NEED OWNERS
These bicycles are just a few of the 25 which the Campus Police have accumulated since October. The bikes have been found all over campus, and have not been claimed by owners.

Two were pulled out of a creek and cleaned up by members of the police force. (Staff Photo)

25 Lost Bicycles In Police Office

"My only concern is to get the bicycles back to their owners," said Sgt. Carl B. Kirk, of the Campus Police.

Sgt. Kirk referred to the 20 lost or stolen bicycles which have been found on campus by the SIU Police. As there is no means of identification on the bicycles, the police are unable to locate the owners. Therefore, they must keep the bikes until someone claims them.

Since Oct. 1, the police have kept a file on reported stolen bikes. Of the 75 bikes reported stolen, all have been returned but the remaining 20.

The bikes are found all over campus. Two bikes were even found in a creek and pulled out by the police.

Students who have lost a bike or who have had their stolen are asked to come in and check the bicycles among the 20 old bikes waiting for ownership.

Student Escapes Injury When Car Overturns

James Gilbert Wrone, freshman from Clinton, escaped injury when a car he was driving overturned on old Route 51, north of Carbondale.

Wrone, who is entered in the College of Liberal Arts and Sciences, said his steering went out and the car veered off the highway and overturned. The auto was actually leaning on its side, and did not completely overturn.

Wrone was traveling south and the incident occurred about 100 yards from new Route 51.

An estimated \$200 damage was incurred to the auto.

Tickets Still On Sale For Mathis Concert

Some 900 tickets remain for the Feb. 13 Johnny Mathis concert. Tickets went on sale Wednesday for the Shryock Auditorium show.

Mathis will appear with his nine-piece band for the two-show concert. Each appearance will last an hour and the shows will be completely vocal.

Tickets are on sale at the Student Union Ticket Office, and admission is \$1.50, \$1.75 and \$2, depending upon the location desired.

The shows will begin at 7:30 and 9 p. m.

Sponsoring the Mathis concert will be Alpha Phi Omega.

The latest area hits by the 24-year-old San Francisco native are "Misty" and "Small World."

Canadian Players Here Next Week For 'Cherry Orchard'

The Canadian Players will return to Southern next five years, she returns after five years, she finds that the orchard has been put up for auction to pay back taxes. She is a kind woman who believes everything will work itself out, so she lends what little money she has to the needy peasants and waits for a miracle to happen.

Lopatin, a wealthy business man, tries to convince Mme. Ranyevskaia and her brother, Gayev, to turn the cherry orchard into a resort with villas for sale. She refuses to sell the orchard and pins her faith on her brother's attempt to secure financial help from an aunt.

The day when Gayev is away and the tax sale is to take place, she gives a party to celebrate. But Gayev's return the finds that the orchard has been bought by Lopatin, who intends to remove the trees and sell the property in building lots. Heartbroken, Mme. Ranyevskaia returns to Paris.

There are many characters in "Cherry Orchard": Mme. Ranyevskaia's daughters, the villagers, the school teacher and the old manservant who is left to die in the deserted old home. The play has been called 'a tragic story with scenes and characters which remain with the viewer long after it is over.'

Community Concert

Carnegie Hall Veteran

A Carnegie Hall veteran pianist plan which will guarantee tickets for students.

Students who wish to reserve seats for the concert must pick up tickets at the Student Union desk prior to the performance.

There were about 300 tickets remaining for students as of Friday. Students must have an activity card in order to acquire tickets.

Johannessen was born in Salt Lake City, Utah. He entered the International Piano Competition at Ostende, Belgium, in 1949 and won a unanimous decision over 51 other contestants.

In his Carnegie Hall performance, Johannessen played such works as the Six Intermezzi, Opus 39 by Schumann and "Gaspard de la Nuit" by Ravel.

The Co-Operative Fisheries Management Research program is for surveying fisheries resources of Southern Illinois and investigating possible management procedures for the improvement of recreational fishing.

Election Set For Jan. 26

Petitions were available Friday for persons interested in becoming candidates for two senatorial positions on the Student Council, and the petitions will be due Friday.

A special election has been called by Student Body President Bob Hardwick for next Tuesday to fill the positions of fraternity and VTI senators.

Petitions must be submitted to the Student Government Office, located in the Office of Student Affairs. Students at VTI may pick up petitions either from the Government Office on campus, or from Willie Berger at Southern Acres.

Special Talk With Writer On WSIU Today

A special interview with William Worthy, foreign correspondent, will be featured on Dr. James L. C. Ford's "Background" show on WSIU tonight at 7.

Worthy is one of three American newsmen who defied the State Department's ban on travel to the China mainland. Along with a reporter-photographer, he spent six weeks touring China as correspondent for CBS News, the New York Post and the Baltimore Afro-American.

In September, briefs were filed by Worthy's attorneys to the U. S. Supreme Court for his case against the State Dept. ban. The attorneys are advocating the issuing of passports with no limitations. The American Civil Liberties Union is supporting his case.

"Background" is a weekly presentation of analysis and interpretation of the news through his own experience and background in communications.

In tonight's show, Ford has focused his questions to Worthy on Red China. The questions have to do with Red China's international relations with the U. S., the United Nations, Formosa, and India.

Ford is especially interested in China because he was born and lived on the mainland for 17 years.

Deadline For Queen Contest

Tomorrow is the deadline for entries to the Miss Southern contest. Applicants should call Mrs. Mary Wroner no later than tomorrow evening in order to be eligible for semi-final judging Feb. 3.

The contest is open to all wives of Southern students.

Speed Control Set Up Near Lake

The Egyptian has been informed that a speed control will be set up in the near future in the Campus Lake vicinity. The control will be regulated with a stop watch system.

According to the source, several autos have been spotted speeding excessively on the loop road around the lake and on Thompson Road. The speed control will be augmented to slow down drivers who are violating the 20 m.p.h. speed limit.

'Tumbling T's' Take First Place In Annual Harmony Show

The Tumbling T's, a quartet of married men students, copped first place in the second annual Harmony Show at Shryock Auditorium Friday night.

A duet of Delores Dollens and Bob Green took second place in the annual sing.

The Tumbling T's, graduate students of Phi Sigma Kappa fraternity and all married to Sigma Kappa's did a take off on "Hold That Tiger." Dressed in various styles of the 1920's, including a janitor's clothing, the group received a low ovation from the approximate 500 in attendance.

Green and Miss Dollens are

Committee Asks For Bicycle Registration

False Alarm At Alpha Gam House Friday

A fire alarm was sounded at the Alpha Gamma Delta society house at Small Group Housing shortly after 12:30 a. m. Friday. Campus Police sped to the scene, but found the alarm to be false.

One Alpha Gam resident reported she went to the front door when the alarm rang and saw the door closing, but she didn't see anyone. The alarm is located on a wall near the door.

It was reported to the Egyptian later Friday that a resident of the sorority saw a man fleeing from the scene into some nearby woods while the alarm was ringing.

Police said the alarm was probably sounded by a prankster.

Two Thompson Point residents told the Egyptian Friday they had "heard a lot of noise late Thursday night coming across Campus Lake from Greek Row and wondered what was going on."

The door at the Alpha Gam house opened from the outside, due to a deficiency in the original inside lock designed. The University architect is currently working on the "push-bar" type locks for the house.

Four girls were in the living room at the time of the disturbance. One girl said she saw a man running into the woods, and called the Campus Police via the University operator. The police were at the house in about a minute.

The Egyptian reporter had just finished a late interview at Thompson Point and was walking home when he saw the police car speed toward the Small Group Housing. He followed the car and entered the house with the police.

Maxwell continued to say the committee felt that something must be done about bicycles traveling south of Morris Library, but nothing definite has been done on this problem at the present.

Maxwell also reported that the committee was studying the possibility of having a bike repairs shop in the University store.

After limited discussion by the Council on the report, Marsha Van Cleve, vice-president of the Student Body, suggested to Maxwell that the Committee and the Student Union cooperate in providing recreational facilities for bicycle riders.

Content and instruction of required courses was brought before the Council for discussion by Miss

Van Cleve, but no formal recommendations were made. The specific point introduced was if it would be possible or feasible to get up a required time for students to take required courses.

In a lengthy discussion on the subject, some of the Council members felt that required courses were good in building a basic well-rounded background while others felt the courses were unnecessary and a waste of time.

One member said that by the time a student reached the University he was well-rounded in his education and the college was more or less a finishing school for him. He also suggested a possible program of 30 hours in three or four different areas of study which would mean a student was well educated in one field and specialized and does not give a complete survey of the field.

Further discussion on the required courses situation was postponed until the next Council meeting.

A report from the Council committee on campus standards indicated that there was a need for campus standards group to be formed, which would be composed of representatives from all academic groups, but with a sub-group of women to discuss problems arising for female students.

Dr. Marc Karson, faculty sponsor to the Council, gave the faculty viewpoint of the situation by saying "we choose the lesser of two evils." "We don't realize the faults a new system might bring and what problems might raise," he pointed out. It is possible, Karson said, that students would choose easier courses and professionals instead of taking courses which will really aid them. It is

Job interviews in insurance sales and education will be offered at the SIU Placement Service Thursday and Friday.

Two representatives will be at the Service Thursday to interview prospective graduates. Alton Stowell, representing College Life Insurance Co., Indianapolis, will talk to students interested in positions as sales representatives, and Kingsley Sears, from the Kalamazoo, Mich., public schools, will talk to those interested in elementary and secondary education placement.

On Friday, Elmhurst public schools representative M.C. Turner will be on campus. Turner will interview teachers for kindergarten through sixth grade; junior high science, mathematics, foreign language and art; and social studies, girls' physical education and library science.

Members of the "Tumbling T's", a quartet of Phi Sigma Kappa graduate students, won first place in the second annual Harmony Show Friday evening at Shryock Auditorium.

Cut In Half \$713 Paid In Auto Fines

The amount of money collected from parking fines last quarter was about half the amount collected for the same term last year. The total amount paid last quarter was \$713.

Tom Mabry, representative of the parking section, said one reason might be because there are fewer cars on campus, and also because students are now obeying the regulations more closely than in the past.

Fines assessed without tickets amounted to \$230 and fines from tickets produced \$483. A large percentage of the tickets written, 39.5 per cent, were voided. Still pending are some 144 tickets, amounting to \$1,238, which have not been paid. Of this amount, \$213 will definitely be assessed, while \$966 is still pending for such action as appeal.

Mabry reminded students that they must now have a fee statement and driver's license before they can procure parking decals or properly register a car. He also said that any change of status should be reported immediately to the parking section, because the registration cards are being transmitted through an electrical device, along with a correct transcript of details from the Registrar's Office, to detect falsification of records.

Mabry said it is possible that some \$700 or \$800 will be assessed for falsification.

Council Appoints Co-Chairmen, Discusses Content, Instruction Of Required Courses

Job Interviews Set This Week

Job interviews in insurance sales and education will be offered at the SIU Placement Service Thursday and Friday.

Two representatives will be at the Service Thursday to interview prospective graduates. Alton Stowell, representing College Life Insurance Co., Indianapolis, will talk to students interested in positions as sales representatives, and Kingsley Sears, from the Kalamazoo, Mich., public schools, will talk to those interested in elementary and secondary education placement.

On Friday, Elmhurst public schools representative M.C. Turner will be on campus. Turner will interview teachers for kindergarten through sixth grade; junior high science, mathematics, foreign language and art; and social studies, girls' physical education and library science.

Fraternity Has Campus March Of Dimes Here

Phi Kappa Tau fraternity is conducting the campus March of Dimes campaign. Phi Kappa Tau gave an underprivileged children's party at Christmas season.

Fraternally members will collect the money on the walk by the Playhouse from 8 a. m. to 4 p. m. through Friday. The dimes will be placed in a chain to stretch as long as possible.

"We hope they go all the way to Morris Library," Alzenberg said.

In addition to the March of Dimes campaign, Phi Kappa Tau gave an underprivileged children's party at Christmas season.

Stucker, Jim Whitmore and Marsha Van Cleve, mistress of ceremonies and vice president of the student body. The other member, Max Malone, is hidden behind Miss Van Cleve. (Staff Photo)

Editors' Opinions

The Big Question

How many students have ever been to one of the campus Student Council meetings? How many students have bothered to let their ideas and opinions be known on important issues being debated by the Council. It is a shame that the only editorials and stories that can be written on student interest in the campus government are those concerning the apathy so evident in all phases of the government from elections to surveys.

At least once during a Student Council meeting it will be pointed out that the Council members cannot decide an issue on the basis of the fifteen or so members present, but the proposal must be placed into the hands of the entire student body for their decision.

The Council fully realizes that they are only representatives of the student body and they alone do not have the right or the means of settling all governmental matters. They are dependent on the support and ideas of all students to aid them in running the campus government in the most efficient and beneficial manner possible.

The Council often gets into difficulties at meetings over the proper procedures of how to vote or how to propose a particular proposal. But there is always someone there who gives the right answer on the matter of correct conduct and the meeting moves on to more discussion or voting on issues. The Council frequently gets into difficulties because they do not know what the majority of the students really desire and it is only the students who can give them the right answer for this question.

Have Cap, Need Pin, Say Nurses

"Have cap. Need pin" is the theme of SIU's Department of Nursing these days.

Students of the department have been invited to compete for a \$100 cash prize to design a pin which the student would then receive and wear with her cap.

Southern will graduate its first class of basic nursing students in June, 1961 — and this will be the first class to wear the pin.

"There are more than 1,000 nursing schools in the country," explained Virginia Harrison, chairman, "and each has its own cap and pin to identify graduates with their particular school."

SIU has the cap, but no pin. An anonymous donor provided the \$100. There are no limits on the number of entries, and the contest will close Sept. 30.

LITTLE MAN ON CAMPUS

WHO SAID HE WONT CHANGE A GRADE? - I GOT HIM TO RAISE THIS PAPER FROM A 'B' TO AN 'A'.

Gus Bode Says

Gus sees the campus is getting so big he's doing more walking than an Army recruit.

Gus sees he's thinking of starting a new kind of fund for underprivileged beatniks.

Gus sees from the looks of all the art on classroom chairs the art department must be overstocked with talent.

Assistantships In Geography Set For Next Year

SIU student assistantships for a graduate study in geography next year will offer part-time work assignments varying from weather observation to helping teach introductory geography courses, according to announcements now being distributed by the geography department.

Three types of awards are available on an academic year basis, says Dr. Robert A. Harper, geography department chairman.

A limited number of graduate fellowships, providing \$1,000 and tuition, may be assigned on a University-wide basis to applicants with high scholastic records.

At least four assistantships to help faculty members in research will provide a nine months' stipend of from \$125 to \$215 and tuition. Two will be assigned to students interested in meteorology and climatology who will serve as weather observers at the Southern Illinois Airport station northwest of Carbondale.

Parting a government examination for other observers is a requirement.

Graduate assistantships will be available to nine or more qualified applicants who will help instructors of beginning courses in geography. The positions will pay approximately \$18 monthly, depending on the assignment, plus tuition.

Graduate students holding geography assistantships this year have under-graduate degrees from a wide range of institutions, including Columbia University, the University of Illinois, the Free University of Berlin, University of Missouri, and Augustana College at Rock Island.

Information and application material may be obtained from the SIU geography department, Harper says. Applications will be due before Feb. 15 and those accepted for assignment will be notified sometime in April.

Police Move Into Anthony

A small white sign nailed to the south side of Anthony Hall bears the words SIU POLICE. Just readable from the street are the names of the headquarter of the Campus Police, just relocated.

Don Nagdale, assistant security officer, said the quarters were moved Dec. 11 because of lack of space in the old building near McAndrew Stadium. The new location was selected after negotiations between the Campus Police and the Security Office, which is also to be relocated in Anthony Hall later in January, Nagdale said.

The badly needed space will be quickly utilized. An extensive police-type filing system is to be installed, and maintained for investigation, more accurate record keeping.

The badly needed space will be quickly utilized. An extensive police-type filing system is to be installed, and maintained for investigation, more accurate record keeping.

Elections For SAM Soon

New officers will be elected for the Society for Advancement of Management Thursday at 10 a.m., Barracks G, Room 110. All members have been urged to attend, and all business and non-business majors who are interested in management may become members.

The University chapter is affiliated with the national Society for Advancement of Management, a professional organization of management people in industry, commerce, government and education with national, regional and chapter activities. There are now 153 university chapters of SAM in leading colleges and universities in the United States, Canada and Puerto Rico.

One of the basic objectives of the university program is to bring together executives in business and students preparing to go into business. In SAM, students are encouraged to combine theory and practice by applying the principles of sound management in the planning, directing and coordinating of the activities of the individual chapter.

SAM highlights current business practices and trends by having frequent guest speakers in business and professions to aid student members in getting a deeper insight in the world for which they are preparing themselves. "Moving Forward in Service to Students, Education and Business" is the goal of SAM.

All filter cigarettes are divided into two parts, and...

"Weni, widi, Winston!" Thus did Caesar (a notoriously poor speller) hail the discovery of Filter-Blend—light, mild tobaccos specially selected and specially processed for filter smoking.

He knew that a pure white filter alone is not enough. To be a complete filter cigarette, it must have Filter-Blend up front. And only Winston's got it!

That's why Caesar would never accept another brand even when it was offered gratis. In fact, history tells us he'd glower at the extended pack and sneer, "Et tu, Brute!"

In a stirring peroration to his legions, Caesar put it this way: "For the Numeral 1 filter cigarette—for the best-tasting filter cigarette—for the noblest filter cigarette of all—smoke Winston!"

"Winston tastes good like a cigarette should!" P.S. to bachelors. If you're lucky enough to find a gal who'll keep you in Winstons, Caesars!

THOMAS SPEAKS AT SOUTHERN AGRES

Dr. Robert Thomas, member of the University School music department, conducted an informal discussion concerning student values at Southern Acres guest lounge Sunday evening.

INITIATED INTO DELTA ZETA

Twelve girls were initiated into the active body of Delta Zeta society Sunday afternoon, following the initiation dance given in their honor Saturday evening.

Those initiated were Carol Cox, Joyce Heman, Shirley Young, Patsy Zimmerman, Carol Hollingsworth, Jennie Beaver, Linda Brooks, Joyce Lumsford, Sharon Vaughn, Judy Grimmer, Marj McGowan and Donna Schnake.

Miss Schnake received the Outstanding Pledge Award as being the most active considered the past all-around pledges in the class.

Miss Brooks, who made a 4.4 for her term of pledging, received the Scholarship Award, and her name will be placed on the Scholarship plaque.

Miss Schnake received a small trophy for her honor.

The new pledge class elected their officers on the initiation of the fall class. President is Sandy Hefner, secretary is Dee Ann Rockhold and social chairman is Vickie Adcock.

Following initiation, the sorority members of the girls took them out to dinner, as is the custom.

NEWMAN CLUB GETS ACTIVE IN SPORTS

Several sports-type activities have been entered by Newman Club recently. The Newman Club basketball team played the Siles-

and won the first game of the season, 68-64.

The bowling team is tied for first place. They won three of four games against the Chemistry Department. Tony Della, a Newman Club member, won the all-administration championship tourney.

Several SIU faculty members will have breakfast at the Newman Club center after 9 a. m. mass Sunday. The Rev. Fr. Cletus Hentchak has expressed a desire to become acquainted with them.

Tomorrow evening the executive board of the Club will meet at the Newman Center at 8:00, and at 7:45 Dr. James Benson will talk to the group at Lincoln Junior High Auditorium.

The topic of his talk will be "Provocative Cases of Moral Justice." A social hour with dancing and refreshments will be held afterwards.

The weekly confession will be heard Thursday at 4:30 p. m. and mass will be said at 8:15 p. m.

PHI SIG QUARTET WINS IN SHOW

The "Tumbling T's," the Phi Sigma Kappa fraternity quartet, took top honors at the second annual Harmony Show Friday night.

Members of the singing group are: Al Stocker, Bob Yastl, Jim Whitmore and Max Malone.

New officers were elected for the fraternity recently. John Causey is president; Doug Edmonds, vice president; Jim Patterson, treasurer; George Folkerts, secretary; Bob Anderson, treasurer; George Folkerts, secretary; and Paul Molyck, conductor. The men were installed yesterday evening.

Two new pledges have been added to the brotherhood. They are Max Carr and Ray Hagg. Another rush party will be held at the

fraternity, 401 W. College, Wednesday evening from 8 to 9.

In activities, Mike Anderson is on the Inter-Fraternity Council Workshop steering committee; Larry Long is social chairman for the Ames Athletic Society; and John Causey is an administrative officer of the Society.

BUNGALOW HAS WINNING STREAK

The Bungalow recently extended their winning streak in basketball to two straight games. Their latest victory was a 65-50 triumph over Doyle II.

High point men for the Bungalow were Jim Woody, Karl Madren and Jake Vardian, with 10 points each. Earlier in the season the Bungalow defeated the Red Devils, 41-38.

The attack was paced by Frank Smart and Karl Madren each collecting 10 pts.

In the near future an exchange party is being planned with the Jewel Box.

PLEDGES OF SIG KAP SKIP OUT

Eastern University was the goal of Sigma Kappa pledges when they skipped out this weekend. The girls left Saturday morning.

The society held a tea Sunday afternoon for their new house mother, Mrs. Dick, who moved in at the beginning of the term.

The annual initiation dance will be held after the Johnny Mathis concert in February. The Gold Room of the LyMar hotel is the site for the event.

PINNED: SANDY SCHMISSER, WOODY LADY, TO DAVE BINDER, LAMBDA CHI ALPHA.

Sandy Terry; Delta Zeta: to Dick Schally, Theta Xi.

ENGAGED: SHELBY LAWRENCE, JOHNSON'S CO-OP; TO CHESTER PHILLIPS, ROSICLARE.

Janet Fox, Sparta; to Roger Henderson, Sparta.

Carole Miller, Sims; to Kent Sanders, Wayne City.

Ramona Wright, Anna; to Kenneth Jenkins, Anna.

From The Desk

Several of the groups on campus, including living, honoraries and professionals and departmental clubs, have not been reporting their activities to this editor.

All of the groups on Southern's campus are growing and are participating in many worthwhile activities. Why not tell the other students about this work? They're interested.

ELECTRICITY USES SHOWN AT SOUTHERN

Wise use of electricity in the home was discussed and demonstrated before the Home Economics Club and students from food demonstration classes at Southern recently. Miss Nancy Rendleman, formerly of Alto Pass and now home economist with the Illinois Power Co., was guest speaker. The group met in Morris Library Auditorium.

HILLYER AND KELLY AT U OF I MEET

Irvin G. Hillyer and John F. Kelly, both professors in the plant industries department of the SIU School of Agriculture, attended the recent Illinois Canners School at the University of Illinois in Urbana.

Club Notes

Groups Slow Down

GEOLOGY CLUB SEES MOVIE

Agriculture Building Room 177 is the meeting place for tonight's meeting of the Geology Club. "The Story of Lead" will be shown at the meeting, which begins at 7:30 p. m.

A new speaker will be elected at the meeting, and refreshments will be served.

COUNCIL FOR EXCEPTIONAL CHILDREN MEETING SET

Dr. Leslie Malpass of the psychology department will be guest speaker at tonight's meeting of the Council for Exceptional Children. The meeting, which will be in Ag. Room 154, will begin at 7:30 p. m.

Dr. Malpass will speak on the experiment which he helped conduct last year concerning the mentally retarded, in a classroom situation.

Dues for membership into CEC are due at the meeting, according to Jennie North. Dues may either be paid at the meeting or can be sent to Roger Frey, special education department.

RUSSIAN CLUB SOCIAL HOUR HELD

A Russian social hour with Russian mixers and refreshments will be the feature of the Russian Club meeting Thursday.

Place of the meeting is the Morris Library Lounge and will be held from 4 to 5:30 p. m. A business meeting will also be held.

BOTANY CLUB HOLDS MONTHLY MEETING

Southern's growing Botany Club will hold its monthly meeting Thursday in Room 323 of the Life Science Building. Department members will give short summaries of current happenings in various branches of botany as brought out by the recent AAAS meeting in Chicago.

Starting time for the meeting is 7 p. m., and refreshments will be served. All Botany Club members and anyone interested in plants may attend.

A field trip to various areas in southern Illinois to search for fossils is scheduled for the first weekend in February.

Phone Exchange Busiest Place On Campus

One of the busiest places on the Southern campus these days is the University Telephone Exchange. In the last five years, the number of working lines on campus has increased from 200 to 500.

In addition to the 500 on campus, there are 85 University lines with city numbers. The city lines will be put on the University system as soon as there is space and equipment available.

Aside from handling all calls coming into the University, the switchboard operator a radio transmitter which stays in contact with the campus police force. Storm warnings from the Cairo Weather Bureau are sent directly to the exchange.

Mrs. Virginia Smith is chief operator, and two civil service operators are employed—one working the 7-8:30 a. m. to 4 p. m. shift, and the other working from 4 p. m. until 11:30 p. m. The remainder of the staff is made up of 12 part-time student workers.

Phone for the road

These days more Americans are going places than ever before, and we're doing our best to keep up with them.

Our best is a new, ultracompact mobile telephone system provided by our subsidiary, Automatic Electric.

This development moves the telephone right in beside the driver. You can make calls—or get them—on the highway just as though you were sitting at home.

This mobile telephone service is yours to enjoy right now in many of our exchange areas. And it will soon be available in the other communities served by General Telephone in 31 states.

This is a typical example of how we use research—not only to meet today's communications needs, but to answer tomorrow's.
