Four Lads Highlight Big Weekend

Typographer Strike Forces "New Face" For Paper

Today's Egyptian, published for the first time at the SIU Printing Service on an offset press, came within a whisker of not being published at all.

For years neither rain, sleep, depression, war or sickness prevented our regular appearance. But Wednesday a typographer's strike at the Southern Illinoisan, which bound by a contract has printed the Egyptian for the past decade, necessitated finding another publisher.

Phone Calls Fail

Three hours and about a dozen phone calls to area newspapers failed to solve the problem.

Early yesterday the Printing Service, managed by Howard Pepple, agreed to put out this tabloid-type paper. Until the strike by Local 217 of the International Typographical Union is ended, we hope they will continue to do so.

Problems Arise

Several transition problems were involved in going from an eight to five column, full-sized to tabloid size page. Even the method of printing was vastly different.

In the past, the Egyptian has been printed by letter press—also called relief-printing. That is, the letters printed are on "raised" type which pick up ink and print directly on paper.

Offset Method

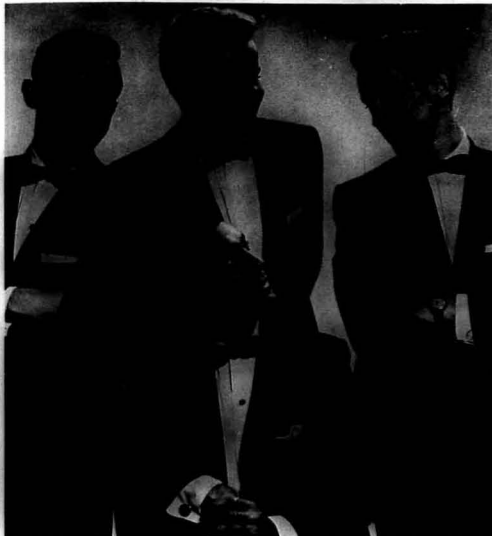

The offset method used for this issue prints using a metal plate and is based on the principle that grease and water will not mix.

The plate is receptive to greasy ink wherever it is supposed to print, and receptive only to water where it is supposed not to print.

In letter press printing, the impression is made direct from metal type, whereas with offset the metal plate prints first on a rubber surface. This in turn makes the impression on the paper, which is why it is called offset printing.

It's still anyone's guess as to how long the Egyptian will maintain its new format.

William Dougherty, general manager of the Southern Illinoisan, commented yesterday that if he knew "when the strike would end I'd get a job of predicting."

The Four Lads

The velvet sounds of one of America's finest vocal groups, the Four Lads, will fill Shryock Auditorium tomorrow night.

Tickets for the first big social event of the new year are still on sale in the Student Union ticket office. A spokesman for Sigma Delta Chi, sponsoring organization, said that the ticket office will be open tomorrow until noon, and tickets will also be available at the door tomorrow night.

The Four Lads, returning less than a year after a capacity crowd show last year, will be singing and clowning through 90 minutes of entertainment at each show. Presenting such hit tunes as "No, Not Much," "Who Needs You," "Moments to Remember," "Enchanted Island" and "The Things We Did Last Summer," the Lads possess four blending voices and a flair for comedy.

Baritone Frankie Busseri, who might be remembered for his solo parts, leads the group in a song, Tenor Jimmy Arnold—who looks too skinny and weak to walk, but who can make the spine quiver with his piercing tones—makes with most of the jokes. Connie Codarini plays straight man for Arnold and is spokesman for the group, along with singing bass.

Bernie Tourish who composes the Columbia Recording artists' selections, sings lead tenor.

Sigma Delta Chi, national honor society for professional journalists, said the show will not be identical to last year's performance. Chapter members said many choice tickets are still available.

The Four Lads have cut five Gold Records—the symbol for records which sell more than a million copies. A million people bought the records "Who Needs You," "No, Not Much," "Standing on the Corner," "My Little Angel" and "Moments to Remember."

W-2 Forms Ready Monday

Statements of 1960 earnings and withholdings statements will be available Monday morning in the Personnel Office on Harwood Avenue. Forms will be available for all SIU employees.

Any employee during the past year should pick up his statement prior to Feb. 15, 1961. Auditor Elbert S. Smith has requested that all forms not claimed be returned to the Office of Auditor of Public Accounts.

Vocal Groups Vie Tonight

Five groups tonight will vie for the top notch in the annual Harmony Show in Shryock Auditorium. The free show will begin at 8 p.m.

The Highlanders, representing Sigma Pi Fraternity, the Kappellers, Theta Xi, Delta Chi and the Bob Wheeler group will make up the competitive part of the show.

The Singing Squadron will entertain as a non-competitive program.

Sheri Granby will be organ accompanist. The Student Union is sponsor of the show.

Theta Xi Variety Applications Ready

Applications are now available for the 14th annual Theta Xi Variety Show to be staged in Shryock Auditorium March 3-4.

Larry Laswell and John Harding will head the committee for the annual variety show, produced and directed entirely by students.

Applications may be obtained at the Student Union Information desk and must be returned in person or by mail to the Theta Xi house, Building 114, Small Group Housing by Jan. 31.

Several alterations have been made for this year's show. Persons from different living, social or academic groups may this year combine to form a group.

Tryouts will be held in Furr Auditorium, University School, Feb. 6-10. Harding said the Theta Xi's this year are particularly looking for more and better talent among individual performers.

First and second-place trophies will be awarded in the individual category and first, second and third-place awards for the group acts. An inscribed silver chalice will also be awarded the winning group act.

Groups and individual acts will be notified of the time for tryouts.

Kaplan Memorial

The Leo Kaplan Memorial Scholarship of \$150 will be awarded at intermission of the Saturday night show. Theta Xi conceived the award recently after the death of Dr. Kaplan, their faculty advisor, in December.

The Service to Southern Award, given annually by the fraternity to a man and woman student for outstanding service to the University, will be awarded at the Friday night show.

Laswell said professional help will be given after the program has been selected to smooth the rough edges.

Chamber Music Featured Sunday In Shryock

A program of chamber music by the Faculty Woodwind Quintet will be presented at 4 p.m. Sunday in Shryock Auditorium.

Included will be the first performance of Walter S. Hartley's "Chamber Music for Alto Saxophone and Woodwind Quintet."

The group is comprised of Will Gay Bottje, flute; Robert Resnick, clarinet; Robert Forman, oboe; William Betterson, bassoon; and Phillip Olsson, french horn. Robert Mueller will serve as pianist.

Freshmen attending will receive convocation credit.

400 Attend Presidential Inauguration

More than 400 area persons—including several SIU faculty members—arrived in Washington, D.C. yesterday for the inauguration of President-elect John F. Kennedy.

Conceived and organized by a retired postman from Makanda, Waymon Presley, the group left St. Louis Wednesday by special train and will remain in the nation's capital until tomorrow night.

Each member of the party paid \$100, which covers all expenses.

Reserved seats along the inaugural parade route have been obtained. After the inauguration, the party will attend a reception by Sen. Paul Douglas of Illinois.

Union Tourney Week Begins Next Monday

The accent will be on games at the annual Student Union Tournament Week to be held on campus Monday through Feb. 6.

All full-time undergraduate students at SIU are eligible to compete in bridge, billiards, table tennis and chess. Individual awards will be given to the first place winners in each event. Local winners will compete in the national Mail-O-Matic tournament with the possibility of participating in the national Face-to-Face tournament.

Additional information may be obtained from the tournament directors in areas of competition. They are: Woody Hall, Miss Sue Walters; Thompson Point, Tom Spiller; Dowdell Hall, Ted Tischer; Southern Acres Union, Bill Owen; Student Union, Terry Blais.

CHESS CHAMP HERE

"Mr. Checkers"—Tom Wiswell, the free style world champion of checkers, will be on campus Sunday night prepared to oppose up to 50 opponents at one time.

Wiswell will present an exhibition at 7 p.m. in the Agriculture Seminar Room. He will also exhibit his prowess in chess.

Diamonds Tickets on Sale Monday

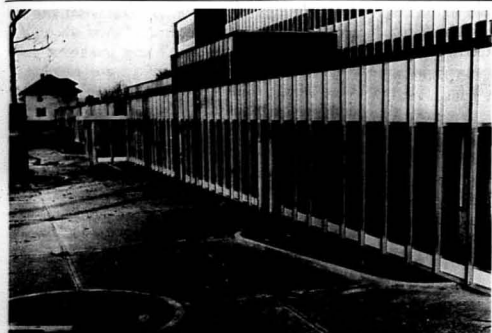

Tickets will go on sale Monday for two concerts featuring the Diamonds, versatile singing group best known for their hit rock-and-roll recording of "Little Darling."

The singers will perform at 7 and 9 p.m. Friday at Shryock Auditorium. Tickets will be on sale at the Student Union ticket office for \$1.50, \$1.25 and 90-cents.

The Mercury recording artists—Mike Douglas, baritone; Dave Somerville, lead; Evan Fisher, tenor; and John Felten, bass—have performed throughout the United States as well as abroad.

They have appeared on the Perry Como, Arthur Godfrey, Dick Clark, Steve Allen, Patti Page and Tony Bennett television shows.

The concert is also the first annual "Teke Highlights," sponsored by Tau Kappa Epsilon social fraternity. In addition to the Diamonds, comedy spots featuring student talent will be included.

FINISHING TOUCHES

The final touches are being put on Southern's newest addition—the Student Center. The Center, which

will be one of the most modern in the nation, will be dedicated early in June. (Staff Photo)

Military Ball Queen Elected Tuesday

The 1961 Military Ball queen will be elected Tuesday, but five coeds will wait 12 days before they will know if they are the chosen one.

Wing I of the AFROTC detachment voted last Tuesday and Wing II will cast votes next Tuesday. The 2,300-cadet corps will elect Kay Woodruff, Joyce Vizer, Jane Statler, Sandy Newbrough or Gyanne Guthrie to the Air Force throne.

The "Holiday in Blue" weekend, Feb. 3-4, will include the Friday night Revue in Blue and the Saturday night Military Ball. The student body is invited to both affairs.

Tickets are now on sale in the Student Union and in Wheeler Hall.

Air Force Talent

AFROTC talent will feature the Singing Squadron, the Angel Flight, Angelaires, Angelettes, individual and group contributions. Tickets are being sold for \$1, 75-cents and 50-cents and all Shryock Auditorium seats will be reserved.

Connie To Crown

Queen Connie McGinnis, junior from Pittsfield, will crown the 1961 queen during coronation ceremonies at the formal ball. The dance is the formal affair of the year at South-

ern. Faculty and staff members and students who are not cadets are requested to wear formal attire: men in dark tuxedos and women in formal or cocktail dresses.

The Buddy Moreno Orchestra of St. Louis will provide music for the annual dance. President and Mrs. Morris and area retired officers will be special guests of the AFROTC detachment.

Transportation by University autos will be provided to and from the Carbondale National Guard Armory for the dance, compliments of the AFROTC detachment.

'Really Packed'

J-Major Attends Ball

By Nick Pasqual
Staff Reporter

The Governor's Inaugural Ball was "really packed—you just can't imagine the crowd," related Linda Brooks, a journalism major at SIU who attended the event January 9 in Springfield.

Linda, who recently moved to Springfield from Mt. Sterling received an invitation because her father was appointed Executive Secretary to Governor Kerner. Mr. Brooks, a weekly newspaper editor for 19 years, had campaigned throughout the state in behalf of the Democratic candidate.

Merrymaking went on in two places, according to Linda. An orchestra and a small crowd occupied the Capitol Rotunda. The largest throng, however, was in the Armory where Governor Kerner, other elected officials and appointees were introduced.

"Everyone wanted to see the new governor," Linda recalls, and "the roof almost came off" when Governor Kerner, his wife and family walked onto the bunting-draped platform. Other party "bigwigs" were there, and Adlai Stevenson got a "very enthusiastic" welcome.

The huge crowd—over 10,000, the SIU junior estimated—filled the Armory floor and overflowed into the balconies. The number of people present made dancing nearly impossible.

"Most of the activity," she quipped, "went on in the rest of the town—afterwards."

In order to attend, Miss Brooks cut three classes Monday and Tuesday. She also spent a sleepless night on the train, including a three-hour wait in a St. Louis depot.

Unclassified Students Should Register Now

All undergraduate unclassified students will make advance appointments to pre-register for the spring term, registering along with classified students at the Academic Advisement Center, Jack W. Graham, supervisor of unclassified students announced.

Those who have not made appointments should see the receptionist at the advisement center as soon as possible. Advisement and pre-registration will no longer be handled at the Office of Student Affairs except for unusual cases.

New and prospective unclassified students must still petition the supervisor of unclassified students at the OSA before they begin registration procedures. Howard Swonigan, assistant to the supervisor of unclassified students, will be in Room 117 at the OSA to assist with this admissions process.

Students who have been dropped from their academic units and who wish to continue their studies as unclassified students, will first report to the OSA and then make an appointment to register at the advisement center.

Those students with special problems may still make appointments to see Jack Graham in the OSA. Unclassified graduate students will continue to report to the Graduate School Office for registration.

Canadian Players Here For Encore

The Canadian Players, appearing at SIU for the fifth time, will present an unusual version of Shakespeare's "Julius Caesar" Thursday in Shryock Auditorium at 8 p.m. There will be no admission charge and convocation credit will be given for attendance.

The Players' version of "Julius Caesar" utilizes the "bare boards" technique, relying mainly on the ability and strength of the actors for effect.

Costumes are simple but attractive: those of the men consist of grey trousers and shirts with a colored drape in classical Roman style. The company also uses a minimum of props and settings.

In addition, Shakespeare's original cast of 35 has been whittled to 10 men and one or two women.

The troupe—on its seventh consecutive winter tour—was founded in 1954 by Douglas Campbell and Tom Patterson. Canada's only professional touring company, it has appeared on the "Omnibus" series and since 1956 supported two acting companies.

Director of "Julius Caesar" is Donald Campbell, and designing is by Brian Jackson. The all-Canadian cast is headed by Max Helpmann, William Needles, Miss Pat Galloway, Mervyn Blake, Louis Turenne and Claude Bede.

PICK-A-TICKET

This attractive bit of AFROTC is wandering around the Student Union with a blouse full of Military Ball tickets. You can "Pick-a-ticket" off of her blouse—by paying for it.

Union Negotiations

Union activities tail off this weekend as the Harmony Show and the Four Lads concert hold the top spots on list of campus activities. The following are activities in the Union over the weekend.

FRIDAY

As usual, bowling gets the social weekend rolling at 6:30 at the Congress Lanes. Tickets for reduced prices must be picked up at the Union desk.

"The Girl Can't Help It," Friday night—at least she can't in the movie at Furr Auditorium. Show times are 6, 8, and 10 p.m. Admission is the usual 25 cents and an ID card.

The new look—"Chez Joy" is on the schedule from 8:30 to midnight. Union planners invite all to bring dates to the big affair following the Harmony Show in Shryock.

SATURDAY

The Rifle Club will shoot things up beginning at 1 p.m. on the fourth floor of Old Main.

The "Skaters Waltz" will be the theme of the Saturday night trip to the Marion Rink. A Union sponsored bus will leave campus at 7:30 and return at 9:30 p.m. Admission is 65 cents and the skate rental tab is 35 cents.

The new look, "Chez Joy" will be back for a repeat performance from 8:30 to midnight.

SUNDAY

A lecture by Dr. Egon Kamarasy entitled "Khrushchev's Government," will begin at 2 p.m. in the Agriculture Seminar Room. Convocation credit will be given.

Jazz in Stereo will conclude the Sunday afternoon activities at 2:30 in the Family Living Lab in the Home Economics Building.

The world's champion chess and checker player, Tom Wiswell, will be on campus Sunday night for a chess and checkers exhibition. Wiswell will play up to 50 players at one time. The exhibition will be held in the Agriculture Seminar Room.

Sunday's activities will be concluded with a movie, "Soldier of Fortune" at 8 p.m. in Furr Auditorium.

"I DON'T THINK THERE'S ANY END TO THE OPPORTUNITY IN THIS BUSINESS"

When Gene Segin got his B.S. in Business Administration at the University of Illinois, he was in touch with 8 prospective employers.

Gene joined Illinois Bell Telephone Company because: "The people I talked to here made it very clear that I would not be shuffled into some narrow specialized job. I thought this job offered the greatest opportunity for broad experience."

On his first assignment Gene was sent to Springfield where he conducted courses in human relations for management people.

His next move was to a traffic operations job in Rock Island. On this assignment he was in charge of all personnel who are directly responsible for handling telephone calls in this heavily populated area. Here Gene earned a reputation for sound judgment and skill in working with people. He was promoted to Traffic Supervisor.

Today, Gene's chief responsibilities are in management training and development, and company-union relations. The latter includes contract bargaining and helping settle labor disputes.

How does Gene feel about his job? "It's a real challenge. I'm in some of the most vital and interesting work in the country." And about the future—"Well there aren't any pushover jobs around here. It's tough. But if a man has what it takes, I don't think there's any end to the opportunity in this business."

If you're looking for a job with no ceiling on it—a job where you're limited only by how much responsibility you can take and how well you can handle it—then you'll want to visit your Placement Office for literature and additional information on the Bell Companies.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

Salukis Meet Panthers Tonight; Rally Edges Broncos, 84-80

Eastern Illinois' Panthers host league-leading Southern tonight in Lantz Gymnasium in Charleston. The Salukis, who are ranked No. 3 in this week's Associated Press small college poll, are 6-0 in the IIAAC conference race and 12-3 for the season.

Southern will be meeting the second-place Panthers for the second time this year. Earlier this month in Carbondale, Coach Harry Gallatin's Salukis unleashed a 60-point second half to bury Eastern's quintet, 96-71. The Panthers led at intermission, 40-36.

A lineup change may be used tonight by Gallatin after Monday night's 84-80 win over Western Michigan's Broncos at Kalamazoo. In that barnburner, Saluki reserve forward Ivan Jefferson tallied 18 points.

Bardo Leading Scorer

Regular guard Harold "Sonny" Bardo strengthened his hold on a starting berth with another fine defensive job. What was equally needed, he scored an individual high of 19 points on offense, which led all SIU scorers.

Eastern's Coach Bob Carey will probably go with the same lineup that lost to the Salukis Jan. 5. The only two returning lettermen, 6-1 Larry Friedrich and 6-4 Gary Pals, will start at the forward positions, 6-3 Lloyd Eggers will man the center post, and Dick Carmichael and Larry Week will be out front.

Rematch Frosh Squads

The preliminary game tonight will be a rematch between Southern's yearlings and Eastern's freshmen. SIU's first year men handed the junior Panthers their first loss of the season last week, 95-81. Coach George Iubelt's Salukis will be shooting for their fifth win of the season against four setbacks.

Grid, Track Star Enrolls At SIU

Saluki track and football hopes were bolstered last week when Southern's athletic force acquired 6-4, 195-pound Bonnie Shelton.

Shelton, who just completed eight years in the U.S. Air Force, is from Columbus, Ga. Bonnie runs the 440-yard dash in :47.1 seconds. He was a member of the All-Air Force World-Wide football team for two years.

Cinder accomplishments, by Bonnie, are firsts in the quarter mile dash in the 1958 and 1959 Air Force World-Wide Track Championships at Redland, Calif. and Denver, Colo., respectively. On both occasions Shelton edged Saluki thinclad Jim Dupree, who was also in service at the time.

Bonnie has received offers from the Baltimore Colts of the National Football League.

Shelton started working out with Coach Lew Hartzog's Saluki track team this week and is expected to get the nod from SIU grid coach Carmen Piccone next fall. Shelton, who moves well and has good hands, will probably play end for the Salukis.

Saluki AAU Track Club Enters Los Angeles Indoor Invitational

The Southern Illinois Saluki Track Club, comprised of SIU thinclds and future Saluki trackmen, will compete in tomorrow night's Los Angeles Invitational Indoor Track Meet before an expected crowd of 14,000 spectators.

Members of the AAU track club, who will make the trip with Coach Lew Hartzog, are Southern's Sonny Hocker and Jim Dupree and future Salukis the Styron twins.

Billed as a reunion of Olympic runners, the meet will be recorded on video tape and telecast Sunday at 1:30 p.m. on CBS's Sunday Sports Spectacular. The local CBS television station is KFVS, channel 12, Cape Girardeau, Mo.

Southern Calif. Favored

Hartzog's foursome is entered in the mile relay with teams from Southern California, Occidental, the Southern California Striders, Arizona State and Oxnard Air Force Base. Arizona State's team won the event last year but recorded times this year favor the University of Southern California contingent with Occidental running a close second.

Dave Styron will lead off for the local club, Hocker will be second, Dupree will follow and Don Styron will anchor the team.

Arizona State's relay team features another twin combo, the Spence twins, Mel and Mal from Jamaica. The Styrons, who will enroll at Southern in the spring, will race against the Spences later in the year at the Drake Relays.

Individual entries are Dave in the 60-yard dash, brother Don in the 60-yard high hurdles and Dupree in the 600-yard dash.

World Record Holder Featured

The 60-yard dash features such fleet-footed stars as Oregon's Roscoe Cook, who tied the world record in the 60-yard and 100-yard dashes, Hal Bates and Doug Smith. The 60-yard high hurdles presents such standouts as Eastern Michigan's Hayes Jones, K.C. Yang and Willie May.

Both Jones and Yang are Olympians. Formosan Yang, who attends UCLA, finished second to teammate

Rafer Johnson in the Olympic's decathlon. May is one of the nation's promising young tracksters.

Southern's Dupree is among fast company in the 600-yard dash as the race draws the top half and quarter milers in the country.

Hartzog and his four-man team leaves Carbondale this noon for St. Louis where they will board a plane for the West Coast.

Survey Says New Clothes Are Scarce

New clothes, like a new man on campus, will always catch the eye of a college girl, but a recent survey by a home economics professor indicates that only about 30 percent of the wardrobe Southern freshmen coeds bring to campus is new apparel.

About 70 percent of the average freshman wardrobe is made up of "carry-over" items from high school days, it is revealed by the two-year sampling carried out by Dr. Adeline M. Hoffman, professor and chairman of the clothing and textiles department in the School of Home Economics.

Dr. Hoffman obtained clothing expenditure records from 75 freshmen in the fall of 1957, then obtained further records from 50 of these same students who returned the following year as sophomores. The other 25 either dropped out of school or married and were eliminated from the study.

Yet clothing, she said, "is an important center of interest in the lives of people and takes on its greatest importance in adolescence and early adulthood. Clothing is not only a major category of expenditure but also an important area of personal satisfaction and a means of social identification."
