week this year.

At a session last spring, the School Council passed a resolution, accepted by the Egyptian, that the minutes of the Council meetings be published regularly in the Egyptian. Accordingly, the minutes of last Friday's session are recorded as follows:

The first meeting of the School Council for 1934-35 was called to order by Dean Wham, chairman, September 21, 1934. Representatives from the four classes were introduced to the Council:

- Allan Graves, Jane Federer, Seniors.
- Lavern Tripp, Virginia Spiller, Juniors.
- Robert Boyle, Betty Lou Vick, Sophomores.
- Vernon Hicks, Margaret Gane, Freshman (acting temporarily).

Faculty members who were present were: Dean George Wham, Dr. Richard Beyer, Dr. Willis Swartz, Mr. W. T. Felts, Dr. Mary Steagall, Dr. Neekers, and Dean Lucy K. Woody. Miss Emma Bowyer was not present because of a freshman meeting.

Jan. Federer was appointed secretary of the Council. After a brief discussion it was decided to continue the plan for presenting Friday morning chapel programs which served so successfully last year. The plan is that the class committee consisting of the faculty adviser together with the class council members provide the class programs. Another committee composed of the eight student representatives with Dean Wham as chairman promotes the programs given by the various organizations.

The matter of a lecture series to be given here at the school by outside talent was presented by Dean Wham. After some discussion the motion was made by Mr. Felts that two committees from the Council be appointed by Dean Wham to supervise arrangements for the lectures; one composed of four students and three faculty members to select talent and another of four students and four faculty members to make arrangements. Dean Wham is to act with both committees. The following were appointed:

- Committee for Selection—Dr. R. L. Beyer, chairman; Dr. W. G. Swartz, Miss Emma Bowyer, Allan Graves, Virginia Spiller, Robert Boyle, Margaret Gane.
- Finance Committee—Dr. J. W. Neekers, chairman; Dr. Mary Steagall, Dean Lucy K. Woody, Mrs. W. T. Felts, Jane Federer, Lavern Tripp, Betty Lou Vick, and Vernon Hicks.

The motion was made and carried for adjournment.

W. A. A. Has New Membership Plan

A means has been devised this year, whereby any girl may become an associate member of W. A. A. until she has earned enough points to acquire full membership. Associate membership qualifies the student to attend all W. A. A. meetings.

On last Wednesday evening the W. A. A. members and freshmen hiked to Cemetery Ridge.

UNDERGRADS AND FACULTY-ALUMNI TIE FALL SERIES

FACULTY WIN WEDNESDAY, UNDERGRADUATES SCORE 7-2 VICTORY MONDAY

The undergraduate team defeated the faculty Monday at Woods' field by a 7-2 score. This victory enabled the students to tie the fall series with the Faculty-Alumni, at one game apiece. In Monday's game the pitching of Fulton was outstanding. He did not allow a single hit, the Faculty making their two scores on errors. The third game will probably be played early next week.

Stimulated by the brilliant relief pitching of Dr. J. W. Neckers, the Faculty-Alumni baseball team defeated Robert Moore's Undergraduates last Wednesday at Woods' Field, 7-2. In the third, Neckers relieved Mr. R. M. Nolen, and the new hurler allowed only two hits in four innings.

The Faculty-Alumni were trailing, 1-2 when they went to bat in the fifth inning, but they rallied to score six runs on three hits, a hit batman and three infield errors. Eugene Hall, starting Undergraduate hurler, was relieved in this chapter by Russell Shaver, who finished the game.

Features of the contest included a long triple by Lemme, of the victors, and the brilliant defensive work of Fulton, student right fielder, who twice threw out runners at the plate.

Little Nineteen Teams to Open Play This Week

Bloomington, Ill., Sept. 26.—The opening shot in the quest for the twenty-third annual Illinois College conference football title will be fired this week when the St. Viator eleven under the tutelage of Ray 'Fido' Murphy moves into Southern Illinois Friday to meet Carbondale Teachers where William McAndrews has held sway for more than two decades. Murphy is in his first year at Viator. Ten other teams face conference teams this week, but all are with opposition outside the league. Among the non-conference tilts is Bradley's opening with the University of Illinois, Saturday.

Nine members of the leg will be engaging in their first games of the year, Monmouth, St. Viator, Carbondale, Bradley, State Normal, Macomb Teachers, Elmhurst, North Central and Lake Forest. Schedule this week:

Friday, St. Viator at Carbondale T. (night); McAndrew at Washington; Wm. Penn at Augustana; Carthage at Cape Girardeau. Saturday—Bradley at U. of Illinois; Valparaiso at State Normal; Parsons at Macomb T.; Morton Jr. at Elmhurst; Aurora at North Central; Northwestern College at Lake Forest.

"Coach McAndrew Says"

"Newburg, conference shotgun winner last spring is a young blond giant weighing 229 pounds and stands five feet and ten inches. He played fullback for Mt. Morris when they were here three years ago. At the track meet, I asked Newburg what he would play for St. Viator this fall. Here was his reply, I want to play tackle, but they have four other men who are experienced tackles as big as I am, and the coach stated that I would likely have to play fullback.

"The reports from the upstate coaches were that in 1933 St. Viator had as good a team as there was in the Little Nineteen, and that they would be better this fall.

"A letter from the Athletic Director stated that Viator would bring thirty-three men for Friday night's game."

BOWLING WHY NOT A COLLEGE LEAGUE

CURTAIN-RAISER WITH ST. VIATOR TOMORROW NIGHT

TEAMS CLASH FOR FIRST TIME SINCE S. I. T. C. VICTORY IN 1930

Southern will raise the curtain on its 1934 football season Friday night when the strong St. Viator eleven will be the guests of the Maroon and White squad on the S. I. T. C. athletic field.

This marks the first meeting of the two colleges since 1930 when the Teachers defeated the St. Viator eleven 12-0. In 1929 the Southern squad won from the Bourbonnais warriors by the close score of 6-0. Keen rivalry in the past has a fact that the upstate eleven has a strong team this season, goes to show that this contest will be one of the hardest battles in the Macmen's schedule this fall.

Coch Murphy has plenty of heavy material this year and with such dependable stars as Newburg and Betourne the Catholic institution is expected to be among the leaders in the conference. The Southerners will have to be in tip-top condition to make it three in a row over the Murphy coached squad.

McAndrew, Southern mentor, will have only twelve lettersmen out of the expected return of twenty-three, plus a few promising newcomers to pick his starting line-up. Going on up to date showings either Moorman, Patterson, or Gray will start at end, while Co-Captain Morawski and Prindle will probably take care of the tackle positions. Dabney and Eaton seem to be the best bet for the guards, and reliable Russ Emery will handle the center job. Mike Lenich will undoubtedly call signals, and Co-Captain Holder will play one of the halfback positions. Either Keeney, Vinson, or Hickey will probably play the other halfback. Wolfbarger will be at is old post, fullback.

Coach McAndrew's biggest worry at the start of the season was about the backfield men, but it is the center position now. The absence of O'Malley and the withdrawal of Jasinsky from school leaves only one experienced pivot man, Russell Emery available for the position.

Two serious blows were dealt the Southern squad during the second week of practice. Otis Smith, a promising guard was declared ineligible, and Ed Ghent, backfield letterman, sprained an ankle that will keep him out of competition for two or three weeks.

French Club Gives Play Written By Rhoda Mae Baker

The first meeting of La Reunion Gallique will be held Monday evening, October 1, at 7:30 on the third floor of the New Science building. The officers who were elected at the close of the spring quarter to serve for this term are: president, Nedra Goggin, vice-president, Mary Ellen Woods, and Jessie Gardner, secretary. The feature of the first program will be the presentation of a play by Rhoda Mae Baker. This play, entitled 'J'ai Besoin D'une Femme' was written as a term paper in an advanced French course. Miss Baker is well known for her capable acting in numerous dramatic presentations on this campus. Elizabeth Ann West has been chosen as the student director of the cast which is composed of old members of the club.

Plans are underway for the continuation of French luncheons which were carried out successfully last year. In addition, a series of bridge and pinocle parties will be inaugurated and these should prove to be as instructive as they are entertaining.

Paul Jean Brown Has Government Job

Paul Jean Brown, who was graduated from S. I. T. C. this spring, has a position in the agricultural department at Washington, D. C. His work is in the Administration building there. Mr. Brown will also study law at Georgetown University.

Mr. Brown's track and field record at S. I. T. C. distinguished him as one of the outstanding athletes of college rank. As javelin thrower he lost only two contests in four years; won in twenty-three consecutive meets; scored 138 points in twenty-eight meets; failed to place in only one meet in four years; holds State Trackers College record, and holds the S. I. T. C. all-time record of 183 feet 8 inches.

First Tea-Dance For New Freshmen Held Yesterday

The first tea dance of the year was held for the freshman class yesterday afternoon. The dance was planned by Miss Emma Bowyer and Miss Martha Scott.

The music was furnished by Robert Swain and his eleven-piece orchestra. The party lasted from four to six o'clock and included a "mixer" and various novelty dances. It was held in the woman's gymnasium. The same afternoon the Dunbar society held a dance in the gym of the old Science building.

OSCAR SCHNICKER TO SPEAK TO SIGMA PHI MU
In line with its purpose, Sigma Phi Mu, pre-medical fraternity, has scheduled a talk by Oscar Schnicker on entrance requirements to medical schools, tomorrow night.
The new president of the organization is Nemo Gaines, replacing Vaughn Davidson, Elmer Holshouser takes Mr. Gaines' former position of vice president.
